- All dates are determined by when I became aware that events were and are occurring.
- Most likely the targeting may have started in 2001 as I had a fire in my home on December 5, 2001. I became aware that I was sabotaged, gossiped about, cell phone and computer data was tampered with, many people parroted my gestures. Management changed every year for me within the company that I worked. I was told, “they” (my manager’s) didn’t know what to do with me. My performance was determined as excellent under work reviews that I have in my possession.
