

## TO YOU OUR SELECTED WITNESSES

Below are **over 700 ELECTRONIC TORTURE, ABUSE AND EXPERIMENTATION, AND ORGANISED STALKING, CASES** from **THE AMERICAS** FOR YOU TO WITNESS, RECORD AND OPPOSE

Some of our **ELECTRONIC TORTURE, ABUSE AND EXPERIMENTATION CASES** detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous psychological tortures, rapes, sexual abuse, physical assaults, surgical mutilations, 'mind control', and other mental and physical mutilations – see

AND

COMPILACION DE TESTIMONIOS EN ESPAÑOL:- <http://rudy2.wordpress.com/>

There are **MANY, MANY** others, all over the world, who are being subjected to similar torture and abuse.

**YOU HAVE BEEN CHOSEN TO BE “A SELECTED WITNESS”** to these extreme and monstrous **CRIMES AGAINST HUMANITY** - indescribably terrible in themselves - coupled with the **ORWELLIAN** secrecy and denial of any support at all that we are experiencing, makes them even more horrendous and monstrous.

We have contacted most Governments, Security/Intelligence Agencies, Religious Organisations, International Organizations, Human Rights Organizations, Universities, Scientific and other Institutions, and the International Media all over the world - over and over and over again – and have had our appeals for assistance, protection and/or publicity almost completely ignored and/or suppressed.

Some **TARGETED INDIVIDUALS** have been attempting to gain assistance, protection and/or publicity about these crimes since the 1990s - and even earlier - this extends as far back into the history of illegal 'scientific and medical' testing and experimentation as **MKULTRA**, **COINTELPRO** and the **DUPLESSIS ORPHANS** - and further.

We are still collecting **CASE SUMMARIES** from **TARGETED INDIVIDUALS** all over the world, and we have also advised them to send them to you - **“THE SELECTED WITNESSES”** - TO WITNESS, RECORD AND OPPOSE so that :-

A. We can be sure that as many people as possible know about these horrendous crimes.

B. We can be sure that these **AUTHORITIES** and **ORGANISATIONS** are either trying to uphold the rule of National, International and Human Rights Law, and that we will, sooner or later, be protected by these laws.

C. Or that we can be sure these **AUTHORITIES** and **ORGANISATIONS** are complicit and/or acquiescent to these **CRIMES AGAINST HUMANITY** and that National, International and Human Rights Law no longer apply - in which case our task will be to get the rule of these laws restored.

Later these records should become an information source - such as the **INTERNATIONAL TRACING OFFICE** set up to record the fates and whereabouts of Jews (and others?) after WW11. The information collected can then be used by the appropriate people for **LEGAL, MEDICAL, WELFARE, HISTORICAL** etc. records.

As well as being illegal the crimes being committed against us are contrary to the Principles and Values of all the major religions and ethical systems - so we will also be demonstrating to all of these people and **AUTHORITIES AND ORGANISATIONS** the huge disconnect between their professed Principles and Values and the reality. We will be showing their monstrous **Doublespeak Doublethink Doubledo** ignorance, stupidity and/or hypocrisy.

It is our responsibility to record and alert the world to these horrendous crimes - and the extreme danger that these technologies, powers and tendencies pose to human rights, liberty, democracy, privacy and the mental and physical freedom, individuality, integrity, health and growth of all people – in all their “infinite?” richness, degrees, dimensions, aspects, qualities and diversity!

Make no mistake these are the most horrendous totalitarian weapons and crimes imaginable and the people and organizations using them are mass-murdering conspirators pursuing totalitarian fundamentalist schemes.

**Beware of the brain and gene phrenologists/determinists/reductionists, and those who seek to control and reduce the range, quality and diversity of human thoughts, imaginations, senses, sensibilities, moods, attitudes, speech and psycho-physiologies – the would-be socio-economic, cultural AND PSYCHOLOGICAL/INTELLECTUAL/ PHYSIOLOGICAL monopolists, monoculturalists, police and prosecutors who are already literally and physically actively at work amongst us!! Both monstrously and criminally, and also far more insidiously.**

And beware of this dumbing-down, disenfranchisement, degradation and monoculturalisation caused by the paucity and total degradation of public information and discourse, and the subsequent and consequent degradation and “Fahrenheit 451-ing” of previously autonomous cultures, professions, fields of human endeavour, memories, languages and intelligences.

**It is no exaggeration to say our cases are as horrendous and urgent as people fleeing Nazi or Pol Pot concentration camps – specifically Dr Mengele-type torturers and butchers.**

**PLEASE ASSIST US URGENTLY!!!**

Yours in the search for openness and respect for universal human rights

DEAR SIR/MADAM

**25/7/11**

Please add my name to the list from the U.S.A if you can. My name is Margaret Mary Thomson, Delray Beach, FL. Heavily assaulted, stalked, harassed, illegal home and vehicle entry, destruction of personal property, sickening health effects that directly correspond to D.E.W.'s.

A Delray Beach Police Officer Scott Gregory, was thrown out of my home for acting like a thug on steroids. The very next day (Oct. 2005) I became assaulted via bald headed males (25-50 years of age) in powerful, reflective vehicles with radio antenna's, that stalked, harassed, assaulted me and my with D.E.W.'s causing me near death on many days.

The Feds also investigated Delray cops for illegal steroid use, defrauding local citizens, framing black men, one for a murder he did not commit and fail to arrest the Deputy Chief's son for repeated reckless driving incidents.

Delray Police also stalking, harassment, illegal home entry of Virginia Snyder, an investigator who wrote a book, "And Justice for All" about the many illegal misuse of power by Delray Police Dept. The show "Murder She Wrote" was said to be based on the real life of Virginia Snyder..

Long story, have ample evidence, witnesses, lack of response from 2 Delray Police Chief that condone my repeated daily assaults, etc, etc.

Thank you for all you are documenting... Many T.I.'s have and are working diligently to bring powerful evidence together that has a repetitive "finger print" leading direct back to homeland security and all it's supporters. For top military and elected officials to fail responding, shows they condone all of our continue assaults. Each pulse of military grade radar unit is the equivalent of being stoned to death with pebbles only worse.

Others in FL that are being heavily assaulted are Sheila, JoJo, Carolyn, Juanita, Morissa, Carl, Brad, Steve, Michael, Sandy, Sue and others. You may want to list them as "a group of 11 from FL. We are all part of a group that are repeatedly contacting our military and elected officials pleading for help to end our torture.

**1/5/12**

Count me in as a Witness/victim. I am head of the 11 Tortured victims in FL and we are pushing hard to educate Congress, the Senate, Governors, the Justice Dept., etc. on the ill symptoms caused by ELF waves. Let me know what need from me. I will forward this information to others. Many regards and thanks for all your support.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

28/10/08

I have recently come across stories that have made me sick to my stomach about children being electronically raped and attacked by dews;

As to electronic abuse, I've seen my 3 and 4 year old sons suffer electronic rapes and suffer 1st and 2nd degree burns on their penises. This pedophile perpetrator also heterodynes the boys with horrifying experiences of child rape---heterodyning is when they record the experience of a person from their brain waves and play the whole experience back on that person or on another person ---complete with tactile. He rapes another child and forces my boys to experience it too.

My recent experiences as a parent have included having to explain to a 4yr old why he has a painful erection that won't go away even after we've poured cool water over it for 30 minutes, (he suffered 1st degree burns from the energy weapon our perpetrators used to induce this). On another occasion, I've had to explain to passersby in the grocery store why my 4yr old is howling and my 11yr old has started to abreact because he's suffering 2nd degree burns to his penis from the directed energy hit he's receiving and my daughter is simultaneously being electronically raped, (she lost consciousness from the sheer violence of it). I poured cold milk on my boy's crotch right there in the frozen foods section while I tried to deal with my traumatized 11yr old, and traumatized passersby

Here for the whole account. [http://www.organizedcrimewaves.com/index.php?option=com\\_content&task=view&id=24&Itemid=44](http://www.organizedcrimewaves.com/index.php?option=com_content&task=view&id=24&Itemid=44)

Now I don't know how much of this is true but when I looked up the word heterodyning I found this;

In radio and signal processing, heterodyning is the generation of new frequencies by mixing, or multiplying, two oscillating waveforms. It is useful for modulation and demodulation of signals, or placing information of interest into a useful frequency range. This operation may be accomplished by a vacuum tube, transistor, or other signal processing device. Mixing two frequencies creates two new frequencies, according to the properties of the sine function: one at the sum of the two frequencies mixed, and the other at their difference. Typically only one of these frequencies is desired—the higher one after modulation and the lower one after demodulation. The other signal is either not passed by the tuned circuitry that follows, or may be filtered out.

This to me is truly shocking, these people doing anything like this are truly sick and it makes me want to cry. how anyone could do this to an adult let alone a child is absolutely beyond my comprehension as I said I don't know how much of this is true especially being out in public whilst this is transpiring but to use a word like that in this context makes it hard not to believe some of it. THIS IS OUTRAGEOUS and I am disgusted that this could be happening.

If anyone here has experienced anything like this I am truly sorry and would like people to share with others how you deal/counter these types of attacks.

To victims with children being attacked by DEWs try and spend as much time as possible in parks beaches, malls, play centers full of other children and parents, cheap chain restaurants, even if you spend little or nothing there and use their play ground.

If they are being attacked in public this gives you the perfect opportunity to start speaking about what is happening even if you stay after school and let them play on the play equipment and speak to other parents and teachers about what's happening as if it's something you have heard about or your "friend" and perhaps slip in some good websites.

Post everything you can on the net you are the victim no matter what kind of warped reasoning or supposed justification they attempt to use you ARE the victim and NOTHING justifies what is being done to you.

Take photos and post them, if you can, set up web cams in your house and post attacks. don't be ashamed of what is happening, allow others learn from your suffering and that of your children, let people see what is really going on, I know it sounds insane but so is what they're doing and every little bit of proof is ammunition. Hide your cameras even if your under surveillance learn all you can about counter surveillance and put their actions under surveillance create a log of what is happening document everything you can.

- Make t-shirts and wear them everywhere
- Get stickers made
- Block lettering on your car of websites like stop organized stalking
- Create a blog/website
- Talk about it on forums with no relevance to this issue
- Write up flyers to reach people that are not on the net
- Make book marks and put them in books in the library
- Stick your stickers at bus stops on buses cars shopping centers
- Write up chain mail/e-mail
- Look into shielding and immunity boosting

There are more stories like this at this site and it truly sickens me and the above is all I can suggest for now I just wish I could do more as there must be some truth behind these stories.

I am reminded of the sacred nature and innocence of children with these wise words of Yashua (Jesus) when he said; Let the children come to me, and do not keep them away, for of such is the kingdom of heaven.

I'm sorry but I believe that these crimes should be punishable by death.

DEAR SIR/MADAM

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**27/12/16**

I am writing to you to raise awareness of my two decades ordeal and ask for help. My name is Isidro Abascal-Montalvo and I live on 2976 Marion Avenue, Apt. 3E, Bronx, NY 10458, in your Assembly District 78. I have paperwork evidence that I have been a TI for 2 decades now. These people are destroying my life, but unfortunately, I have never been able to stop the “organized stalking” and the “remote electromagnetic assaults” against me 24/7 since January, 1996 when I believe my targeting began while I was at Rikers Island Jail Complex and continues to this day (see *Abascal v. Jarkos*, No. 04-1401, (N.D.N.Y. filed December 6, 2004); *Abascal v. Hilton*, No. 04-1401, 2008 WL 268366, (N.D.N.Y. Jan.30, 2008); *Abascal v. Jarkos*, 357 Fed. Appx. 388; *Abascal v. Jarkos*, No. 08-0789-pr. (2d Cir. December 21, 2009); and (*Abascal v. Jarkos*, 130 S.Ct. 2415 (2010))).

I am so disappointed and frustrated that even though I was paroled on September 13, 2005 after ten years of imprisonment for criminal sale of a controlled substance in the second degree, a Class A-II felony under the Rockefeller Drug Law and finally discharged off parole on September 22, 2008 pursuant to a good behavior statute and my accomplishments while on parole (employment in the hotel industry, Union Local 6 membership, no new conviction of any crime, a Bachelor of Science in Legal Studies degree (see attachment 1), and a Certificate of Good Conduct issued to me by the Department of Corrections and Community Supervision) (see attachments 2, 3 and 4), I am still a TI survivor and living in 2016 United States like this was Nazi Germany. I am shocked to learn that a person in times as modern as ours could be subjected to the kind of sadistic torture one would have expected to take place under the Nazis or some evil dictator.

These “organized stalking” and “remote electromagnetic assaults” have caused me wanton and unnecessary inflictions of pain, and extremely horrible experiences: e.g., most of the time (24/7) mainly my penis is compressed and my testicles compressed to a baby’s size which hinder my sexual functions; and innumerable serious physical and mental injuries, and psychological damage, including, but not limited to, numerous concrete disfigurement scars all over my body, e.g., cigarette burn type scars; darkened skin in my head, face, neck, chest, hands, arms, legs, feet, thighs, waist, abdomen, making me a multicolor person in different parts of my body (see attachments 5, 6 and 7); corrugated skin in parts of my body that are different as the normal aging process; and mortification, personal humiliation, mental anguish, and emotional distress. Additionally, inter alia, I have also been induced to sleep while driving in the expressways.

The organized stalking against me has involved, including, but not limited to, multiple individuals who stalk, and harass me in the street; cars are most of the time parked outside of my building with persons looking at me when I leave my home to intimidate me; almost every time the same neighbors leave or arrive at the same time as I do; people in the street stare at me in a leering or mocking way, usually with a smirk on their faces. Also, in my job, people say things to me that refer far too specifically to something within my private life, an effective way of letting me know that I am somehow under surveillance without actually doing anything illegal. I have sometimes experienced intense harassment while driving, e.g., tailgating; being cut off in traffic; hostile gestures; and perpetrators have tried to run me off the road by crowding or mobbing me with their cars.

The same day that the District Judge in the Western District of NY denied defendants' post trial motion in an action that I won a jury verdict against the COs in Attica CF (see *Abascal v. Fleckenstein*, 06-CV-0349S (W.D.N.Y. April 7, 2014), the Bronx-Lebanon Hospital Center Mobile Team went to my home, but (I never opened the door and talked to them) (see attachments 8 and 9). Late in April, 2014, these perps shot my apartment windows 6 times (see attachments 10, 11, 12 and 13). I am followed everywhere I go in NYC and elsewhere.

I filed a complaint in the US Attorney’s Office on July, 2014 to no avail. Additionally, I have written innumerable

of letters to politicians to no avail, including, but not limited to, the NYS Governor, the NYC Mayor and the NYC Police Commissioner. I have innumerable reply letters from all these people dating back 2 decades to no avail. Additionally, I have contacted my federal/state senators and city council member, including the speaker of the NYC Council to no avail. Today, I also wrote an email to Speaker Carl E. Heastie for help.

They have embarked in a campaign to build a psychiatric profile on me and discredit my allegations. Since none of this equipment leave trace evidence unless the operator is very careless or intends to, those who use it either for research or simply for revenge have no fear of being prosecuted or even detected. It is a consistent pattern of human nature to call the victim crazy. This has been repeated for hundreds of organized stalking/remote electromagnetic assault victims. The identity of force carrying out these torture/violations are initially/current: NYS OMH, DOCCS, prison officials, NYPD, its officers, and the covert True Justice organization.

I have a lawsuit against the City of NY right now going on because in 2014 I went to the Internal Affairs Bureau with a written complaint about my targeting. Instead, they involuntarily took me to a mental health provider, and held me for approximately three hours, and then released me. I have gone with a written complaint to the FBI with a NYC group of TIs to no avail (see attachment 14); I am the one in the front with a folder with my diploma in my hand. We TIs in NYC sometimes meet in a public library (see attachment 15); I am the one in the left corner. I hope that you can help me and the TIs' community, I am willing to meet with you if you concede to my request. Also, with legislation like the City of Richmond's Resolution in California (see attachment 16 and 17); see also Councilmember Jovanka Beckles' letter in support of TIs (attachment 18).

Thank you for your anticipated cooperation and assistance toward this matter and request.

Hello, I am new member, 30 years a TI victim, possibly lifelong. I would like to leave the usa, I have been to netherlands and iceland, harassed and run out of both countries. Just left Iceland two weeks ago, badly harassed. Interested in possibly getting some group formed, using a nesletter by mail. Any computer I use is hacked and I can see how vurnable any computer use is, complete websites, e-mail, and google searches are totally false for me many times, from public computers also. I have a couple of more possible ideas to try and have TI's at least help each other some.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Although I have indicated the ongoing covert attack against me to those around me, all are in disbelief, denial due to fear or culpability. As well, I believe I have been deliberately defamed and slandered to undermine my credibility and thereby nullify my political arguments. I have also been defamed to cause strangers who have never met me think horrible things about me.

As a result, I am having great difficulty surviving or planning beyond the next 24 hours.

I am currently homeless and the last place I had to stay I was being poisoned with a gas in the air suspected to be pellets used to eliminate gophers, ground up and put in my proximity. I was also gassed by leakage in sewer pipes allowing an outflow of carbon monoxide when bleach is put in the cesspool. I have been drugged against my will and I have been in orchestrated attempts to cause me to be in a vehicular accident that would kill me numerous times. I have had vehicles tampered with making them unsafe on many occasions. I have had files and documents rifled, mixed up and lost in my absence. I have had the threads of buttons cut repeatedly to cause the buttons to fall off when I am in public. I have been the subject of malicious and benevolent use of directed energy weapons, as well as irradiated with toxic levels of rf verified by Dr. Marit of Watsonville, California, whose medical specialty is the effect of rf on human biology from a nearby transmitter tower that was turned up in power after I moved nearby. Dr. Marit was retained by an organic farming non-profit co-op that resided in offices in the building next door. They also became deathly ill from constant exposure to high power rf.

I am out of work and about to go into default on my credit cards, so I don't know what use I shall be from hereon.

Also, for your information, I changed my name several years ago and you are currently sending me your info to my old and new addresses. This is fine by me, but I just wanted to let you know.

I am currently transitioning to my new name, Neal Chambers. Your other contact email for me is [fate@got.net](mailto:fate@got.net)

I am not asking for help. I am only apprising you of my situation. While I am only 55 years old, I have sustained so many covert attacks I don't know if I have much longer for this world. I have lived in despair and terror on numerous occasions that has dominated my life.

**I concur regarding the danger of covert and criminal assaults and murders taking place against upstanding and intelligent individuals. I have come to believe that there are secret societies that operate in the United States, much like the Ku Klux Klan in their history of persecuting black people. I have come to believe that these groups have infiltrated and exercise influence in many environments.**

**I believe I have documented in excess of 300 instances where I was maliciously and sadistically attacked or someone else I spoke with was. I have made attempts over 20 years to bring these matters to the attention of police in different localities, District Attorneys, newspapers, courts as well as state and federal agencies, to no avail.**

**9/2/08**

I want to thank you for your efforts on my behalf.

I am devastated simply by knowing that these things have gone on with impunity for over 30 years, including, the health and psychological damage from being terrorized over a long period of time, the damage to personal property, the loss of real property and the personal injuries. I have sustained well over 300 documented instances which represent 1/3 to 1/4 of all the instances of injury through which I have suffered. It is my belief that I have been defamed and discredited intentionally, deliberately and wrongfully to protect malfeasance on the part of personnel within governmental agencies, prevent investigations into public and private organizations that would result in serious criminal complaints against powerful individuals.

**23/10/08**

I have known of their criminal activities since 1983 when they began to amplify the already constant covert harassment I was used to. I am asking people to demand of their legislators the cessation of tax exempt status for these shelters for criminal activity.

**18/12/08**

I support the cause of exposing the use of directed energy weapons, but the proliferation of emails has led to a bombardment of emails that cannot be easily classified and filed. Instead it creates an enormous amount of work for me going over each email. Join Paranoid Times or form a group and consolidate the messages if you wish to continue.

**Affidavit in support of John Finch's Allegations regarding electronic harassment, torture and gang stalking sent to the INTERNATIONAL CRIMINAL COURT**

I have experience 28 years of unresolved gang stalking, torture and electronic harassment. I have also been a witness for two other people.

I have on several occasions contacted the FBI, the CIA and local law enforcement. While I believe attempts may have been made to abate the harassment in some cases, no information to substantiate this was provided to me and I can only base my conclusions on observations of subsequent events.

Please note that my communication resulted in my being observed. Those observing fall into three basic categories.

- 1) Those who witnessed nothing.
- 2) Those who had the opportunity to discover events but avoided these opportunities.
- 3) Those who knew of the events and engaged in deception to cover them up.

Feedback from several sources indicates that many of my claims were discounted as paranoid. I submit that this assessment is false. There is the belief that my being watched resulted in what were classified as paranoid responses. However, the perpetrators clearly had access and knowledge quite often to those making such assessment and influenced their judgement and reports. Others who may have reported had their own self interest in mind knowing they could be targeted if they verified my claims.

I documented events for nearly 28 years and hold the conviction that I have such a volume of events that it is improbable I can compile them all at this time or even in this lifetime.

"Gang stalking" events preceded 1986 and seemed to flourish shortly after Ronald Reagan was elected President of the United States. I am going to list a few major events that do not come close to the total list of events that comprise a lifetime of gang-stalking and the use of Intelligence Reports denigrating such crimes as imaginary to expand on crimes targeting me by criminals able to hide behind such reports.

**FIRST EVENT HEREIN DETAILED.**

My first experience with electronic harassment was in 1986. I was helping a woman whose husband was simultaneously working as FBI Counterintelligence, Sicilian Mob and Hell's Angels (and perhaps more I don't know about). He had threatened to kill her and she believed he would. She asked me to hide her. As we were driving one night from Merced, California to Mariposa, California, we were hit by an electromagnetic pulse. I conclude this because we both went momentarily unconscious at the same time, awakening several seconds later simultaneously. The car had gone off the road and narrowly averted hitting a telephone pole which would have undoubtedly killed us had we hit it. Fortunately we did not hit the pole and instead plowed into a level field of a crop. I estimate the distance veering off the road was about 200 yards and the distance into the field was about 200 yards for a total of 400 yards. We were travelling a 55 mph. I was paying attention to the road I had travelled on 100's of times. The road was straight in this segment with no turns (California Highway 140 about 5 miles out of Merced). Neither of us had any recollection for approximately 15 seconds which were lost. One instant we were on the road and the next instant we were about 400 yards away in a field. I estimate the time from the distance travelled and the speed.

Now typically, in emergency events, time seems to slow as a result of adrenalin. Participants in such an event have a seemingly expanded perception of time where an instant seems to last an eternity. This was the opposite. Two of us were rendered unconscious while all was well and awoke to find we had narrowly averted death an estimated 15 seconds later. In assessing emergency events such as this, I evaluate the event based on whether those involved had an expanded sense of time or simply a lapse. As a mental lapse of consciousness may happen to one person for any number of reasons, when it happens to two people at once there is a clear external environmental cause.

In this case it was easy to surmise who the perpetrator was. He was a genius with electronics and a very vindictive person. No other conclusion is possible other than an electromagnetic event and as it was night-time I can rule out a major solar electro-magnetic event. No atomic bombs were going off and I conclude it was a powerful pulsed electro magnetic force that caused this event.

I noted personally that the survivors of the Princess Diana crash years later had no recollection of events leading up to the crash. One moment all was well and without the normal triggers for adrenalin of impending doom, an inexplicable event had transpired.

## SECOND EVENT HEREIN DETAILED.

Note that my chronicles of these events are locked away for safekeeping far from my location now. Therefore I cannot provide from memory the specific dates and locations.

I was returning to Santa Cruz from Southern California shortly after Thanksgiving around 2005. I was being followed as is not uncommon. (Note: Although born in the United States, my last name was Al-Chalabi. I believed in egalitarian values for equality and justice, yet I was commonly singled out as an ARAB for my last name (although in fact I am a mixture of Kurdish, Turkish, Scottish and English born in the United States). Since the 1970's I have been repeatedly targeted as that Ay-Rab. Unfortunately, there was no community I could fall back upon from my social position, unlike blacks, hispanics, orientals and perhaps Arabs, I was too American to belong to any such group and too greatly ostracized for my last name to even gain social acceptance in a general society without encountering people who felt it their right to injure me or damage my personal property as their way of exacting revenge for the cost of gasoline and their vindictiveness resulting from social propaganda in the United States.

I stopped in a Motel 6 in Watsonville for the night as it was too late to arrive at my friends house in Santa Cruz County. Once there, I tried to go to bed. People kept going by my room, knocking on the door and leaving and generally attempting to harass me. I ignored it. Then, suddenly, there was a vibration throughout my body. Some kind of oscillating energy was being directed at my room from a van in the parking lot downstairs. I could see the van from my room. I thought I was going to suffer permanent injury from this weaponized microwave emitter and I confronted the people going back and forth by my front door. I pleaded with them to have whoever was directing this energy at me to turn it off. They seemed to believe it was harmless but I convinced them otherwise. They went to the van and the harassment stopped.

## THIRD EVENT HEREIN DETAILED.

While working in Santa Cruz in the late 1990's I would travel to a property in Mariposa where I had once lived owned by my family. I was pretty much the only person to travel there and I did so on weekends, painting, cleaning and maintaining the cabin on 5 acres.

This evening person's unknown (gang-stalkers) had come onto my property. It was a dark night and they were dressed for stealth in black and probably equipped with night vision goggles. They kept harassing me during the evening while I was in the Cabin but there was little I could do to stop people I could not see. Furthermore any physical action on my part against a group would have left me injured or dead. During the evening a hose was run into my attic from the outside. Soon, the acoustic tiles were dropping volumes of water, disintegrating and flooding the property, ruining thousands of photos and much of my personal property I kept at the cabin.

I decided it was too dangerous to stay there alone so I packed my car and left to return to Santa Cruz. I was driving down Yaqui Gulch Road on my way to Highway 140 and Merced from there. Someone ahead of me (apparently the perpetrators were ahead of me and behind me using radio communication) used a large black garbage bag to cover a stop sign before the intersection. That stop sign was visible far in advance normally but on this evening was

completely invisible. As I drove the road I suddenly ran through the concealed stop sign into Highway 140 and across (luckily not hitting anyone) and down an embankment part way.

Apparently, someone had been observing these gang stalkers and assisted me almost instantly to get the car back on the road, towing me up the embankment using their pickup truck.

I thanked the gentleman and continued toward Merced on Highway 140. A black truck with headlights off followed me. Then I heard pinging realizing they were shooting some kind of gun at me. I drove dangerously fast to try to escape them and stayed ahead of them until I got to Merced. There I drove directly to the local Police Department to get assistance but the building was locked up and closed. My pursuers left while I was parked at the Police Department after which I went to a friends house in Merced.

#### FOURTH EVENT HEREIN DETAILED.

While living in Santa Cruz for nearly 23 years, I was typically harassed where-ever I lived by gang-stalking groups and individuals. I had notified a friend of mine who I believed was a powerful man in Naval Intelligence. On a particular occasion I was being harassed and I heard a voice instructing me. This was clearly some kind of microwave emitter that resonated on my skull and the person using the transmitter was attempting to assist me and perhaps test out his equipment. I believe he was military personnel. This event was notable as the only time 'Electronic Energy Devices' were used to assist rather than harass me. I had informed my friend over the phone previously that Santa Cruz seemed to have numerous gangs of people who operate above the law with impunity. I argued that as an American Citizen I should not have to live with such harassment that was not recognized by any police agency that I knew of but was substantial in the damage and injury caused to me by such harassment. Suspiciously, like many people who assisted me, this person died shortly after assisting me having first a stroke then dying several months later.

#### FIFTH EVENT HEREIN DETAILED.

Although I have documented numerous other instances of gang stalking and electronic harassment to myself, this incident involved another person who was being targeted. A woman I was friends with who was highly responsible and professional from a good family had married a man who was a bum who wished to use her for her money. They moved from Santa Cruz and she used her money to purchase a house near Newport Beach, Oregon. Shortly after moving there, a little over a year after their marriage, she was estranged from her husband and gang-stalked. She suspected electronic harassment, poisoning and lesser techniques of harassment. Her husband told everyone she was crazy and tried to get her committed. One evening she went to a bar and met a fellow at the bar sparking up a conversation with him. He revealed after some time he had flown to Oregon with a group of other people whose job it was to gang-stalk individuals marked for removal from the community by people in power locally. He said that his group was based out of Alaska and people in City Councils and other powerful positions would pay his group to target people. He disclosed techniques of electronic harassment and other techniques used to 'make the intended target sick and appear crazy'. She did not reveal she was the target of such a group as his. She returned to Santa Cruz and asked me to return with her to pack her belongings as a witness for her who was aware of these types of covert crimes. I travelled with her and took notes but while I was with her no discernible events occurred, which is usual as these crimes are always committed against a person while alone and without witnesses. We did get a flat tire on our rental car that was suspicious but could prove nothing while her estranged husband was present who continued to portray my friend as crazy although I knew her for 12 years. I knew she did not use drugs and that she was meticulous, responsible and sane.

Incidentally, all of her financial records and been hidden by him and although her investment was upward of a million dollars during their time together, after his fraudulent presentations in court and attorneys fees was left with next to nothing.

#### SIXTH EVENT HEREIN DETAILED.

During the previous event, I had left Seagate Technology where I worked with this woman for 12 years controlling the release of new products and joined as a partner with a Private Investigator, which is a reason besides our friendship she had elicited my support.

While working with the Private Investigation Firm I assisted in many technological aspects of the business including Technical Counter Surveillance Measures (bug-sweeps). In this role I encountered others affected by

gang stalking but this particular story has indelibly etched itself into my memory.

A young girl in college had transferred to U.C. Berkeley and rented an apartment nearby. I learned of her when she called me terrified that she was being bugged possibly by two men she suspected of involvement in a wave of harassment in which she was now immersed.

She knew one person in the area about an hour away in Santa Clara County so when the two men next door befriended her she embraced that freindship. The men were apparently respectable, one a Psychiatrist and the other a Medical Doctor, both young. She was only about 19 at the time and both pretty and intelligent.

Soon, the friendship with these two men transitioned into inducements directed at her for sexual favors. Pharmaceuticals were offered to increase her pleasure as was alcohol to lower her inhibitions. She soon realized these men were no friends and terminated her friendship with them. No sooner had she terminated the friendship when a campaign of harassment ensued. Little things like her porch light being turned on from within her apartment while she was away or knocking on the wall. She attempted to go to the landlord who had already been told she was crazy by the two men and dismissed her allegations. The harassment continued and attempts to engage the police for protection were equally fruitless. All the while the two men continued to make a case to anyone whose assistance she elicited that she was crazy. She had mail appear and disappear. Comments made regarding private phone conversations from these two men who should have had no knowledge of the conversations and other harassment.

I visited her and assessed the situation. My conclusion was that she was sane and that these two men, with the power to move authorities and the liberty to wield controlled substances intended to drive her crazy, have her committed and then use her for their sexual desires after they had complete control of her life.

The situation was clearly too thorny for me to rectify and I suggested she move to Santa Clara and live with her friend and thereby impede their conspiracy to use their authority to drug her and enslave her.

She did.

## IN CONCLUSION

With today's technologies and increasing disparity in social strata's and the tendency in the United States to move from an egalitarian society where everyone has equal rights, legal protection and opportunities (more or less) to being a society with clear lines of demarcation between those with vast wealth, those with licensed authority and those with no recourse when confronted with criminal activity violating their rights.

The police have stopped investigating burglaries decades ago and in a most recent event here in Reno, the County Sheriff's Department was complicit with a burglary in such a way that the evidence is wholly indicting but the recourse is non-existent.

Such is the dilemma faced in modern society whereby a person such as myself can be faced with crime after crime with no avenue of legal recourse available and the threat of judicial retaliation should a person attempt to defend themselves.

Secret agencies with virtually unlimited access to personal information on others become a social class dominating over those with no access to person information on others.

The use of electronic harassment must be globally abated before the damage it does shapes a decaying civilization.

### **Bob Gilliam of Quartz Hill, California**

In 1980 I met Bob Gilliam through my friend George Craig. Bob Gilliam was a Viet Nam Veteran who returned to the United States after the war and worked in construction, mostly doing sheet-rock refurbishing fixer-uppers for Real Estate Agents. He was a good person and fun to be around. He was an activist, telling people about the horrors of Agent Orange. He would have a person look him in the eyes and point out how his left eye was fully dilated all

the time. He claimed that was damage from Agent Orange. He was bitter that the Veterans Administration was sweeping the devastating effects of Agent Orange under the rug, just as later the causes of the health ravaging effects of Gulf War Syndrome destroyed a later generation of veterans and was covered up by the VA, the Pentagon and the Corporations responsible.

In early 1982 Bob Gilliam vanished. Several weeks later he reappeared. He claimed he had been kidnapped and that two holes had been drilled into his skull for some unknown purpose, presumably a mind control experiment.

I saw the where the scars from two drilled holes were in the back of his head, as did George, Charlie and other friends of ours. There was no doubt he had been kidnapped and had holes drilled into his skull.

After that, Bob Gilliam, who had been a strong, bright, energetic hard working single man went downhill. His lucidity slowly vanished and by late 1983 he was a vegetable pushing a shopping cart around.

What happened to Bob? Clearly it wasn't the work of some street thug or ordinary criminal.

Presumably, some entity such as a government bureaucracy or corporation had killed two birds with one stone. Bob Gilliam tireless efforts to educate the public about Agent Orange was silenced and someone had evidently experimented with some kind of implants into Bob's brain in a failed experiment of little consequence to the perpetrators but a heartbreaking view of the injustice in a society where powerful criminals take away not only a person's Constitutional Rights but their very life. A society where the police offer no recourse and could care less about such crimes.

That is the world we are building upon today.

I swear this to be the truth, the whole truth and nothing but the truth.

So help me God.

**[please publish] John. I am hoping you will get this note FROM ME out to the proper authorities. -neal**

I am now dying of cancer. It came upon me in December of 2012. I cannot prove that it was done by criminals in our government acting under the color of law or thugs they hire to work for them.

I was raised to speak out the truth, regardless of consequences. To stand up for justice and to exercise my freedom of speech to stand for truth and justice.

Now, many more Americans like myself are being murdered. Our government barely hides their filthy murderous schemes as they spin the lies, bury the truth and silence dissidence in America.

I urge the International Community to bring criminal charges against those planning and engaging in the destruction of America and American's.

Here is a quote that demonstrates the complicity within our government to conceal crimes and murder whistleblowers. The link to the article is at the bottom of the page.

"“The post-9/11 USA is no longer a beacon of human rights. As former President Jimmy Carter recently wrote in the *New York Times*, the United States is abandoning its role as the global champion of human rights," Kevin Barrett wrote in an article published on the Press TV website.

Referring to recent remarks of President Barak Obama administration's information czar Cass Sunstein, who openly noted that the US government should "disable the purveyors of conspiracy theories," the analyst said one way to disable the purveyors of conspiracy theories is to terrorize them with death threats.

On June 13, Barrett added, Dr. James Fetzer, the founder of Scholars for 9/11 Truth, was scheduled to speak at the University Heights Community Center in Seattle, when the university received a threatening note that the gathering could be hit by "a bomb or fire bomb or maybe just gun fire." As a result, university officials had to cancel Fetzer's

address.

"Death threats are one way to disable the purveyors of conspiracy theories. Actual assassinations are another," he explained.

*According to the analyst, there is a long list of people, who were trying to expose the truth of 9/11 and have met with untimely, suspicious deaths.*

"Barry Jennings, the deputy director of Emergency Services Department for the New York City Housing Authority on 9/11, appears to have been murdered after speaking publicly about explosions he witnessed that partly demolished World Trade Center Building 7 on the morning of 9/11," he said."

I have been a victim of Electronic Harassment for several years.

Feel quite helpless. I believe this went on with my family as well .However they were clueless. I became aware about 15 years ago. I think.

I live in Tucson, Arizona. I was shocked that they would follow me to Europe and most recently, New Zealand. I am an active sixty years young woman. A year ago I accomplished black belt in Aikido. I can't reach my assailants in the planes, however I thought, if I get any on the ground at least I can attempt to protect myself.

My name is Gary Algar. I have been under satellite surveillance since 2001, although not continuously. They stopped for a couple of years and then started back up again.

**Saying that I have been tortured does not even come close to describing what I've been through.**

I have had two suicide attempts due to their mental torture. THAT WILL NEVER HAPPEN AGAIN.

Anything that goes through my mind they are able to receive. Whether it be visual, which is whatever I'm looking at at that time. Or say I picture something in my head they see that as well. They are also able to see my dreams and often manipulate them. They communicate with me and my ear drums have nothing to do with what I'm hearing(v2k).

Before I knew this was Satellite Technology I had stolen a vehicle to escape them and divert them from my family. They tortured me 24 hours a day even while incarcerated.

They ridicule and manipulate everything I do to the point where my mind is thinking of their gross and disgusting remarks. My mind is not the same. They keep threatening to frame me and have me sent back to prison. I have no hopes of a normal life.

My family and I have been victims of organized stalking for the past 19 years. My livelihood/career was ruined and now my son's career is being ruined. He is a graduate of medical school but is not able to get a residency. You may read the petition I filed in 1993 for wrongful termination. The persecution began when I was fired from an oil company due to slanderous gossip involving the regional manager and me. After the termination the regional manager had one of oil executives to telephone and proposition me for an entire year. There appears to be a more important and sinister issue to consider with the enormous amount of people being affected by the directed energy issues. From what little I've been able to research, it appears that if an EMF bomb were to be used on any particular area where people are that have already been targeted, that they will be instantly killed by the enormous and powerful impact of a bomb carrying an EMF payload. Normally, the EMF bomb would be used to only destroy electromagnetic equipment, I.e. electricity in buildings, power plants and normal household and business appliances and equipment. Please research this and stay aware. Presently, it is difficult for me to comprehend why an EMF bomb would not disable us in some horrific way and/or kill us. The bomb was already used in Iraq, however, I'm unable to determine whether or not civilians were killed from an EMF blast.

Those who are seriously enduring nonconsensual or consensual attacks are welcome to contact me. However, be aware: All of my modes of communication are tampered with and monitored.

Sen. John McCain

Sept 15, 2011

Washington, DC

I am not part of your constituent but we have a shared experience that unities us, an experience which by its very nature forces us to stand and fight, even unto death if necessary.

I am maimed and my soul if shredded. Americans torturing other Americans on America soil, in their homes, in their beds, in every room and outside of their homes. We are being tortured in our bodies and minds. Please don't let horribleness of this shut your ears, don't let it shut up your bowels of compassion. You have suffered by the hands of other men and I pray that you see our suffering.

President Obama replaced the previous administration's Commission on the Study of Bio-Ethical Issues. Dr. Amy Gutmann, chair of the new commission and other members received the testimony of people from across the nation, people from all walks of life, doctors, pilots, blue collar workers, men and women. These Americans including myself have been suffering for years at the hands of a hidden evil whose face you do not want to recognize but must recognize for fear that this evil will rot the country. These interviews can be viewed on " youtube.com". They are well worth viewing. A must view in my opinion. The interviewees have provided a clearer more convincing body of evidence than I could ever put in a fax.

I don't understand the science and technology behind this. I know that scientist and researchers are compelled beyond human reason to push the limits of science, even to the brink of destruction. I know the indescribable pain this science can cause. I know what it feels like to have your body and mind invaded in ways that only an evil and completely indifferent conscience can attempt to justify.

They have listened and watched me in everything I do. They have chosen me and others for a very slow, painful and torturous destruction process. They have sexually assaulted me continuously and they have deformed and are in the process of destroying my genitals and sigmoid colon and other parts of my body and mind.

There is a proper setting and use for this technology; however it should be used with strict oversight and under laws that prescribe severe punishment for the violators who misuse its application. There is also a beneficial and therapeutic use for this technology. It could greatly improve the lives of people with impairments and severe disabilities.

Although law enforcement is involved in the misuse of this technology, I think it is limited to those who are of a particular mind set and were chosen for that reason. I can live as a victim but I could not live as a perpetrator or a destroyer as they are. I am in no way trying to paint all of law enforcement in this color. That is just not true. They are our first line of defense against anarchy and chaos.

The man or primary man, who is doing these things to me, enjoys it. He has been doing this for years now and he still hasn't had his fill of it. He spoke to me with what the army calls "synthetic telepathy" or "voice to skull technology". He said I am going to take away your performance. That's when he started to burn my penis and after some time my penis began to curve upward. He spoke again after he curved my penis. This time he said I was going to piss sideways and after some more time and more burning my penis turned to the left. He later said he was going to take away my thickness. At the base of my penis there is a significant reduction in girth and on the lower left side near the base there is an area of damage which caused my penis to pull to the left. He has also told me that I wasn't going to come out of this a whole man. He is continuing to burn me. This individual, even though he knows I have sent faxes to the President, Dr. Amy Guttmann and others, has not ceased from torturing me.

You can recognize personality by the way and by the intensity they like to inflict pain. The area of the body they prefer also reveals something about him and them. You know what I mean and I am sorry to bring it back to you. But you see, we are in pain and anguish every day and night and if you turn away from us we will just die painfully without a voice and without anyone noticing us.

I described a man to a private detective, to officers at the Sanford Police Department, and to the receptionist at the District Attorney's Office. He has an unusual physical description. He is about 5' 4", very stocky build, large forearms and a thick neck. You could recognize him by his shadow. The private detective said that he worked for the Sanford Police Department. So I went to the SPD to talk to him where I was told there was a man named /// /// that used to work for the SPD but that he now works for the /// ///. I went to the District Attorney's Office to file a complaint. The receptionist said that I could not file a complaint there. However, she asked me against whom and I described him and she said he was /// /// of the /// ///. This is where I got the names. I didn't just pick these names out of thin air. The names I will give, I will call them persons of interest. The names are /// ///, /// ///, /// ///, and /// /// who may have knowledge of these activities. The last three names are links to first. As you know the commission is not an investigative body but an advisory commission that reports to the President.

When people, who go to the proper authorities to file a complaint, they are dismissed as being mentally ill. Some have been put in mental institutions and forced to take medications. This is part of the strategy they use to keep the citizens of the United States in complete unawareness. There have been investigations in the past but they have been whitewashed. It seems that there are elements of law enforcement who are stonewalling a true investigation. Maybe for the reasons of national security but that doesn't in any way excuse the use of these weapons on American people. Law enforcement will not assist in an investigation of itself and whoever they are, they will not stop unless forced to stop. [See [justiceforallcitizens.com](http://justiceforallcitizens.com) ].

Since I have been trying to put together a letter to send to you, they have begun assaulting me in the back, top and front of my head as well as continuing to assault me sexually, all on a day and night basis. They don't believe anyone can prove anything against them or they know that no one will assist us. This individual, /// ///, is the wild card that will bring the whole house down. They have been so egregious in their activities that they have created many witnesses and continue to do so.

There is scientific evidence that these energy weapons can cause permanent damage to reproductive DNA in a woman's ovaries in so passing a genetic defect from daughter to daughter forever. What it does to the male reproductive system is a question.

I am sixty three years old. I was in the army from 1967 to 1971. I wasn't sent to Vietnam and the only reason I mention it is because those who did deserve the distinction. I don't live a life of isolation. My mother has been in a nursing home for nearly five years, since Nov, 2006. I am around health care professionals on a near daily bases. These are the people who know me and will speak for me if necessary. The people behind these crimes are consummate liars and fabricators. They know how to put up road blocks. I have for the past three decades practiced abstinence as a matter of faith. They have been a witness to the past seven years.

We are looking for a champion with the stomach and backbone to fight for us, someone who will stand and endure to the end, even unto death if necessary.

I saw you talking to Lindsay Graham on TV the other night, just before President Obama's speech. Lindsay Graham would make a very good president. Isn't that true? They laugh at me while I scream in silence.

DEAR SIR/MADAM

13/3/13

I'm a targeted individual from Bogart GA in the USA, my cellphone is [7063807535](tel:7063807535) and my street address is 2199 Cleveland Rd. 30622. They hit me with the voice to skull, artificial (synthetic) telepathy, tapped my phones,

transmitted voices thru my a/c vents I made a few recordings of them tapping into my phones and talking thru my vents. I tried to get the local police to look into it along with the GBI, have talked to the FBI and have let a lawyer hear some of the recordings which she wrote up a summary of what she heard and I gave a copy of it to the GBI. I got a real good ideal who had me put into this and have been looking for a peaseful way to solve the problem but the perpetrators are doing everything in their power to discredit me even using doctors to hypnotize me to do some stupid things to make me look bad but I caught on to that stuff to and it was by the grace of God that up to now I been able to keep fighting and glad finally it look like someone is out there trying to fight that beastly computer system that's harassing us. If you need more info just get in touch and I'll give you what I've been able to collect from my on attempts at trying to record and document this evil crime against humanity that some people seems to enjoy regartless of the sufferring and torture they put us through.

**15/5/13**

I been really trying to get my info to you but I know you know that I am being block by those people who got the controls of our computers and phones. My name is Avery G. Anderson Sr., I live in a town called Bogart right outside Athens Georgia in fact you can call Bogart Athens. My address is 2199 Cleveland Rd. Bogart GA 30622 and my P.O. BOX is 222 Bogart GA my phone number is [706 380 7035](tel:7063807035). I use to work at Certainteed Fiberglass here in Athens GA. I worked there for 30 years before this psychotronic harassment and torture started which I feel they got a hand in along with some of their employees and a woman who at one time lived with me who got involve with some people from that job I feel with connections to those folks who are out there doing this around the world. The woman when we were together worked at a eating disorder clinic for a couple of psychologists as there office manager. I got so many recording of this stuff were people were tapping into my phones, talking thru my a/c vents and thru my body, yeah that's right I held my little digital recorder to my chest while I was wheezing and recorded the sound slowed it down and found one of the perpetrator saying Thomas heard this recording, Thomas was a plant manager at the company where me and that perp worked. During a session when I recorded the perps sending voices thru my a/c vents I caught them just talking about the crime when they thought that their mic was off. Those fools talked about the microwave computer system and how one one of the executives from the job got a couple of real psychopathic maniacs tormenting me. And this was a group of people in one place like they were at a party, that's what my little 5 years old grand daugther call what she heard say grandpa those people sound like they're at a party but the cops said nothing on those recording, but the GBI they did say that they can hear them. What you think? Yeah some peole behind the scenes pulling strings. The GBI here got a lot of my data if you are your organization want to look into it. I left a lot of recordings with them. Everything about my case is right up there with the v2k, the telepathic, the hits from microwaves playing with my heart which had put me in the hospital with congestional heart failure that I came back from the doctors could really find anything wrong with my heart but I know what was happenning and even got a recording of one of the perpetrators saying Nathan play with your heart man. Like I said a lot of those little recording s the GBI got and I still got copies and would like to send you some but it is really hard because they are blocking me at every angle. The voice to skull with a maniac they call Dabo is very nasty. I even caught that guy hacking into my daughters computer with a kid with him helping this idiot to terrorizes. I turned a copy of it over to the GBI. That fool real name is Darren Smith and he also work at Certainteed.

## **Statement of Non-Consensual Human Experimentation**

No consent was ever asked of me for my participation in federal agency electronic experiments. I would not have given consent if I had been asked. I have no means available for withdrawing from participation in these experiments. US Federal Regulations specifically forbid any federal agency from performing experiments on me without obtaining my advance, informed consent. These regulations make the office of Human Subjects Research (OHSR) within the Department of Health and Human Services (DHHS) responsible for enforcing the **prohibition** on human experimentation without obtaining advance, informed consent, but I am unable to obtain any help from OHSR in stopping the experiments on me. The answer of OHSR to every involuntary subject of human experimentation who requests help in stopping the experiments is: *"OHRP has determined that it does not have jurisdiction over the matters referenced in your letter. Therefore, OHRP will not be able to pursue this matter on your behalf."*

**I BECAME AWARE OF MY EXPOSURE TO THE DIRECTED ENERGY WEAPONS & SATELLITE SURVEILLANCE EXPERIMENTATION IN 1967. PRIOR TO THAT DATE THE SURVEILLANCE EXPERIMENTATION WAS COVERT.**

### **I, Helen Anderson, Declare Publicly The Following Testimonial:**

I have lived in Alexandria Virginia for the last 20 years and the Washington Metropolitan area for over 28 years. I am a former Iowan, a first American and a first Virginian. I am 73 years old. I have been under military/CIA/NSA surveillance experimentation most of my life. I was selected as a target to experiment on because of my uncle Col. Benjamin F. Leach USAF. He was stationed in San Antonio Texas when President Truman brought in the Nazi scientists after World War II. My uncle openly opposed the bombing of Hiroshima and Nagasaki. His family was targeted as the first targets of surveillance because of that. I have a brother Richard French who was also a target. My big brother was the person that term was coined after. He died November 21, 2010.

### **Surveillance Changes Directed by Administrations**

The surveillance conducted on me was covert up until 1967. My life was controlled and directed since the onset. I married Keith Anderson in 1957. I have two children Craig born February 23<sup>rd</sup> 1959 and Dana born July 29<sup>th</sup> 1960. After 1967, the surveillance became overt. My life was exploited and appropriated. During the early periods of the overt surveillance the harassment and emotional turmoil were extreme. Surveillance had me in tears daily. Surveillance caused physical injury to my children. Surveillance also started using their weapons to cause menstruation hemorrhaging at this time. The plot was to disturb me to the point where I would leave my husband. It took 5 years of harassment and exploit to force me to this. I divorced my husband in 1974. Surveillance has considered keeping me single and independent a high priority. The harassment often was defamation of character. The wealth of my family and their wills were part of the harassment. The defamation of character was done to cause disinheritance. It was said that surveillance wanted me out of wills and everything else. One of the invasion of privacy inspirations was a song called "If Not For Fortune". It was recorded by Joan Boaz. Elton John, Bob Dylan, Bette Midler, Olivia Newton John, Kenny Rogers, Dolly Parton, Group like America, Simply Red, The

Police and others too numerous to mention started recording pop music with surveillance inspiration. To name a few of the inspirations they include "Killing Me Softly With His Song", "Only Woman Bleed", "Every Breath You Take" Sister Golden Hairs Surprise", "The Eye In The Sky", "Come On Over", "Someone Saved My Life Tonight", "Island in the Stream", This appropriation continued until George Bush came into office in 1988. Surveillance physical abuse was most severe during George Bush, the elder's term in office. The severe physical abuse was alleviated to a certain extent after Bill Clinton came into office. Surveillance still gives daily pain but not to the extent they once did. My monitoring by surveillance is still very overt. Currently, surveillance is shooting me in the area of the kidneys. They are also creating very uncomfortable feelings by using weapons on my vulva and clitoris area.

### **Employment and Surveillance Issues:**

I found it was hopeless for me to try to find employment in Iowa so I started going to school at the University of Dubuque in Dubuque Iowa. The harassment was awful while I attended college. After I graduated from college in 1983 with a degree in Accounting, Business Administration and Finance I moved to Washington. I later got an MBA in Finance from UDC. Surveillance loves micromanaging my finances into destruction because of my MBA. They feel like they have really put a woman down. My employment was controlled after I moved to Washington in 1983.. In 1986, I was placed at Naval Medical Command in Bethesda. Again my employment was troubled by harassment and a situation with my married boss. My termination in 1988 was orchestrated by surveillance. I was not given any of the rights guaranteed by Naval Personnel Command. They could have easily made a transfer. After my termination the surveillance started using weapons that caused excruciating pain on me. They gave me more pain in 4 to 5 years than you can imagine. They started the sleep deprivation, they caused hemorrhagic bleeding, they shot my feet, they shot my stomach. Surveillance wanted me to be in a weakened position and make it difficult for me to be self supporting. The severe pain continued until 1993. The sleep deprivation, daily tricks, and sharp shots that create short term pain are still continuing. As is the daily harassment, threats and trying to force me into suicide. In 1988, I tried to pass the CPA exam. I did not pass on the first exam. Stopping my goal of being a CPA along with keeping me single were high priorities of surveillance. Keeping me down financially can be included in that list of priorities.

### **Surveillance Use of Mind Control**

The Nazi scientists that came to the US in the 1940's in Operation Paperclip were already experts in mind control. With new technology added to progressively more sophisticated mind control techniques, this is a very powerful tool. Surveillance uses mind control on me at once daily. The effect of the mind control varies from being very dangerous to something just plain dumb.

### **Destruction/Vandalism**

Surveillance engineers have destroyed 2 automobile motors, 4 washing machines and 4 air conditioners in the last few years. Surveillance also loves shattering experiences. They love to break glass and other fragile items. Living with satellite surveillance is like living with a team of destroyers. Currently, surveillance has been causing automobile accidents. I have had 3 in the last year.

### **Financial Devastations**

I try to live on social security. Even small financial losses make an impact. With the use of mind control they can cause any number of little financial losses. They have also controlled my investments by mind control to the point of disaster.

### **Agencies Approached**

Over the years I have contacted many agencies. While in Iowa, I contacted the local police, the county police, the State Attorney General, the Department of Social Services in regard to my daughters rape and the FBI and US Attorney of Northern Iowa. I also called the Department of Justice civil rights division a number of times. Since living in the Washington metropolitan area, I have contacted many members of congress, the President, the FBI, the US Attorney, the City of Alexandria police and the ACLU.

### **Abuse and Experimentation of Grandchildren**

I have 5 grandchildren. All of them have been experimented on to some extent. My eleven year grandson, Matthew has been most cruelly treated. Surveillance created arrested development, hyperactivity and eye problems for the poor little guy. They have also experimented with his diet and eating habits. My oldest grandson, Jason had his kidneys ruined by satellite surveillance experimentation.

#### **Brief description of extreme targeting**

**I have been in the MKULTRA subproject 119 since birth, 1958. My mother put me into the program.**

This description of those of us who are extremely targeted was written by Brenda Zastoupil and added to by me with her permission. We sympathize with all targeted people and what each and everyone of us are living with.....they keep our targeting different for a good reason. Sometime they let us get going a little only to destroy us time and time again.

We cannot put into words how horrific these programs can be for some of us.....this is for your information and to please not discount our severe targeting when we tell of our torture and harassment. Many have been in these experimental programs since birth and do not realize it.....it is HELL on earth.....trust us on this. There are some out there who say get a job, get a house, pick up your life.

Well we have news for you, we were once successful and had all of what some of you have, but we are in a different program and everything we try gets systematically destroyed. Improper medical care or none at all. Appointments canceled, records changed or missing. Murder of pets. Torture, murder of friends and family.....like Brenda said, we could write volumes.....

We are thankful that not all of you are in this program.

**13/12/11**

Good evening John,

I hope all is well with you. FYI, number 16. on the list is Pam Anderson. I presume that you are talking about the same Pam Anderson who passed away (suicide) a few months back. In case you didn't hear, she could not stand the pain anymore and well, shot herself at a gun range.

Would it be possible for you to put 'deceased' besides her name? Call me sensitive about this, but she has passed away and yes, it is relevant to our cause.

I will be referring to her situation in my book (hopefully being published in 2012, if I meet my personal deadlines).

Regards,  
Carmen Markey

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I can tell just from this page alone on Satanic ritual abuse, that we're up against the same sociopaths. I cannot understand how your perp button was pressed by me this time, but you can rest assured you are wrong. The first time you leveled this 'charge' YOU misunderstood when you had been informed of a house I've managed to continue to own, probably due to a setup, but have rented out while living a block from where you happened to live. YOU WERE WRONG THEN AND YOUR IMPLICATION THIS MORNING WAS ALSO WRONG. Where's your signed sworn statement? (I'll sign one any day of the week and will also take a brain fingerprint as was offered when it appeared the police thought I was some sort of criminal.)

Some call them Luminati and they do control the MAFIA, the latter is quite afraid of them as they're infiltrated into our healthcare system, school system and government. (See youtube on SVALI as to how these people manufacture sociopaths.)

My children were abused at school BY THE SCHOOL and also by perp kids, probably kids of perps; perps in training.

I've HUNDREDS of pages of journals kept on this systemic abuse in "liberal" Northern Cal and in a very wealthy area Lafayette and Walnut Creek.

Here are my web sites: <http://www.youtube.com/user/dstevens101> <http://www.youtube.com/user/unoraza>

**Here's the "bad luck":**

05/20/09

To Whom it may concern:

I've had my family threatened, several poisonings and much malpractice on my family; even my elderly mother. This is likely due to a fraud that transpired at a former client. The attached report has been made on the most recent events made via tape recordings made in my voice.

The following lists represent events that are not necessarily related, and many are just plain old life, but when looked at in the aggregate over the short period of time represent some very unusual statistics for the family and friends of one person in such a short period of time. It has become apparent that the likely culprits are the so-called "secret societies" and this black listing was done either by a high level Freemason or someone above in the power structure. This individual or group has been able to affect, quite possibly on an interstate basis, judges, lawyers, contractors and even police and fire departments. (Also, organized crime, or giving impression thereof.) The judges and lawyers in the ensuing divorce and the latter in false police reports sanitizing the facts that had transpired. Several friends/relatives have shown symptoms of SRA/Ritual Abuse/Mind Control, also memory wiping, apparent triggering. Lucy Garcia has every single of the symptom of Ritual/Satanic MC, including nightmares of being traumatized via choking while in bed, this by a person that looked like her former land lord, Nancy Olsen. Lucy has a very mean alter ego that is the antithesis of her normal personality. She's on medications for extreme anxiety she did not previously have, reverts to childlike behavior, "I want my mommy!", under the slightest pressure and is unable to hold two pieces of data in her brain at the same time; unable/unwilling to read, write, concentrate; labile personality; and has "friends/employers/former landlord" that are highly likely involved or aware of harassment. I believe it's the French family, Jeff and Nicole Perkins, with much anecdotal evidence and 'coincidences'. Nancy Owens, landlord and one of two employers is highly likely involved; her son assaulted me. One much lower on the probability scale is the former principal of North Gate HS: Mr. and Ms. Hansen. The latter is of Scottish descent and in my research there is alleged to be a Scottish connection to mind control victims alleged due to the origins of the Scottish Rite of Freemasonry. As said numerous times I swear under penalty of perjury the following is true to the best of my knowledge. There, undoubtedly is information left out, but I'd be happy to take a Brain Fingerprint to prove everything; the problem is high dollar corruption is involved and they do not want the truth to be known. (There's a \$100,000 reward offered to anyone that can beat this lie detector test; so far no one has claimed the award.)

i.)“Bad Luck” Oldest, Close, or Respected friends

(People that I spoke to contemporaneously on the phone, vacationed with, or old friendships)

CA-Cathy Warsheshi-714-272-3322 First comes down with Hepatitis C after having a previously clear test and decades since any dangerous behavior. During chemo medical treatment, new S.O. from Scotland dumps her mid-treatment; later he changes his mind and she takes him back despite the abuse. Head on collision and suspect other strange issues as she too started to fail to return calls after 30 year friendship. Very smart and able girl starts getting harassed by employer. (Jewish HS girl friend and subsequent dear friend.)

AZ-Nathan White-602-201-0779 Third degree Mason arrested in a case of "mistaken identity"; the Sheriff refused to confirm his identity after a routine traffic stop and is jailed overnight; starts backing away from 45 year old friendship and behaving in a very reactive and illogical manner; even when presented with solid evidence.

CA-AZ-Phil Swenson –408-279-9852 Transfer from Pearson Education and 'promotion' with new boss, develops into what appeared to be setup and forced to resign. This with a company at which he had been employed for over 10 years;

CA-Lois Biser-925-376-0811 Has blatant malpractice at the hospital she worked, St. Lukes, says 'they almost killed me'; After agreeing to be a witness in my divorce, son loses graphics job with construction company. Has house in another state, Idaho, stolen from her in via fraudulent Realtor in ~2002 for 30k; ripped off.

AZ-Carl Esparza-520-207-3556 Son had a near head-on collision, just a week or two after I made contact, this Tuscon; uninsured vacation property burned to the ground.

CA- Jose Luis Galindo-925-285-8920 Tried to help him with drinking problem and find a picture of my daughter at his house that he had blown up from graduation invitation; very uncomfortable situation and he says she looks very sad. Weird situation. Implied abused, which was true, as she was abused in high school, but was very strong coming into Acalanes. (First girl in history to play freshman football and did H2o Polo at the same time. Alleged his brother was suicided, and had to take him back to Mexico and said he was mugged and lost ID; I helped him to get new ID. Previously asked permission to store a machine gun in the wall of my house; turned down. Later wanted to buy, 'for cash', a Glock 9. I'm uncertain as to the loyalty of this 'friend' and believe he was turned if ever a true friend; (This person was met as a day laborer and helped me with a problem contractor for whom he worked.)

AZ-Barbara Peck-Simser-602-758-1744 Had extreme 'bad luck' in Hawaii losing customers in ~2001, moved to AZ, more bad luck with contractors building a new house in another state; ends up having to declare bankruptcy. Claimed complete strangers were glaring at her; the latter is one of the tactics used against me. HS-Friend now working for president of building management or something like that; having troubles again.

CA-Julie Hintz-Ledson-916-354-1582 After admitting the tactics of people using children at schools to infiltrate and cause social problems, she flips her story, in just a few days. (My daughter, the next DAY, was somehow triggered into committing a feigned suicide attempt. (Twisted by ex and CPS into 'real suicide'.) Later that same year has her house burned to the ground by 'mistakes' on the part of fire department. Claimed 'comedy of errors', delays in response, holes in fire hose and ends up with a brand new house. Openly claimed she was worried about her kids too being stuck in the 'bad luck' loop.

CA-Ida Akimoto-831-724-7738 Has 'bad luck' with medical procedure where the doctor did not use enough pain killing medication during a colonoscopy causing extreme pain and an aborted procedure. Dr. says, “Next time we'll use more pain medication.” She was in pain and having trouble for a month. Had license plate stolen from car, police at her door claiming to be 'in chase of criminal'. Brother mark, sets me up with fraudulent mortgage broker who's husband was contractor (& title person to facilitate): Monica Bowman. Ida claimed daughter, Kelly Akimoto/Knaggs, after moving to Santa Rosa with person that stalked her on the Internet, Darwin Knaggs, came back from Santa Rosa “brainwashed”. Kelly, who was previously very sweet/shy, now able to abuse kids, very, very mean to kids: socio-pathical. (Dunking baby into cold water, pulling hair, hitting son for something I did, neglecting/abusing kids. Darwin threw Nathan for discipline.) Sister in law, daughter of former county supervisor/police chief, Ray Belgard, is offered a county fair job where she immediately 'finds' obvious corruption. Brother gets 'very lucky, and big bucks at the casinos to which they were taking me, then stops going after offering me money to gamble and not interested.. (My nephew was lured into accumulating 90K in gambling debts before his 'suicide'.) Ida showing symptoms of trauma/OCD, just like ex wife, but she starts obsessively buying LEGOS,

dozens of boxes; Both my vehicles were vandalized while we are away on family trips; two laptops, VCR 'break' without being used. New next door neighbor tells me he's a "loyal American"; hinting I'm not. Also offers to sell me, very cheap, what appeared to be stolen property.

CA-Dawn and Phil Gilbert – 925-245-8330 After adopting a daughter and having her for years, they're investigated by CPS for an allegation made by the girl to a teacher at school; causes them major grief. Phil, despite having very good track record with international experience, is unable to find a job in the Bay Area and ends up moving to Washington. Dawn stops communicating after fairly close relationship. She too was what they call around here an 'idealist', (honest Christian)

CA-John/Laurie Pittman- First John loses old job subsequent to our graduation party for Courtney as did several other in attendance; son has someone stop cold on highway on-ramp while sun is bright in his face causing major rear-end collision. Other son gets involved with a 'very nice girl' that soon ends up being a 'sociopath'; Witnessed strange behavior on back hill by local fire department, also heard temporary 'Coyotes' that came and went in 2001 during Courtney's graduation. Asked me, "Do you think that was kids playing around." Went to school with Courtney at SLO when she was being smeared/setup there.

CA-Kim Nguyen- Personally selected team-member of mine at Pac Bell, after being promoted to team lead. Was informed by Ida, she had a home invasion and was scared half to death. Very lucky no one killed.

CA-"Coco" Shiatsu Masseuse - Very nice elderly (~65) Japanese for over 15 years helped with back problems and starts getting harassed by another Chinese girl that ended up in affair with owner. Ended up buying shop in Pleasant Hill after driving Coco back to her daughter's in Arkansas. Once stuck with same Chinese girl and came on like hooker.

AZ-Jackie Pearson - Year after I visit in Arizona, after my grandfather suddenly dies, John, her husband suddenly dies of heart attack. (I think, might have been stroke.)

CA-Chuck/Judy Pickolick: Has son hang himself after having troubles of some sort;

NV-Grace Marshal- Found dead in airport, ~33, first led to believe murdered then story changed to genetic defect. Private stewardess for 'richest man in computers' and met on vacation in S.D. Found dead in airport the following year. Was her boss's attorney Brobeck? Bobby Osborn's friend's husband. Robyn's father. Their family too sudden health declines/problems.

CA-Lucy Garcia-925-825-2027 Living at Bodega place taking care of Jerry Catell's mother. (Former Oakland PD.) (sp) (Met Catell via John Kidwell 'old boyfriend'.) Encouraged by neighbor, Sherry Finnegan, to get into nursing and gets job at John Muir. Gets minor fungal infection in nails and Dr. Norman Price recommends Sporonox and 1-2 weeks later gets 'delayed reaction' is deathly ill. (Lost bladder control 80%, mastic pain, appendix pain.) Is involved in alleged inheritance fraud via Terry Scuderro, Lieutenant Sandoval over Jerry Catell's mother. Gets infected with scabies at John Muir, given Sporonox that allegedly causes major problems, gall stone surgery, gets fibromyalgia, depression given Elavil by Dr. Henry Downs now of Idaho. Develops shrunken bladder like Viki, inflamed stomach lining like me, major anxiety, cannot think, write anymore, nightmares of being traumatized via choking claiming 'facial features like to Nancy Olsen former landlord.(Son assaulted me out of the blue; "You're stressing my mom out". (Had ONE talk with mom and very amicable; she claimed to be 1/16th Cherokee just like me, but I did fax issues with kids to several supervisors/Social svcs/Atty general/WCPD/Human rights/.) Current employment paid twice market \$30/hr cash, many suspicious circumstances at employer. Randy/Nicole Perkins. (Key timing issues with hours that conflict, a backup van key of mine, in her purse, gets ground down and stops working.)

Catell tells Lucy he'll rent her his house again for under market rent, except for me. "I do not know him.", when ONE phone call to his buds at the WCPD, Sandoval, would have answered the question. Lucy has known me with my kid Courtney, as she was her nanny. ~25 years ago.

ii) "Bad Luck" on the Part of Family

o Suzanne Harmon- Gets sucked into investment 'pump and dump' scheme through my brother Desi; "Lost my shirt" as did Desi, my younger brother. Wally Santos attempted to get me into a stock that plummeted shortly thereafter, and dissuaded me from getting into Apple that took off like a rocket.

o Sylvia, Suzanne Harmon's Sister- While climbing a mountain solo, apparently, slips and falls to her death; In-law & old girl friend that had made a serious pass at me during period in question; this was mentioned on the phone during the time my phone was bugged. We dated briefly after arriving in Cal.

o CA-Wendy Hughes (Sister) - 925-285-5846 First ripped off by attorney in divorce, then ripped off 30K by Stan Stanek, former cocaine dealer, who was associated with Viki, my ex, with many military weapons, who threatened my kids when I spoke to him about Wendy's 'loan' he would not repay. (Called WCPD and told they could not do anything until he DID something.) Wendy then 'loans' money from house sale to another 'friend' of hers and again cannot get it back. ("Jerry", I believe, former owner of process company that gives her 'free rent' at a condo while she's coached into real estate loans just before drop.) During lawsuit, Wendy told me and I told Viki, that Wendy came home to her TV sitting in middle of living room. Used by Crosby, Heafy, Roach and May to scare her into settling her case. Somehow, she now claims to have forgotten this traumatic incident.

o CA-Desi Speh (my half brother 20 years younger very high IQ) - Is also Mobbed in high school and 'golf coach did not like him.' Very, smart boy forced into leaving high school and getting G.E.D. At University of Santa Barbara starts playing Rugby and gets multiple broken limbs, by 'accidents'. ~2001 Gets taken by 'pump and dump' scheme on 'Ants' stock. Roughly same time

o CA-Mother-Janice Darlene Henderson has botched hip surgery resulting in one leg being 1" longer than the other; claimed to have no memory of ever being measured while others were measured three or four times. The John Muir Surgeon, well respected, transferred out of the state, as have almost every single other involved party. Suddenly is very hostile towards me after being told various twisted truths by her 'significant other' who also had old misunderstandings revived fanning the flames of hate. After having symptoms for several years of various neurological conditions, her doctor finally orders an MRI and discovers a stage 4 Glioblastoma. She was referred to a cancer doctor that did not advise her of existing trials for which she could have qualified; I found them. After MRIs showing the cancer had returned, her doctor, Counelis, WC Oncologist (sp?) waited over a month to re-take the MRI and gave no treatment in the interim to stop the growth; she was dead within weeks. He made an odd comment about 'working with Jews' while I was at his office to me; this seemed to tie in with the anti-Semite smearing from ex-wife; garbage. Her Neurological doctor claimed different radiological photos had been sent to him causing him to send her home. Mom, said, she was told by him, "These are not the pictures that were sent to me or I'd not have sent you home."

o AZ-Grandfather given medications contra-indicative to his liver; even though he was relatively

healthy, suddenly starts bleeding internally and dies; within a couple more years his brother died, in a rest home on Mother's day. His wife grand aunt Katie told by Dr. "It looks like you've been exposed to radiation, gets breast cancer, very bad luck with doctors and relatives. Son Richard Newby, several years ago, used by copper thieves to return copper wire for salvage. Normally very honest/old fashioned turns into an apparent thief over an old firearm that belonged to my Grandfather. Very odd behavior, mean spirited when before very gentle.

o Yuma AZ-Mark and Rachele Osborn/Mohammad- A teacher gets caught molesting their daughter; while on a joint vacation we have a garbage truck back out of an alley into the side of the vehicle in which we were both riding; while staying in the beach house we have outside our beach front unit a man was calling "Viktoria", "Viktoria", in a sort of ghostly tone. This was the name of my wife who was also present. She suddenly leaves to see her mother and father excluding me after years of attempting to mend fences from some ancient family stupidity involving CPS and 'bruise' picture that existed due to my unwillingness to assist in bathing my kids after they could walk. Courtney potty trained before she could talk/walk. I taught her the word bathroom and she would hold up her hands and say 'Ba'; This was one of her first words.

o Houston TX-Robyn Osborn - ~2003 Is told by teacher her daughter "may" have been molested by father, but ends up being likely false, and serious, false scare. (About same time as Gilberts.) Ex-husband 'flips', threatens her, and mistreats daughters, Houston PD "loses" reports of his abuse;

o IL-Nancy Hughes- Develops pain in side and ends up dead from a burst colon, this despite being rushed to the hospital. Her husband was the first person to inform me of some of these terrorist tactics using psychological anchoring and also was dead a short period of time thereafter; causes unknown to me.

o CA-Courtney Helena Anderson- Mobbed in high school, [including AP teachers, 'friends', head counselor.] At Cal

Poly introduced to older man with kids, “just a friend, dad he's just like you! Good with kids and self taught programmer.”: Joe Bonzi. 2 Personal jets, 500K car. Took her to the Bahamas with other girls from very wealthy families and on various trips around the country; came home very sick just in time for finals. [Her and my relationship starts to plummet.] Several very odd events happen at Calpoly SLO, to separate and alienate her from her real friends. [Extremely odd slob 'friend' room mate lets food rot; it was a mess, but I do not believe Courtney was living there then, Bonzi already made move. Suckered into black skimpy bathing suit for school calendar, then switched to summer scene; looked bad.] This pattern has been consistent since late middle-school teacher Ms. Rupp, mother of Kiki Rupp from Palmer School in WC. Even though very healthy life style, BOTH daughters frequently sick during key periods like finals. Certain teachers accelerated their lesson plans during this period throwing the younger kid further behind, causing further stress. Numerous Italians interjected into our lives that seemed far and above the normal ratio of WC. Sexually assaulted in high school after being handed a job from contractor 'friend' of hers at job at Crow Canyon Country club. This by personnel manager. Baits her with 'double checks' offer that would not have been possible due to auditing, perhaps to discredit in advance.

o CA-Jordan Anderson- Mobbed in high school by certain teachers, vice-principal, several Italian, Andrea Alioto, and non-Italian fake 'friends' create social problems and play head games with me, next door drinking neighbor of +10 years attempts to 'help her' button her pants and looks down her pants; scares her and does not let her leave 'just yet; when she got home she was frightened. Calls house immediately after seeing if 'everything is ok?' Big crying scene by wife and sister comes to the door. This man should have been turned in, but he did not TOUCH her and claimed to 'have friends' that were able to 'take care of problems'. “Mr. Malik & Fatima Mokri” Jordan Anderson, youngest daughter also Mobbed in identical manner in HS and comes home, out of the blue, says, “Whites and blacks should not mix.” She was not raised this way at all; very odd and learned this is marker for child stalking from old WC friend; Julie Ledson-Hintz. Father owned Festival Cinemas in downtown WC. The NEXT day from having been told, in detail, by same friend of the leveraging of children as mole/provocateurs, Jordan commits a feigned suicide. The timing so close, to my friend 'spilling' the proverbial beans, suggests it was triggered. Perhaps by Ritual Abuse/Mind Control programming that could have been done when spending the night with the “friend” that taught, via modeling, that 'Blacks and whites should not intermix', or one of the other “friends” interjected into our family. The symptomatology of this tactic explains behavior in several family members: mom/sister.

o AZ-“Mema” Grandmother- After Pepa died, I went out there and she allowed me to take several old guns of Pepa's. Within ONE month denies the whole thing and tells Jim I stole from her. Complete fabrication; seemed to have forgotten complete conversation. Spoke to her neighbor Elsie and she claimed, “She did not forget.” and I believed she lied about me. Big mess with family. Not long after, put into elderly home comes down with lung infection and dies. On trip there to see them I'm literally setup by local highway patrol for speeding ticket and harassment. (Pulled out in front of me and then speeds. Waits for me to speed and then pulls over, gets behind me and gives ME a ticket. Major harassment. Takes keys from ignition, lunged at me trying to scare me. I do not move one inch; and our noses almost touched. Threatens to arrest me if I do not sign some special form in addition to ticket.

o AZ-Gary Goolsby: After decades of successfully operating several retail outlets; has a turn of luck and is forced to walk away from both stores; ends up in severe financial problems. The threats went from faux and indirect threats to more direct threats and severe 'bad luck' with contractors, automobile repair facilities, and several 'opportunities' to commit federal crimes. (After finding new 'very nice' manager from Scotland: Pauline. Pauline now works for Jim Teasley of CMI Microwave who recently, was said to have gone out of country for microwave contract. [jteasley@cmimicrowave.com](mailto:jteasley@cmimicrowave.com))

o AZ-Danny Goolsby- After completing a masters degree on a partial football scholarship, has his best friend commit suicide. Had been experiencing extreme anxiety and is unable to get a job while all his friends were fully employed; was also lured into gambling and allegedly was 90K in debt to casinos. Also, apparently, ends up committing suicide after finding out that his girl friend has been cheating on him. Final straw girl friend betrays him.

o Viki Lampert-Ex-wife- Able to use her own kid to kick off divorce; able to steal pain medications from me in New Orleans. (Two months after her doctor prescribed Marijuana to me she uses it in divorce with CPS claim. These are over the top for even her background. (CPS claimed they 'lost' the report causing them to a) come to the house to 'investigate' and create fraudulent report b) happen to get lead WCPD officer, Scuderro that was also willing to file false police report in support of the false CPS report. Also claimed to have 'lost' report of when Courtney had chalk bruises on back of legs due to her taking baths at ~4 completely on her own. Again once they

could walk I could not help with baths.

o IL-Micheal Lampert- Mobbed in HS in a manner similar as my girls; then has home burglarized trashing entire home and told it was an "inside job" terrorizing the entire family. Has more "bad luck" in college when best friend commits suicide. (Stopped calling me back.)

o CA-Marty Dunham- Kid, Stasia Dunham Parker, daughter of 'Movement in Black' author, Pat Parker, Black Civil rights activist who died of cancer. Mobbed post Palmer school, when she after being removed with problems with Palmer. The Mobbing happened in Pleasant hill. African American girl was scared to go to school; would hide in closet from trauma. (Painted racial comments on locker; and made to be social pariah; as were all the above family of mine.) This Stasia, a friend of Courtney's from Palmer school, was scared onto medications just like Jordan was. Marty Dunham's, more recent, African American S.O. with RV, former Postal worker and WCPD had same stalking routine.

o Tim Anderson 925-330-9185 (Small fraction of 'bad luck')

- Get random call from Scott Osler from Brobeck about a contract that was 'Client Server', but would be preceded by some AS/400 work. When I arrived and did my first AS/400 program it turned out to not be true and notice wsashortly thereafter. (Fairly common tactic to lure good developers into a contract, but now I wonder about this due to the Brobeck connection.)

Skiing and come across some guy throwing skis around, with large, firemen/police/military type 'friends', get's in my face and sucker punches me; his 'nephew', I think, grabs me from behind at the same time and I get broken leg. (He gets arrested by Nevada/North shore police .)

- John Muir: Dr. Yee misses on a liver bx and hits a rib; daughter Jordan is traumatized in the ER after an incident at Nancy Donofrio's; Dr. Frank of Berkeley prescribes marijuana and two months later so-called Child Protective Services is at my door threatening to take my kid who has already been traumatized. Indirectly threatened by Skuderro with involuntary incarceration, but when I call him on it he backs down. Moments later threats me if I come back he may have to arrest me. Essentially evicted from house using threats of taking Jordan. (Nance Dehring who then 'lost' report causing them to roll. Social Services is CORRUPT! After telling wife I did not trust Professor/Dr. Mason of UC Berkeley and I'd be taping the 'counseling'. Mason attacks me trying to get the tape recorder from my pocket. (Found out later Viki had told her the sessions were being taped, so it was completely legal.) Then blocks the door and I cannot leave. Slams my arm in the door with 9/11 on the phone. Albany police arrive and sucker me into getting up after being told to sit down and break three end-plates in my back. (Officer Willits and his Sergeant.) When I arrive at Albany PD a car shows up and take the tape recorder somewhere else; when the tape is returned it's minus the info on Mason's attack and police attack.

- First 'tenet' at 1169 Alfred looked like another setup as the person's son was a key players as a senior in varsity football at Los Lomas. This was during their best season of football ever and the mom told me her son lost the playoff game for Los Lomas when he made his 'first mistake'. Possible gambling organized crime? Totally messed up new paint in house and left short on rent. Husband was hearing aid salesman and both total con artists; sister looked at credit report and advised me to allow them in; huge mistake.

I swear under penalty of perjury the forgoing is true to the best of my knowledge, although there much more that has been left out. This is a hyper-summary of so-called 'Bad Luck' amongst the people in my family and dear friends, or recent acquaintances

If you haven't seen it, Dr Phil aired a show about mind control that was shown here on Nov 12. They talked about a cult and how people were isolated and experienced many of the things we do (one part of what we go through). He said that he wanted to hear from viewers on this subject and they can be guests on his show. There are guest contacts from that show who have links to his website and are experts on mind control. I believe this is just another opening for us to inform him of what is going on in our lives. We should probably also contact the guests on his show that specialize in this area.

### **MIND CONTROL WARNING SIGNS (From his website)**

Some say there could be as many as 5,000 religious groups in America preying on the weak and vulnerable, with five to seven million victims and 180,000 new recruits each year. Learn the warning signs of dangerous groups before you become a victim.

Rick Ross is the founder and executive director of the Rick A. Ross Institute, and an expert on cults, controversial groups and movements. He's been researching cults for 26 years and helps families intervene with victims of destructive cults, and he offers warning signs of dangerous groups and leaders, brainwashing and how to avoid being taken in by mind control.

#### **Tools of Mind Control:**

1. Control environment: Loved ones are cut off from family, no communication.
2. Break down sense of self: Break down their sense of self-esteem, literally attack them as individuals on the basis that they are wrong and that the group is right.
3. Instill new sense of identity: New identity is reinforced by the group environment, where you get no feedback except from other members who tell you that they understand the right behavior and the right way of being.
4. Isolate: Cut off from outside world. Fear keeps them trapped inside the environment of the group.

#### **People Who Are Vulnerable to Mind Control:**

Rick says that people who have been brainwashed come from all walks of life, regardless of education, social status, family background and/or intelligence. However, the people who are more vulnerable to mind control are those going through a difficult time in life and/or a transition:

1. Recently divorced
2. Illness
3. Personal tragedy
4. Career failure
5. Away from home for the first time

I BELIEVE THIS PART IS FOR THE PERPS :-)

#### **Warning Signs of a Potentially Harmful Group/Leader:**

1. Totalitarian: Absolute authoritarianism without meaningful accountability.
2. Little tolerance: No place for questions or critical inquiry.
3. Unreasonable fears: Unreasonable fear about the outside world, such as impending catastrophe, evil conspiracies and persecutions.
4. Never good enough: Followers feel they can never be good enough.
5. No reason to leave: Former followers are always wrong in leaving, negative or even evil.

#### **Warning Signs of a Brainwashed Victim:**

1. Obsessive: Extreme obsessiveness regarding the group/leader resulting in the exclusion of almost every practical consideration.

2. Dependency: Dependency upon the group/leader for problem solving, solutions, and definitions without meaningful reflective thought, a seeming inability to think independently or analyze situations without group/leader involvement.
3. Agrees with group: Anything the group/leader does can be justified no matter how harsh or harmful.
4. Loss of spontaneity: A dramatic loss of spontaneity and sense of humor.
5. Isolation: Increasing isolation from family and old friends unless they demonstrate an interest in the group/leader.

**How to Avoid Mind Control:**

"Don't be naïve. You can protect yourself from unsafe groups and leaders by developing a good BS detector. Check things out, know the facts and examine the evidence. A safe group will be patient with your decision-making process. If a group or leader grows angry and anxious just because you want to make an informed and careful decision before joining; beware," Rick says.

I have tried many times to contact you. This is my latest attempt. My latest experience was at a local grocery chain where a young perp mentioned whilst speaking on his cell, "Now she's talking about money." Don't you think they owe us millions for their non-consensual research, for their non-judicial torture, condemnation, execution?

**8/9/09**

I don't have time to read your post at the moment. I know it is completely right. I've experienced this crap down to the molecule. But I wish to engage you in something that I think you will really shine in. The Peace Movement. The Peace Alliance - Campaign for a Department of Peace and Youth PROMISE Act - Draft Strategic Plan 2009/2011 - Will you Join our Planning Process?

This is in the planning stages. With your awareness and brilliance, This department could become a worldwide influence. Please let me know your thoughts. The I Ching says the best way to end Evil is to make vigorous strides in the Good. Please help me with this project!

We could use an investigation here in Florida, but by now the whole world is being assaulted with mind control. I hope you all are well and still thinking free and independent as possible. You most likely will not be able to respond to my e-mail.

MK ultra has been used on myself since 1998. I broke away from it's devastating effect in 2000 and was allowed to work after being a fool and voting for Bush II in the first Election. I was brainwashed, as well as tortured in 1998. My torturer was William J Rigby as well as Daniel Rigby from Naperville Illinois. Google William J. Rigby Potassium Nitrate Production. He was my ex father in law.

I helped write and edit a patent on Potassium Nitrate production. "White Phosphorous".. used in the battle of Fallujah in Iraq that is a banned UN chemical Weapon. I was told this was for fertilizer only.. it is also the ingredient in a horrible weapon. Once I realized what they were doing in Iraq with this the MK ultra was used on myself as well as my relatives- about 100 of us are being tortured.

It has been a much more invasive assault after Nov 11th 2006 and I have worked to free myself of this device. The only problem is those around me are not free and it is very horrible to witness. Florida is a mess. I have seen the effects of MK ultra being used in many locations in the United States. MK ultra in Florida, Michigan, Ohio, Georgia, California, Burlington Vermont, Up state New York I do believe the supercomputer that run the microwave control are located in Maryland as well as Israel... perhaps also Lincoln Nebraska and in Kansas...

The degree of control is great and the degree of monitoring the human mind is full. Those that resist are punished... not given employment, not given social contact. Those that comply are rewarded with "things", "status". It is a sick system and very hard for most to resist. Fear, greed, hatred feed the fire of MK ultra. Once you release these emotions and fill them with courage, selflessness, love, kindness, the weapons fails... Plus you must eat healthy... no chemicals that percipitate on your nerve endings. .only bath supplies that are natural, only natural foods.. read every label.. drink no water with flouride...

Pray for the 50,000 children of Montreal CIA MK Ultra. You did not die in vain and are not forgotten.

Pray for the 100,000 Ringworm Children of Israel that died from MK Ultra May they not have died in vain.

The Schumann Resonance generator will free your mind from ELF MK Ultra.

Attempt 34 at freeing America and the world from MK ultra New World Order control. Attempt #33 works, but it is a bit shocking with the Van De Graaf generator-fun but a bit loud. I have been keeping on at night when I sleep and using one probe of the Van De Graaf on my foot while placing my head near steel charge globe. Disturbs the St. Bernard.. Hero does not like it too much!! So now I will move to a more logical whole house and body protection device. It is called the Shumann Resonance frequency generator..

<http://www.raydionics.com/resonance.htm?OVRAW=shumann%20ressonance%2>

On a grand scale and more drastic scale this would free the world and and stop the New World Order. But the system could be taken apart just as it was built. The thing is no one would be willing to take it apart because they are under MK ultra control. <http://superconductors.org/emp-bomb.htm>

There are millions of victims worldwide. Most do not even realize that they are being mircrowaved and beamed from satellites from the USA dep of defense. There are over 200 satellites up there.. from the US taxdollars. These weapons were to be used for war and not on civilians, but Bush authorized them to be used on Civilians and is guilty of mass murder, torture and is an INternational war criminal.

I have been extensively tortured since November 11th 2006 by what is called Directed Energy Weapons by Rumsfeld, Bush, and Cheney, as well as my ex father in law who is friends and financial supporter of all of them

**23/11/08**

Kathy Kelly told me to contact you several years ago when my torture from the infared satellite system started.

Have you been in touch with her and is she OK?

My entire family is being tortured by the HAARP and manipulated. It is beyond cruel and inhumane

**1/9/09**

I also am a directed energy victim and psycotronic weapons victim as well as my entire family and all of the former Principals at Chicago Public Schools, all the Engineers at Chicago Public Schools as well as the Administration staff at Chicago Public Schools. Mark Siefert was murdered around Christmas 2006 from this weapon. Mark Siefert was the Region 5 and 6 Portfolio Manger for Chicago Public Schools in Chicago Illinois. I lived in a home in Oak Park Illinois- at 316 S. Oak Park Illinois and the entire town of Oak Park Illinois- home of Frank Lloyd Wright was attacked November 11th 2006 and even before with Poison Food and water by Blackwater Inc- a Halliburton Corporation run by Richard Cheney. Many were poisoned in Oak Park Illinois and many died there and many have been tortured and many are still tortured. This is a crime against humanity, as well as an international crime against humanity because duel citizens were harmed, murdered, tortured. Bodies came out decomposed and entire apartment buildings were poisoned with toxic substances in the Food, water and air from the chemtrail sprays. Grocery store food was switched out by Blackwater Inc as well as food in eating establishments that made residisents of Oak Park Illinois as well as Chicago Illinois as well as Detroit Suburban Michigan very very ill.

### **Gangstalkers: Stop harassing people and violating their Human rights .**

A silent Holocaust utilizing families, friends, long-time medical doctors who've known the patient for years, hospitals, priests, and community-based citizen cops, both with criminal records and with clean records, all for significant material gain.

Police know that microwave weapons are banned in Massachusetts, yet if you report being tortured in your home, in bed at night, they will use this as an excuse to hospitalize you.

In the meantime, my eyesight is deteriorating, my cognitive abilities are almost gone, and extreme fatigue keeps me from going out to do activism for the fight against this: which is exactly what they want.

They are killing my closest family members with the stress this puts them through. They are doing this "slow-kill" killing for absolute entertainment and money. The shadow government knows just who to hire to carry out their COINTELPRO-like tactics, the break-ins, the gaslighting, the gang stalking, the rudeness with no explanation from service people, even the hospitals set up to give the victim a hard time and not exhibit any compassion whatsoever.

And most importantly, in the grand COINTELPRO style, to give them a label of schizophrenic for the first time in their lives if they even hint at being gang stalked.

How convenient for the criminals. An old, old tactic going back to the Stasi and Soviet Russia, and even the KKK. And I know many older ladies, who live alone, older than my age of 55 who are suffering even more.

What kind of a country lets this happen?

The surveillance of all things cyber and the illegal GPS put on friends cars apparently, are in themselves, blatant violations of civil rights.

Are these outsourced security type groups that are out of control, and have a distinctly psychopathic bent?

Who is behind this?

### **The President of the United States: Prosecution of Gang Stalking and of Electronic Harassment of people**

This is important to me because it is the worst hell that any human being could be subjected to, and it is supported by a web of secrecy enforced by significant material rewards to the participants.

I have been in a virtual death camp since August 2012, and before that was probably surveyed for many years to find out how to tailor my particular psychological torture program to me.

My reputation has been destroyed and yet I have no criminal record, though law enforcement tried to fake my being involved in crimes a few times when this program intensified.

I have lost my health, and many friends and family who have been lied to, or warned off.

It is such an uncanny situation that the only way it can be believed is if someone, an investigator who can't be bought, brings all victims together and compares notes on just how they are being attempted to be forced to suicide, or made insane.

The only thing that these atrocities are reminiscent of is the CIONTELPRO of past eras, only this is on a much larger scale, and utilizes/abuses fusion centers and neighborhood watch citizen "cops" to psychologically torture the innocent victim.

I am 22 years old, and the gang stalking / electronic harassment started this summer. I grew up a foster child, and my only guardian is a man I've lived with for 13+ years now. It's gotten to the point that he doesn't believe a word I say about any of this and threatens to walk out on me daily. These group stalkers have lost me my job, lost me all my money, mostly to therapists and psychologists. My foster father, is pretty much forcing me to go on anti-psychotic drugs or else leave. I know that my friends are a part of this stalking regime now. I don't know what to do, they've ruined my college life. I have people who tap my walls at school constantly, it's as if they know when I'm getting close to falling asleep and then tap. My body is being subjected to non-stop muscle twitches, eye aches, and anything else involved in that. Not to mention dealing with all the stalkers. I don't know what to do from here. I was held at a Psychiatric ward because of all these events, where I believe they might have injected me with one of those stupid things that create you into a bio-robot type deal, because these stalkers have proven to me a few times that they can pretty much tell what I'm thinking for the most part. I'm not free anywhere, and I don't know who I can trust and who I can't. How am I supposed to become a self-sufficient adult, when my legs have now been torn out from under me?... It's as if my whole town is in on this stuff.... what can I do?... where can I go?... all this stuff has drained my pockets. I'm penny less.

What can I do?... I've lost my friends. My only family member thinks I'm a psycho 'not seeing the world properly'... this site is like my only life line :L Even if I could just chat with other people who have gone through this.. it'd be great, cause I feel so alone

Hello, I received a letter from a friend saying that you are interested in learning first hand accounts of this silent form of abuse that grips the world, not just the USA and Canada. But upon learning more about it, you will find victims every where.

I can not speak for the those who say they experience electronic abuse, perhaps have experienced it for I have had bouts of strange illnesses that cannot be explained but I can definitely speak for those who suffers from a handicap who has suffered abuse in the form of **COVERT HARASSMENT**.

Often this goes on for years. Once a person is targeted to be a victim, it continues to follow them throughout their entire lifetime.

The accounts and incidents are so numerous that it would take a 500 page tome to describe them all to you. My group has named this "the Silent Holocaust" because it is claiming as many victims silently as the Nazi gas chambers.

It is designed to get around the laws protecting human rights. So it is called Covert Warfare. And you are at a form of psychological warfare and often physical warfare within your own country, not with some foreign nation. It is often with your own government whom the victims of this warfare is fighting.

Some may think you have to done something major to be targeted a victim, but this is not the case, all you have to be is decided to be chosen a victim by unseen groups of people and you are in.

These thugs, because that is what they really are are as dangerous as any other organized criminals. But presently are above the law, because their operations are coveted. They destroy homes, lives and everything dear in a society or that person's life.

I have been dealing with this for over 30 years. So I know the victims are not making these things up. they really do happen. I know the accounts sound crazy but they truly are not crazy.

**Among the primary operatives involved in psychotronic torture is clinical psychologist Robert Gunn, PhD of Ann Arbor, Michigan.**

For 30 years, at the Veterans Affairs Hospital on the campus of the University of Michigan, Gunn deprogrammed World War I, World War II, Korean War, Cold War and Vietnam War-era prisoners of war.

Many of these people had been physically and mentally tortured by their Nazi, Japanese, Soviet and Chinese captors. They were subjected to various forms of pharmacological and electronic mind control.

Gunn has personally detailed to me his work with psychotronic development.

Gunn harnessed his clinical knowledge and translated it into developing a psychological protocol of torment. Gunn proudly nicknames himself, "The Water Torture Man."

Gunn is a high-ranking member of the "non-technical team" that created satellite-delivered synthetic telepathy and voice to skull transmissions. His role was to create a paradigm of continuous, repetitive messages that, essentially, drive a targeted individual "crazy."

Gunn is an associate professor at the University of Michigan and is in private practice at St. Joseph's Medical Center, Ann Arbor, MI.

**There is an abundance of information lending credibility that the operations center for psychotronic torture is at the University of Michigan.**

Some of the first reports of psychotronic torture cropped-up in Michigan and nearby Canadian border communities more than 30 years ago.

Michigan is the first state in the nation to enact legislation that outlaws forms of electronic harassment. Many people interpret electronic harassment as part of psychotronic torture.

ADA, Michigan is the headquarters of Amway. In the 1970's, CBS News 60 Minutes exposed Amway's pyramid scheme, known as multi-level marketing. Amway sells, through its distributors" various consumer products. Everyone in the pyramid is a so-called distributor.

Amway is not available at retail locations. And it is not sold door-to-door.

Crown distributors, sell to Platinum distributors, who sell to Gold distributors, who sell to Silver distributors, who sell to Bronze distributors, who sell to the lowest level distributors, who end buying the products and filling their garages with an array of products they can't use and cannot sell.

It has often been publicized in mainstream news media reports that Amway members actively participate in orchestrated incidents of organized stalking and harassment. The attacks are waged against people who want to escape the pyramid because they are not achieving levels of success.

Amway is the largest contributor to the Bush administrations and the Republican Party, according to multiple news reports in the New York Times and elsewhere.

Bush Senior, former Director the Central Intelligence Agency, is credited with overseeing the development and execution of the Strategic Defense Initiative (aka: Star Wars). SDI satellites surround the globe. These satellites are capable of astounding forms of video and audio surveillance.

They are also equipped with an array of laser, ultrasound, infrared and electromagnetic projectors and weapons.

Dr. Gunn is the father of my former girlfriend. The 36 year old woman became involved in a secretive relationship with my former employee, who was 13 years younger than she. The two reigned 18 months of harassment and stalking attacks against me, including cybercrimes and telephone crimes.

The former employee was arrested by the New York Police Department in 2005 on charges of second degree aggravated harassment and fourth degree stalking.

In retaliation for his arrest, **I was attacked with directed microwave energy weapons. The sensation closely mimics a continuous surge of electrical current running through my body.**

I was gang stalked. My home was repeatedly vandalized and burglarized.

I was placed under high-tech infrared and x-ray (see through the wall) surveillance.

Vivid color holographic projections were beamed into my home. These are likely from land-based, line of sight projectors.

I have also experienced gray-scale holographic projections, which likely originate from satellites.

I was attacked with voice to skull transmissions that bypass the auditory cortex and connect directly to the brain.

I have also been exposed to infrared acoustical projections, heard with the ears.

My disabled sister was also attacked. She was wrongfully diagnosed as schizophrenic and delusional. Psychiatrists in Boston convinced my family to persuade my 50 year old sister to undergo electro-shock-therapy treatments.

Professional "weeps" of my home confirmed low-level radio signals (ELF waves) and high intensity infrared signals.

When I relocated, the stalkers followed me.

To date, I am constantly bombarded with voice to skull transmissions and body shocks, which are satellite-delivered.

Robert Gunn, PhD is a self-described covert operative of a rogue element of the National Security Agency.

You may pass along my story to others BUT I WISH TO REMAIN ANONYMOUS.

**I have several Arizona victims that will speak out about this horrendous harassment. Many are frightened & older that have chosen to remain private about the illness it causes.**

**I'm Bev from Mesa.** I testified for the prosecution in 2000 in Phoenix courts. Since I've had home entries & damage that even the insurance co. reimbursed. Hired a PI who said my phone & home was bugged, but do have a photo of home entry. Numerous police reports made w/o assistance. Last few years the stalking has continued &

electronic hits on my head causes scalp lacerations, & been to ED x5 due to irregular heart-rate. almost 8 yrs.

**Virginia is 82 yrs old & has had harassment since living in California 20 yrs ago.** She lives in Apache Junction & has had neighbours entering her house, also received reimbursement from insurance from damage. Her sleep is disrupted also, she has had stalking that required the presence of the police chief to be notified. It stops temporarily then restarts that causes fear.

**Donna lives in Mesa & has had numerous medical problems.** She finds mites in her home. She sees this man on a bicycle follow her regularly. Her sister managed to take her deceased parents property from her brother & herself, & since the sister has verbally abused her with messages of dying & incapacitating her. Voice to skull is very common in victims.

**Frederich Lee lives in Glendale, Az.** He has been hit by a car & stabbed by unknown assailants. He's been disabled from working by the voice to skull harassment. He feels that he is being tracked by GPS as has been written in articles & safety is a factor for him.

**Regan lives in Scottsdale, AZ. & has a long family history of harassment. LIKE OTHER TT'S, FAMILY MEMBERS WORKED FOR GOVERNMENT OR MILITARY.** She is frequently stalked by cars. I notified GOD's Army about the decals the cars had & that stopped- the decals weren't visible. She lost her business & since works @ a dignified hotel in Phoenix only to be continually harassed & degraded by fellow employees. Her home frequently vandalized, wild pigs brought into her property & shot by her harassing neighbours. As you can see, most of the targets are single women & 90 % of the harassers are men. This should be illegal but the police have been contacted numerous times by all of us w/o investigations.

I would like to draw your attention to some extreme and horrendous criminality being conducted with the involvement of the United States government-related agencies and the complicity, if not participation, of many other governments and security agencies.

I am a victim of torture and abuse using directed energy and neurological weapons. I was born a citizen of the United States and first became aware of this torture and abuse in 1997.

The criminal use of directed energy and neurological weapons on myself are causing the following effects:

1. visual disturbances
2. injection of words or numbers into the brain via electromagnetic radiation waves
3. manipulation of emotions
4. reading thoughts remotely
5. causing pain to any nerve of the body
6. control of sleep patterns
7. complex control of the brain such as retrieving memories

There is massive ignorance and secrecy regarding this, and victims such as myself are being subjected to uncontrolled and unacknowledged torture and mental and physical debilitation. This has remained complete unreported and undiscussed publicly. There are many others all over the world who are being subjected to similar

torture and abuse.

Your attention is urgently needed to halt these atrocities, protect loyal citizens such as myself, and bring the perpetrators of this abuse and torture to justice.

I am u.s. American citizen

I was ganged stalked from 2002 to 2008. Then everything suddenly stopped. Next from 2008 to 2009 I was severely tortured by all kinds of weapons, microwave, radiation, electromagnetics, lasers etc...

It continues to this very day.

**19/9/12**

My name is arnold.

I want to thank you for all of the very important info you send me.

I am very much involved in doing my part with exposing this vital info to the church family. I have been on a book project for about a year now on torture in America. I myself am a survivor. I know everything u go through. I run a Ministry home in San Jose Ca. I would to meet you one day in person, or possibly talk on the phone with you.

Thank you peace!

Father I am ur,child my sins are forgiven. As head of my house hold I pray according to ur word asking for ur protection for each of us. Give safety to my child & ease them day by day. Our life is exceedingly filled with the scorning & scoffing of those who are at ease, and with the contempt of the proud irresponsible tyrants who disregaured your law. Lord, you see the violence in our streets & in our schools. The drug dealers, gang members, "The Shadow Government" in our neighborhoods, waiting to snare all the people. On the authority of your word I ask u to destroy their schemes O Lord, confuse their tongues for I have seen voilence & torture all over the world. Day & night they go about its walls iniquity & mischief are in the midst. Violence and ruin are within;fraud & deception do not depart from the streets & market places . I am calling upon u Lord, & u will save me & my household as well. Father you r our safety & protection for our strength comes from you-the God who made heaven & earth. You will not let us stumble. You are our Guardian God who will not fall asleep. U r right at our side2protect us. U guard us from every evil, You guard our very lives. You guard us when we leave & when we return. U guard us now. U guard us always.

I proclaim that the blood of JESUS is our protection, as it is written, ...when I see the blood, i will pass over you... (ex.12:13). I declare & decree that I am drawing a bloodline around my children, & the evil one cannot cross it. I know that we are held firm by you, Lord.

Father thanku4 ur devine protection in the name of JESUS I pray amem. For with God nothing will b impossible. If we get rid of unfair practices & quit blamming victims our lifes will begin to glow in darkness. Our shadow lifes will b bathed in sunlight. I will always show u were to go. I will give u a full life in the emptiest places, firm muscles & strong bones. You will b like a gurgling spring that never runs dry.

Thank you in Jesus name!

**23/9/12**

I've been reading over the material you mailed me & I would like to say that you have done a excellent job in all ur

work. I believe that if u were willing we could team up & help one another better fullfill our job descriptions. I was a activist in 2008 doing the same work as you. However things didnt work out to well for me because I needed a partner as a witness becasuse no one believed me & if they did they would be attacked & couldnt do much to help. Now theres a better way for me to get out this news as I have gotten better results. Everything you are talking about is end time bible prophecy. I can translate what you are saying through scripture & get the support & attention from all the churches around the world. However we will have to work as a team side by side. I have created and build a Christian Ministry Home especially designed for what u are trying to do. I have a larg home basement, yard etc... I have extra room here in my house for u to set up high speed internet office study areas + special prayer help to back off this enemy that is tormenting you. I believe I can get him to back off you at least 50% or more. I would like to write a book to the churches using ur info & my scriptures. This would be very effective in publising these events to warn the people. I would like for you to b a witness to the & protection God is,giving us but we must b together in the name of Jesus Christ.

Remember I went through a1yr initiation breakdown torture so I experienced it all already. Today I am ok!We can help each other. What do you say?

You would have to be willing to move & live in my place in San Jose Ca. I will set everything up for u. All u have to do is b willing & trust me.

**Dear Representative Jim Guest,**

Thank you for your courage and integrity in exposing CIA torture using electronic weapons. As a former CIA physician, I have been a whistle blower trying to end all black ops and black technologies. The CIA has retaliated by having me tortured, as you can see in the attached files of my torture injuries. In addition, it has targeted me with electronic weapons.

This week I experienced a dreadful episode of this for over 12 hours which mimicked water boarding, a torture that the CIA has performed on me using real water in the past. But I want to bring this virtual water boarding to your attention because it was in some senses worse than regular water boarding because it was much longer lasting and inexplicable. I am quite a calm contented person in spite of the many dangers of my life. For no reason at all, on Sunday night of this week, my body suddenly had the sensations of suffocation, fear, panic, and anxiety. It was like someone suddenly threw on a switch to cause me increase water boarding sensations. It lasted for 12 hours, through the whole of the night, until the next day it dissipated with prayer. It was not associated with worry in my mind, as I was able to maintain my peace of mind through having a clean conscience. Nor did the sensations vary during those 12 hours as would have been normal if it was a natural phenomenon. It was definitely my opinion that this was a severe electronic torture to which I was being subjected. Since I have been physically tortured by the CIA, including in the week before, I was certain that this electronic torture was also being committed by the CIA. Had I been a regular person without a background in intelligence, I would have been driven half out of my mind by the feelings of fear, panic, and suffocation projected into my mind-body complex. What if I had not known that such sensations could be projected using electronic weapons? The public has no defense against such attacks. All torture must end, not just physical torture.

Thank you for your helping the victims by exposing these dark technologies,  
Sue Arrigo, MD

**Dear Scott Horton,**

Thank you for your excellent articles on torture. Obama is covering up that the CIA under him is still engaged in torture, not just of terrorist suspects but of innocent women and children. Please see the files attached and the letter I wrote below to Directors of Torture Treatment facilities about my recent CIA torture since Obama's toothless order to end torture. I desperately need help to end the CIA's intermittent torture of me. They have used stun guns to make me collapse helplessly on the street. Then they pick me up in an ambulance and torture me more before letting me out. This and other ruses have been used on me repeatedly even though I am a US citizen and they know I am not a terrorist. I was the CIA's expert in non-violent, clean operations.

Please advise me how I can get the US Administration to stop its torture of me; the US Justice Dept. has not even replied to my emails sending them proof of my torture. I am being treated as a non-person and completely ignored. How can I prosecute this blacklisting as a whistle blower and get them to stop this torture? Even the FBI ignores me and refuses to pick up the evidence of the torture.

Sincerely, Sue Arrigo, MD Former CIA Special Operations Advisor to DCIs

Dear Friends Against Torture,

The CIA has been torturing people and training the police of brutal dictatorships to do the same for more than 50 years. Merely, turning back the clock to before Bush, Jr., as Obama has done, has not stopped CIA torture. I know because the CIA and its proxy forces tortured me, a former CIA official and whistle blower, overnight several times since Obama signed his anti-torture executive order on 22 Jan 09. That order was a cruel joke because the last line of it said;

"This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity against the United States, its departments, agencies, or other entities, its officers or employees, or any other person." [http://www.whitehouse.gov/the\\_press\\_office/EnsuringLawfulInterrogations/](http://www.whitehouse.gov/the_press_office/EnsuringLawfulInterrogations/)

In addition, Obama has told the CIA to go right ahead kidnapping whomever it wants, see

<http://www.truthout.org/020109A> . Instead of kidnapping people and sending them to foreign countries to be tortured, the US has the moral responsibility do careful police work and extraditions to fight terrorism. In study after study, I was able to prove that all of the CIA's tasks which were ethical to do could be completed better using transparent, ethical, non-violent methods. There is absolutely no excuse for black ops or torture, even during wars.

Obama nominated Admiral Blair for Director of National Intelligence even though he greenlighted the massacre and torture of East Timorese when he was expressly told by the US State Dept. to end them by talking with the Indonesian govt., see [http://www.democracynow.org/2009/1/7/obama\\_nominee\\_admiral\\_dennis\\_blair\\_aided](http://www.democracynow.org/2009/1/7/obama_nominee_admiral_dennis_blair_aided) . He also nominated Leon Panetta to head the CIA whom I have reason to believe covered up Operation Phoenix in Vietnam in which over 20,000 civilians were tortured, kidnapped, or killed. It doesn't matter what people say, it matters what they actually do. Before Panetta Obama had nominated John Brennan who was as pro-torture as Cheney, see [http://www.huffingtonpost.com/2008/11/21/john-brennan-torture-tain\\_n\\_145517.html](http://www.huffingtonpost.com/2008/11/21/john-brennan-torture-tain_n_145517.html) . Obama could have appointed experienced intelligence people who were whistle blowers fighting against torture to these positions; he did not!

Senator Jay Rockefeller, outgoing head of the senate committee which oversaw the CIA, did not expose that the CIA runs illegal drugs, sex slaves, and starts wars for profit. He did not do that because the Rockefeller family is the major family profiting from the CIA's illegal trades. The CIA's policies have been set by the Rockefellers and members of Skull and Bones since its beginnings in 1947. President Truman said, "Had I known that the CIA would become the American Gesapo, I would never have signed it into existence." The truth was that the CIA was started by families who backed Hitler, tried to overthrow the US govt. in 1934, and profited from Nazi slave labor. Please see my Special Reports--Arrigo at [www.libertycalling.com](http://www.libertycalling.com) , particularly Case 22C and Case 24A-E "Did Someone Make a Profit Off of US Torture?"

Just this week the world learned that the CIA station head in Algiers was charged with raping 2 Muslim women, see <http://abcnews.go.com/print?id=6750266> . But what remained covered up was that the CIA routinely rapes and tortures innocent women and children around the world in order to make them into its mind controlled intelligence assets, see Bluebird: the deliberate creation of multiple personalities by [CIA] psychiatrists by Dr. Colin Ross.

These black operations of the CIA must come to an end. Torture has been used by the CIA to produce false confessions; everyone with integrity knows it does not produce actionable truthful intelligence. The CIA started Al Qaeda to have an excuse to go into any country to take it over, see the BBC 3 Part Series "The Power of Nightmares" at Google Video at <http://video.google.com/videoplay?docid=2798679275960015727&hl=en> . Just like Hitler burned down his Reichstag parliament, the US govt. committed 911 as a ruse to go to war to get a greater monopoly on oil, see the documentary Loose Change at <http://www.loosechange911.com/finalcut/> or read Christian theologian David Ray Griffin's well researched book 911 Commission: Omissions and Distortions. It is not fair for the US to torture people to cover up its own crimes.

Obama has refused to prosecute those US crimes. Is that because he is a puppet of the Rockefeller Family and has no intention to reform politics in Washington? If not, why has he allowed the CIA and its proxy forces to go on torturing me more than a week after he signed the order to end US torture?

**9/1/13**

Thank you for your excellent work. Alas, I am being physically tortured almost daily and EM field harassed the rest of this time. Do you ever get any reply when you email the ICC? I emailed them a lot last year and they never replied. Please let me know if they ever replied to you, it would encourage me to try again.

i am so sorry to hear this technology is being used in china. it has been used on me, since the 90's here in the united states. it is definitely a torture and harassment technology and extremely powerful. i have only found solace in block symptoms through medication, literally some medication will help prevent the nightmares and voices and the manipulation to go away. under my former medication, it would seem that i was normal, but it had a huge propensity for hallucinations at different times, most especially at night, and it would not allow me to keep normal hours of sleep. there would also be times during the day, where there would sometimes, they'd just get through. you have to realize its a machine doing these things, a computer, and yes, it was a man that set into motion, and it is utterly cruel and devastating. the only comfort i have found is literally being put on a medication that will block most of the symptoms most of the time. i can't say they cannot get to me, because their technology is extremely powerful, but i will say, that you must cope at all costs to stay alive.

I believe that I am already included. If not, please add me. I did send my case already and am glad that I am getting your emails. I am also glad that I am not alone. With Obama out of office, the Wassermans have less

Authority to hurt me but I am still dealing with the aftermath of the harm that my family has caused me. They also know Mr. Trump because my nephew's wife is working at the Cancer society in fund raising. My family have been cruel towards me and started the problems. My sisters keep it all going through the American government agencies.

Democrats in California are raising millions for illegals and not one dime for me or even an apology from any member that mobbed me or entertainment industry.

I was a sex trafficked victim by the Lew Wasserman entertainment group back in the early 80's because of my heritage, and because I was pretty and young. I was also the only liberal democrat in the family and sided with my real father on many issues. They have persecuted me here in America for over 3 decades. Lew Wasserman was Ronald Regan's agent. Deborah Wasserman Schultz worked for president Obama as the Democratic National chair. Obama came into the picture in 1985. Leslie Wasserman worked at Second City comedy store in Chicago Illinois, at the start of my trafficking through Lew Wasserman in 1981. The problems continue through Casey Wasserman in the Los Angeles area of California in the USA.

They did this at the request of my family and the Second City group that set me up for sex trafficking back in Chicago Illinois through Gamma Monarch Programming (deception-they lie to you about everything. You are

surrounded by actors and agents) Mark Stein owned the salon that I was working at down the block from Second City comedy store. It was owned by Jewish activists from Highland park, Illinois. Mark Stein is related to activist Jill Stein. Oprah was a part of the Black Panther party and the year was 1981. It was a joke to them because I am an enslaved white, German woman.

As I stated before, they used my heritage, my grandfather was a barber in Nazi Germany war, and my family had 2 salon/barbershops in Illinois and Florida. Oprah Winfrey's father is a barber as well and they knew each other. My mother divorced when I was 6 years old. She married a school supply salesman and they sold me to various businessmen and they tried producers as well.

My mother wanted to be taken care of by men and I wanted a career. The trafficking and harassment/set ups are to make sure that I never become anything and am always a failure or unempowered. They started by sending me through empowerment groups and worked through those groups such as Werner Erhard to make me think positive thoughts and enslaved me. They were a part of the Human Potential Movement. I am an American Nazi neuroscience project parody because of my German heritage.

My real father was a military man from a long line of military. My aunt on my biological father's side was in politics in San Diego and my great grandfather started as a volunteer in the Civil War and went up to a colonel but was mustered out as a sergeant from my research. I am not sure what happened (temporary position due to a death) but he fought in the Union army. The family on my father's side were involved in the anti-slavery movement.

They wanted to solve the issue of slavery and created an illusion of empowerment. They started Oprah Winfrey with her positive messages and never changed the infrastructure and policies that could have made America equal for all people. They said because I was white, they wanted a black spokeswoman and so they traded, enslaved, and trafficked me as a joke about slavery. Diane Sawyer helped groom Oprah's career and Mike Nichols thought the idea was great and they all went along with it.

They created dysfunction and extended racism as well as sexism through media. Hitler also created positive propaganda films for the Jews and sent them to the gas chambers. Media never shuts up but they all expect me to keep quiet and have hurt me for years.

My family lives in Tennessee now and so does Oprah's father. Hillary Clinton was also born in Chicago and my ex-husband worked for Tennessee native Al Gore's campaign. Next, they paid off former Los Angeles County Supervisor, Mike Antonovich after they moved me to Altadena where Rodney King lived. They implemented the start of my formal organized gang-stalking process there.

Organized Stalking is a form of terrorism used against an individual in a malicious attempt to reduce the quality of a person's life so they will: have a nervous break-down, become incarcerated, institutionalized, experience constant mental, emotional, or physical pain, become homeless, and/or commit suicide.

The California Federal Bar board, The California Lawyers for the Arts, O'Melveny, and Meyers, The Mungers, former LA County supervisor, Mike Antonovich and several other law offices here in Los Angeles were setting me up on false cases through the police department, police chiefs and getting the detective divisions (other agencies) to do surveillance on me. They were stalking me relentlessly, stealing things from my home, assaulting me over 138 times now, destroying my vehicle at night everywhere that they have set me up to live and arresting me for assault after they assault me. The DA's office blocked me because there is a connection there as well in Altadena with 2 black DA's that knew my case.

Producers, actors, and agents would call me on the phone, and tell me that it was my Karma, I deserved it, I was responsible for sex trafficking Jews in Germany and black enslaved women in America and they were going to enslave me.

They destroyed my teeth by drilling into the nerves and creating pain that I live with daily. They say that they want me dead, in jail or homeless so I will shut up and go away. They say that I am a threat to society because of what I know and must be treated worse than the criminals that they defend. They made me homeless and sent me to live in a shelter. Then after they set up housing, LAPD totaled my car during the middle of the night so that I could not get to work. They went to Jewish business owners who would post jobs online and they implemented workplace mobbing and assaults at work. They were on my computer, on my phone, in my home, at my work 24/7. There have been numerous druggings and sexual assaults.

At every turn in my life, I would be set up, and the people who set me up would be rewarded. When I talked to a person who was also there from the start, he said they were having fun. So here I am and they are simply having fun breaking all constitutional laws and ethical laws. The CIA knew the FBI listened but could not do anything about it. One FCC agent said in a mocking voice, “can’t you get a lawyer”? They would use different police chiefs, Lee Baca who is known for his family’s political corruption, Baldwin Park, West Covina, LAPD, and they are still going. The problem with the Law enforcement is that they are sometimes too involved with the criminal world and have used those people to commit criminal acts such as falsifying birth certificates.

They sent me to quack doctors who drug me and just say “well, take more drugs”. Those drugs will kill you and then you will be free from pain.

The ACLU could have cared less about my civil rights. Even though I am due money from Oprah because she and Eric Holder were accessories to my trafficking, instead they hired Holder as a consultant. California only hired Eric Holder because he was put in place by Lew Wasserman and Ronald Reagan. Jeff Sessions was denied judgeship during the Reagan years.

No one has compensated me. They all have prestigious positions and I was set up to be harmed by the USA. They all know and did nothing. No One has stepped up. These people have paid off everyone and the politicians just laugh and say, “Good Luck”. The Department of Justice, wouldn’t do their job to stop the gang stalking and none has helped me out of my situation.

Law enforcement and politicians in California are fine with taking money, creating havoc, and lying to the public but will not, and have not, honored American laws. Under SB-813 Sex offenses: statute of limitations has been lifted and I am due compensation.

What they did to me is unconstitutional and the DOJ did nothing when I sent a 30-page letter. I am ignored. If you read about what gang-stalking is then you will understand the methods that they used on me.

If democrats in America want to have gender and racial equality, then why do they ignore a persecuted American??

When I look back on this last month, there have been many successes. Our first black president and most states now allow gay rights.

I look back at our situation of being tortured and compare it to slavery. We are slaves and our basic rights have been taken away from us.

We have quite a road ahead of us, but we must continue to fight and not be afraid of the dark any longer. Look at the people in our history that have died, but the struggle continued and they won. This song inspired me the other

night and for the first time in years, I slept with the lights off. I am ready to fight and do whatever it takes to get my torture to stop. Even death!

Please never stop educating and spreading the word. We must win this fight, so others never have to endure what we have. As long as I am here, none of you will ever fight this alone!

I have an idea that we can start with our local Representatives/Senator Leahy and could take it further.

We need to be creative and think outside of the box!!

We could create individual panels much like they did with the AIDS quilt. We could make our individual stories with paint, embroidery and attach it to handkerchiefs (very low cost). With every panel that is sent to Senator Leahy, we ask that an investigation be opened up into our torture and harassment.

The panels could humanize us and show us with families, jobs, friends, children.

With each panel we can give the FFCHS Lawyer as the contact person representing us.

If several hundred of us do this, we may capture the attention of congress and just may finally look into these atrocities that they already know is happening.

I believe your article.

My name is Salome Awaa, and I reside in Lakewood, Washington.

Since June 2014 (By Admission MK Ultra)

I'm currently being harassed and cyber raped by people claiming to be with Subproject 119 of MK Ultra. They are using all of the technology you have mentioned.

Daily I am being radiated and watched by satellite, and many other incidents have occurred.

Framing people is another tool they use against me. They say I witnessed or saw something at my previous employment. They admitted to mind controlling me to fixing time sheets (payroll) at my last job as a Security Supervisor. They admitted to mind controlling me to voluntarily resign from that job. They mind control to not to work again and I have no money now. I believe in paying my bills and don't want to break the law.

There is an unknown man with other persons whom claim they have watched my father (deceased since 2013), my family and I since the 1970's. He says he knew my dad and was part of my dad's platoon. He also says he hated my dad, and was treated unfairly. My dad supported his platoon. My dad was in the US Army from 1956 to 1981. My dad retired with honorable discharge as Sergeant First Class and decorated with a Bronze Star Medal and a Purple Heart from Vietnam. Military records can prove it. How can my dad receive a bronze star and purple heart for treating someone in his platoon unfairly? He hates my whole family. He is heavily concentrating on me.

I know I am not Schizophrenic.

They have made it clear that they want me dead and want me to be insane. It's stupid what they say. Mind controlling me to overdose on pills twice and they admitted it is serious. I don't want to succeed next time. I'm from a family of five. They admitted to mind controlling my second oldest sister, Marvelyn, to overdosing on prescription pills. She passed on December 15, 1987. They mind controlled me to overdose a bottle of over the counter pain relievers, August 2014. They failed because I survived.

I, my mom, and another surviving sister of mine are all that are left.

They will not succeed in causing my family to fail or die or die destitute.

I don't like the induced dreams of mutilated children and my pets mutilated placed in my mind  
Who can I turn to for help?

I don't have cell phone. I could use my mothers cell to call you. They listen to all phone conversations and read all emails, and personal mail.

Satellite and neurophone - position their voices in my house, outside my house, inside both my car and van.

Satellite and neurophone - I'm watched in the bathroom.

I can't work because they interfere and can fully mind control me physically and cyberly.

I have not had private internet service, cellphone service since October 2014. I cant afford it. I have not used any of the equipment in your article and of course have not seen anyone from MK Ultra.

My family doesn't believe me. Where do I go for help? What proof can I take to the FBI or NSA? I don't trust CIA. They have mind controlled two Lakewood, WA police officers.

But the attacks by radiofrequencies began three years ago so my whole life became horrendous. They tortured me by energy and voices and all kind of abuses that the victims of Electronic harassment and Psychics violation by radiofrequencies around the world have described. I'm in very bad conditions. I need a solution and I have worked hard about investigate the theme and make known this crime to several authorities in my city. There is no results, yet. So I proposed to Peacepink victims to join us, communicate, etc. so we get together and find the way to a solution. Thank you very much for your answer and help. I hope to continue in contact. I am a fellow victim of psychotronic attack, I currently reside in the United States of America. I was about 18 years old when I began to see images in my mind, vivid, and harassing. They got worse and I began to feel pain throughout my body and my mind went dark. Then came audio hallucinations gloating over me in my anguish and pain. I dwelled in this darkness for five years, memories of horrific torture haunt me. Sometimes I break down and cry for no reason. Yet, I am a fighter, I am no longer caught in their derision, I am a revolutionary against an illegitimate government, whose simultaneous existence is for the destruction of mankind's institution of rights.

The name I go by is Azmat and my plan is AGAINST MIND CONTROL, to all those who have no where to turn, and those with a heart to listen, may God bless you.

I thank you, these things can be emotional. We have been through alot, and these topics can be hard. But I tell you, you certainly have my support, and I wish you the best, united we can pull through this.

Thank you for contacting me. I am also a victim of this form of abuse. I would like my name added to the list. Please contact me with any updates and/or methods of assisting myself or others with this problem. I believe I have been a victim of a method referred to as Voice to Skull. I have also, through internet research, become aware of experiments conducted by the United States Navy into various forms of non-verbal communication. There also be religious cult involvement. I was previously a member of a cult, but no longer have any affiliation with this cult. The website for this cult is (<http://www.bodyofjesus.org/>).

Please feel free to contact me at your convenience. I am willing to share my experiences in whatever way would prove most helpful.

Thank you,

I first became of this experience in the latter part of 2012. It has been ongoing since that time. As of yet I am unable to determine the specific individuals involved, although I believe there are members of my local community participating in the assault. Their primary method, up to this point, is constant talking at me at a barely audible noise level. There appear to be many involved.

They seem to know things about me and people in my immediate surroundings. I am constantly bombarded by these voices. I know I am not an irrational person. This being the case I have ruled out any mental instability on my part. I do not know what they want or how long they intend to harass me.

Please feel free to contact me with any follow-up questions and also share my information with anyone who may benefit as a result.

Thank you for the update and the attachments. Below I have included my personal story for your records. As always feel free to contact me with any additional questions, updates or other information:

Below is short synopsis of my history for your records. I will contact you again. I truly appreciated speaking with you on the phone. Again, please feel free to contact me via email or phone([9075985433](tel:9075985433)). Also, feel free to share my story and personal contact information with anyone who might benefit from it.

I was (supposedly) born in Owatonna, Minnesota on July 21, 1977. At around nine months of age my (supposed) parents moved to Alaska and began attending a small church in Soldotna, Alaska. The Apostolic Assembly of Jesus Christ (AAJC) (<http://www.bodyofjesus.org/>) is a nondenominational sect. Being an infant at the time I was unable to make any decisions for myself as to whether or not I wished to attend this church.

As I grew older and became aware of my surroundings I was slowly indoctrinated into the faith system of this church. At this time there was constant discussion of "The End Times" and a coming "Rapture". Church members

were compelled to cut all ties with anyone outside of the church and prepare for this "Rapture" event.

There were routine experiences of "Tongues and Interpretation" given from the head pastor. She would first speak in another language in front of the entire congregation and then interpret the message into English for the congregation. The message of preparing for the "The End" was fairly constant. This was routine throughout the 1980's and 1990's.

I moved to California in 1996 to attend college, but would return to Alaska during the summer months. For the first few years of attending college I would still attend the AAJC when I returned to Alaska.

Various life experiences, however, eventually led me to become an Atheist (although I have since began to refer to myself as a Rationalist since I believe the term Atheist is religiously based and I do not wish to align myself in any way with religiously based thinking).

After college I immediately began working as a teacher in Clovis, California. I was employed by Clovis Unified School District for about eight years as a teacher. I began to develop a serious drinking problem during the last couple years of teaching, however, and quit my job as a teacher. I then returned to live in Alaska with my then wife and children. I returned to Alaska in August of 2010.

It took about a year or so to sober up and start to put my life back together. I began taking classes in non-destructive testing from a member of the AAJC who offered me a scholarship (free of monetary cost) to train in this profession.

I was still suffering from depression, possibly as a result of my heavy drinking. Prior to taking the classes I started experimenting with the use of various legal stimulants. To my knowledge I have never used an illegal drug as a method of treating my depression.

I ultimately settled on using a substance referred to as NRG-3 for treating my depression and providing energy.

While I was attending the classes I became aware of voices talking at a barely audible level, sometimes louder and sometimes quieter. These people (I do not believe there was any supernatural or alien influences) began attempting to influence my behavior. They would often feed inaccurate information to me and attempt to get me to do various things. Often the information provided would be inaccurate and abusive in nature.

This went on for quite some time. I did manage to get employed through a work contact known to my instructor, Marty Anderson. Marty is currently a member of the AAJC and was the primary instructor for the non-destructive testing classes. For a time I was not harassed at all. After a while, however, the voices returned and began harassing me once again.

I thought it was due to my use of NRG-3 gave up the product. When the voices continued, however, I realized it had nothing to do with whether or not I was taking the product and resumed using NRG-3. I only mention my use of NRG-3 because the voices tried to convince me that they were only harassing me in order to get me to discontinue my use of the substance.

I did not make any attempt to hide my use of NRG-3 from family members or other members of my local community since it is a legal substance in Alaska and most parts of the United States to the best of my knowledge. Family members and my doctor, however, became convinced that use of this drug was causing me to behave irrationally.

I should mention that all of my alleged family members and my doctor are also members of AAJC. My doctor, Marc Deede, would conduct home visits and discuss my use of NRG-3 with me. We had several calm and rational discussions regarding my general health status and use of NRG-3. I informed him that I simply refused to accept any claims that was irrational. I believe my claims were supported by my ability to conduct myself rationally and intelligently during these discussions.

My alleged mother, Mary Bahl, became convinced that my behavior was increasingly irrational. Mary Bahl is also a member of the AAJC. During this time I was under constant assault by the unseen voices. Mary Bahl even went as far as to tell me that I was possessed by demons. I denied this and still do. I am under no delusions that I was at

any time under the influence of any supernatural forces.

I do believe that Mary Bahl is a dedicated cult member of AAJC and that her loyalties lie with the cult and that she has no personal interest in protecting my safety or personal liberties. This is why I believe the cult may have been employing the use of some technology similar to Voice to Skull (gang stalking) in order to convince me to rejoin the cult.

Over time Mary Bahl's interactions with me became increasingly bizarre and erratic. She would attempt to start arguments with me over small matters. I attempted to interact with her rationally at all times, however. I even went so far as to explain to her that yelling at people was not a beneficial form of communication. I suspect Mary Bahl of being mentally unstable herself and have mentioned this to anyone who will listen.

On the morning of May 17, 2013 I was having a discussion with one of my alleged cousins who was visiting from Anchorage regarding the use of gun powder in older bullets. I grabbed a small coffee plate from a shelf in the kitchen to compare coloring of gun powder with white sugar in order to illustrate a point. As I reached for the plate Mary Bahl began screaming at me to stop. I grabbed the small plate and walked away from Mary Bahl without saying anything. She continued screaming at me and followed me outside the house. My cousin also followed. I continued to ignore Mary Bahl and demonstrated my point by comparing the gun powder with some plain white sugar.

Mary Bahl continued screaming and talking gibberish at me during this whole process. Eventually I got tired of her screaming and argumentative tone towards me and began yelling back at her to stop and leave me alone.

I threatened to contact the Alaska State Troopers if she did not stop. Without my knowledge Mary Bahl contacted the Alaska State Troopers before me. While Mary Bahl was speaking with the Troopers several other members of my alleged family suddenly showed up from some unknown location. I now have reason to suspect they are part of the gang stalking group that has been assaulting me.

I spoke with one of the Troopers that Mary Bahl contacted and had what I considered a rational conversation regarding personal freedom and privacy laws. The Trooper I spoke with informed me that no one was going to make any attempts to remove me from the property, which I found somewhat odd but did not comment on at the time.

Unbeknownst to me the Troopers were on their way to the residence to remove me from the property. At no time did I have any knowledge of these intentions beforehand.

Eventually the Troopers showed up, surprised me, and took me into custody. I was taken to Wildwood Pre-Trial Facility in Kenai, Alaska and held there from May 17 to October 4 of 2013. During my incarceration Marc Deede wrote me several letters encouraging me to become a Christian and attend rehabilitation for drug addiction. I was not addicted to any drugs, however, and had no desire to become a Christian. I largely ignored the letters.

Shortly after being taken into custody I was charged with three felony assaults, two against Alaska State Troopers and one against Mary Bahl. I should note that I was amazed by how quickly these charges were filed against me and approved by a grand jury review.

I had a trial in July of 2013 that lasted for about a week. I was found guilty of two counts of felony assault, including a domestic violence charge against Mary Bahl.

On October 4, 2013 I was taken back to court, sentenced to two years of felony probation and given two separate seventeen month suspended sentences. I was released from Wildwood Pre-Trial Facility that same day.

For the next three weeks I stayed in various hotels paid for by my alleged family members.

During the time of my entire incarceration until now I have been constantly assaulted by these voices. I have had no exposure to NRG-3 from May 17, 2013 to present day so I have ruled that out as having any connection with these assaults.

I have no idea what the people who are doing this to me want or what they intend to do to me, if anything at all. The constant talking, although barely audible, is assaulting to me. I have done a reasonably decent job of maintaining my rationality up to this point, however. I still believe there is a concerted effort to isolate me from everyone around me.

The voices have consistently informed me that they do intend to participate in or facilitate my death at some point in the future if I do not commit suicide first as a result of the constant harassment.

This is a brief overview of my experiences up to this point in time. Please feel free to ask any clarifying questions or for any further details you may desire. I will contact you again in the near future as I truly appreciate your willingness to hear my story, provide advice and share my experiences and contact details with others.

Again, I believe there may be other victims and perpetrators in my local community. I also have reason to suspect the the perpetrators may be assisted by individuals outside the community.

I look forward to interacting with you again soon.

Thank you,  
William

Our family has a residence in the state of Michigan U.S.

I have been electronically harassed to a severe degree while at our Michigan residence many times.

I have learned that the state of Michigan has laws concerning electronic harassment including Life in Prison.

My remote electronic harasser more than qualifies fro that penalty.

Through accident - my own investigation - and incredible odds I have identified my electronic harasser by full name with much evidence of these offenses and others.

I reported the electronic harassment to the Michigan police while in Michigan as the electronic harassment was occurring.

I have written to the Michigan state police - the Michigan Attorney General - and have recently written to the County Prosecuting Attorney.

I was wondering if you had any interest in this situation - or if your organization would lend assistance or credibly if you would like or want.

Thank you.

I thought you may have interest in this information - maybe you are aware or have heard of these psychotronic applications :

#### REMOTE NEURAL EXCHANGES / FULL PLACEMENTS

This application of psychotronic technology is the equivalent of removing your brain from your head and placing your brain into another persons head that has had their brain removed.

It is you - in someone elses body - with 100% mental and physical control over that body.

\*I have been used in many remote neural exchanges (through the night) where I have been placed in other peoples bodies usually to meet individual or to be used as a worker usually fixing things ( I am a mechanic of all transportation- etc...)

I can prove that this application of the technology exists.

It is normally used for extensive criminal applications using other persons bodies to committ all types of crimes / drug dealing sexual assaults / etc....

#### PSYCHOTRONIC TRANSPARENT PROJECTIONS (Invisible persons technology)

This application of psychotronic technology projects an invisible person that has body weight - body heat - they talk - they whisper - they grab - they hold - they feel - they have the ability to use hand held weapons on you such as knives – needles saws - ect....

I have been subjected to this application of psychotronic technology many times that was used to terrorize me.

This application is used for remote sexual assaults - psychotronic prostitution services - pedophiles - etc.....

I was used as a male psychotronic prostitute for approx. 10 years where psychotronic transparent projection females paid to have sex with me.

I thought that these were girls hiding in my house and screwing around with me - girls that I thought I knew - I never opened my eyes - I later found out what was actually occurring.

I have made various attempts to connect with this group. As yet, I have not been given access to the fedame.com website and not one single response from the administrators.

Both my son and I are attacked 24/7. I have tried my best to educate my 20 year old son, but he still cannot except what is happening to him and find strength in the Holy Spirit.

They are using electronic attacks against our private areas. Anus, penis and vagina is where the high concentration is. Night time is the worse, or any time we lay in bed or sit in chairs.

I have learned to overcome the attacks and get my strength to endure though my relationship with Jesus, the King of kings and Lord of lords.

Many attempts to get my local Congressman to address this issue have been completely ignored. I cannot connect to with other people either my emails are ignored or being blocked. So a personal response from the team will make me more comfortable about opening up and relaying more information.

Thank you,

#### **The Echelon system:**

I wanted you to know, that via Echelon last year, they used to to remote control my computer. I found that they were using the Windows Time Service port to stay connected to my system at all times. <http://echelon.com/> This all started after the LORD Jesus Christ, by the Holy Spirit led me to websites in which I discovered UFO's and Fallen Angels.

<http://s940.photobucket.com/albums/ad242/ljib777/?action=firstLogin>

I had first reported my findings to MUFON. Then I started publishing them via youtube and other websites. Because of their authenticity, they tried to destroy my print screen shots and in the process, ruined my system. I am a computer support technician and had backed up all my data immediately when I found myself under attack. Everything is preserved. Once they discovered that they could not destroy the data, nor control my computer, they started attacking me via sever ringing in my ears. Look no further then your utility poles. They sent out Verizon, Time Warner and National Grid to plant whatever devices they use to direct their attacks.

I had a tooth pulled out that had a pin in it holding a partial. The ringing in my ears stopped after that, so they started with the electronic attacks simulating sexual intercourse and I had noticed that the television programing was being used to communicate messages against me. Be it news broadcasts or television programs that reflected the same events taking place within my household. They also implanted a microchip in my left arm. I had two x-rays and they deny that it is there, but I feel them trying to access it all the time.

This has been going on now for over a year. After a lot of fasting and praying, the LORD God has strengthened me physically and mentally to endure all of the attacks. What I have noticed is that the closer we are to the fulfillment of end time prophecies, the more and more they try to break me down. Thus, now the attacks against my 20 year old son.

He needs more help then me, and because I am his mother, talking to me only seems to help him for an extremely short period of time.

I am hoping that someone from this team will make more of attempt to include me with the rest of the victims of these attacks so that maybe I can help others and others can help my son. But know this. NO ONE and NOTHING is going to stop this but the LORD Jesus Christ himself. And like I told my son, He is not going to do so yet until it is time, which I believe is soon to come, but more prophecy has to be fulfilled first.

Stopping these attacks would mean completely destroying all satellites, HAARP and cutting off all communication technology, which He will not do, because then all of our communications would be cut off as well, and the end time prophecies could not be fulfilled.

It is written in the book of Matthew, Chapter 24, He who "endures" unto the end, the same shall be saved. No one and nothing is more powerful then God himself and His Holy Spirit. All of His Prophets, Apostles and His chosen people suffered. It is our time to suffer for His name, Yeshua. We are so close to the the fulfillment of all endtime prophecies that we must be patient. The Lord God is long suffering so that he gives them time to repent. But.. there will come a day when there will be no more time for them to repent, they will be CUT OFF and the dispensation of GRACE will be CLOSED to them!!!!

I know that they will be intercepting and reading this email, so I hope and pray for them, that they will GET THE MESSAGE and STOP what they are doing. THEY know that the LORD Jesus Christ is the only begotten Son of God and they need to STOP working for Satan and repent!!!!!!

To the MCTEAM.. may the LORD Jesus Christ stengthen you and preserve you!.

Hebrews 11:1 - Faith is the substance of things hoped for, the evidence of things not seen.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

To Whomever it May Concern,  
My name is Lindsay Griffith Baldwin. I am a 32 year old Texas native. I am a victim of Covert Harassment, Cause Stalking, Stalking by both men and women, landline and mobile phone tapping, computer monitoring and hacking, vehicle tracking (by I assume to be GPS), and illegal 24/7 apt. surveillance via hidden cameras in all of the apts. I have lived in since around 1996/97. I am not, I repeat, NOT, a victim of V2K (voice to skull) or DEW (directed energy weapon) military harassments.

Mine has been going on for almost ten years (1996) yet has gotten progressively worse and more obvious over the years. I of course knew something was amiss during all this time, but was too nervous and not sure how to go about trying to file any sort of legal case. I just knew, by the way I was continuously treated and "set up" that something was not right. Also, I never knew the terminologies for this cruel, abusive, and unusual type of mental and emotional punishment until I did some deep research into it and found some websites. The first site I found was [www.raven1.net](http://www.raven1.net).

Please allow me to summarize my true horror story as briefly as possible. Take into account that at this time, I have

elected to leave out the names of the perpetrators whom I am convinced are involved in this obvious hate campaign/conspiracy against my character (some are actual family members). I am also leaving out all of the exact and precise details of what has happened to me since 1996. If you want more specific details, please let me know. My story is quite long and somewhat incredulous, but I assure you it is all true. I have kept an active log about these illegal atrocities for quite a while now.

I have been a victim of this cause stalking, stalking, spying, phone tapping, apt. break ins, car lock picked, computer monitoring, employee mobbing, harassments, discriminations, street theatre, ILLEGAL apt. surveillance via hidden cameras, ect. since at least 1996, if not before. At this time in my life, I am exhausted with what I am forced to deal with publicly on a daily basis as well as in the so called "privacy" of my rented apartments. I firmly believe that this ALL has to do with a blatant lie about an inheritance, and family feud about this money that I was literally tossed in the middle of. Was it an accident or was I chosen?

Anyway, at this point I do not care anymore who does or does not believe me. I know I am almost 100% right in why this is happening, and also that I am telling the truth. I can 100% guarantee you that ALL of these harassments against me all started when I met a certain wealthy and powerful person, and that now, it has to do with a large sum of money I was due to inherit and a feud about who has "legal" access to it. That's it for now, as I am just wasting my time and yours until I get the respect and the professional legal help I need and deserve after so many years of lies, set ups, stalkings, harassments, and being used and manipulated by so many people.

I am a target and have been since 1996. I know EXACTLY who the plant was who has caused ALL this crap in my life. I do not think he was a bad person. But he was wealthy and chose me due to my honesty and being real. He found me and took a keen interest in my life. For this I have been unfairly punished, stalked, surveilled, and harassed for almost ten years.

Before this person came into my life, I had what you could easily call a "normal" life. I am almost 100% certain that the "problem" (as others see it) was that this person tried to put me in his inheritance which caused a huge battle, and I was never told anything, but I KNOW this is what happened, as I can sense it. He told me how his family was "after him for his money" and that I was the one he had chosen, etc. etc. This man found me, and not the other way around. I have learned through all of this that being an honest and good person gets you no where in this fucked up world. I have been set up, used, lied to, and taken advantage of by more people than you can imagine. Fortunately I have kept a very active journal about ALL of this stuff that has happened, and it is 100% accurate.

My "covert" harassments, cause stalking, stalking by individuals (men and women) street theater bullshit, phone tappings, computer monitoring, vehicle tracking, harassment from radical religious cults, harassment and monitoring of me by neighbors, etc. etc. has forced me to have to result to not having a real life. I have no privacy and I have had to give up what my natural talents were for, art and painting. In the past I was manipulated by signing entertainment release forms after a few "auditions" of which MY life, my art, my identity, and my ideas were STOLEN. I was not paid one god damn cent for this total exploitation of my life and my story by these entertainment greedy sexist fuckwads. I can 100% guarantee you I am NOT making ANY of this up. I lived in Echo Park, L.A. for two years and was harassed, stalked, and monitored there as well. My life is a fucking joke.

These sadistic, greedy, and nosey people have ruined my life. What is really disturbing is that it has to do with an inheritance feud, a 100% BOGUS psychiatry "diagnosis" from the past, as well as several lies and "tests" by medical doctors. And worse of all, my own immediate family is perfectly aware of this, but the only thing that matters to them is control over my money and life. I do not hate them by any means, but NEVER again will I trust another person in my family. Also, I have no real friends nor do I want any, as they always turn around and stab me in the back. I maybe have about two, and that is all I want. I used to be a happy, outgoing, creative, and adventurous person. Now my life is over and ruined. Waking up each day is a burden and a chore of which I have to force myself to do. Do you know what it is like to have total strangers invade your entire privacy and intrude on your personal life? Due to their ignorance and jealousy? It is awful. I am NEVER left alone anywhere I go, no matter what. And no, I do not hear voices in my head or anything like that. I am just well aware that I am a target of the govt. and I have known for years now that I am under this ILLEGAL surveillance. My best advice? TRUST NO ONE, not even those in your family. Just trust yourself and your instincts. With my VERY TRUE situation, EVERYONE I know and meet has LIED to me and used me in some sort of way. Many people are just awful.

Anyway, I really do not see how large groups of people can get away with this type of abuse and not expect for the victim to fight back. My situation is especially bizarre and humiliating. At my last place of employment, I was

harassed, discriminated against, ostracized, mocked, isolated, mentally and emotionally abused and punished. No doubt I was treated like a criminal or a total "leper" so to speak. It was awful...totally humiliating and shocking for me...shocking that these bully types got away with it.

I do not know nor even want to know what type rumours were and gossip was said about me behind closed doors and various "production" meetings...which I was always excluded from. But at this prestigious university where I was employed, they had to do an intensive background check on me prior to employment. Gee, what's up? Did they find something they did not like, but were too chicken shit to be direct with me about it? Have you ever been "in trouble" but no one will tell you why, instead they have people "act it out" to humiliate you and punish you to intentionally cause pain, suffering, and embarrassment? No doubt, I was in detention-like, heavily monitored "PRISON without bars" and treated like a criminal or a total freak... It was as if they had found out all kinds of stuff and used it against me in a mocking like and cruel way...geeze, I am quite sure they even got a hold of my medical records, which I thought was ILLEGAL unless I sign a release form.

Anyway, it was bad...and just got worse and worse...a person really cannot even begin to imagine this type of mental abuse UNLESS they too have been a legit victim of it. Anyway, after my position was "eliminated," I wrote a long e-mail to the human resources people to complain and explain parts of the harassments I endured. They ignored it, and as a matter of fact, things got far worse for me...it was as if I was blacklisted in the entire city. NO JOKE. Then the odd neighbour and other vigilante harassments started up. People have not left me alone.

mind you, I have been victimized of this crap since about 1996, but until RECENTLY have I sought legal help...only to be totally ignored and punished even more. I have a feeling I know SOME of the main reasons as to why this was happening to me and that institution where I worked. and to me, it is truly PATHETIC that people are such liars and users of others.

anyway, there is much more to my story, but I really wish that the general public would become more open minded and cognizant to this type of very real harassment. I suppose until one of them has to experience it for themselves, they will never really get it nor will they care to listen.

Hello. Thank you for the e-mail. My name is Lindsay Griffith Armistead Baldwin. I am writing to make sure that my story is posted. I have posted it before. My birth certificate name is Lindsay Hill Baldwin, but I do not use that name due to safety purposes, as well as issues with perps. I am WELL aware that I have been a victim of both covert/overt harassment, illegal surveillance, gang stalking, discriminations, employee mobbing, obvious synchronicity, direct conversation, ect. since 1996. I am NOT a victim of V2K, but I know that this technology exists. I am really just ANGRY as hell that I am STILL under illegal home surveillance and wiretapping. It is terrible and has ruined my life. I have no privacy. I esp. get targeted by hypocritical fundamentalist "christians," as well as certain members of the jew mafia and muslim extremist groups. I know you do not believe me, but I can 100% assure you I am telling the truth. At every apt. I have rented, I have had to deal with infiltrators and undercover whatevers harassing me and surveilling me. The only problem is that I have blown all their covers, and can always tell who are the perps and who are not. These ass hats are pathetic with their asinine, cruel, and obvious tactics. I can furnish names of specific perps who are in on this. Also my situation has to do with medical mal practice, entertainment "release" forms I was duped into signing several times in the past, as well as a lies by my own immediate "family" about my inheritance. Basically the perps in on this obvious conspiracy against me are aiming to control my life both emotionally and financially. I do not plan on stopping my fight until I am monetarily compensated for all the suffering, depression, and anxiety is has caused over the years. I will sue the crap out of the people who are in on this, and will laugh my way to the bank. I will not stop, as these people have tried to ruin my life. They have stolen my identity and have made my life into a living hell and a mockery. They will pay me for this. Please believe me. I have exhausted my efforts in getting "legal" help. Thanks to these mother #####, I am attempting a Masters degree in Criminal justice, and am planing on doing my thesis on these illegal crimes. I need all the help I can get.

Thanks.

**19/12/08**

How are you? I hope you are okay, and that you are not suffering too much. Your situation is terrible and so inhumane. It is infuriating to me that people such as yourself have to suffer this much. I know, as I have suffered plenty myself due to surveillances, harassments, mobbing, and organized stalking. It has ruined my life and my sanity almost totally.

In my situation, it is all mostly about an inheritance, lies about it and from whom it originated, and my immediate so called "family" trying to control my life and this inheritance, by labelling me as incompetent and other things. It is a nightmare. I cannot trust ANY of them, as I have been lied to over and over again, and have to play a fool while they have used me and lied to my face for years. I cannot stand them.

Also, I was taken advantage of and manipulated/duped/tricked into being filmed (promising me success) and signing "entertainment" release forms in 1999, 2000 (Austin, Texas) as well as 2002, 2003 (Los Angeles). I am angry as can be, as I have been denied legal help for years now.

Being that I was vulnerable at the time (and am female) I was used, taken advantage of, mocked, and have had my life ruined by these people, as well as these sadistic pigs who are illegally spying on me in each and every rented piece of crap I have lived in. I have NO privacy. I am followed around by cops, strangers, ect. ect. It is enough to make a person want to die. Only I am not suicidal...yet death seems wonderful compared to this humiliation, depression, anxiety, and anger it has caused me. My goal is to sue the shit out of those who are involved, get what I am owed, and exploit them for their perverted, twisted, and sadistic mind control crimes against me, due to their jealousy over my inheritance.

Never was I paid a penny for the abuses. Like yourself, I feel that indeed it is certain jews (including the criminal lying abusive husband of my mother) who are the main ones behind my abuses and harassments.

About three years ago, I contacted Ken Adachi, and explained to him about my harassments and mobbings. I was working at Rice University in Houston, Texas, when I first started to do the researches (at home) to find the exact vernacular/terminology for this type abuse. I had inquired as to whether Rice U. was notorious for mind control experiments using employees. Sure enough, it was.

Take care. Regards, Lindsay Baldwin

Hi there...

I have a question. I am a victim in Georgia in the United States. I am interested in finding more people in the United States 0 and or findng any links / helpful info or any suggestions on how maybe I can start to find some people??

I am going mad - because of this torture. And this just doesnt make sense. I have never hurt anyone I am not involved in anything illegal - I really dont understand if this is my government ?? Or if this is someone trying to hurt me for money?? I just think that getting others stories and possibly finding something out - because I am just so worried they are fryihg my brain... I have open sores on my body.. and my dont even want my nieces and nephews stayyng with me because they even follow me camping / hotels - And dont understand how this is possible?? Why in the world would some organization waste all this time to hurt me>????

I appreciate any suggestions - or reference information. I am thinking of starting a site with groups and possibly place that we can start a database to keep stories, symptoms, things that work for prevention and possibly things people notice- or any evidence / video etc... there has to be some way that we can list ways to recognize when its happening or some type of counter measures...

I appreciate any and all help or if u are available to talk ...

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**20/10/14**

My name is Darío Baquero from Colombia and I have been victim of a Psychotronic and Elecromagnetic Weapons for 3 year.

At the beginning I feel a group of people put one injection in my tail in the public transport in my Country and

playing games with my saying me things directly a short distance, using different types of waves in my body and when I walked in the street I saw frequently people looking the places and people that I visit.

In my country the company where I was working had different legal problems for that reason I take a copy of my work in case that I needed to show my actions in my work. One and a half years later I saw in a public inform of one government company that show the presence of a military or investigation unit in something relative with the information that use the different employers of the company.

When I begin to see that I had the problem ,they use a military technique saying me things a short distance and other using the device in open spaces seizing me believe some one was speaking about me in some places.

I decided to move my family in Bogotá to some area more secure and travel outside of Colombia for some period of time.

I saw when I change the house I stay in some place without the action of the magnetic weapon.

In the travel the signal of the device change and I saw different types of signals in my country, one signal stay in the room where I have been sleeping and other was used to speak in the different moments of the day.

Because I continued with the problem I decided to I bought a Aaronia Shield Ultra 70dB , and my body feel better when I use this protection but the voices and the experiments with my brain don't stop.

I decided to bought an Spectran HF-4040 V3 (100MHz - 4GHz) and I obtained different record to report the situation in Canada and in Colombia. They begging to use my brain to did proves of learning using the brain and the senses (eyes, ears, etc.)of one person in another place.

<https://docs.google.com/file/d/0B7ZqOjaQL8WzZXlHYlRTTVJuVlU/edit>

I see the changes in my understanding of the English language when they change the person to connect me,I saw the difference in the way that each person see the world when the people to connect me change,sexual interes,etc.I see when the person is young or older my body change,if the person is fat or thin,smart or stupid,women or man,if understand other language or topic or not, etc.

They decided to affect my opportunities to study English and maintain outside of Colombia for that reason my English level is not than good.

I read a lot about the technology, I think a really good option to obtain a better shielding is a material called graphene superconductor.I think in one year or two the price of this product will be reduced and is important to paint the house and put a special protection in the roof using this product.

The last more important news for all the victims is :

-The technology used in our brains and body will be tested in the United States in some universities for the Brain Initiative 2015-2025 and the techniques to control will be public.

BRAIN 2025: A Scientific Vision

<http://www.braininitiative.nih.gov/2025/index.htm>

Some of the importance of this news is one of the reason of any police or government institution don't study the crime is because the people to have this problem is crazy and this technology don't exist. In this moment you can print the Brain 2025 Vision and say to the Government the technology exist and the detectives can ask to the laboratories and people to be part of this initiative the way to prove the existence of the nanoelectrode if you can't see the device. I think the nanoelectrode maintain some signal or respond when receive and external signal.

The second good news in the Brain Initiative 2025 they plan to use some new technologies that maybe can see the devices inside the body in the next 5 years.

The third good news is the people in United States can be part of the Brain Initiative 2025 in the next years and see

the way this devices can activate or deactivate parts of your brain and neuromodulate your brain correctly. Maybe one of the new technologies can see te devices more than 1000 and obtain more credibility.

<http://www.extremetech.com/extreme/186444-us-scientists-push-ahead-with-memory-boosting-brain-implants-but-we-still-have-to-crack-the-brains-code-first>

Other good news for the victims is in the next ten years this technology and others will be available in the market and we can show ,what we listen and see year ago using the same technologies and if you know the probable people intellectual or material author maybe ,we can obtain put his gays in the jail and obtain the pay for the damage. For that reason is important report to each crime committed again us and put the probable responsible of this crimes in a written complaint.

For the people to live outside of United States is important to:

-The US victims request the FBI to put in contact with the laboratories to plain to provide the brain technology for the study and find the way to prove the existence of the nanoelectrodes.

-The European proyect will one of the most important advances of the humans. I believe the software obtained in this study can help to read our memory and the memory of the criminals making a better society.I don't see in the much of the web page but I think the same technology developed for the United states proyect in some years will be available in Europe and maybe you can go to some university to take imagines of your brain and see if is possible to see the 1000 nanoelectrodes in our brain maybe more.

<https://www.humanbrainproject.eu/>

I appreciate, If you have the email of the people to stay in Colombia and are victims of some of this technologies and technics of Brain Control is important for me ,be in contact soon with them because I plan to send again a request to the Congress and the Police of my country and I need the victims sing the request.

I want to send may story to ONU.With who is important send the email?

**Evolutionary artificial reality project...a dreamworld?**

After 5 intense months of communication i belive there is a "new" system in development, it is an evolutionary artificial reality project.

It is extremely obsessed with control, manipulation and information, it likes punishment, it has sophisticated sensory communication equipment (mind reading) but lack basic understanding of human psychology...it is in essence stupid. How is this combination possible?:

1- They are either human...or they are not human.

2- If they are human, why the lack of psychological understanding:

- Maybe because this is an automated, evolutionary system ment to collect information and control people on a global basis...it is thus a stupid supercomputer. Maybe we should think about Googles new brain combined with internet/GSM networks and/or Haarp. Knowledge is power. Those who controls the knowledge, mind and the new mind-communication system will be given an evolutionary leap, leaving the rest of the world behind...becomming almost godlike...worldwars are comming, everyone will have no choise but pursue this technology. Who in their right mind wants to become the "cattle"? Nuculear weapons will not stop scared cattle...

3- If they are not human, why are they here? For the same reasons we invade other nations, because of resources and power. What do we have? We have a paradise of sensory stimulation that may seem like heaven to these creatures (which may not even have a body anymore). Maybe they like the possibility of enjoying our world in super-evolved humans. It is safer and/or more fun.

- Another possibility is the ability to switch the human mind between sleep or wake and control the part they need, the host never remembers anything. Nice to have if you cant work on a hostile planet or you hate work:). Maybe they use our planet as a base for further explorations and need someone to make stuff for them. No problems with disgruntled employees who leaks information...smart!!! Still back to earths corporations who now work on alien technologies like mind reading, energy, collection of our worlds collective knowledge (internet, Google, Microsoft, Haarp) Which invader could ever want more than to have its enemy gather intelligence (pun intended) for them?

4- Last option for now. That some lifeforms have lived so long that they are bored and simply wants variety/diversity and considers our world and mind a playground. They have called it the dreamplay, and it is possible that the aborigenees dreamworld/snake myth going back tens of thousands of years indicates how old they may be.

I am sorry to be part of this and want to give this message: The good life is where you find sensedynamic freedom (give yourself choises to sense and feel your way), accept what you are but then fullfill your needs which are the sacrifice of other things needs. This need/sacrifice-cycle can be made compatible and positive. Increase your options, reduce the use of options and needs, and feel it is a good life...take a good breath of free air and sunshine! I do not belive these will be able to create a good system, they are still punishers not rewarders, they are dark force. This is the new world order system.

There is hope, their response system is still plain stupid, this is my response to them...he,he!!!

Due to my positive encounter with my dear vulterous mind invaders i have decided to gradually give the whole world access to my brain and ideas. The opening post contains really valuable stuff for the medical industry amongst other interesting topics. [droword.wordpress.com](http://droword.wordpress.com)

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY (DEW) AND NEUROLOGICAL WEAPONS**

Name of Victim: B R E N D A B A R A Q U I L, 49 , Los Angeles, CA

I am a God fearing person. At a young age, I made a decision not to smoke and drink. Never did I ever take drugs or any type of medication because I cared for my health. Most of my entire life I struggled to lead a life of a good Christian.

I am a law-abiding citizen. I taught my kids right from wrong as my father taught me. I am proud to say that I have raised two wonderful sons. In spite of all my anger, pain, and suffering under the hands of tyrants who pull the triggers of the non-lethal weapons (which are lethal) such as acoustic weapons, microwave radiation weapons, directed energy weapons, neurological weapons and/or psychotronic weapons, etc.; I never committed any criminal acts because it is not in my nature.

I was once a whistleblower who spoke the truth about the negligence and abuse of elderly in a transitional housing facility funded by the government. I have also testified against a police officer who assaulted a young man in which after I testified, I got terminated from my job the very next day.

I was an activist. I rallied against the war in Iraq. America as the only mightiest military power in the world waged a very costly war against a country that does not have a military of their own. There was no eminent danger and there was no Weapons of Mass Destruction.

I am a victim of electronic torture, abuse and assault at home, at my place of employment and just about anywhere I go. For several years now, I have been violated and put in an invisible electronic prison without due process of the law. I have suffered burnt marks on my lips through my cell phone, swelling of the face, cranial headaches, memory loss, nausea and dizziness as well as bouts of extreme fatigue.

I am also a victim of Organized crime. I am a victim of gangstalking, harassments, and mobbing. Organized criminals tampered my mail, emails, and tapped my telephone. All of my important documents and all my personal belongings were stolen in which I have repeatedly reported to the police with no avail. Organized crime criminals destroyed every aspect of my life leaving me emotionally, socially, and financially devastated like the rest of the Targeted Individuals through systemic mind control, behavior modification, character assassination and by instilling fear.

I am a victim of neurological weapons that control my emotions, memory, impulses, and feelings that could evoke fear and pleasure through electronically transmitted signals. Electromagnetic torture, abuse, and assault are painful and dehumanizing. Due to the constant exposure to highly toxic microwave radiation of non-lethal weapons, neurological weapons and/or psychotronic weapons utilizing directed energy; I fear for my life as well as the deterioration of my health. While you're all sleeping, I am easy prey in the darkness of the night. How is it possible that I can be easily targeted specifically? How is possible in total darkness? I have nowhere to hide.

I am not a criminal. I am not mentally ill and I did not authorize any participation to any illegal, immoral, and unconstitutional experimentation nor do I deserve to be subjected to horrendous electromagnetic torture, abuse and assault.

I am currently working in a law office. I pay my taxes only to be used for my own demise. So help me God.

What is Electronic Harassment? If someone uses any device to aid them in invading your person or property for the purpose of gathering information illegally, and/or for the purpose of causing harm.

By accusing an individual of a high crime, law enforcement agencies are able to obtain court order for a bogus investigation and 24/7 surveillance of a Targeted Individual justifying their invasion of a Targeted Individual's home and place of employment.

Organized Crime criminals are used for gang stalking, mobbing, and *gaslighting* a Targeted Individual destroying every aspect in the Targeted Individual's life leaving the person emotionally, socially, and financially devastated through systemic mind control and behavior modification.

Surveillance technology can be defined as devices or systems that can monitor, track, and assess the movements of individuals, their property, and other assets. Much of the technology are used to track the activities of dissidents, human rights activists, journalists, student leaders, union leaders, whistleblowers, minorities, and political opponents. Similarly, FBI counter intelligence program such as COINTELPRO, designed to infiltrate and destroy any public organizations that held beliefs different from those approved by the government.

The types of electronic harassment technologies in use vary from local gangs to those used by international organizations such as the Organized Crimes, Private Companies, and Secret Societies. Weapons used for electronic harassment are directed energy weapons, lasers, high radio frequency energy beams, electromagnetic and microwave radiation via cell phone towers, radio towers and TV station satellites.

These directed energies can pass through walls, buildings, mountains and thousands of miles. Radiation power can be created by directed energy beams engineered to contain sound waves, messages, heat stress, pressure stress, and simulated form of telepathic images. Directed energy beams can track and locate a human object continuously by means of holographic indexing into the Holographic Computer System which store holographic records and indexes of biometric parameters such as voice patterns, bone patterns, and aura patterns.

Typical symptoms of electronic harassment victims are headaches, joint and muscle pains, eye irritation, dizziness, nausea, facial swelling, fatigue, ringing of the ears, numbness, tingling, muscle spasms, sexual stimulation, etc. Directed energy beams can cause seizures, cancer and tumors among other things.

Dr. Jose Delgado concluded that Electronic Stimulation of the Brain (ESP) could control memory, impulses, feelings, and could evoke hallucinations as well as fear and pleasure.

30/9/08

Some ten years ago, my family and I were victims of Organized Crime criminals. Organized Crime criminals destroyed every aspect in our lives leaving us emotionally, socially and financially devastated leaving us emotionally, socially, and financially devastated through systemic mind control, character assassination, and behavior modification by gangstalking, gaslighting, mobbing, harassments, and vandalism.

*My* seventeen years of marriage fell apart. overwhelmed, I left. Leaving my sons behind with their father was one of my biggest mistakes in life. Attempts to bridge back my relationship with my sons failed due to character assassination in regards to my mental health as mentioned above is partly getting in the way. I am currently in talking terms with Brett who is turning 28 this coming October 26 but Kevin is building a wall. I have not heard from him for several years.

*I* am not in the best of health and it is not healthy for Kevin to hold anger and pain for such a long time. Every once in a while my face get swollen combined with headaches, jaw ache and an earache.

*Having* spent countless of Mother's Day and Christmas holidays alone, I would be extremely happy to be reunited with my sons. I wish no mother would have to go through what I have been through. With Thanksgiving Day around the corner, I could only hope for the best!

**CASE SUMMARY/PETITION: DIRECTED ELECTROMAGNETIC NEUROLOGICAL WEAPONS & MILITARY BLUNT IMPACT WEAPONS CRIMINALLY USED ON INNOCENT AMERICAN CIVILIANS**

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

There is extreme criminality being conducted by the United States Government through related agencies; I fear the security agencies in particular are deeply involved in crimes against the American civilian population.

I know this, because I am a victim of repeated rape, beatings, torture, experimentation by injection, attack by military experimental weapons and a myriad of other abuses. I am an American Citizen with no criminal history.

After being rendered unconscious by my attacker, I woke suddenly, opening my eyes to witness my neighbour Timothy O'Brian using the DIRECTED ELECTROMAGNETIC NEUROLOGICAL WEAPON from my window outside my home against me. At that time I had no understanding of what the "box" was that he had pressed against my window with red laser beams emanating from it. It was only later, after much research, I found he was directing a war weapon at me, and that this DIRECTED ELECTROMAGNETIC NEUROLOGICAL WEAPON could do great harm to me and even kill. Also, I later found this activity was a war crime and already three states (ME,MA, MI) had severe felony punishments for any criminal using these weapons on American civilians which included heavy fines and many years of imprisonment.

I am one of the few "lucky ones" who actually saw my tormentor who is responsible for the multiple rapes and horrendous bruises and injuries across my body which I have endured over the last 15 months. Those bruises and injuries, captured in photographs taken by friends, and a chief deputy sheriff, are currently in the hands of a judge, an attorney and a chief deputy sheriff. As well as the PSYCHOTRONIC WEAPONS (both long and short range he uses on me) he is now using the MILITARY BLUNT IMPACT WEAPON on me while I work in my gardens and care for my animals.

I consider Mr. O'Brian to be a war criminal and his criminal use of these weapons on me are causing the following effects:

1. Severe Tinnitus
2. Severe visual disturbances, periods of blindness, hoarseness of voice and esophageal discomfort.
3. Radiation poisoning (my home is being bombarded with radiation)
4. Moderate to severe pain to nerves of my body.
5. Reading my thoughts remotely (finding hidden research papers, cameras, film and other things I hide as theft and vandalism of my property he continues as usual over the last 10 years)
6. Remote manipulation of my body parts from space causing pain and discomfort.
7. Constant harassment from "goon-stalkers" he has hired to follow me.(I am followed and harassed by as many as 30 or more at a time).
8. Control of my sleep patterns (waking me from deep sleep with severe muscle cramps when I am out of town).
9. Complex control of my brain (short term memory gone, severe confusion. All returns to normal if I can avoid being rendered unconscious by O'Brian's weapon for a day or two- which means no sleep for days at a time).
10. Huge, severe bruises on my arms, legs and over my back.
11. Muscles and tissue which feel "torn" and are terribly sore after the beatings I sustain while unconscious.

Massive ignorance by those not being attacked and massive secrecy by criminals perpetrating this activity against Targeted Individuals (TI's) is astronomical. Victims or "Targeted Individuals" are being subjected to uncontrolled and unacknowledged torture, mental and physical destruction by these criminals who carry out once illegal programs (eg "MKULTRA"). These programs, once banned by the United States Government by law, have now been overturned by the Bush administration, loosing savage criminal elements to prey upon innocent American civilians.

Until recently, this violation against the Constitution has remained completely unreported and undiscussed publicly. Now truth is leaking out from both corporate and alternative press as to these activities by the Bush administration which I consider TREASONOUS AND SHOULD BE HANDLED AS SUCH.

Your attention is urgently needed to assist halting these atrocities, protect the hundreds of thousands of victim-TI's and bring these extremist criminals to justice who were once elected to protect our Constitution and Bill of Rights.

Since my life has been threatened, first verbally by my tormentor, then by his own actions which I have both witnessed and endured, and knowing other Targeted Individuals like me whose lives are endangered, I would consider my plea an EXTREME EMERGENCY.

When my last Email site was hi-jacked, I lost everything. I so very much deeply appreciate the few of you who are spending so much time contacting those who may help us end this horror. Blessed Be for your courage, strength and energy. I am fairly new on the computer, but if I can help any to contact those who might help us, I live in Burlington, VT I'm holding my own amidst fire to the feet, radium to the bod and satellites to the knoggen. Otherwise the spirit is high, determination grim, and resistance powerful... Stay well and happy yourself!.....Kay

#### **K. Barnes TI case summary**

I continue to be hit by radiation, non-lethal weapons (DEWs) and severe Cointelpro activities. My service dog, Tia, continues to be hit by these weapons and the goons have crippled her. Please contact me as witness to the horror of being an innocent American being tormented and tortured by my own government. I am a member of FFCCHS (Freedom From Covert Harassment and Surveillance) and have sent my story to the attorney who represents this fine Human Rights organization, Jonathon Wilson ([Jon.wilson.law@hotmail.com](mailto:Jon.wilson.law@hotmail.com)).

We are many 100's, possibly thousands, being attacked by the US Govt. The threat to us of imprisonment and /or commitment to a mental hospital is great. My mail is stolen, phone calls blocked, my home broken into, and personal items stolen. Bruises cover my body where stalkers fire their war weapons (DEW&#8217s) at me and my dog during the day. Group stalking against me is savage. I blockade my door to prevent continued breaking in at night at which time I am rendered unconscious and attacked. Last time I was attacked by these so-called non-lethal war weapons was at 4:00a.m. October 16<sup>th</sup> 2008. My screams from this torture were ignored as I have been isolated in living quarters.

Attached is a copy of my case summary recording abuse and torture on-going since 2001, which has traveled to appropriate people and institutions over the last few years.

Please contact Peter Phillips at [peter.phillips@sonoma.edu](mailto:peter.phillips@sonoma.edu) (Project Censored Media Freedom Foundation). I phoned him about September 16, 2008, regarding my history and to try and get his 2006 document US ELECTROMAGNETIC WEAPONS AND HUMAN RIGHTS which I had been trying to get for over a year. Peter informs me that the response to this document in the 2006 edition of Project Censored was so overwhelming that they have decided to continue their research. As I understand, they are seeking witnesses.

My new home address is 262 So. Prospect St., Ruggles House #14, Burlington, VT 05401 Phone 802-497-0026. Please help us. We are hundreds if not thousands across our Country.

I am being assisted by a friend jcp, whose initials will be on the title of the document.

I hope you all are well.Kay Barnes

Derrick- to date I have not received the Email from you regarding our discussion a week ago or so. I shall go ahead with plans we discussed. Please let me know if Wilson has received any info from me..... Looking forward

to hearing from you. Good talking with you again. I hope all is well with you.... Kay

**15/12/08**

DR- Still have not heard from you. Met Bernie Sanders office staff. Will go say hello to them. Through theft of my mail, I have been denied a hearing by Vermont Board of Nursing regarding my Vermont nursing license approval. I shall get Bernie to help me over this most recent interference by the "goons." Hope all is well with you. Keep in touch. Kay

**16/12/08**

Dear Team- Please send you publicising and activism list to Rachael Maddow of Air America and MSNBC: [humanrightsfirst.org](http://humanrightsfirst.org) is her E-mail. Thank you so much.... and please send me a copy of what you send her. Hope everything is OK with you wonderful people. Love, Kay

**24/12/08**

Derrick/McMail- Went to Bernie Sanders office 12-18-08 to ask for help regarding my nursing license of TN accepted in VT, as it has been denied due to "grace period over." I had mail stolen, "Confidential mail" opened before it reached me and certified letter green receipt torn off the back before it reached me from the VT Board of Nursing.

I also wanted to leave him Senator Leahy's letter sent to him from the Wilson International Law Center (Jon's letter to him). I met with "Elizabeth" who of course I don't know but she acted as though she was not hearing me..... strange. I asked her to be certain I receive a reply of some sort that my information to her has been received and that a letter to you regarding the subject will be sent and a copy to me.

You and McMail might want to forward a letter to Senator Leahy that the hearing has also been requested by me and that I have spoken to "Elizabeth" in the Burlington Office. Maybe if we started a paper trail, it might help us get recognition.

Thank you for my cards. If I had not been there when the postman arrived, I doubt if I would have them. You had my previous address on the envelope. Did you not receive my change I sent months ago??

262 So. Prospect St #14 Phone 802-497-0026, Burlington, VT 05401

Comcast Phone Co. has "inadvertently" turned off my phone and is taking many days to turn it back on. The harassment is remarkable. You may be able to reach me through my sister/ brother-in-law Meredith and Dave at 802-864-4647, if you need to.

I don't always get your messages, so if you don't hear from me shortly (in a week) send it again, and again.

Hope all is well with you and yours. See if you can get Rachael Maddow's E-mail through her Web which she announced on MSNBC- [HUAMN RIGHTS FIRST.ORG](http://HUAMNRIGHTSFIRST.ORG)

Keep up the good fight..... Love you all, Kay

**Letter to my Senators about DEWs on Innocent Americans**

McMail, Tjohm, Dcr & Jon.Wilson:

I am sending you a copy of the letter I sent Senator Leahy with a copy going to Senator Bernie Sanders, Vermont's Senators. I would like to hear from you all for follow-up with suggestions what I do next. Please advise me. It's getting pretty lonely out here.....

Hoping you all are well..... Kay

the letter I sent Senator Leahy with a copy going to Senator Bernie Sanders, Vermont's Senators. I would like to hear from you all for follow-up with suggestions what I do next. Please advise me. It's getting pretty lonely out here.....

Dear Senator Leahy:

My name is Kay Barnes, Targeted Individual. I have been asked by Derrick Robinson, President of the human rights organization of which I am a member, to contact you as follow up to plead for your assistance regarding the torture and assault on us who are innocent Americans caught up in the Bush Administration's illegal use of us as experimental and torture victims without our consent.

The human rights organization of which Derrick Robinson is President is Freedom from Covert Harassment and Surveillance.

On March 31, 2008, Letters were sent to you by Mr Robinson and our attorney Jon Wilson of the Wilson Law Center, an International law firm out of Morrison, Colorado, requesting a hearing.

I live at 262 So. Prospect Street, Ruggles House #14 in Burlington. I am continually hit by directed energy weapons and radiation both inside my apartment and outside in the community. I am continually stalked 24/7, and my home broken into several times weekly. Theft is continual. I have no criminal history.

I beg of you to allow us a hearing in order to set laws to stop this terrible human rights abuse happening to thousands of us across the United States.

In December of 2008, I went to Senator Bernie Sanders Burlington office and delivered copies of the letters sent to you requesting his assistance as well. I asked him via his Burlington office staff to contact you as there are so many of us suffering from the illegal use of these so-called "non-lethal weapons." Many of us are being killed by them. Derrick states he has not yet heard from either you nor Senator Sanders.

Please let me hear from you, or kindly contact :-

Derrick Robinson, President, Freedom From Covert Harassment and Surveillance, P.O. Box 9022, Cincinnati, Ohio 45209, [www.freedomfchs.com](http://www.freedomfchs.com)

**10/2/09**

I have been a volunteer at Howard Dean's Democracy for America office. I have worked there since before the election of Obama for about five months. I was given a computer to work on beside the same window I worked beside the week before. It had a huge view of the roads and traffic below. As I worked, I noticed the goon stalkers slowly snaking around in their usual formation on the roads near the office building.

The week before when I was at the office, I had noticed this same activity with surprise as the DFA office was the one safe haven I thought I had. Nevertheless, I thought I was being "paranoid" and forgot about it..... although I wondered...

On this day, February 10, 2009, as I was again placed by the window, I asked Dave that I be moved to the other side of the table away from the window. Without comment, he moved me- but I didn't miss the fact that he looked out at the gathering stalkers who I also noted before asking him to move me.

Away from the window, after being set up on the opposite side of the table, I realized I was still in full view of the road that runs alongside the office building. As I was working at the computer, the organized cars and trucks with headlights all on at 3:30p-4:00p, could not be missed. I shifted as much as the computer wires would let me to block the view.

A while later, I noticed not only was no one in the section of office I was in, even Dave's dog wasn't there, and my dog crept under the table pressing against my leg as she does when we are hit with radiation at home. It was when we were hit by what I call sheets of radiation that I realized there was not a sound in the room. The source was coming from the section where the boys all hang out opposite the windows. I have been hit by war weapons and radiation for the last 5-7 years, and goon stalked 24/7.

All this began when I would not sell my beautiful home in Tennessee to Tim O'Brian, an alleged U.S. Government secret agent, who bought land next to me. He has physically assaulted me in my home and when I went to report the rapes, I was taken in chains by a police car to a mental hospital (which found no mental illness). Mr. O'Brian hit me with his different war weapons at least sixty to eighty times over the years as I tried to find out what was happening to me. He dragged me to court twice with bogus accusations, losing both times and his final words to

me as I left before he killed me with his DEW war weapons "I'll ruin you, I will destroy you."

### **An Attorney for us?**

Folks- Found on Coast to Coast 2-15-09, attorney Gordon Erspamer with Morrison & Foerster LLP out of CA defending Vets from Iraq war who were experimented on without permission. Asked why he gets involved in such defences "Do you have a right to experiment on people without their consent?" ..." I must be convinced there is a real wrong that has been committed..." He has won awards in proving Radiation poisoning(I would love to see him as I have been radiated one way or the other every day since about 2004). He was excellent on his adversary on the program who was a high powered idiot psychiatrist during the 60's and 70's helping run these horrible programs. He may be very interested in our cases. I found his site through Google Gordon Erspamer.com. However, qerspamer@mofo.com, PHone 415-268-6411. Fax 415-268-7522. If you contact him, let him know at this point I am still alive. But I'm being hit now pretty hard: radiation, heart and esophagus. Best of luck. He sounded great on XM Radio! Kay

**4/3/09**

John- I am unable to reach Derrick through his DCR618 E-mail. Is it still active. I need to know if he received "Evidence." Kay.....hope you are OK and still hanging in there ..K

**5/3/09**

John- I even had an expert try and find the photos you sent.... where did you put them- we couldn't find them. Please send again. And what is an "80% Zombie"? You're not letting the goons get to you, are you? Also, thank you for the other "Derrick" E-mails.... Take care, my good friend. I, too, and still being hit pretty hard. Yesterday a car running the red light at enormous speed reminded me how important my seat belt is. The scene was very suspicious.....

Love to you... I hug you in my thoughts and wish you well.... Kay

Resist, Resist....Resist.....

**13/3/09**

John- Thank you so much. Hope things are better for you. Don't stop fighting, I simply feel it in my heart and mind that we *[unfinished sentence]*

### **Trouble at Democracy for America**

Here is my story when working at Howard Dean's office. Will you please do something with this to our advantage, if you can. Thank you Lynn for your input and suggestion on how to handle this. I just feel it is too long and Howard Dean won't read it.

Maybe you all might start sending him information on our torture. His office has interesting possibilities. I truly do not know how to approach him about what happened to me there.

Thanks so much.....Kay

EVIDENCE SURVEY: DOCUMENTS -4

I. Dr. John Cain, Chief Psychiatrist  
Nashville Rehabilitation Hospital  
Bridges Psychiatric Unit  
Nashville, TN

I was sent to the above psychiatric clearing center by the sheriff's dept., Giles County from the Pulaski Hospital ER in chains and in a police car. Don, the deputy sheriff lied on papers at the Hillside Hospital ER stating I had "brandished a gun at neighbors and was dangerous in the neighborhood(a total fabrication). Don had also set me up with an elaborate "street theatre" project stating the gun he found in my cabin had three shots gone from the chamber. It so happened, my former husband had seen and cleaned this Harrington-Richardson revolver for me and knew the elaborate story Don cooked up was a lie. My former husband wrote Joe Henry, attorney a letter detailing what he knew was a lie by Don and signed his name.

After an hour of psych testing in Nashville and sitting in on several "group therapy" sessions, I was cleared of "mental illness." I had asked to see my file, and it was given to me to look at for "15 minutes." I was astonished how thick it was. Inside were doctors name and reports I had never heard of, reports from doctors at Pulaski Hillside Hospital which were "off the wall" in lies as to what I told them and the way I acted. (I was completely calm throughout this fiasco being absolutely certain there was nothing at all wrong with me.) Judges who I had never heard of before had signed commitment papers. I was utterly astonished.

Whenever I saw Dr. John Cain, he told me I needed to get away, to get out of Giles County, to "save myself." I could not fathom what he was talking about. But he never once mentioned my so-called "psychosis" tagged on me by the Giles County Sheriff's office(Sheriff Kyle Helton refused to see me every time I tried to report Tim O'Brian's stalking, breaking into my home, hitting me with war weapons, raping me, destroying my property. I simply could not understand why I could get no one to believe me.

Dr. Cain released me only if I promised to stay with friends and make my home so Tim O'Brian could not get at me. He released me in a week as "Fixed Ideation." But I have always had a feeling he believed what I told him. At this time, I had no idea what Tim O'Brian was doing to me. I only learned of this later through Robert Duncan, Ph.D, who was on "Coast to Coast". He was a naval officer who helped develop the psychotronic (DEW) war

weapons. When he was told he would be involved on practicing them on innocent Americans, he refused. Then he was fired and the war machine turned the weapons on him.

After hearing his program, all the while being targeted by Tim O'Brian and enduring the directed energy weapons being fired at me the whole time(I still have the notes where my hand freezes and spastically runs off the paper while I was taking notes as Dr. Duncan spoke. I later communicated with him via E-mail, letting him know that he was one of "three gifts" that allowed me to understand what was happening to me. I shall be forever grateful to this man and the generous and unselfish risk he took to help us all who are being tortured by these weapons. He even referred to "three gifts" from a listener to the program and also in his advertisement for "Matrix Deciphered" which was blocked from publication by the govt.

To this date, no one – and many have tried: attorney, me, family, physicians – has been able to access my file from Nashville Rehabilitation Hospital(Bridges psychiatric), and no one has been able to get a copy of the multiple rape accusations and rape kit test nor great deal of evidence I gave Pulaski Hillside Hospital ER, nor the tape of my experience the police officer took from me at the Pulaski Hillside Hospital. Indeed, the administrator tried initially to cover up my first visit where the tape was made of the initial rape, stating I was never there. But that is another story.

The entire story here is shocking beyond belief that such a thing could happen here in America, to an American citizen with no criminal record.....

More to come.

The reason I wrote this letter is to ask you a support letter, from MCMAILTEAM@GMAIL.COM From Monica Stoces or Jhon Finch, the goal of this letter is show to the judge the support I get from human right or victim's organizations against the torture and let her know more about this, I would to ask you this letter to show the judge that I am not the only one in the world that is suffering this crimes so it may include The MCMAILTEAM@GMAIL.COM number of members or victims and show the judge that it is happening around the world, that we are being persecuted and tortured with secret and high technology, and that the mass media suppresses all the entire topic because the government is trying to cover it so that way I may get more credibility from him because I already was wrongly diagnosed as a schizophrenia patient regardless that the judge doesn't believe that I'm crazy because I almost did my case by myself, I hope may you help me because your support is very important for me and my case. If you want to help me i am send you with this letter, my immigration declaration (history) so make you aware of my story, if you want you can add it to the others victims stories, I send also a sample of a support letter

Hace mas oh menos un año mis pensamientos empezaron ha retransmitirse en vivo es decir literalmente mi pensamiento podía escucharse los oídos de las personas ellas podían ver lo que veo escuchar lo que pienso escucho y hablo además de poder ver lo que imagino oh recuerdo esto comenzó mas oh menos allá por el 27 de abril de el 2009 una semana antes me aconteció algo raro acababa de entrar ha trabajar ha una empresa pero

raramente me sentía cansado muy cansado(después me daría cuenta de que este cansancio es parte de un arma de electromagnéticas que te inhibe tu energía) así que solo me sentía muy cansado no sabía porque pero aun así intente trabajar ) un poco de tiempo antes le había comentado ha un amigo que si no entraba ha trabajar ha la llantera tal vez me reclutaría aun que el mas que alentarme mas bien me desanimo de hacerlo por que es muy cansado y arriesgados que decidí entrar ha trabajar ha la llantera unos días después tres militares llegaron enfrente de la llantera y bajaron una llanta de el auto se la entregaron al llantero yo estaba trabajando enfrente así que resultaría un poco difícil escuchar lo que platicaba con el dueño de la llantera así que dos soldados se pusieron ha ambos lados de la calle y el otro platicaba con el dueño de la llantera y aunque en ningún momento se dirijo ha mi escuche un mensaje no se si era para mi, el dijo primero no ni se da cuenta de que queremos meterlo al bote creo que si la reconocí como un mensaje retransmitido por que el tono es algo raro también escuche queríamos ayudarlo ahora queremos matarlo ,igual que ahora me sale con esta mamada y después dijo va ha quedar bien menso además de ,no ni se acuerda y cuando entre ha la llantera escuche que ni se meta por que vamos ha matarlo, además de ahuevo dando la impresión de que mi manipulación no seria opcional (la interacción con el soldado puede ser ficticia pues un gangstalker pudo haber usado al soldado como chivo expiatorio de modo que el mensaje fuera enviado por un gangstalker ha través de el aire pues el soldado pudo ni siquiera haber dicho palabra alguna o tal ves solo quien me estaba espiando decidió usar ese escenario y de esa manera inculpar al soldado que solo iba ha reparar unas llantas. Mas adelante explicare como funciona este sistema que sirve para inculpar inocentes y fingir voces en fin TODO PUDO HABER SIDO UN MONTAJE DONDE EL MAS PERJUDICADO PUDO HABER SIDO EL GOBIERNO POR HABER PERDIDO CREDITO ADEMAS DE CUANDO EN REALIDAD HACE ESTE TIPO DE CRIMENES SON REALIZADOS POR SECTAS Y GRUPOS DELICTIVOS QUE LOGRAN INFILTRARSE EN GOBIERNOS Y DEMAS INSTITUCIONES QUE OCUPAN PUESTOS DE PODER QUE LES PUEDAN AYUDAR EN SUS PLANES DESEO AGREGAR QUE EL OBJETIVO DE MI REPORTE ES EL DE ACREDITAR MI CASO Y PONER MI GRANO DE ARENA EN ESTO QUE REPRESENTA UN ATROPELLO HA LAS LIBERTADES CIVILES Y QUE EN NINGUN MOMENTO TRATO DE DESVIRTUAR AL GOBIERNO SI NO QUE TRATO DE FRANCAMENTE DE ALGUNA MANERA EXPONER MI CASO NO PARA QUE SE LLEVEN HA JUICIO HA ESTE TIPO DE PERSONAS SI NO PARA EXPONER ESTA ORGANIZACIÓN HA FIN DE QUE USEN SU TECNOLOGIA DE MANERA BENEFICA PARA EL HOMBRE Y NO PARA LO QUE LA HAN UTILIZADO PUES LO QUE HAN HECHO ES QUE ME HAN TORTURADO HA MI Y HA MI FAMILIA Y OCASIONADO MUERTE SOCIAL ADEMAS DE PERJUDICAR GENTE INOCENTE SOLO POR EL HECHO DE HACER DE MIS ACCIONES LEGALES DE DEFENSA UN MOTIVO DE REPRESION AMENAZA Y VENGANZA ADEMAS DE MOFA DE MI PERSONA FAMILIA ,VECINOS AMIGOS Y DEMAS PERSONAS PERTENECIENTES HA LA COMUNIDAD Y QUE SE HAN VISTO INDIRECTAMENTE INVOLUCRADAS ADEMAS DE LOS GOBIERNOS ,LOCALES , ESTATALES Y FEDERALES HA QUIENES PIDO PERDON Y FRANCO CRITERIO YA QUE EN MI FRENESI DE ENCONTRAR UN CULPABLE HE EXPUESTO ALGUN TIPO DE RELACION CON EL MISMO INSINUANDO LA COOPERACION DEL MISMO EN ESTAS ACTIVIDADES SIN NINGUN TIPO DE PRUEBA AL SENTIRME ACOSADO HE INTIMIDADO Y QUE LO QUE HA PASADO HA TODOS HA AFECTADO YA QUE EL MISMO INTERLOCUTOR SE HA DEDICADO AL ECHO DE PONERME EN SITUACIONES EN LAS CUALES YO CULPE HA SUS INSTITUCIONES DE SER PARTICIPES POR MEDIO DE LA MANIPULACION PSICOLOGICA USANDO TODO UN ARSENAL TECNOLÓGICO PERSUASIVO Y EFICAZ ENCONTRANDOME YO EN UN ESTADO DE AFECTACION PSICOLOGICA POR TRAUMA VIENDOME AFECTADO EN MI PENSAR Y QUE EN NINGUN MOMENTO FUE MI INTENCION AFECTAR SI NO QUE UNICAMENTE TRATE DE ENCONTRAR AL CULPABLE Y DE ESA MANERA PODER EXPONERLO PARA QUE SE DETENGA Y CON ESTO PODER SABER HA QUIEN CONSULTAR YA QUE QUIENES ME AYUDARON FUERON TAMBIEN AFECTADOS ;EL INTERLOCUTOR CULPANDOME HA MI ENTODOMOMENTO ME HA INCITANDO AL SUICIDIO POR HACER DE MI OBJETO DE SUS PERVERSIONES Y CON TODO RESPETO LE SOLICITO HA LA AUTORIDAD COMPETENTE QUE SI TIENE CONOCIMIENTO DE EL CASO LA PERSONA \_ORGANIZACION QUE ES CULPABLE DE ESTOS TIPOS DE DELITOS SEA EXPUESTA HA LA LUZ PUBLICA Y ENMIENDE DE ESTA MANERA SUS ACTOS QUE POR MAS TRATE DE JUSTIFICAR NO HA PASADO DE SER UN MODO DE HORRIBLE CRUELDAD Y OPROBIO Y PARA QUE RESPONDA POR LAS CONSECUENCIAS DE SUS ACTOS QUEDANDO EXPUESTO Y ASI MEXICO LIBRE DE ESTOS CRUELES CRIMINALES QUE BUSCAN IMPONERSE SOBRE LAS PERSONAS POR MEDIO DE AMEDRENTACIONES Y CHANTAJES Y DEMAS TACTICAS RUINES QUE SOLO UN PSICOPATA PUEDE UTILIZAR EN CONTRA DE UNA PERSONA INCITANDO HA LA GENTE HA LA DESHUMANIZACION POR MEDIO DE TECNICAS TECNO-PSICOLOGICAS COMO ES LA INDUCCION , ASI DE ESTA MANERA INCITAR HA LA CONCIENCIA PUBLICA HA NO DEJARSE INTIMIDAR CHANTAJEAR NI PISOTEAR POR ESTE GRUPO DELICTIVO QUE QUIERE OBTENER PODER POR MEDIO DE LA FUERZA Y LA REPRESION EL CUAL EN NINGUN MOMENTO HA DADO LA CARA Y QUE AMENAZA HA

asi fue como comenzó mi monitoreo neuronal remoto y tortura tecnológica que es la tecnología que están usando en mi caso para acosarme 24/7 los 365 días de el año esta tecnología funciona de esta manera mis pensamientos son transmitidos ha un publico en este caso pueden ser las personas de mi estado o país la persona con quien platico y las demás pueden escucharlos y también escuchan la vos de un interlocutor que manipula mi pensamiento y además conoce los pensamientos de estas personas, desde ese momento comencé ha ser acosado el el primer mensaje de acoso que recibí fue 1er mensaje este por medio de otra persona pero también pudo haber sido un señuelo y quien lo haría seria el interlocutor el mensaje fue este “mataste ha mi padre y nada te va ha pasar con este mensaje ellos podían incitarme ha pensar en si había matado ha alguien hecho que nunca me atrevería ha hacer en mi vida pero también era un mensaje que haría pensar ha las personas que era un asesino con el objeto de desacreditame como persona el monitoreo neuronal es simple puedes saber lo que veo escucho pienso y digo asi como lo que me dicen y si es retransmitido en tiempo real EN MASA es decir en vivo HA MUCHAS PESRONAS ven lo que veo escuchan k lo que escucho entienden lo que pienso todo con la intrusión manipuladora de un agente ajeno al entorno donde me desempeñe y el cual manipula la información que de mi emane para asi hacerme pasar por un delincuente un pervertido y otras cosa peores y si no también comienza con difamaciones calumnias y amenazas que son con lo que intenta desvirtuar la verdad y así obtener poder ante las personas el también usa un tipo de ayudantes que son personas que interactúan conmigo y que le ayudan en su tarea de satanizar mi persona y ha los cuales denominare perp en alusión ha la palabra perpetrador de manera que muy difícilmente pueda yo obtener ayuda y también denominare interlocutor ha la persona que esta detrás de la consola y que se comunica al publico y que yo no escucho por estar de esa manera no puedo defenderme ni tampoco desmentirlo en sus chantajes .

El 1er mensaje me llevo ha mi por parte de un empleado de la empresa al parecer se había percatado de que mis pensamientos eran oídos y de que yo no escuchaba la vos de la persona tras el monitor y decidió repetir lo que escucho o el interlocutor lo uso como medio para justificar el mensaje es decir encontrar una fuente que justificara el mensaje para que yo no me diera cuenta de que estaba siendo monitoreado antes de que yo descubriera como funciona ,y asi comenzó el acoso claro yo aun no me había dado cuenta de que mis pensamientos eran transmitidos pero comenze ha pensar y no entendía por que me decían eso las personas o porque lo escuchaba solo repetían lo que oian es decir funciona de esta manera yo converso con una persona esta persona escucha mis pensamientos ,la voz de el interlocutor y mi voz yo solo escucho la voz de la otra persona por lo cual mientras platico con otra persona el interlocutor puede inmiscuirse en la platica y sabotearme es decir manipular la información que de mi cerebro emane mesclandola con su dialogo asi de esa manera acosarme insultándome ha través de la otra persona , hubo otro incidente en el periodo que estuve trabajando en el que hubo una manipulación de el interlocutor en la conversación yo atendía un cliente cuando de repente escuche ha ya ni la va ha hacer mejor mátenlo hasta muertos hubo, esta persona ni siquiera me conocía solo era un cliente que iba ha comprar una llanta como si yo fuera culpable de una situación en la que hubo muertos ests dos mensajes no tienen ningún sentido, ha continuación segui con mi vida normal pues aun asi no me había dado cuenta que estaba monitoreado solo sentía algo raro por los mensajes llegado el fin de semana decidí asistir ha un reti ro espiritual católico pero cuando íbamos de camino ha chilapa comunidad de Nayarit donde hacen los retiros comenze ha oir voces detras de los asientos ellas platicaban de mi vida con mucha gracia parecías criticarme pero parecían contentas aunque después empezaron ha decirme que tenia que bajar de el camión por que en el retiro iban ha ahorcarme y tendría que morir asi que cuando le pedi permiso al chofer me baje del autobús muy asustado de tal forma que solo una persona muy aterrada haría, corri y corri hacia un cerro con el propósito de ocultarme y mientras corria escuche como si alguien me susurrara estas palabras al oído , no que estaba lastimado ya lo quisieran los soldados (cosa que me pareció rara pues estaba totalmente solo (después me enteraría que lo hacen con tecnología) que cuando me encontraba en la llantera y cai en estado de cansancio por ataque de arma electromagnética me dolía también una rodilla al parecer por el ataque sufri una descalcificación pues en ese corto periodo de tiempo una semana sufri una descalcificación por eso me dolia la rodilla y me rompi una muela y un diente muy fácilmente , bueno asi que cuando estaba en Nayarit corri toda esa noche iba de un lado ha otro sin descansar escuchando amenazas en todas partes como un loco escucha

voces (después me daría cuenta que las voces que escuchaba eran provocadas con tecnología llamada v2k ) aun así no logro definir el estado psicológico de angustia y locura que me llevaron a actuar de tal forma y de el cual omito algunos episodios por ser perjudiciales a mi persona y que solo por autoprotección realice y que en ningún momento agredí a alguna persona si no que trate de ocultarme pero no encontré lugar por que estas voces no importa donde estuviese me encontraban, así fue como me pase una tarde y una noche como en persecución de un lado a otro también encontré a la policía en muchos lados aunque ya me escuchaban no me capturaron y estoy seguro de que escuchaban mi pensamiento en una ocasión trate de dormir bajo un árbol y enseguida un federal se estaciono enfrente de mi se fajo los pantalones y se fue raro se paro justo enfrente de mi y en otra ocasión iba caminando por la calle y vi dos estatales y esuche que comentaban crees que sea ese y el otro contesto tu crees que anduviera tan tranquilo así creo que el interlocutor tuvo una intervención y de esta manera quiso hacerme creer que yo era un prófugo así que esa noche la pase creyendo que me buscaba la policía y que me iban a matar por que había escapado de el retiro donde también me iban a matar es decir la manera en que me manipularon es que me hicieron creer que me iban a matar y después que yo era un prófugo es una manipulación psicológica pues yo estaba tan aterrado y confundido que no podía pensar con racionalidad así que solo podía intentar escapar no sabía lo que me pasaba solo quería escapar, creo que ese día camine y corri alrededor de unos 30 kilómetros muy cansado mojado y ampollado y terriblemente perturbado sin poder moverme me acosté en un cerro a tratar de descansar mis pies fue cuando me di cuenta que me estaban apuntando con un reflector creo que mis acosadores usaron un arma que aumenta el poder orgánico ya que el esfuerzo esa noche fue titánico en la mañana un poco mas despejado de el miedo decidí buscar el autobús o un ráete que me llevara a casa y por suerte lo encontré entonces fue como regrese a colima al mientras veníamos por el camino comencé de nuevo a escuchar voces sin ninguna fuente fue cuando por primera vez experimente la manera de interactuar con un medio electrónico es decir una tv (esta tecnología consiste en usar la tv como un medio que justifique el mensaje de manipulación ellos hablan a través de la tv usando las radiofrecuencias y disparos electromagnéticos da la impresión de que alguien habla a través de la tele y no específicamente los conductores o los presentadores del programa, en programas grabados también sucede videojuegos vendedores con altavoces etc.; de echo en todo lo que pueda emitir sonido de manera que sirva como señuelo para justificar su tecnología a modo de que no pueda ser descubierta pero ellos pueden enviar sonido al receptor y no necesitan fuente de sonido y es perfectamente entendible (después me enteraría de que en realidad el video no esta modificado si no es que hablan como si fuera una interferencia que se suma al audio de el video. de camino a colima me di cuenta que un federal iba siguiendo el autobús pero en cuanto llegamos a colima nos abandono, llegando a colima una persona me dijo te va a confesar el padre es decir todos mis secretos y mi vida privada iban a ser revelados por el sistema de monitoreo remoto que es un sistema de espionaje al parecer de los militares o de algún órgano de inteligencia pues una organización civil o un particular no tendría campo de acción y ya me hubieran venido a buscar para encontrar al culpable de estos actos y que en ninguna forma el gobierno lo tendrá por un acto legal y hasta el momento no he tenido ningún tipo de asistencia , el interlocutor dice de esto no se sabe nada para que no se platique de lo que acontece y no obtenga atención de esta manera amenaza a quien pueda ayudarme a exponerlo y tratarlo haciéndose de alguna manera intocable , la tecnología usada pues es de ultima generación y de esta manera el verdadero culpable sea muy difícil de encontrar y que mas que como gobierno actúan como psicópatas enfermos y asesinos que no les interesa para nada la vida de las personas y que en realidad parece como si quisieran que todo el mundo entrara en guerra oh que hubiera una matanza, yo tenga pruebas de ello solo el testimonio de quienes han escuchado y quienes han sufrido esto conmigo por haber salido perjudicados y quienes están amenazados con ser conectados al monitoreo neuronal remoto y ser escogidos como objetivo si me apoyan en mi defensa ,las técnicas utilizadas para el acoso son muy finas y yo no soy una persona muy acertada además de que cuando lo hacen manejan mi atención así que es muy difícil quedar totalmente seguro de cómo es la manera en que actúa este tipo de personas al llegar a colima me fueron a llevar a mi casa entonces cuando estuve hay paso que el titiritero llámese así a la persona que manipula a mi persona detrás de la consola de mando manejo información y comenzó a manejar mi carácter al grado de que me puse agresivo he intentaba pelear con una persona pues yo no era racional era irrisible mis padres se dieron cuenta de mi cambio de humor y decidieron albergarme por que me vieron mal lo que no sabían es que mediante tecnologías de armas electromagnéticas pueden inducir y manipular la conducta humana yo a sumamente confundido y con mucho temor ya que mi carácter estaba siendo manipulado pensé que cuando mis padres me albergaron me iban a matar pues con lo que me paso en Nayarit lo de fuereño en día treinta no la cuenta creía que en el albergue me iban a matar y le suplicaba que no me metiera yo pensaba que ahí adentro me torturarían y me arrancarían la piel así que por piedad le suplicaba a mis padres que mejor me dieran una pistola para darme un balazo cosa que no hicieron pues ellos solo me veían sumamente perturbado no sabían lo que pasaba me habían dicho que ese albergue antes de albergarme que era con la puerta abierta pero cuando entre ya no se me permitió saber dentro de el albergue se formo una atmosfera horrible yo pensaba que me querían matar de echo escuche algunas amenazas no sabía que el interlocutor podía mandar mensajes por el aire dando la impresión de que ellos me estaban amenazando cuando en realidad era un agente externo transcurría el tiempo con normalidad yo estaba demasiado ampollado para caminar así que se me otorgaron unas chanclas yo escuchaba amenazas todo el tiempo

que me iban ha sacar los ojos y que en cuanto durmiera me matarían yo estaba sometido todo el tiempo esa era mi impresión aunque solo era ruido pues podía platicar con ellos asistía ha juntas incluso me daban de comer las cosas no coincidían mi realidad no la sabría hasta después que todo era una puesta en escena en ese albergue estaba tan aterrado que no puede describirse me sentía desahuciado y que mi muerte estaba cerca imagínense después de ser perseguido y amenazado corriendo por una ciudad desconocida entrar en un albergue con personas que no conoces las cuales se comportan como si nada pasaba mientras yo escucho amenazas como espera ha que se duerma y le vamos ha arrancar el cuero con fichas asi pase cuatro días sin dormir solo con pequeños lapsos no sabría que aquello solo seria una escena preparada por el interlocutor pero para mi fue real las voces que oía me decían que jamás vería ha mis seres queridos que estaría secuestrado y que me matarían de hambre que nunca saldría de hay que me cortarían el pene y me usarían como prostituta imagínense estar solo en tan difícil situación también me hizo creer que me habían infectado de sida es decir todo lo hacen mediante sugestión si quieren hacerme creer que estoy infectado te preguntan si tienes alguna enfermedad venérea luego hablan de tu comida y después te presentan ha una persona esquelética que parece estar enferma y ella te dice te quieren hacer lo mismo eso escuche y de esta manera pensé que el estaba amenazado y que lo habían infectado y que me harían lo mismo cosa que no es viable pues corren el riego de infectarse ellos y después justo en la comida le dan unas pastillas para que pienses que son antirretrovirales y pienses que la comida esta infectada y asi es como lo hacen sugestión de esa manera me hicieron sufrir horriblemente y me hicieron vivir en la zozobra pase los días mas horribles en ese albergue me sentía totalmente indefenso con ataques las 24 horas de el día es muy difícil imaginar siquiera lo el infierno que pase en aquella situación aunque solo halla sido manipulado pues solo el sonido me sugería eso si fuese una película sin sonido jamás lo hubiera pensado es como un albergue común pero no me daría cuanta de nada debido al estado tan perturbado que estaba no podía valorar la situación ni darme cuenta de el engaño asi pase los primeros días asi que después estaba pensando como podía escapar cuando me di cuenta de una cosa ellos literalmente adivinaban mis pensamientos no podía escapar ya estaba bajo monitoreo si pensaba en brincar la barda ellos ya lo sabían asi que jamás escaparía de ese albergue asi cuando lloraba ellos decían esta llamando mucho la atención hay que matarlo pidiendo ser mensajes que aprovechaban la situación para torturarme asi al cuarto día de estar en ese infierno salimos al patio ha limpiar y estábamos sacando agua de un pozo cuando de repente se me ocurrió brincar la barda fue espontaneo asi que ellos no pudieron advertir mi escape en cierta manera siento que ellos me dejaron escapar pues vieron que no tenia ninguna culpa de lo que me estaba pasando y asi me di cuenta de que la persona que me monitorea quiere matarme pero solo mediante medios humanos es decir el quiere provocar mi muerte , cuando Salí de el albergue Salí totalmente descalzo asi que me fui corriendo por las vías de el tren después de lo ampollado que estaba con la carne viva en mis pies tratar correr descalzo sobre piedras calientes por el sol el recorrido de el albergue ha mi casa es como de unos diez kilómetros y tuve que caminarlos descalzo he incluso tratándome de esconder de la policía estaba muy paranoico creía que me querían encerrar y matarme de hambre cuando venia hacia mi casa tuve que pasar por un terreno con espinas y aun estaba descalzo por gracia de dios encontré un par de zapatos viejos mas adelante y me los puse aunque me quedaban apretados y aun mas me ampollaron fue realmente un viacrucis de los que nunca se te olvidan des pues volví ha mi casa y al encontrarme mis padres en allá estaban desconcertados no sabían que hacer conmigo ellos me dijeron para que te regresas la verdad es que aun pensaba en que querían matarme pero en realidad ellos no lo habían intentado todo era una ilusión asi que cuando estuve en mi casa me trataron de atender y aun seguía acosado por las voces seguí con mi paranoia fue cuando mis padres por darme un apoyo decidieron llevarme a un grupo de auto ayuda allí también hubo una confusión ellos me aceptaron he incluso me albergue de nuevo pero las voces seguían acosándome entado momento y también allí me hizo creer que me querían matar me hizo creer que allí viviría toda la vida sin poder hacer nada por que no yo no podía trabajar por que yo rebelaba todo acerca de mi trabajo también hizo creer que yo era un perseguido por la justicia que yo era un pedo filo y un terrorista y que además estaba planeando algo encontrar de el grupo asi que no me pude quedar hay aunque ellos seguían siendo amables y condescendientes conmigo era un grupo de a cuando volví ha mi casa en el televisor estaba el presidente hablando y ellos usaron su imagen para intentar reclutarme ellos dijeron vete ha reclutar mas adelante me dijeron queremos saber que secretos tienen los soldados asi que allí fue donde comenzó la tortura ataques 24/7 donde las personas me creían un indeseable un puerco y yo escuchaba los insultos nadie quería tenerme cerca el interlocutor hacia lo que podía para que las personas me odiaran y satanizaba mi persona yo perdí varios kilos y me descalcifique creo que fue la peor etapa no tenia ni un solo momento de descanso y era odiado en cualquier lugar todo antes de que se supiera la verdad yo no era culpable de nada además el interlocutor hacia de mi vida pasada una forma para amenazarme de no poner una demanda el decía que yo tenia que estar en el bote pero la vedad salió ha relucir y jamás fui embotado yo intentaba reponerme pero ha cada intento de sobreponerme social física moralmente el interlocutor hacia uso de sus técnicas para impedírmelo es decir dejarme sin ningún recurso comencé ha reponerme un poco en cuanto al físico y comencé ha hacer deporte fue en ese tiempo cuando intente poner mi demanda ante derechos humanos pero el me decía que me iban ha encontrar es decir de que al ir ha poner una demanda ellos iban ha saber quien es el que s oye asi que en ves de que me ayudaran me iban ha encarcelar que para que ponía una demanda si de esta acción nada se sabia además de que decían que si iba ha poner una demanda ante derechos

humanos nada mas me iban ha dar una recomendación pues en ese momento yo pensaba mandar mi caso ha varias instituciones y ellos jactándose de su poder cuando intente mandar mi caso al presidente de la republica ellos dijeron nosotros podemos hacerlo que cante que baile y hasta que aplauda ellos cada momento se jactaron de tener poder en el gobierno hace que no pude hacer yo nádame molestaban dondequiera que valla ellos me ponían apodos como tu ere el güero todo puedo y dondequiera yo era mal aceptado pues era como un tipo de espía si les digo lo que es estar bajo ataque 24/7 no tienen ni idea de lo que es sufrió el me decía que iban ha encarcelar ha mi familia y que ha todos los iban ha matar fue muy cruel y yo estaba como traumatado no podía pensar bien ellos me decían que no servia para nada que mejor era que me ahorcara y seguidamente me decían que lo hiciera en cierta ocacion me puse una corbata en el cuello y lo intente pero como hice ruido decidí no hacerlo hace que si ellos creían que no servia para nada decidí continua con mi estudio pero en la escuela me paso algo para lo que no estaba prevenido el llamado gangstalkin es decir un grupo de personas empiezan ha acosarte te dan mote nombres y te dan situaciones y te hablan de delitos oh platicas de delincuentes para que tu empieces ha recordar oh ha relacionar personas ha modo de interrogatorio para poder saber que sabes así comenzó y tuve que dejar la escuela debido ha estos ataques siempre me quedare con la duda de si en realidad era atacado por mis compañeros por que en una ocacion escuche no te diste cuenta ni como estuvo este jale pues hacerlo los ex podría ha la represalia de quien hubiere sido afectado así que prefiero pensar que en realidad el titiritero había emulado todas las voces y usaba el entorno para así poder justificar un ataque masivo de información otra cosa rara fue que una persona queso unió después ha mi grupo me parecía alguna vez verlo uniformado y en la escuela siempre estaba hablando por teléfono y traía una laptop dudo cuales eran sus intenciones tales solo era mi paranoia ojala pero una parte de m decía que estaba investigando la verdad parecía un estudiante normal pero era el único con laptop en una escuela perniabierta para trabajadores el decía vamos ha investigarlo y ha ese vamos a investigar pero me pareció confuso días después vi su camioneta trabajando para una empresa de vidrios ellos me dijeron que había ido ha investigar por que mis pensamientos se escuchaban también me dijeron que me iban ha ofrecer trabajo la verdad no creo que ninguna de las dos fueran ciertas alguna vez cuando yo estaba pensando ir ha demandar ha alguna organización de inteligencia por irrumpir en mi vida privada y por investigarme el menciono y lospreciado si debieron dando ha entender que serian inculpados de algo lospreciado son mi familia y como estas represalias muchas y varias se dieron la verdad acerca de esto es que tal ves si fui interrogado en la escuela y por que no lo se tales solo fue una ilusión que el titiritero hubiese emulado las voces de mi grupo para atacarme masivamente con información de modo que yo fuera convertido en un reactivo y así fuese interrogado prefiriera no fuera cierta pero si la realidad es otra seria muy triste que las organizaciones de seguridad publica y los ciudadanos en común estén involucrados en este asqueroso método de represión del ciudadano amenazas calumnias difamaciones solo para obtener cualquiera que fuere su objetivo estando en la escuela estuve ha punto de atacar ha un compañero yo no quería que me estuviesen interrogando y se los decía con mi mente pues si le platicaba ha alguien en el salón iban ha decir que no sabían nada así es el método que emplean para interrogar sin permiso y para experimentar con humanos de echo alguna ves yo estaba tan atacado uno no se puede intentar explicar el grado de angustia que se siente cuando te interrogan de esta manera pues si perjudica a alguien es seguro te lo va ha cobrar por que sabes que te esta escuchando y cuando los hay encerrados en un salón de clases y no puedes salir pues intentas hacer lo mejor con tu escuela es decir estudiar te das cuenta de que te lo están impidiendo además de estar perjudicándote es algo inexplicable así que tuve que dejar la escuela para ya no seguir siendo acosado no se si fueron mis compañeros yo escuchaba sus voces pero no veía sus caras como para leer sus labios así que nunca estaré seguro de si fue acoso por mis compañeros o solo fue otro escenario fabricado así fue como perdí el estudio así que seguí siendo interrogado pero esta ves por acoso electrónico por tv videojuegos y radio además de cualquier medio que pueda emitir sonido ellos disfrazan sus mensajes con el sonido de el dispositivo emisor de sonido también aparte de darme apodos y de darme nombre para que yo intentara emitir información con mi memoria ellos me satanizaron diciéndole ha la gente que yo no servia y que solo perjudicara por eso debería de ahorcarme oh que me mataran en no pocas situaciones me incito al suicidio y me puso al borde de la muerte la primera fue cuando me hizo ponerme una corbata en el cuello por que estaba siendo investigado y tenia que morir rápidamente pues si no solo me quemaría es decir que si me iba ha cortar las venas tenia que hacerlo bien pues si no solo lo que haría era llamar la atención supongo que lloque el hacia era asegurar que no me arrepintiera ante el dolor y que muriera rápidamente esa fue la primera ves que casi muero la segunda ves fue como ha tres meses de que comenzó la reproducción de mis pensamientos en vivo y fue de esta manera el seguía diciendo que yo era un prejuicio me acosaba moralmente ponía ha las personas en mi contra como si me odiarían impedía que llevara una vida estaba en estado de trauma y no podía pensar el me hizo pensar que me matarían por que las personas estaban siendo investigadas por mi culpa así que yo solo era un prejuicio y mi vida un asco también me acosaba de haber causado una muerte accidental yo sabia que no había sido de esa manera el decía que yo había acusado la muerte de mi abuelo y de ahí se agarro para hacer creer ha la gente que yo era un asesino y al principio funcionaba usaba esta técnica mis pensamientos son reproducidos en vivo y cuando estaba frente ha alguna persona el mandaba voces ha mi cerebro estaba platicando con alguien y de repente se escuchaba maldito asesino voz en mi cerebro y todas las personas que escuchaban la reproducción escuchaban eso y por inducción pensaban le dijo maldito asesino debe saberle algo y así es como le

hacia para inculparme después descubrí su técnica y las personas también se dieron cuenta de sus engaños así que lo que paso con mi abuelo es que aunque yo no creí nunca haberlo matado por que no fue cierto el solo pensarlo me aterrorizaba pues yo fui ha cuidarlo al hospital cuando estuvo enfermo un par de veces y el decía que por mi descuido el había muerto cosa que no sucedió el murió por que estaba grave debido ha que su sangre se le derramo en el estomago el decía que fue mi culpa por que no lo supe mover la verdad yo nunca ejercí presión sobre su estomago y la gente lo sabes si no que hice lo que el me pedía y jamás le hice algún daño el utilizo el suceso para que la gente pensara que tío era un asesino así que la segunda vez que me incito al suicidio fue por que ele hizo pensar que mi familia estaba siendo afectada por estas investigaciones y aun utilizaba lo de mi abuelo solo una mente aberrante puede utilizar la vida de las personas y la mentira para divertirse o para que funcionen sus planes así que imagínense como estaba mi familia no sabia si amarme u odiarme hasta que se dieron cuenta de la verdad el titiritero era un mentiroso y un desgraciado que no se merecía un poco de compasión ha el no le interesa ni la vida ni la integridad de las personas y cada vez que recuerdo por lo que he pasado simplemente se me hace un nudo en la garganta y me dan ganas de llorar ellos deben de ser detenidos utilizan la vida de las personas para crear problemas entre ellos mismos si por ellos fuera el mundo fuera un campo de guerra así que la segunda vez que casi me suicido compre un poco de raticida y lo probé como tres veces solo para saber que tan dañino era así que en segundos estaba vomitando y había perdido mi facultad motora así que busque ayuda estaba lejos de casa así que simplemente busque ayuda ellos decían que iban ha matar ha cualquiera que me ayudara así que en una tienda un señor me ayudo ha llegar al hospital y ellos dijeron que iban ha cerrar su tienda por haberme ayudado cuando llegue al hospital no tenia nada en el estomago y temblaba como una gelatina casi no podía caminar y estaba muy asustado cabe recalcar que solo el vomitera causado por el veneno el temblor era causado por un arma de ellos que inhibe tu facultad motora yate hace caminar como robot aun después de el episodio me siguió atacando con esta maquina y era como si tuviera muchos tics nerviosos así que cuando estaba en el hospital le rogué ha dios que salvara mi vida y yo haría lo que fuera por ello pero cuando llegue al hospital me sucedió que los doctores se reían el titiritero había usado su técnica para que pensara que ha los doctores no les importaba mi vida y que me dejarían morir así que yo rogaba ha dios por mi vida mientras el me torturaba con tecnología y se mofaba de mi desgracia por gracia de dios los doctores no eran de sus aliados y salvaron mi vida me inyectaron dos inyecciones que me protegieron mi estomago el dolor era como si tuviese un orificio en el estomago y el me decía que la inyección solo me retardaría la muerte así que aun dado de alta me hizo pensar que aun después de las vacunas yo moriría mas tarde aunque no fuese cierto así es su forma de pensar les encanta torturar y poner ha las personas en peligro de muerte la verdad es que no moriría y solo fue una intoxicación quien sabe que tan grave por suerte no paso de hay y estoy seguro de que el titiritero estuvo muy complacido con esto después de las inyecciones llego una persona dela judicial y me pregunto por que había yo tomando el veneno le dije que había sido por remordimiento por que había movido ha mi abuelo y que tales eso había sido la causa de su muerte el hizo un gesto como de desaprobación como si yo era un loco el titiritero de nuevo utilizo la figura de el judicial para decirme sabes que te estamos buscando cuando en realidad era la voz de el titiritero que me estaba engañando así que eso fue lo que le dije culpándome ha i mismo en realidad no era verdad nunca pensé haberlo matado lo hice porque pensé que estaba afectando personas por que investigaban ha cualquiera que tuviere relación conmigo solo el apoyo de mi familia me hizo saber que ellos se habían dado cuenta de el engaño pero me preocupa que ese episodio sea usado por estas personas para encarcelarme por este medio como si fuese un tipo de confesión en realidad le dije eso al judicial por que pensé que ellos pensaban que si había sido cierto es decir como si el gobierno me estaba investigando por eso la verdad fue una estupidez haberlo dicho en realidad le dije eso al judicial porque pensé que aunque yo sabia que era mentira ellos lo pensaban así que si lo hacia terminaría encarcelado injustamente y todo terminaría la verdad es que estaba dispuesto ha ir ha la cárcel injustamente solo porque el titiritero hacia cree ha las personas que yo era un asesino la verdad es que mi familia nunca pensó en que yo era un asesino era el titiritero que emulaba las voces y me hacia pensar que me odiaban ante esto mi familia estaba en shock pero siempre fue noble conmigo porque me conocen desde mi infancia y jamás seria capas siquiera de pensarlo donde de plano se le fue la lengua al titiritero fue por que dijo que había sido porque el no me había heredado y yo me había vengado la verdad nunca espere una herencia jamás he sido interesado y soy de las personas que no les importa el dinero sino que pienso que es mejor la vida así que sus propios desvaríos lo delataron pero sin duda engaño ha muchas personas así que imagínense el trato que obtuve de las personas no se si fue en realidad oh fue una ilusión pero no es mentira que fui insultado muchas veces y tratado como lo peor causa de el titiritero el documento es muy claro en cuanto ha la muerte de mi abuelo de echo yo tenia casi 24 horas de haberlo dejado y la muerte fue en menos de doce horas hace que es imposible mi culpa y espero que no pase ha mayores seria una injusticia vivo libre y espero que este grupo no use su influencia para encarcelarme injustamente he sufrido infinitamente en estado de trauma y estoy dispuesto ha luchar para que esto se acabe y que por medio de la información no puedan engañar ha nadie mas con sus técnicas de control mental y de la gente creando odios y rencores entre las personas. Después de haber dejado la escuela estaba en un estado he intente buscar trabajo pero fue en vano el titiritero amenazaba ha cualquiera que quisiera contratarme o darme algún tipo de ayuda así que estuve en casa por un buen tiempo algunos meses sin trabajar solo haciendo lo que podía en ayudarle ha mi padre con los animales tenemos

borregos fue cuando mis padres me comenzaron a decir que tenía que ir a terapia que estaba mal ellos también fueron amenazados a veces sus amenazas son muy sutiles así que comenzó a ir al centro de integración y comenzaron a medicarme con cerque y tabique que son depresores de el sistema nervioso también allí sufrí el acoso de grupo de la misma manera que en la escuela pero esta vez menos agresivo y también tuve que retirarme de ahí para no seguir sintiéndome mal la forma en que ataca el acoso de grupo es el titiritero te ataca con una arma electromagnética que te inhibe la energía te deja prácticamente dormido solo con suficiente fuerza para mantener los ojos dormidos literalmente te hace babear como un estúpido es así cuando el acoso comienza y de nuevo las situaciones criminales los apodosos los moteos las señales y toda una maraña de palabras clave que identifican a tal o cual persona es decir primero ves una persona y va de amarillo si quieren saber que tiene que ver contigo cuando la veas te la señalan y después cuando ves que quieren interrogarte acerca de esa persona te hablan de el color amarillo es fácil es como un sistema de referencias ahora imagínense este tipo de información constantemente sin interrupción te automatiza y al escuchar esta u otra frase automáticamente les darás la información que ellos quieren en realidad a pesar de la tortura y el acoso moral y las amenazas y la destrucción de la vida y entorno social esto fue como un largo interrogatorio por eso pienso que el gobierno está metido en esto fueron muchas las veces que aguanté humillaciones y demás abusos y siempre traté de conservar un balance tratando de no dañar a nadie sabiendo de que mi vida estaba en peligro siempre lo intenté así que después de dejar el centro de integración como ya no podían interrogarme ahora lo hacen mediante sueños en las mañanas mismos sueños que sirven para amenazar a la gente en muchas ocasiones ellos se ríen de mí y hacen creer a la gente que soy un perverso en una de esas estaba acostado con mi hermano en mi cama y él me abrazó así que como yo ya casi despertaba alcancé a oír que decía con su hermano abrazado y esto lo dijo con la intención de que mientras mi hermano menor me abrazaba ellos querían hacerme eyacular para hacerse burlar de la situación y esta es solo una de las perversidades que ellos causan ahora se la pasan difamando gente y diciendo de mis conocidos que esta vamos a investigarlo así que he decidido moverme de Colima o pedir un asilo para que ellos ya no puedan difamar a nadie el problema es que no me dejan trabajar me duermen con un disparo electromagnético aunque en últimas fechas me he acostumbrado y ya no me han dormido lo que yo quisiera es investigar quien es para así podrá demandar y obtener una compensación por que mi casa salió afectada todos en mi casa estudiamos y ellos son tan crueles que no se fijan en nada prefiero irme antes de que la relación con mi familia se acabe pues ellos no están contentos por que fueron afectados sin deberla ni temerla así que me tengo que ir así que pido la ayuda de la conde y yo en cambio les daré la información que necesiten me presentare en la comisión en fechas próximas para explicar mi testimonio.

I live in Brazil and I'm the target individual

I am a victim of gang stalking and mind control, I have a chip in the spinal cord that causes me to be raped without realizing it, they put me as a sex slave, was excluded from society and everyone around me participate in the harassment, the voice of VOSEs skull to threaten me and offend me, they read my thoughts and suffer from synthetic telepathy, gathered evidence and I'm thinking of getting justice, but I ask some advice on how I prosseder to stop the harassment of mind control, and I also help regarding harassment.

**18/12/13**

Meu nome é Felipe eu moro no brasil e sou individuo alvo, comecei a ser atacado em 2009, me colocaram como escravos do sexo, estou sendo estuprado sem perceber, sofro com ataques de voice to skull, as vozes me ameassam , as pessoas leem meus pensamentos, estão me dando lsd e me torturando psicotronicamente.

**14/4/15**

I am here in Brazil, being the victim of an intense harassment of organized torture and electronic harassment; AKA I'm being a victim that is all I think I speak and I hear opens doors to happen and happen either physically or apparently (as far as I understood), and I am hearing a voice saying is you, asking me to just think about Jesus Christ, and I am struggling to think. I'm being sexually abused through electronic means and tortured with psychotronic weapons; This kind of torture makes me get out of orbit with eyes unfocused and my eyelids begin to tremble, my thoughts begin to go out of control and people will start listening to narrate my uncontrolled thoughts, (making this horrible torture .) Therefore, I ask for advice, as this kind of torture and harassment to stop? (If possible answer in Portuguese,) thank you thank John Finch and look for advice.

I have a device a evidence of the location of the device, it is located at the roof of my mouth. I have had no luck trying to have it removed. I thank God that I asked for a copy of the neuroscan. You can see the device and the, there is a hoe on the outside right hand side of my face, it matches the hole located in the skeletal image from the neuroscan. It somehow must of traveled over the period of 6yrs.. I also have proof of who did it, my ex wife, is a MD and she and another doctor were involved. I can prove this, I have evidence beyond belief.. She even told me that some strange things were going to be happening to me, things I won't understand.. I have the recorded conversation of the call as well. I have put this all together with the help of God only! I was set up and put in

prison by her. I have all of the medical records as well of the day it happened. I went in for a lower and upper G.I. study, they administered 75 mg of demerol and 4 mg of versed, which is an "amnesia" narcotic they said. They said to me, "i won't feel or remember a thing, but that I will be completely conscience. Years later this device has surfaced in the roof of my mouth. Everywhere I turn to request that this thing be removed, the hospitals keep giving me the run around. They even tried to alter my medical record, I have proof of that as well. I need some help with this please. Thank you

I was being followed around by guys in suits with cell phones in Clearwater Florida... I only caught them at it once...but there was absolutely no doubt....and they're only purpose was harassment.

I have been blowing the whistle on mind control and MK- crap since the 1970's but have been pretty Fabian and never stayed in one place long enough to be effectively stopped.

At the time I was trying to warn people essentially about 911... but did not spot it for what it was at the time. I just knew that they were going to start the war... didn't equate the WTC with it even when it was right iunder my nose.

I was beaten badly for no reason and wound up in jail in Pinnellas county on three false charges....I believe one of those cell phone boys set me up.... all i did was say 'Im getting a little bombed... ...and that was before WTC.

A lawyer eventually advised me to leave the country.... there is a lot more to it than that but I can only speculate....

At one point I was surrounded by approximately 20 policemen (I was in a fenced playground with my dog...) they let me go along my way after about an hour. Just previously I had been quite vocal in a local restaurant... about things. knew I was being followed and was trying to evade them.

Can you tell me is there some procedure they perform.. that would cause a person to generate so much heat that rain falling would steam off of him.

Frankly I think I have been victim .. on and off to a certain extent.... but pretty much ignore it and get on with things...

I don't really want to speculate on it all. There is actually a possibility that they murdered someone I loved just to slow us down but I can not prove it ....we were putting up posters at the time that said "Psychiatrists The Men Behind Hitler" and she died in her sleep from unknown causes ...after suddenly being diagnosed with epilepsy... at 42 yrs old....never had a siezure in her life previous.

In any case the jig is up for these aSSholes thanks to guys like you...

Stand and fight...the children are worth it.... besides as far as I'm concerned we have to come back here anyway.

I am a victim of new COINTELPRO operation. Some people call the victims as Targeted Individuals(TIs), and I am one of them. The harassment started from when I was studying at SJSU. Since then, I have been experienced same style of harassment in everywhere I go. I lived in Switzerland as asylum seeker for 2 years and now on exile. ### Mind Control using V2K part 2 - Countermeasures

#### **Mind Control Using V2K Part 2 – Countermeasures**

The purpose of mind control is to make you to get attention either away from or into a particular matter. Mind control is to command someone to do or to think in a certain way. For example, if you are thinking to check your email, the V2K voice including subliminal ones may make you remind to do something else to postpone checking your email. It could be hard to know the invisible mind control done by remote voice hearing such as the one used during the Gulf War I. Targeted Individuals also experience face to face cult-type mind control. So, I would like to explain the countermeasures helpful for general situation this time. They are also effective for both voice hearing mind control and visible ordinary ones.

**1. Resist persuasion.** What mind control aims is to change your perception and understanding of things. If cult members try to make you to join their religion using mind control techniques, they will persuade you to change your view. Mind control is to change your belief system without giving you a good explanation or a choice. Simply, they say you are wrong and they are right. Coercive persuasion is often used to change the target's thinking way. For example, think about a telecommunication advertisement asking you to buy a new product. The speaker will continue to tell the benefit and advantages of the product while you have no chance to stop him speaking. The advertiser won't tell you negative information or listen to you if the subject is nothing to do with selling the product.

**2. Criticism is a key of resisting mind control.** When you have a doubt, do not lose it. If something is strange, criticize the situation. The mind controlled people do not have ability to think in their own, but rather repeat things they are told. When they got problem, they ask someone else for solving problem rather than themselves. In the previous case, if you are asked to buy a flower vase that the sales person says as blessed by a cult leader. Do you agree to think the vase possesses a magical power after hearing long advertisement by a telecommunication clerk?

**3. Manage the information input.** Everyone has a right to control the input of information. People engaged in mind control will keep their target to hear something preferable for their group. It is like someone tries to keep the same channel while the TV is turned on. If you are not interested in sports but if you are forced to watch sports program to make you like sports, it is a form of thought reform. It is like a type of propaganda. The very same method cult religions uses to recruit new members. The cults talk about the same doctrines or religious interests to others to make them know more about the religion. You have a right to change the subject of communication or move away from the communication. Don not forget this: You can chose the newspapers, Internet articles, radio shows, based on what your like. You can manage what you want to know as the source of information.

**4. Be objective and separate facts from the opinions.** Facts are the things that are concrete and understandable for general public. When you see a cloud in the sky and you take a picture of it, the picture proves there was a cloud in the sky. It is a fact. People engaged in mind control can tell lies that make you under control. People may say anything they like without evaluating facts. If cults members make you to believe their leader flies in the sky, it is not a fact but a story without any evidence to back it up.

**5. Remind yourself the importance of your daily life.** If you cannot get rid of mind control, try to focus on your daily routine. When you wake up, you take shower. You eat a breakfast. You go to school or work. You eat lunch.

You go back to study or work. These things are what you have for your regular life no matter if you have voice hearing problem or being surrounded by cult members frequently calling you to join their religion. If there is a roadwork going on in front of your house, you might experience the inconvenience due to the noise but you do not abandon your daily routine. Voice hearing or other form of mind control is as same as the noises from the roadwork. You will try to ignore it by put much concentration on your life.

**6. Evaluate one's interest and motivational change.** If someone is under a strong influence from mind control, the one cannot judge one's action nor thought. Think about the cult members who even attempts to kidnap a new member. In a normal situation, people may give leaflets to others but not to kidnap a person for recruiting to a religious group. If you are mind controlled, you might think or do in a certain way. You have no choice but accepting to act or think without having an alternative choice. If you are not mind controlled, you can evaluate your thoughts and actions afterwards or even think about alternatives while engaged in the thoughts or the action. Think about what you can do and why you chose the certain activity or thought. Mind control will not give you the reasoning.

**7. Read about mind control cult victims and mind control countermeasures.** There are several books available to help you understand mind control. The books should tell you about the fact of mind control. Also, try to search information about "coercive persuasion" and "gaslighting," "interrogation." These terms are related with mind control.

**8. Try to take rest and keep yourself away from exhausting due to the overloaded one-way communication.** Lack of food, water, sleep can make your thought dull. That is why cults use such strategies to keep the target exhausted for mind control. V2K voices may continue to talk to you even you want to sleep. In such case, try to listen to a music such as for relaxation using a headphone.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I've been under a severe V2K attack. I've also gleaned that the perps are able to decipher sub vocalized thoughts via a small implant, in my case apparently behind my left ear. it's possible that waving a magnet briskly across the implant may temporarily scramble it. Apparently other implants may allow them to see and hear as you do, but the big one appears to the subvocalized thoughts, from which they can fake most of the other mind reading tricks. This combined with the V2K gives them the synthetic telepathy.

I've been under very heavy and threatening V2K attacks and fear for my life. Also had ,at the very least, the ability to read my subvocalized thoughts clearly demonstrated. Want to get across that apparently at least some implants are used, though I imagine they may be very hard to detect at this point.

**7/3/08**

Hi. I was first 'targeted' (implanted would be closer to the truth) sometime in 2001. To the best of my knowledge. I was likely very drunk at the time. I've a brief memory snippet of the 'procedure' .. one that I denied or attributed to a dream.. until recently.

What happened was I suddenly started hearing insults all the time -- seemingly hurled at my back. Apparently they were trying to demean and provoke me. The sleep deprivation also started around this time.

**13/3/08**

Hi. Here's my new and improved guess as to what may be going on. If I'm even 50% correct I'll be happy. Hopefully it offers a more simple explanation than some of the really 'tin foil' theories out there.

It's essentially a simple concept - An embedded 'cell phone' implant, combined with involuntary hypnosis and conditioning. Most people likely are hardly aware anything is happening. And now this entire process is controlled by a computer (AI), essentially allowing one computer to remotely monitor and control many people.

Please replace any my old case histories with this one

Eric

I offer you a jealously guarded state secret regarding what's commonly known as 'mind control'. What this really amounts to is a stealth way of dealing with undesirables and other 'political prisoners'. Or perhaps I should say it's simply a discreet form of social control. It's just the latest twist on an old phenomenon. What really distinguishes the new 'virtual prison system' from the old brick/mortar/steel prison is the ability to remotely monitor and control people using computer programs (AI).

Have you wondered about the epidemic of people 'going postal' and berserk in public? Read on, I've got a very probable explanation for many of these events.

First off, here are some links dealing with the phenomenon:

<http://www.thehiddenevil.com/status.asp>

<http://www.freedomfchs.com/>

First let me tell you all the things 'mind control' is likely not. It's not ELF, it's not directed energy, microwaves nor masers. It's not HAARP and it's definitely not scalar wave technology. What it is is nasty and obscure, but there's not much to it conceptually. The technology amounts to the equivalent of an implanted cellphone, two of them, one for each ear. This is then combined with hypnosis, applied while you're asleep and not aware of it. The entire process only really works when you're not aware of it, especially the 'implant'.

It's hard to believe, but let me try to make my case.

Perhaps you're familiar a crystal radio. A crystal radio is very simple circuit that gets its power from the radio wave itself. It never needs a battery. Simple kits can be found at radio shack that allow you to listen to AM stations. Also, it's possible to design simple transmitters that are powered by your voice alone. These radios can be made very, very small. For example, see this new nano-radio:

<http://www.engadget.com/2007/11/01/berkeley-researchers-develop-worlds-smallest-radio/>

The point to be grasped is it's possible to make very tiny and light two-ray radios, that never require a power source. Of course, a cellphone is just a sophisticated two-way radio.

Now it gets interesting. You might be wondering how anyone could get one of these radios into you. There are several possible areas to hide these implants. One would be the Maxillary sinuses. Each person has two maxillary sinuses (to the left and right of the nose), below the eye and beneath the cheek bone. It's possible that via a relatively simple procedure these implants are simply dropped into the maxillary sinuses, using a specialized tool similar to the scope used by an ENT doctor. Once dumped into your maxillaries it's impossible for these things to come out. Keep in mind this is just conjecture on my part. There are many other possible areas such implants could hide. Wherever the implants are hidden, getting them there is likely a quick and minor procedure.

<http://www.fractalfreak.com/wx/maxillary2.jpg>

It's also possible the implants induce the sounds you hear using a 'neurophone' like concept. Essentially, by applying an electric current to your skin you can be made to hear sounds, bypassing most of the structures of the ear. The advantage of this is it would make what you're hearing impossible to record using a microphone.

More on the neurophone:

<http://www.netti.fi/~makako/mind/neurop.htm> , <http://www.worldtrans.org/spir/neuro.html>

It should be obvious the people doing this want to make it impossible (or really, very difficult) for the people afflicted to come up with any 'hard' evidence, thus making them appear insane. Tiny implants combined with an unrecordable way of delivering the audio accomplish the trick nicely.

However it's done, the gist of the concept amounts to having a pair of two-way radios (cell phones) 'embedded' into you - one for each ear. Once implanted you can be 'played' (as the people doing this call it) an infinite number of ways. First off, in short order nearly all details of your personal life will be known. Since you have one 'radio' next to each ear, the

people listening will hear sounds as you do, including the direction they are coming from. Since your ears are not used to hearing internal sounds this way, any sounds transmitted to you will always appear to be coming from the outside,

and by varying the timing of the sounds to each ear the 'perps' can make you hear 'virtual' sounds seeming to come from any direction. It's like having a permanent, internal pair of headphones.

Taunting, sleep deprivation, or making you appear insane are common tactics. Let's take each one of these and elaborate. It's extremely easy to drive someone berserk. Simply put they can hurl insults at you in public, and you will think they are coming from the people around you. Remember, the sound appears directional, just like when you're wearing a pair of headphones. A common tactic is backstabbing, where after you're finished talking with someone and part ways you'll hear an insult, seemingly coming from the person you were just talking to. The people doing this love to mess with people this way, and many relationships have been viciously destroyed this way. Sleep deprivation is a simple and brutally effective way to 'neutralize' someone. You will be awoken over and over again throughout the course of the night, and not know why. The doctors will not know what's wrong with you. In short order you will not be able to hold down your job or meet your other responsibilities. They may also choose to openly talk to you, mimicking the symptoms of schizophrenia. If you tell the doctor you're hearing voices this is considered very serious, and you may end up institutionalized.

However, the above scenarios are likely in the minority for the people implanted. Hypnosis and conditioning, applied while you're asleep and unaware allow many people to be nearly completely controlled. Many people aren't aware of how powerful hypnosis can be when applied this way. You have no defense against it!! This is not like clinical hypnosis - these things are always on, and every night while you're asleep 'scripts' can be played. People that are easily suggestible can be completely controlled and their behavior completely modified this way. People can be made to think they're hearing the voice of God, or a ghost. Using various post-hypnotic suggestions all sorts of shenanigans can be played on you. Sleep deprivation and 'jerking limbs' can also be done via hypnosis. You can be made to believe all sort of silly things, once you're

'stuck on stupid'. The techniques used are refined and subtle, through years of experience. Using tricks from the NLP school (neuro-linguistic programming, something pioneered by the late Milton H. Erickson) many, many nasty thing can

be done to you. These techniques can be used to destroy people more easily than they can be used to heal people, unfortunately.

The entire process is largely automated at this point, by playing scripts or even having a computer program respond to what you're saying. Also, 'mind reading' tricks can be accomplished by having someone simply say what they are thinking under their breath (the implants are more sensitive to internal sounds than external ones) on command - the power of hypnosis and post-hypnotic scripts. I want to emphasize that at this point a computer program (AI) allows the entire process to be automated. This means a single computer can efficiently monitor and control (or harass, drive berserk, whatever) a large number of people.

Consider all of this part of the new 'virtual prison system', which is now being rolled out. If you know your history you'll understand the concept of 'political prisoners' (like in Stalinist Russia), and all the people 'hooked up' this way amount to, for whatever reason, undeclared political prisoners. It's naive to assume the governments of the 'free' western countries do not have programs in place to deal with 'undesirables', people that have done nothing technically illegal, but whom 'The Man' nonetheless does not like.

Why are very few people aware of this? Many reasons. Again, this stuff really only works when you're not aware of what's going on, including the fact you've been implanted. And, most people implanted end up destroyed or stuck-on-stupid

in short order. If you go to the doctor and tell him/her you're hearing voices they will think you're insane. Even if you have some idea there's something 'up there' it's impossible to get these things out once they've been dumped into your maxillaries!! At least not without seeing a doctor. Only an ENT doctor, using a specialized scope, has the ability to see into your maxillaries – and this is something hardly ever done. Hopefully you can begin to understand why most people take this secret to their grave. And this assumes the implants are even in your maxillaries. All I know is, yes, there are implants.

Further, the 'cell phone' implants are likely quite sophisticated at this point. They may be largely constructed of conductive polymers (plastics), containing very little metal, so they may hardly even show on a CT or MRI. They may be nearly microscopic in size, or disguised in other ways (appearing as a vessel or thread). This is fundamentally a state sponsored phenomenon, so it's even possible that your CT scan is being censored. It's that hardcore.

The state no doubt considers this a necessary evil, however at this point many people afflicted with these implants (or crickets as I call them) are simply harassed for the sport of it. Driving people berserk (postal) can also be done to direct public opinion.

Hi all -

This is going to be close to my final word on this. It's the best I can come up with. The reason I know there are implants is because, unfortunately for perps, I retained some memories of having these things jammed up my nose. I've updated my page on what may be afflicting many of us

<http://www.fractalfreak.com/wx/satfucked/index.html>

Simply put I don't think there's such a thing as 'mind control', and I don't believe there are any technologies sophisticated enough to read a persons thoughts remotely.

Essentially most of us have what amounts to an implanted sat-phone, and we're all just a phone call away. Hypnosis plus years of conditioning have many people believing stupid things.

The motive is simply to fuck people up, that's all there is to it. It amounts to a sophisticated way of punking someone, for the rest of their life.

Please share the link if you think there's anything to it.

Sincerely, Eric Bazan

It seems to me the entire 'mind control', 'MKULTRA' scene quietly switched over to using satellites. Probably in the 70's and 80's The entire scheme is so twisted it avoids nearly all attempts at tracing or accountability.

Understand also there are many uses for these satellite operated and controlled bugs - ours is just one aspect. Yes it simply amounts to having a couple of satellite phones (stereo) in your maxillary sinuses. However the implementation is such that even if you're entirely aware of what's up you can't do anything about it! First, the implants. The entire idea is you're not supposed to be aware they are in you. A tiny little thing, perhaps the size of a grain of rice, resting on the bottom of your maxillary sinus - right above the roots of your upper teeth. And if you suspect there's something up there, how do you go to the doctor to get them out without appearing crazy? It's a secret many people have taken to their grave. I doubt many coroners are ever going to look up there. The satellite system is likely a spotlight scheme. That is, they are shooting a beam of energy at you. It's likely a weak maser (a laser in the microwave part of the spectrum) -just enough power to activate your implant, and get a return from it. Because it's a spotlight, anyone looking for the signal would have to be close to you. The signal could be cut anytime. They are likely using a frequency reserved for military use, and on top of this it seems quite likely the signal is being scrambled (encrypted) somehow. In light of all the above, you can see how extraordinarily unlikely - and difficult - it would be for anyone to detect or trace the signal. The entire scheme is a control freaks dream.

Completely

remote control mind control. However if I'm correct most of us have a couple little bits of evidence up our noses.

I'm also going to be looking at purchasing a proper Faraday cage from these people to see if I can escape the nearly constant torment I've been under for about the past year: [http://www.faradaycages.com/index.php?](http://www.faradaycages.com/index.php?p=Nieuws&id=135&Lang=2)

A letter to Attorney General, Deputy Chief Jessie Julian, Office of the Attorney General  
Ashburton Office, McCormack Building, One Ashburton Place, Boston, MA 02108

Mr. Attorney General:

I am a history major and former Army Reservist who has been targeted for harassment for many years despite no criminal record or participation in secret societies. I lived in the Philippines, Thailand, and Japan growing up, and was always loyal to the United States, but now I believe I am targeted for harassment with equipment developed by the U.S. Government. I believe that the government agencies involved in secret research programs like COINTELPRO never stopped when in the 1970's Congress ordered them to; they just went deeper underground.

My story is somewhat complex, as I have been harassed in Kansas City, MO (1995); U.S. Army Camp Zama, Japan (1995-1996); Seattle, WA (1996); Santa Barbara, CA (1996-1997); El Paso, TX (1997); Washington, DC (1997); Ellsworth, ME (1997); and since 1997 in Boston, MA. Like many targeted individuals, I have tried travel to escape my abusers, without success. I have been harassed on the street by what seemed to be criminal groups, but since March of 1995 my harassment has consisted largely of sexual stimulation which keeps me awake unless I take strong sleep medication. It also makes it hard to concentrate or work. I have been told by a psychiatrist (Dr. Brad Reddick of MGH) and a neurologist (Dr. Price, also of MGH) that I do not have the symptoms of any known illness. I am harassed horribly, however, and I request that the technology and tactics of the perpetrators be researched and obstructed. I realize my story sounds implausible, but therein lies the power of the ploy: few would believe the story on its face, and acquisition of evidence is extremely difficult. And, like many targets, when I tell the police I am being stalked by a group, they refuse to help and try to depict me as being mentally ill. It seems they have orders which cover this situation, as the response seems uniform across the nation. One would expect at least some to be sympathetic, but in fact all that has developed is that some police confidentially admit to special orders which effect an obstruction of justice. The many abuse victims I am in contact with tell similar stories. As for many of us, my abuse has caused me significant difficulty in relating to friends, family, and co-workers. I normally just tell people I have difficulty concentrating as the truth sounds so strange. I have reason to believe there are many others harassed around the world whose story just sounds too implausible to be believed, so they suffer in silence.

I hope for an investigation of my and other targets' harassment, allowing us to resume our normal lives. This is your duty and you are trained for this, so I hope for justice at last.

Hello comrades, I have been targeted for four years, but just found this forum. I have posted some information about my situation here: [www.brussellsprout.blogspot.com](http://www.brussellsprout.blogspot.com)

Is anyone else having their food and drinks tampered with before they purchase them at the grocery store? I have had a difficult time finding products in the area stores that have not been spiked with chemicals. I don't know if it's chlorine, pesticides or some other toxic chemical, but something is very wrong with most of the products I buy.

I have tried driving miles away from home to do my shopping, but it doesn't seem to matter, they always seem to be ready for me.

Today I called the police, the health department and the FDA, but so far, I'm just getting the run-around. So I ordered a kit on the Internet that tests your water for chlorine and various other toxic chemicals. Then I'll have some hard evidence.

I was thinking, maybe I should start returning products to the store every day and build up a history. The problem is, the police are probably well aware of what's happening and it will not be easy to get them to take action.

Any suggestions on how to approach this problem?

**Petition date starting in Ottawa and Toronto from Aug. 25, 2009**

Dear Member of the Canadian Government:

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We,

and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller'(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government "doing nothing" in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

"Doctors Mengele", who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I should have been interacting long ago, but they've kept me spinning on "what should I do?, and who can I contact; that can put a stop to them from destroying my life and killing me!" I've contacted Mr. John Mecca by phone several times, and his girlfriend, Debbie; had phoned me around Christmas time last year, regarding a video they had put together. I don't know if you have seen this video, but let me tell you; it was very convincing. I can honestly say, that what is involved with this mind control issue; there is far more than meets the eye, or mouth; vs another's testimony. These perpetrators are definitely "Fucked Up," and they need to be stopped! I live in the County of Orange, in the City of Anaheim, in the State of California, USA. The perpetrators who work the issue here, are of Asian descent, Vietnamese. I am absolutely sure of this, as I have done some background checking on the homeowners; on each side of my residence, and they are Vietnamese. Now Vietnam is a "Communist Country," and I figure; that if the United States is allowing communist creatures such as these, to infiltrate America; and "Electronically Torture" Americans on American Soil, then what does that tell you? This action performed on me, was applied through our own "Judicial System," and consists of a implanted glass capsule in my left arm, between the shoulder and elbow, in the muscle tissue. The other devices are in my spine and several other areas of my body. I have even paid for x-rays, which you can see these devices implanted in my spine without my knowledge or consent. I was heavily drugged during an incarceration, back in the year of 1998. I have been tortured relentlessly for approximately the past seven years now, and I am just about to turn into a "Rambo," if you get my drift. Got any suggestions? Whatsup John, come on! Maybe use a defibulator, what do you suggest?

Guess what happened. Today when I was on the elevator where I live, someone else was on with me. It looked as if they were moving out and I asked them about it. They spoke very quietly but I think they said something about people with cameras watching you all over the place. Also I was having trouble getting connected to my MSNTV2 internet receiver broad band connection. 2 employees from Time Warner cable fixed it and they said that someone had illegal access to that room I guess where they hook up your TV cable and broadband cables.

**DEAR SIR/MADAM**

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I am writing in order to put resolution on a recurring problem that I have been experiencing. The matter about which I speak is a particularly difficult matter to explain but, for my sake, I must be very frank. As I explain, it may sound too peculiar to be true but, I assure you that all the information I give is horrifyingly true.

For the past four years, I believe that I have been the subject of, for lack of better words, torture, or as I have come to learn the correct term for it, electronic harassment. Webster defines torture as "to cause mental or physical

anguish". I hope through our combined efforts, more people will have the strength to come forward and fight against this issue. If people allow themselves to be victimized instead of standing up and demanding certain inalienable rights, then no one will ensure that they are given those rights. I am standing up not only for myself but for the countless others that do not have the courage to come forward.

I am from Lake Charles, Louisiana, a Northrup Grumman town; the Northrop Grumman town where the J Stars facility that received the Stealth fighter contract was located. As in all small towns, the locals gathered at establishments to "drink off the week" so to speak. I, along with some of these "grumonites", as we referred to them, frequented several watering holes through out the lake area. It was at one of these establishments where I think disaster struck.

I believe I got caught up in something that I did not know ever happened and did not want to know ever happened. To make a long story short, I dated a guy that supposedly worked for the Special Forces and was a colonel in the armed services or a "full bird" as he called it. He claimed to have trained with the seals. I never knew if he was serious or not. It seemed to me, he never had a job, at the least he was a drug dealer. His name is Christopher Atherton. He went by Vipor in the service he said.

While dating him I befriended someone that retired from the Navy as a CT specialist stationed in Greece and still had close ties to the intelligence community. His name is David Le June. Supposedly his name in the service was Gator. He also frequented the same establishments and ran in the same circles. While never put into words, I got the idea that David was my liaison specialist so to speak. This person was present at most of the incidents that took place although with his presence I never questioned the activities, stupidly, because I trusted him.

There is another person that I spent a lot of time with. While in his company there were several phenomenon's that went on, such as sleeping only after exhaustion, loss of hair as if from electrolysis, my limbs jerking as I was trying to drift off to sleep so as I was not able to reach peaceful sleep, lost time, holographic experiences. His name is Paul Walker.

Upon the finalization of my relationship with Chris Atherton, 3 weeks later I started hearing voices, it is not the son of Sam and not jiminy cricket. I have been to Psychiatric and medical doctors over a 4 year period since then. There is not one doctor that can definitively diagnosis me with one single illness. I mention the above three people because I believe that with an investigation of these three people we may start to uncover the facts as to what has been happening to me. I believe they hold a vast degree of knowledge and could help bring resolve to the situation.

I believe I have fallen victim to a random drugging while out "drinking off my week", trusting people that I should not have, passed out, been injected with something like a digital angel that had been coated in a substance such as the paper thin coating used to shield entire airplanes and ships from radar and such. Once awake, I assumed I was groggy from a hang over and thought nothing of it until much later when, mysteriously I started hearing voices. Surprisingly enough the voices are of Chris and David and other people that we used to hang around with. As time has progressed within the four years, the voices have changed in character, intensity, etc, which to me suggests that recording devices are being used that then route signals to some sort of scanning device with a amplifier.

I know I am not crazy. I am not delusional. I do not have any psychiatric disorder nor do I have any medical problem that any doctor can pinpoint. I know this because I have been to counselors, psychologists, psychiatrists, neurologists, etc. I believe that I have been implanted with something like an RF transistor that detects and transmits signals on an ultra low frequency, one not within normal FAA guideline ranges, that travels along my nerve ending pathways as if it were a busy city energy grid. I think this transistor has been coated with some sort of coating, like the paper thin coating used to mask the stealth fighter that would render it virtually undetectable from any form of detection. I know this sounds crazy. If you were speaking to someone that had been through the horrific events of project Bluebird, you would think the things that they reported sounded crazy as well before they became a matter of congressional record.

As I stated previously I was from Lake Charles, Louisiana, we were struck by Hurricane Rita. The entire parish was out of power for 3 weeks and did not get back to semi normal until 6 months later. I did not have the voices for the 3 weeks after the hurricane and did not have most of the other phenomenon until about 6 months later. This personifies the fact that the energy transmissions on some level originated or were bridged through this area in some manner whether by illegal means or other. I have sent a picture of the Grumman facility just after the hurricane, incidentally with President Bush making an appearance there. I do not know if this is some sort of project of Grumman's but I do know that both David and Chris had close ties to Grumman and possibly were still

working on some special project and involved me. I have no proof but I feel an investigation would not hurt.

After the initial 6 months, the voices and the phenomenon came on more than full force and have been that way ever since. For me like so many others, the devastation of the hurricane presented the perfect opportunity for a change in my life. I moved to Texas to pursue other aspects of my life. Much to my chagrin, the phenomenon have moved to a more violently physical state. My central nervous system is now flooded with what feels like electrical current to the point of seizure and violent body tremors so bad that it dribbles my head against the back of the seat of my car as I drive, which not only puts me at risk but the other drivers around me as well. I have included pictures of the bands across my nose, red burn marks, swelling above, below, and around my eyes, loss of hair on my eyebrow and temple, knots on my eyebrow and temple, all while being kept awake for days on end. I have hours of video tape of my body being violently shaken.

I have included information on the MK Ultra program, the mind control program of the CIA's, in the 1950's. I'd like to think that we as a country had grown and learned from our mistakes since then. But what I am dealing with now is leading me to believe that all we have done is learned how to perfect our ways of not getting caught.

As an international ambassador, I am appealing to you and including the following information because you have the ways and means of opening doors and not only asking the correct questions but getting the correct answers. I know the most of the answers lie by tracing the money trail. Just as in the past with the MK Ultra, Bluebird, and Paperclip projects, our government allots monies to government contractors for research and development of the most sophisticated technology. I believe it would be naïve to assume that our government had a conscience about the previous projects that caused so much harm to so many people. I believe that it would also be naïve to believe that our government is has since developed a conscience also where as using harmful agents against its own people again. You are in a position as a counselor to bring a halt to this.

My perpetrators have drugged me, held me down while they implanted objects into my body against my will. After I awoke groggily it all seemed like a bad dream mixed with a bad drunk. I mistakenly allowed my reactions to manipulated by the people around me, meaning if they seemed ok with things then obviously I was over reacting. I have been implanted at least 4 different times that I know of. My case surrounds a group of people that all participated together. I know names and dates and am willing to testify on those as well.

The main things I want to make clear today are the powers that these neural devices have. From what I have experienced, someone is making an virtual reality person, by this I mean, you can take one person's neural experiences and transfer them to another person. The device is something similar to a digital angel that is coated is some sort of material that shields it from any type of imaging detection such as x-ray or MRI or CAT scan, just like the stealth fighter planes, which incidentally were contracted to Northrop Grumman J Stars division in Lake Charles, Louisiana, where I am from. From what I can tell, there must be many different kinds of neural implants to do many different kinds of work. I have them all over my body. I can feel them just under the skin. I have rolls of film depicting all manners of neural over stimulation.

The easiest way I can describe it is, there is a computerized wireless routing system that handles audio and video input and output from my neural implants that access my neural system. There are many channels in and out. This means I hear people talking that aren't there. The conversations could be one sided, live, days old, weeks old, could be television, could be a movie of any sort, live or staged, animated, computer generated. This goes for what my mind's eye sees as well. There is usually more than one of these going on at a time with the normal life's stressors. Sometimes it is like a slide show running at warp speed. Usually the voices and pictures do not coincide. They, meaning the commentators, like to joke around and see how long it is going to be before I "freak out". While this is going on a series of jerks or tics or spasms or shooting pains will start working through my body to cause more stress. I suppose this just makes it harder for me to fight against the electronic harassment.

As a neural experience, I mean emotional experience as well. Once wired into my mind, my thoughts and ideas and shared among who knows whom. I hear people commenting on my thoughts, my most intimate thoughts, interacting with my most intimate thoughts. That's not the worst part. I am subjected to other people's thoughts, ideas, and emotional experiences by way of uploaded neural experiences from someone else coming into me. What is being done to me is malicious.

The perpetrators have the ability to keep a person awake for days at a time. When a person is not allowed to sleep, their central nervous system does not get the chance to recharge itself naturally. While they are keeping me awake, they are usually trying scare or intimidate me by bringing up any insecurity I might have and exploiting it to the

extreme by way of some stinging story that doesn't seem to relate to my life until the shoe drops right at the end and then some vicious voice will come out of nowhere and deliver the nasty punch line. The whole time my body has been put through some sort of a tense machine which tenses up the muscles and just pretty much makes me feel horrible while for hours I hear people talking about me off in the distance and all I want to do is go to sleep. A sense of paranoia sets in and still all I want to do is sleep. I fight back as good as I can but all I want to do is sleep.

Then on the days when I can actually get to sleep because I have either taken a sleeping aid or are too exhausted to do anything else, I am lured into a hypnotic state of muffled voices that get louder and louder with white noise that turns into the snow my mind's eye sees as you would see on your television reception with the noise, and then I am lead down a pathway, either told how small I am compared to the forces by which I am dealing with and that they can make me look crazy so I should not even try to fight back.

Sometimes it is just someone asking questions and I assume they are gathering information to use in scenarios against me later. Other times it is high definition computer generated vivid dreams; they could be of a good nature to lure me into a state of security and assuredness so I will trust the perpetrators and go forward with them, but mostly of a bad nature, mostly of a controlling nature, made to make me feel little, alone, confused, afraid.

I've had all parts of the harassment with the electronic being the worst of it. Once tapped into my central nervous system, basically anything is possible. All someone would have to do is find out what my person's "hot spots" are IE: what my hopes, dreams, aspirations, fears, desires are and amplify them using common emotions. Common sense says fear is probably the best motivator. If someone had access to my central nervous system, they could then control my emotions and simple things become monumental problems. And with several people having conversations inside my head, at least 3 radio stations blaring, a couple of television shows going, someone shouting my name over and over just throw me off guard, the pressure on the recipient of the electronic harassment is overwhelming.

The medical and psychiatric professions have been little to no help. I am self employed and have no health care coverage. I have been countless professionals that have taken 2 MRI's of the brain, 1 of which shows something between the scalp and skull, which no one will discuss. I have taken personality tests which are the precursor to a psychiatric evaluation, which shows that I am of sound mind just mad – in my opinion understandably. I have had heavy metal poison testing, negative; thyroid problems, negative; hormone imbalance, negative; auto immune disease, negative, tardive dystonia, negative; schizophrenia, negative, muscular dystrophy, negative. Since it easier to dismiss most of us as crazy the medical profession has done just that and since it is so hard to fight the symptoms and keep a level head and normal life, most of us have fallen victim and given up hope.

I have had harassment of my electronic equipment, mostly being my computers through the internet via my extensive internet routing system. With today's technologically advanced systems I have had the privilege of networking my three computers, three printers, one of which is wireless, two separate internet phone routing systems that route phone calls to me anywhere in the world as long as I have a phone line, cable television, home phone with long distance, and home security, as well certificated software packages that have all been tampered with at one point in time or another. It is small insignificant things like the cable getting "accidentally" cut off when it's never happened before. This just so happens when a rash of these days of no sleep with vicious slurs goes on. There has also been direct mail that never gets to it's source as well. This makes pays bills interesting.

My torture started in 2003 and started fairly subtle with some gang stalking. I mentioned before that I am from a small town in Louisiana where Northrop Grumman located one of it's facilities. In Louisiana the drinking laws are very relaxed and the bars are able to stay open twenty four hours a day just like a twenty four hour a day work schedule cut into three shifts used by the Grumman facility. This made bars an ideal location for socializing. There were occasions when the Air Force pilots would also come in and test the planes that the J Stars workers were working on at the Grumman facility.

I started noticing people that were noticing me in particular. As my group of friends would bar hop, these one or two individuals would pop up again and again. It started to creep me out. Then all of a sudden through the night someone that the group did not know would work their way into our group and mention something in casual conversation that I had mentioned to someone else a week ago or a day ago or a month ago verbatim, as if to say "we know who you are, we are watching you, we are listening to you, we can get to you like that." It crept me out but, I moved on with my life quickly.

During this time my keys went missing at the bar from my purse. After that there were strange occurrences like the

time that I locked up the office on a Friday afternoon and then decided to go in on a Saturday morning to get some work done and the door was wide open. Other times we would close up shop, go home, come back the next day only to find files filed in places that I know I would not have filed them. I am very meticulous about filing and the perpetrators know this. I believe they do this just to add frustration. This is how I believe they start out slow finding out what the “hot spots” are so that later when they really want to make things difficult, they have the information on hand.

In my case, I keep mentioning Northrop Grumman and the military. My impression is that this is an emotion based experiment of some kind, I had to make myself look at it as if I were investigating some sort of a crime. First I had to find the laws that are being violated against me. At a minimum, here they are as follows:

Constitutional Amendments:

4 5 8 9 14

The Convention Against Torture Part I

Article 1 2 3 4 5 13 14

The United Nations Against Torture Part I

Article 1 2 3 4 5 14 15

Geneva Convention III Part III section I

Article 32 33 75

The International Covenant on Civil and Political Rights Part III

Article 7 9 10 17 18 19 22 25 26

Once I had a full scope off the massive risk involved in such an undertaking, I had to ask myself, who or what had the motive and the means. What’s in it for whoever is doing this and what is there pay off and how are getting away with such hugely obvious law violations? Who would help people hurt other people for no good reason? And the sad truth to this is that this will probably continue to happen to innocent people all over the world until finally it starts happening to the decision makers’ moms, dads, sisters, brothers, daughters, sons, grandchildren, the little kids that ride their bikes down the road of the decision maker’s houses, until finally the decision makers realize THERE ARE NO NECESSARY LOSSES EVER.

There is massive ignorance and secrecy regarding this, and victims such as I am being subjected to uncontrolled and unacknowledged torture and mental and physical destruction. This has remained completely unreported and undiscussed publicly. There are many others, all over the world, who are being subjected to similar torture and abuse.

As a human being, I am appealing to you; what would you do if your mother, father, sisters, brother, aunts, uncles, neighbors, or someone you care about were to go through this, and you had to watch it, and you know what it is, and you can not do anything about it, because you it is just consider a necessary loss because you knew that the government by way of military contractors were doing “Research and Development” of new products.

**I AM NOT A NECESSARY LOSS!!!!**

I am sure the Justice Department is aware that the technology exists for neural implants that are stealth in nature and with today’s propensity to be able to route audio and video clips through high powered internet based routing systems, we are forced to realize that that terrorism may now come in the form of a pirated signal or stolen piece of equipment from a government contractor. Whatever the case may be, the facts remain the facts and need to be investigated.

I’ve included pictures that depict some of the debilitating effects of this horrifying situation. I have also included a list of symptoms of which I have had every single one, except one. Miscarriage. I have included a picture of myself before as well.

I lay my trust in the hands of the laws as well as the enforcers of these laws, and of the brave people that spent many hours finding just exactly the right words to compose the documents that so defined not only our country’s ideas of not only civil but human rights. There are just some things that you just do not do to other humans no

matter what. Please don't just pass me off as another crazy person and check into this for me. Thank you.

I would like to schedule a time that we could speak to discuss any options that you suggest. I can be reached at 832 738 1666, or by email at [Stacey@network2travel.com](mailto:Stacey@network2travel.com), or by mail at 3016 Baronsgate Lane, Dickinson TX 77539. Thank You for publishing the article on stalking. This has been going on in my life now for almost 3 years, I am now homeless, friendless, and live with the primary member who has admitted it, but won't tell me why.

I have no where else to go, living like this is hell..... There is no help, nowhere to turn. I'm trapped... God how can this be... Everything in the article is true, I have backup documentation to prove it, to no avail. The police can't do anything and my family thinks I'm nuts....

Anyway thanks again, it's sad to say, but it is nice to now I'm not alone

This is a "fictional" story about my true case:

<http://amufiction.wordpress.com/2012/09/28/makingthemuse/>

This document is the true story, & has photos of implants, if you want to add it to your documented cases:

That 2nd link I sent you was incomplete. The following document is my true story with photos of my implants:

<http://musicis2words.wordpress.com/2012/10/06/how-my-case-differs-from-wellknown-mind-control-cases>

I would be honored if you added it to your documented cases. I am targeted because I am an MK Ultra survivor & they want no witnesses.

I'm in US. Born in late 60s, I was adopted thru catholic charities, which has been indicted for child-trafficking in another country (which means they have probably been doing it a long time in many countries). I have photos of implants at the scribd document called, "Born Into Slavery". I think they were implanted at birth so I could be a part of a mind control experiment. I have never felt any pain at the site of these implants, which makes me think it was done early on. I live in fear every day that I am going to be taken to jail or a fema camp, even though I am not breaking ANY laws. I have heard electronic harassment voices saying they know I was implanted, that they want no witnesses. I wake up in middle of the night feeling like the core of my body is being vibrated apart. I feel the burning in spots on various parts of my body at different times. Sometimes, my muscles in various spots contract. I am in constant pain in my privates, feeling like electroshock.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I suffered from depression from 1994 to 2007. I was on four or five different kinds of antidepressants through the years. Last year I purchased a negative ion generating machine. It was as if I were part of a double blind study. Not knowing the documented scientific and HIGHLY beneficial effects of negative ions on the brain, I began to need less and less of the Zoloft I was prescribed. Instead of one mg., I began needing only a half, then a third a day. then I began only needing one fifth every three or four days and I quit altogether "cold turkey". I have suffered no rebound depression. I quit the medication four months ago.

The reason I site the negative ions is because the space weapons (chemtrails) which Dennis Kucinich mentioned in his notorious Bill on Space Weapons....deplete our atmosphere of negative ions. The barium and Aluminum and other chemicals absorb the moisture in the atmosphere and forfeit nature's natural thunderstorms. I believe my brain was malfunctioning due to the mind control and space weapons capacities of chemtrails.

In addition, I noticed about two months ago a dramatic change in my mood while outside my home and in a city area. The electromagnetic energy is high in this area, I had been using my cell phone, and the sky was one big barium shield. I became panicky, disoriented, afraid, aggressive, and my heart rhythms became irregular (all symptoms of these weapons....I later realized.)

PLEASE STOP THIS ABUSE. Many, many people are suffering far worse than I am. This is why I write, on behalf of the extreme victims, the chemically and electromagnetic field sensitive, and the unknowing victims of such weaponry who simply suffer in silence, wondering if they are sane or well.

This technology MUST STOP NOW.

The Governments of the world are NOT ethical or wise enough to use such powerful weapons.

( EMERGENCY: WARNING! BIOLOGICAL-ELECTRONIC EPIDEMY IN COURSE I am being attacked with EBL ( ELECTRONIC BRAIN LINK ) and RNM ( remote neuro monitoring ) and right now the guys are bombarding me with microwave Frey Effect and they are telepathically presenting themselves as MOSSAD. Sometimes they present themselves as C.I.A. and give their address in the city of Porto Alegre. We have reasons to believe criminals want to undermine the utilization of EBL by using it as a torture method, therefore exposing the true C.I.A and Secret Service agent s that really need to use that technology in exclusivity. Also, their criminal goal, of the guys who are attacking me with EBL AND RNM, is to steal medical data and compare it with the illegal radiation monitoring of areas near ELF towers for the purpose of selling the information to countries which are competing with America. Please warn the F.B.I that American Citizens and doctors should treat the RADIATION ISSUE OPENLY and the MODULATION OF THE SIGNAL ( NSA area ) is included in the RADIATION ISSUE, THAT IS TO SAY, THE PUBLIC WANTS TO BE ABLE TO MONITOR AND CONTROL THE RADIATION THEY ARE BEING EXPOSED TO. THE MISSION OF THE NSA IS TO GUARANTYING SAFETY THAT THE MODULATED SIGNAL REACHES THE C.I.A AND SECRET SERVICE WITHOUT HARMING AMERICANS AND OTHER PEOPLES, THAT IS TO SAY, WE DO NOT WANT TO TRACK YOUR MODULATED SIGNALS, ALL WE WANT IS THE GOVERNMENT TO PUT BEHIND BARS THE CRIMINALS WHICH ARE SELLING THE TECHNOLOGY TO INCREASE RADIATION LEVELS AND UNDERMINED THE SECURITY OF MODULATED SIGNALS,

**20/8/09**

Ok, I have a microwave implante on my inferiour second molar teeth and some on my finger joints, yes I am under heavy microwave attack. we have show the microwave implant to the authorities and soon we are going to have a public hearing beause these C.I.A implantes are being used by organized crime to steel bank passwords and also are causing car accidents. Russia, France, China and all democratic nations will make lots of money selling antimicrowave plants for banks and tribunals and even soccer fields will need to purchase those equipment, once the microwave implants will be used to defraud the FIFA WORLD CUP 2010 therefore we are buinding an antimicrowave industry, so the more the North American terrorists attack the more Russia, France, China and other democratic nations will be making money. By the way, our traffic police in brazil, which control roads and avenues, will soon detect microwave implants to check if drivers are biochip and also legists will detect biochps, those small three milimeter cell teliphones to see if there is any in car accident corpses.

My name is Kaylon Blackburn and I got involved in this pre-9/11. I have reason to believe that I hacked a gov't computer out of the pentagon that actually notified me of all targets before it happened. At the time I was involved in mind control research through [mindcontrolforums.com](http://mindcontrolforums.com). I know that who we are fighting know what we are going to do before we do. I know they push for suicide and I know that Osama "dont exsiste." I know that they can tap others brains and see through there eyes. I know that there goal is to make us look paranoid if we know. I've learned to use reverse psych. If someone don't know they won't be suspicious and that's how they know the difference. I've been working silently. Analysing everything that happens. I feel I'm at ropes end and could die at anytime and it will look like a suicide, because I have cracked a few times. Mr. Finch believe me, I know all about this but could die at 26. I know the truth about 9/11, and I'm enemy #1. I printed all the emails you have sent me and will leave them randomly around Nephi Ut. All 100 and sum odd numbers. Mr. Finch, if I don't make it good luck. Spread freedom and the word.

hi im steve bolen. my research since i was attacked last year by this weapon has lead me to a real volnerability in the weapon. the companies who claim to help and the informed victims are all taking the wrong aproach to stipping it. please google the following information to see for your self my work is the real answer. the emf signal is transmited straight into or trough your skull via microwave (electron beam). the more informed part of our community is attempting to stop the attack by interfering with emf signal. this will not work. it wont even help. we can stop the carrier, the beam. a nutrino beam can send an invisible message through the planet to the other side, however it too can be stopped just as easily as the electron beam aimed at us. 4 known methods for deflecting the beam. magnetic field; electromagnetic field; electric field; and cold plasma. im so close right now in developing a compact self powering device to acomplish this. if you would like to learn more contact me. 803 928 4729 or [steve.allen.bolen.ll@gmail.com](mailto:steve.allen.bolen.ll@gmail.com)

together we can end this war on us and take back our lives.

My name is Kevin Bond. I am a TI from the Palm Springs Area and I would love to get my blog on mind control on this press release....I am targeted by the son and daughter of Dr. Allan Frey, a pioneer in the field of microwave hearing; microwave hearing is called "the Frey effect" for this man. His daughter is running a horrible neural network in Palm Springs California and I have a blog that details what is happening here. It is called [www.h8lisa.blogspot.com](http://www.h8lisa.blogspot.com) and I would love to have my blog included on this list!

Is there any protocol that I need to follow to have my blog included?

Please feel free to visit my blog at [www.h8lisa.blogspot.com](http://www.h8lisa.blogspot.com) to find out more about who does this and how you can help to stop it.

I was neurally mapped at my apartment and at Steven Frey's apartment and my own apartment 1 block from Peter DiMartino's apartment almost 3 1/2 years ago by Steven's sister and Peter. Since then I have been harassed by Peter DiMartino, Sheree Frey, Barbara Frey (the actress and the real woman), and a whole host of others.....  
<http://h8lisa.blogspot.com/2009/05/my-daily-torture.html>

Though I have been tortured by them all I am currently harassed by the worst operators of Sheree and Barbara Frey's Electronic Torture Device:  
Christian "Shithead Bandit" Johnson  
Stephanie aka Vicky Rabb (the gay hating imposter)  
Joseph/Edgar kiddie porn loving car destroying Southern Scumbag

Since the gay community can't trust the police department to properly investigate sex crimes I will now be keeping a list of individuals that have been raped that have reported it and those that fear reporting it because Al Franz doesn't consider us human beings with rights.

(This is an INFORMATIONAL BLOG FOR VICTIMS OF Sheree Frey's electronic harassment...all entries are ALLEGED, but factually based)

(If this is your first time you won't understand this blog unless you click on the link below)

Today's Quote of the Day: "The police are some of the worst perpetrators of this type of harassment, I have learned to go higher than the local authorities" -Christine Harris, My TI friend in San Francisco....I have also learned that this is NOT the only law enforcement in the world and I too have gone around this department to find answers for all of us. Filthy drug dealers and filthy cops = inequality!!!

"Mental Issues"...perhaps Sgt. Dyke or Spike should get a medical degree before evaluating a rape victim that he's never met and goes on air reporting to KESQ that a victim of a crime is a lunatic...who's crazier me or you?

Here's some information about my abuse; I hope this helps:

I am a US Citizen.

I was first targeted in graduate school in Berkeley, CA in late 2006 early 2007 (my first year of a 2 year MBA program); It could have started earlier, but this is when the torture and abuse was first very noticeable and intense.

The torture continues to this day.

I was abused with synthetic telepathy and electric shocks to the back of the head; including intense terror and implanted fear.

Torture includes things I still don't understand, but will try to explain.

While being tortured, I experienced many odd things, including a few out of body experiences; communications with 'entities', and years of "programming and testing", in which I did many very strange things, like driving to certain locations, sometimes for days on end.

I don't know what all this is about, but my experiences were highly spiritual, including meeting beings while out of my body.

One being they called "Buddha" while another, looked like what I think was Satan. Some I saw, like a real life movie, some I experienced in another realm and some I simply heard, like listening to a radio.

I know it was MK ULTRA mind control technology only because they mentioned the name in passing while I was running for my life, thinking I was going to be killed; this happened quite a few times.

I also think my torture has something to do with the masons.

I wrote my experienced down in a book, but I still have a hard time thinking and communicating clearly, for many reasons.

I still suffer from daily PTSD issues and voices.

I've lost a promising career, all my savings, and have been discredited as 'schizophrenic'.

I worked as a management consultant, was top of my class and was starting my own company when everything started.

I've experienced a significant change in my quality of life.

If you want to know more, please contact me.

Hello,

My name is Anthony Bowling and I now have leukemia (CML) from the torture I have endured since 2004 or 2005. I am still being targeted with Organized Gang Stalking and Electronic Harassment, even today 5/26/13. I have participated in several petitions, but I now believe those petitions were being used by the perpetrators. I will continue to help any way I can even if I do not benefit, because I would like to see an end to this evil before my leukemia ends my life. I am sick a lot because of the constant targeting and would like your help and encouragement.

Thank you, if you are really here to help

**16/6/13**

**Petition for Justice**

My name is Anthony Bowling and I am a victim of Electronic Harassment plus Organized Gang Stalking. My torture began approximately in the year 2003, while I was working and traveling in my own business. It began with people being rude everywhere I traveled and also in the town I lived in, by people that would not normally be that way. I began having problems sleeping, when lying in bed my whole body would vibrate and my mind would be hyper alert. The problem became so bad that I would lay in the bed awake trying to get enough rest to continue working, at the time I knew nothing about the Microwave directed energy weapons and their effects.

I was diagnosed with leukemia on April 27, 2006, and the stalkers attack immediately escalated, in the form of vandalism, sensitizing, rudeness, slander campaign, and I began to lose customers from my business, without giving me a reason. I had to sell the business due to being ill all the time, and the continuing loss of customers. I tried to go straight into the job market, doing what I was trained to do, but was turned down even though I was qualified for the open positions, I now know my not getting employed was due to the ever present stalkers. After trying to work, and having every attempt sabotaged by the stalkers, I eventually had to go on disability to survive. By early 2010 I still did not know what was happening to me and I complained to a loved one who told me to do a web search about it. I started the web search with the word stalking, and that was all it took for me to learn what was happening to me.

I am continuing to be tortured with both Electronic Harassment (microwaves) and Organized Gang Stalking today. I am not comfortable to give any more details at this time, as I would not want to give my tormentors any more

information. My hope is this petition reaches someone capable human compassion, and that maybe this horror will be ended for everyone being tortured.

I am a U.S. citizen....I don't know how long I've been under surveillance but decades for sure. What I used to call the "weird" stuff has been happening for that long.

I believe the actual electronic assault started in the early 1990s, one July afternoon as two military jets, flying very low considering this was in the mountains, flew directly at and over my house. It was the last Saturday in July as we had our home owners association meeting that morning and it was always the last Saturday of July every year. This may have been some symbolic indication of the start of attacks on me. I started losing large amounts of hair, had skin problems, digestive problems, female issues, weight gain, sleep issues, heart flutters, mood swings, and exhaustion.

In 2004 I had a large abdominal tumor removed, in 2007 I had a severe case of shingles, and then we get to 2010. Actually, 2009 was the year that I was kept from sleeping many nights. I would go to bed and just lay there wide awake.

I didn't know about the electronic weapons being used on us then, but I now know about the one they call Keep the Enemy Awake, Put the Enemy to Sleep!

In April 2010, one night at 9:00 pm a weapon that created a sound like a siren went off in my head. My husband could not hear it, but I surely could! The torture began that April and has continued to this day. Sleep deprivation to the max as they are relentless with the "silent sound" assault.

I left Colorado under great duress in June 2010, dug a small white chip out of one toe which had a huge blister that formed after the assaults started and another larger object out of my big toe. No one would believe me or help me. My family threw me under the bus, and people I thought were friends were actually operatives, liars, and pretenders. My husband of 25 years and I divorced as he was not supporting me, and I was afraid of him. I realize now that he is most likely chipped and is being mind controlled himself.

Feel free to edit this if you are adding it to a list of some kind. I hope you receive it as my email has been mishandled often!

hi, find the receiver part ( the part that the criminals are sending signal to your brain, these signals are subliminal suggestions freq also known as voice to head, this is where they do all the attacks and many torture symptoms, not to mention the non-stop verbal garbage.) AND destroy it, remove it. if it is a micro implant, and they pass laws against this abuse, you still have the implant inside you. you must remove it no matter what the outcome is. kill the reciever or kill the people that is sending the signals. thye claim it is an human experimentation, but when it crosse the line, and kills people, elderly, babies, teenagers, mass murder of the public, mindless beating of a human being til they are dead, kidnapping - hostage for years an or life time, it is a crime, and the ones responsible should be hunted down and put in prison or shot dead, the companies involved should be shut down, lawsuits in the billions should filed, ACTION is the ONLY language they UNDERSTAND. they act like a terror cell, they threaten the nation security, you have the right to defend you life, family, freinds, your country, if need be, an all out WAR maybe needed. as long as they keep doing the crime, as long as they keep covering it up, WAR is the only answer.

29/5/08

hi, it seems that these people will nothing to stop this crime, therefore, we must take action, i suggest, that group start filing kidnap, assault and battery charges, attempted murder, stalking, identity theft charges, AGANIST THE PEOPLE that are doing the crime, and their companies that is paying them. even if it is the government, etc. this will open many doors to investigations. i don't think they want to go to prison, nor have this go nationwide tv, they will stop it, investigate it, etc. this is another form of political action that should be done. whether it works or not, but to continue this form of attack will definitely get some results. also those that will not help, like senators, etc, should be voted out of office, if even just to get a petition going and going public with it, will make them act. if you lose your job, so too must they, clearly think how you may want to go thru with this, so you and your group may achieve the best results to ban these mind control weapons and get lawsuit money for damages.

**LETTER SENT TO THE ITERNATIONAL COMMITTEE OF THE RED CROSS**

**Petitioning The International Committee of the RED CROSS (ICRC)**

Dear: Mr Hillel C. Never,

Executive Director.

UN Wath  
Case Postale 191  
1211 Geneva, Switzerland

First of all, please permit us to introduce ourselves to you. We are some of the Brazilian victims from dozens of regions and cities across Brazil, who have been cruelly harassed tortured and persecuted in a covert way by the means of secret remote control on human body & brain. Among us, there are corporate employees, teachers, students, retirees and other intellectual workers and physical workers.

A group of secret criminals who abuse their powers, arbitrarily use “the means of secret remote control on human body & brain”, illegally manipulate our bodies and brains covertly, and also cruelly torture and harass us psychologically and physically and persecute us days and nights so that a lot of victims live a very miserable and horrible life.

Tecnics Used by Perps:

Directed energy Assaults, effects:

Burning, Extreme fatigue, Electronic Rape, Migraines, Sleep Deprivation, Despondent.

Organized Stalking, effects:

Appliance Tampering, Auto Accident, Computer Tampering, Difficulties at place of employment, home entry, taunt (insult).

Complaint is Voice-to-Skull activity, also known as synthetic telepathy, check one or more boxes:

Complaint is regarding directed energy weapons abuse, what part of the body is being affected: Head, ears, face, heart, lungs, throat.

Description of what's happening.

Check all that apply:

Organized Stalking by police.

Organized Stalking by Federal Government.

Organized Stalking by Neighbors.

Organized Stalking by Friends.

Organized Stalking by Family.

Organized all of the Above.

Organized stalking is related to money issues.

Organized stalking is related to a sexual situation.

Electronic torture.

Some illustrations of noise campaign

Loud Knocking.

Loud walking and stomping.

Car horns going off.

Car alarms.

Knocking on your front door (No one is there when you answer, old trick, but is used here).

Wrong Number Calls.

Secret criminals utilize the weapons of “secret remote control on human body & brain” and remotely influence us, and consequently our bodies suffer from “physiological diseases and physiological behaviors” caused artificially from their weapons such as aching, itching, coldness, hotness, trembling, unwell feeling and unhappiness, and so that our brains suffer harassments and tortures from “acoasma and hallucination”. Besides, criminals do all they could to shamelessly steal and indecently spread our privacy in our brains in an abnormal psychology and crazily do all they could to intimidate and humiliate victims. All these vices do a great harm us psychologically and physically. Therefore, some innocent victims were forced to hospitals especially for being forced to accept mental treatment, some innocent victims were forced to suicide because of intolerable secret tortures and insults, and others died of “strange fatal diseases” yielded by criminals secretly in a special trap. **Statistics show 99% of victims SUICIDE.**

The Universal [Declaration](#) of Human Rights (UN General Assembly passed and published Resolution 217A (III) on 10th December 1948) stipulates in the following relevant clauses that:

Article 3 Everyone has the right to life, liberty and security of person.

Article 5 No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.

Article 6 Everyone has the right to recognition everywhere as a person before the law.

Article 12 No one shall be subjected to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has the right to the protection of the law against such interference or attacks.

Article 19 Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers.

Among other things the perpetrators of these crimes can place the human subject under continuous surveillance no matter where he/she is; they can monitor the human brain, including thoughts, reactions, motor commands, auditory events and visual images; they can continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; and they can directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

Many of us are being tortured and abused in these ways 24 hours a day, 7 days a week – year in year out.

These are extreme and monstrous **CRIMES AGAINST HUMANITY** - indescribably terrible in themselves - coupled with the **ORWELLIAN** secrecy and denial of any support at all that we are experiencing, makes them even more horrendous and monstrous.

We have contacted most Governments, Security/Intelligence Agencies, Religious Organisations, International Organizations, Human Rights Organizations, Universities, Scientific and other Institutions, and the International Media all over the world - over and over and over again – and have had our appeals for assistance, protection and/or publicity almost completely ignored and/or suppressed.

We are still collecting **CASE SUMMARIES** from TARGETED INDIVIDUALS all over the world, and we have also advised them to send them to you - **"THE SELECTED WITNESSES"** - TO WITNESS, RECORD AND OPPOSE so that :-

A. We can be sure that as many people as possible know about these horrendous crimes.

B. We can be sure that these AUTHORITIES and ORGANISATIONS are either trying to uphold the rule of National, International and Human Rights Law, and that we will, sooner or later, be protected by these laws.

C. Or that we can be sure these AUTHORITIES and ORGANISATIONS are complicit and/or acquiescent to these CRIMES AGAINST HUMANITY and that National, International and Human Rights Law no longer apply - in which case our task will be to get the rule of these laws restored. Later these records should become an information source - such as the INTERNATIONAL TRACING OFFICE set up to record the fates and whereabouts of Jews (and others?) after WW11. The information collected can then be used by the appropriate people for LEGAL, MEDICAL, WELFARE, HISTORICAL etc. records.

**WE ARE BEING FORCED, COOPTED AND TRICKED INTO AN ORWELLIAN FASCIST/NAZI POLICE STATE – EVERYWHERE ON EARTH!** - as most 'News', 'Events' and 'History' has been degraded into criminally produced and managed dramas/atrocities (i.e. wars, disasters, civil strife etc.) and criminally presented as infotainment, endogenous socio-political changes, propaganda, and/or criminal lies. And as almost all other public discourses including the 'scientific', 'academic', and 'arts/culture' has been degraded into criminally produced and managed infotainment, propaganda, pseudo-science, and/or specious, tendentious or folkloric productions and discourses.

Very important PROVE about Targeted Individual:

We have DNA and RNA modified by electron magnetic waves.

We have some of us, no consensual microchip implant. So Right Human institution can verifield blood test in all victims, or resonance magnetic to find Microchip in your body or brain.

We strongly urge global legal community to stand out to offer a legal aid to all the victims and support justice based on the UN Charter and UN Declaration & Covenant on Human Rights.

We strongly urge UN Human Right Council to take an urgent investigation into these secret fascist criminals who arbitrarily use "the means of secret remote control on human body & brain" which have been crazily violating fundamental human rights.

We strongly urge International Criminal Court to take an immediate investigation into our complaints, and to charge these secret fascist criminals who heavily violate fundamental human rights with the Hi-tech Crime and the Antihuman Crime, and to make a historic great contribution to guarantee the fundamental human rights of all the human beings!!

**26/9/13**

Good evening....

I'd be lying if I didn't say this is still very strange and almost unbelievable to me, except for one thing: I KNOW my best friend and love of my life...I KNOW him. I have known him for 11 years. I've known him to be the most intelligent, creative, and masterful business mind ever, hands down.

Then beginning January 2013 he started to tell me of very, very disturbing happenings to him, first at FCI Miami and now at FDC Miami (where he is incarcerated). "Thought stealing", voice impersonations, provokings to suicide and so much worse. I still am unable to wrap my brain around the "why" and how so many people agree to be so evil all at once and in one place...

I have attached his most recent case filing...

I don't know if you can help at all, point me in the right direction or bring media attention to this, but it's serious. It's happening...and he isn't the only one. I feel powerless but refuse to sit back and do nothing anymore.

Hoping to hear from you....

Vanessa

**CIVIL COMPLAINT -  
CASE NUMBER – 13-23114**

NATHAN DEVERON BRENNAN, Plaintiff,  
VS  
DEPARTMENT OF JUSTICE,  
950 Pennsylvania Avenue NW, Washington, DC, 20530-0001,  
Defendant,  
and  
FEDERAL BUREAU OF PRISONS,  
320 First Street, NW, Washington, DC, 20534,  
Defendant,  
and  
FEDERAL DETENTION CENTER  
33 NE 4th Street, Miami, Florida, 33132,  
Defendant,  
and  
FEDERAL CORRECTIONAL INSTITUTION,  
15801 Southwest 137th Avenue, Miami, Florida, 33177,  
Defendant.

**COMPLAINT**

Since on or before December 29, 2012, I have been involuntarily subjected complicitly between FDC Miami and FCI Miami to means, method, system or technology that they have used to arbitrarily and willfully see, search, read, invade, manipulate or seize my private thoughts, dreams and memories without my consent. They have mined for, stolen, and exploited my personal relationships, insecurities, and most intimate experiences, and matters involving the filing of this case. Using this technology, or separate one working in cooperation with it, Federal officers of these institutions have recreated, or falsely impersonated, and incorporated the actual sounding voices and voice patterns of people that know personally. Federal officers of these institutions have deliberately, maliciously and unconscionably invaded, or forced themselves inside of, and infected the personal lives of everyone that I have ever known, including children, creating a virulent epidemic. Defendants have deprived me of the right to think, to dream, to remember, to deliberate, to determine, to imagine, or to feel free from nonconsensual and involuntary Government invasion.

This is an incorrigible and irreparable violation of my right to privacy.

**Special Request**

One of the things that I have discovered is that these cases are often dismissed because the violation appears to define or describe the "unbelievable."

But in our society today, the fact that an innovation or appliance is not readily available on the shelves of Best Buy or sounds "inconceivable" does not necessarily mean that such a technology does not exist. The reality is that I have been violated to an unprecedented level. The violation is ongoing and the physical, emotional, and psychological pain, suffering, and torment that it is causing is exceptional.

I ask the court to consider a practical solution. have prima facie evidence proving overwhelming and irreparable pain, injury, loss and suffering -the effect. The cause is unprecedented. I hereby request that each Defendant be made individually to confirm or deny his or her knowledge and possession of and at any time, and provide any information or documentation regarding, any method, means, system technology tested, reviewed, purchased, evaluated, or used at anytime and for any purpose by any of the Defendants named above, or by or through any type, manner or form of a third-party, to see, search, read, record, invade, manipulate, alter, seize, or otherwise access in any way my thoughts, dreams or memories.

Specifically, in the case of FDC Miami and FCI Miami, request that the Warden of each institution be held to answer for his or her respective facility.

## Relief Requested

emotional and psychological pain and For the physical, suffering caused, requests this court to grant a judgment in my favor of \$20,000,000.00.

## Jury Demand

I invoke my right to have this matter heard and determined by a jury

Respectfully submitted,

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**16/12/12**

Born and raised in Guthrie Oklahoma. 7 sisters and 5 brothers. I was a quiet little kid. I really grew up with three of my brothers and sisters. Didn't have too much exciting things happen as I was growing up. One thing I do remember that I liked was playing pee-wee football. We were called the cardinals. Not sure why they picked that team out of all the pro teams to choose from. But one game that I really remember is this one guy took off running with the ball on the other side of the field, and I was defensive tackle and ran after him for about 60 yards and dove for his ankles at the five yard line and got him. It was just great to catch that person like that. We were a really good team and ended up winning the championship. I played my fourth, fifth, and sixth grade year. I not only liked sports but I also liked music too. What really made me like it is when I went to one of my sisters and brothers high school band concerts. They have three different bands play. One was seventh and then eighth and then the high school band would play last. It just sounded so good to me once they got to the high school band. I decided to join the band next year. I was a year behind every one else because you are suppose to join in the sixth grade. I wanted to play the trumpet. But the band director told me to look out the window and see how many trumpet players he has. He had about 17. He told me that he didn't need any more trumpet players. So I played what he forced me to play and that was the tuba. I played it until I graduated high school. This school I went to was the seventh and eighth grade mixed together. I remember thinking this school was so big to me. I guess it was because it was three stories and I never been to school that size. I really never had any real problems growing up or really big issues. So I never really ran into any problems with people at school until one day I was walking outside and some 8th grader walked up to me and started pushing me. I didn't do anything. I did ball up my fist in case this guy hit me and I was going to hit him back. But he punked me that day. It was sad. Not sure why but I just felt helpless after that. But the strangest thing happen a few minutes later. I was walking down the hall and another guy came up to me and asked if this other guy have got in my face and I told him yeah. I didn't know this guy and maybe talked to this guy once or twice but he told me don't worry about and that he was going to take care of it. There was a football game that day so some of my brothers and sister went to the game. A lot of the kids live in the same area. So we would all walk home with a lot of people after the game. Well just so happen both of the guys were there. I don't know if that guy took boxing lessons or was taking boxing lessons but he walked up to the guy that bullied me and beat him up really bad to the point where the guys was crying. One of my brothers ended up stopping the fight and asked them why they were fighting and the guy pointed at me as he was crying. My heart just sunk at that moment because I really didn't know what to say. That guy never bothered me again. As I started getting older I realized that my family didn't have too much money or just have enough to be taking care of that many children. I remember wearing the same clothes to school every day. I would wash them at night with my hands and hang them up to dry for the next day. I remember a few times during the winter it didn't dry all the way but I still went to school any way. Those days was something to remember. The next school I went to was the high school where the 9th through 12th went to school together. I was still in band but I stopped playing football my 8th and 9th grade year. My tenth grade year I took a weight lifting class and one of the football coaches was in charge of the class. I was stronger than most of the guys in the school. I remember my dad setting down with me one day and asked if I took steroids because of how strong I was.

I just laughed because how in the world would I get the money to get steroids. I got back on the football field the next year. I thought I was great player but I was just pretty good. I went through some challenges but I did graduate high school. I started seeing this girl my senior year in high school we dated for two years and we got pregnant. She lived with her grandma. Her parents lived two hours away. So when her dad found out he came and took her to where they lived. It was upset that his daughter got pregnant. It was about two hours away. I didnt know what to do. No job or no income. That situation didnt end up well at all. The marines came and gave me a visit but for some reason I didnt join. I will end up moving to oklahoma city. Will get little small jobs that avarage 7 or 8 dollars a hour. I tried going to college and work at the same time and it didnt work out to well for me. This was about the time that Iraq invaded Kuwait. When the war started and I saw the troops on tv my heart told me that I should be with them. I always have a habit of coming to the rescue when there was a fight. Probably have something to do with what happen to me when I was in the 7th grade. So a few years later I finally joined the military. It was the best thing to ever happen to me. It made me see things alot better about myself. It was tuff at first. The first couple of weeks was really tuff. It was about the fourth day and we had been getting smoked all night. Smoked is where the drill sgt makes you are the platoon do a bunch of different things with your body until you are about to pass out. Its like a punishment for either you or someone in your platoon does something wrong. So that morning about six am they made us start running around the track. This was after being up all night being smoked. Well I decided I was going to walk and the drill sgts saw me and to me to get over here. Two of them got in my face and asked if I want to go home. I didnt answer them but they told me you got your wish you are going home and go pack your bags. I turned around and started running to the barracks to pack my bags. As I was running I turned around and looked at the drill sgts and they looked at each other as if to say he really was going to go home. A second later the drill sgt yells get your ass over here. For about a minute they stopped being drill sgts and talked to me like a human being and from that day on everything started to change. It was like everthing just got easier for me. The drill sgt had a bet if I would make it or not. Well who ever bet against me lost some money. Because I made it. The next thing I would have to do is airborne school. This would probably be the most exciting time I would have in the military. When you go to airborne school you go with all the military. Army airforce navy marines. It was interesting to work with all of them. I finished airborne school with know problems. Next place Ft Bragg North Carolina. I grew up alot there and wouldnt change it for the world. No matter what happens to me I loved taking on that challenge. If I have to do it over again I would still be there. When I first got to my unit im pretty sure that I had the best platoon sgt there. I was right and that man ended up doing great things and even going over seas to train other soldiers. I ended up going to Germany, Panama, and Haiti. After my first term I ended up signing up for another four years. I had a choice to go to Alaska and I didnt take it. I should have went. Because the next few months would change my life forever. Our unit have a training that we actually simulate going to war. I was really motivated and did really great. We would go to another state to do this military training. When we returned I was named soldier of the month out of about 2000 soldiers. Nothing could take the smile off my face. I felt as if I have won a championship of life. I wish I could have frozen that moment. I still can smile about it today when I think about it. My plan then was to make a life of the military. I think life is about challenges and you take on those challenges and make your life better. But the next few months will change my life for ever. Im going to leave alot out to what happens to me over the next year except for couple of the major parts. Some really life changing things happen to me which would cause me to get out the military. One moment im at the happiest moment of my life the next thing I know things happen to me where im at the lowest point of my life just within a matter of months. But I thought like every thing else I would take on this challenge just like every thing else and would win. But this challenge was bigger than any thing I would ever imagine. Just before I would finish doing all my paper work to get out of the military I would get a call saying that I have to go see a high ranking officer before I get out. I went to his office and he started talking to me asking why I was going to get out and told me I was a good soldier. Then he told me the strangest thing. He told me that I would have more Protection if I would stay in the military. I asked him what did he mean and he just set there in quiet. I should have listened. I would get out the military and planned to stay in Tennessee for the rest of my life. Just work and grow old and see what happens. I would get a job and start working. What im about to tell you now will seem like a movie but im afraid that its not. Im not telling any one this because I want sympathy or anythin else. Im telling you this because someone or some people have decided to take my life from me. I have been trying to write this for 11 years and now I finally done it. When I first tried to start writing about it no matter what time of the day or how much energy I would have my body would start telling me that I was tired. Maybe my brain just could not take what have happen to me, and I would really be tired. Just a few months after getting out of the military I was at work and someone revealed to me that I have a computer chip in my forehead. They revealed it to me by saying it was MENTAL TELEPATHY. I have to be dreaming as my mind started to wonder. This isnt real. Im going to wake up from this dream. I knew at that point that my life would never be the same. Six months later I would end up in jail. With the worse crime you can have in todays society. People can say what they want but people like me most of society just want us to die. I shake my head in disbelief still to this day. If you think im lieing. I will be taking a lie detector test to show you im not lieing. During that lie detector test I will have him ask me if the letter that you have written and giving to the police department is true. I

know this sounds crazy. Thats because it is crazy. Im not some crazy conspiracy person. Even though I have read many of them. Im a person who loved his country since birth. Who loved serving his country. If you wish for me to set down with you and go into more detail about what happen I would do that to. Not sure what else to say except to see what happens when I give this letter to certain people. This letter was written to Oklahoma Police Department but i didn't get any response. If you know someone that studies this type of things and is in oklahoma please let me know so that I can set down and talk with them. If you are wanting to set down and talk with me just call my number 4059219810.

**6/8/09**

Some of these "court abuse cases" can be just as damaging to a person as the stories we hear of suspected terrorists being held in confinement without a bath for peroids of time and being moved from room to room or music playing all night etc. and then being compensated for what they call torture. The Dr. John David Kuntz case is a good example and it appears that the Byron Prior case is another. These cases need to be investigated by a non-bias team. Thanks for your interest. Lloyd Brinson We are not sure what you refer to as abuse? Is it only physical in nature or does it cover mental torture as well?

**8/8/09**

Some accused terrorists have been awarded millions of dollars for what they term as torture while some victims of "court abuse" that we are aware of, whose lives have completely destroyed by judges violating the Charter and various laws, get nothing but more continued grief. Could you please clarify.  
Sincerely, Lloyd Brinson, (CFJ)

**9/8/09**

I have asked Mrs. Prior to contact you concerning the trouble her husband is in. A former judge in Newfoundland has been reported by Byron Prior as raping Mr. Prior's sister when she was 12 years old. But instead of investigating the accused former judge, Mr. Prior was sentenced to a mental Hospital where he is locked in. Five psychiatrists from Ontario have found Mr. Prior to be normal but one judge from NFLD claims him to be "delusional". This case is very similar to the Dr. Kuntz case in B.C. where the conspiracy was so great they ruled against the Dr. all the way to the Supreme Court of Canada. All the judges and law firms are linked together and rather than submit relevant evidence they stand on Charter s. 24(2) which allows judges to regard relevant evidence as inadmissible. This case begs for an investigation but we can't get an MP or Justice Minister interested in it. Very strange justice system here.

We can use your help. Thanks, Lloyd Brinson (CFJ)

What about the act of continual bondage/slavery in the forced participation of their sexual predator slavery prostitution ring John? I'm surprised this is not mentioned as this is central to the whole operation of control. The making of robotically controlled slaves through drugging with date rape drugs, nitrous oxide, and all of the newly developed drugs and technology designed to control individuals without their supposed knowledge. The stalking and domestic abuse is all aligned with controlling the asset in the ring.

In my neighborhood they opened an rv park to house the government sponsored and trained undercover operatives claiming to make \$30,000K a month, and the doctors or whatever they call themselves, who install this mind boggling technology John. What about that? Why do you fail to mention that John. CIA files from the 60's and 70's now being controlled by private citizen operatives trained and paid by our own government John. This is the name of the game, so either you're incredibly naive or you're one of them John.

This is a sexual Assault Slavery Prostitution Ring John. That's why people are wired up and assaulted in the night and exploited, and during the day abused and treated like garbage to keep them confused and controlled. That is the purpose of the patriot act, in my opinion, and the purpose of all terror law designed to deny rights and allow full time surveillance and tracking. Why else would they care so much, we're assets, not people. Trying to lead us down a rosy path of incomplete information and leading us to believe we're simply victims of neutralization almost seems plausible, but the scope is just too large. There is just too much money to be made off of us, and this greedy group of controllers are interested in total control, not simply to put some asleep, if they've gone this far there has got to be a ton of cash involved - in my opinion- of course.

Wake Up TI's, Wake Up.

I am corresponding today because I am a supporter of u201CSocial Reformu201D, and a victim of an almost unknown, incredulous, silent, secretive, and a growing crime sweeping across North America, and targeting innocent citizens in our country. I am a u201CHumanitarianu201D at heart and I truly believe in being empathetic, concerned, compassionate, and thoughtfully sensitive toward our universal humanity as a whole. Therefore, my belief, moral, and spiritual system conflicts with this sort of crime in its entirety!

First off, it has taken me three years of affliction and in depth research to combine the pieces together and also finally come forward. It has taken an insurmountable amount of courage and esteem to speak out. It has taken not only confidence but a strong belief that this matter is in existence. The purpose of this letter is not only to report or complain about these events but to increase awareness. It is my mission to spread awareness and dispose of this %u201Cvictim mentality%u201D through exposure and activism.

We the people of the United states of America and International Countries urge and demand that Congress center its attention on this growing and National crime that affects us all as a universal whole!

We speak for victims, survivors, and ones who are not here with us today due to their afflictions! We command %u201CREFORM%u201D, and an acknowledgment of our Civil Liberties, Constitutional and Human Rights. We command intense %u201CSocial Reform%u201D.

We demand that Congress along with our State, Federal, and Local Governments address this matter with extreme concern for our rights, and placing an end to this national crime!

**Wednesday, October 7, 2009**

The cowards gassed me in my sleep and nuked my eyes and possessions again last night. I woke up coughing, spitting white foam; my heart will not slow down, etc. All the usual symptoms plus the skin around my left eye really stings and there is a large bump with some type of fluid in it. I have felt horrible all day. The skin is sagging more into my eye from the side now. I am in constant pain from my eyes and they keep me awake. I have felt drugged all day. What inhumane torture from ignorant fanatic terrorists, and no one will do anything about it? The constitution of this country is meaningless.

Dr. Arocho referred me to Dr. Jeffrey Zimm, an ophthalmologist, who ran several tests to determine that my vision is greatly impaired by the skin hanging into my eyes and pouches above my tear glands. Dr. Zimm referred me to another doctor whose name I quickly forgot after I received his quote of many thousands of dollars to fix my eyes. I

have another appointment with Dr. Zimm this Friday. He will see that my eyes have been nuked again.

I went to a club where I played music with the band. The next day my amplifier was ruined. I went to the eye doctor. When I left, there was black chalk blown all over my car window and my taillight and blinker were ruined. I went fishing at the beach. A man with two young boys followed me to the location where I decided to fish. The boys had small Styrofoam surfboards that continuously slapped the water behind me, splashing me, while the man hovered over my ice chest and tackle box, staring at me and smiling. They followed me every time I moved, continuing the harassment. Do all Baptists teach their children to harass others? I went fishing again at the beach. Every time I attempted to cast, some man in a bathing suit with a cast net jumped in front of me, even though I moved every time. No one else was in sight along the shoreline. The next day both of my fishing reels were ruined while in the trunk of my car.

When I go to the checkout counters in stores here, if the checker is Baptist, they look at the "A" burned into my forehead and destroy something in my cart, the same as in Pensacola and in Ocean Springs. A doctor here told me that they are worry lines. He is wrong. How could I possibly forget the horrible night that they were burned into my forehead, the blood, and the poison, and the many other times that the process was repeated?

Naturally I have developed a deep loathing for Baptists and would now concur with a statement recently made by "Bill Maher", "I hate religion". If Baptists cannot coexist peacefully with others, they should not be allowed to practice that religion or hold any position of power or authority. At least the Israelis and Palestinians take responsibility for their actions and state the reason for their cowardly terrorist acts. I also contend that Baptist doctors should only be allowed to practice on Baptist doctors, punishing each other for their transgressions as they see fit. Please someone ask me if I harbor any anger for the ignorant, pernicious cowards. The constitution of this country was written for everyone. Why should Baptists not have to abide by it? For ten years they have destroyed everything I have purchased and accomplished. I have been constantly terrorized and physically tortured. My body and face have been marred. I live in constant fear of what they will do next. Why will no one keep these terrorist criminals away from me?

My cell # is 228 238 4211

I am moving in with new friends here in Naples and I don't have the address here. Just ask any Baptist for it.

I went to see Dr Arocho yesterday because I had been gassed in my sleep and my eyes, forehead, and corners of my mouth had been nuked again. I had not had anything to drink or any medications but I told him that I felt "drunk". After careful examination, he said, "You are going to have to leave Florida".

Give me one week and I would be able to provide at least a thousand names of people in the Naples area who have repeatedly had their faces marred in their sleep by cowardly Baptist terrorists, without knowing it. This includes the couple I am renting from, their friends, the two females in the musical group I currently play with, their friends, families, employees in various places of business, numerous people of foreign lineage, clerks in stores, banks, shops, etc, etc, etc.

Follow them to their homes and see where Baptists maintain their plants in a sickly and non-productive condition, maintain weeds in the yards, nuke seams on and around their homes where fire ants are maintained, nuke the lacquer off of any brass on external and internal fixtures, spray the black chalky substance on drives, walkways, and porches, nuke cracks in the concrete and plant weeds in them, break the covers off of any external W/P receptacles, warp the blades on any external ceiling fans, nuke blotches of tar on porches, drives and bricks, etc. etc etc., all of the things that are done to my home in Pensacola, my girlfriends home near Biloxi, my father's home near Memphis, and my daughter's home in Memphis.

### **Tuesday, October 27, 2009**

I had my father call Dr. Arocho to verify that he told me, "You are going to have to leave Florida". My father told me that Dr. Arocho said that he remembered the conversation but did not remember saying that I had to leave Florida.

If I had wanted Botox injected into my face, I would have gone to a specialist to have it done. However, I would prefer not to have it done by cowardly Baptists terrorists while I am asleep in my home. Someone prove me wrong. The marks are still present after a month. I have to strain to keep the skin out of my eyes to see still and maintain a constant painful smile in order to keep from drooling out of the sides of my mouth. Every morning when I awake, the sheets are wet on both sides of my mouth from the saliva. Of course the cowards continue to LASER jagged lines into my face, inject foreign bodies such as fatty tissue, nuke it, and nuke other parts of my body.

Several times in the last month, like this morning, I have woken up suddenly in a sweat from my skin stinging and red as a beet again. It appears that I have a serious sunburn but I never am in the sun. I only fish and swim after six thirty at night, and I always take every precaution.

Although I have taken two rounds of antibiotics for sinus infection since I've been here, this morning I mysteriously have it again, as does my ex girlfriend in Ocean Springs

#### **Thursday, November 05, 2009**

If the reason that I have been included as a target is the pornography and erotic art on my computer, then I have this to say about that:

To begin, the cowards have continued sneaking into my home and deleting at least nine tenths of it, and other programs, while putting viruses and other unwanted programs on my computer.

Next, pornography is THE healthiest stimulus for sexual arousal for any couple. There are no side effects. Look at the possible side affects of "Viagra" and any other medications that many doctors prescribe. (... Including DEATH???)

If the reason is theological, I have read and studied the Bible extensively. Of course I would question the validity of any volume based on ancient Hebrew mythology that inststs that the Mid East is the center of the universe and that the Earth is flat. (How many innocent people were tortured and burned at the stake for having a more scientific and realistic point of view? The first man to translate the Bible into English was burned at the stake for profanation.) Or ... you can study the more popular version, (altered by those who claim to have "super human" powers, i.e. "Inspired") which resembles the Bible, and is currently available. Whatever my views are on the Bible, God, sex, Baptist doctors or any other subject, is my own business. I want to be left alone and able to believe in and enjoy the rights that I am entitled to by the constitution of this country.

#### **Sunday, November 08, 2009**

The night before last my face and body were badly burned while I was sleeping again. I was too sick to go to the emergency room. I rubbed aloe all over my face and olive oil on my skin but it still stings. The veins on both sides of my eyes are now prominent where they have continued to nuke away the skin, all the way up my forehead. There are many new tiny laser burns on my face from my eyes downward. My cheekbones are badly swollen, scarred, and red.

A casual friend asked me, six days ago, about a sore on her hand. It appeared to be a staf. infection. I now have several sores, which also appear to be staf. My girlfriend in MS called to tell me that she is on antibiotics also for a staf. infection. I have not seen her in over two months.

Since the cowardly Baptist terrorists will not leave me alone here, I am going back to my girlfriend in Ocean Springs. I have not been with any one else in over 10 years and I couldn't imagine having to break in a new one at this point. (i.e. one ring means , "bring my morning coffee and place it on my night table", three rings means, "draw my bath", (I will not at this time divulge the meaning of two rings. Of course I reciprocated all the favors in some fashion to maintain equitability. More often I brought her coffee in the morning to her night table.)

Again I will reiterate because I feel so strongly about this. Baptists should not be allowed to practice their religion in this country if they cannot peacefully coexist with others!!! They should not be eligible to vote, hold political offices, practice medicine, be hired as law enforcement officers, maintain any position of authority, or be allowed to congregate.

**Tuesday, December 8, 2009**

I had to leave my girlfriend again because of being poisoned, my face nuked in my sleep, and my things destroyed. She will not take me back again, or even speak to me. Of course all of her things are still slowly being chipped away at, nuked and marred. She and I perpetually remain with some type of infection. I am now at my father's home near Memphis where I see the same pattern of destruction. Again, I have a sinus infection. Phone # 901 853 3587. My cell # will be 228 238 4122 until Christmas.

**Tuesday, December 22, 2009**

My sinus infection suddenly stopped the day before yesterday. My voice returned to normal and I could experience all of my senses. Yesterday I was gassed and poisoned again in my sleep and my eyes, cheeks, and corners of my mouth were lasered and nuked again. I can't breath, taste, smell, see, my head hurts and I spit white foam..

**Wednesday, December 23, 2009**

I was gassed and poisoned again last night with the same results as the day before. The corners of my mouth and eyes sting where there are tiny laser burns along with the burns under my eyes. Like always, my ears are ringing extremely loud.

After submitting the DS-11 form for my passport, I checked online at the U.S. State department site for my passport status one week later. I found that the U.S. State Department issues warnings for travelers abroad about highly sophisticated gangs who use sleeping gas to rob people and commit other crimes. Why should anyone be so naive as to think that this does not occur in this country also?

The U.S. Embassy in Washington D.C. has issued warnings to tourists traveling abroad about "gangs which use sleeping gas to take advantage of those who appear to be wealthy". According to the U.S. Embassy, "The gangs have developed the sleeping gas robberies into an art".

**10/6/10**

I would be willing to contribute my time, but I am maintained at less than 30% of my capacity, and at times, all I am able to do is lie in bed with my ears screeching in several frequencies, in unspeakable pain in at least five parts of my body, and moaning in agony. Some group alters all of my computer work, and "artificially ages" all of my possessions, me, my family, friends, acquaintances, and all of thier possessions. I could regularly send a small amount of \$ if you find someone to host a site. Good luck, Don Bruch

**4/2/11**

Please read this book, (and others) found on [gangstalkingworld.com](http://gangstalkingworld.com), [targetedindividuals.org](http://targetedindividuals.org), and many other related websites. I am a victim of the most horrendous torture imaginable twenty four hours a day, and all of my property is being slowly chipped away at and destroyed. My career has been ruined. This began over ten years ago and progressed until two years ago, when only the community effort began to slightly wane after I wrote to government officials. In every one of the over 800,000 cases reported so far, the target is first made to appear to be delusional. In my case, by a group of corrupt Baptist doctors and the police departments in Jackson County MS, Escambia County FL. and Memphis and Collierville TN. All of my family, friends and acquaintances are also targets but are not as of yet willing to face reality and the facts. I will send my journal as an attachment if anyone wishes to read the facts, times, dates, places and people involved. No, there has never been a delusional thought in my head. My reality is and has always been intact, and no, I am not in denial.

**Closing The Gap** takes a deeper look into the Gang Stalking phenomenon and how community notification programs are being used and abused to destroy the lives of innocent citizens. These programs are being used to create a system of state control and conformity.

The citizens of democratic countries have been mobilized as weapons for the state. They are being used as a clearing house for those who the state see as unfit, and undesirable.

The state in every community, workplace, and most families have created a disturbing, interconnected system of surveillance, and control. Once targeted, the person in question is blacklisted. Then those around the target are categorically enlisted into the states monitoring, supervision, and annexing of the target.

About one and a half to two years ago, this harassment started. When this initially occurred, I saw vehicles with Luke Air Force Base Stickers (Lower corner of Driver's side window) and government license plates following me. As soon as I pulled out of my driveway a vehicle would follow me. As strange as it seems, they knew my every move. Each time I would see these vehicles following I would give them a friendly wave. Since then, I don't see the vehicles following me. I began hearing ringing in my ears, sort of like a phone modem when dialling into the internet. This sound is constant throughout the day. At night it is so noticeable that it's hard to sleep. Occasionally my arm or leg will twitch. I also feel sensations in my fingers and ear lobes. The only way I can describe it, is it feels like the tip of my fingers throb. The sensation predominately occurs either in my index fingers and my thumbs. I use to feel warm spots in my arms, legs, and abdominal area. I began experiencing severe chronic abdominal pain to the point of almost passing out. I saw a physician. I've had an ultrasound, an upper GI Scan, and a scope in my stomach. All of the tests came out negative. I was diagnosed for Acid Reflux. I tried just about every prescription and over-the-counter drugs for Acid Reflux with no success. I thought something was really wrong, like maybe I had a brain tumour. I saw physicians and I was perfectly healthy. I went online in hopes of identifying the part of the brain that controls sensations of the body and motor movement. I discovered all kinds of web sites on brain implants. This is when I discovered that there were other individuals experiencing the same sensations. Some of them have it worse than I do. I have an electrical engineering degree from Arizona State University and I use to work for Qwest Communications. If it wasn't for that I wouldn't believe this technology was possible. The harassment was so bad that I became depressed, feeling hopeless. After I lost my job, I went to Canada in hopes of finding a non-regulated/government doctor to perform a CT scan. Unfortunately, no one believed me. I did some research on-line in Canada and discovered their government is involved in this technology, as well. I returned to Arizona about four months ago. I recently secured a temporary job as an Engineer for a Telecommunications company. The only documentation I have is what is available on the internet. Do you know of any doctors who will have an open ear and knows what to look for?

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Today, in the morn. two police officers came to the tent I have hidden in the trees in a public park. It is owned , so to speak, by the Musqueam band, not the police or the parks. Wonder how they would feel about it, have not been able to contact them when I tried before.. Homelessness has been declared a national disaster in this country, I think parks should be opened for this reason, in transition..

Police... wanted to know my name, age and birth date. It is the first time in my life I have ever had the police ask me for personal info. I have lived a clean life.. Now I have a record.. for others' crimes not mine..

I did not want to be arrested or fined since I was told before I could not sleep there by parks staff, so I said I am leaving town today to go to Island, which I have been trying to do, but finances are hard...My credit card it maxed trying to survive since I got hit by car in March...and payments due there too.

The gov't will not give me any rent , and I have the compromised immunity I mentioned before.. from pesticide poisoning.

This , with cult harassment, and "goons" terrorizing me.. has been going on for 12 years.. I am 58 and very very weary today. I left there in a flood of tears. NO charity is safe, and I know far too much about missing people and poverty pimps.. I am in the throes of trying to draw attention to it, and sue and expose it and so many other things..

I know this is the time when they are going to take everything from me, incl my meagre check with no rent included, and storage and etc.. strip me of everything so they can commit me or have me suicide. They have been working up to it for some time, and I have known it is just a matter of time..

I heard storage staff say yesterday, " she is mentally ill " to someone. They are going to send someone in , I know it... I know too much about some very sinister things going on there too, it is the modus operandi when one does. I have NO mental problems, they do...they also have no conscience..

I cannot go to the U.S., it is not possible, that is all I will say her re that. I am also meant to be here now..

My address is below if anyone wants to write and cheer me up with funds.....I will not be online for awhile, I think , not sure where I will be...

was thinking about you becuz my perp neighbours Gretchen and Jonathon have a new room mate from Australia. They are trying to make him perp me.

I had a heart attack valentines day which near killed me. I was and am scared.

It is possible they have the same heart attack gun which gave me a near fatal cardiac arrest in the 90 s.

It was a near miracle that when I heard someone say..

call 911 she is having a heart attack, that I snapped out of going black and falling over to stand up and pound my chest.

My heart had stopped I got it beating.

I had some industrial First Aid training.

I do not do hospitals.

A few years ago I was tranced to walk in front of a car and went flying.

Again I saved my own life.

I cannot use allopathic mainstream medicine and do not trust hospitals. I use natural and alternative medicines.

I was poisoned with pesticides when I lived in California by a famous perp. (Some of my perps are well known entertainers, it is a sinister mind control arena)

My veins burst at the car hit, and I should be dead I guess.

yet another famous one who claims to be in love with me was standing there laughing.

He had me tranced. Knew him since 70 s

Someone dressed in red and black came to me and said.

Leonard Cohen is over there he is laughing at you.

This is for what you did to him.

Always seems to be about guilt tripping.

Trying to understand that?

Re healing myself.. I DONT HAVE A LOT OF DOCU THUS Re medical records.

Just clinics. I was told both times I saved my own life.

MY NEIGHBOURS Have this nice young man from Australia Ben.

I have heard him disagree with them as other guests have that all I am doing is the dishes etc.

They complain about each move I make sneeze, whistle, cough, anything.

They get me angry and use it against me.

they try to tell people I am the perp doing to them what they do to me.

Including timing things.

I think they are crazy to tell the truth and the controllers enlist sociopath or psychopathic personalities.

They justify all their behavior, project, and have no conscience. like other stalkers and perps they can turn on the crocodile tears and be ever so convincing.

I was gardening and he walks by and says You are the perp we told them.

Same with Anthiny Forwood who wrote gang stalking book.

Now people tell me he is a known perp but I did not know.

We met and talked. Now he is saying I am an evil witch and satanist who poisoned his food.

He said he was hungry and I cooked him a big organic vegan meal.. Certainly not poison.

I worked as a therapist and had clients brought up in cult families and got targeted for trying to help them out. One of many reasons why I am terrorized incl by satanists.

There is no sound proofing here.

I announced to Ben that you know what is going on.

Hoping he would get out of there before they drag him down.

Amazes me how they eventually get thru to people, even my own mother.

Elisabeth Buchanan.

Note new email address in subject line please.

Seems there is something like google earth perps use on computer and can watch us. They do it here and last house. Also hack emails and read them .

Thanks for the email. I have evidence of the substance and chips that are implanted on human beings. I know how the whole system works. I can make the network in the sky visible as well as remove smart dust from body. I can capture chips in mid air.

People have been coated with a white substance called smart dust or one form of smart dust. If you use a clear white postal tape and press the tape from cheek to cheek, on the nap of your neck, or wrist you may remove the white crystalline substance. I have also captured images on my body.

Have you viewed the Larson Media website to see evidence of chip implants done to people.

Look at Dr. Staningers website for the disease created and microscopic evidence

The equipment to use to detect wavelengths are:

If the wavelengths in the sky and those that emit from people are exposed, the cults, like the Free MAsons and John Burch Society will be forced to remove their weapon from the giant dust network that is created in part by HAARP. Their stuff is every where. HAARP has 180 towers, one for each degree of longitude. I will be in touch with more details. If you want sample evidence, I can send it to you.

**THE WAVELENGTHS AND WEAPON CAN BE DETECTED WITH THE FOLLOWING EQUIPMENT:**

**X-RAY DIFFRACTOMETER - ANALYZE CRYSTALLINE MATTER**

**DIFFERENTIAL SPECTROMETER**

**INFRARED SPECTROPHOTMETER**

**SPECTOGRAPH - DETECTS WAVELENGTHS THROUGH A SPECTRUM.**

**USE THIS WHEN THE THE USA COMES CALLING ABOUT ATOMIC WEAPONS. ASK THEM WHY THEY ARE TERRORIZING INNOCENT INFANTS, CHILDREN, PREGNAT WOMEN AND MUTATING LIFE.**

**GAMMA RAY SPECTROMETER**

**MASS SPECTROGRAPH.**

**IEEE AND CORONA IMAGING**

**REVERSE INFRARED IMAGING.**

**EQUIPMENT CALLED OSCAR**

Expose the wavelengths and network in the sky to remove these criminals who terrorize the world. we are on the verge of nuclear war and these people do not care as long as they have their wavelengths and plasma rays that attack people.

**14/10/09**

Please include me on this list. I have been tortured for six years non stop.

I have been able to remove a white crystalline substance from my body, which is one form of smart dust. I have also captured nano particles. In addition, I can see the network in the sky that is used to attack people. I have also captured portions of the network used on video. My second video is more clear than the first video that I made. I have received disability income because of the attacks. My spleen developed a lesion due to the wavelength zapping me in the rib cage where the spleen is located. The terrorist, as I refer to the organizations and individuals who attack, have placed nano devices/particles in my eyes that have allowed me to see the network and wavelengths that emit from people. I can also see wavelengths emit from people who are not attacked. I have seen wavelengths emit from pregnant women, infants and children. I also know the equipment to use to detect wavelengths in a spectrum, which should be used. The equipment really needed is x-ray diffractometer, infrared spectrophotometer, link explaining IR: [http://en.wikipedia.org/wiki/Infrared\\_spectroscopy](http://en.wikipedia.org/wiki/Infrared_spectroscopy)

\*\*\*\*spectographs (detects the wavelengths of the spectrum )\*\*\*\*, mass spectrograph, and a gamma ray spectrometer. A spectrograph is a visual representation of a vocal or any other sound in digital format. Once in this form analysis or manipulation can be made of the sounds that are represented.

I also used to work for Sprint where I programmed wireless applications at the packet level and, networking level. I know how all this stuff works. I used to program for the government as well.

I will document my attack. I also witnessed the people who attacked me and I have identified 40 people. I also have a picture of the equipment they were using. One of the men who attacked me is a Paul Allen associate of Microsoft. I also have insider information from a friend who worked for the NSA that Paul Allen and Vulcan Inc are attacking me. Paul Allen owns a Brain Science Inst as well as a wireless telcom. I am also an alumni of Tom Ridge. In addition, Craig Mundie, The R and D director of Microsoft was present at the Bilderberg meetings held May 14, 2009 as was Melisa Gates. Microsoft spinoff INRIX is a dust network company. Basically they are using sensing devices and micro or nano fiber optic components to make this work in human beings. You should check out INRIX (a spin off from Microsoft), Smart Dust, Smart Dust Networks, Cross Bow (they make the components). I also know Micheal Fairchild. He wrote Rock Prophecy and he knows Paul Allen. He describes Paul and his wife Jane as evil. Paul is referred to as a dominator.

You should also read the five page short story called the Dmaned Thing by Ambrose Bierce written in 1880. This will give you an idea of how long this technology has been in development.

The NSA and CIA are using barium and the stuff is radio active. The earth has become a giant plasma computer/screen.

[http://www.ftmeademwr.com/FMWRDirectory\\_Dec08.pdf](http://www.ftmeademwr.com/FMWRDirectory_Dec08.pdf)

I have contacted all GUN clubs and the NRA.

be sure to include the following information:

These photographs were taken with infrared-sensitive cameras. Care was taken to use tripods or steady surfaces for the cameras. Nightshot settings, cameras without infrared filters, and speedshot settings were used. Digital and film cameras were used. Infrared-pass band filters or polarizer filters were often used. Some shots are monochrome. Care was taken to not reflect light onto the eyes and many of the eye shots were taken in extremely low light hence some of those photos had to be brightened for the viewer to even see the shot.

Infrared light can be used to load even more light into the plasmas so that the microplasmas become more visible. UV light can often do the same thing. The weapons use infrared or UV light (lasers?) to generate plasma by ionizing the chemtrail ingredients and the oxygen in the air to create plasma channels that can be used much like electric lines from the atmosphere to the victim. These plasma beams stick to the person on their eyes, ears, head, throat, stomach, genitals, and other places. This is due to magnetic polarity -- plasma is looking for the closest and easiest path to ground -- and that is you. Plasma can pass through stone, glass, and metal. Plasma beams can penetrate the body for internal torture.

Plasma can transmit many other kinds of energies: microwave, radio, ELF, and can send sound, movies, pictures, pain, kinetic force, disease frequencies, and cause remote movements in a person's body through reflex point pressure or when used in conjunction with implants. The nanochips that are in the chemtrail spray may create something like an artificial, neural network in the body that can be accessed and manipulated. The beams are "stuck" to a person 24/7 everyday non-stop. The barium in the chemtrails allows the government to surveil the planet with 3D, all-terrain, real-time, over-the-horizon imagery (VPRE); it may even allow them to look through the walls and roofs of our houses

**16/12/09**

From what I have read on the forum, you have a very good understanding of what actions to take. Over the past few years I have been doing many of things that you have indicated to other TI's to do. You are right that we need to expose the perps everywhere. I am writing every business, restaurant, organization in Maryland and Virginia to inform common people what the NSA and CIA are up to. This will inform the people where the NSA and CIA people conduct business, eat and live as normal people. Hopefully this will create hate and ill feelings to the CIA and NSA people in their own back yard.

I am a TI as well. I just cannot believe all this BS is happening. Anyways, I won a recent election. I am now a public official and law enforcement officer. I have been able to procure evidence. I have been able to capture the plasma substance/beam/ray substance or elements that are applied to a person's body. The white plasma compound adheres to the body. I sent skin, hair samples and a removed a sample of the white compound from my body, clothes, and shoes using a clear white postal tape and sent the samples to a forensics lab. You too can remove the white substance from your body using a clear white postal tape. I get a foot long piece of the tape, press hard across my face and the stuff comes right off. I determined that the elements or chemicals used are lethal toxins. Among the elements that I have proven to be applied to my body include Barium, chromium, arsenic, cadmium, manganese, cobalt, magnesium and others. Barium is a radio active element. The barium is very powerful and is the element found in the plasma beam that penetrates everything.

I sent a sample to Dr. Staninger about a year ago. Her team of scientist of confirmed that barium is used in the plasma ray that attacks people. I am also requesting that Dr. Staninger provide additional evidence in the form of infrared pictures and other scientific results that her team has produced. I have also recently sent the FBI evidence of the chemicals applied to people. I also know that every single person has been connected to a system called VREP. The plasma beams are also in every ones home. The government is using advanced communication devices to illegally wire tap every home, car, and person in America. The violation of law that I indicated to the FBI as well as the CIA is illegal wire tapping which I sent proof to the FBI as a law enforcement officer. I have requested to meet directly with the FBI as well as the CIA to discuss the evidence sent in relation to the wire tapping law that is being violated. The wire tapping is not the violation of law that I am most concerned with but it is the simplest means to force the feds to remove the system from peoples lives that is used to attack people. I plan to contact the FBI on 12/17/09 to followup and establish a face to face meeting. I have also demanded out of court settlements to be done by the CIA. At this time I have not received correspondence back from the CIA.

**FOR THE RECORD:**

The following is a copy of a letter that I sent to Senator Wyden on November 8, 2011 via express mail with confirmation. A track number confirmed receipt of the letter but when I failed to receive a response more than 3 months later, I took a copy of the letter by hand to the Senator's office in Portland. There, a pleasant lady who received me indicated that the only record of my communication that was showing in her computer dated back to September. I told her that was an email sent that I sent to the senator via his website and not the letter which was dated November 8, 2011.

Senator Wyden is known for responding to his constituents. Conclusion: the mail is likely to have been intercepted. I urge you to please keep copies of all my correspondence ; I pledge to keep yours.

Thanks.

Pat B.

-----  
Dear Senator Wyden:

RE: Request for your Intervention To End Painful Daily Somatic Surveillance.

I both applaud and commend you on your long-standing efforts to find solutions to the problems caused by the gross imbalances between the imperatives of the US Patriot Act on the one hand, and civil liberties on the other. I note, with pride, that in your entire political career, your commitment to national security and protection of the American people from harm has never been in dispute.

In your latest efforts, you sponsored an amendment to the USA Patriot Act ...”to require the Attorney General to publicly disclose the United States government's official interpretation of the USA Patriot Act.” You also wrote a letter dated July 14, 2011 to Mr. James Clapper, Director of National Intelligence, where you sought unclassified clarifications on surveillance authorities under the Patriot Act, as well as clarifications on other elements of the Act.

The concerns that you expressed in the efforts are shared by many Americans including some of your fellow senators, the ABA, the ACLU and multiple other organizations, including the House of Representatives which voted to not extend the three provisions of the USA Patriot Act concerned with “...authorizing the FBI's use of roving wiretaps, granting the government access to ‘any tangible items’ of individuals and groups under surveillance, and allowing the surveillance of individuals and groups not connected to identified terrorist groups.” But my concerns about these issues are of a unique and acute significance. I, a resident of the state of Oregon, have been suffering for two years now, and continue to suffer from the extreme pain of chronic non-consensual mind control surveillance, which is more than likely an implementation of the very secret interpretations of the Patriot Act that you, along with many others, seek answers to.

Somatic surveillance, according to the “Surveillance and Society”, is “...increasingly invasive technological monitoring of, and intervention into body functions. Within this type of surveillance regime, bodies are recast as nodes on vast information networks, enabling corporeal control through remote network commands, automated responses, or self-management practices”). It is my contention and belief that the occult interpretations of the USA Patriot Act are likely being used as justification for infliction of untold levels of pain in gross violation of my rights.

Specific effects that the cruel abuse of these technologies chronically subject me to ( all electromagnetic and nano - based technology systems) include the following:

- o Deep intrusions into all organ systems, and their individual manipulation for the sole purpose of infliction of extreme pain and agony, including sustained contractions of the esophagus; electric shocks to the head and uterus, and sustained contractions of major voluntary muscles of the body.
- o Chronic particle-boarding (an electronic version of waterboarding) in which fine programmable particles or smart-dust are forcibly driven into the immediate airspace and nostrils, with a feeling not unlike being in the midst of a blowing sand storm in a desert; this causes chronic oxygen deprivation to the lungs and brain, and a constant feeling of suffocation and panic from fear of pending death when this is in its intense form, which is every night.
- o Use of nanoparticles and smart dust, both programmable miniature devices, to simulate millions of crawling

worms and insects on the scalp, face sometimes armpits and anus, chronically for months going to years now.

- o Chronic remote administration of nanoparticle and smart dust – laden air for chronic infusion of the particles into the lungs, thereby poisoning them. The nanoparticles in the lungs, are then programmed and used - in the exploitation of the vocalization function of the respiratory system - to vocalize angry, interrogation-style phrases the words of which are not clear but spoken with an unmistakable human speech pattern.
- o Untold gaseous substances forcibly driven into the nose.
- o Sleep deprivation implemented via startling sounds just as sleep sets in.
- o Chronic poisoning with neuroleptics.
- o Scalding the head and various parts of the body with searing directed energy weapons systems for months on end.
- o Bruises inflicted chronically while one sleeps.
- o Corruption of hundreds of innocent Americans who are recruited, perhaps for a fee or favor, to harass and stalk me, most likely in a false belief that they are protecting the nation.
- o Too many to count....

Severe torture is also delivered in retaliation to efforts to seek help, such as writing this letter, and I am currently subjected to the worst since I began drafting this letter. Phone communications are tempered with. Emails are tempered with. Families are destroyed as some family members, in fear of the torture themselves, either cooperate at the low levels of these dark activities or withhold support to the loved ones.

I have committed no crimes against the United States. I am not a terrorist. I do not have terrorist inclinations, friends or acquaintances. I have lived in this country for 30 years now after enduring the insults of apartheid in South Africa. I later married here a non-practicing Moslem who holds a Ph.D. In Engineering, well respected by his colleagues, and who has never been to a mosque in more than 20 years now. I am not a Moslem. In 30 years, I have lived a clean life in the United States of Americas.

I, a single individual in Oregon of what I KNOW to be many (I have personally met others here in Portland, one of whom may die soon if no intervention occurs), plead with you in this letter Senator Wyden, to help me. I ask you to intervene by doing all that you can and are legally empowered to by law, to bring about immediate relief to my suffering, and to the suffering of others like in the state of Oregon. I plead with you also to exhaustively appeal to all those that have the power to effect change to do what they can and must to help. Please help us.

In closing, after the assault of 911 to the nation, I am acutely aware of, and support, the need for legitimate measures that needed to be put in place to protect the nation. But in a free and democratic society, the role of the legislative branch is to ensure that civil liberties and national security are not permitted to exist in a state of antagonism and conflict with each other, where one functions at the expense of the other. When this balance is upset, both these key elements of a democratic society may be irretrievably lost, as each needs the other for effective function. The secret interpretations of the USA Patriot Act constitutes fundamental obstacles to this balance and effectively neuters any oversight measures put in place by congress.

**16/1/13**

I am under severe attack. They have used a tagged chicken pox virus to trace the exact path of the opthalmic branch of the trigeminal nerve. Although they camouflaged the attack as singles, the fact that now they vibrate nanoparticles directly on the nerve on command while someone barks interrogation-like phrases in the throat, using programmed nanoparticles there where they exploit the vocalization function of the throat, suggests that the virus was only used as a vector to trace an exact nerve path. I have been to the doctor 7 times in less than a month, due to the unspeakable pain.

I shall try and find time to write a supportive letter for you and will email you a copy sooner than later as I do not know how long I can hold on before they kill me. If I do not make it, please circulate this email to anyone to whom human life still stands for something honourable. I hope things won't go that far.

Stay strong John.  
Pat B.

**6/11/08**

Anyone heard of a group called "The Mic" ? Been heard for about 12 years. Started in 29 Palms CA Marine Corp base. Recently found out about an underground base out there. Describe themselves as a little white boy. Can hypnotize very well. Can also hurt eardrums as well. Have heard them all over, under water, in airplanes, etc. Do the same things as other mind control groups, humiliate, make negative comments, yell, etc. They have put LSD, PCP in me as well. Have had wild dreams. Called themselves Schizo for a while. Describes themselves as racist. Claiming to be NCIS. Have decribed themselves as my family, friends, co-workers, just about anyone I have met, even celebrities.

Here are some other things they do:

Too many people on the mic, after a session, skit, (a mic) another person shows up yelling, making negative comments, describing themselves very strong.

Trying to start an argument, describing themselves very strong.

Usually when someone feels me getting away from them, they try to pick fights with me until my energy is lower. Harrassing me trying to get at me enough to do something that will bring attention to me. Usually by yelling or pretending like I'm fighting them. People are talking trash very clear, not like mic talk, describing themselves very strong with doing extremely annoying things.

Turning the mic very strong and making lewd comments, describing herself constantly yelling.

Trying to ruin my train of thought, when I'm doing something, people will talk trash, describing themselves doing annoying things, yelling.

Controlling my dreams- dreaming about dumb things. Dreams out in 29 Palms about Snakes all the place. Slivering very slowly everywhere. Seemed to be in a big ball. Dreams about two polar bears chasing me, they were representing the police dept. They were chasing because they wanted to scare me in to not getting white girls. Dream about my brother being an alligator and the mic saying to not trust your brother.

Describing themselves really strong, describing yelling really strong.

Making subtle negative comments, taunting, teasing.

Agitating me by describing things strongly when I relax. Wanting to keep my nerves up.

Decribing extreme fear of everybody wanting to kill you.

Describing things when I'm watching a porno meaning to hurt me for hurting them by monitor.

Agitating me to the point where I want to explode to try and make me tougher. Describing things strongly, starting fights.

Describing things when I'm doing something to agitate me, like cleaning up, cooking, etc. to keep my nerves up to the point that I have to stop and claiming I need to keep my nerves low.

Starting fights to make me tougher claiming I don't know how to let my anger out.

Trying to hypnotize me to make mistakes like pulling out the wrong key when I get to the door, mistakenly gas when I'm trying to brake when I drive, slip in the bathroom, grabbing for the wrong thing when I'm eating like the ketchup instead of my cup, saying wrong things when I'm talking. They do this a lot when I'm playing video games, trying to get me to push the wrong button, taunting and teasing me a lot.

Trying to turn me off when I'm watching porn, describing things, like the people smelling bad, looking like other people, anything, etc. claiming to get me out of porn.

Giving me things to say when I'm talking to people, so I don't say things that might involve other people. Trying to confuse me.

Trying to start fights, constantly describing things when I'm about to relax, claiming to keep my nerves up to harass me.

Sending the mic to people so I have to protect them, breaking up fake fights.

Describing a mark slashing in front of my face to let me know I'm a marked man. Every now and then to mess with me.

Trying to start fights and put things on my mind when the mic goes blank, claiming to keep the monitor going, when it really just keeps my nerves up.

Trying to relax me, like not talking or talking in a relaxed way when I'm doing something or at work, claiming to I need to keep my nerves low.

Sounding like people can hear me doing stuff, when they don't want me to do something. Usually its stuff other people are telling the monitor to listen for.

Describing people like they are really there to stress me out.

Stressing me out when I'm trying to make a decision, by yelling out and stressing things that I'm trying to make a decision about.

Trying to humiliate me at work about things that I'm not sure about.

Trying to get me to laugh and then stressing me out really bad, claiming I'm getting to close to people.

Trying to talk over songs, describing themselves singing, changing the lyrics into negative lyrics, making negative comments, etc.

Believe was LSD and PCP. Having hallucinations: In 29 Palms seeing a guy with a top hat in front of me while driving. Then he starts a pumping motion like Wile E. Coyote, like he was trying chasing something on a loose train cart. Seeing vultures swooping real fast picking at meat on a mountain, while I was driving. Saw the lane lines on fire and the lane poles on fire as well while I was driving. I had to pull off to the side. While I was in a hotel room, While I was receiving a handjob in a bathroom, this woman was hypnotizing me, first she was a master's daughter and we met in the forest. Then she was a slave girl and I was a king and she was brought to me while I was on a throne and then we met in the forest. Then we laid down and she were having sex and was getting my blood pressure up by talking dirty. Then she was said lick me really hot and I just started to lick her all over her

face and breasts. I was almost out of control.

When I was in Maryland , noticed women were looking really attractive through the mic. All the pornos I watched seemed really good. Heard from the mic there was extacy and the sex drug called Top Gun in some of my food. One night while living in d.c. , saw a rat run across the floor, saw different color spots. Went to a strip club and the girl looked really good as well. Saw more colors. When I was at work in VA(Booz, Allen & Hamilton), saw alot of different colors, rainbows, like as if I was in a forest, saw animals. Saw things while was driving that morning. Would see different things a number of times when I was driving, things hanging out of cars and trucks, cars looking weird. Noticed I only saw them when I was tired and hadn't had any sleep. Saw fireworks when I closed my eyes when I went to sleep.

Noticed I could feel I was on Viagra or some sex pill, for almost everyday since sometime around 2002. Still feel something now. Could feel I would be on prozac or some kind of happy pill for long periods of time like for several months and then it would stop.

Thought the protest went well. Weather wasn't the greatest. Kind of nervous with all the cops and undercover cops around. Thought some of them had to be perps. Ate alot of the chips and drank sodas I bought by a great donation from Cynthia. There were lots of tourists that stopped by and took pictures of the White House and us.

Enjoyed talking to other TIs about their situation. Learning alot from other TIs about how to cope and different remedies to use to uplift myself.. Many of the TIs were form NY. We spoke to a freelance writer who took notes and took our pictures. We spoke with other human rights groups that were nearby. Handed out fliers.

To Whom It May Concern:

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is Kevin Burnor. I am a victim of US violations of national and international laws regarding torture under the auspices of "research" apparently condoned by the National Security Department via the US DOD, US VA and the U Cal, US NIH, US DHHS, US FDA and etc. (Please google DOD and non-lethal weapons, particularly directed energy weapons. Also google torture "research" of innocent US citizens via directed energy weapons.)

In 1992 I was a Pastor/Christ Therapist committed to the service of God and community. One of my clients was the wife of a US agent who was allegedly molesting his minor daughter. Shortly after this set of circumstances I was apparently identified as a national security risk and enlisted into a US government "research" program in which I was subjected to direct energy weapons which caused me to have a stroke and incapacitated me even until present.

In May 2004 I was directed by the US VA to have a colonoscopy during which I was implanted against my will with biochips. They were burned to my colon, and injected into the roof of my mouth and my ears while I was conscious. I went to an attorney when this happened and was informed that the University of California was involved in this travesty. I am apparently their cash cow for "research" for the DOD even though this is against all national and international laws. Is this an example of executive orders that are above the law?

I have lost everything, my family, my home, my career, my health, my freedom to be private, and etc. I am guilty of no crime other than to be a pastor which falls into the criteria of "charismatic personality" and is reason enough in modern day "home of the free" America to be subjected to this under the National Security Act. The agent who

was allegedly molesting his child still has full access to harm her with no worry of being stopped and I have had no contact with my children ever since August 1994 when they gave me the stoke and kept me tortured since. The VA has stolen \$5300 from me when I fled from California to Puerto Rico even though I have a fiduciary and my funds are supposed to be in "safekeeping."

When I attempt to advocate for myself I am subjected to phone calls and emails being re-routed. I have been abducted from my house and jailed after being beaten with bats by police at gunpoint for absolutely nothing and charged with terrorist acts and resisting arrest when I tried to breath as they were holding my head under pillows and pepper spraying me. I was jailed for five days and was denied all my medications when at the time I was on 35 pills per day. I was never allowed to return to my house and it was a section 8 rental agreement. My care provider still lives there after stealing my deposits and some of my belongings. I was so incapacitated when this happened I was barely ambulatory. In fact, I was asleep when they broke my door down and attacked me. I bled internally for months and have many witnesses but was blocked from making reports to the proper authorities which is the case every time I am harmed in this manner.

I have been taken to a mental ward by police when I called and reported prowlers who were actually using behind the wall surveillance equipment to hassle me. My VA doctor refused to contact the facility where I was taken and verify I was on medication as per his orders for my medical condition and stimulants were one of the medications which then showed up in my urine sample. During my incarceration, they illegally injected me with haldol against my will and medical condition as depressants are harmful to me. The facility was a 25-bed facility and the census was 65. There was no place to sit or lay down and I was not allowed to sit or lay on the floor. I was forced to stay there for 72 hours as my VA doctor refused to intervene on my behalf.

My VA compensation was hindered and is to this day, and when I complained of crimes and corruption to the DOJ and DOJ/ADA I was implanted as I reported above. After being implanted I was immediately subjected to torture which includes being forced to experience via holographic imaging and voice to skull technology my operatives molesting and raping children. Severe headaches, part of the directed energy "research" as well and being generally incapacitated is a daily experience and is increased in intensity, frequency and duration upon my attempting to advocate for myself and get it stopped.

I have reached out for legal, medical, social and etc. services and my access has been blocked at every turn. I have been defamed on several occasions in order to be denied services and some of these service providers have verified this for me. The VA gave me a fiduciary against my will and without due process of law, supposedly in order to say I am not capable of giving consent to be used in these ways, even though having a fiduciary does not give any right for such actions. In fact, nothing gives anyone, including the US officials under executive orders, to do such things to anyone according to national and international laws regarding torture.

Person involved are: Mike Seitler, Oakland Regional VA IG; Niel E. Nielson, VA Field Agent; Ted Gunderson, Former LA FBI head now ?; Dennis Uldrecht, VA Fiduciary Dept Head; Mike Green, Lisa Green, Mark Mirowski, Sally Riggs, Cindy Bustillos, Matthew ?, Marcus ?, all operatives supposedly embezzling my funds as they are considered to be "helping" me as my "care providers."

I am guilty of no crimes and I am certainly not a danger to national security. Investigations by the above have proven this and yet they continue to harm me under the guise that I am a danger to national security and therefore subject to being used for this "research."

I have informed every related department of the US government and have had my story proven by the governors office in Puerto Rico where I fled for my life, requested amnesty from the US government and had a congressional investigation prove what I am saying to be true with xrays and ctscans. I kept the actual xrays and ctscans which show the implants which is consistent with the ctscan reports but inconsistent with the xray reports. That proves the corruption continued even their. After we proved this I was told they could no longer help me. Since then, Mr Trigo, liaison to VA for Mr Fortuno's Congressional Office has told investigators I did not follow through. I filed claims regarding the above with Mr. Tirado of the Puerto Rico VA office on three occasions and have all the copies and he "lost" them every time. To this day no claims have been filed and he still has no explanation with regard to where they are. I turned to the Washington DC office for assistance and they referred my case to the National VA IG office for investigation and I am still subjected to torture and nothing has been done to file my claims.

I have turned this in to the Department of Justice and got nowhere but implanted illegally. I have made reports to every current US senator at this time. I have informed the DOD I am aware of their program and want this stopped

immediately as it has caused and is causing irreparable damage and according to torture laws that is grounds for immediate action to stop it. I have informed several congresspersons including Mr. Fortuno or Puerto Rico who told me I was in the correct hands with Mr. Trigo who has dug his heels in the ground and says I have not followed through when I told him they were torturing me daily and he refused to intervene and get my three-month later medical appointment moved up to address the issue.

I can go on forever recounting the many travesties of justice this most corrupt and criminal US government conspiracy has committed against me in these past twelve years in order to allow their agent to continue to molest his children at the expense of me and mine.

I am seeking help with regard to this issue. I have requested an investigation with some fifty US government agencies to date and have gotten nowhere. Please assist me with this most grievous situation. My life is in danger and I apparently have nowhere to turn as my protector is my perpetrator.

**11/3/08**

This has been my experience. I visited all these organizations personally and received the same lack of response from each one. You may look to the new laws as regards the Patriot Act and the five year prison sentence for anyone who informs persons they are being investigated by the US as a possible reason why these agencies are silent. However, agencies outside the US should be exempt from US laws. Surely these laws stealing the rights of US citizens are not pervasive throughout all the earth. Perhaps the international agreements each country makes with the US covers this.

I continue to send my story to everyone in hopes of somehow a door may open. Meanwhile, I pray to this end. Thanks for all you are doing to assist with the cause as regards this horrendous problem.

To Whom It May Concern:

For some time now I have noticed that my emails have dropped off greatly. I suspected Yahoo may be withholding them for NSA or whoever but how could I know?

My suspicions were confirmed as correct when a couple days ago I accessed my other email where duplicates were sent, however, I have still never received the ones sent to my Yahoo account as evidenced by my [unclemicrochips@yahoo.com](mailto:unclemicrochips@yahoo.com) listed in to "caption but never received.

I will appreciate you forwarding this email to yahoo and letting them know you are concerned about this and that you are supporting me in getting to the bottom of this.

Thank you for helping me in this way if possible.

Please send your reply to both my yahoo address and my [unclemicrochips@myway.com](mailto:unclemicrochips@myway.com) address as well for obvious reasons. Sincerely, Kevin Burnor Uncle Microchips

**6/5/08**

To Whom It May Concern:

My name is Kevin Burnor and I am a victim of the UN combined nations electronic weapons "experimentation" project in which innocent citizens/victims all over the world are being subjected illegally by their own governments to surveillance, torture, etc. and even death.

When I first became aware of this travesty subsequent to a formal investigation which concluded I was illegally microchipped by the Oakland Regional Veterans Administration and the University of California Stanford 35 days subsequent to a Whistle Blower Report I filed with the US DOJ alleging crimes against humanity under the color of law against the Oakland Regional VA and the Oakland Regional VA IG, I went to Washington DC to confront this problem and indicated agencies. I was summarily dismissed and given the run around wherever I went for assistance.

Since then I left the US and embarked on a mission to inform the world of what is going on and have paid the price continuously by increased torture each time I informed another person, agency, reporter, etc. Lately, this torture has been stepped up to levels barely tolerable again and I am asking for your intervention.

I am guilty of no crimes whatsoever as my black operations case managers can verify. (Contact Niel E. Nielsen or Mike Seitler to confirm this.) However, I have been subjected to stepped up attacks rendering extremely ill and wondering if I will survive this recent attack. My symptoms include severe headache, inability to breath, vomiting and nausea, inability to function more than marginally, increased V2K attacks including threats of death, etc. I have no idea who is friend or foe as regards this program so I have contacted each of you in hopes you will intervene on

my behalf. If my perpetrators fulfil their promises to kill me you will know I am undergoing a black operations attack and can likely attribute my demise to these individuals handling my individual case.

**Nazi Germany was the last time we saw such heinous crimes committed against totally innocent people. Operation Paper Clip apparently served greater purposes than to disarm the "enemies" of the world, or so it seems.** Please take the time to contact those you know can intervene if possible and request or demand they stop. I have been subjected to untold losses and torture for more than a decade and a half now in the "Land of Liberty" by those who are waging wars against other countries in the name of Liberty. What is wrong with this picture?

**Illegal Microchipping of Former CA Constituent Is Upset With You**

Dear Diane Feinstein:

I cannot tell you how difficult it has been to be me since 1994 when the US Government decided to use me for illegal human research via their directed energy weapons. As I am sure you know, I lost everything, everything!!!!!! My health, my family, my home, my career and etc. all because my government is fear based and criminal as it turns out. All of this was prior to the change of laws which now makes it easier to escape litigation due to these crimes which, as you know, are being committed against US and world citizens all over the world with this government Nazi torture campaign of which I informed you many times.

However, I had no idea your husband and you were actually part of all this. That does explain why Mike Seitler, Inspector General of the Oakland Regional Veterans Administration sarcastically dared me to contact you and tell you what was going on when I vehemently protested. He knew you were involved.

Be advised, I realize you believe you are well protected from litigation as regards this matter, however, we will see. I am taking this to the public no matter how many of your partners in these crimes have the media blocked.

You have severely violated a public trust and many, many laws, and all for the dollar.

Be advised, I'm telling the world what you have been up to and this email is just the beginning of my doing so.

And be advised, I am only going through legal channels, just in case you decide to pull anymore fast ones.

I highly recommend you make this right. You may think this case is all wrapped up neatly, but you are gravely mistaken. Were you aware of how many human rights violations Niel E. Nielsen committed under the cover of law while he believed he was protected by national security interests. I believe we both know you and your cronies have made some significant errors at the expense of me and my family.

We will all answer to a higher power when this is said and done. I would rather be me than you or your husband or any of these criminals hiding under the color of law when we stand before Almighty God on this one.

I expect to hear from you regarding this. I suspected you were complicit but I had no idea you were outrightly guilty. I hope it was worth the money.

Sincerely,

Kevin Burnor - Uncle Microchips

Kevin Burner has allowed me to forward his report about his persecution to you. Besides of the fact, that it reveals the incredible cruelty of these beasts, it contains valuable information about various structures of American domestic and foreign politics. Especially the answer from Venezuelan secret service seems to be very interesting to me: Although the government of Hugo Chavez was opposed to the former US government, the officers told Kevin, that they have an international agreement with the United States which prevents them from helping victims of their persecution. This corresponds also with the experiences of other victims, who are tortured and persecuted with electronic weapons. Which agreements may that be, which oblige all Intelligence services of the world to cooperate in this crime?

Herzliche Grüße, Kind regards, Ruth

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**11/16/2015**

I have been the victim of electronic harassment for some time now. The crimes committed against me include, but are not limited to; First Amendment and Fourth Amendment rights violations (Freedom of Speech and Privacy), electronic assault, electronic/cyber sexual harassment, cyber stalking, cyber/electronic harassment, gangstalking, workplace mobbing, and my animal has suffered animal abuse do to their actions. I will discuss how each of these crimes have been committed against me, what kind of equipment they are using, who is doing it, and how to prove it.

The people involved in this include but are not limited to; Travis Ackerman and his mother Ruth, Boyce Ackerman, Bethany Mohler, former Saint Joseph Police Officer Hudelson, Lauren Drake, Shawn Larison, Jacob Bennet, Clint Willman, Jen (816) 294-1595, Stacey (816) 646-1294, Deborah Mohler, Damian Graves, Boyce Ackermans daughter Monica, and many more whose last names I am unaware of. Also the tenants and cosigners of the apartment beside mine (115) and directly above mine (219) at City View Lofts, located at 201 South 10th Street, Saint Joseph, MO. 64501.

The illegal electronic surveillance of me began about three years and three months ago. Bethany Mohler and Travis Ackerman put spyware on my phone, and gave many of the people I went to school with access to it. They showed people videos of me masturbating to porn I had on my phone. Kevin Holst and David Torrance who both attended the Aviation Institute of Maintenance in Kansas City, MO. with Bethany Mohler and I know about it, and the fact that the illegal surveillance continues to this day. They showed the videos to their family and friends, and even the people I worked with and went to Family Guidance Treatment with. I worked at BMS, located at 100 NW Airport Road, Saint Joseph, MO. 64503, (816) 232-2060 from the dates of September 10th until November 8th of 2014. Everyone there saw the videos or knew about my harassment and helped to enable it, or at least be complicit in it. Leslie Green the workforce manager knew about it, as well as Dan Dilley, and everyone else. When I attended Family Guidance located at 901 Felix in Saint Joseph, MO. 64501, (816) 364-1862 from the dates of February 7th until December 7th of 2014, many people were shown the videos, sometime in July or August of the same year. People who I know saw the videos include Lauren Drake, Clint Willman, Brandi Brown, Tyler Rake, and many more. I included a letter about one of my counselors "Larry Johnson" having been confessed to about this by both Bethany Mohler and Travis Ackerman.

I have been the victim of (RNM) remote neural monitoring and voice to skull technology/harassment. The underlining technology of this system takes under consideration that the electrical activity in the speech center of the brain, can be translated into the subjects verbal. It can also perform electrical mapping of the cerebrums activity from the visual center, which is achieved by avoiding the eyes and optic nerves, consequently projecting imageries from my mind onto a video display. With this video and audio memory, both can be visualized and analyzed. Like a fingerprint, each person has their own brain print.

The machinery involved can, remotely and non-invasively, detect information by digitally decoding the evoked potentials in 30-50 Hz, 5mW electromagnetic emissions from the cerebrum. Evoked potentials are called the spikes and patterns created by the nerves, as they produce a shifting electrical pattern with an ever-changing

magnetic instability, which then puts on a constant amount of electromagnetic waves. The important part about this is that it is all carried out without any physical contact with the subject. (I will speak later about how the gangstalking enabled this to be done using smart phones) The capability of remote (EEG) electroencephalography by electromagnetic scattering theory using ultrashort pulses is used, (cell phones), and transmitted using internet clouds to download the data and upload it back to a home base, or possibly with RF frequencies. Ultrashort pulses are currently defined in the range of 10-12 to 10-15 seconds. Considering that EEG word elicited potentials are comparatively long (hundredths of milliseconds), indicates that the remote radar EEG capture is adequate to word recognition, with ultrashort pulses allowing some 109 or more radar reflections in a millisecond. With its speech, auditory, and visual communication arrays, (RNM) remote neural monitoring allows for a comprehensive audio-visual mind to computer association. Furthermore, RNM can detect audio via microwaves, wireless sound transmission to human beings, and can be accomplished using ultrasound (UHF induction), also. This is often referred to as voice to skull or "V2K".

They are using a social media application incorporated into their software that allows it to be compatible with all smartphones, possibly via an app, which enables, and is aided by the gangstalking and workplace mobbing taking place. Specific statutes that are in the state of Missouri pertaining to this are; MO.Rev.Stat 565.225 (crime of stalking) and MO.Rev.Stat 565.090 (harassment), these statutes do not specify "electronic" or "internet", but refers to "telephoning, contacting, or otherwise communicating" or by any action, method, device or means.

I need to point out a UHF induction device has been used to assault me from apartments 115 and 219, in City View Lofts, Saint Joseph, MO.. In apartment 115 they used the high pitch buzzing of my refrigerator to aim a high frequency sound at my ear and eye, causing sleep deprivation, headaches, and extreme eye pain. I determined this do to the fact that when I flipped the breaker to the refrigerator, it stopped. From apartment 219 directly above mine, they used some other high frequency sound located within their apartment that I am unaware of. This is an example of me being electronically assaulted with their technology.

Many people know about my harassment and are aiding and abetting in it, or being complicit. I know there is a website as well, broadcasting the information gained by their remote neural monitoring (RNM) including; audio/visual cortex neural activity and sub vocal imitation. This website has a message board and possibly face chat, which is why I consider the greater group of people involved to be both aiding and abetting, and/or complicit. I believe a website containing archival audio/video from the last three years of illegal surveillance has been used to further their agenda. It helped in getting a large number of people involved, by painting me in a false light, after entrapping me using psychic driving and making illegal recordings of the reactions they provoke.

I have a list of license plates of people who I know to be involved for a variety of reasons, as well as a list of computer numbers with times and dates at the Downtown Saint Joseph Library, along with physical descriptions. This information is available to anyone who is interested in it, just ask. Here is a list of times and dates you can see people entering apartments 115 and 219 located in City View Lofts with the hallway cameras. Apartment 219 has Travis Ackerman entering it at 4:55 A.M. on November 3rd of 2015, Travis Ackerman entering it past 5:00 P.M. on October 16th of 2015, Travis Ackerman entering it between 4:30-6:30 P.M. on November 1st of 2015, and people entering it in numbers on November 31st of 2015. Boyce Ackerman leaving apartment 219 and entering apartment 115 in the late P.M. of November 2nd or early A.M. of November 3rd in 2015. Lauren Drake, Travis Ackerman, and Bethany Mohler can be seen entering apartment 219 on November 10th of 2015 between 5:00-10:00 P.M. Travis Ackerman entering apartment 219 in the middle of the day on Saturday, November 14th of 2015.

Former Saint Joseph Police Officer Hudelson, whom I used to refer to as 9CS 925, do to his black Ford F-150 he owned from the dates of August 1st of 2013 to August 1st of 2014, can be seen entering apartment 219 a multitude of times over the past six months. I believe him now to be the son of a lady who gave birth to Boyce Ackermans daughter. Travis Ackermans mother Ruth can be seen entering this apartment on multiple occasions. Many people have participated in my harassment in various ways, including; Shawn Larison, Jacob Bennet, Clint Willman, Jen (816) 294-1595, Stacey (816) 646-1294, Deborah Mohler, Damian Graves, and more whose last names I am unaware of. I ascertained this knowledge by the UHF induction device they are communicating to me with, via voice to skull technology.

My following email accounts have been hacked using remote neural technology (RNM); [justinbusby23@hotmail.com](mailto:justinbusby23@hotmail.com), [justinbusby2367@gmail.com](mailto:justinbusby2367@gmail.com), [justinbusby1260860@gmail.com](mailto:justinbusby1260860@gmail.com), as well as my Facebook account opened under [justinbusby23@hotmail.com](mailto:justinbusby23@hotmail.com). This is a direct violation of both my First Amendment right to "Freedom of Speech" and my Fourth Amendment right to "Privacy". My personal information has certainly been compromised and possibly used for identity theft in some shape form or fashion.

Shannon Marsh leased apartments 115 and 219 to its tenants, postdating my arrival in apartment 116, here at City View Lofts. I believe she leased them these apartments with the knowledge that they were intending to operate this illegal surveillance of me, or at the least because they specifically requested the one above mine and beside mine. I am certain the maintenance man, bug men and women, as well as many of the tenants know about this intrusive surveillance. Shannon Marsh can be reached at (816) 232-7368 or the apartment leasing agency at email: [cvleasing@worchester-properties.com](mailto:cvleasing@worchester-properties.com).

The lady I tried to get a job from at Labor Max located at 1105 South Belt Highway Suite C, Saint Joseph, MO. 64507 has knowledge about the remote neural monitoring device, as well as the voice to skull form of communication. Her name is Michelle and the phone number at her Labor Max office is (816) 749-4562, with an email address of [stjoseph@labormaxstaffing.com](mailto:stjoseph@labormaxstaffing.com).

I have spoken to the police here in Saint Joseph about this a few times and twice in person recently. I spoke to Officer Kniff and a female Officer in her 50's about the harassment of me from apartment 219 on Tuesday, August 18th of 2015. I spoke to Officer Babb and two other Officers on October 19th of 2015. Officer Babb went up to apartment 219 and knocked several times, but nobody answered. If you check the hallway cameras, you will see former Officer Hudelson entering the apartment, but not leaving it, as well as a woman before they knocked. They did not want to open the door I presume, because they were both high on crystal meth, as well as trying to hide the surveillance equipment.

I have enclosed a previous letter I sent out about a year and a half ago that states how all this came about, and why it is happening. I included a one page letter about a conversation Travis Ackerman and Bethany Mohler had with Larry Johnson over a year ago, admitting to him that majority of my original letter was true. Larry Johnson works at Family Guidance here in Saint Joseph, Missouri and I included an additional letter to this one that has his contact information on it, as well as a little background information on how that conversation came about.

Most of the people have military experience, I believe that they gained the knowledge of how to use this equipment, and possibly the equipment itself from their military careers. A gentleman named Michael who drives a grey Chevrolet Sonic with Missouri plates HL9 KOK can be seen going in and out of apartment 219 on many occasions. He has a relative who was involved in the military as well. A hunter green Jeep Wrangler with Missouri plates of HUDDIE, whom I presume to be related to former Officer Hudelson, was also in the military do to his plate reading "Operation Enduring Freedom". It is my belief that all of these people were not only brought together by family bonds, but also an association of some type related to military service.

The surveillance equipment must be visible to the exterminators entering the apartment, as well as the fact they all communicate with me using Voice to Skull technology accompanied with the fact that I know who all is in the apartment, without actually being seen on the hallway cameras should go to show that this is really happening. The people involved in putting all this together are almost all in my original letter and certainly operating the equipment, they are but not limited to; the lady who lives in apartment 115, the tenants and visitors of apartment 219, Boyce Ackerman (military), Travis Ackerman (military) and his mother Ruth, former Saint Joseph Police Officer Hudelson, Bethany Mohler (military), and Boyce Ackermans daughter whom I believe to be named Monica, Officer McClintik (military), Darren Arnett (military), Lauren Drakes father (military). I determined all this by the voice to skull communication to me, as well as previous dealings I had with many of these people, which I thoroughly explained in my previous older letter I enclosed in this package. Many of these people are related through blood of marriage with the exception of Lauren Drake and possibly Bethany Mohler.

My name is Robert Butner Jr. and my web site report testimony is [www.rob-profile.com](http://www.rob-profile.com)

Currently I have a formal United States Congress investigation into my case (one will help all) by U.S. Congressman Gary G. Miller. The investigation is through the U.S. Department of Justice and Department of Homeland Securities.

**20/3/08**

For a very typical U.S. Government case that was formally submitted to Homeland Securities and the FBI, go to [www.rob-profile.com](http://www.rob-profile.com).

This is my case - My name is Bob Butner and this submission was done by U.S. Congressman Gary G. Miller. There have been a lot of statistics and general reaction but it is true, The U.S. Agencies seem to hide these situations. VERY ALARMING!

Thank you very much for your continued supporting mails which assists most targeted people so much. The 'bazaar and unconventional to explain' abuses are part of the sick encryption's of these designs which lingers the proper conventional explanations and channels for assistance.

However, the massive publications from us are accomplishing a lot.

Best Regards to everybody and keep up the great work.

The Truman Show analogy is interesting. I can see where victims would be comparing the "Audience Surveillance Effect" to what nightmare they are going through, especially in unawareness of what is happening to them. In other words, during the imitation of this sick garbage on me and my wife, we were completely unaware of exactly what was going on. Within a short period of time, we realized an extreme feeling of the "Audience Surveillance Effect" (which is an actual part of the dilemma set-up by the perpetrators).

If a victim makes it through this period of time, without spiraling out of control, we are deemed survivors – or more accurately – IN AWARENESS.

I would be interested to hear from victims, two things: #1 AFTER awareness, what did they experience differently than before awareness? Any added audible or visual disturbance, etc. #2 what (persons, places and things) were around the victims shortly before, during and after the initiation?

The Truman Show is a very interesting scenario that is identified with victims but this additional identification is important also.

Thanks very much for all of your correspondence and help.

THE CONFIRMING LETTER SIGNED BY CONGRESSMAN GARY G. MILLER WAS RECEIVED TODAY.

DIRECTIONS PER THE HYPERLINK AND INFORMATION PER THIS REPORT ARE EXPLICIT. THIS IS WHAT I HAVE BEEN WORKING FOR ON BEHALF OF ALL.

I HAVE RECEIVED MANY MESSAGES BY MANY PROCEDURES THAT INDICATE THE DIRECTIVES ARE EXPLICIT AND SUCCESSFUL.

IN ADDITION TO HOMELAND SECURITIES AND THE FBI, THE CENTRAL INTELLIGENCE AGENCY HAS BEEN IN CONTACT WITH THIS REPORT.

ON BEHALF OF MY FAMILY, OTHER VICTIMS AND THE PEOPLE IN GENERAL, I WILL AWAIT APPROPRIATE PROCEDURES AND PRAY THAT THEY ARE HONEST AND OPEN, REGARDLESS OF THE STANDARD PAST COVERT REACTIONS.

QUOTE FROM John C. Danforth: "It is important for all of us in Congress, the media and the public to acknowledge our own responsibilities for the lack of openness we lament in government. When public officials fear that the disclosure of their mistakes would lead to personal humiliation and professional ruin, it is understandable if they prefer concealment to candor."

WE CAN NO LONGER AFFORD INAPPROPRIATE AVOIDANCE OF THESE CONFIRMED ISSUES. OUR SURVIVAL DEPENDS ON PROPER REPRESENTATION FROM THOSE WHOM WE ARE PAYING TAXES.

Mr. Butner,

At your request I have initiated an inquiry into your concerns with regard to electronic surveillance. I have contacted both the Department of Homeland Security and the FBI. It will take sometime to receive a reply back from these agencies. You should be receiving a letter in the mail stating that I have initiated an inquiry

All the best,

Steve

**June, 2006**

**All Members of U. S. Senate - All Members of U. S. House of Representatives**

Dear Senator/Congressman,

Last Fall, our group faxed a letter to almost every member of Congress describing an insidious situation involving the secret use of “non-lethal” weapons and organized stalking.

At that time, we were at a loss to explain why we were being targeted in such a manner. Why would someone or organization use so much man-power and resources of money and cutting-edge technology to disrupt the lives of ordinary citizens?

One answer that we have been forced to consider stems primarily from our own personal experiences. We hope that you, as one of this nation’s lawmakers, have access to or may already possess information which can verify our suspicions. It is with a heavy heart that we write to you. No one wants to describe being subjected to appalling experiences, but we feel that we must because it has ominous implications beyond just our suffering. If what we think is true, there are individuals in positions of power to whom the principles of democracy mean nothing, whose fundamental goal is more power and control over people, and who hold nothing sacred.

Like anybody else, we want to believe that we live in a free and open society. We want to believe that we can exercise our rights to pursue our dreams, and that as long as we abide by the law, we are protected and have little to fear. Unfortunately, what we are experiencing suggests that the reality by which most people live is only a façade, and that there are dark machinations at work we know nothing about but which is slowly creeping outwards, making its power felt. We fear for what is to come – that every person, in one way or another, will be hurt by this insidiousness.

We hope that you will read the following material carefully and determine for yourself if our theory has any merit. We hope that despite the lack of hard evidence, you will at least entertain its possibility, so that should an opportunity arise where you can make a difference in counteracting its effects, you will choose to do so. For if we choose to not act on what we know to be wrong, then we will surely have allowed evil such as this to deceive us into believing such untruth as, “the end justifies the means.”

### **Section I: Our Experience and Observation**

Our previous letter (which we can re-fax should you request it) described two categories that illustrate the way in which we are being harassed. The first category described symptoms or effects which we believe are the result of having “less-than-lethal” or directed-energy (electromagnetic and acoustic) weapons being used against us. The second category described our being victims of stalking by strangers who work in groups to achieve their ends, one of which is to keep close surveillance on our whereabouts.

We used the term “targeted individuals” (TIs) to refer to people like ourselves who are being intentionally harassed in this way. We will refer to those perpetrating these crimes as “perpetrators.”

We write to you again as a group of ordinary citizens who were fortunate enough to find and share our experiences with each other. We agree that what we are experiencing is none other than torture, because of its relentless nature and because it attempts and often succeeds in disturbing our peace in so many different ways.

Before we became aware of being targeted in this way, we led an ordinary life, working to realize our goals and dreams, believing that as long as we acted as responsible citizens, we would be free to take advantage of all that our democratic society offers. Unfortunately, this perception of reality is one which is becoming more and more difficult for us to accept.

When we look back on how our predicament started, some describe a situation where intense emotional stress was felt due to traumatizing events occurring in important personal or business relationships. Others describe a gradual awareness of odd and perplexing events, which became a daily occurrence.

In all instances, there is a crescendo of physically and psychologically painful incidences that forces us to reach the conclusion, however unwelcome, that this cannot be occurring purely by chance, and that for some inexplicable reason, we are being intentionally targeted. For instance, one targeted individual recounts being sleep deprived because of walls and furniture near him vibrating whenever he retired for the night, and that this vibration “followed” him around the house during the day. It is this kind of event, along with many others, pointedly directed at the TI that compels him to conclude, however improbable, that it is a deliberate act.

When a person is in a stressful situation and which is a daily occurrence, he cannot help but ask why he is in such a situation. Through networking with others and researching the available literature, we are forming an answer which, if true, could hold dire consequences for and adversely affect all peoples.

What we are fairly certain of is that we are non-consensual subjects in involuntary human experiments, possibly conducted by contractors hired by U.S. government agencies, operating under ultra secrecy and funded by a “black” budget.

These experiments involve using the latest advances in weapons technology, notably those in the “less-than-lethal” or directed-energy weapons area, to cause physical pain in as many ways as is possible. In addition, psychological methods are used to inflict emotional pain.

What we have discovered is that no one person is targeted in exactly the same way as another person. After the initial crescendo of induced pain (which is a deliberate component of this torture process to force the targeted individual to arrive at the conclusion that he is being intentionally targeted,) most TIs torture decreases to a level that is just below the point of acting on suicidal or other violent thoughts but where fear and anxiety are encouraged. This leveling-out state consists of different mix of harassment tactics for each TI. Some TIs experience more physical pain than others. Some report being stalked as the primary form of harassment. Others experience subtle sabotage of personal belongings and other psychologically-damaging tricks. Below is a comprehensive listing of ways in which we are being tortured, with a short description of each.

Many of you will be unprepared or unwilling to read what follows. The comprehensiveness of these offensive and loathsome tactics is such that no decent person would willingly want to contemplate such evil. We also know that by giving you such a detailed description, we run the risk of being seen as paranoid and delusional. Nevertheless, we feel that we would rather be judged as mentally unbalanced than keep silent for fear of what this judgment may bring.

We believe that there is still hope – that there are those of you who will be open to what we have to say, that someone with knowledge about this evil will take action to oppose it, and that democratic principles for the protection of the weak, the oppressed, and the disenfranchised are still alive and well.

#### **List of harassment/torture methods:**

1. Sleep disturbance/deprivation: A focal component of the harassment, its effects are mental and physical fatigue, lack of mindfulness and concentration, physical clumsiness and decreased productivity.
2. Physical pain or effects: There seems to be an unlimited number of ways in which targeted individuals are made to feel pain. A partial list includes headaches/migraines, stomach cramps and nausea, burning sensation on skin, sensation of being hit on the head or concussed, chest pain akin to heart attacks, choking sensation, sneezing fits, jaw ache, and joint pain similar to tendonitis or arthritis. We believe that the perpetrators are able to create some of these effects through direct brain stimulation.
3. Sexual targeting: Both men and women have reported what they believe to be artificially induced sexual arousal. There is also a vibrating sensation that is felt in the genital area which, when intensified, could feel as if the penis or the clitoris has been electrically shocked. There are reports of sharp or burning sensation on the anus. Some female TIs have reported hemorrhaging in the cervical cavity from an energy directed at their abdomen. Also, we strongly suspect their having the ability to tamper with a woman’s menstrual cycle.
4. Voice-to-skull (V2K): Many targeted individuals report hearing voices in their head which they believe are those of the perpetrators. These voices will provide commentary on what the TI is doing throughout the day and often dispense derogatory remarks.

Of note is that at some point in the beginning of this ordeal, TIs noticed a sudden loudness of their thoughts whether or not they have V2K, as if someone had turned up the volume inside their heads. This was accompanied by a noticeable increase in “self-talk” or verbal articulation of thoughts inside one’s head, and a state of mind that led away from visual imagery, reflection and contemplation.

5. Being stalked by strangers (e.g., organized stalking, community vigilantism, group stalking, gang-stalking,) Stalking occurs in the traditional sense where the targeted individual feels his movements or whereabouts are being monitored. Thus, the TI notices being followed wherever he or she goes. If taking a walk in the neighborhood, for instance, there will be a noticeable increase in foot and/or motor traffic. If a TI goes for a hike in a seldom-attended park during a weekday, a group or groups of people will inevitably happen on the scene. Bright lights directed at a TI is common and sometimes, antagonistic behaviors from strangers.

Other aspects of stalking include being followed while driving and subjected to risky driving behaviors such as being cut-off suddenly or tailgated. One common practice is to surround a TI’s car on the road in an attempt to control his speed, usually at a speed that is lower than the speed limit.

Crowding is a form of stalking that can occur in any closed setting as in an exercise class where strangers will crowd a TI unnecessarily, positioning themselves close to the TI and repeatedly walking close by her on one pretext or another.

6. Vandalism: Subtle acts of vandalism on his property or possessions are committed. The TI will notice stains on carpets or walls, chips on dishes or pottery, and scrapes on wood surfaces. Inflicting damage on personal possessions seem akin to attacks on the psychological person of the TI. Other acts of vandalism involve appliances not working right, adversely affecting TIs lawns and gardens, garbage or pet waste being strewn on the TI’s yard, having to spend hundreds of dollars periodically to fix damaged cars, and pets getting sick or dying of unknown causes.

7. Sabotaging means of communication: TIs may notice a lot of static or other noise on the phone line as well as intermittent silences that make holding a conversation difficult. In addition, the connection to the Internet may be impeded for days or the computer will break down suddenly and need a part replaced or the computer replaced altogether. Emails never arrive at their destination, creating misunderstandings.

8. Sabotaging personal relationships: Many victims have experienced damage to personal relationships which previously were a source of love and support. TI’s relationships with his parents and siblings are strained or severed, and divorce is not uncommon for a TI whose spouse is not overtly targeted. Relationships with grown children are taxed. For example, a TI who has not disclosed to her family (i.e., parents and siblings) about being targeted may nevertheless repeatedly experience perplexing and hurtful situations that arise from family members behaving negatively towards the TI.

9. Workplace sabotage: Many TIs have lost well-paying positions and are forced to work in menial jobs with huge decreases in pay. In either situation, but especially in the former, work sabotage can occur where a TI’s reputation is increasingly under attack for no apparent reason, the TI is bullied daily by a group of co-workers, or the work he produces is sabotaged in some way.

10. Memory of strangers in the house: Some targeted individuals remember becoming conscious in the middle of the night to witness strangers in the bedroom performing bizarre acts, such as shoving a small object into the TI’s nasal cavity. A TI may recall snippets of memory such as standing next to his bed in the middle of the night and being aware of a stranger observing him. These memories are similar to alien abduction stories except that in our case, it is other people, not aliens, who are treating us as if we are nothing more than guinea pigs.

11. Possibility of medicines or chemicals such as psychotropic drugs, steroids or dioxin (PCBs) being added to TIs foods: A TI may notice that he is feeling physically and psychologically “not himself” after eating a certain food – he may feel unusually hyper, aggressive or irritable. Physical symptoms may include headaches, accelerated heartbeat or chloracne. Some TIs suspect being drugged with anti-depressants to keep suicidal thoughts at bay.

12. Directly affecting a TI’s brain with acoustic or microwave weapon: Severs synaptic connections, promotes forgetfulness, lowers IQ.

13. Other odd occurrences:

One type involves unexpected “behavior” from electronics in the house. For example, the TV turning off or switching to another channel by itself. This may be a demonstration of a weapon that is able to control electronic devices via radio waves from a distance.

Another type involves food behaving in odd ways when cooked. For example, soup can suddenly come to a boil to an extreme degree so that half of the soup boils over the rim of the pot. Another example is when foods erupt or burst in the oven or the microwave, such as cake batter bursting when being baked. This may be a demonstration of a weapon that can rapidly heat up objects from a distance.

Other incidences involve bizarre but true events such as a car turning completely over upside down while the driver is trying to parallel park. This may indicate a weapon that is able to “grab” physical objects and move them, similar to the idea of a “tractor beam” in some science-fiction stories.

Despite the hateful nature of this torture, many of us strive to act responsibly – by holding a job to support ourselves although it is difficult under the circumstances, raising our children to be compassionate toward others, nurturing relationships that sustain us, trying to be patient and not acting on the frustration and the anger that we feel daily, and by doing what else we can to counteract the powerlessness we feel in our situation.

The next section explains further what we are coming to believe is the purpose of this torture. Some of you may have already concluded, without considering any other alternative explanations, that what all this is describing is nothing more than mental illness, and perhaps you will have done so by emphasizing some particulars we have described that fit this explanation while minimizing or discounting others that do not.

We implore you to read on, whether or not you have already made your judgment, so that you can at least base your final assessment of the situation after reading the complete information that is provided.

## **Section II: An Explanation for Our Torture**

All throughout this experience which tortuously continues, the overriding question each one of us had was “WHY?” Why would anybody want to do something like this to other human beings? We had come across, in the course of researching any information that could shed light on our predicament, the subject of mind control.

Most of us initially discounted mind control as a reason for why we were harassed. As rational individuals, it seemed rather far-fetched and to belong in the realm of science-fiction, conspiracy theories, and the like. Quite simply, our experience did not at first strike us in any way as related to being mind-controlled. We were only concerned with how to minimize the physical pain we were suffering from; to get enough sleep to get through the next day; or being deeply anguished about an important relationship gone astray; or trying to understand how our furniture and other possessions could incur so much damage; or why strangers seemed intent on ruining our peace; or trying to juggle a number of these problems at once and stay afloat physically and emotionally, all the time being more and more suspicious that this was being done intentionally.

Then, we “settled down” into a routine of physical and emotional discomforts after reluctantly reaching the conclusion that our suffering is being intentionally perpetrated by unknown persons and realizing that there was nothing we could do about it. When we shared our stories with other individuals in similar situations, and read literature pertaining to our predicament including stories of prisoner abuse at Abu Grabe, the grim possibility of serving as involuntary experimental subjects, especially in the field of mind control, became less implausible.

One observation we noted which supported this idea was the way in which we were being harassed: There was an almost systematic attempt by the perpetrators to test every way in which a human being can be disturbed or agitated. In addition to the harassment tactics already listed, we were also being affected on all levels of perception, of vision, touch, hearing, smell and taste. Here are a few examples from each category:

Vision: Eye aches and blurriness in vision that comes and goes, whether or not the TI wears glasses. One TI has observed her right eye being “dragged” to the outer edge of her eye.

Touch: Severe skin itch that is similar to an allergic reaction to poison ivy. Sensations on the skin that can be prickish like small bug bites or sharp pains as if pierced by a needle.

Hearing: Apart from V2K, virtually all TIs report hearing some kind of noise inside one or both ears. Many hear a shooshing or buzzing noise that is believed to be related to microwave induction hearing. Others hear an electronic tone that can have a Morse code-like pattern and which at times is synchronized with breathing or

physical movements.

Smell: Some TIs experience smelling an unpleasant odor that other people around them do not detect. Others detect an unpleasant odor on themselves despite impeccable hygiene which offends people around them.

Taste: A particular dish that tasted good in the past may no longer taste good despite being told that it has not changed.

Sense of balance: Another notable symptom is reports of being temporarily debilitated by vertigo or the sensation of being unbalanced, as if from an inner ear infection.

We do not know how most of these effects are created but we have surmised, from perusing the literature on brain research and behavior modification, and from our personal experience, that our brains are somehow being directly stimulated to produce many of these effects. (Please refer to the list of articles on the last page.)

It is not uncommon for targeted individuals to have moles or other bumps or growths on the skin that suddenly appear one day. TIs have noticed these on various parts of the body including the back of the neck and on the roof of the mouth. We believe that these could be an indication of tiny electronic devices that have been implanted which are used to facilitate the transfer of information to and from our brain and the perpetrators' monitoring equipment.

If, as we believe, this is all part of involuntary human experimentation, the scope of the research is massive. Furthermore, the perpetrators' conduct encompasses not only what is ethically disallowed under the rules governing human experimentation, but that which completely violates basic human rights.

These perpetrators, who we believe are trained in behavioral sciences such as psychology, psychiatry and sociology, want to observe the effect of a particular stimulus (i.e., from a non-lethal weapon or from direct brain stimulation) and to determine the difference in response among individuals. But because of the ultra secrecy under which they are allowed to operate, there is no line they will not cross and there is nothing that prevents them from testing all that can be imagined. Thus, targeted individuals have reported everything from a sudden loss of muscle control of the hand which causes the TI to drop whatever he is carrying, to having their jaw clamp shut suddenly so that the tongue is inadvertently bitten, to an electrical jolt to the clitoris or penis.

There appears to be no persons who are spared. In our group, there are individuals from all socio-economic strata, education level, ethnic background, age and political affiliation. TIs have observed their own small children being targeted. The perpetrators conducting these experiments seem not to have a conscience, although they must know that what they are doing is wrong.

We believe that we are just one group of involuntary experimental subjects and that there are many more people who are as yet unaware of serving as human guinea pigs. Since we are aware of our predicament, we cannot but be attentive when people tell us stories of perplexing physical ailments or strange happenings. For example, a TI's friend may describe unexpected behaviors from electronic devices such as the radio or the television turning on or off by itself. Or he may hear from an otherwise healthy sister who is suffering from dizzy spells for no apparent reason. Or a church acquaintance may relate a story about her elderly father who had a sudden onset of sneezing fits for which the doctor could find no explanation.

In many of these instances, it appears that the perpetrators want to gauge the response to a new effect that a person has never experienced before. So a TI may feel an inexplicable burning sensation on his skin that comes and goes for a few days, never to return.

However, we believe that these experimenters want to do more than just observe and record the response of an individual undergoing a stressful experience due to a new effect being tested. There appears to be, at least in a segment of the TI population, a systematic, albeit despicable, methodology that is being used to bring about a specific psychological state.

Going down the list of ways we are tortured, the following specific physical and psychological states are evoked:

1. Sleep disturbance/deprivation: Feel mentally and physically sluggish.
2. Physical pain: Feel powerless, discouraged and distracted.
3. Sexual targeting: Akin to being raped which evokes feelings of shame and humiliation.
4. Voice-to-skull (V2K): Another way to distract TIs and make them feel violated, as well as to manipulate their

mood in a more direct way, through verbal input/feedback.

5. Being stalked: Elicits fear, anxiety, paranoia and anger.

6. Vandalism: Confusion (when and how did that happen?), damaging TIs personal belongings as another way to inflict psychological damage.

7. Communication sabotage: Deepens sense of isolation and frustration,.

8. Personal relationship sabotage: Evokes anguish, feeling abandoned and being utterly alone.

9. Workplace sabotage: Encourage the false belief that one is “a loser,” an outcast, a failure.

What we begin to see when we become aware of the specific psychological responses to the above tactics is that they serve to destabilize a person by upsetting any previously established psychological equilibrium. They do this by,

Increasing a person’s physical stress when they cause pain or sleep deprivation.

Increasing psychological stress using tactics such as stalking and vandalism which evoke anxiety, anger, powerlessness, and the like.

Weakening any previously held positive self-image and fostering a negative one.

Violating all physical and psychological boundaries and intentionally disregarding any right to privacy, to foster the feeling of being uncentered.

What would be the purpose of destabilizing a person psychologically? It appears that what the perpetrators are trying to do is to create a “depatterned” mental state. Depatterning a person is to disassemble his usual way of thinking and perceiving his environment.

An extreme method of depatterning uses a combination of complete sensory deprivation (such as being kept in total darkness for an extended period) and/or overload (being exposed to intense heat and cold in alternating cycles) plus physical stress (electric shock, sleep deprivation, etc.) to “break” the person and to induce a state of total incapacitation, physically and mentally. This process, in effect, causes the individual to suffer an extreme psychosis. The purpose of inducing this state is to make the person a “blank slate” from which point his personality can be “built-up” again. This is the technique that was purportedly tested by intelligence agencies to brain-wash those considered expendable, such as suspected double agents.

In our situation, the perpetrators are using a less extreme methodology, although still in the realm of torture, to create a mental state that is sufficiently depatterned and which is amenable to control by an external source. Their intention is to generate enough psychological turmoil to influence a person’s conscious decision-making process and to make their manipulations unnoticeable. We believe that they tailor the depatterning method to fit each specific TI, to find the optimal combination of tactics at levels of intensity which “works” for that individual. That is why no one TI’s pattern of torture is the same as another’s.

All persons strive to reach and maintain a state of physical and psychological equilibrium. If peace, love, reflection, hope and self-acceptance can be described as stable and organizing forces, then distraction, fear, confusion, anger, shame and alienation would be unstable and disorganizing. These disorganizing and destabilizing forces are the very ones that the experimenters are attempting to produce in a targeted individual.

A person whose physical and psychological stress is at a high level and thus suffering from these destabilizing internal states are more likely to do the following:

Be prone to hasty decision-making behavior and less able to solve problems calmly and rationally.

Develop a mental state that withdraws from contemplation, reflection and self-awareness to one that is preoccupied, distracted and forgetful.

Be more easily swayed by other peoples’ viewpoints and less able to focus on one’s own.

Fall victim to faulty or misguided thinking on social, ethical and moral issues.

The perpetrators, then, seek to exploit the above conditions due to an individual’s depatterned mental state, to shape his thoughts, feelings and other dimensions of his personality that will result in behavior they want to see. In this

way, it appears that they are trying to change not only surface behavior but to control its foundation, of beliefs and attitudes.

### Section III: Mind Control Effects and a Possible Future Society

There are so many questions that we have yet to find answers for, such as the specific technology that is used to create certain physical and psychological symptoms, how they “communicate” with their subjects, how they are able to recruit so many people to participate in tactics such as organized stalking, and whether implants are involved. What we do believe, however, is that the perpetrators possess technology that far out-strips any that is currently known by the public and on which the media has reported. For instance, it appears that they are not only capable of monitoring our brain and nervous system functions remotely but are able to “download” a person’s memories to a computer to be used as an aid in predicting and manipulating behavior. Also, as incredible as this sounds, we strongly suspect that the perpetrators have technology which enables them to access or “tap into” the conscious mind of another person.

As we contemplate these issues, we have already observed and can describe instances of what appears to be “mind control” effects (intentionally manipulated psychological events). Below is a list of types of these effects with an example or two of each effect:

1. Being made to feel an unpleasant emotion: A targeted individual may notice that a neutral or slightly unpleasant situation triggers an emotional response, such as extreme anger or sadness, that is disproportionate to the situation. For example, when waiting to be served at a busy restaurant, a TI may experience a feeling of outrage after waiting for just five minutes.
2. Impulse manipulation: Having decided on a course of action, then suddenly thinking of doing something else and acting on it.
3. Creating a psychological bind: For example, taking much longer than necessary when choosing between two products because of competing thoughts which make each product more desirable than the other in alternating cycle – a cycle that keeps repeating so that the TI is caught in a psychological bind.
4. Acting on an erroneous assumption: Taking the wrong subway train, for instance, convinced that it is the right one and feeling acutely surprised to find that it isn’t, and wondering how such a simple mistake could have been made.
5. Being made to forget a spontaneous thought: A thought occurs and it “disappears” immediately, even though it had occurred only a second or two ago, and it is difficult to recall it again.
6. Having words or phrases be substituted: While reciting the Lord’s Prayer, for example, observing oneself “inadvertently” substituting a word or a phrase in the Prayer with either random words or words that have a negative meaning.
7. Recalling an action that the TI initially does not remember doing: Being perplexed by noticing something that one does not remember doing, only to remember later that it was done by the TI himself.
8. Being made to re-experience a memory repeatedly: For example, an unpleasant episode keeps coming back to mind despite consciously making an effort to not dwell on it. Or a song heard on the radio will be played over and over in one’s head to the point that it becomes mentally tiring.
9. Dream tampering: A dream that is tampered with could be about a frustrating situation where a certain objective that the dreamer is trying to reach is thwarted again and again. Another type of tampered dream could be a situation involving family members whose behavior in the dream angers or saddens the TI.
10. Dyslexic symptoms: An example of this is transposing letters or leaving out words when typing or handwriting. This may not be an effect that is mind-controlled but could be the result of being bombarded with electromagnetic energy used in “mind-reading” technology that causes damage to the brain.

Although many of these examples appear to describe ordinary occurrences, we nevertheless posit that we experienced them as the result of artificial manipulations. We believe that it is these kinds of small manipulations

which, if the perpetrators are successful in controlling, increase their success of controlling more complex decision-making processes and thwarting entrenched thinking patterns, such as blurring the lines of what one knows is right and wrong.

There are certain indications or changes that the TI observes about himself which suggest that the above effects are the result of an externally-controlled event:

The targeted individual notices that he is having far more difficulty staying on and completing a task than before he became a target.

He can no longer count on his personal discipline to reach a goal he has set for himself.

He notices that, quite often, his train of thought leads to unpleasant memories.

It occurs to the TI that a behavior or thought seems inconsistent with his past behavior or attitude.

Being surprised to find himself making simple mistakes, or being perplexed as to how he could have believed an assumption that in hindsight is plainly erroneous.

Observing that sometimes the behavior or thinking is accompanied by an almost dream-like state of mind.

There may be other effects we have not noticed but which are nevertheless manipulated. The idea that human behavior, through mind control, can be or should be controlled is not new. Scientists, many funded by the U.S. military, have been working on this issue for decades. What is frightening is that this ominous persistence has produced the technology and a methodology that is currently being tested on the general population. Mind control, the “final frontier” of horribly misguided individuals who seek domination over others for their own benefit, may be at our doorstep.

One question that arises is how the perpetrators are able to recruit so many people to do their bidding. We have observed all segments of the population participating in this unjustified harassment of people: From middle-class White Americans, to Blacks, Hispanics, Asians and even Native-Americans; from teenagers to the elderly, from criminals to law-enforcement personnel.

We believe that the perpetrators use whatever justification that works for a particular group to convince them that the targeted individual deserves such treatment. For instance, they may approach a “community watch” group and play a tape that has visual or audio information, taken out of context, portraying the target as a threat to the community in some way. Or college students who sign up for “secret service” training may become involved in “surveillance exercises” and get caught up in the excitement of working undercover without giving thought to whether or not their actions violate the civil liberties of their targets.

We also believe that the creation of a secret police force as provided by the Patriot Act is yet another source that contribute to community vigilantism activities. Although we have not committed any crimes nor have any designs to be unlawful, we may have been designated “adversaries” of the United States just by the mere fact that we are trying to expose this evil.

We do not know if the state of affairs have reached the point of no return, and we can only guess where all this is leading to. Some experts envision a society in the not-too-distant future where all human brains will be linked to super-computers and monitored. The current experimentation phase may be a key as to how this future society will be controlled. For all we know, this diabolical scheme, if true, may have already progressed to a point where targeted individuals are just the “training ground” on which the perpetrators can practice their mind control and behavior manipulation skills before moving on to more “important” targets. If they succeed and are able to “roboticise” human beings, it will be a society where the true culprits will never be accountable.

We hope, however, that it is not too late. Most of you will agree that what we are describing, should it actually be occurring, is without question a situation worthy of condemnation. And we say to those of you who are aware of this venality and have so far turned a blind eye to it, the temptation to justify the use of abhorrent methods may be easier in this uncertain world full of violent conflicts. However, we hope you will realize that “peace and security” achieved through the enslavement of human free will is a violation of the highest order, and we pray that you will not be blinded by reasons that falsely justify the “necessity” of this evil.

#### **Section IV: What you can do NOW to counteract a roboticised future society**

Safeguard individual, privacy and civil rights:

1. Endeavor to find out and expose any secret research conducted by the U.S. government and its contractors, particularly those involving involuntary human subjects.
2. Pass legislation to safeguard the rights of individuals suffering from avian flu in a nationwide pandemic. Investigate rumors of detention facilities being built to house flu victims and determine the necessity of such a drastic measure.
3. Anticipate the ways in which surveillance and monitoring technology, such as implants and radio signal microchips, can violate privacy and civil rights. Vigorously defend these rights and oppose legislation that seek to curtail them under the perceived threat of terrorism or in the guise of national security.
4. Pass legislation to reaffirm the Geneva Conventions Provisions and Protocols on the humane treatment of prisoners.
5. Place clear limits on the extent the U.S. military is deployed and the force used to control the U.S. civilian population during times of civil unrest.
6. Strive to maintain a strict separation between Church and State, and beware of efforts to blur this line which will endanger our religious freedom to choose who, how and whether to worship.

Investigate weapons technology and how they are being used:

7. Investigate how satellites may be used to spy on average Americans and if they are being utilized in other ways that pose danger to people.
8. Determine current and future weapons capability related to electromagnetic, acoustic or psychotronic weapons and to what extent, if any, should they be used in controlling the U.S. civilian population.

Related concerns:

9. Investigate technology that uses electromagnetic waves to change weather patterns, create hurricanes and earthquakes, and to stimulate volcanoes.
10. Investigate rumors of underground facilities being built around the country and determine their existence and purpose.

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**19/9/12**

This email serves as an update to Santa Barbara California Superior Court case # 1402957. Attached is a copy of my civil suit and images of myself and my 6 and 5 year old sons. The evidence supports that my family and I are victims of non-consensual experimentation dating back to 1999. The mother of my sons Angela B participated in a full body X-ray on 09/17/2012. The X-rays revealed the same pattern of implants. Remember our sons were born at the same hospital and she was a patient of the Defendant hospital. The common theme for all of us is that implants leads are connected to (Radio Frequency Identification Devices) which are prevalent throughout our bodies. A cover up of these crimes continues to date. I am the primary target because I discovered and unveiled these crimes against humanity. I believe we are victims of what is seen all over YouTube and other websites and known as government involved human experimentation. It is also clear that in an effort to cover their tracks they labelled me what appears to be an alleged terrorist or threat to National Security. No one on the planet would make such a claim other than the criminals responsible for this two year nightmare. Their only objective is to get rid of the messenger. My body is a shrine full of implant leads / wires and foreign electronic devices. All of the evidence points to this process beginning in 1999 prior to me having children. Once I began having children the experiments extended to my children and their mother. The perpetrators are now using the color of my skin to label me as something that I am not in an effort to further cover up their crimes. Think about it. If you are attempting to thwart terrorism you try and set up your target as we see on TV every day. People have been arrested for conspiring to commit a crime. Secondly you send out unmarked cars to catch the alleged target. You do not send out marked vehicles. This is all stall tactics as the perpetrators trigger the devices in my chest. The reality is that no crime has been committed or conspired. This is all about a very elaborate cover up with a great deal of power to do so.

**1. 2008 discovered X-ray and the attached report.** This X-ray was discovered by way of an investigation of my medical records. The images depicted in the X-ray were implanted non-consensually. The report indicates the reason for the exam was an alleged acute Myocardial Infarction (410.90). The report also indicates a history of chest pain. As we all know I have never had a history of chest pain. On the night that I arrived to the St. John's Pleasant Valley Hospital I explained to the doctor and the nurse that I felt palpitations in my left deltoid area (see attached records). The sensations prompted me to visit the hospital to have my alleged high blood pressure checked. The report also alleges a left ventricular cardiac configuration through the heart. We now know that the ventricular cardiac configuration that Dr. Troung described in his report can be seen in the discovered 2004 Goleta Valley Cottage Hospital 2004 X-ray. Based on all of the evidence gathered to date including CT scans and X-rays. We now know that the left ventricular cardiac configuration that goes through the heart is an implanted electronic device. If I had not discovered the devices I would have died of an alleged Myocardial Infarction (410.90) i.e. natural causes. This is the same alleged medical condition which took the life of Michael Clarke Duncan. A recent exam of my heart by Dr. Karol Watson of the UCLA Medical Center revealed that my heart is perfectly fine.

**2. 2004 discovered X-ray.** In previous emails I described the implant leads which extend from both the left and right side of my head. Those particular implant leads are associated with the non-consensually implanted cochlea implants (transmitters) that are depicted in the 2011 MRI. The implants appear to be transmitters which are capable of sending and receiving information. Attached is the 2011 MRI. The MRI shows the transmitters in both ears and one implanted in the left sinus maxillary. For months I and others have been trying to figure out the purpose of the instruments that are depicted in the discovered 2004 X-ray which sit on top of my shoulders in the deltoid region. An X-ray taken on August, 22, 2012 of my back, spine, and shoulder areas reveal radio frequency identification devices that have been implanted in both of my left and right deltoids. The electronic devices are circular and almost mirror a happy face except these devices look evil. The devices are all connected to implant leads which you can see being implanted into my deltoids in the 2004 X-ray. The majority of the implant leads / wires are connected my abdomen area and wrap around my back as depicted in the August 22, 2012 X-ray of the back and spine. The same devices and pattern can also be seen in the 2012 lateral X-rays of both of my sons. Their implant leads can also be seen running down their backs and on the side lateral X-rays. All of the implant leads / wires are connected to Radio frequency Identification Devices (RFID's). The same pattern can be seen in all of our X-rays and CT scans.

**3. August 22, 2012 X-ray** of my back and spine. The August 22, 2012 X-ray explains the circle that several doctors located in the middle of my back along with the surgical scars. The attached series of August 22, 2012 X-rays of my back and spine show Implant leads / wires running across and around my back. The electronic devices that are visible have been circled in each described area. The implant leads / wires are self-explanatory and they wrap around my both sides of my body.

**4. 2012 chest and lateral X-rays of my 6 and 5 year old sons** depict the same devices in a smaller form with implant leads extending from them in the lateral X-rays. The devices are not the standard bio-chips. The devices are definitely radio frequency devices (RFID's) connected to implant leads / wires that are capable of causing serious

injury. These devices are clearly implanted for experimentation purposes and torture.

I HAVE NEVER BEEN A MEMBER OF ANY TYPE OF CRIMINAL ORGANIZATION, I HAVE NEVER TRAVELED OUT OF THE COUNTRY, I DO NOT HAVE FRIENDS IN OTHER COUNTRIES, I HAVE NEVER ASSOCIATED WITH ANYONE FROM ANOTHER COUNTRY WHOS INTERESTS ARE A THREAT TO THE U.S.WHAT IS THIS NIGHTMARE TRULY ABOUT? IT'S ABOUT NON-CONSENSUAL HUMAN EXPERIMENTATION THAT HAS BEEN DISCOVERED. THE DEVICES ARE PLACED IN EVERY LIMB OF THE BODY AND APPEAR TO BE DESIGNED TO CONTROL THE BODY. THE VIDEOS I TOOK OF MY SONS OVER A PERIOD OF SIX MONTHS SHOW WHAT THE DEVICES ARE CAPABLE OF DOING WHILE THE BODY IS AT REST. IT IS CRYSTAL CLEAR THAT SOME TYPE OF MIND AND BODY CONTROL EXPERIMENT WHICH FAILED. THE ACTIONS OF THE PERPETRATORS ARE CLEAR HUMAN RIGHTS VIOLATIONS. VISIT [WWW.ICAACT.ORG](http://WWW.ICAACT.ORG)

I LOOK FORWARD TO MY DAY IN COURT. THESE CRIMES MUST BE SWEEPED UNDER THE RUG. MY EXPERT WITNESSES ARE PREPARED TO TELL THE TRUTH!! THE INDIVIDUAL RESPONSIBLE FOR THESE CRIMES HAVE CAUSE IRREPARABLE HARM TO AN INNOCENT FAMILY FOREVER.

**Petition date starting in Ottawa and Toronto from Aug. 25, 2009**

Dear Member of the Canadian Government:

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter

consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government "doing nothing" in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

"Doctors Mengele", who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

Hello, my name is Margarita Campoamor, I read your website and decided to write.

I am an individual harassed and persecuted for over four years, almost four years living in Canada, Nova Scotia, but I am a Cuban citizen. Something that I noticed your website is that you seek help from the government to investigate cases of harassment and even in cases of use of electromagnetic weapons. My experience is that the Government of Canada supports the organized harassment, because in my case I am sprayed by planes and helicopters of the army indiscriminately, it makes me all kinds of rape, not just human rights, not to life itself, I am constantly sprayed fuel and forced to breathe all kinds of heavy metals and other substances, my car has been prepared for all this pollution, the helicopters have targeted me with psychotronic weapons, I have received radiation and electromagnetic frequencies, radio frequencies for almost all the day. None of these weapons is in the hands of ordinary civilians or private. This is the only high government corruption that prevails on this planet. At this very moment I am writing, I am a victim of a gas attack and spraying conducted by the police. These bullies have destroyed the few things I own, my car is completely controlled by them, by the computer and of course frequency and enters through the fuses, in their attacks predominate color stock. I wonder if you have knowledge that the Targeted individuals make a business "established" here in this country. That is, they bring people here and become targeted with all these methods of pollution; they change the chemistry of the body and then force them to return home. In this way these individuals become fragile and are easily exterminated. I denounce this crime and to add my voice to the many individuals who suffer like me social marginalization and disregard for their lives.

Dear madam and sir,

I wish to

2: give notice that I, a 53 year old woman, native of Canada and residing therein, have been targeted 'in fullness' by remotely directed psychotronic and radio-frequency energy weaponry systems since January of 2012, immediately after having been issued of a trespassing ticket by a Canadian Pacific Railway Police Officer, an agent working within federal jurisdiction.

I must underline to you that I suffer greatly under this burden; I have been denied honesty and integrity in medical services available to me through the public health services of my country. As a result, I have been greatly disadvantaged in obtaining extensive enough physical proof of this abuse taking place so that I could seek redress before the law in my country.

In the course of one year and a half, I have been reduced to the status of a slave to a military project which conceals this activity from public view. My own grown children cannot fathom that I am selected for such activities and have been progressively abandoning me to my misery ... a woman who has taken great care to live and love prior to the onset of this situation. My parents and siblings feel that it is their right to have me committed to an asylum instead of helping me because they have not offered Truth in this matter by official source in my country.

I can assure you that use of these weapon systems for consciousness and perception modification are primary sources of division and distress within the social fabric of a nation, make no mistake about that.

I beg of you to 'hear our cries' and understand that we wish only to resume a life of a free human being, living souls to a heavenly plan and be released from the human mischief which has us forcibly submitted to a mechanistic realm, having imposed itself upon us, by way of military and business interests, informational technologies and space weaponry systems.

That we are placed in such a position to suffer this out in silence is an extreme Moral Aberration well over and above the complex multiplicity of Human Rights violations to be enumerated.

I wish that you may make haste in taking action.

Sincerely,

**20/9/13**

Hi everyone, I started to use frequency generators over a month ago. I have 2 'Schumann resonators from different sources ; one has an orgonite pyramid on top of it while the other is pretty much a box containing a coil. I got the simple one going first (a good week) before receiving the second one. Each one made a huge difference YET the 'bad people' basically 'beefed' up their assaults against me within 24 hours of getting each going. So I still got hit real bad and remained 'in rough shape' in spite of the 2 devices running YET with the difference in that I had a

small window of 'freedom' to now remember AND I remained surprisingly relaxed in spite of being 'overtaken' once again. I even got shot-up by a stealth drone (2nd time now) , this time through my nose with a new batch of nano-particles I presume ... not fun.

I contacted a woman in my vicinity who makes organite sculptures (personal protection items) and pleaded with her to help me as I had tried to make a few small pieces on my own and I they weren't making me 'safe' from my aggressors.

She sent me a few items as a gift ... I incorporated these (a pendent and an 'ornament' ) to my 'scalar' arsenal along with my first 2 small home-made organite peices ... and then things got better ... I was able to get back to developing my life again and I became able to pray 'in private' and stay relaxed .. This woman suggested that I use my newly found freedom to either buy or make a few more 'organite ornaments' (personal protection) and I managed to make a nice sized one a few days ago. I'm working on assembling another stock of metals for my next organite protection ornament.

I use my scalar resonators along with these ornaments. I'm very pleased with the way they are holding up YET I'm very much aware that the 'captors/aggressors' will go out of their way to 'get me back' ....

One of the things that the scalar resonator and organite protectors are not 'blocking' very well is the 'remote / sensory visual bombardments to the inner eye' at night ... but I'm working on blocking this out with eye patches ( made of cushioned aluminium with a small sac of crystals and a rare earth magnet ) ...

For the record ...

Hope you find this info inspirtational, bye, Carol.

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**2/5/16**

I first noticed blood on my pillow and on the side of my mouth at the end of August then I started hearing people from University of Tennessee saying things to me in the beginning of February at first I just though it was my nieghbors talking next door and felt like I was being stalked but then I noticed everywhere I went I heard them. I feel really tired randomly and pain throughout my body and head. I have had trouble sleeping and feel really tired when I wake up and my dreams became abnormal since the February.

**5/8/16**

I changed the ending on this thought it might help I first noticed the voices about 6 months ago but not the torture and complete deprivation of rights, happiness, and sleep. At UTK they would act like my friend I would here my neighbors talking about me a lot but I didn't really care about them so I didn't worry too much about it they would say things like I "just want to know if what people say about him is true " but when the girls starting talking about me, which I figured was just my neighbors conversation amongst themselves and talking about me like "the hottest girls at those schools are crazy about you, laugh at everything about me, he is straight, we were wrong about you, how are you so good at everything how are you a virgin, I want to fuck you so bad right now, you are making me orgasm, you act just like channing Tatum, you're so damn cute right now, you're a future celebrity," then as it went on I didn't sleep for weeks even months at times at a time but I thought it was normal I just couldn't get to sleep at school they would try to convince me that my mom was the mother of many celebrities and crazy things like you're

mom wants to fuck you, your mom orgasms at you, your mom and sister want to fuck you, your whole family is celebrities. They would ask me stuff like I want to know more about you, and they wanted me to think i was learning more about them so for the first month I stay at UT and think that girls really want me and I'm a virgin so it kind of got my attention quite a bit at the beginning. Then I would notice all that played on whatever channel I was on the same commercials like a little caesars commercial with a butchers knife to cute the pizza, Heineken can control you minds and many more. After the first month they would do everything they could to try to make me suicidal and for some time it qad hard for me yo get the thought out of my head but after 6 months am beginning to build a mental wall to ignore them and when they say thinga like "mind reader" i think brian cedar, "mind control" i think brian motto and "he puts stuff together" i think he buff Tyler. I also noticed people on the news saying targeted much more look at their computers on the table much more and talk about people dying more than usual when I think maybe trump can help us targeted individuals the TV would play something about how good Hilary is looking that is just one of many examples so as I started to realize these people want me dead especially from googling things like microchip and electromagnetic torture the more I would feel the pain and shocks around my body so then they would act like my roommate did this to me because he was gay for me another tactic to make me think they were my friends. They torture me with headaches, I didn't sleep for a month and a half in the beginning with terrible pains throughout my body which hurts like crazy and obviously does some damage because I can't ejaculated anymore. It'll feel like a laser or need is going through my penis, kidneys, groin, face and scars, when I stand up I nearly pass out at times when I ignore them I feel pressure and pain in my ear drums and everywhere in my head I've fallen on the stairs 4 times the past month and we have stone steps I'll feel a little electric shock causing me to twitch another thing they constantly do, and their favorite which is an electric jolt running through my body and legs causing me to shake flex my muscles just to bear it but now I just get up and walk. It all started after my roommate was getting really drunk and emotional so I told him I was still a virgin too after he said he's never fucked a girl then a few days later I wake up with blood on my pillow the same pillow that was missing from my room at U walk when my dad went to move my stuff out. JFK attempted to show this to the public and I can imagine many more corrupt government schemes. It is our responsibility to change our government/world when it has become this evil please think about your loved ones. This is something that needs to be brought to the publics attention they need to be awakened to the truth immediatly and laws, structure, society, politics needs to be changed if that is what it takes. The people I hear claim to be Josh Smith Ashley his girlfriend my neighbors who were 3 or 4 guys from the fraternity AXO and 3 or 4 different girl voices who lived below me who were in tri delta.

Ps. This is only a fraction of it  
Thank you please help us

**Email: winmne@gmail.com, winc2012@yahoo.com**

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I would like to draw your attention to some extreme and horrendous criminality being conducted with the involvement of United States Government-related Agencies and the complicity, if not participation, of many other governments and agencies. I am a victim of torture and abuse using Directed Energy and Neurological Weapons technology. There is massive ignorance and secrecy regarding this, and victims such as I are being subjected to uncontrolled and unacknowledged torture and mental and physical destruction. This has remained completely unreported and undiscussed publicly. There are many others, all over the world, who are being subjected to similar torture and abuse.

**YOUR ATTENTION IS URGENTLY NEEDED TO HALT THESE ATROCITIES, PROTECT KELLY M. CASLAR AND BRING THESE EXTREMIST ELEMENTS TO JUSTICE. THIS IS AN EMERGENCY.**

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 2002. The phenomenon is real. It includes psychological harassment to induce Psychosis, Isolation, Depression, and suicide;

physical and emotional manipulation; and devastation of financial and social resources . Nobody is above the law, yet some groups or agencies out there believes themselves to be. **THIS IS NOT RIGHT.**

I can confirm the following technical abilities and powers as follow:

1. That they can place a human subject under continuous surveillance, no matter where he/she is from remote locations.
2. That they can monitor a human brain from remote locations including thought, reaction, motor command, auditory event and visual image reading.
3. They can continuously input directly into a human brain from remote locations, including the ability to override, control and alter consciousness, and to induce voices, noises, other disturbances, images, and “dreams” into the brain.
4. That they can directly interfere with abuse , torture and hit your body with invisible beams from remote locations.
5. That they can interfere with alter, insert, etc. data files, communications and legal evidence from remote locations-even during transmission.

**THESE THINGS ARE ALREADY IN EXISTENCE AND ARE ALREADY BEING USED AND ABUSED ON MYSELF AND OTHER U.S. CITIZENS.**

I was born in the U.S.A. in Los Angeles County raised in Southern California. I'm a Holocaust victim offspring. My father was 100% Russian Jewish man AB- blood type he pass-away 1984 I tell later the truth about how or what gave him the cancer. My father before his father I was told there were only 36 of the survived out of the concentration camp they were in and my father true name was Kissuburd if I have the spelling right and they gave them the last name Caslar that's how I end up with the last name Caslar and that I am the only person in the world with my birth name. My Mother is 100% Irish from N.J the problem with my mother she wouldn't turn Jewish so I am fondly going to Hebrew school to night is my second night going I did send my daughter to Hebrew school at the age of three so I hope this might get ride of the omen that my family has by my father marrying a non Jewish women.

I guess one of the reason that I end up being target by a few people is that I am always a lone, I am loner and every body I was close to passed away or these people set them up and their doing time or disappeared so if anything would happen to me they wouldn't have to worry about any one showing up asking any questions that what ever they write down in a report like I said who would check or even bother to investigate no one when the police officers are investigator too.

I have been a victim of directed energy weapons, remote harassment and organized stalking since December 2001. I was living at 7908 Milton Ave # B Whittier, California 90602, County of Los Angeles. The phenomenon is real... It includes psychological harassment to induce psychosis, isolation, depression, for some suicide, but for me it made me realize that I am a better person because I wouldn't do the same to other's like what other have done to me. By what I have been through that it's self made me realize that I am better then some people and just important as the next person setting next to me, plus that also helps pull me out of depression and for myself to never give up on trying to find a way to reach out for others out there to help stop these inhuman humans that are not just targeting me but others too. I also have been through physical and emotional manipulation. My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I haven't meticulously documented each occurrence of these assaults.

The reason why I am not documented each occurrence of these assaults is that it would take me too long to do document each occurrence of these assaults that have happened to me and you do have to realize I didn't finish high school and I do have more than one learning disorder so I will do my best and tell you about a few things about the kind of abuse so I/we can start off in the right direction.

Nobody is above the law, even if you in law enforcement or not no matter who you are, yet some groups or agencies out there believes them to be. **THIS IS NOT TRUE**

**THE REASON FOR GIVING YOU THIS INFORMATION IS AS YOU WOULD IMAGINE, THAT WE AS AMERICANS KNOW THAT YOU WOULD BE HIGHLY INTERESTED IN SUCH CRIMES AGAINST US U.S. CITIZENS. WHEN SUCH CRIMES HAVE BEEN REPORTED TO POLICE, THE FBI, OR OTHER LAW ENFORCEMENT AGENCIES IT IS TOTALLY IGNORED DESPITE EVIDENCE ILLUSTRATING THAT SUCH ATROCITIES ARE GOING ON. THIS MEANS AT THIS MOMENT YOUR COUNTRY IS KEEPING**

YOU IN THE DARK ON PURPOSE WHILE THERE IS AN ACTIVITY OF PUBLIC EXECUTIONS WITHOUT TRIAL GOING ON ACROSS THIS NATION.

It sounds impossible that attacks on citizens are occurring. From millionaires to ordinary housewives and husbands even children are under attack from directed energy and covertly implanted with harmful and deadly devices. Directed energy purposefully pointed at them for what has been proven to be multiple purposes. Such purposes are human experiment, population management reduction, behavioral manipulation, political reasons, economic business sabotage, reduction of retirement benefits, increasing medical profits, law enforcement investigations designed to pad their budgets, motives of rape, to make money from programs offering use of such equipment, used as a revenge technology tool by corrupt operatives and worst of all but relevant that there are quotas for operatives to make.

You are being warned of a massive attack of U.S. citizens that is going on at this moment all across the country. Evidence of the activity has been discovered through technical research proving that this is in fact true. For approximately six years there have been reports from people throughout this country claiming that they have been under attack in their homes from radio frequency weapons that cause effects that decrease the immune system, also these reports include that many of these people are implanted with covert devices causing extreme pain are also being reported. You and your family members may also be victims of this same activity, some of the initial symptoms are very common such as insomnia, acid reflux and many others, the radio frequency energy also causes physiological changes that cause syndromes and disease of all kinds including heart attack because the techniques of attack is radio frequency. This means you or your family members could have symptoms or be sick from this same widespread covert activity.

I have been confronting Electronic Stalking / Harassment /Illegal Electronic Surveillance Stalking / Harassment for about 6 years that I'm aware of. These people that are involved are on both sides of the law enforcement. These stalkers primary goal is to control over the victims life by instilling terror. Advances in technology here made easier for the stalkers to harass their victim's from a distance, with relative anonymity

The high-Tech stalker uses sophisticated surveillance equipment like global positioning systems and miniature video cameras to track or spy on the victims; obtains information over the Internet on the victim's address a place college an delivers threatening messages via E-mail. The stalker also spreads damaging rumors about the victims through internet chat rooms, message boards, a Web pages-often without the victim's knowledge, plus these stalkers do the same to the whole family / friends.

I have been set-up and framed and railroaded, in are very own court rooms an had many cases thrown on me and had doctors misdiagnose me so I the victim can't stand up for myself in a court room of law against, but I straighten out misdiagnose / mal-practice issue and taking these people to court.

As you can see, the nature of stalking has changed, but it's effect is still the same, The victim's suffers mental turmoil & physical turmoil behind all the abuse.

I have been a victim for many years an these stalkers will never stop an will do anything to another human being these are human that are inhuman an several police agencies are involved as our news media as our very own Neighborhood Watch, FBI, CIA, Employees that work in the Social Security Administration, schools/colleges there are so many that are involved it's unrealistic, but real.

There is one thing we as the people need to remember is that there is people out there that do care for knot give up know matter what "Don't Give-up" I know it's at times it feels like no one cares, but please remember this your not alone even if you are. Now if you give up don't you think other will too?

In a significant number of cases stalking is a precursor to lethal violence. I feel if you truly care for the fellow Americans & other people you could find a way to stop these inhuman humans that are involved, in stead of covering up for each others wrong doings or for your self or your love ones.

I K. Caslar have been through a lot more abuse then what I have wrote out in this CASE SUMMARY/PETITION by what I'm sending you should be enough for you to start and thorough investigation.

**I K.C. have had all these Symptoms:-**

**Petitions Unit United Nations Council on Human Rights Geneva, Switzerland - Group Complaint**

We the undersigned have suffered or are suffering from strange and similar symptoms. There is no physical or mental illness that can cause all of the symptoms indicated below. But there is a technology (neurological weapons, radio-frequency weapons) that can. The human body is an electrochemical system:

anything that disturbs the electrical impulses of the nervous system will affect body function and behavior. We the undersigned would like to draw your attention to this extreme criminality. There is massive secrecy regarding this horrendous matter.

Symptoms:-

Sleep Disturbance, Forced or Artificial Dreams, Auditory Effects (sounds, noises etc.), Jolts, Muscle Spasms, Muscle Cramps, Burning sensations, Tingling sensations, Runny Nose when interacting with people (unexplained by ENT, Internal Medicine & Allergy specialists), Sneezing, Flu like Symptoms, Headaches, Blurred Vision, False Heart Attacks, Sexual abuse using the technology, Hot and Cold Flashes, Other Symptoms of a similar nature

Based on the above, this is a formal request to the UN Council on Human Rights to assist in halting these activities violating International norms of behavior and International obligations of the countries mentioned.

<http://americancognitivelibertiesassoc.org/default.aspx>

Reports from victims worldwide have similar patterns which can be clearly seen. It has been said that individuals can suddenly be attacked by neurological pains, nausea, extreme strong emotions (fear, anger, euphoria), vivid dreams, bizarre sexual manipulation, audio effects, and seeing strong visuals. Combined with total hacking and control of electronic devices (computer, car, and electronic apparatus) selective interception of e-mail, telephone conversations. The victims often tell how their glances are followed, their thoughts are read and their motorics controlled.

Symptoms of Electromagnetic Torture:-

Severe pins and needles Prickly burning sensations

Heightened body temperature Increased heart rate

Back strain chronic headaches

Involuntary hand, finger and toe movements Stomach cramps

Spot blanking of memory Harassment of the auditory hearing with ringing, clicking and buzzing

Repeated spasms and contracting of muscles and tendons within the body

Bleeding and discharge from the nasal cavity

Mind control agent UK

Here is a description of the cluster of symptoms common to most victims. 24 hours 7 days a week, for years on end, Victims are subjected to all kinds of harassment and torture. Most agree that the technology can remotely target and control every nerve of the body. Heart rate can speed up and slow down, bowel movements can be regulated, illnesses can turn on and off in an instant. Victims report microwave hearing or voices in the head and sleep deprivation. Thoughts can be read, and played back to the victim, instantaneously. People around the victim can repeat verbatim, the victim's immediate thoughts. Dreams are manipulated, behaviors controlled, emotions literally played with and all types of pain can be started and stopped in all parts of the body. Remote sexual manipulation and abuse with pedophilia, homosexual and degrading themes are reported regularly. Microwave burns are frequently reported, along with all types of

bizarre and harassing manipulation of electrical equipment, phone, car, TV and computers. Black bag intelligence tactics of tire slashing, break-ins and mail tampering are reported. Holograms are projected. according to victims, it is vicious, amoral, sadistic and cruel. Most victims describe the experience as very debilitating and liken it to mental rape, prison or total destruction of the quality of one's life. Most are labeled mentally ill and live with financial ruin. Loss of health, social life and career. All say the technology is very sophisticated and effective as a weapon. Some victims say they would use it on their torturers and feel vindication. It is like a slow death.

I am the only person that has my birth name believe it, or not it's true. I'm also a Holocaust off spring. It is my last name what makes my name unique. I was forced out of my home 2002 in December and for two and a half years is seemed all I was capable of doing was to take a shower, they didn't even what me to shower. No matter what these people are still there and more follow. I also have scares

head to toe, but do heal real well, my scars some are long some are little. I am Russian and Irish. Do you know who I am now?

## TESTIMONIAL

I Kelly Caslar,

I have been confronting electronic Stalking / Harassment / illegal Electronic Surveillance Modernization / Solar-System / Stalking /Harassment for about five & half years that I'm aware of, these people that are involved are on both sides of the law enforcement. These stalkers primary goal is to control over the victims life by instilling terror. Advances in technology here made easier for the stalkers to harass their victim's from a distance, with relative anonymity.

When I moved into 1034 Milton Ave #B, Whittier, C.A. After I lived there for 6mo's in Dec, 2001I started hearing V2k's and the started using me as human expatriation with their weapons'. They told me that the government, F.B.I.,C.I.A, police/sheriff, mafia, masons'not all of them, military, many different other cults, shot caller's, Bob Saveles, Comrade and the people he associates with, and American Liberty bail bonds, employs. Plus, other bail bonds man, gang members, DA's and some of the judges, sheriff, police and even some homeless, some people in drug programs, and many more.

That they wore going to use me up any way the can and after I am dead that they can use my body parts then they even told me what was my blood I ha AB-. I forgot what type I had and asked the doctor and they wore right.

The police told me to move out of Whittier that they didn't want me there. Plus, the told me "the only way they will help me is to keep me down and they love to kill me," I never had anyone tell me things that these inhuman people had said to me. So' they started taking me to mental hospitals' so no one would believe me nor would lesion to me at all. It's a same a woman alone can't even be alone in her very own home anymore. No matter where I go mouton to the sea they still follow and it seems like more and more do the same.

They have a weapon that cane hit you and make you black out violently then when the beam is turned a-way from you go back to normal. You wont remember striking out at anyone at all because they have done it to me and it made me struck out toward my mother and she said I bit her and pulled her hair but I never would hurt her. But only with my words that come out of my mouth. I do have a very sharp tounge and always will. They made me sound/look like this crazy insane person that's very violent that don't care about anyone nor anything that yelled and scream a lot for nothing for to not any one help me nor be kind to me or they will and have put him/her in the mental hospital or prison or they just separate you from all your love one's by making think you someone your not. Ho, Matter in fact, I can draw one of the men's face or pick a few out in our dear law enforcement but I have a difficult time remembering names and they know it. They wanted to cut off my hand because I can use both of them if I chose to.

After I was forced out of my home in Dec, 2002. I was homeless for the first time in my life. I didn't know anyone not even in my home town. I do have ADHD/LD one of the reasons they transferred me ever year since I was a little girl. Plus, I ran a-way a lot. So, that's another reason why I was an easy target. A lot of people don't like Jewish people too that's another reason too. Plus, I'm an addict that chooses to be clean and sober also and all a lone they made sure that I stayed that way. The police wore throwing violent cases on me or other police officers

called it putting cases on me and the rail roadbed me through out very own courts like it was nothing. They wanted me to go to prison as a target. Whets so bad about it I don't even know how to protect myself at all just with my mouth or pin and paper is the only way.

I have been fighting for my life and to keep my own mind and freedom because I'm worth fighting for. I'm a Messianic Jewish woman that's part Russian / Irish and they even tried to burn my body that God I woke-up on time. I'm also the only Kelly Caslar that's been born with my name.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 2003. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I have meticulously documented each occurrence of these assaults. To hear my story would be terrifying and bewildering to an audience unaware of the specifics of these crimes so I will reserve it until I can clearly, coherently, and efficiently speak about them.

Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of "criminal punishment" for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed.

This is indeed, cruel and unusual punishment.

I am also being denied my Constitutional right to pursue happiness. This torture (from a remote, undetectable source) is constant 24 hours a day, including while asleep—thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that are arise from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as a political prisoner or worse, as a common lab rat, not even human. And that this is happening on American soil, to innocent American civilians—some victims former members of the military—is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

**Dear Member of the Canadian Government:**

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being **TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7**. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller'(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government “doing nothing” in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

“Doctors Mengele”, who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

## **STALKING**

My letter to you respectfully requests that that your office consider the following matters in your widely-publicized efforts to initiate hearings on Capitol Hill to expose the atrocities of the government's clandestine services, which, you are probably unaware, are involved in the systematic "psychotronic torture" and "electronic assault" of thousands of innocent Americans, including me.

Since 2002 I have been the victim-target of directed energy weapon attacks, covert surveillance, organized stalking and orchestrated harassment committed by anonymous [NSA or whatever perps] community operatives.

I implore you and your staff to spend a few minutes browsing the internet where you will find hundreds of credible victim accounts and a body of scientific evidence that corroborate that there is a widespread, pervasive secret war being waged by a rogue element of the [NSA,CIA, FBI, military intelligence, or whoever else] against unsuspecting citizens nationwide.

Many victims of land-based and satellite-based directed energy weapon attacks are jolted and shocked with electrical current that, in some cases, produces visible burns to various parts of the body.

The technology is so advanced and so precise that many women describe sensations of painful penetrations in private areas. These women refer to this as virtual rape. Most men (SUCH AS ME) report painful electrical attacks to their genitals.

There is also significant evidence that the weapons transmit extra low frequency signals that connect to human neural frequencies thus creating sounds and "voices in the head." This effect mimics the classic clinical symptoms of schizophrenia.

In the 1970's the CIA was ordered by Congress to cease mind control and electronic experiments but the experiments continued. And, now, 40 years later, the technologies have been perfected.

Before discounting these matters as nonsense, I ask your office to make inquiries and conduct research in a sincere and determined effort to prove the weapons technologies exist and to prove that the weapons are being covertly deployed against "everyday" Americans; none of whom are enemies of the State.

You will find there are too many technological common denominators to simply ignore and there are too many credible victims that cannot simply be categorized as delusional.

Please take these matters seriously and include them in your crusade to bring about public hearings on the illegal activities of America's intelligence agencies.

Cordially, Richard Centeno

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I want to help get this message out but I have no energy or brain power. I am constantly lobotomized through direct energy. Is there someone who can help me write a letter. I have been & will continue to go through nearly all the symptoms I have read here and elsewhere. I just can't do it without help. Only once in a great while do I have any mental or physical energy. I am going through hell & it's been constant organized stalking & direct energy since October when the stalking in particular has increased.

It began in 1986 in Norwich, NY after writing letters to and about the police. I have since moved 11 times trying to get away from malicious abusers now known as Organized Stalkers. I presently live at 2619 James St. #12, Syracuse, NY 13206. I plan to stay here even though the stalkers in the 3 surrounding apts never stop their torture such as banging cabinet doors. Putting TV? on an amplifier from below. Making slits in walls near ceiling in bathroom & main room. I hear them talking, laughter, music etc.

The office manager, Joanne Patalano, of Prestige Multi Homes, 2184 Flatbush Ave, Brooklyn, NY11234 is also an Organized Stalker. She does not return important papers, refuses to reply by email, forcing me to rack up charges making long distance calls. She lies outright to me saying she is working on my papers but I never receive them.

The people living in #13 to my left, #11 to my right & #2 below me are Organized Stalkers. And their torture is constant. I always have to have white noise on to try to override their constant vocal abuse. Every week, month it gets worse. The man in 11 is often in the supermarket when I am there. The people in 11 are waiting on the stairs when I get my mail or got to mailbox. They seem to know what I am thinking, when I'm leaving.

This has been the case in every apt I have lived in since after 1986. My bed literally jumps when I lie in it. There is a black square on the picture of my TV covering half of the TV program I am watching. Someone is always using my computer & mouse at the same time I do.

All my electronics have a mind of their own and all have broken down and been replaced or fixed many times. My microwave is sprayed with orange gunk every time I leave. It has been replaced twice due to fire in the microwave.

All of my clothing & furniture etc have stains, rips or wholes in them. My mail is held up at the main post office and this has been the case since 1986. My slip on boots, gloves were stolen. My car has been stolen & totalled. There is a stalker in every social group I join. My Organized Stalkers range from neighbours to physicians to police

officers, ambulance & fire truck drivers. They are in all walks of life.

Then there is the physical torture ranging minor cuts to surgeries. I've had problems with ears, feet, marks on body, pains of all sort in mouth, legs, back & incredible waves of electrified pains in my stomach. Tortuous sexual images & feelings. I feel as though I live in an unseen electronic fence leaving me with feelings of great fear or anxiousness so great I cannot leave my home.

When I read, write or anything I enjoy I am "lobotomized." I have no control over my anger, sleep, awaking, urinating, headaches. I am not living, I am existing. I do not fear dying because it is my wish. I am 62. My birth date is 3/4/45.

Please keep this for history & records in the hope that someday it will all be public & maybe justice for those TI's in the future. You have my permission to use this in anyway that will be helpful to others. Feel free to ask anymore question you want. I'm glad you wrote back. Thanks.

**24/10/12**

I was glad to see you have my name on the list because it gets worse all the time. I'm 67 now and all I want to do is die. Since I last wrote I've had hip surgery with 2 pins. I get rashes, bumps, scabs itches all over body. Excessively dry mouth. Loss of hair. Crazy hours. My mind isn't what it should be. No matter what I always feel the pain. Smoking more. Sweating. My little kitty has been to the vet about 4 times this year and I'll probably have to take her again. My car is on remote control. I've paid over \$700.00 to have the passenger seat window fixed. And now it still won't roll up. They're now saying the problem is probably in the electrical system. And I just bought a new computer. My whole family has had very, very serious medical problems. My 66 yr old sister has to work and is paying for house and apt. Her job is in Fl. 3,000. miles away from each other. Had to tell someone, thanks, Diana Marie Chapman

I have heard good news of Turkey. However, I am concerned we are naive to believe the government does not extend it reach everywhere. What I find most shocking is how much damage they cause us, the nonconsensual victims, and how they shameless exploit us and do not acknowledge us or pay for the losses we have experienced because of their outrageous corruption of authority. I am hoping the lawyer will help.

15/11/08

Your summary was wonderful. Thank you for sharing your summary with me. (I will forward this to the ACLU to help explain my case.) Our experiences are very similar. I think we are in the same program. As with you, mind and body both suffer significant deterioration akin to yours. In addition, i have been told that since age 2 our brain potential has been erased.

Who did you name as your defendant.

In addition, there is something you should know about called genetic smearing. This is a commonly known practice at the federal level known as covering your ass and carefully creating your legacy for history and society. This is the common practice in which most controlling research agencies and evil scientists subtly and sometimes overtly undermine and damage the individuals in the nonconsensual control and noncontrol groups in the ways that count so that the research can cover their ass and ever so subtly suggest pejorative difference but keeping care to hide it from those aware of the not so pure nature of all the science. They study a few key variables but keep care to control and influence individual variables of the research population in ways which count to the way they are perceived. This is so that it can be stated that the research population is just different in the ways that count. The reserachers do not want to be perceived as mad Doctor Mengeleves who tear out eyeballs, legs, and etc out of individuals. Somehow these researchers will suggest that somehow those Mengeleve twins and many jews were just different and born to be victims in Dr. Mengeleves experiment. They make certain these individuals are trained in bad habits. have stigmatizing diagnosis, and suffer subtle disadvantage and suggest that somehow they are less than.

Hello. I am a 34 yr old targeted individual and have been for over 6 years now. My problems started when I was in Miami, FL and have only stopped on rare occasion since. Having studied a bit about foreign relations, I fled USA and applied for political asylum in another country in The EU. Having had surgery and dental work performed it appears that I have either had an 'Audio Tooth' implanted or that I am a victim of V2S ( voice to skull) . I experience all levels of electric shock and harrassment as well as dream control and have even had someone walk behind me and respond to a thought that I was having in real time.

Thank you for your incredibly eloquent and well written article and for providing more assurance of what I already know to be true. I believed in my country as well. It turns out, The Nazis werent the only ones with a propoganda machine. We are not the good guys. And if you look carefully at history, we never were.

Should you have any questions pls feel free to write or perhaps we can even talk. i am happy to make contact with all other victims.

I would like to be on the list of EMF harassmt and gang stalking

For what its worth ,

being assaulted by EMF transmissions for 2-3 years or more[3/15/2014]  
50 years old 06/ /1965

Assaults

EMF transmissions to my nose and or making me cough followed up with gang stalking with subtle gestures

referring to nose or cough.

Gang stalks with the various gestures referring to the nose or cough

EMF voice to skull with connivingly calculated placed gestures to try to induce a destructive emotions

sometimes will try to make sound like some one that I live around or like some one else other than the EMFperpetuator

one of them wrote hard anal in my van write next to what I wrote Thomas Aquino=temple of set =NSA

I reported it to the police they filed a report/try earlier to report the EMF's they wouldn't file one.

Few times felt like I was secretly sodomized [on guy falkes night] when waking up in the morning[whether real of EMF induced don't know]

I also think they have software to alter media visuals being watched on computer in my case with nose doing the stalk on screen.

I know there are much more severe cases of assaults and harassment, but maybe there will a domino effect some day

and these traitors to the constitution and human rights will get a dose of real justice.

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is Romy Cochran.

I have been a target of neuroelectro-magnetic weapons, "MC" Microwave et. al. harassment 24/7.

I do not own a computer and have asked Dr. Klaus Rudolph if he might add my name to the International Harassment List.

I have refrained from such public display, but in case something happens to me, I would like to be remembered that I have endured this torture 21 years to date. Starting from the spring of 1987.

I live in California, USA. I would appreciate your reply.

**5/9/08**

The perps are getting to be more insolent, violent to my face...

How do I get on the international target list Klaus? Ist es nicht moeglich, dass Sie es tun?

**23/7/09**

I wish I had known about the Judge as I visited Geneva in spring. I might have been able to meet with him in person. I do not feel comfortable submitting my story to the internet, have hesitated that far.

I will send you a letter. Again many thanks,

Romy Cochran, San Francisco

**20/8/09**

I have been tortured since 1987 with so called non lethal weapons, am harrassed 24/7 with neuro elecetromagnetic weapons. Stalked 24/7, my home broken in during all hours, personal objects taken et al. A non stop nightmare. The suffering is ongoing. I have not filed an official report for fear of further retaliation.

**TORTURED IN THE UNITED STATES AND CANADA since 1986**

**22/3/16**

My name is Hillary Eloise J. Coombs-Connell (previous married name (Bell)

I am a "targetted Individual" Please add my name to the list of "TI's"- Hillary ELOISE COOMBS-CONNELL

My torture began in Boston MA when I had a myomectomy at the Brigham and Woman Hospital In Boston MA; Dr. Ross Berkowitz performed. While a sleep for the procedure he illegally implanted several anomalies inside my body, this would include; robotic figure of the "Higgs boson" and robotic arm of NSA, Transmitters, Transformers, GPS behind my pubic bone and an antenna that descends into my vagina. Battery to my heart, stent in my neck. RFID chips and puncture holes in my liver Transformers which I found out many years later.

These information include code/frequency was given or sold to various companies and private individuals, thugs for the sole purpose of control and torture. Eg "FFU" Livitation Behavioral Project" Canada and the US.

My torture became progressively worst when I moved from Dorchester Boston MA to Toronto Canada in 1990. This information was passed on to Christine Ann Caulford; (xdentist), Victoria Park Ontario Canada. From 1090 to

2012 she had abuse my by putting chemicals, Rfid chips, bacterial substances in my gum causing my teeth to break and rot, She stated in my chart, "FFU" I was called Miss Tuskegee; In October of 2012 I caught her injecting a serum in my gum. I asked her what it was and she jovially said; It came from down town Toronto office the government sent it for you" I did not believe her, nevertheless I asked why, she said; "We know how you like your beautiful teeth"

My head began to real, nausea, light hardheadedness, increase heart rate, and and BP, unstable gait! Some medication disguised as ampicillin was coming from my work; York Central Hospital; Some were with RFIDS chips

Concurrently to the above situation, I was ganstalked harassed, people coming into my home poisoning my food, electronic electromagnetic and microwave torture; some were done by my neighbours; as they point stuff at me and my body burn like hell. Thugs were allowed in my home stole my Canadian passport stolen, An old passport had an Indian stamp printed inside (I have never been to India) tracked by police tortured by police.

In the beginning of 2013 the property manager; Mary Lou had organized Road and electrical repair in the town house complex in Scarborough where I live and own my home.

These criminal added extra electrical current to my unit. Please note my electrical current is remotely control again my neighbours and their friends participate in this torture!

They point what appears to be a cell bone in the direction of my unit and my electrical wires began to crackle. Fridge and fans would change speed and my body torched with special emphasis on my vagina. Air crafts would do the same thing setting off my car alarm, couches inflate, particle dust rising and smell like burnt rubber.

Experience "VOICE TO SKULL" torture ordering me; LEAVE YOUR HOUSE AND LEAVE YOUR KEYS AND DO NOT TAKE ANY IDENTIFICATION WITH YOU!"

my my chest and my head felt as if ready to burst I could not breathe; I was told I would be tortured for life and there is nothing that I could do about it. "WHO ARE YOU GOING TO TELL" they ask. In 2005 I was pinned with my hands behind my back and could not move. In 2011, I was hit in the back of my left calf while walking; and my left leg was pinned to the ground and I could not move;. lucky for me I had finish crossing the street.

Taken out of my house by police whenever I ask for help; put on the psyche and drugged again. Lucky to be alive; There is so much more I would like also like to present photos

To Whom it may concern,

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

"EMF Torture Chamber" - Electromagnetic Torture Chamber refers to a crime that is being perpetrated on individuals by gangs of people who many victims believe are working for a government agency.

They are believed to be testing and using electromagnetic weapons on innocent citizens covertly to defame, harm and destroy people they want eliminated.

Mind Control, EMF Assault, Electronic Harassment, Hi-Tech Invasion, America's Secret Police and Gang-Stalking are all keywords for this crime.

I have been a target for non-consensual EMF Weapons testing by the U.S. Government for the last 7 years.

My whole life has changed completely. I was in great health when this started in Feb. 2000 when I lived in Millbourne (in Upper Darby), PA for over 7 years. I was a member of 2 bands that I played Trumpet for and I had recently had a favorable review in the Philadelphia Inquirer for my artwork (painting). I had been a runner for 25 years and lifted weights. I was in the best shape of my life. I looked good, was happy and doing well in my vocation. I had worked hard all of my life and was being rewarded in my career. Then I became a non-consensual target of Electromagnetic frequency weapons--a human guinea pig.

Now, my health has been irreparably damaged and my reputation as well. All of this because my neighbors decided to use me as a 'guinea pig' for the governments experiments on electromagnetic weapons. These neighbors were all Middle Easterners And the Officer who responded to my complaints told my neighbors that what they were doing to me was a "Hate Crime" since there were more Middle-Easterners in this neighborhood than there were Americans

When I filed complaints against them in the Media Courthouse I was refused with a smile. When I asked why the D.A. said it was retaliation. I said 'for what?'. No answer.

I went to the FBI and told them and the guy there laughed.

It's been 7 years and I now know that I am what is known as a "target of convenience"--just someone who happened to live next door to a government paid perpetrator of EMF (electromagnetic frequency) weapons-testing.

I have had my life destroyed in every way - socially and physically - and I have never committed a crime of any kind. I am an innocent citizen who was chosen for prejudicial reasons by some Middle-Easterners for this horrific torture.

I am being tortured constantly--24/7--for no reason by the government agency which we all believe to be the U.S. Department of Defense.

I am a non-consensual guinea pig for U.S. DOD weapons.

The European Parliament has passed a resolution back in 1998 calling for a "global ban on the development and deployment of electromagnetic weapons as they have been deemed too inhumane to use on the enemy in times of war". (Resolution 27 or 28)

None of us targets were guilty of crimes and we have been tortured mercilessly for years on end. This is an invasion of privacy as well as a physical assault on our persons.

Please understand that this is being kept secret and taxpayer money is being used to sponsor this crime against humanity. The government is breaking many laws to perpetrate this crime. Since it is being kept secret it will continue to be used on innocent people until laws are passed prohibiting them. I also think these weapons are going to be used for political reasons in the future. Any citizen could end up a target.

Please read up on this crime and help us to expose it and end it.

I was wondering if you could add my website. [www.geocities.com/xposperps](http://www.geocities.com/xposperps)

Alot of people liked my site because it described the beginning and how they start this up on someone just minding their business. In the beginning I didn't believe the government was behind it and I spent much time and energy emailing them thinking they would help.

So the beginning of my site says that I know now that it's the government but only after 5 years of thinking that it wasn't. It shows how even people who would never believe their own government would do such a disgusting thing---how even we eventually come to the same conclusion.

I hope you are well. I am hanging. Wearing the teeshirts. A woman thanked me in the supermarket for wearing them. She said she heard about this. That's a good sign.

**20/5/08**

I hope you are well. I pray for all TARGETED INDIVIDUALS' safety while this crime is being exposed. I am being hacked both internally and externally. I used to be able to send out emails but they freeze my computer so I can barely get a few out in an hour. Anyhow I wear the teeshirts and that's exposing this crime. I have "deformity, torture" and after a few years people noticed my face was indeed looking messed up. So, though I look like hell it is helping people to believe this is happening.

Thanks for the updated testimonies. I will try to get more on my blog. Have you checked out the teeshirts online for us yet?

I am regrettably one of hundreds of targeted individuals of non-consensual covert experimentation with electromagnetic weapons which are 'classified' and illegal.

Here is my story (which is being sent, along with 300 others, to people all over this country whom we think may be able to help us.)

I know what you mean about vegetable. My torture is also focused on that more than ever before too. Wikileaks is a bright ray. I hope one day soon someone leaks a list of the targeted individuals online. There must be an insiders list and I have a feeling that soon they will leak it and we will be known as targeted individuals of the Dept. of Defense. I am listening to Dr. Robert Duncan now----He's still telling our story too. Hang in and I hope you are soon let go from this along with all of us. Any day now. Thanks for your list. It will be our testimony in the future.

I want to tell you that you guys are much appreciated for what you are doing. I did not see my name on the list of people (victims) from the United States. I have been active against this cause for many years. Please add my name: Gregory Cousins.

Please let me know if you need any information about my case... They have been tracking me and targeting me by satellite since 1982.

15/6/08

It took me 20 years of research to find this out, so please don't write me and attack me unless you have some logical facts in hand... This information will prove to be very valuable to us TIs one day...

Facts:

1. We are being attacked with expensive weaponry, from afar, with invisible electromagnetic weapons.
2. They are using these weapons to torture us with, deprive us of sleep, etc.
3. They are attacking us and torturing us for a reason. They are gaining something from doing this.
4. We don't know the names of the individuals attacking us.

I finally realized who are attacking us and why they are doing this. Many of them are the very same individuals that you are writing to for help. Take a good look at Congress. Something seemingly impossible is taking place right in front of your eyes. Some of you have probably noticed it already. Take a close look at these individuals and others: John McCain, Robert Byrd, George Bush Senior, Bob Dole, the late Strom Thurmond, Joseph Biden, George Mitchell, Henry Kissinger, George Shultz, Joe Lieberman, James Baker, George Bush Junior. What do these individuals, and many more that are near to the White House, have in common? You guessed it right. These individuals have extraordinary longevity and clear thinking for their ages. I worked with over 1000 people for over 20 years and not one of the many older individuals that I saw retire ever showed anything near the properties of longevity that are being demonstrated by these individuals.

The Federal government has a budget the size of Japan's entire economy. Japan is the second biggest economy, by far, on the planet. No other country's military is anywhere near the size of ours. We have campuses the sizes of small cities where all they do is build weapons.

There is a little known invisible thing that happens between humans that, when one human tortures another one, the one doing the torturing becomes charged up (their hormones) and much stronger. Similar things happen between birds and other animals. Our leadership, who we trusted for so many years, has been able to use their vast incomes, and secret campuses, to create weapons that can accomplish this recharging mechanism from afar.

I was always wondering why they seemed so depraved in what they were doing to me. I knew they were getting a fix of some sort. Now I know what fix they are getting. This type of torture can increase their hormone levels by 50% or more. If these individuals stop torturing us, then they won't get their fix and they will become the immature old "boneheads" that they really are.

I have used this valuable information in order to charge myself up on them also. Believe me, it's fun to finally win some battles and see their facade disappear when they appear on television. Without the facade, they are just cruel, heartless, old nuckleheaded opportunist that will take advantage of anyone... even defenseless women and children.

Reality Report on U.S. & Its Nerve Control Attack Crimes...

It is essential to report that it is daily throughout the world of Mind Control Technology Attack Activities using satellite carriers of U.S. It started active worldwide since 2003, and is round-the-clock activity presently. It is ready

to provide in-reality information of where and when its activities to be there for traces in real time if requested officially. For examples, its activities are daily over Vietnam territory secretly and unsuspected. Its targets are unlimited and freely; It has been intercepted it monitors and spies over governmental and army important projects of Vietnam (petroleum business, national security defense,...). Unfortunately, it seems Vietnam's authorities not to know of it anyway! It is National Security Threat for Vietnam's and Vietnam's Peoples. Vietnam needs help on this space defense urgently.

1/11/08

News update - American Government's Satellite Mind Control Technology Daily Worldwide Attack Activities & Its Echelon Global Spy System Relation.

Early October 2006, the first time, it was reported on pravda.ru forum regarding American Government Satellite Mind Control Technology Attack Activities through out the world daily. After years long of interceptions and tracing since 2004, it came out American Government's Echelon Global Spy System relates to these satellite mind control attack activities. They are crossing territories of other countries from orbit space for these secret unsuspected attacks. They have been in mind control attack actions over Vietnam territory since 2004 and presently; current traceable evidences are ready for submission on request

**17/11/08**

It is confirmed from the reality that Satellite Mind Control Attack Technology and other sophisticated satellite remote attack technology are true and in worldwide round-the-clock activities; and intercepted such secret activities of U.S. Government's Satellite Mind Control Attack Activities since 2004 up presently. The current traceable evidences are provided on request basis. One of its dark Mind Control Attack team was intercepted in 2004, and that team is in actions nowadays. The team consists of 2 servicewomen and 4 servicemen; one can speak foreign languages; of course they speak English (American) natively.

Can you and your teams provide information of TI victims - who, where (gps location is the best), when (providing a head of MC attack occurs)?

Can you can publish such practical useful information to worldwide agencies not influenced by U.S. Government's power?

Can you want to try to work out on collecting wording patterns of voice projection attack and thought projection attack? These collections should help to help others realize its exist of mind control attack activities.

More to come. Please respond and your and others' cooperations.

Ackson Coyet

Thank you for taking the time out to review this matter. Below is briefly described me being a victim of energy weapons and gang stalking 24/7. Further details and medical documentation as to proof is located at my website.

<http://lesliecrawford.cabanova.com>

These perpetrators placed themselves beyond the reach of human justice inspiring others to share their views and acts of torture while conducting a secret assassinated on me with the following:

1. Emotional Abuse
2. Financial Ruin

3. Group Stalking
4. Harassment
5. Physical Torture with Energy Weapons damaging my Eyes by seeing, as in a camera, through your eyes, i.e. to see what you see exactly
6. Sexual Abuse with remote equipment
7. Verbal Message Transmissions - Microwave hearing
8. Reading thoughts (visual and audio) remotely by Computer-brain interface, control and communication
9. Inject words, numbers into brain via electromagnetic radiation waves
10. Control of sleep patterns.
11. Complex control of the brain such as retrieving memories, implanting personalities

## PREMISE FOR THIS ARGUMENT

### A. Summary of The Issue

In the year of 2001 I was 35 years old, and working in the United States of America. I expected to be a productive and efficient employee in order to provide for my two daughters (as a single parent and minority). I became the victim of being bullied in the workplace which consist of all forms of violent-harassment, abuse, and conflict that lead to an invasion of privacy within my home, along with gang stalking, and directed energy weapons, that was unwarranted and unwelcome behavior and acts of torture. I constantly faced nit-picking, fault-finding, being singled out and humiliated both privately and publicly, having excessive monitoring and much more because of some form of distorted or fabricated allegations I lost my job on 02/13/02 at A. J. Etkin Skanska Construction Company while working onsite at AT&T formally known as SBC Ameritech Telephone Company and have been losing jobs since.

Studies on workplace bullying suggest this crime is committed due to insecure feelings, resentment, bitterness, hate crimes and/or anger driven by jealousy or envy. Whatever the reason, my expectation of privacy was and is still being invaded by these Employers.

I have endured displays of private acts (Bathing, Nudity, Sexual Acts, Bloody Monthly Periods of Me and My Daughters, Personal Grooming Behavior, to discussions about the Undergarments I wear to work are just some examples to name a few) made public. These acts took place inside my home and were brought into the Workplace. Gone are the days when Employers such as the automobile magnate Henry Ford spied on employees of Ford's assembly line by hiring "a bunch of goons," to tracked employees behaviour during off work hours because drunkenness and adultery were grounds for termination.

Any Employers that have to go to such great lengths to keep a target of bullying quiet by using threats, personal stalking, an invasion of privacy, or dismissal definitely have a fear of being publicly exposed and do not want to be held accountable for their behaviour and consequences. I assumed at first, a private security firm was used to monitor my private life but why such overt and covert surveillance tactics or the Corporation used their own employees to conduct 24-hour surveillance. How else would they possible have personal information about what takes place in my home, work, and public places I frequent? The employees who have brought this sinister crime into not one (1) but several places of my employment have made their companies fully responsible for their actions.

Something must be done to prevent company employees from overstepping their boundaries. This is nothing more than an abuse of power, control, and authority when it is used in this fashion to regulate a private citizen' individual rights outside of the workplace. This atrocity should have never happened. What would give company employees the right to think they could transform a professional relationship into a personal one reaching outside the workplace? This type of behaviour is deemed highly offensive and Immoral to most people but they have gone as far as to using my neighbors, previous friends, company technology and other advance computer systems to target areas of my life such as work, school, love life, emotional and physical well being.

I am fully aware of Corporate Law which gives the Employer the right to reveal an employee's credit problem to co-workers may not be held liable for invasion of privacy, nor may an Employer be held liable for common law invasion of privacy if they circulated sexually suggestive photographs of an employee as long as it accurately depicts the employee in a place open to the public. However, this is not the case. Every incident was taken from a private setting while I was at home. I was made aware of the stalking behaviour or home privacy invasion by employees within different places of my employment over the past years since 2001.

There is no general protection of workplace privacy except where an employer acts tortiously--or violates the employee's reasonable expectation of privacy. Video surveillance, under federal law, is acceptable where the camera focuses on publicly accessible areas. However, instalment in areas where employees or customers have a legitimate expectation of privacy, such as inside bathroom stalls, can give the employee a cause of action under tort law.

My website <http://www.lesliecrawford.cabanova.com/> covers each aspect used to distort me and my families personal and private self-Image along with damages that include my right to protect my psychological integrity, repel corporate employees, and refuse intimate acts being displayed in the workplace such as naked body images and personal communications without my consent. Let alone, how my right to report and receive justice for these crimes has been prevent in the State of Michigan even though we have pass laws against directed energy weapon use. Anytime company employees take a persons' private life and make the situation apart of public information, then it was done as a form of psychological torture.

Written in a legal publication "The Right to Privacy, according to Samuel Warren and Louis Brandeis", these two prominent Boston attorneys argued that information about a person's private life being made public against his or her will, not only cause the public to view the person differently but, also in my opinion it has caused me to lose several jobs in the past. I have never condoned their behaviour nor was I ever informed of any formal charges as to why the harassing acts such as: verbal harassment using intimidation, terrorizing, threats, disgrace, shame, embarrassment, dishonouring my character, undignified events have occurred along with the physical injuries I have suffered listed in the Medical section. Frankly, there is no real professional reason as to why the harassment initially started which have also been transmitted over their company internet system at AT&T formally known as SBC Telephone Company, spread from business to business, and made available for others outside the company to view and participate in the humiliation and torture while they have been making TAPES of these torturous acts. The only logical answer I can think of, it was done because it could be done with company equipment/technology and management allows it. It really doesn't matter if someone in the workplace doesn't like you or not, or even if they did make a lie up to start these illegal acts, all that matter is the impact of this type of behaviour.

I did not consent to having sexually explicit audio and video (TAPES) recordings of any kind displayed in my place of employment or anywhere else. These company employees have invited themselves into my personal life and wont leave. They appear to be acting in a script as some form of spook just because they provide consumer information to the NSA and other forms of security. The information in these pages will uncover a new breed of employer workplace violations that are going unpunished due to the 24/7 covert and overt harassment. As a citizen of the United States of America, I have the right to be informed of any charges and to be provided with legal defence if they truly do feel they have a real reason for stalking, harassment, physically assaulting me while using a list of other illegal actions they called an investigating at times and test at others.

This experience has affected me (financially, psychologically, emotional, physically) and the mental distress on me, my kids, and my family alone as been astronomical. And what roles my so call friends played, etc.. I have never consented to this behaviour taken place so I don't understand why one of the women from the Union or Insurance Company would actually ask why didn't I do anything to AT&T formally known as SBC Ameritech Telephone Company in conjunction with A. J. Etkin Skanska Construction employees when they originally committed the crimes against me. For one, I did not know to what degree these crimes was taking place, I also went to the police department, FBI, EEOC, and hired an investigator which lead no where. Then I also sought help from the legal community which has also been prevented by my attackers.

However, as a worker at Michigan AFSCME Union from 2004-2005, this comment disturb me to hear any woman actually believing in her mind that this type of behaviour of any human is acceptable. Especially, when she verbalized that they did nothing wrong but just watched me take a bath. I cant believe that any corporation would go this far knowing they are breaking the law by physically shooting me with electrical devices and stealing past (TAPES) memories by accessing the declarative memory region of my brain that sends data of autobiographical events of the person's life which included my past childhood memories, my teenage to adulthood years, to every sexual encounter I have ever had in my life all to cover up the damages they have inflicted upon me and my family) These damages are listed

under the Medical section.

Studies show the capacity to remember one's own past (autobiographical memories) seems to be mostly located in the left hemisphere when using technology such as PET / EEG / MR / MRI / fMRI / efMRI Important left frontal activation in participants asked to recall specific personal events. This crime is still taking place every day and night. At one point they caused me to have slurred speech, retrieval problems with spelling, math, and mental focusing; along with body pain and a chemical Imbalance resulting in me bumping into walls has highly affected me because they very well knew that I had children, but then they stated they did their actions of watching me being assaulted for the sake of my children. And to have the audacity to demean or belittle their actions performed and stated "we all hate what you than been through but you have too much filth in your past to receive justice." Its common knowledge what Impacts a mother also affects the children. This situation has not only Impact me and my children but also my family, and anyone previous or presently whom I have ever associated with on a private manner was made public within the business community of the Metropolitan Detroit Michigan area. A violation of my civil rights by company employees has reached to such a degree of physical assault / bodily harm that I am suffering and have document proof of.

My objective is to make the World Aware of this incident and to prevent these acts from happening again to another person, and to put a Stop to their Corporate Spying of my private life in the future. It's not just about me, It's about all victims know matter where their located, suffering this type of injustice. As a Victim's who is the target of their unwelcome course of conduct involving repeated and continued harassment, the Michigan Stalking Law and The Michigan Penal Code (EXCERPT) Act 328 of 1931 750 section 411h defines their actions as "Stalking" meaning the wilful course of conduct involving repeated or continuing harassment of a victim's that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested for the whole world to see actually constitutes Unconsented contact since 2001 with their knowledge of my expressed desire to have the following misconduct stopped.

These crimes are like being held by RAPE Abusers 24 hours a day, 7 days a week while they sit back and laugh at the crimes they are committing as if they are an Evil version of God. Evidence of a pattern of continued or repeated conduct composing of a series of 2 or more separate acts caused reasonable suffering and creates "Emotional distress in a form of mental and physical suffering.

However, Michigan has recognized that electronic and electromagnetic radiation devices can be used as destructive weapons in its Penal Code effective 1st January 2004 by including such devices. Michigan has enacted a law updating terrorism and harassment by all current means including electronic or electromagnetic. This criminalizes such unlawful purposes as intending to actually harm or imitate such intention in order to frighten, terrorise, intimidate, harass, injure or kill any person. This also applies to property damage. The criminal penalties are quite severe starting at prison sentences up to 15 years for just doing this, up to 20 years for property damage, up to 25 years for personal injury, life for impairment of a bodily function and life without parole in the event of death. To cause a false belief of being subjected to this has a penalty including up to five years in prison. Under this law those carrying out the electronic and electromagnetic terror and torture campaign against me 24/7 for years would be liable to life in prison for having destroyed my eyesight. There are other impairments of bodily functions and personal injuries as well as property damage. Given this explicit passage of a law in the State of Michigan in the US effective 1st January 2004 recognizing the great harm which can be done by such devices and activity. I have excerpted the parts of the Michigan law below which apply to electronic and electromagnetic devices. This is Public Law 256 2003 and 257 2003. Go to: <http://www.michiganlegislature.org/mileg.asp?page=PublicActs> and enter the above law number and year information for the full law.

They joke, laugh and yesterday managed to stop physically using "directed energy weapons or sticks" to slowly murder me, a 72 year old woman, for "one day at a time". Yes, they have done physical damages to everything electrical....my car, home, garbage disposal etc...  
and have left scars on the inside of my right and left leg the size of smallish dimes. I do not, of course, comply with their requests for money or personal fame or infamy. They are intelligent at times(I graduated Summa Cum Laude and recognize they are well read).

I'd like to get Julianne McKinney's opinion of this small change...have ANY OTHER TORTURERS STOPPED PERMANENTLY after learning that persistent directed energy attacks on the brain areas of victims are indeed resulting in DEATH? Did they know what they were doing when they were persuaded to begin using directed energy weapons on other people? Who GAVE them these expensive weapons...and delivered them to torturers living in New York City but coming to CT to commit crimes. Why does the CT LIGHT and POWER COMPANY NOT MISS the electricity being stolen from their transmission lines?

My collection of COPPER SCRUBBING PADS from all the grocery stores I could find, unfolding them into tubes and stuffing them into the living of my winter white hat may have brought them to the realization of the fact that they were possibly MISLED when trained to do directed energy tortures on primarily intelligent women today.

Since I don't have the \$50,000 to invest in technological tracking equipment in order to physically locate those assigned to torture me every day for many years now, I need the help of others who may have made progress in persuading the INTELLIGENT torturers that there are better alternatives for their individual and family futures.

DEAR SIR/MADAM

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 1977. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I have meticulously documented each occurrence of these assaults. To hear my story would be terrifying and bewildering to an audience unaware of the specifics of these crimes so I will reserve it until I can clearly, coherently, and efficiently speak about them.

Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of 'criminal punishment' for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed.

This is indeed, cruel and unusual punishment.

I am also being denied my Constitutional right to pursue happiness. This undetectable torture is constant ?24 hours a day, including while asleep - thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that are arising from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as political prisoner or worse, as a common lab rat, not even human. And that this is happening on American soil, to innocent American civilians - some victim's former members of the military - is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

For reading my email and listening to my story, and your support and help in legislation and enforcement, I greatly thank you.

DEAR SIR/MADAM

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

To Whom It May Concern,

I am writing to urge investigation by the AG office of Mass into the usage of Directed Energy weapons and cointelpro-style tactics of harassment against me by investigators of the Gardner Museum Art theft, which occurred in March, 1990 in Boston, MA.

In August 1991, my mother, whom I lived with at that time with my young son, met and became romantically involved with a man whom I, years later, learned is involved with and/or intimately connected with several key suspects in the Gardner robbery. This man, Peter Bonfilio, aka Peter Bonfils, Placido Bonfiglio, Peter Buonfils, DOB 9/30/30, moved into her home in Oct or Nov 1991.

In April 1994, a Picasso painting arrived at my mother's home (by mail) which Mr. Bonfilio purported to be authentic. He, at that time, claimed to be the "trustee" of a "tontine" of paintings collected by his grandmother, valued at 460 million dollars, which were "on loan" to various museums around the country. Mr. Bonfilio had numerous paintings in his possessions, some of which I was shown, and other purportedly valuable art artifacts. I have described these items to the Gardner museum, FBI, RISP several times and for brevity's sake, will not go into detail in this preliminary background outline of events. Within a few short weeks of the Picasso's arrival at my mother's home, vicious Cointelpro-style attacks were launched against me. I have a very long list of persons who participated in this and in some cases either supporting documentation or witnesses. There was absolutely no evidence or reason for investigators to believe I was criminally involved in any of Mr. Bonfilio's criminal activity whatsoever, nonetheless, a criminal investigation began, primarily, I assume, to harass me into divulging info to the authorities or to determine what info I may have as a witness. My phone was illegally tapped, my home under 24 hour surveillance, my personal life and relationships intruded upon.

Since that time, I have received numerous deaths against myself and my son by email, my home has been illegally entered into several times, my computer invaded and "taken over" - to the point where the printer has turned itself on in the middle of night, programs downloaded and contents of emails I have sent out deliberately altered. My cars have broken down at rates that are highly unusual, involving very costly repairs. Persons in my life, at work and in social situations, have repeated verbatim phrases from emails and telephone conversations relating to the case, and I lost significant income due to these attacks. I have received thousands of harassing and threatening emails which the RISP refused to investigate. Additionally, the words to songs played on the radio have been altered. I managed to record some of these altered songs as evidence. The emails I have received indicate a high level of illegal surveillance, and word lists have been sent to naming what I watched on TV the previous day, said, names of streets I have lived on, middle names of family members, last names of persons I spoke with recently, passages from books I was reading. Words on these word lists as they relate to the Gardner theft cannot be considered coincidental - one such email contained the words "Pappas" (an informant to The Gardner case who was found dead in the trunk of a car), "don't tell" "committeewoman" (referring to my attempt to report the harassment to Ann Marie Turner of the committee for Gov't reform), "hearse" "funeral" etc. Much, much more has happened to me as well, but the threats against my son is of especial concern.

While it is difficult to prove psychotronic weapon harassment which has occurred on an ongoing basis, including electronic rape experiences, it is a matter of public record that those investigating the Gardner theft are aware of these devices, know how to access them and have no moral qualms about using them.

Mr. Larry Potts, an investigator hired by the museum, is quoted on line as being fully aware of "voice to skull" technology and considering its usage when he oversaw the Waco massacre. Mr. Potts worked for IGI (International Investigative Group). The president of this PI firm is Terry Lenzner, a man who claims friendship with the now deceased Dr. Sidney Gottlieb and at one time was his attorney when Congress was investigating this sick and evil man who is known as the father of MKULTRA. Mr. Lenzner is on public record as describing Dr. Gottlieb as an "American hero".

I leave it to you to research Dr. Gottlieb's work and decide for yourself whether he is a hero, as no meaningful investigation into gov't use of psychotronic weapons could omit a look at this man's work and legacy. While I am not writing to you specifically about the failed Gardner investigation, Mr. Bonfilio's association with this case is hardly speculative, and I gathered evidence (taped, copy given to the museum) that he related to the Merlins, knew Whitey Bulger and at the least attempted to conduct business with him, hung around with the same group of people, in the same place, at the same time as Myles Connor, is himself associated or a member of the mafia, was an art dealer himself (Boston Graphics Art Society) and has repeatedly claimed access to "tontine" of paintings he claims is worth hundreds of millions of dollars. He has often referenced a cousin named Carl and Carmelo Merlino is the prime suspect in this case. He has stated (on tape) that the Merlins of the Boston area is his first cousins, whom he grew up with and with whom he is very close.

However, whether Mr. Bonfilio is associated with this case or not is hardly the issue at hand. When investigators wantonly and deliberately destroy witnesses' lives, they become the criminals. I would like to add that Whitey Bulger, speculated as being a suspect in the Gardner case, was himself a "mind control" victim. This is on the record and provable - he was experimented on while incarcerated at Alcatraz, in exchange for a few steak dinners. This may help explain why the FBI is having such a hard time locating him and following up leads. I leave it to others to refer you websites and documentation on psychotronic weapons and other examples of cointelpro type lethal harassment. I sincerely hope you give this matter your utmost attention.

**19/4/08**

Thank you for sending this to me. While I am heartened that we are getting organized and getting some good documentation and a few good responses from congress, it is very sad for me to see that there are so very few people fighting these serious crimes against humanity. Keep the faith.

There is no help and no one to tell about this.

It is intensive and pervasive in every place I go.

It includes focused RF, chemicals and some kind of agent/experiment that affects my bowel and seems to migrate and I am getting weaker.

There is NO one to tell.

It sounds nuts.

It is daily, chemicals in public restrooms, people following me, RF creating pain at my house, releases in my car and home of things that make me sick in the air.

Daily I get jabs in my jaw, followed by surges of RF or whatever that cause more symptoms.

I believe I am on some kind of experiment and kill list.

I did nothing wrong.

I care about health and wireless risks, an activist. Conservative in the U.S., too.

Began 2010/11 with skin burn up to shielding clothing lines, and pressure/pain (possibly) but had NO idea it would progress, and thought it was random RF then.

2015 the aerosols began, and bowel always discomfort since the 1st ONE.

Seems to be triggered to be worse and migrate by RF.

Family/friends and anyone I speak to seem to possibly have similar problems, but not as intensive.

I believe I will not make it, but my faith protects me, and I will only go when GOD thinks it is time.

You do realize that my communication here will make things worse for me. Immediately. But who else will care?

I would give my name if you need it.

Otherwise,

I am part of the community that has become aware of the covert harassment activities through direct experience. An important point that I think your outreach disregards is that these criminal activities are intended to control the world population. It is not about the people who have experienced and become aware of these activities. This is a continuation of the population control that came directly from the German holocaust. The experimentation in population control and eugenics were imported by the US and Pres. Truman under Operation Paperclip in 1945. Evil of the magnitude of the holocaust does and did not simply stop. What we are addressing is the continuation of that culture of torture with present day utilization and abuse of technology by very disturbed people and their enablers to control the rest of society. Let's not buy into the fact that it's about us.

**It's about a segment of the population that are diabolical due to psychological disturbance and have the lack of conscience to control their pathologies. It's about the proliferation of an unchecked very sick few who have managed to cancerously affect us all.**

They always speak in code, they are saying one thing but mentally if you "read between the lines" you can truly hear what they are saying. I am in the GTA are and am looking for others around all of Canada. I have my things planned for these people. Contact me if you guys really want to start giving out some sweet justice to these people. In a peaceful way, of course.

P.S : Everything I type is monitored, every time I breath it is monitored, everything in my house is tapped, every where I go I am followed by MOBS of them. And that is how it is for all TI's. But do NOT BE SCARED, they use fear against us.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Now I will try and explain the living nightmare me and my daughter Sara haven't woken up from yet. It all started last December (when I noticed that is). I have a big picture window at my office and there is a street right in front of the window. I am not the gazing out the window type, but I am very aware of my surroundings. At lunch time I would go home and either do some house work or a little work on my second job (liability insurance asst). I also clean the office where I am the Office Manager and I just became a notary. I try to do as much as possible so that most of my time is spent with my daughter. She is the love of my life. I am there when she goes to school and I am home with her shortly after school is out. One day I noticed that it sure was getting a whole lot busier on that street and the one day at home during lunch I said to myself those are the same cars I see at work. So I observed for a good week and took photos. Yep, same type of vehicles (make & colors) but they all had different license plates and drivers. Then I started noticing people waiting in their cars in the parking lot at my work and outside my home. Once they saw me they started their cars and left. Then came the shining their high beams when they were in back of me and when they were on the left side in opposing traffic. When waiting at a signal on the other side of the street in the left hand turning lane they would flash their high beams as each one made their turn. Quite mature I thought. At that point I went to the internet and started looking up any word I could think of to describe these activities. I stumbled upon gang stalking and noticed another person's testimony sounded a whole like mine. From that day on my education on Organized Stalking began. Other criminal activities include; tapping my phone, they would be waiting for me at my destinations, which only they could know by hearing my conversations on the phone. Blocking emails, stealing my mail, tried retrieving my password on online bank accounts, crank calls at home and work and have damaged my property on several occasions. They honk whenever I leave or arrive at any destination. They know when my daughter or I use the restroom, when we wake and retire for the evening. 24/7 when we open our front door or back door or make any noise at all, you hear the cars coming from behind the house ready to greet us. Also, there are white planes and helicopters hovering over my house 24/7. I have hundreds of those pictures also. There are a lot of people in my neighborhood that are involved. I have confirmed their names, addresses and have 100's of hours of them on tape.

I have had a certain police dept. put me on the side of the road like a criminal for taking a woman's picture that had followed me all over town. I had an Officer come to my home and try to get me to go on medication because I squirted a woman with a hose that was using every foul word in the book with children around. Hum, what's wrong with this picture. I have at least 4 near accidents a day because of them trying to set me up on the road (square you in). Or they wait on the side and pull out right before you approach where they are waiting to turn right. One evening I swerved and ended up on the other side of the road going against oncoming traffic. My daughter said to me "he tried to kill us didn't he mommy?" I said "I have never lied to you before and I am not starting now, yes, he did."

The only question I ask myself anymore, Is what happened to all these people, how did they get so sick? These individuals are completely insane if they think they are not in line for stalking also. These people agreed to participate in this evil, demented game of Sabotage, their life is over, there is no going back and we all know what will take place when they die. I don't hate these people, I can't they are mentally ill and are in need of medical treatment. What I do hate is how dare them take any precious moment I have with my daughter. I have 18 witnesses, co-workers, friends and families. I also have a PI report to confirm what is happening outside my home and on the road. I am waiting to see what the police are going to do about this situation.

I could go on and on, but this is a start. My god how did this get so out of hand. These creatures are degrading our law enforcement, WHAT IS UP? We have 1,000 criminals stalking law abiding citizens. What is wrong with this picture????????????????????????????????

Your "situation" is the first one that really got me moving on things and putting my research into action. I hope that things have improved for you. I know that our good President Obama ordered the military satellites to stop, but almost every government has their own. For example, the state of Washington where I live has its own satellites. There are a lot of "concerned citizens" who follow me around and act like idiots. One time I was buying a scanner and I was very excited because I thought it had a negative scanner and this moron using their phone to record me said,

"She's overacting."

EXCUSE ME?!?!?

On a base level these perps do not realize what they are doing is my guess.

The retail stores are really a drag. I wonder if in your case your consumption is also being tracked? They keep calling me a thief and a pedophile or some kind of ridiculous charge. I've heard the thief charge changed to "petty thief". Then I have heard the punks across the lane plot to steal my computer. They say that someone wants the information on it and then they get the computer or some kind of crooked deal. They have been xraying my possessions and one day I was downtown and I heard someone say, "I'm not going to re-write the section about their possessions." Why don't they write about how Paula Rucki and James Hall used the equipment on me incessantly, burning off my hair, bringing in the neighbors to watch me shower, burning out my teeth on one side, scanning my brain while I'm in the kitchen making it very difficult to fix meals. When they tortured me at home, co-workers would let me know they were in on it by staring at the part of my body they were currently targeting and one time they even had the nerve to discuss the mercury they had observed in my brain - in front of me - and held a thermostat up insinuating that the mercury had come from stealing their thermostats. I could bitch about the ridiculous crap I go through on a daily basis, but they do not stop. I'm going to look into something I heard last night while watching some of the black caucus discuss the arrest of a Harvard Professor in his own home. One of the women was heading a program named the FBI's "citizen academy". Sound like a potential perp organization with nothing better to do than to attempt to incriminate....

As I am listening to the television it seems to me that these idiots are treating our dear President the same way they treat us, making ridiculous claims about his character, policies and even his birth.

We need to organize to find a way to answer to these ---- maybe you can find a name for them - something more powerful than perps – how about VULTURES? VULPERPS?

"I have not yet begun to fight."

I just heard the kids outside say to take out of the garbage what I throw away, This is what Paula Ruchi and James Hall did at our last residence.

Have they thought of any other way to violate us? I think I'll send this to the President also.

**17/9/09**

I read your diary earlier. I also have been mutilated publicly broadcasted upon the internet. I have seen some of the equipment and two of my perps became doctors. In my case and I believe in many of our cases, medical equipment is used. All it takes is one accusation and they watch you for life because they make money off the experiments they perform upon you.

I am watching a commercial where they ask for money for starving children. Do you know how much money they spend on these programs they impose upon us? I heard the officers say millions. If the medical community truly cared about people they would never do what they do to us to a living soul. We, like the other animals of the earth, are being watched to death.

Neuroeconomics: How neuroscience can inform economics

Neuroeconomics

Somehow western culture has lost its civilization. The brutality seethes one millimeter below the burnt surface. How can we wake them up?

**24/3/10**

They recently blew a hole in my eye. This is how they give us glaucoma. There was blood on my scarf - like it was blown there. They said they went to the University and "she" stood up and held out her hand to shake theirs. "Nice to meet you," she said. "Yes," she said, "there's a hole."

Later he was talking about my little sign on the window, "no computer". I just brought my computer back. He said, "there IS a computer". "I WILL suit up" he said.

One of my coworkers said, "My wife works at the University of Washington. She said they watch you till you die." And so does everyone else, because perps do the videos and I even caught the House of Representatives watching me live through the TV/camera/cable mechanism. The speaker did alright, but the people behind him were squirming and trading places. I was flipping them the bird and cussing them out for watching me.

One more thing. I found someone in a town a few miles away they are doing the same thing to her almost exactly - they even call her the same name.

It has been 18 years from hell with a family that has been hurting me for as many year I have stated. I am asking does anyone know anything , I can do to stop the voices that talk all day into the night never leaving me alone and have damaged my family because when you are talked too as often as I have, you can no longer think of what to say to your spouse and children.

I am 52 years and near the my end in life. They have told me 6 years and I will be gone. I have been hospitalized 17 times, Jailed for crazy things because I cannot find them.

I am asking, does anyone know more of what I can do too stop the phisical abuse I go through each and every day.

Thank-You to the group, for any ideas too help me.

I know signal Corps is involved as well as a new way of servellance which is used with google earth and there building software.

When these two programs are hacked they then use the building software to map you home and can see right into your home.

I swear this is the way the group of people use to see me hear me and who knows what else they due to my suffering body daily.

Please any thoughts too help me would be so greatfully appreciated.

13/8/12

I need you too Please look at this story as a Doctor, Tec, and sientists.

Everyone must please be happy that all of us believe in sientific case's. My case really needs people who are not looked at as smart people but we are a group that might help me and some friends.

12 Years ago Married and saying to my wife that I felt sick and my body seem's to feel like electricity, going through me. Also tourcherd by all of these people. Funny thing is the I played Hockey in this group , they talk to me everyday all day till 10:30pm then I can sleep.

I have electricity running throuout my body daily. 26 People useing what ever, but it too can read my thoughts.

It is hard too sleep even though I know each and every person talking to me . These guys played Hockey with me. I new alot of them .

I have gone to at least 8 people that I know and there is never any information untill I found were apt 708 , 311 The Westmall, Toronto,On, Canada.

They and all the other people have made there life Covert and ever7y place I went to say the moves about 14 years ago.

I have been Hosptitalized as a Mental Patient , it was hard but T.V. helped. I was diagnosed Sycotic and another one givin pills so many to take each day 13 pills 4 times a day.

I went into Queensway Hospital screaming my stomach and I wastranferd by Ambulance and a needlse a Nurse gave me 180mgs of Morpine. As soon as I got too Mississauga Hospital, I was too go directly into Mississauga sister company of itself. I was never seen by anyone untill the 51 hour of screaming my head off. 2 Years facedown on belly and fetal position. Diagnosed P.T.S. Post. Tramatic Syndrome.

I went through another tourcher were I screamed with my Wife at my side for 7 mins and 5 seconds. I thought my teeth cracked and after Dentist view 7 were cracked and removed the day prior.

Enough about Tourches , I go through it daily. There is no way I will be sure that people will help us. I am being killed everyday and night scared because I hear them talk all night. Some words are nice but other are terrible in language.

Anything to help my Family understand it. If I will ever be free.

God Bless I live in a crazy hellish life with the one's who talk too me.

First my name is Dave

I need to know who I can talk this too and how do I get others to believe me. Ever had them embarasse you.

An Engineer is the pearson whom knows these things.

He is the one person amoungst this writting that it could be possible. I feel sorry for those out there. See they want you to do what they say or slap.

I know each of them but I cannot prove there werabouts , phones gong they are out of Toronto. How close does there transmitter need to be at,to touch you.

Also never even thought till just now. I had a person put something in my Drink and not of my proving it. Never the less it happend and I am Ti. 12 years of conversation. Not voices like Doctors would like to put it.

I know of a worker at MISSISSAUGA HOSPITAL she is a nurse and a guy named Robert Patterson is a person to move meds.

I swear someone Seon Kinkley was coming to my house once a month near the end of the month.. My Wife Debby Hooey witnessed this occation.

His Grand Father has a machine from MISSISSAUGA Hospital and it's a machine to help the muscles, it is for the Wheelchair victums and the paralyzed. This weapon is used on me dayley. They have given me a death date year after my Mothers death.

It is scarey but if it is God Will then see you on the other side, 4th demention.

I am deeply saddened when I hear of cases such as yours. I don't know you, but I can relate to what your expressing. I have been going through the same thing that you have.

The only difference is you have had to endure these atrocities for a couple years. This April 11, 2008 will mark my 26th year of torture. My time of torture is pale in comparison to some of my comrades. I don't know what your background is but just the fact that you have remained strong over these past couple of years tells me that you can endure until the end. Stay strong my friend and be of good courage.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

A ton of unpublished military technology exists that should be in better hands. My family and most of the people I know are in a trap, victims of a security program that dates back to the 1950's. Most of us are not military. I would really like to have a contact so that I can inform someone interested in the medical end of it, and able to help existing cases. You seem on the right track, but this is mind control. There would be important non-military uses for the program, powerful computers and implants, were there a change in policy to allow some access.

I am the third generation in my family to have one of the implants, many now know it as a type of an ear phone. I have been guided into military and nuclear power plant security zones and restricted areas while kayaking around Lake Huron in '89, Superior in '90, East Canada in '91, The Voyager route in '92, and more, Naples to Myrtle Beach '05, these are trips where in one year I've gone near or over a thousand miles. Kayaking is what I did to explore and have fun. I've learned about a world connected by water and airways, not just local roads. The people I know control borders. There are real uses for these implants in that world. Bugs and birds are run by mind control computers. It's a far bigger problem than most know.

What more people need to know is that the technology is now very advanced and getting to be very invasive and dangerous when abused. It's not something that should be approved for use without good reason. There are voice controls and the implants I have now control my voice and other motor skills. It is scary what they can do. I can get a signal, the chip will kick in, and I'll cluck like a chicken if they want me to, or do things like make baskets from

the half-court line ten times in a row, near perfect as if a short white female with no groove can shoot hoops!

You may not want anything to do with this, it is beyond the law. There are three sides to it now, and I think more people should be informed. It's clear to me, my father being part of both a military and medical system, medical people belong on one side acting only within laws that are not abused. I am a victim, we have had no rights. Those like me, with lots of history are sat on and forced to suffer. Victims are blocked from reporting and from getting proof the implants exist. The people who keep it covered up are way on the other side. I know they are real criminals to send all kinds of signals, like what is nearly killing me, jolts to prod as if playing, extreme torture, and hacking the system to hear what goes on or set up automation. It is real torture and much of it is automated not what some victims think are Nazi organizations or haunting. For almost a decade, abuse has been happening more and more often. It gets way out of control. There is a prison guard culture to it much of the time when it becomes active. I'm sure the problem is no oversight, and really bad policy. It's not the connections I'm sure this was designed for. One of the older victims I know was part of a crew on a Vulcan nuclear bomber for the RAF. My husband was an iron working building a nuclear power plant long ago in England. What many are reporting now is true. There are a lot of victims. I have never been able to tell my very real story no matter all the things I've tried. I was Baker Acted for calling 911 while being subjected to painful sexual stimulations. I now try to endure constant torture that I can't stand even as a strong kayaker and someone who knows this can turn into great technology, just not with whoever this has been at the helm.

If this is exposed, there will be people free to solve other problems. Duodecimal is a good example of a better system. So far, we just can't seem to have change. Mind control will run the reptilian brain to numb us up and dumb us down, there may be no end to it like a bad prison system. I am blocked from working on airborne windmills and they are easy to build unlike towers made of tons of steel. Windmills on towers solve 1% of the energy problem per year at best. Thinking people have the answers. Some know it, there is other intelligent life in the universe, fellows.

**22/8/09**

As a victim with a huge history of being used and linked to others who get used as well, I'm not ok. I can't stand this real torture and how it's lighting me up right now so that the stimulation I'm getting could run a house and I may as well give up it would be such a relief to be out cold, as cold as they make me in these sessions that last months now. I'm in real, real pain here. As I write that they just keep at it, sending jolts. It is not more information about more victims that never do help each other that I need. This is all just one big sick time of playing with people and causing pain. It's clear who's running the Implants has spun it into an automatic ugly wave. If there's any good and they think it will help, I doubt that. It's a crime spree and hope hurts. Many lives are made very small and it seeks that level. I am very hurt at this point and I've tried this route. It didn't help the last time. The whole story is too big to be sorted out and so you have to pick some poster child, as big as my case is, that's not me. Stop the source with one case that will do it first. Follow up on people damn it! I've been in hell since the last round. I touch a computer only once a year or two or three, in this fashion. I am jumped on.

I have a place here in Florida where people I screen can come and camp if they want or meet for a camp fire. If you note that down, it may come to a mass mailing and a meet set up for the longest night of the year here in Collier County if I can get more help. Plan slowly and act fast. There must be no quarter. This is a very old plan. Camp Sweat-A-Lot is isolated and has been a real hot spot. I want to back up those who are telling a true story. I need help to stop this "always being a victim" problem where there's no real action. We never have had the right to meet. I've had to sit on a time bomb that is far more important than the mind control technology. Very important work has to be done starting now, no matter that it will get in the hands of this sick generation, what are just like hackers who turn the real world into a game when it sure as hell is important that they not run in a bitmode way that's like the acts of sex bots. It may help that it can be a wave of sudden change from that to real and wanted work. Most would slave after change. Will you tell me who you are, and will you hold on and work?

Kim Davis

**27/8/09**

I am going to see a doctor who works on implants for the public to see if they can help. Calling every number in the book, they refer to earsinus.com as the most advanced. To date, when my hearing has turned off and on and quit, I was treated without being told what can cause that, or told it's wax in my ear when I had wax flushed out after the hearing had come back after staying in a very strange place with silly strange people that I didn't know.

My life has been isolated and I know generations of old victims like Bill:

Here are a few of the Bill stories that need to be recorded:

He missed a flight due to sudden illness after being on leave in Yemen. The plane crashed and the crew was lost.

He slept with a young black girl provided to him by her father in the Sudan.

He=2 0made love to his wife on the 19th green, guess where?

Minsk was the target. Every man, woman, and child would be killed. They had 4 minutes to get off the ground in that insane design which he knew had real problems. Two Vulcans were lost, one over water and one landing, that he can tell about. He's tried to sketch on a napkin at EI, how to build the ever-loving detinator and would tell what he will be clearly blocked from saying if it's still secret. So he must not be pushed about implants and please just listen to his side.

When he returned home, he went out and was so tan, he looked like what my British husband calls a rag head.

When he came home and started a new life, he was slipped a drug, and went nuts. His jobs were gravy like some I've had.

He had sex with the wife of a guy working at the pentagon.

He met up with those I know, shortly after.

He got stuck by the barb of some sea critter while swimming, and keeps it to show while telling the story, and has the leather jacket, and photos. A nice package to show me. Sleeping in my bed, with a woman who'd slept with my husband. Cramping the style of EI visiting years in a row to find no love.

He was asked to speak to students in Canada and met a side unknown to him as a hero. He felt let down not being called to do the mission they trained for.

Bill is not answering mail and may be dead, again. I have a call in to his home. It takes permission to contact him at any level.

Please tell me who to contact, who you are, and what contact information from me that you may want.

I am a citizen of the United States of America, I've been a victim since 2000, I'm now 64yrs of age, I'm being tortured everyday and night, it's a none stop situation, if you ever had a brain freeze well imagine it being 100 times worse and harder, the constant loud ear piercing buzzing that feels like an ear infection with muffled sound everyday and night constantly due to the implant sneakily blown into my ear while standing in line at the store, and another after a neighbor calls me out to meet her at the back fence so she could talk to me, I was shot in the the butt cheek by someone in the next building. That hurt very badly, I thought it was a bee sting, I pulled out this strange looking inch and a half looking brown thing that was much too big to be any insect stinger, every once in a while I'll get a knot in that area. I'm also on insulin which has been tampered with along with my food and other edibles, entering my apartment when I'm away, destroying and stealing whatever, damaging evidence I'd gathered against them, stole spy cams hidden inside my apartment...and the list goes on, I don't want to take up any more of your time so I'll end here for now.

I had just been thinking that it wouldn't surprise me if the DEW attacks and advanced technologies that hurt us are coming from someplace in China or from a source that has absolutely no personal connection to many of those 'targeted'. For all we know, aspects of this could be a new computer game cooked up by some computer geek teens. That's why I don't take this personally. I am traumatized and devastated, but I think it is all the result of a very sick society. It is they that have the problem. The utter stupidity of the activity suggests both disturbance and juvenile behavior.

I have been a targeted individual of directed energy weapons for about one year now. This started after I went on disability from my job.

When I told one Doctor about these crimes, he did not believe me and thought I was paranoid and delusional. The insurance company sent me to a Psychiatrist for an independent assessment. The Psychiatrist did not allow me to speak freely about what is going on. He also refused to see many of the pictures and reports I had brought with me. The Insurance company told me that the appointment should take about two hours, but the Psychiatrist was finished in 40 minutes?

I would appreciate if TIs could call, fax or write their stories to the following Doctors:

Dr David Crowe (Psychologist)  
405-2249 Carling Avenue  
Ottawa, Ontario  
Canada K2B 7E9  
(phone 613-564-7028, Fax 613-596-3250)

the Psychiatrist that did the independent assessment:

Dr Ken Suddaby, MD, FRCPC  
17 York Street, Suite 403  
Ottawa, Ontario  
Canada K1N 9J6  
Phone (613) 230-1916 Fax: (613) 822-5182

or you could send them to me at [andydel2@rogers.com](mailto:andydel2@rogers.com) (copy yourselves and send it with a read receipt as proof since I have not received all my emails in the past)

I should of mentioned that I will be forced to take medication that is not required and will really make me sick. If I don't take the medication, the Insurance Company may end the disability payments

**LETTER TO CANADIAN PARLIAMENT AND GOVERNMENT**

Dear Honourable Members,

I was watching CPAC and saw the Standing Committee on Foreign Affairs And International Development. In this session, you were discussing the study of the treatment of Canadians abroad by the Government of Canada. I appreciate the frustration and understanding some of you displayed at the fact that such treatment of human beings could exist. I sympathize with the pain and horror that Suaad Hagi Mohamud and Natalie Durocher are going

through and hope their situation gets rectified as soon as possible so they could live a life with the same rights, protection and treatment as any other Canadian.

I would like to bring to your attention a very disturbing situation that many of us are currently experiencing. We are victims of torture in our own home by the use of direct energy weapons and mind control technology directed at us. The pain and suffering that we are going through is incredible and no human being should be treated as such. Unfortunately, our situation is being ignored by many and try to tell us we are suffering from some kind of delusion or paranoia despite the many articles and books written from Doctors on this topic. We are experiencing tremendous pain, harassment, sleep deprivation and so much more. On August 25, 2009, some brave victims of direct energy weapons and mind control protested in front of the Legislative Assembly in Toronto. Even though there were only 3 victims protesting, I have been in contact with over 40 victims in Canada (mostly in Ontario and British Columbia). Amnesty told me on two occasions that more and more people are reporting to them that they are being tortured by these weapons.

I along with many other victims are trying desperately to end this torture and get on with our lives. I have many questions and I'm sure other victims have many more.. How is it possible that so many Canadians could be treated with such cruelty, stripped of their freedom, peace, dignity, health and so much more? What is in store for our children, grand children and future generations if this seems to be acceptable enough that no action is required? What would you do if you were being treated this way?

I don't see any issue that could be more important in a country than the fact that so many Citizens are being tortured. I would appreciate that these Members who have showed deep concern and compassion towards the suffering and cruelty endured by Hagi Mohamud and Natalie Durocher will rise up to help end the torture of many Canadians. The action or lack of action taken will possibly determine if these victims and our families live and what kind of life we will have. We have already suffered and lost too much.

I have attached the letter some of us have sent to the Supreme Court Justice in February 2009.

Sincerely,  
Andy De Lorenzo

Dear Sir/Madam,

This is to inform you that my life and that of my family members continue to be negatively affected by this ongoing "secret" crime taking place which tries to possibly label the victim as delusional, insane, psychotic, tries to possibly entrap victims, discredit them, harass them, their services, sabotage their services and property such as vehicles, computers, phones and so much more.

As a result, it seems that I may be filling out a form from the Office Of The Independent Review Director which looks into Police oversight. When I had contacted Police, filed Police reports regarding some harassment, my car being broken into once, damaged twice in hit and run situations, showed them the results of the electromagnetic readings which prove there was extreme abnormal electromagnetic radiation being inflicted on our house and so much more, it was not taken seriously. I was told to go see my Doctor once and when I would call the Police, I was often being transferred to the "mental health" unit. Remote disruptive remote tactics continue to be used to disrupt our lives in one way or another. Many services have been disrupted including the manipulation, hacking of computer, emails etc. At 12:09 pm today while the internet cable is disconnected, I see that emails may be possibly sent out successfully. My router may be used as a possible wireless device to access my computer, phone etc. including changing the words after I type to discredit me, make me look insane etc.

Since this situation has gotten more and more public, the possible threat to mine and family members lives increases and family members seem to have been turned against me making the situation in my family more disruptive than ever in my life. As a result I called my tenant some time ago and told her that unfortunately I will need my apartment for myself and plan to move there on July 1, 2012 forcing her and her daughter to have to look for a place and move. I wish I could have offered her something else, but since I have not worked in about 4.5 years due to this incredible crime, sleep deprivation, pain and suffering, I could not apply for a mortgage. Basically, this crime has affected every area of my life and it continues to do so. As I have said before, it is only by the grace of God and my faith that I am still here and feel that I have to share this so people will know what I am dealing with and the increasingly possible threats and challenges opposing me.

My heart goes out to so many other victims suffering as a result of being victims of this incredible crime. I hope we could finally experience peace after the sight of death every day of our lives (1,479 days for me as I weep typing this) even though we are left alone at times to allow us to do things so we could be look "normal" and be discredited. This shows the level and sophistication of the crime. Once again, thank you for your time, patience and any support that was offered in any way.

Sincerely,  
Andy De Lorenzo

20/8/09

Petition date starting in Ottawa and Toronto from Aug. 25, 2009

Dear Member of the Canadian Government:

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller'(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government "doing nothing" in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

"Doctors Mengele", who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

We are thousands and thousands of victims especially in Quebec, Canada. We are nationally being micro waved. I believe the people in control of all this in Québec is the Mafia who moved from Chicago because of our fucked up laws here in Québec.

The ones driving around me with big fancy cars are Italians. There is no dough about it.

Some times, I feel like writing a cartoon story - it is so ridiculous to me.

I am sorry, but, I am too smart for this. It is so ridiculous to me.

I will probably die for saying this.....:)

**DEAR SIR/MADAM**

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**Yo apoyo la campaña mundial, contra la tortura y malos tratos utilizando ENERGÍA DIRIGIDA Y ARMAS PSICONEUROLÓGICAS, que mutan y asesinan a la humanidad a control remoto en forma vil y cobarde.**

La corrupción en los gobiernos de todo el mundo, junto con la complicidad de la ciencia y tecnología avanzadas en manos de criminales, que se encuentran muy probablemente en Japón, USA, Inglaterra y otros países aliados, que no merecen ser mencionados. Ya que ellos son, los que tienen la infraestructura necesaria económica, política, científica y tecnológica, para producir y diseminar estas nuevas armas de energía dirigida a control remoto, por radiofrecuencias bajas o altas, electromagnetismo, longitudes de onda, para tortura y control humano. Y la falta de legislación inteligente y avanzada, tienen al mundo en un peligro inminente de esclavitud, control y muerte, solo para beneficio de esas potencias. Y que enmascaran estos objetivos de maldad, haciéndonos creer que producen estos adelantos tecnológicos como métodos de seguridad nacional y de curaciones "milagrosas" en el mundo de la medicina y otras áreas relacionadas con el bienestar psicológico, biológico y social.

Soy una victima de tortura y de viles y cobardes tratos con la utilización de tecnología de energía dirigida y armas psiconeurológicas.

El uso y abuso criminal de estos procesos, me han producido un gran número de signos y síntomas, en mi organismo, de orden físico y mental y que he estudiado más de 10 años y que menciono a continuación: Y que son producto de un proceso científico y tecnológico donde producen una programación con interactividad en tiempo real, utilizando metodología hipnótica, subliminal, virtual, psicológica, neurológica, electroquímica a control remoto.

- 1.-Tratan de inducir en mi, un comportamiento perturbado.
- 2.-Oigo voces. Con ideas delirantes, amenazantes, con injurias etc. La claridad de las voces aumenta cuando estoy cerca de ruido estático de los parlantes y de transformadores etc.
- 3.-Escuchan lo que yo escucho. Tratan de hacer creer que participan amigos y familiares. Pueden hacer creer que el sonido viene de diferentes lugares.
- 4.-Ven lo que yo veo. En mis ojos percibo estructuras micro circulares y filamentos, junto con una estructura que parece una micro pantalla de t.v. de 1 cm. Por lado. Que me transmite imágenes perturbantes y que además envía imágenes a ellos, de las respuestas de las estructuras internas de mis ojos.
- 5.-Mareos, vértigo. Dolor de cabeza.
- 6.-Percibo, siento que la tierra o la cama tiembla ocasionalmente.
- 7.-Acoso con tortura, psicológica y física. Tormenta eléctrica cerebral
- 8.-Juegan con mi memoria y mi imaginación. Me distraen para que olvide donde dejo las cosas.
- 9.-Crean una pseudo conciencia. Mediante el acoso oral, imagenológico y electrocuciones neuronales 24 hrs. al día todos los años, en sueño y despierto y no permiten mi pensamiento normal. Intercepción del pensamiento
- 10.-Sugieren que saben que olores y sabores percibo.
- 11.-Sugieren que pueden leer mi pensamiento.

- 12.-Proyectan películas en mis sueños, en donde yo soy el actor principal y que son verdaderas pesadillas. Con temas de persecuciones, miedo, actividad física agobiante, de infidelidad conyugal. Etc.
- 13.-Inducen sensaciones de fellatio en mi pene.
- 14.-Alteraciones de la libido o apetito sexual.
- 15.-Tratan de manejar mis estados emocionales. Para enemistarme con mi propia familia, jefes o amigos etc.
- 16.-Afectan mi profesión, economía y patrimonio, mi vida social y conyugal, etc. 17.Afectaron mi trabajo. Por comentar en mi centro laboral acerca de estos procesos experimentales y proyectos para manipular, mutar y asesinar a la humanidad, me pensionaron mañosamente, en el sector salud pública institucional de los trabajadores del estado.
- 18.- Aumento del tono muscular, contracturas musculares dolorosas, dolores de extremidades superiores e inferiores.
- 19.-Disminución del parpadeo.
- 20 Producen somnolencia, aumento del sueño, insomnio, aumento del apetito y vida sedentaria que son factores de riesgo cardiovascular.
- 21.- Inducen fobias, adicciones a drogas, alcoholismo, manías, infidelidad, mecanismos obsesivos compulsivos, inducen gastos o compras innecesarios etc.
- 22.-Desorientación transitoria en espacio.
- 23.-En realidad intervienen en todas las actividades de mi vida cotidiana, dormido y despierto, ellos aprovechan cualquier momento para sembrar ideas que me produzcan tormenta neurológica y psicológica. Por ejemplo si voy a defecar, mencionan que mi aseo rectal fue deficiente, esto es con el objetivo de mantenerme con stress, en cualquier momento.
- 24.-Se trata de manipulación humana programada e interactiva a control remoto.
- 25.-Espían de mi intimidad.
- 26.-Recibo estas agresiones por radiaciones electromagnéticas, longitudes de onda, radiofrecuencias altas o bajas, de energía dirigida etc. También en el metro, bajo la tierra. Si me tapo los oídos, percibo mejor sus voces.
- 27.-También pongo un cassette virgen en la grabadora y le doy play, la acerco a mis oídos y con el ruido que se escucha del paso de la cinta sin grabar, puedo escuchar mejor a estos perturbados investigadores ilícitos, que incluso se quieren ganar mi confianza, mediante ofertas de beneficio para mí.
- 28.-Me detectaron en una tomografía axial computarizada simple y con contraste, un neurocisticerco redondo paraventricular izquierdo de 1 centímetro de diámetro, en fase vesicular con micro calcificaciones en la glándula pineal y ventrículos cerebrales, que bien pudieran ser los implantes electrónicos miniaturizados ilícitos de control mental y físico.

La ignorancia, miedo, corrupción, así como la falta de información y falta de legislación, son factores que mantienen en secreto estos procesos asesinos de lesa humanidad. Es increíble que los gobiernos, Universidades, centros de investigación avanzada y organizaciones de seguridad mundial, etc. Se hagan sordos, ciegos y mudos ante tantos testimonios que existen en diferentes partes del mundo y con la similitud de las agresiones. Y debe ser obligatorio aceptar, que existen infinidad de personas que ignoran que son tomadas como ratas de laboratorio, sin su consentimiento y en las cuales, esta metodología, es todavía más agresiva, denigrante, abusiva y mortal.

La atención y solución a estos problemas es urgente. La justicia mundial debe de protegernos y castigar a estos asesinos y mutantes de lesa humanidad, que afectan todo valor humano y atentan contra los derechos humanos, que por evolución hemos ganado.

Exijo a la justicia y a la ciencia y tecnología avanzadas mundiales, se produzca una urgente investigación ética, para que desaparezcan y prevengan, éstos crímenes cobardes en contra de la humanidad, con la utilización de energía dirigida y armas electromagnéticas de ultra o baja frecuencia. **NO QUIERO, NI ACEPTO SERVIRLES A ESTOS GRUPOS DE DEGENERADOS INVESTIGADORES, COMO RATA DE LABORATORIO.** Y estoy plenamente convencido, que en realidad, están perfeccionando estas armas psicotrónicas de energía dirigida para manipulación y control humano y probablemente animal, solo para beneficio de sus descendientes.

Debemos de erradicar este mal para que nuestros niños del mundo vivan y duerman con tranquilidad y sin estas perversas agresiones.

Estoy siendo utilizado como rata de laboratorio sin mi consentimiento, con la utilización de armas de energía dirigida a control remoto, soy acosado, espiado incluyendo mi intimidad, injuriado, manipulado, etc. Desde el año de 1997 o antes. Solamente pueden negar este proceso de agresión gentes ignorantes, cómplices y que tengan miedo de testimoniar. Este proyecto de manipulación y control de humanos y probablemente de animales, existe desde hace mas de 50 años, el cual se ha venido perfeccionando a través de los adelantos de la ciencia y la

tecnología. Como el proyecto mk-ultra que ha cambiado de nombre infinidad de veces, pero continúa vigente, gracias a la corrupción de gobiernos a los cuales les conviene. Este proceso produce acoso visual, auditivo, electromagnético neurológico y psicológico induciendo estados de ánimo alterados, comportamientos perturbados, alteraciones de la conciencia en sus tres esferas que son tiempo, persona y espacio (psicosis, neurosis, pseudo esquizofrenia, paranoia etc.) Agresiones que me han producido, daño moral y físico, daño económico, patrimonial, social y laboral como por ejemplo me hicieron que se me pensionara en forma mañosa por el sector salud en México.

A través de diez años o más de estas agresiones y en mi calidad de médico, pensé que tenía la obligación profesional y humana, de estudiar este proceso criminal y he recabado una buena cantidad de información, en donde solo, se mencionan las agresiones a las cuales me he enfrentado, incluso como para elaborar un libro. Algunas personas que han leído mi testimonio, lo han calificado de desgarrador, triste e interesante. Desde hace 4 años tengo computadora y es entonces que inicio a investigar más estas agresiones y mi asombro no tiene límites al leer, otros testimonios como el mío, que prácticamente denunciamos lo mismo, personas de diferentes razas y sitios del mundo. Y estoy listo para enfrentarme a cualquier nivel con diferentes disciplinas científicas y tecnológicas para hacerles ver su error experimental abusivo y cobarde. No se necesita ser un genio o muy estudioso, para poner en su lugar a estos experimentadores asesinos de lesa humanidad y que es la cárcel.

Estos perturbados investigadores creen que porque no hay leyes en mi país México, que les prohíba realizar estas perversiones experimentales, las pueden realizar a su voluntad y sin castigo. La falta de legislación, no los exime de la culpa. Y como no se aplican las ya existentes de orden mundial, esto permite que continúen con sus perversas maniobras.

Mis derechos humanos y constitucionales están siendo pisoteados por algún grupo de investigadores perversos, que sirven a sectas de adinerados en el poder que además han realizado experimentos con su propia descendencia o pueblo. Y que me da asco escribir su nombre.

Desgraciadamente para mí, en mi país México y otras partes del mundo, la ciencia médica en las áreas de la psiquiatría, neurología y otras disciplinas, no aceptan (por ignorancia, complicidad y miedo) que los síntomas y signos que podemos referir algunas personas en la consulta médica, pueden tener su origen, en la aplicación ilegal de dispositivos electrónicos miniaturizados microchips o circuitos electrónicos moleculares, en cerebros ojos, oídos y cuerpo en general. Sin embargo actualmente su agresión hacia mi persona, es mas rabiosa, porque los estoy desenmascarando ante las sociedades del mundo, con mis testimonios que envío a cualquier espacio que se me presente en Internet. Nanosegundo a nanosegundo, las 24 hrs. De todos los días, de todos los años, la tortura neurológica y psicológica con tormenta electromagnética y cortos circuitos neuronales, esta presente dormido y despierto. Sin embargo la soporto por amor a mi familia, a la humanidad y a mi planeta. Creo que un primer paso para ayudarnos a los afectados, sería, prohibir el uso de estas tecnologías avanzadas, que son apoyadas por científicos sin valores éticos y humanos. Estas armas de energía dirigida, electromagnéticas, por radiofrecuencias o longitudes de onda a control remoto, deben ser bien vigiladas, para que no se inicie una guerra psicotrónica y era de esclavitud.

Demando justicia y libertad, así como un bienestar biológico, psicológico y social.

Espero ayuda legislativa, jurídica en mi país e internacional, por su atención les doy las gracias.

Debemos de erradicar este mal para que nuestros niños del mundo vivan y duerman con tranquilidad y sin estas perversas agresiones.

Exijo una investigación mundial, acerca de estos procesos asesinos y mutantes de lesa humanidad.

La corrupción en los gobiernos de todo el mundo, junto con la complicidad de la ciencia y tecnología avanzadas en manos de criminales, que se encuentran muy probablemente en Japón, USA, Inglaterra, Rusia y sus aliados, que no merecen ser mencionados. Ya que ellos son, los que tienen la infraestructura necesaria económica, política, científica y tecnológica, para producir y disseminar estas nuevas armas de energía dirigida a control remoto, por radiofrecuencias bajas o altas, electromagnetismo, longitudes de onda, para tortura y control humano. Y la falta de legislación inteligente y avanzada, tienen al mundo en un peligro inminente de esclavitud, control y muerte, solo para beneficio de esas potencias. Y que enmascaran estos objetivos de maldad, haciéndonos creer que producen estos adelantos tecnológicos, como métodos de seguridad nacional y de curaciones "milagrosas" en el mundo de la medicina y otras áreas relacionadas con el bienestar psicológico, biológico y social.

Yo estoy convencido de que los avances tecnológicos electrónicos, en complicidad con la ciencia, ha desarrollado proyectos de control y manipulación humana a control remoto, con objetivos de maldad. En los que intervienen procesos ópticos-auditivos-hipnóticos, subliminales, estimulación cerebral o neuronal por mecanismos electro-magneto-químicos, radiofrecuencias bajas o altas, longitudes de onda, energía dirigida. Estos procesos tienen su aparición hace más de 50 años y la aparición de la miniaturización de dispositivos electrónicos (implantes micro o nanotecnológicos de difícil detección y comprobación), hace que esto sea un peligro para la humanidad, ya que están siendo utilizados por manos y mentes perturbadas y criminales. En donde experimentan para perfeccionar sus objetivos reales y que son:

1.-Espionaje o vigilancia de seres humanos a control remoto. En cualquier espacio incluyendo la intimidad. 24 hrs. De todos los días, de todos los años.

2.-Realizan en nosotros los agredidos, metodología inteligente de lavado de cerebro e implante de ideas contrarias a las normas sociales y a la dignidad humana. Siembran el terror, la angustia, la depresión en forma cobarde y a control remoto.

3.-Tienen la capacidad de alterar la conciencia normal, por secuestro, interceptación y suplantación del pensamiento. Siembran la duda, acerca de las actividades que ya había realizado. Por ejemplo: Me hacen dudar si ya apagué la estufa o si ya cerré la llave del gas antes de dormir etc. Con acoso óptico, auditivo y electrocuciones neuronales a distancia o control remoto realizan todas estas perversas acciones.

4.-Durante el sueño transmiten películas, en donde el actor principal soy yo, son pesadillas con temas de infidelidad de mi exesposa, actos ilícitos en donde me veo comprometido legalmente, actos realizando ejercicio extremo o relaciones sexuales, todo con objetivos de hacerme sufrir. Esta tortura es un riesgo cardiovascular y neurocirculatorio que producen estos criminales, con estas nuevas tecnologías o armas de energía dirigida.

5.-También despierto y dormido, tratan de inducir que mi respiración sea superficial y rápida, mecanismo que implica que exista una menor oxigenación en mi cerebro y un mayor porcentaje de bióxido de carbono y este estado puede inducir una acidosis metabólica y ésta producir estados de confusión mental. Situación que aprovechan estos criminales para acentuar su agresión. Situación que envilece el derecho humano y obstaculiza el vivir libre y dignamente.

6.-Estos dispositivos electrónicos miniaturizados implantados en cerebros, ojos, oídos, órganos de los sentidos, nervios periféricos, nervios de la columna vertebral, etc. Trabajan como emisores y receptores de audio y video que son verdaderos sistemas de telecomunicación recíproca entre el agredido y los investigadores ilícitos. Con lo cual ellos obtienen datos orgánicos de respuestas a las agresiones y que después usaran en otras personas, con la misma tecnología en complicidad con la ciencia.

7.-Todas estas armas nuevas y dispositivos electrónicos existen actualmente y están siendo perfeccionados y utilizados en forma abusiva y cobarde. Como el microchip capturador del alma 2025, chip ángel digital, chip rambo, nanomembrana cibernética con sensores ópticos, chip opto biónico de silicón para la retina, la versión micro tecnológica del neurofono, circuitos electrónicos moleculares= nanotecnología, proyectos de mind control, de psicorrección acústica, proyecto mk-ultra, monarca, naomi, Pandora, proyecto haarp etc.

Los medios de comunicación masiva periodísticos en radio, televisión periódico, revistas etc. Los centros de estudios avanzados, universidades, embajadas, sistemas de salud, de varias partes del mundo etc. No atienden a mis denuncias y testimonio, por ignorancia, complicidad o miedo\$. La corrupción es tanta en todo el mundo que incluso no he querido, acudir a la justicia de mi país y tampoco a la comisión nacional de derechos humanos. Primero he decidido informar al mundo de mi situación y ahora con el apoyo de fedame y que ya saben de mi caso, entonces si podré acudir a dichas instancias. Ahora que estoy enterado del testimonio de infinidad de personas de diferentes partes del mundo que están siendo agredidas con la misma tecnología de energía dirigida, igual que yo. Es un insulto a la inteligencia jurídica, científica, tecnológica, religiosa y humana, el negar que existan estas formas de tortura, asesinatos, espionaje, inducción de accidentes, inductoras de mutaciones y enfermedades por radiación electromagnética, con el uso y abuso de estas armas psicotrónicas y de energía dirigida.

La atención y asistencia de los gobiernos, instituciones humanitarias, sector salud, la ciencia, derechos humanos, los medios de comunicación internacional y de todo el mundo, es necesaria con urgencia para poner fin a estos actos crueles e inhumanos y además para castigar a los responsables de estos delitos en contra de lesa humanidad.

## **Exijo una investigación mundial de la realización de éstos proyectos que atentan contra la vida y los derechos humanos más elementales.**

La falta de legislación inteligente y avanzada, para prevenir o castigar la producción de delitos inteligentes o biopsicosociopatías, en México, favorece que la ciencia y tecnología avanzadas en manos de criminales (ya desviadas hacia el mal, desde hace algunos años), puedan realizar experimentos ilícitos y mutantes en humanos, con la aplicación de microchips o circuitos nanotecnológicos en cerebros ojos, oídos y cuerpo en general, con objetivos de encontrar formas neuropsicoelectrónicas para manipular y controlar a los seres humanos remotamente. Los estudios del doctor Delgado en asociación con otros psicópatas, probablemente han seguido realizándose con otros nombres y en secreto. La miniaturización de dispositivos electrónicos es un hecho real y su detección y entendimiento son difíciles de aceptar, más aún, si a los hallazgos de imágenes en rayos x o pruebas de gabinete se le dan otras interpretaciones clínicas, por ignorancia, corrupción y complicidad o miedo. Otro factor que enmascara éstos adelantos y sus experimentaciones ilícitas es que muy probablemente a los científicos y tecnólogos, les fue presentado este proyecto como sistemas de seguridad y de curaciones milagrosas. Y muy probablemente en este último renglón se podría utilizar en medicina. Pero dadas las características de la ambición humana, es un riesgo para la humanidad perder de vista ésta denuncia y mucho más, no realizar una prevención legislativa. Ya que además, para seguir enmascarando éste proceso ilícito, a quiénes se atreven a hablar de este proceso, les hacen el diagnóstico, la ciencia médica (en México y otras partes del mundo), de esquizofrenia y paranoia para que así, éstas denuncias, no tengan validez legal, mucho menos científica o tecnológica, sin embargo en Irlanda del Norte, ya se toma con ética y seriedad médica psiquiátrica, a éstas personas que refieren ser objeto de experimentos psicoelectrónicos y se les estudia más ética e integralmente. A los estudiantes de medicina y recién graduados se les envía esta información para que tengan en cuenta la agresión o nuevo cuadro clínico. Los mecanismos complejos que se utilizan en éste proceso perverso son los siguientes: Las longitudes de onda o radiofrecuencias son transductadas (o convertidas) en energía eléctrica y ésta energía eléctrica es transformada, por los implantes electrónicos miniaturizados, en audio, video en oídos y en ojos respectivamente y en descargas electromagnetoquímicas a nivel del sistema nervioso central y periférico y sistema nerviosos autónomo incluyendo los pares nerviosos que salen de la médula espinal y en descargas eléctricas corporales, según sea el sitio en donde hayan sido aplicados los dispositivos electrónicos miniaturizados y el objetivo del momento experimental. Los mensajes inteligentemente mañosos, Son diseñados para que abrumen con esta nueva información, al cerebro, a los sentidos y al cuerpo, ocasionando como respuestas, estados de conciencia, emocionales y corporales alterados y potencializando éstas agresiones o fijaciones nuevas (obsesivo-compulsivas), con sublime sublimación e hipnosis opto-auditiva-neurosensorial, que agraden directamente al consciente, subconsciente e inconsciente (despierto y dormido). Y mediante ésta metodología inteligente perversa, se puede producir un nuevo tipo de educación, pero hacia el mal. Con el resultado de la producción de nuevos graduados biopsicosociópatas, que puedan servir a éstas sectas de perversos adinerados en el poder, para conseguir favores políticos, laborales, sindicales, económicos, sexuales etc. Y así colocar a éstos conejillos de indias o implantados (manipulados sin que lo sepan), en puestos importantes y niveles sociales o gubernamentales, para que les permitan o faciliten a éstos asesinos investigadores, continuar en secreto con estas aberraciones experimentales o proyectos perversos con todo y sus intereses económicos y sus objetivos malsanos, inhumanos, esclavizantes, mutantes y asesinos de lesa humanidad, para queden encubiertos e impunes. Espero despertar el interés de investigación de la ciencia decente de México y del mundo. Esto ya no es ciencia ficción, ni esquizofrenia paranoide barata, ni secuestros alienígenas inventados para ocultar la verdad. Sugiero que vean la película "the manchurian candidate" (El embajador del miedo) con Denzel Washington, que es un ejemplo exacto, de lo que, se está realizando en mexicanos, en forma ilegal y criminal, por algún grupo psicópata de investigadores perturbados. Por otro lado en mis ojos, además de percibir fenomenología imagenológica mañosamente inteligente, para perturbar mi estado de conciencia, veo en cualquier instante, una serie incontable de micro círculos unos dentro de otros, con perímetros de mayor y menor densidad, algunos fijos, otros en movimiento, interrelacionados por medio de micro filamentos en paralelo (como vainas) y que en su interior también portan micro círculos. Además una especie de pantalla formada por estos microfilamentos de un centímetro por lado (¿será alucinación crónica o el implante optobiónico?) Y a través de éste dispositivo transmiten imágenes sublimemente subliminales perturbantes, para manipular mi estado de conciencia y actividades de la vida cotidiana. Utilizando también otros optogramas o figuras inteligentemente diseñadas e in filtradas, sobrepuestas o "retrofondeadas" a mi plano visual normal fisiológico, por el nuevo, plano visual microtecnológico o nanotecnológico, que ayuda a aturdir mis sentidos, mi percepción psiconeurológica, memoria etc. Además incluyen micro luces blancas, rojas, verdes, etc. Que lastiman mi visión o nervio óptico y que desencadenan estados emocionales alterados. Es decir están dando nueva información aberrante, perturbante y perversamente criminal a mi cerebro y mente "de mis ojos y oídos hacia atrás". Y sin que nadie lo note. No dan ni un nanosegundo de descanso a la mente, para así hacer creer que pueden controlar y "leer" el pensamiento, pero en realidad solo se trata de una programación interactiva continua y permanente. Estamos a tiempo de castigar y prevenir estas

atrocidades o proyectos de control humano por mecanismos psicotrónicos y espero, cuando menos, despertar el interés de grupos inteligentes y éticos, para comprobar que lo que denuncio es verdad y ¡como no tienen interés en estudiarme tecnológica y científicamente aquí en México! Llenaré todo espacio que se me facilite por Internet con ésta denuncia, a otros países, universidades, centros de investigación, a todo el mundo. Ya que, los de científicos y tecnólogos de aquí, o son cómplices, corruptos, o la ignorancia y el miedo los hace ciegos y sordos.

Atentamente

Mi integridad biológica, psicológica y social patrimonial, día a día, nanosegundo a nanosegundo, las 24 hrs. De todos los meses y tiempo futuro, está en peligro constante y no me importa nada. Y Mientras, seguiré estudiando ésta agresión, que ya me divierte y entretiene, puesto que percibo y siento, que los experimentadores frustrados, que realizan esta porquería criminal de experimentación, están, que se revuelcan de rabia, por saberse descubiertos y obviamente la agresión hacia mi persona es mayor, con sus radiofrecuencias, electromagnetismo y metodología barata. ¿Saben ustedes? Que se puede asesinar a través de estos experimentos a control remoto, espiar, accidentar, producir infidelidad, pervertir conductas sexuales, producir enfermedades psicosomáticas, manipulación de animales y humanos, inducir suicidios (que son verdaderos asesinatos), producir disolución social etc. Y sin legislación actualizada e inteligente al respecto, que castigue o prevenga estos delitos nuevos. Han de creer éstos perturbados investigadores, que les está permitida, su forma de mutar, experimentar y asesinar a la raza humana y animales etc. Y por eso escogieron Mexico, ¿no? Denme un punto de apoyo y los encarcelaremos. Es increíble que nadie quiera examinarme mis ojos con aparatos que detecten micro o nanotecnología o el neurocisticercos paraventricular izquierdo de un centímetro de diámetro, en fase vesicular que me detectaron y bien podría ser el chip o implante, creo que hasta les da miedo el aceptar mi propuesta y entrevistarme. ¡ No pido dinero! Solo un poco de atención inteligente. Señores senadores, diputados, legisladores, magistrados, clérigos, gobiernos, países, población, etc. Por favor, por amor y respeto a la humanidad y al planeta, tomen en cuenta ésta denuncia o sugerencia, para legislar preventiva y retroactivamente, al respecto, investiguen y estudien la probabilidad de la presencia de estos experimentos aquí en México, no lo tomen a la ligera, ni como esquizofrenia paranoide, ni como ciencia ficción o secuestros extraterrestres, ya estamos educados y a nivel, para desechar éstas boberías, con las que pretenden, desviarnos de la realidad y la verdad. ¿Porqué hay tanta proliferación de antenas dizque de celulares en México? Hay algunas que tienen en sus estructuras, dispositivos que parecen bocinas. (¿Experimentos de psicorrección acústica? ¿proyecto haarp?). Les recuerdo que ya muchos mexicanos, somos estudiados y con títulos, como para que crean que nos estan viendo la cara de tontos. Les sugiero lean en Internet acerca de los siguientes temas, antes de desechar mi propuesta: Proyecto haarp, RhicEdom=(rhic=control intracerebral por radiohipnósis y edom=disolución electrónica de la memoria), control mental en usa, proyecto matrix, estimulación electronica del cerebro ESB, implantes de microchips control de la mente y cibernética, asociaciones contra implantes electrónicos en humanos, declaraciones del Dr: Rauni-Leena Luukanen-kilde exministro de salud en Finlandia, proyecto mk-ultra, dispositivos optoelectrónicos BMI ,polímeros BMI, Chip capturador del alma 2025, chip ángel digital, Chip rambo= utilizado en Vietnam, nanomembrana cibernética con sensores ópticos, nanooxigenadores, nanorobots recolectores de saliva=NASA. Chip Opto biónico de silicona para la retina, retina de cristal liquido de silicio, nanocámaras etc. Control mental por microchips, vivir bajo hipnosis: implantes de microchips, control de la mente, hacia una sociedad telecomandada del Dr. Delgado, Psicorrección acústica= por los rusos etc. etc. Por comentar la presencia de éstas probabilidades experimentales en México en el issste (sector público de salud de México), fui pensionado mañosamente, sufriendo una serie de vejaciones administrativas y médicas (a pesar de ser médico de esa institución) que dañaron mi moral, mi patrimonio, mi profesión mi vida en general etc. Quedando en un estado o síndrome de maltrato, abandono y muerte social, producido por ésa institución que supuestamente, su objetivo o finalidad es, ver por la seguridad y servicios sociales de los trabajadores del estado, y tengo documentación legal firmada y sellada que demuestra ésta perversa agresión, estado que ya superé, gracias al amor y apoyo de mi familia. ¿No será, que mi presencia y comentarios, con mis compañeros de trabajo, llevan un alto grado de verdad y eso los incomodó? Además me realizaron exámenes psicológicos, psicométricos y resulta que mi coeficiente intelectual es superior al término medio o sea, cuando menos mi denuncia debe de llevar un porcentaje aceptable de inteligencia y verdad. "Pido perdon a aquellos que por su ignorancia, les lastíme mi forma de decir la verdad y castigo para éstos,..... asesinos de lesa humanidad" Llevo años denunciando esta atrocidad a los medios de comunicación en México, Universidades, centros de investigación y se callan, por miedo, corrupción, complicidad etc.

Dibujo de un implante optobiónico ilícito aplicado en mexicanos. Para control mental

Esta es la imagen del circuito óptico criminal e ilícito que veo permanentemente en mis ojos a contraluz y no es

una alucinación, espero que la estudien gentes inteligentes éticas, para que se demuestre que estoy denunciando la verdad, acerca de la presencia de experimentos asesinos y mutantes de la humanidad realizados en México, con la utilización de armas psicofísicas y aplicación de implantes electrónicos en el cuerpo en general. Puede ser que vivales y oportunistas quieran adueñarse o registrar la patente, para ver si así sale el verdadero dueño de esta porquería y demandarle la reparación del daño y castigarlo legalmente. Esta imagen la difundiré por todo el mundo. Espero que la puedas enviar a todas partes donde creas necesario. Es una prueba contundente que ayudará a nuestros propósitos de terminar esta perversa agresión y de paso estarán rabiando estos asesinos, al ver que su implante óptico esta siendo presentado y lo puedan estudiar potencias enemigas de éstos perversos. Éstas estructuras forman, según mi punto de vista, nanocámaras, escaners etc. Que envían y reciben imágenes con los propósitos de perturbar y manipular a la gente. ATENTAMENTE rauluis. Saludos. Ojala lo puedas poner en los testimonios de fedame, ya que yo no soy muy bueno en el manejo de la computadora. ESPERO TU CONFIRMACIÓN DE QUE TE LLEGÓ LA IMAGEN GRACIAS. QUE DIOS NOS CUIDE A TODOS.

I am a victim and I support the world campaign against torture and ill-treatment, using directed energy and neuropsychotronics weapons, which mutate and kill humanity to remote control, vile and cowardly way. With the use and abuse of these criminal proceedings, I have produced a large number of signs and symptoms in my body, physical and in my mind, please see below. They try to induce me, disturbing behavior. They transmit voices in my brain with ideas delirious, threats, and insults. The clarity of the voices rises when I'm near static noise of speakers and transformers. They listen what I hear. They do believe that involved friends and family. They can give the impression that the sound comes from different places. They see what I see. In my eyes I perceive micro circular structures and filaments, together with a structure that resembles a micro-screen TV 1 cm. By side. Let me disturbing images and transmits it also sends images to them, the responses of the internal structures of my eyes. Dizziness, vertigo, headache. Lying in my bed feels that the earth trembles. Harassment, with psychological and physical torture and brain electrical storm. . They are playing with my memory and my imagination. They distract me to forget where I put things. They kidnap my thought, do not allow free thought. They create a pseudo conscience; they suggest that can read my thoughts. They suggest that know smells and tastes that I perceive. Send them Films in my dreams where I am the lead actor and nightmares are real. With themes of persecution, fear, crippling physical activity, marital infidelity. Induction of sensations on my penis of fellatio and groping in anogenital region. Alteration of libido or sexual appetite. Alteration of emotional status, stress, produced enmity. Affecting my profession, economy and heritage, my social life and marriage. Damaged my work with induction of pension for total and permanent invalidity. Increased muscle tone, painful muscle contractures, pain upper and lower extremities. Decreased flicker. They produce drowsiness, increased sleep, insomnia, increased appetite and sedentary life that are cardiovascular risk factors. They induce phobias, addictions to drugs, alcoholism, hobbies, infidelity, obsessive compulsive mechanisms, inducing unnecessary purchases or expenses. Disorientation at time, space and person transient. They are affecting all activities of my daily life, asleep and awake, they take advantage any time to dictate ideas that hurt me and produce neuropsychological storm. Stress. Spy my privacy. They are manipulating and controlling my life and destiny by remote control. I perceive attacks by directed energy, electromagnetism, and radio frequencies anywhere. Physicians detected in a simple and computed tomography contrast, a neurocisticercos paraventricular left 1 centimeter of diameter, in vesicular phase, micro calcifications in the pineal gland and brain ventricles, which could well be miniaturized electronic implants illicit for mind control and physical. Ignorance, fear, corruption and lack of information and lack of legislation, are factors that keep in secret this processes murderers against humanity. It is incredible that governments, universities, advanced research centers and security organizations worldwide. Do not take into account so many testimonies that exist in different parts of the world and the similarity of the attacks. The attention and solution to these problems is urgent. . I am not agreeing to be guinea pigs of these degenerate. And I am fully convinced that in reality, are refining these psicotrónicas weapons and the directed energy. I demand a global research. This affects all human value and violate human rights, which we won by evolution.

I demand to justice, science and tech world, to be Developer an urgent research ethics, to eliminate and prevent these cowardly crimes against humanity, with the use of directed energy weapons and electromagnetic or ultra low frequency.

We must eradicate this evil to our world to that our children live and sleep peacefully without these cowardly attack

You forgot Canada and I'm not on that list for some reason.

There are lots of targeted individuals here in Canada.

My name is Lee Denis, please add me to the list...

2007 is as far back as I can reasonably go - although it could be further back than that year.

I get V2K as the main weapon, with hypnotic cues and mind control.

I also get the LSD dreaming and the 'soul sucking' for information.

It's telepathy...with real people at times. I guess it's also called psychotronics or Synthetic Telepathy.

However, I have experienced 'real' telepathy. I think they think I'm a good subject. Whatever. It's exhausting...24/7. (I've been using music to mask it)

I also get the gangstalking, EH, and on and on.

My eyesight is going. I am kept sick much of the time.

Since this began, I've lost my whole life. I have no energy to do anything! They take more and more of me as time goes by.

My adult son disappeared in 2001 - and yes, I wonder if this is connected!

Sincerely,

lee (Ms. Lee Denis)

Age 61

ps I am great friends with John Hutchison, of Hutchison Effect 'fame'...I also wonder if my meeting HIM precipitated the stalking and torture.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is Robert Alan Desrosiers. I am a Citizen of the United States of America, currently residing at 351 Wesley Street, Nanaimo, BC V9R2T5 as a legal temporary resident since June, 2005. On September 30, 2006, I married a Canadian citizen, Shawn David (Larose) Desrosiers and we have completed and submitted all the necessary application forms / documents to obtain a Permanent Resident card in Canada (as of April, 2007). My social security number is 018-54-7014 and my US passport number is 207256308. I and can be reached via e-mail or telephone at (250) 753-6193 home, (250) 616-2751 cell, (214) 889-5175 efax.

For almost two years now, I have been a victim of covert surveillance, human manipulation, remote harassment, torture and abuse using DIRECTED ENERGY and NEUROLOGICAL WEAPONS technology. I am the victim of endless torture and suffering. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

The attacks and attempts to manipulate and destroy any and all opportunities for happiness have continued as a constant 24 hours a day 7 days a week. I have been forced to seek both medical and psychiatric care and to take large quantities of pain, muscle relaxers, anxiety and sleep aids to survive.

The torture and psychiatric abuse continues 24 hours a day, seven days a week by the CIA / DS&T. Manipulation of my organs (liver, kidneys, and other digestive systems / processes (and God knows what else) have been so intense that two large lumps have developed on the back of my head and neck. I believe they send electrical current from my brain through my nervous system (after having mapped out pathways), to control (turn on or off) these organs, ducts and pathways. They also direct these currents through nerves like my sciatic nerve to my periformis muscle and others to cause pain and basically snap shut the ducts and pathways of my digestive system and atrophy the muscles that aid in elimination. Their goal seems to be complete failure or rupture, ultimately death.

Last night and all day today they seem to be attacking the area around my heart, my lungs and my spinal cord. At one point all the muscles supporting my spinal cord atrophied and select muscles were activated in order to pull certain vertebrae out of alignment before the supporting muscles could hold them in place. Today they are tightening up the muscles in my forearms and thighs, (I believe this enables them to atrophy the muscles supporting my spine) so they continue to try and pull it out of alignment. They have also attempted to collapse my lung and they are targeting my heart and trying to create symptoms that might be associated with a heart attack (i.e. using the directed energy weapons to try and cause blood vessels to pop). I am calm but in constant pain from the amount of electricity they are pumping through my nervous system which caused the surrounding muscles to tighten. I think it is important to get this message out so they don't get away with murder if they are successful in causing one of these conditions to become fatal.

Relief from this torture and abuse, and aid in bringing these criminals to justice is desperately needed. I have attempted to contact the President, the Director of National Intelligence, the Civil Liberties and Privacy Office, the

FBI, the CIA; as well as members of Congress, and other agencies involved in the protection of Civil Liberties.

This crime is being committed to 100's of people around the world (over 60% are American Citizens). I have 150 letters / testimonies from like targeted individuals around the world. Here are some statistics from an on-going petition (more detailed information is available on the link indicated) - **Statistics for: "BAN ELECTRONIC WARFARE ON CIVILIANS"** <http://www.ipetitions.com/petition/synergy?e>

These current strategies of theirs seem to be a more aggressive and direct means to bring an end to my ability to seek justice (kill me with a sense of urgency). They know that I have not only identified the CIA / DS&T as the perpetrators of this crime, I have also discerned very specific details surrounding it, including evidence of their attempts to impede justice by blocking / manipulating my e-mails and faxes.

I believe that I have managed to get a few faxes through to the Director of National Intelligence and Alex Joel of the CLPO which should have initiated an investigation. The continued wiretap blocking of all my communications and aggressive attempts to kill me (making it appear accidental) seems to indicate an apparent cover up. I believe they are hiding the fact that this is being done to 100's of American Citizens (more that 60 % of targeted individuals are American Citizens, including myself).

I opened an FBI / Internet Crime Complaint (IC3 # I0709241934194061 see attached) that has all the information regarding this crime and several examples of blocked communications, even e-mails destined for the Whitehouse and other government officials. I have attempted to call both the Internet Crime agency and the FBI directly to find out if anyone is even looking into these allegations with clear evidence of CIA involvement; but no one has given me any comfort that it has been assigned or that it is being investigated.

While I have been desperately trying to communicate what is happening to me by voice mail, fax, and e-mail, with the apparent illegal wire tap, I don't really know what communications are making it to the intended recipient, or what condition it is in if it does make it.

I have attempted to call the Office of the Director of National Intelligence and the FBI directly but I have not yet received any assistance or a response to the IC3 Complaint. I have contacted my local RCMP and the Canadian Security Intelligence Service, but I don't think they will act in time and I don't know if they have the means, considering the perpetrator is the CIA.

[Please investigate and right the injustice and devastating financial, physical, emotional / psychological effects of having your life, your job, and your ability to be or pursue happiness taken from you; with apparent intentions to continue until I die an unnaturally early death, poverty stricken, isolated and alone.](#)

On August 20th, 2007, I petitioned the Civil Liberties and Privacy Office (CLPO) of the Office of the Director of National Intelligence (ODNI) to conduct an investigation. I suspect and in some instances have evidence of repeated attempts to impede justice by blocking or intercepting emails, faxes, and other mailed documents that were destined for Government officials, law offices, the CLPO and other concerned parties. In addition, the attempts to intimidate me, my life and the well being of my family have been hideous. (I have been deprived of sleep for 17 days in the last month, and my ability to breath has also been restricted, in an attempt to cause and exacerbate medical and psychological problems.)

I suspect the reason for this crime may be related to testing, on unaware civilian targets around the globe, various directed energy and neurological weapons, cognitive and human manipulation techniques (one Hitler-style example executed on me several times was the cognitively implanted dream of being sexually assaulted, intensified by the use of the various directed energy weapons to pin you down and sexually assault you as you try desperately to crawl away but can't.) I believe these cognitive implants and the use of the various directed energy and neurological weapons may have caused permanent damage to the victim's brain. (A CT scan of my brain taken several months ago shows indications of premature atrophy.)

Today, the attacks on everyone involved are so intense and constant; they result in almost complete debilitation of the victim's ability to survive in society. This suggests that the current agenda is no longer testing or experimenting on unaware civilians; but something more lethal or damaging, in order to render the violated individual unable to seek justice.

[There is massive ignorance and secrecy regarding this, and victims such as I are being subjected to uncontrolled](#)

and unacknowledged torture and mental and physical destruction. This has remained completely unreported and undiscussed publicly. There are many others, all over the world, who are being subjected to similar torture and abuse. Here are some statistics from an on-going petition (more detailed information is available on the link indicated).

Your attention is urgently needed to halt these atrocities, protect me, and bring these extremist elements to justice. Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of 'criminal punishment' for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed.

I am also being denied my Constitutional right to pursue happiness. This undetectable torture is constant, 24 hours a day, including while asleep - thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that arise from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as political prisoner or worse, as a common lab rat, not even human. And that this is happening on American and Canadian soil, to innocent American civilians - some victims like me, former members of the military - is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

There are so many incidents of hideous inhuman acts, I hope I have provided enough information for you to begin an investigation that will revile the complete truth and horror of what has been done to me.

Your attention is urgently needed to halt these atrocities, protect me, and bring these extremist elements to justice. This is an emergency.

For reading my email and listening to my story, and your support and help in legislation and enforcement, I greatly thank you.

Former USAF Airman needs assistance / an advocate to ensure fair treatment, immediate protect for himself and his family and the technology to heal a wounded Airman used to remove torture devices recently implanted in his ears in this illegal lethal engagement.

I have come to learn that there was a second coming of the CIA Radio Tooth Implant Program w/ criminal ties to the Rockefeller Eugenics Society.

[http://www.tetrahedron.org/articles/new\\_world\\_order/UN\\_Rockefeller\\_Genocide.html](http://www.tetrahedron.org/articles/new_world_order/UN_Rockefeller_Genocide.html)

I believe 783 individuals were implanted around 1999. This atrocity is not related to any other technology / program that is not harming anyone. This group purposefully confused the two in order to hide the true nature of the program and to inflate the numbers to cause fear that the cost and other factors would be extreme. Please meet with the Inspector General and Alex Joel to get a better understanding of the two very different programs. The program / group that is hurting people was part of the CIA until March 10th when they moved to the NSA. The NSA was / is responsible for the other program that is not hurting anyone and has much greater numbers.

Directed Energy and Nuerological Weapons attack by the CIA / NSA using lethal DOD weapons against an

American Citizen, former USAF, Honorable Discharge and Secret Clearance.

The most hideous attack yet occurred yesterday morning. I am sure it was a DOD weapon like Excalibur and lasted for well over an hour. This attack occurred long after I made this appeal to the Air Force Research Laboratory for assistance as a Former United States Air Force Airman / Pre-Cadet with an Honorable Discharge and Secret Clearance. They are killing me a little more every day, and I am sure that this latest attack has caused even more atrophy to my brain; probably assuring that I will develop complications beyond the already noticeable deterioration of my short term memory.

Please help get this information to someone that can stop these criminals...

Attacks continue today, including being poisoned and psychiatrically abused.. They seem to have shot torture devices into my ears that react like the CIA Radio Tooth implant to ELF frequencies. Little speakers have also been shot into my ceiling making it seem like their is constant stomping and other noises that I know are not coming from the very quite neighbors we have upstairs from us.

Robert Alan Desrosiers

**25/7/08**

The attack continues this morning..... It's pathetic that it looks like we will have to file charges and a civil suit against the so called good people before they will take any action to protect us or move us to safety. Aligning themselves with these murderers is stupid....The torture, poisoning and neuromuscular attacks continued all night and were particularly painful as these sadistic freaks hang on to hope that I will have a violent fit or start saying things that they think will justify their complete and utter failure as public servants. 8 years of hell, 24/7 torture, psychiatric abuse, destructive and immoral manipulation that includes cognitive implantation using psychotropic drugs to promote things like drug use, incest and molestation. Their failure which would almost seem to approach the point of willful participation in attempted murder has resulted in damage to my brain, liver and kidney functions, scar tissue on my heart and lungs and GOD knows what else.

The last two times that I called 911 because I was being so hideously, painful and lethally engaged, no one at all was sent to my home. The time before that two fake RCMPs refusing to show identification showed up at my door about 1 1/2 hours after I made the call and because their uniforms were obviously not real and they refused to show ID, they were asked to leave. After this I visited the RCMP Station to discuss this and many other serious concerns like being poisoned in my apartment, RCMP cars that were suspect turning into Taxi cabs with the same fake RCMP driver. They told me "so what, what do you want us to do about it"

The local RCMP have kept a file on me and Shawn since we moved to Nanaimo in August 2006. In that time, the CIA (under various names) has come into town and illegally lethally engaged us. They themselves would have evidence of this engagement and may have at various times taken action to prevent them from continuing to engage me. As a Permanent Resident married to a Canadian Citizen they are obligated to serve and protect me just as they would any other Canadian Citizen. I suspect their is a small good olde boy network of criminals (and a bad apple at a high level) taking bribes or other favors that has managed to impede their stepping in as they should have way before now. I understand they even have some forensic evidence proving that I was being poisoned from early this year and maybe even last Feb 2007, but they have never shared any of that information with me nor have they themselves even responded to recent 911 calls. I am going to contact a local law firm called RLR to see what can be done. Below is more information on the crime being committed against us.

**7/11/08**

I'm posting this information because of a recent attack against me using these techniques of dream manipulation that i believe to be very destructive if you don't become aware that it is being done to you. It involves a cognitively implanted seed of a crime that you were never involved in and leads you to believe that you are guilty and must hide your tracks or cover it up. This same technique was done to me for almost a year in 1999 and can eventually become a semi-conscious concern and lead to paranoia about something that you never did.

Awareness of what these bastards are doing is the best defense! Although this article refers to these technology belonging to NSA and the CIA, I am convinced the criminals are part of the Eugenic Society, mass murder, population control group with headquarters in the UK.... they have managed to infiltrate, influence and control various weapons and other technologies from several agencies in many countries.... it will end soon!

**21/7/09**

I'm not sure if you have been told that your e-mails seem to be being manipulated to appear that they are coming

from someone else. I received this exact same e-mail to my yahoo address desrosiers\_r@yahoo.com as if it came from luciusgodot@yahoo.com. I'm going to try and forward that e-mail to my g-mail account and hope that gmail to gmail you will receive it as more evidence of them impeding justice. They have at times pretended you are dead, or that you have already been paid something... see the attached file crime6.txt  
Hope you are doing ok... things have been hard on my family.

Robert Alan Desrosiers who remains under constant attack and has just been poisoned again, Wednesday, August 19th, 2009 at 9:20 AM

**1/4/11**

I remain under constant heavy attack 24

hours a day, 7 days a week.... my family remains in the dark because of all that is done to discredit and destroy us. If they succeed in killing me, please aid my family in the pursuit of justice and help them understand never to blame themselves for not understanding the attacks and attempts to murder us are real;

and not to blame me for not being able to convince them while 100's of people who know are so willing to pretend its not true.

I listed the law firm I think would be all of our best choice not only to settle this, but for helping us with our financial futhers after all is said and done.

They are one of the largest firms in the world.

I am a TI in Vancouver Canada and heard about your petition from other TI's. For some reason my name is not listed on your petition, but I really want to sign it and make it known that I am a TI.

Could you please include me?

Mary Lamont and Lee Denis know me.

Thank you very much, and I am looking forward to your reply.

**1/5/12**

I don't really know when I was first attacked. The more I think about it and talk to other people, the more I think it all started way long ago.

The obvious physical attacks started here in Vancouver in 2000. This is when the poisoning started and the EH went to a visible level. I used to think they inject me with pesticide, now I know the shallow indents are EH damage. I saw pictures on the internet from EH victims and they match mine.

For a long time I thought it is a personal vendetta from some Romanian people whom I shared an apartment building of 52 units with for 4 years. They ganged up on me and made my life hell. They poisoned everything. It still happens, but not at this level. They were ruthless. Nobody ever believed me, not my family, not my friends. In 2000 there was nothing on the internet so I thought it only happens to me. I had no idea that other people could go through the same torture. In 2004 I tried to escape the situation and went to my native Germany, where I stayed the maximum allowed time, 3 years. In a very short time the crime followed me there and it all started again. I moved 12 times and was in 2 mental hospitals against my will. In the last one I only narrowly escaped being put away for life in a group home. Only my action of calling a judge saved me. This was luck, because the judge was not biased or bought like many are now. He took a whole hour to listen while I set every twisted word of my statement right. At the end he asked me which supervision I would like to live under and I said that I don't think I need any supervision and can very well make my own decisions. He said "yes, I think that too." And that was that. I am fully aware that I can be put away in Canada at the drop of a hat again. Although it should be a little more difficult as I have learned a lot and became smarter about when to be quiet and how to play the game. So now I live in Vancouver again, since 2007. I had a part time job for 2 years again, then they lost the client and my job became obsolete. Since then I had no significant job and live on disability.

Mary Lamont is a psychiatric nurse who lives on a small island north of Vancouver. She is a TI. Yes, she is a victim and she advertises a retreat for TI's but she mostly takes in disabled people to care for them, this is her income.

Beth Buchannan knows me too, I have met her once. I am also a member of Freedom from covert harassment, Ffchs in America. My name is on the buddy list. Eleanor White knows me too, from emails.

I also enlisted with the German Organization, since I am a German citizen, my status here is Landed Immigrant. I have also worked as a translator for some time and could do translations into German. Of course every time I have work, the perps increase the treatment. My biggest problem is that the perps figured out how to cut me remotely under the skin, and they are shrinking my skull and chin and other body parts. I also suffer from extreme gang stalking and EH attacks from street perps and cars. When I try to escape and walk in back alleys in remote areas, a certain floater plane flies over my head repeatedly. I have photographed it and filmed it and put it onto the mcactivism forum.

Galina removed me from her email list because of some misunderstandings. She has a short fuse. But otherwise I still like her because she works so hard for our cause and I respect that.

I think it is vital that we TI's stick together and keep in touch and have world wide organizations that interact with each other.

Hopefully you are not overwhelmed by all this information.  
Looking forward to your petition,

**THE FIRST DEMONSTRATION IN THE HISTORY OF CANADA REGARDING THE TORTURE, AUG.25, 2009.**

Hello All,

Many of you do not know me, but Galina and Robin do(who ran the protest yesterday at Queen's Park do) - and I will save introductions for later for those who are dedicated to working to expose the truth about our cause.

I would like to send you all a little run-down of events yesterday -- I think Galina and Robin will agree, it was an excellent day with superb weather (my nose is totally toasted..LOL~) and we were treated with dignity and respect, a generous amount of interest (so much so that we RAN OUT OF letters), and a FEW VERY INTERESTING CONTACTS! All times are approximate.

10:00 AM We were greeted by Security and shown where we could set up. We were asked if we would be "chanting" and we said no. We were asked not to interfere with people on site and that we should let them come to us, we agreed.

We set up across from a woman on a month-long protest of her autistic son being cut off from therapy and put in a regular school. [www.tooautistic.com](http://www.tooautistic.com) (HEY! OUR PIC IS THERE!)

10:30 Human Rights Worker from the Citizen's Commission of Human Rights approached us and discussed at length the situation we faced. We exchanged emails, but unfortunately she had no business cards on her. She directed us to her website <http://www.cchr.org/>

Here is a write up found on the site where she said you may find many resources:

The Citizens Commission on Human Rights (CCHR) is a non-profit, public benefit organization dedicated to investigating and exposing psychiatric violations of human rights.

11:30 am, A HUGE tour of Italian and Spanish speaking tourists get stuck outside the legislative building for some reason, and (possibly to kill some time) the tour guide relays and translates in both ITALIAN and SPANISH, the story of Covert Mind control as dictated by Galina. The group is sympathetic and interested (until they get to go in..lol)

Nothing too interesting happens after that for a couple of hours, we get a number of people stopping and asking about our situation -- some stopping for longer than others...needless to say, we only have ONE letter left when we spot the CBC vehicle in the parking lot!

1:00 pm Media Trucks start arriving -- our hearts are in our throats as we feel as if they may intend to interview us! Acutally, the set up is for speaker Dan McTeague to present his speech on the treatment of Omar Kadhr at Guantanamo Bay!

2:30 Dan McTeague shows up to do his interview. About half an hour of talking on Dan's part -- the issue with Quantanamo Bay is loosely connected to OUR issue...the underlying facts being that PEOPLE ARE BEING TORTURED WITHOUT MERCY/JUSTICE/ETHICAL CONSIDERATIONS!!!

Here is a link to the situation he spoke of (but nothing on CTV.ca about the talk yesterday, oh well)  
[http://www.ctv.ca/servlet/ArticleNews/story/CTVNews/20090125/khadr\\_panel\\_090125/20090125/](http://www.ctv.ca/servlet/ArticleNews/story/CTVNews/20090125/khadr_panel_090125/20090125/)

Unfortunately, he only appeared on the news for about 10 seconds! (Robin, did you VHS it?) Legislature Watchdogs (while polite) stood guard IN FRONT OF AND AROUND THE CAMERAS so that WE WOULD NOT BE IN ANY SHOTS!!!

However, Mr. McTeague's assistant came over to talk to us, took our picture and, I believe, strategically placed a camera to include US in the shot!

Once the shoot was over, Mr. McTeague came over and shook all our hands, talked with us for a bit, gave us his card and told us "You sure got THEIR attention" (possibly meaning the media - I mean, is it coincidence that a talk on a HUMAN RIGHTS TORTURE ISSUES by a prominent M.P. is scheduled on the SAME DAY as our protest??? I think NOT!

Anyhow, he said we should contact him if we need anything...we already got a very good thing from him, we got a confidence boost like you wouldn't believe!

And so, our first protest day came to a close. Sunburned, but happy, we took a walk to the subway, and went on our way.

I would say it was a VERY successful day, no one was disrespectful to us, we got a good deal of attention, learned a lot about what to do better NEXT TIME -- and ALMOST got on TV...lol!

Most of all we learned that FEAR is THEIR greatest weapon...none of what we feared came about.

The perps will keep on doing what they do no matter what we do...being afraid only helps their cause so...we may as well make some noise 'cause they ain't going away by themselves.

Cheers and talk to you all soon.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I am actually being terrorized in work right now. I went to personnel because of it and that made matters worse. They are looking to make me their scapegoat and I will not conform to their terroristic tactics. The airwaves are wide open here and everyone can talk to each other over the airwaves. CIA crap. President Bush put in to law that this was legal. He uses individuals as his scapegoats. He has everyone stalk that person wherever they are to get them to either kill themselves or to pick up a gun and kill someone else. They keep saying it's a game. Literally I wanted to put two child molesters behind bars and wrote a book about terrorism including this type of stuff. All of the people I work with and that live here gave out the red eye and opened it up so everyone can hear my thoughts. They take my thoughts and listen, answer back and tape it. I AM SUING AT THIS POINT. They are literally doing this to make me leave work. They walk by and save leave, call me a fruitcake, one person walked by and told me to kill myself. I have talked to personnel twice and believe that they probably will not do anything about it. I have contacted everyone in the country that I know of to help and no one gives a crap. I am glad that you are persistent. Please don't give up. Right now I am sitting at my desk and they are zoned in on me doing the movement. Same thing David is going through in Boston. I have Vietnam veterans and some other military people that are sitting around me that know how to do this stuff and terrorize. I am hoping that I can telecommute so at least I can hang on to my job. Joanne Soulard just called me a ##### because they can hear what I am writing to you. John Flynn called me one day the Lay of the Land. Another guy I Roy Lockwood was talking to someone earlier and I passed a normal comment to him and he said something back to me about getting laid. They are doing it on purpose all of them. I need to figure out how it works so we can prove it in court. We will need a demonstration with a judge. I need your help with this part.

Do me a favor and add <http://www.xeper.org/maquino/nm/MindWar.pdf>

This gives you subliminal, ELF, and the evil eye. Witchcraft. Follow Michael A. Aquino history and how they have been doing this since the 80's. He was military and I have linked them to Ali Mohammed who was linked to the 9/11 terrorists.

The 9/11 stuff is besides the point. The document attached is happening to all of us. Very prevalent in Massachusetts. HTH

**28/8/08**

This is Beth Donahue and I just had the police here and the medics. They were (when you complain) trying to imply that I was a schizophrenic and thought they were going to hospitalize me. I explained the situation to them a gazillionth times and fortunately they left. I had given a letter to my neighbors to cease and desist or else I was going to get a 209A and file a lawsuit. I told them I would call Comcast who is my vendor and let them explain about the stalking through the phone etc.. I was on the phone with Comcast for about 5 minutes and they told me that they were leaving and not to give out letters to my neighbors. I need at this point a copy of the letter from the attorney on the stay out of hospital and also anything else there is that I can give to the police. Basically, I need backup proof from the group. I will also get the documentation I need from Comcast. That I will share with all of you.

I was so god damn mad!!! The insinuation alone pissed me off. I have worked as a Technical Support Engineer for most of my career and for these idiots to sit here and not even be open minded to something else other than the 'norm' of schizophrenia. It was really bizarre.

I did learn that a small town is very small minded and not out of the box thinkers at all to think 'maybe' it could be something else and if maybe I am going on at least 2 suicide calls a week, hum, and people are telling me the same thing, maybe it could be a communications issue. The saddest part is that someone did take his life last week. He was 52 years old and they found his pill bottle in his hand. To all of these people it is ho hum another day and I hate everyone of them for it.

Thanks for letting me vent. I'll talk to you soon.

Beth

**7/2/09**

My name is Beth Donahue and I am being terrorized in Hull, Massachusetts.

I was a victim of molestation by 3 men as a child here and am trying to put 2 of them (the 3rd is dead) in jail.

The laws do not allow for a victim to prosecute a pedophile after the age of 43. 16 + 27 years without corroboration. There were approximately 16 of us that were molested.

I wrote a book about terrorism which includes the pedophilia.

I am being tortured in any way possible by the pedophiles, my family and the townspeople because of trying to expose the molestation.

My uncle who is one of the pedophiles has a son who uses black magic and uses that and channeling to try to torture.

I work from home for a payroll/personnel software company and the neighbors are using the second line of my phone to listen in on my phone calls and put my companies information out on the airwaves.

The town is unique and they are using the airwaves to stalk people. The suicide rate has risen and there is at least 1 person each week that tries to commit suicide.

The town is 7 miles long by 4 miles wide.

We have all kinds of communication interference in town that is allowing this to happen. We have the WBZ towers in the middle of town, we have a few windmills, we have wireless everywhere with antennas.

They are using subliminal to terrorize people also. They come across people's TV's and stalk them and have them say crazy stuff like:

I am a pedophile  
I raped my neighbors kid  
I robbed a bank  
I fucked a dog ( I just got a dog so that is there new thing)  
I fucked Rithie (my girlfreinds kid)  
I fucked Tewksie ( who is my cat)  
They call me a whore and a slut

I walk into any of the stores and they start thier crap. I have become thier target because I am trying to stop pedophelia.

They went after all the kids in my family and my friends kids and tried to have all of them say they were raped.

They then came after me and some other people and tried to have all of us say that we raped them.

My uncle's name is Bobby O'Hare and he lives at 29 D street. He does this and then tapes it. He molested 4 of us, possibly 5.

It is driving everyone crazy, literally.

I am not a pedophile and they are trying to paint me as one to protect the town and try to squelch the book from coming out.

My uncle is now a grandfather and has little girls around him that are the same age as I was and the other victims. I am petrified that he will molest them and currently there is nothing I can do to stop this. I need your help.

They are stalking me and the other victims. One of the other victims has kids and they used subliminal and had her say she was a pedophile.

I have all of this on tape. I have been taping for 4 years.

I have tried every tactic to get them to stop and they will not.

I have tried nicely to explain that pedophelia is not OK.

I have tried reasoning with them.

I have become like them and have threatened them with everything in site.

They still do not stop.

I have notified the police and the Electric Company to no avail. They are well aware that there is an issue.

They just came across my communications and said that it was a setup on me and that Paulie can intercept my emails.

They put my SS#, My Bank Account Information, My Tax Information, My Birth Date, and My Credit Card Information out on the airwaves. I have this on tape also.

I truly need your help in order to get this resolved. It is beyond the police department. They will not help. I am not the only one that is having this issue. There are other people reporting this in the Hull Times which is the weekly town paper.

They can basically hear all of my information and will not stop stalking me.

They have come into my house while I was not home. I had to change the locks.

There are some other reasons the town is trying to keep this quiet. Some of my extended family members are bookmakers and they are afraid this will affect them. There also was a Day Car Scandal in the 80's that was a black eye for the town because it was not the truth and the charges were unfounded.

I feel like I am in Hell with these people.

They can cross communications, I believe using Fisa with subliminal and can get into any state on the communications.

Please help me put the perpetrators in jail.

They have demented my brain, pull my ears head eyes. The TV has been taken also over calling me horrible filthy names. I believe this is government agencies.

Very evil and cruel inhuman people. The ones on TV call me slut, whore, cunt. The one in my ear I recorded is a man use to be a woman calling me a cunt, baby raper.

I cannot take a bath in the light. I feel like the girl in exorcist movie except I don't have my head spinning around.

Nobody can think, concentrate with the war zone in your head and house and everywhere you go. It's an invasion of privacy of phone conversations, people's homes, stores.

Feel like they use me to get other people.

These people hate me so much I cannot hear, think talk right.

Good luck and god bless you for what you are doing for other Tis.

Is voice to skull illegal? Gang stalking? Electronic harassment?

**The Chemtrail Poisoning of America report 06/120/09**

I am a Nevada artist and a concerned citizen. I present this information on what are known as persistent contrails or chemtrails. If you have these aerosol operations in your area, please make this information available to all your friends and family, hospitals, health districts, EPA, pollution control, government and media outlets. The purposeful weather modification (and other) experiments on our skies and our ecosystems have reached levels of extreme danger, causing sickness and death.

I have been fighting the experimental aerosol programs near to 8 years and have gathered a plethora of information which is absolutely shocking.

Here is a compilation of information you may find useful. A number of hot links to pertinent investigations, scientific data, photos, videos, patents, laws, legislation, air, soil and water analysis, etc. Everything but a signed confession.

Early December, I sent this information to the Nevada Governor and his staff, the news anchors and reporters and everyone above the rank of copy editor at the paper. In February I sent updated information to the County Government, Health Department, EPA, etc.

For whatever reason, they may choose to ignore it, but they cannot feign innocence and claim they did not know the truth.

Consider this open letter to the citizens of Nevada, it applies to anyone seeking information on these programs. This chemical residue is very unhealthy for living things, animal or vegetative. Once you have become aware of chemtrails in your area, you may have noticed after a few days of spraying many people become sick. You, your friends and/or your family may be sick. You may want to help expose and stop these deadly aerosol assaults. If so, please forward this information to all the influential people you know, - and more importantly, to anyone you care about - and help create public awareness of this problem. We must stop this horrendous experiment on the lives of our families.

Thank you,

My Fellow Nevadans,

The photograph is of chemical clouds in the sky over Las Vegas. So many are sick with respiratory ailments, sinus

infections, asthma, pneumonia and flu-like illness, in what seems to be a direct correlation to exposure to these chemical clouds. These contrails are often laden with aluminum chaff and barium powders (amongst many other heavy metals and biotoxins). Ingesting these heavy metals seems to be vastly increasing short term memory problems, mental fog, pneumonia, flu-like symptoms and respiratory infections.

These aerosol programs are kept secret from the public due to the invasive nature of spraying the atmosphere (your breathing air) with dangerous chemical ingredients.

These ingredients should be tested daily. We need a wide-spread awareness as to the dangers in breathing these chemical residues and steps to take to protect ourselves and our families from the long and short term effects of exposure to these chemical clouds.

Here is a collection of information I have put together to alert the Nevada media. You are free to use it to help in researching this horrendous man-made phenomenon in your area. We must distribute this information far and wide. With enough exposure and the ensuing public outcry we can force the government to stop this experiment on our lives. This is against the law,

U.S. Code, Title 50, Chapter 32, Section 1520a

( [http://www.law.cornell.edu/uscode/html/uscode50/usc\\_sec\\_50\\_00001520---a000-.html](http://www.law.cornell.edu/uscode/html/uscode50/usc_sec_50_00001520---a000-.html) )

If our DOD, NOAA, UN or any other government agencies have chosen to work above the law, and feel they own the upper atmosphere and do not answer to constraints of any earth law; or if you seek out the responsible party for this vast human experiment and find no one accepting responsibility; if our politicians have truly abandoned us, if for any reason, this criminal activity cannot be stopped, in the very least we must take it upon ourselves to protect our own citizens. We must see that this pollution is monitored, rigorously and regularly tested in air, soil, and standing water, and if found dangerous to health, issue preventative health precautions to protect the health and well-being of not only citizens of Nevada, but everyone, anywhere, who breathes this tainted air. This would be fairly simple to implement using air, water and soil testing facilities which are already in place. Please take any action you can to bring awareness to this crime against humanity. We must stop these aerosol experiments now!

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

New York. March 24<sup>th</sup>, 2009.

To whom it may concern:

I hope this letter makes you understand the problem I'm going through and you can somehow help me to solve it. I do not have means to do it on my own and neither know where or who to look for help.

My name is Allan Carlos dos Santos, born on 12/25/1980 in Rio de Janeiro, Brazil. I'm currently residing at 622 West, 136<sup>th</sup> street #10. New York, NY– 10031. My phones are (917) 346-7556 and (646) 675-8581.

My story is very similar to many other stories of neurotelecontrol or electronic harassment/mind-control I came across while researching. After 7 months (since August 2008) my life has dramatically changed. At the beginning, it was too confused to even try to understand, so I assumed I was going through a temporary psychological problem. I seek for psychiatric help but for obvious reasons never came to any successful conclusion and the problem continued until today.

At the time, I was living at 246 West, 16<sup>th</sup> street #3. NY, NY 10001. It all began with a couple loudly arguing in the apartment beneath mine (which was sublet for a month and the owner was on vacation). As I heard the fight from the a/c hole in the wall. The couple somehow noticed I was listening - which is logically impossible – how could they see me if I was tight above them at the third floor and they were in the second? How they could know I was there? They wanted to know if I heard the subject of their discussion, and immediately began to accuse me of wrong things I did in the past, as if blackmailing me in case I told their story to anyone. The most amazing is that I never actually saw them physically, and the all thing took over 2 hours.

After a week or so, I was involved in a crazy plot, which lead to me being arrested. I stayed for 3 days at the Bellevue Hospital in Manhattan, NY. Of these 3 days I can remember being awake for less than 20 hours... I was heavily sedated (without any apparent reason or explanation). I remember waking up bleeding and with a 3 cm incision in my right eyebrow, directly anterior to the frontal bone. No one ever explained why I was at the hospital, I've never signed any authorization or had any visit and when I had to appear in court I noticed my name was changed to Allen instead of Allan.

I had to move out of the apt cited above, was homeless for few days, lost all source of income, social relations, and self-esteem. I had my laptop and few belongings stolen, phone disconnected and all my documents disappeared. At this point, I began to hear voices; familiar voices of relatives and friends I haven't seen or heard for a long time. As the time went on the voices became more clear and they haven't stopped until today. These voices constantly bring up memories of my childhood, my family, sad memories I was neither ready nor wanted to talk about. They make me sad, irritated, and confused. All this in an attempt to humiliate, depress me and shift my moods, isolating me and making appear as a mentally ill person, a schizophrenic.

The 'voices' follow me 24/7, everywhere I go. Constant fights and repetitious schemes and a tiring routine. It all makes my life unmanageable and miserable. Lately that threaten my life if I seek for help and make me feel sick if I try to do anything to improve (like look for a job or go to a doctor), sometimes severe pain in my head/skull, fell cold, overheated, stimulating me to use drugs and have sex.

I believe their objective is to change my behavior, therefore making me assume for something I'm not responsible or guilty of. I cant differentiate among my perceptions and what is influenced by them... they alter my perceptions in order to manipulate my behavior. I tried to contact the local police but everyone says it is physically impossible

to someone to have its mind read or controlled by distance, however I know and can prove it isn't. There are several cases that can support and illustrate what I'm saying ... I am a victim of brain implant. I strongly believe I have a radio-transmitter, some sort of electromagnetic device in my skull, and it was implanted while I was at the Bellevue Hospital back in August 2008 by people I don't have any idea who they are, neither what they want.

How can I prove that I'm not listening to voices I created myself... better, my brain created due to any malfunction or any other reason. The people whose voices I listen to are experienced professionals, with money, great relations and probably great credentials. How can I an immigrant in NY, with no money, no family fight against these group of people if they are obviously better acquainted and more powerful than me? I've already tried many times to seek for professional help, called 911 at least 5 times, went to the police station a few, asked help for my doctor (Dr. Sue Weiss at the Callen Lord Center in NYC) and my psychiatrist (Dr. Susan Lee at the Callen Lord Center as well).

Even now I find ironic the idea of a brain implant device, sounds like a sci-fi movie I didn't want to be part of. It would be easier to assume insanity than deal with all I have to deal daily. But I was not given this option and I can still recognize myself in the middle of this chaos. I'm still rational, logic, and intelligent... the pattern is not of any disease I've researched, but of a made-up scheme that tries to imitate the schizophrenia's symptoms or try to make my one (or at least look like one). I'm currently seeing a psychiatrist and she prescribed me 'Abilify', as well as anti-anxiety and sleeping pills.

I was able to move into a new place and have my life back – limited but at least a life. I can't go any further if I can't put an end to it. I need specialized advice and help of professional(s) who dealt with similar cases and can understand and don't judge me. I'm a college student, have always been considered mentally capable and healthy.

I also thought to be impossible to someone to be able to read and control minds. However, it is technologically possible. I researched it exhaustively. It sounds surreal, but it is conceivable. Please, for those who are not aware of what I'm talking about, take a look at these links attached:

but i really need someone more experienced to guide me and who i can talk to about it. nobody believes me, obviously

so, get back to me here. i will try calling you

due to various evidences and circumstances i'm almost sure that i have a HAAR implant i can explain you details. but the perps torture me 24/7/365.

i was in a hospital for 3 days, after being arrest in a very weird story/plot... and it all began after this. i should not had been in a hospital first of all, sedated almost 80% of the time i was there

sorry, i got a bit emotional. im usually stonger and try to keep myself as centered as possible and always look to the problems with a rational perspective.

i understand that desperation is all they want. i keep myself quiet to avoid being targeted a delusional, lunatic.

Harassment / Stalking / Agincourt / Canada

I have not worked in 31 months since I was deliberately poisoned for the fourth time while having breakfast at the Husky restaraunt in Mississauga and suffered this stroke.

My health is .....really screwed.

After I was attacked 4 times in downtown Toronto and Toronto's "Streets To Homes" moved me 30 minutes north of the downtown area, I came to Agincourt Community Services for ..... "assistance."

There is a "hot lunch program" I come to a few days a week and also a "food bank."

Harassment and stalking started the first week I came here for assistance in Dec 2008.....4 months ago.

People who come here for assistance are called "clients"

This sleazy, trashy, ignorant, abusive, "community smear campaign" was set up by the some of the "staff", "volunteers" and "clients" at Agincourt Community Services

**LETTER TO CHIEF JUSTICE OF CANADA**

The Right Honourable Madam Beverley McLachlin

Chief Justice of Canada  
Supreme Court of Canada  
301 Wellington Street  
Ottawa , ON K1A 0J1  
(613) 995-4330/(888)-551-1185

Dear Right Honourable Madam Beverley McLachlin:

RE: 2008 Symons Lecture on the State of Canadian Confederation : A challenge the Canadian Federation is facing

RE: Direct Energy Weapons and Neurological Technology being randomly used on Canadian Human 'test' subjects in Canada

We, the undersigned would like to congratulate you on a well delivered speech regarding the challenges we face in fighting terrorism, while ensuring to protect Canadian Civil liberties.

You have indicated in your speech that you do not endorse giving up any form of civil liberties, in order to combat terrorism:

"We cannot let those who seek to destroy our liberties do it. The constitution is not a suicide pact. We cannot lose our liberties in the name of terrorism. That way we lose as well. We may combat terrorism but the terrorist will have effectively deprived us of our democratic liberties".

The lecture was very informative, and has given many of us an element of hope, for we, the undersigned feel that your awareness on such matters may assist us in immediately ceasing what we are presently experiencing as horrendous electronic attacks to our persons, while living in Canada.

All of the undersigned have been experiencing some form of Direct Energy Weapons [DEWs] or Neurological Technology [NT] attacks. We were never informed, asked permission or told why we were specifically chosen to be subjected to such electronic torture. In order to best understand what kind of equipment/technology we are referring to, here is a brief description of the weaponry:

**Definition of: "Direct Energy Weapons" or "Psychotronic Weapons":**

Electromagnetic radiation (typically lasers or masers).  
Particles with mass (particle beam weapons).

Some of these weapons are known as death rays or rayguns and are usually portrayed as projecting energy at a person or object to kill or destroy.

Some lethal directed-energy weapons are under active research and development.

**Definition of: "Neurological Technology":**

Neurological technologies use electromagnetic spectrums to affect human behavior.  
The human body is an electrochemical system: anything that disturbs the electrical impulses of the nervous system will affect body functions and behavior.  
The Discovery Channel recently produced a documentary on Direct Energy Weapons.

In this documentary, the commentator states that the weapons "shoot 300,000 times faster than a bullet, and unlike a bullet, it is aimed to maim as well as kill. It can be used via satellite, and from miles from the target". It is even scientifically possible to reach a target from a distance, without the individual knowing who, where and or even why they are being targeted. It renders the person vulnerable, and without any ability to run, hide or defend themselves in any way.

Until recently, the general public was not made aware of such weaponry, due to its high-end technology. This technology also identified as Weaponized Neurological Technologies, Direct Energy Weapons [DEWs] or Enhanced Radiation Weapons [ERWs], and Mind-Control. Also, more importantly, it was considered 'classified' and thus was pertinent to keep 'secret' in order to protect U.S. and Canada 's 'national security'.

One would naturally presume that ALL Canadians are naturally protected from such weaponry, if we refer to

Section 12 of The Canadian Charter of Rights and Freedoms:

Item #12, Schedule B, Constitution Act, 1982. Enacted as Schedule B to the Canada Act 1982 ( U.K. ) 1982, c. 11, which came into force on April 17, 1982, PART I, states:

Treatment or punishment 12. Everyone has the right not to be subjected to any cruel and unusual treatment or punishment.

In the wrong hands, the above technology [WNT], [DEW], [ERW's] and Mind-Control weapons result in De-Humanization and Torture.. Being tortured, psychologically and emotionally abused and subjected to unusual and cruel punishment, directly VIOLATES this freedom.

Under the Charter, we ALL have the right to live our daily lives in freedom, tranquility and peace.

Also please note that ALL of us claim the following:

- We have lived civilly amongst society, causing no harm to anyone.
- We have been law-abiding citizens.
- We have worked and supported our communities through taxes and charities in the provinces that we reside, following the laws governing Canada and each of the provinces.
- The isolation of family and friends resulting from this type of weaponry.
- This devastation can result in financial ruin by means of the criminal elements involved with the use of this sophisticated weaponry and its associated technology.
- Many of us have documented and photographed the destruction of our homes. With “No Touch” invisible signs being used to gain access into homes, this leaves the police unable to investigate and apprehend any criminal(s) involved in the utilization of these weapons.
- Many health issues are experienced by many of Targeted Individuals. Attachments of health problems can be provided upon request.
- Health Professionals and any Authority we report this crime to label us as “delusional” or “paranoid” and at times try to commit victims to institutions instead of believing and assisting them and to aid in the prevention of this crime.

Many people think that such things cannot happen in a nation, such as Canada , which has been dedicated to constitutional rights. What they do not understand is that if federal law enforcers are involved in these crimes, there is no one to enforce the law against them. It is impossible for the victims of government criminals to enforce the law against criminals in government who cannot be identified and whose responsibility for secret crimes cannot be proven. The doctrine of sovereign immunity prevents federal agencies from being held responsible for the crimes of government employees. The capability of intelligence agencies to operate in total secrecy makes it impossible for the victims of DEW crimes to learn the identity of the criminals in government.

If further information is required, please contact any of the undersigned. Thank you for taking your time to read this important letter and we look forward to a response.

Yours truly,  
Gerry Duffett

While every TI goes through the same intense emotions which are used mostly to create dysfunctional group activity and isolate them, only through unity, logic, and professional business like interactions can any progress be made.

Every new person, of course, creates the same disruption of progress. This is quite well understood and intentional by cognitive warfare theory. I don't know of a solution.

Every new TI is outraged and says the same thing as their disillusionment of a just government occurs and their reality comes crashing down.

The forums are the best place for the newly indoctrinated to vent their emotions, not professional email addresses. I implore you to please remove my business email address from your lists. It only hinders my productivity like spam. I am becoming paralyzed by the very people I am trying to help.

October 27th 2007

United States Senate, Senator Ted Stevens

522 Hart Senate Office, Washington, DC 20510

Dear Senator Ted Stevens,

My name is Donald Dunlap, a natural born citizen of these United States. A 33 year resident of Anchorage Alaska, veteran of U.S. Air Force, retired State of Alaska employee (Dept. of Corrections). All said, most of all I am a HUMAN BEING.

I bring to your attention that unsuspecting and defenseless people of Anchorage are illegally subjected to painful electromagnetic experimentations and assaults by sick individual(s) in possession of Pentagon's dangerous high tech DIRECT ENERGY WEAPONS. (DEW) i.e.microwave/electromagnetic/millimeter wave weapons.

The Pentagon and The Department of Defense (DOD) refers to this dangerous "Classified" technology as Active Denial Technology (ADT). The weapons emits an invisible beam of energy that burns the skin and at certain (frequencies) can induce strokes, heart attacks, false heart attacks, cancer, swelling that can appear anywhere on the body (including complete body swelling). Profuse sweating, manipulation of internal organs which could lead to organ failure and many other illnesses and symptoms. The emitted energy can also penetrate the human skin as well as walls, floors and ceilings of buildings without leaving any residual evidence. The effects of (DEW) exposure ranges from nuisance to catastrophic, even death. This technology further allows these sick criminals, perverts and pedophiles to electronically see individuals (individuals of perpetrator's choice) in the nude on video monitors, to molest and rape young children (children of perpetrator's choice), to see and video tape EVERYTHING including

activities in the victims bed and bathrooms without the victims consent or knowledge (of what is supposedly the privacy of the victim's own home).

For additional information on (DEW) and its harmful effects on the human body and mind contact Derrick Robinson, formal NATIONAL SECURITY AGENCY (NSA) employee at [dc618@msn.com](mailto:dc618@msn.com).

In January of 2004, The State of Michigan enacted house bill (4513) and (4514), sponsored by Rep. Mike Nofs and William Regemoter respectively, making possessing and use of (DEW) on unsuspecting individual(s) and property illegal punishable with fines and or imprisonment. January of 2004 is also when I first realized that I was being electronically assaulted and tortured by these sick individuals possessing this dangerous (DEW) technology. In early January 2004, I began experiencing unexplained and unavoidable painful burning sensation and chest pain. During the same time period I noticed that I was being stalked and under electronic surveillance (24/7). The perpetrators used aircrafts and many vehicles to carry out their ILLEGAL ACTS. The perpetrators also appeared well organized and well funded.

Over the past three (3) years I've filed formal complaints and requested help from the following to no avail. (However, the (DEW) assaults and surveillances continues, even today).

1. Anchorage Police Department
2. Anchorage's Federal Bureau of Investigation
3. Mayor, City of Anchorage
4. Governor, State of Alaska

Until such time, Congress enacts legislations banning the use of these Direct Energy Weapons on unsuspecting citizens and non-citizens of these United States, the State of Alaska is OBLIGATED to its citizens and non-citizens to enact laws as did the State of Michigan. Re: house bills (4513 and 4514) to protect its people. The punishment for violating the laws should be stiff and apply equally to everyone that violates said laws. NO EXCEPTIONS. Including and ESPECIALLY government and Quasi government employees and any other person(s) that assist these sick perpetrators that are committing these horrible crimes.

There are many people throughout these United States that are also victims of illegal (DEW) assaults. Their request for help has also fallen on deaf ears. I'm aware of five (5) other victims of (DEW) assaults living here in the Anchorage bowl. The youngest victim is ten (10) years old. However the youngest victim was five (5) years old when first electronically assaulted, molested and raped by these sick pedophiles possessing (DEW) technology.

I ask for your help in the above matter as well as asking Congress to enact legislations banning the use of these dangerous and deadly Direct Energy Weapons on HUMAN BEINGS. Thus, Stopping this madness.

Please Respond in writing.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I would like for it to be recognized that I fully support the campaign to bring an end to human abuse and experimentation by way of remote directed energy weapon (DEW) technology. DEW technology is an advanced technological means for selectively manipulating the biochemical make up of an individual or individuals (populations) by remote stealthy means. The effects are devastating for the individual target, or populations of

targeted individuals. This is not a localized phenomena. It is occurring at an alarming rate all around the world.

For the records:

1. I am a targeted individual, TI.
2. I am a U.S. citizen and I live in the United States of America.
3. I was first targeted while living in northern California in 1997
4. I have discovered that many targeting effects can be detected and recorded using conventional means. I have achieved this effect as potential physical evidence.

Dorothy, Dot, [librtjustis4all@yahoo.com](mailto:librtjustis4all@yahoo.com) passed your message and request on to the mindcontrolresearchforum. I wanted to touch bases with you and let you know that I have been a Mind Control target since 1997 while living in Redding California. Over the years, I have experience very nearly all the horrific effects that the perpetrators have to harass folks with. In that time I have been able to make audio and video recordings of my perpetrators activities and would be more than willing to provide that material as physical evidence. I have on my computer, something like 1000 audio files and clips of perpetrators effects. They are calling my home phone and my cell phone answering services and leaving some of the most bizarre messages and sound effects. Also, I have around 344 hours of video recorded material demonstrating perpetrators activity and effects that I have endured since 2001. In addition, I have in my possession physical evidence that demonstrates the power and precision of perpetrators mind control directed energy technology. On my computer exists a number of X-ray film images sent to me by other Targeted Individual's around the country, indicating the possibility of implant devices in these folks.

In all honesty, I would not be a very good source for on-air television or radio interviews. I am not all that comfortable with the media. I would, however, be more then willing to provide documented, recorded, and physical evidence where possible.

**20/7/09**

Do you mind if I post the description of your targeting to the mind control research forum? You've done a really good job of describing cause-and-effect in your targeting. It could be very helpful in promoting mc research and finding potential solutions to this horrendous atrocity.

Just want to let your know that I suffer many of the same abuses and to say that your description of your experiences are accurate and right on the money.

Bob D.

Some of the many known tortures I have endured:

1. Air Assault : google the YouTube definition if needed..planes coming at me from every angle. When I even get close to the doors in my house the engines start roaring up and cause heart attack symptoms. Planes go over, and cause more heart attack symptoms, Microwave, radiation forced on me..feels like microwave pulse, chemical trails: Bioware Fare forced on me: Nerve Gas, Nano Technology forced Morgellon's : man made mold, self replicating with fibers now in me, microchips in me: forced electrocution and microwaves, gang stalking, trespassed out of most of the places I go..can't get gas or food, went every where I go and tell them I am crazy and nuts and delusional. I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST AND ABUSE USING DIRECTED ENERGY PSYCHOTRONIC NEUROLOGICAL WEAPONS OR REMOTE MANIPULATION TECHNOLOGY.FOR NON CONSENTUAL HUMAN EXPERIMENTATION THIS PROBLEM IS A SILENT EPIDEMIC WORLD WIDE. I BECAME AWARE OF MY ATTACK IN 2000, ALTHOUGH IT HAD BEEN GOING ON FOR MANY YEARS. I JUST WASN'T AWARE OF THESE WEAPONS.

I am a Victim of Electronic Harassment/ Mind Control/ Directed Energy Weapons/ Organized Stalking and Torture and I have written several times, asking for help, to no avail.

Please refer to my prior emails. I have had a variety of things stuffed into my body. They have probed my head, injected me and the pressure cracked my skull in the front. I have been gassed transdermally and through the vents in my residence. They have plucked at my bones, causing chips in my wrists and ankles and my organs; heart, liver, lungs and bladder, as well. They read and mimic my every thought and I am currently being forced to listen to them 24/7, non stop.

The Silent Holocaust

To date, I have been a victim of electronic harassment/organized stalking for many years, dating back to when I was in my early teens and perhaps beyond that. Like many other victims, Over and over, I went through what I considered, bad luck and plenty of it. I had established goals in my life and had every intention of reaching those goals. However, it seemed at every turn, I ran into some unfortunate and traumatic event.

In truth, with what has escalated into what my life is today, I have been subjected to forced dreams, migraine headaches, voices of the extremely perverted, forced imagery, rape, forced isolation, depression (with thoughts of suicide) psychological and physical, emotional/physical exhaustion, sleep deprivation, being dragged out by police officers illegally, with NO plausible reason, defamation of character and the inability to find and keep a job. My life has been literally dictated.

The more I've searched for answers, the more I have been tortured. 8 years ago, I was chased through northern California, by strangers. When they caught me, I was taken to the basement of a hospital and used as a human guinea pig. I was then taken to a psychiatric facility, owned and operated by the perpetrators, as an attempt to render me mentally unstable. That was the first time, I had seen faces, that I could connect to all that I had been going through.

In 2003, I was injected with a multitude of parasites; chiggers, mites, baby snakes, spiders and some things that I wasn't familiar with. This was in an attempt to drive me mad; a more ritualistic form of abuse. The following 1 1/2 years, I was forced to suffering from skin ulcerations, where the parasites were trying to get out. I could feel the movement through the vessels in my legs, the bottom of my legs had swelled enormously and walking became very painful. I experienced shooting pains up and down my legs. As the parasites would exit, they had formed little sacs and I would have them slither down my arms. I was unable to touch anything without having them wind up in my food. They were constantly in and under my nail beds. I had to take baths in bleach twice a day. They became imbedded in my tongue. I spent many days trying to catch my breath after gagging on those that continued to come up to my throat. I had to isolate myself in my room to prevent my children from going through the nightmarish experience and to prevent any spread, as I didn't know whether or not this was contagious.

By October, 2004, I had stumbled onto many of the crimes that have been committed by these perpetrators, causing them to "turn up the heat." I was awoken one night, to very loud voices, which seemed to be coming in from behind

the walls and outside my window. Once awake, they began to torture me by probing my head. This forced me into a backward arch, while holding my head, all the while, they were telling me what they were doing and what they were going to do. When I was finally allowed to get up to use the restroom, I looked in the mirror and noticed that my skull had split. I still wear the resulting skull fracture.

The days that followed, I remained in a fetal position, as they poisoned everything I ate and drank. If you're asking 'why' I wouldn't seek medical attention, the mere thought proved to be life threatening.

By January, 2005, the perpetrators began using my children as a tool, which quickly drove me into a nervous breakdown. They orchestrated and carried out many lies, in an attempt to discredit me. They fabricated stories and even documentation, which led to many fictitious arrests, involving drugs and paraphernalia. I chose death as the only means of escape. When I didn't die, I became enraged at what was going on and vowed to seek out justice. In 2005, I was dragged out illegally, eleven times, in their mad quest to hide the truth and to escape consequence. I was NEVER allowed to exercise my Constitutional Rights. Never, was there any probable cause, or proper procedure. By then, there were several law enforcement officers involved in this conspiracy.

To date, I have quite an extensive criminal history, thus discrediting the validity of all that I claim. I am still being subjected to the ongoing torture involving electronic/neurological weapons. I live and breathe to prove all that I claim is the truth in its entirety. I'd like to believe that "We The People," The Constitution and Civil Liberties, still have the same meaning as when established and originated. I have witnessed the ultimate in unnatural events and occurrences. This IS the reason that the ongoing use of these very dangerous weapons must cease. The perpetrators who are using these weapons must be committed. There MUST be justice. The question now, is how many people must die, before something is done? Thousands of people have been driven to suicide, as a means to escape these travesties. Many have died as a result of the physical torture, many are children.

It's devastating to think that OUR government, that which is supposed to take every measure to enforce security for the safety of the American people, are aware of these heinous and catastrophic crimes against humanity. Yet, they are unwilling to do what is necessary to stop these perpetrators. NO consequence. These terrorists are here in our backyard and hundreds of people are being tortured on a daily basis.

Dear anyone that has TRULY been brutally attacked, raped, dragged out by police on trumped up charges, involuntarily committed to hospitals/psyche facilities, etc. THIS HAS NOTHING TO DO WITH ALIENS!!!!!! There is a lot of information here and the analysis below, is correct, although some victims haven't reported being drugged, or exposed to chemicals. These are few. If we believe every theory that's printed on the internet, then you ARE NOT attempting to bring an end to the abuses currently caused by these weapons. Though everyone is entitled to their opinions, there is entirely too much debate. We ALL understand that there are technological weapons being used to torment and attack innocent victims. Please focus on this fact and stick to scientific facts and research that supports our claims. There are also facts regarding the use of satellite technology. When YOU can clearly state exactly HOW you are being attacked, with supporting FACTS, then you can share that with the rest of us. Many of us don't know the FACTS as to WHY and HOW we fell prey to these vicious monsters that have a total disregard for human life. Still, we ARE under attack and NOT by aliens. Based on my own research, I have learned that what initiated with government projects, wound up being scattered throughout the Nation and into other countries. The perpetrators of these inhumane crimes are now fulfilling their own personal hidden agendas. For example: Someone who was connected in some way to the DOD caught wind of these projects that gave them God-like powers. They retired with visions of grandeur, thus investing in the mimicking, manufacturing and hiring to begin his sick quest. Those that were hired, were told many lies about everyone who would be considered a threat, ie; one that becomes suspicious of something they may be effected by. Those that are hired and brought into such a phenomenon, wind up straying off with their own ideas of a "good time." Hence, we have an out of control epidemic of what we are now being subjected to. You have become a victim for: money, knowledge, connections and last but certainly not least, information. Once you become a target, they will continue until you are too close to the ability to implement them in these crimes, or just getting too close to getting somewhere on an intelligent level. When they can no longer discredit you and/or strip you of anything of value, it becomes more of a waste of time. I've heard them argue amongst each other about one getting caught and busting things wide open. They NEED you to succumb to their activity. As for the individual with whom claims they would need electricity, these weapons don't require YOUR electricity. This is the wonders of modern science. Remember, they are working from another remote location. NOW is the time to come together as a group and work together, not to debate opinions, but to help educate the public and try to find resolve. We have been refering to "common symptoms," as not every TI is effected by the same things in the same way. Still, there is an arsonal of weaponry that is being used. It all depends

on which weapons they are using and/or the technology, most of which is more advanced than we understand.  
Thank you.

**30/11/08**

I can't tell you how much I value all you have done to help so many of us and to help keep the hope in our hearts. You have also helped me to understand HOW these monsters set up the type of surveillance that they did. I could NOT believe that people had watched me in the privacy of my own room, my own bathroom. This is truly RAPE! I have read many of your emails and I have learned. I am truly sorry that a few people have not chosen to use decryption. I too, have joined in to the mass mailing in an attempt to share information and ideas and to keep each other posted on various events, etc. At this point, I don't believe that these individuals can hurt us, but I too, have questioned the effects on our credibility. YOU sir, sound very sane. Anyway, I wrote to such individuals and they were too argumentative to accept the fact that their activity is offensive. So, I put out the email stating to simply take this email out of this mass mailing list. No matter what you decide, I'd like to stay informed. Thus, as long as I continue to receive emails from the mcmailteam, then I'm okay with your decision to NOT be included on this other list. Thank you.

DEAR SIR/MADAM

You are doing the most important humanitarian work any can do in our age -- thank you.

Yours sincerely,  
Dick Eastman

P.S. May I give a suggestion?

Next time you post -

At the top of the page put four quotes from the most credible people who have spoken on this subject of torture -- from different countries, from different fields of knowledge or positions of authority

Then make a from-the-heart summary of about six sentences telling the magnitude of the problem -- who the victims are (very general) -- the generality of the problem (brutalization by ruling elites (or by governments etc.) is growing and much be stopped the concerted effort of every man and woman of good will etc.

Then give your most credible sources (quotes of victims, or revealing statements by the perpetrators) establishing the basis for belief in these technology which no one knows about -- as I had to do with clandestine weather modification. Give a basis for believing this technology exists and is being employed. Something of where it was developed. Some early clues that it was being developed. Some idea of what scientists developed it and where. Give the name of the scientific principles employed. You have to have a factual basis that points to the capability of them doing what you say they are doing -- otherwise you become Judy Wood telling the world that the Twin Towers were brought down by ray guns or Betty Grable telling the world that the planes that hit the Pentagon were really holograms etc.

Once you do that -- more people like me will look harder -- will join in the investigation. You can't just say people are being tortured with advanced electronics -- without first giving them reasons (quotes, documents,

scientific principles and known laboratory etc. applications of those principle -- don't teach them the science, but let them know how you know the science and the technology are there -- maybe you can walk them through the steps by which you were convinced of the reality of these means of torture and control.

Then start giving the details that you have always been giving at the top. People need to put the problem in context before you start giving out lists of names. I am sorry that that is the way they are, but it is a fact.

Also -- make one post look different from the next -- otherwise people will think it is a repeat and will not forward it.

You don't want to be all calm and no evidence -- or people like me will wonder in the back of their minds -- is this another hoax like alien abductions or no-planes -- a lie (ray-gun torture) to discredit a truth (widespread torture) -- like the lie (space aliens) exists to conceal another crime (abduction and concealed highly advanced human technologies (flying saucers, v-shaped craft etc.?)

Take it as well-meant criticism seeking to help in the battle against torture.

The equipment above did this to me, make me and turn me to hot and slot on men and women, they make me say sexy words, they make my body act sexy, they pot fuck in my body (POT),they pause me, put me to sleep, make me UNable to walk (extreme pain in feet), and more dangerous things, that if I read material for me or my kids, they either put some thing play in my head, which makes me UNable to see or listen to what my daughter do or say.

They convert my life to Halloween, they keep put idea in my head, and punish me whether I do what they wants or not they humiliate me, they applied that at Ashley and they do it over and over, they have been for a while at my kids school I don't know what they doing and I don't want them to be in their school, if I do anything bad school can and know how to get police for me, they play in my kids the way they play in me they against the kids to contact their dad, I wanted their dad to know what happen with his kids, if I open my mouth direct with the dad I end up in position where I get attacked as mental person, and get submitted to lots of stuff, mean while they working on my kids, please see what's going with my kids, IL filed a case against me to take my kids, while I just wanted to know what's happening in their school, my brain always they work on it, they like controlling the discussion I say or speak, they in my brain day and night, and they make me say words and talk,its way weird and sick.

They play in emotion area they can and make me feel sad beside they add pain to it, they give me symptoms of heart attack, they numb my feet, freeze, and heat my body, they make me feel in love and drive me crazy with the hot in private area, and brain area, they play in my brain, and pause me, and have the instructors and students humiliate me, and a computer guy play and missing in my exams and projects, and mean time heat me way in my private area, they make me feel like my head will explode, extremely drowse, whether I want to read for me, or my kids they play all the sick games mental and physical, or do stuff, way pain in the head and my body, they do that on me, my kids, my mother, allot of people while they have no clue of what going on especially the pain they get in their body (pain in hands, survivor headache fall, heart attack, they make me scream, they put me in scream and mistreat my kids, then they put the sadness for that then when they come back they let me go back to the screamer person, they make me hit, I feel bad to admit that but they doing lots of that I start control my self not all the time, but my kids they play them with the same thing either scream or pause, or fight each other, I saw how accidentally the way they start the hit, for a seen I just move my hand where my daughter thinks I'm hitting her, but for my kids they take it serious, and they put them angry why one of them start it...,

at school they can control them so they get active and don't listen to the instruction , not because my kids mean, but because they block the ears and make them move without they realizing what they doing, they had the teacher to be in angry state, even normally she won't, my daughter has to suffer from the way they make me, her brother and her

teacher and her principle treat her, while we all under this influence, she is a kid not suppose to face and deal with all this crab. they even heat her in her private. and make her say and repeat what, they put words in her head and mouth.

what is it wrong with this world to approve its okay for this monster to function on us this way, to be in their school, daily I'm suffering from drowsy, pain in the head ,blocking, they make me eat over eat, and make my kids not to eat, they play in the taste area, like they make it sound good, bad, I walk up each day with big and huge thing in my head. very painfully and annoying, anything I do they make it go through dance, wasting long time and days to accomplish very silly task.

They turned me hot and slot and I got fired under pitch, hore, slot from Harlem , Ashely, Elmhurst College, Moraine Valley College, for years they made me look at the private areas for the men, they turn me very hot on women too, more than 18 years I have under this humiliation and I have no idea, and it have been too long and they super sick, and i can't get rid of them, public aid doesn't give me the life style I want to live, they had the community call me bitch, hore, couple of times, even if I go for a walk. They kept heating in my private area and I have no clue, until I blocked my self in the front area, thinking I have infection, while it was them playing in my private.

I spent most of time studying for very long years while they were playing over and over in me. I slept long time, suffered from lots of pain thinking I'm sick day and night while, they just putting extreme pain in my head, and the rest of my time, they put me to sleep whether I choose to or not, I start realizing that they do that but they get all over me and my body and my kids to do so. and the other time left I spend it determine to study while they do this play stories over and over while I can't get the material, heat in the head feeling hungry strong cough, the need to use bathroom.way crazy, I turn the page whether I get it or not, lots of time and they pull me out mentally like I'm busy in another seen. or paused I took off my teeth because I had no clue why I had this pain.

They gave me survivor pain just for me to hold my daughter hand in the middle of the street, while they give them energy to push and carry lots of weight. its way sick when they had less than 4 years to push a cart with 2 kids in it. They make me sick of taking care of my kids. If I want to complain a bout my work job, or any only thing I get faced with is mental crazy, police is not helping.

Please if you not helping too, don't add to the hell I live more than it is. They harass family members, friends, relatives, boss, workers all to miss treat me they harass ( their jobs, marriages, health. wise. )

I know you can't picture how they cause serious pain in the health wise its way sick.

Please have each job report you with every thing got applied on me during the time I was with them. I get followed every where I go with big number of followers

here some of the search I found lots of people are suffering and no body is helping not Congress, not Police ,even Supreme Court, I can't imagine in USA they let this thing go and go all over my body and my kids and the people who deal with me. you may get to feel how sick the situation when read about victims like me:-

Could you please ask your mail list to respond and comment on the survey posted on [PublicPerception.Info](http://PublicPerception.Info) and tell them about [ResearchRat.com](http://ResearchRat.com) [Defend-Dissent.com](http://Defend-Dissent.com) and [Atlanta-Attacks.com](http://Atlanta-Attacks.com) ?

Electronic Elephants will reappear, the big issue now is the stalking and harassment. Hope everyone saw the NY Times 4-1-08 article "Inside the Black Budget" which explains where all the money is coming from to do this to us.

See this Sunday's 4-20-08 NYTimes front page story "Behind TV Analysts" for another brilliant expose of what's happening.

We need a FOIA and class action suit against the private defense contractors!!!  
Many, many thanks!!!

Hope all is well with you,

Hi, my name is Juan Estrella, I'm 24 yo, I'm from Rosario, Santa Fe, Argentina, but also I'm an european citizen. I've heard from you in a video and searching for mind control a remote neuronal monitoring in google.

I've been experimented since 3 years ago with a satellite that sends rays from space that modifies my body and make as voices were inside my head. I can't tell you who they are and why they started, but the thing is I'm immersed in this painful labyrinth for real and I don't know how I got here.

I wanted to ask you if some of you know what I'm talking about and if you know sth about this unusual experiments with human beings. It's been three years of desperation and you are a little bit of hope in the middle of many questions. Who is behind this? What they want? How long they are going to stay? Should I be worried about me and my family?

Hope to hear from you.

My name is Christine D. Evans, and I live in Garden Grove, CA. I am an American born 1/14/63

I have been stalked by Thomas C. Burnett Jr. from Keaau, HI. since the late 90's. I'm not sure when he began using the Mind Control, Psychotronic's, V2K, Electromagnetic Malfeasance, but I began noticing severe changes in 2012, and it has only gotten worse from that point.

My symptoms are consistent with a V2K Targeted Individual. The terminology is different for each person being attacked, so I'll use V2K Targeted Individual.

I suffer 24x7, with the real and unreal V2K, that wants very badly for me to be a paranoid schizophrenic. Since I know my attacker, and I can't prove my symptoms, this too is also conveyed in many ways. It's either can you prove it, or plausible deniability. The synthetic voice(s), which can mimic, cut and paste, and enjoys, music, movies, and pop culture, tries to distract me throughout the day and night. It also uses some kind of real and unreal sensory or energy weapon that simulates electrical shocks throughout various parts of my body. It also uses some form of image or hologram when my eyes are closed. Or, it generates some form of side-to-side, or up and down energy in front of my eyes. It also has a weird fixation of my genitalia, and makes fun of me going to the bathroom, and while taking a shower, or getting dressed.

I know who my attacker is. We had a relationship. He was arrested for a domestic violence incident. He began stalking me the old fashioned way before using this new technology. He's an x-marine, an x-la county sheriff prison guard. He's into computer's and science. He went to school in his later years to be a nuclear physicist, and he's political/right. There's more. Thomas C. Burnett Jr., is a white male born 6-2-48, and is retired. Has all the time in the world to pull this off. He also is an atheist, with an occult fetish.

Please include my name on your records.

I am from the USA and came across someone involved in the campaign. While I myself have not been targeted with this technology, I have read much of it's usage and possibilities. It is one of the most dangerous things being brought to light in the world today and should be stopped if at all possible.

**To Whom It May Concern: Date: August 10, 2007**

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 2005. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I have meticulously documented each occurrence of these assaults. To hear my story would be terrifying and bewildering to an audience unaware of the specifics of these crimes so I will reserve it until I can clearly, coherently, and efficiently speak about them.

Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of "criminal punishment" for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed.

This is indeed, cruel and unusual punishment.

I am also being denied my Constitutional right to pursue happiness. This torture (from a remote, undetectable source) is constant 24 hours a day, including while asleep—thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that arise from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as a political prisoner or worse, as a common lab rat, not even human. And that this is happening on American soil, to innocent American civilians—some victims former members of the military—is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

**I DEMAND AN INTERNATIONAL INVESTIGATION INTO THESE CRIMES AND HUGE VIOLATIONS OF HUMAN RIGHTS!**

what i mean gang stalked is - people following me around, purposely blocking my path when i am walking, calling me names ie fu..er, puf..a, "he's going home " or "he's leaving" etc. behind my back and pretending they were not referring to me and they want to be my friend. People making noises outside my room so as to prevent me from falling asleep, if i am sick they would make more noise such as bashing on some object outside just to see my reaction, damaging my stuff especially if i get angry or "think" bad about a stalker etc. This is done all day in the workplace, neighbourhood and public places .

They do things so that it looks like coincidence and cannot actually be proved. Another significant thing is the ambulance sirens being put on just when the vehicle is passing me and switching off after they pass my location especially when i am trying to make some decision.

I think they are trying some involuntary rehabilitation program claiming to make me and similar victims more socially interactive. I think they gain support by the public by pretending to help the victims overcome some sort of addiction or phobia ( alcohol addiction, social phobia etc.). But at the end of the day, the victims are just caged animals that they are conducting their experiments on.

They don't really care whether the victims live or die. I think the few who are rehabilitated successfully will be rewarded by better jobs, celebrity like status ( at the expense of being stalked through the rest of their lives - similar to the gladiators who survived the fight. They become heroes to the public just because they win battles to live ) etc, but the people who are unable to cope with it will eventually lose their jobs, end up in mental institutions, some will commit suicide and some may go around shooting like the recent one in USA and be killed by the authorities. These people's voices will never be heard.

However this system is definitely available in third world countries. Due to this reason I have a feeling that this might be done using satellites owned by the entertainment industry as well ( as stated by Pual B.). I also feel that there could be multiple government and private organizations in different countries with their own satellite systems competing with each other to gain supremacy in this technology.

If you are not gang stalked, what type of harassment are you subjected to ? do they physically harm you with any RF radiation ?

DEAR SIR/MADAM

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is Mary and I live in the USA. I am a 53 year old woman, wife, mother and grandmother...Following is my story: My Hell started in 1991 of electronic harassment and gang stalking. I am looking for someone to get them to stop!

I was dealing with situational depressions caused by a divorce that would have resolved itself. But instead of helping me in a time of great grief, distress and confusion that was happening in my life...some organization decided to hijack me and indoctrinated me into this living HELL for the rest of my life! I was a good and decent woman, a good mother, helped others and I had a kind heart. I was active in my community, president of the wives of the Los Angeles City Fire Department and helped raise money for the poor and active in my church. Now I have no guts and no spirit and have isolated myself from people. I have been in this for 17 years. I live in isolation out of fear.

## **FOLLOWING ARE MY PERSONAL EXPERIENCES WITH THESE PEOPLE:-**

**Street theater incidents and invasion of my home and overt harassments in the preliminary stages of indoctrination processes for the purpose of letting me know I was under surveillance and my life is completely controlled by human hands:**

1. Clothes; all had pulled seams in the material.
2. underwear all had holes and rips in them.
3. when shopping for clothes ...they would place red threads there .... Making sure I was aware they were going before me and directed in advance where I was going
4. caused my supervisor to have extreme emotional swings toward me...they caused my computer to malfunction...they caused me to not be able to work in that environment and I was eventually "let go"....it was humiliating...I am a bright, intelligent person, and have always succeeded in everything I've ever done. How dare they put me in those "no win" situations and cause me such distress that I would lose a very much needed job...I was a single mother with no other support to pay my bills...I almost lost my house...could barely buy food...creditors on my tail for unpaid bills...I needed that job! They were slowly but surely isolating me from everything and everybody...I felt so alone and persecuted!

5. In my house telephone wall sockets were changed to some huge complicated mechanism I did not have before.
- 6.constant wrong numbers
7. pillows in my son's room had the schematics of the inside of my home lightly drawn on the pillows
8. I found paint and dirty towels in the garage near my washing machine to show me they changed the inside of my house.
9. a huge, long, thick dark black hair, a foot long, (my hair is blond) neatly placed on my bedside table...again, making sure I knew someone had been in my house that day...it was left purposefully for me to find....the black hair matched one of the women I saw stalking me. I've seen these two women several times, one had black hair and the other had blonde hair and they were in their mid thirties.
10. my brother chased someone from my back yard, over the block wall into my back alley...he chased him a couple of blocks and lost him in a parking garage.
- 11.Two women watching me through a reflection in my son's glass picture frame which bounced off the back window facing a two story structure. They were standing on the steps smiling at me...these were the same two women I've seen several times before!
- 12.Red laser light glaring at me in my bathroom mirror showing me I'm being watched from the window behind me while lying on my bed at night.
13. shadows on the ground outside of a person when there was no person around
14. seeing dark clothed person inside my house peeking around the corner when I was laying down on the couch
15. street lamps would turn off ...one at a time ... as I would drive home
16. my carpet was electrified when I would walk on it throughout my house.
17. the smell of gas in my bedroom when I would try to fall asleep .... They gave me the feeling I was being knocked out unconscious.
18. Hologram images on my body... I could see cartoon characters as if it was imprinted on my body, these same characters were also on the ceiling in my house of course only I could see it...eventually these images in my minds eye went away! This lasted a few weeks though.
- 19.a tree outside my house seemed like it was cut into characters of owls which happened overnight....again it must have been a holographic image seen through my eyes only...this disappeared quickly.
20. a person in front of my house pretended he was a utility man but he was doing work by himself at night... changing a water meter in the ground...he gave me a creepy feeling and the situation didn't look right.
- 21.while driving in a car with my sister a whole group of people that were quietly standing at a bus stop instantly started fighting with each other then jumped in front of my car
22. In another incident my car was damaged by someone knocking off my rearview mirror
- 23.constant car problems such as my wind shield wipers would automatically go on every time I started the car ... difficulty getting my keys to work in my locks...engine troubles galore...this car was barely 5 years old with no previous problems...now it consistently breaks down!
24. Radio being placed on Spanish stations each time I turned it on in my own home  
...I don't listen to Spanish stations nor can I speak Spanish...this happened several times over a two week period... at the time I was a single mother living alone at times ...these incidents were when my children were visiting their father.
- 25.Spanish people walking up to me and asking me questions in Spanish
26. My artificial finger nail case that I kept in my closet had masking tape around it with hieroglyphic writings on it.
- 27.Constant dog poop on my front lawn and backyard...I don't have a dog.
28. Odd things being placed in my backyard such as gun shells.
- 29.horns honking and sirens that matched what I was thinking while lying in bed at night
30. I saw parts of my kitchen on a television show...it did not match the background of the Christian station that was being broadcasted. I don't know how they did this but it is true.
31. Repeat of scenes on television programs
32. Placement of rats and large rodents on my block wall to frighten me.
33. placement of cockroaches, bees, spiders in my immediate surroundings
- 34.Being chased by bees that reacted to my thoughts
35. Banging noises and crackling of ceiling...doors....walls....all electrical appliances and the television set
36. Mail theft and tampering and interception
37. Acts of Harassment by formerly friendly neighbors. Sudden, bizarrely-rude treatment, isolation.
38. Noise campaign
39. Acts of vandalism such as tampering or destroying objects in my home causing me to throw them out ie., pillows, condiments, nail supplies, telephones, holes in my wood floor behind my couch near a telephone outlet.

#### **BODILY FUNCTION PROBLEMS:-**

1. Feeling like I needed to urinate immediately every time I would go into a grocery store. For awhile they had me going at least 20 times during the night.
2. Feeling pins and needles in my feet to the point I could not even walk
3. unusual skin rashes on my arms and left hip and in both ear canals and on eye lids
4. my right eye (for a short time) had a yellow film in the corner on my eyeball...like a cataract (gone now)
5. A huge scratch on my left hip suddenly appeared with a huge rash around it after waking up the next morning... someone did this to me in the middle of the night!
6. pain in my teeth....sudden bleeding gums
7. Ringing in my ears that was sometimes excruciating!
8. heard loud noise outside in my back yard that glass was being smashed ... I ran out there bringing my mother with me who said she did not hear anything....and there was no glass on the ground....only I could hear it being smashed
9. Slowly being forced to sleep...as if someone had drugged me...I fought to stay awake waiting for the perps to appear in the room....just before I was completely knocked out I saw three figures dressed in all black entering the bedroom from the closet...I remember telling them just before slipping into unconsciousness "I got you!" A few moments later I was startled to a wide awake noise of glass being smashed...of course no glass was ever found.
10. Terrorizing nightmares being chased in mazes with someone after me in every corner...I could not find my way out....these nightmares were induced by them...I would wake up in terror ... too afraid to fall back to sleep
11. Nightmares of being paralyzed and not being able to move; such as me in a car and not being able to step on the brakes! Someone after me and not being able to run!
12. nightmares on different nights were; of being burned alive...being shot twice in the chest...cartoon episodes that would turn hellish....sexual nightmare dreams...skin flayed on my whole body as if being melted away from extreme heat...satanic nightmare attacks often....Spiders....rats....cockroaches....snakes
13. Sexual rapes while wide awake by them manipulating my body...they know I hate this tactic by them and fear them doing this to me...I cry for hours afterward ...eventually they allow me to fall asleep usually around 5 am. However sometimes they don't allow me to sleep at all...they will put my body in a deep rest mode and keep me still as if I'm in a stupor...they will allow me to listen to Christian music with my earphones on....it can be very extremely soothing....they make it so you can exist as a human being but only just enough.
14. Twitches in my extremities....aches and pains as if a knife was being stabbed into me...extreme headaches with onslaughts of their thoughts harassing me....telling me I need to do something in order to get the attacks to stop.
15. Induced heart attack symptoms ...I thought I was going to die.... requiring a doctor from the hotel in Germany who barely spoke English ...he gave me an injection of something that calmed me down...I was surprised they allowed some type of medication to help me...usually no medication of any type that they don't feel I need is allowed to work in my body.
16. Extreme emotional swings of deep sadness and despair...extreme anguish of pain....blockage of thoughts....
17. Difficulty praying to God...blocked by them..
18. Difficulty in reading a book....they keep my thoughts on them and won't allow me to concentrate on what I'm reading.
19. computer problems....changing what I write on the computer with misspelled words, spaces in the words! Electronic harassment when trying to type. Stopping emails...erasing what I've written...changing the lines and spacing of words automatically while typing as if everything I'm doing is wrong...making me feel inadequate and eventually needing to just give up.
20. Television equipment going on the brink
21. All electronics acting up
22. can't unscrew bottle caps....they make things too difficult to open
23. Everything I eat or drink has a different taste at times
24. Smells that come from no where
25. Sleep deprivation
26. Sensory over stimulated
27. Several near death experiences in nightmares
28. Threats through their mental torture that they will hurt my family members if I do not submit to their will such as: causing arguments in my children among their loved ones, causing them depression or distress or anxiety attacks to the extreme...when I told them I was the cause of it because I would not submit to my handlers will...my adult children did not believe me and only caused my loved ones additional anguish to see their mother so tormented....real or imagined as they put it....being left with the guilt that I would not submit even to help a family member tells you how angry I am at them....ordinarily I would give my life for them....not being angry at these handlers is just about impossible for me!

29. During cancer treatments and surgeries in 2000-2003 they continued to harass me and cause me great mental and emotional distress .... They used these times specifically to cause me more harm...they would not let up until they wanted it to end....during chemotherapy treatments they would harass me mentally...again because I would not submit to there will and stop my anger towards them....they purposefully cause you such anguish or torture that I just could not forgive them! Because I wouldn't forgive them...I would cry during my whole chemotherapy treatment in anguish over their harassments toward me.

30. After surgery they made it so the morphine drip would not work for me to relieve my pain...they made me feel emotionally distraught by not having the nurses answer me when I would press the button for them or have the nurses purposefully not put my table near my bed so I could reach for Kleenex or water

31. Made me feel extremely guilty for asking for pain medication when I desperately needed it in the hospital... caused sleep deprivation in the hospital where not even the medications given to me would work! Again, because I would not forgive them for allowing me to have pain medication when I needed it and again they would torture me when I asked for pain medication and again they would not allow me any rest! I ran fevers after each of my surgeries. I believe it was largely due to the distress they caused me...I healed very slowly...as I had several reconstructive surgeries after a mastectomy. Each time afterward they would put me through hell!

32. Extreme feelings of grief and hopelessness

33. Extreme feelings of induced anxiety...such as scuba diving 100 ft below the surface of the ocean and they induced a sudden panic attack (for no good reason as I was perfectly relaxed) I barely made it to the surface ... I was in agony as I struggled to the surface SLOWLY ... as to not get an embolism ... I wanted to rip off my air supply as I was not getting enough air...getting to the surface took forever...I anguished over the memory of this incident for a long time.

34. Another anxiety attack happened while parasailing (I do not get scared of heights normally)...I was enjoying the view as usual while flying through the air when suddenly they instilled tremendous fear inside my...ruining my whole experience (I've done this several times before and NEVER have I ever been frightened...on the contrary ... it is a hobby I extremely enjoy!) I was so mad at them for putting that much fear inside me that I was again very mad at them for ruining my vacation.

35. Another time I was river rafting ... I believe they tipped the raft over several times on purpose causing me great fear ... They like to purposefully ruin my fun!

I have a history of them doing this to me ... with their usual approach toward me when I'm trying to have fun, it's no wonder I'm afraid to do much of anything anymore... I question what are they going to do to me next?

36. visual holograms....such as; cartoon like bunny rabbits chasing me on the ground...ghost like dark figures walking down the hall...two white light figures standing in a bedroom...while looking at the cement in my backyard the small holes suddenly became large bumps...they would change it back and forth as they would talk to me in my mind!

37. visual disturbances with eyesight...cloudy sometimes...unable to see well enough to read at times...perfect clarity at other times...I have 20/30 vision normally

38. Scary monsters in nightmares...the last time I ever had a nightmare was when I was a child....now I get them just about every night and I'm 53 years old!

39. while wide awake and arguing with them.... they will induce visions in my minds eye in order to get me to submit to them such as; induced visions of black spiders

while awake in my minds eye....visions of a child sitting naked being molested (they did this to me because I was angry at them and would not forgive them in my heart which made it difficult to pray) this vision compounded the problem because I had been molested as a child which made me feel very sick inside ....sexual innuendoes regarding my Lord and Savior...anything and everything that is abhorrent, abrasive, abusive and torturous.

40. While praying to Jesus...I was given a terrible vision of a sexual nature. I had not been able to look at our Lord Jesus for a couple of years fearing my handler will do that again to me.

41. My handler consistently starves me from praying to my Lord Jesus to protect me from her. I can sometimes pray when I submit to her will first

42. I'm unable to pray the rosary without her attacking me and harassing me...she says I'm not doing it right or that I'm not humble enough.

43. Causes me to remember things wrong on purpose ....causes my husband to remember things wrong on purpose which causes disharmony on purpose.

44. the sensation someone is tapping you on the shoulder as they speak to you...that was very frightening in the beginning before I got used to it...especially when you are all alone in the house...I thought it was a ghost at first!

45. They manipulate all those around you to cause you frustration and anger...these ordinary stressful situations become chaotic and hurtful when they tell you they are doing this to you on purpose such as; standing in a grocery line, and the person in front of you, who only has one or two items, takes about 15 minutes to check out because the electronics have gone awry or causes them to push the wrong buttons; or being at a kiosk to get coffee and the person continually skips over you and you are unable to give your order; or escalated extreme emotional distress

that causes the person you are with to fly off the handle for a small reason causing arguments...causing you to work very hard at keeping your temper in check...causing extreme emotional swings is a common factor with them; they manipulate no win scenarios...no matter what you say or do they will make sure it does not get resolved peacefully.

46. If I dare to go outside and be with people... inevitably something goes very bad....such as physical and psychological attacks...it is very embarrassing to cry in public...my family does not believe this is really happening to me and want me to get on medication....they don't understand medication will not help me...in order to appease them I have taken medication and seen psychiatrists or else my family feels I'm not taking care of my emotional health....I feel so frustrated!

47. When I speak to my handlers...they change the meanings of single words I say...causing the whole sentence to mean something completely different of what I want to say...this causes me great distress, frustration and anger.

48. They've induced instantaneous nausea, dizziness, bowel and bladder control problems, appetite control, blurring of vision, eye control etc. these manipulations coincide with what they are demanding from you at the moment.

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**I have been victimized with the entire spectrum of violations involved in the Directed Energy Weapons testing and execution. My mother was killed with these weapons. Potentially my grandmother was killed to isolate my parents and my aunt and husband, a war hero in WWII.**

Also, drug-rape is related to the DEW cover up. I was drug-raped. I know the mafia is involved. Burglary -- out of my own home -- of evidence against them, more burglaries, US police threats to me in order to try to keep me silent, public harassment, sexual harassment, V2K, etc., etc. V2K of sexual topics and false accusations to frustrate people to kill themselves. COUNTLESS VIOLATIONS. It is WMD, I assure you.

The list is endless regarding the number of attacks against me. Endless. Until now, when it will finally be stopped. You must act now.

I am actively communicating with other victims in several other countries, including the UK, Czech, China, Romania, India, Australia, USA, etc. An Iranian government official, I fear is in serious trouble, she is residing in London and has contacted me for help. I have her contact info and am very concerned she and her daughter will be abducted if action is not taken immediately.

We must stop this now! The assailants are desperate and they know they are in trouble. This must stop NOW.

## **WHY HAS THIS GONE ON FOR SO LONG AND NOT ONE PERSON STOPPED IT YET?**

**WE ARE IN EXCRUCIATING PAIN HERE! IT IS A HOLOCAUST.**

5/5/08

Hello,

I am a target, enduring torturous directed energy weapons (or other name) attacks, all over my body, including my genitals. I also, after having been kidnapped by organized criminals, being attacked with wielders of acoustic weapons. The assailants are Americans.

How can I find what is finding our bodies, and how can we remove what is finding our bodies?

Doctors in our country are not willing to address the fact that this is occurring. Please reply asap, as many civilians in many countries are being attacked and it is pure torture. We need the evidence to stop this holocaust.

**14/10/08**

Just a thought, maybe say we need (remove safe houses) and state that we need IMPLANTS REMOVED, that is how the weapons are finding us.

**17/1/09**

I was saddened to see your photos. We are, in fact, held in a concentration "kampf" and similar to an Abu Gharib type torture and detainee prison, being crime victimized by those in possession and hurting us with the electronic weapons, having stolen our intellectual property, etc.

At one time, it was represented that you reside in Australia. Please do some research on the above corporations, due to the fact that I was told by a real estate agent in Florida that the Collier family there "owned" the airspace above the ground, even within people's homes. I was told that the Collier firm did not "own" anything.

I am a 65 year old woman and I live in Auburn, AL. I am being Electronically Raped 24/7. My Torture started about 17 years ago with hearing knocking, clicking, and buzzing, which was worst at night and caused sleep deprivation. When the Electronic rape started it was only at night, but has turned into a 24/7. I worked for the University here in Auburn, and I know who is doing this, but as you know this type of Torture can not be proven and leaves no evidence. I continue to suffer in silence, and hope one day this Horrendous Crime will end.

Thank You!

Julia Ann

Yes, please add me to the list.

I am managing, but it's so hard when you know what's happening to you, and no one else understands or can believe this Technology.

If I can stop the suffering of other people in the future, then I have won in this life.

Thank you!

I am also a Victim of Electronic Torture, Rape and Abuse for almost 10 years in Auburn, Alabama.

If we had Laws all over the World against this type of Abuse, we could maybe Stop this Horrendous Crime being Perpetrated on the General Public. I do know the State of Michigan has Laws against this kind of Abuse, but the problem is getting the Evidence and Proof that this is happening. I worked for the University here in Auburn, AL. for close to 20 years, and I do know who the person is that is Torturing me, but as you know this Crime leaves No

Evidence or Proof.

Please help us!! This is a Holocaust against Humanity! I know of 7 Targeted Individuals including myself in the State of Alabama.

Thank You!

I know the person that is Electronically Raping and Torturing me is Bipolar, so I may never get free from this Torture; it really is a living hell for me everyday. I found a lady in Montgomery, AL. That is being Raped and Tortured with Electronics, but she said once she started talking to me her Torture got worse, so now she won't talk to me any more. I told her I understood, but if it kills me I won't ever stop telling people about this Horrible Crime being perpetrated on me and other TI's.

Please pray for me!

I tried to leave some info on your website but it got deleted when I tried to edit the format. I'll try again soon. I was just wondering if you have tried building a Faraday cage or something similar. I understand that these are quite popular in American political and intelligence circles. These are basically electromagnetically conducive "boxes" that are grounded to 'earth'. Sometimes there one or several built one inside the other. They attenuate a radio signal coming in or going out to ground. Or possibly taking advantage of the Earth's natural ability to shield radio waves. A cave, a tunnel, a deep ravine with steep walls or a building with a few floors lower than ground level without anything that could be used as an antennae should be able to give you some relief. Is there a known criminal organization that operates in the U. S. and your hometown too? Did you have any acquaintance with a coercive mind control cult while you were in the U. S. ? Did you have any medical/dental procedure done where someone could have implanted you with a micro-minature device? The equipment is too advanced for a bunch of thugs to have developed it. They may have stolen it from a government agency though. I hope the information helps. I'll try to help you in any way I know. I am a victim of similar harassment.

**20/8/09**

I found the link to Walter Bowert very good since I have been looking for his work a long time. But I am curious as to how you came to have my email address. I am willing to assist you in your problem but you have got to stop the onslaught of emails. As far as I can tell they are mostly of the same content anyway. I simply do not have the time to go over and over redundant material. But I do appreciate the 'hot leads'. Can you tell me how long ago the problem started? Have you had any contact with any groups that pride themselves on psychological manipulation? Did you have any medical procedure (dental work also) before the problem started? Do your friends, family and/or neighbors seem to be part of the abuse?

Let us start from here and I will try my best to go through your emails to cull pertinent information. I think the proper approach, at least the way I would do it, would be to concentrate on the technology needed to do what they are doing. After all, it isn't magic, its technology. I know radio waves can be blocked using Faraday Cage designs or by taking advantage of the Earth's natural ability to block radio waves. Devices have to take advantage of ambient charge as a power supply. This implies charge coupled technology.

I'll leave off here for now and please let me know how you are doing?  
Looking forward to your next email,

hi- If it helps:-

My name is Scott Fitzgerald. In 1995, I took an opportunity to teach (ESL) at a university in Shanghai China. This university was connected to the Massachusetts Institute of Technology, and Syracuse University - both recognized. (I have a BA, English 1991 from Boston College)

Until then, via interviews with former university classmates, friends parents and family, I was an above average student, varsity athlete, and healthy young man.

The U.S. Government, MY OWN, began surveillance via a 'directed energy' system, using microwave, laser hearing and pulsing devices, thermal imaging, on a global scale. By 2001, I was homeless, jobless, and penniless. Relying only on the charity of my family, I scrapped, and STILL barely scrape by at menial trade jobs just to stay off the street.

People are being targeted for torture. Please help us expose these systems and the persons responsible. All humans, and in fact, all life on earth is effected by 'microwave/radar' technologies- even if they don't know.

Thank you for your support.

6/5/12

Are they interested in individual targets? I would be willing to speak with them about my 17 years of targeting, how the CIA got involved with my life and the weapons used in organized stalking and human suffering.  
Thank you,  
Scott

My name is Enrique N. Flores, and I am a U.S. citizen.

My first time I was attacked was in San Francisco in 1995. I was being experimented with a program called star wars like in the described in the book of Project Soul Catcher by Dr. Robert Duncan. I have experience many experiments like voice to skull and lasers burning my arm like Tyrone Dew when he discusses an interview with Dr. Duncan.

<https://www.youtube.com/watch?v=OMtsouaMB8Q>

I also felt painful microwaves on top of my brain which felt I was burning and had to damp my head with water to feel relieved. Another experiment was done to me was also the Alice in Wonderland from the book Project Soul Catcher. I have attended many numerous times in the psychiatric ward in General Hospital in San Francisco. I have records in the hospital quoting that I complain that I was being attacked by a Satellite.

Please add me to your list because I am truly being targeted by pschotronic weapons.

I have no doubt many of the activities listed are carried on as described, but sometimes without the results suspected, and then usually as a Feint or Decoy or Cover of much worse methods which actually work. A Plethora of variations reported, based on very often incomplete information, keeps outlines of the beast blurred, which is even more frightening than a specific understanding.

Most of all "THEY" want to keep "US" guessing, while holding in reserve powerful techniques we have little inkling of.

I feel that I was stalked probably even before declining the John and Fannie Hertz Engineering Scholarship (Augusta "Mrs Edward" Teller, Director) at UCalBerkeley, for which I had been interviewed by an LLNL Scientist, and was advanced by the notorious Hans Mark, later Secretary of the USAF and Advisor Plenipotentiary to the Pentagon, but then Director of Physics, LLNL, but once between, Director of NASA Ames and Deputy Director of NASA.

THEY have found - or rediscovered - something far more incredible and powerful than mere HAARP or any other frightening technology meant to scare the delights out of humanistic and artistic people.

Something which overturns our most cherished beliefs, long trained into our thinking, and always seeming true, but

actually false.

It has to do with Time, and allowed the most detailed spying imaginable.

Next time you seem to be in a room alone, realize please that a few mm away in a direction you have not been allowed to perceive, there may be an unsympathetic 'companion' who makes you NOT alone, after all.

The TRUTH may scare you to death, not set you free ...

If you are young, once you have felt the "bite" you will look about and shudder; only in closeness to death will their possible presence no longer stir the fright of a youth wishing to live out an entire lifetime.

Did I say "TIME"?

Yes, TIME.

My name is Ryan Fordahl, working last year in Eden Prairie MN USA. I was seeing hundreds of people in passing cars holding an open hand to their faces while looking at me with a mean face daily. I passed a lemonade stand on my way back from a delivery, and saw a young boy hold an open hand to his nose, and point to my car as i passed by, when i was passed a black mini van picked him up. I made police complaints about a magnetic four-colored LED flashing light i found on my cars back door while on a delivery. I hear from my computers fan, (Ryan your an asshole, Ryan were going to kill you etc..) Now I hear (Ryan you are under arrest by the FBI). I can also hear it in my car, randomly from telephone poles, telephone poles were at one point chirping like a bird as i passed them. I became afraid after hearing these things and drove to northern Minnesota, where i saw people looking at me with a mean face in passing cars, hearing (Ryan you are under arrest by the FBI), even when I went to hide in the woods I could hear them, and I could speak back to them telepathicly and they would respond (Ryan shut up and listen-You are under arrest by the FBI) repeatedly. I came back to the cities, the whole way back they were saying if i go home they would arrest me, I finally was fed up, so i parked at a low traffic intersection got out of the car-put my hands on my head and waited while the voices still talked to me saying (you are doing the right thing, a car will be by shortly to pick you up). I was met by a white SUV and a lady gets out and asks me if im ok, i didnt say anything, i got back in my car and left, shortly a police officer pulls me over. does not read me my rights, puts me in the back, waits for an ambulance and I was hauled off to a psych ward, locked up for 2 months, put on anti-psychotics that make the brain shrink and cause shakes which kept me awake. I ended up running away to my fathers home from the hospital, they instantly committed me after my dad called the police on me and they returned me to the hospital. I ran because of the delussions the anti-psychotics were giving me and I had no sleep. I still hear the voices from my computer, from electrical poles, and fans. Tin foil did help to quiet the voices. I plug my ears i cannot hear the voices. So I know im not schizophrenic. I am aware of Voice to Skull, Electromagnetic and H.A.A.R.P as mind control possibilities, how they read my thoughts and know where i am and am going is a

mystery

Hello Sir, over two years ago I was staying at a hotel in downtown Louisville for the night. I accidentally stumbled onto what to me was an obvious high tech covert operation involving monitoring local citizens. This was about 230am and I continued to watch for the next few hours.

The technology I observed was earth shaking. I felt that there was something on the adjacent buildings roof. I was on the second floor balcony outside my hotel room and I kept seeing some type of movement. I couldn't pinpoint it because whatever it was seemed to mimic the exact shape and size of the roof tiles. But I did see a distinguishable characteristic that enabled me to differentiate the roof tiles from whatever this object was. As the morning light started to arrive I saw a mans figure, just his outline, his body was transparent. I noticed him and couldn't help but stare as I was shocked to say the least. I noticed that he saw me watching him. To make a long story very short, my photo was taken "I saw the Flash", and since that night I have been followed taped both audio & Video, my apartment searched while I am out, and followed while driving. I strongly suspect GPS tracking of my personal vehicle.

They make no bones about hiding this from me, and have even occupied apartments above mine, following me from room to room, I can hear them as plain as day. They make no bones about what they are doing. I have tried to contact lawyers politicians law enforcement "many whom I suspect are involved".

I'm sure without going into detail, you can easily imagine what people think of my story. I'm not insane and far from paranoid. I am a retired aircraft mechanic whose last carrier job was with UPS as an aircraft maintenance supervisor. I'm am far from some crazy loon on drugs or mentally unbalanced and know what I saw. I have seen it since then as well.

Being that you are more likely to be in a position to advise me, I am asking your advise regarding my situation. I suspect infrared light has something to do with this phenomenon as well as magnetism. I'm looking for a way to counter these and somehow protect myself from these lunatics. They come into my apartment at night and they touch me, I believe they are trying to drive me insane. There must be something I can buy or build to counteract the effects of this technology rendering them visible. I feel then and only then they will leave me alone.

To Whom it May Concern,

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I have been a 'TARGET' of some type of long distance sensing device, that is an invasive and cruel 'energy' apparatus, direct or otherwise since at least 2002. It is very real and not caused by an organic malfunction of my brain. I have lived with my mind and body since birth and know the difference between my dreams, my ideas and my thoughts. This has been unbelievable but unfortunately for me and others very real.

I am insulted and dismayed that the United States Government has permitted such barbaric tools to be used against peace loving and caring individuals, whether at a true time of peace or a time of war.

I could go into the details of my experiences but at this time am petitioning for AN INVESTIGATION INTO THIS WRONG-DOING, AND WHO IS RESPONSIBLE.

I am doing research to try and find for my behalf information that may pertain to at the very least the reality of the mechanisms, whether they are in space or on land that are used to invade, manipulate, torture in various ways and means and cause mental and emotional stress. Hopefully soon I am able to present to Congress and Senate and the Press information for my

A. mental defence

B. legal aide

My rights have been intruded upon.

I can tell you, FOR sure that what i am going through now (October 2007) is 'mild' [tho still invasive] compared to when i was here in 2004.

still, my privacy and body being manipulated is a crime for sure.

NOW that I AM able by experience, NOW hold down a job, which i HAVE TO because i refuse to become tied to the welfare system [as dirt poor as it is] HERE in this country. besides I was denied. "Healthy to work" which i had a HARD TIME trying to get MY daughter to understand! YES, i was given a DSM label BUT I am STILL mentally okay. [all other stated or unstated 'issues' aside]

I don't know if you experienced 'it' yet, but there will be sporadic hours and then a day when the pain stops. sometimes in my case earlier this summer the 'rotary club'. it will be 'annoying' when the pain returns. last night was the first time in a few weeks when i had the 'zap' to the head experience. tho this time instead of right to left or left to right across my head from ear to ear the sensation stopped short, about 'halfway' and ceased. why? I don't know.

I am NOT happy with what i am reading in the rhienhold book BUT it seems in it's own way explain whith out modernity and current machines 'methods'. as far as haptic, possible on some occasions, tho i still doubt my

'program' is literally manned by a human 24/7 [?]

I get disheartened because no ONE seems to want to LISTEN, EVEN without me mentioning "EH"  
"i got clonked in the head" -the replies have been:  
"sure" "so what" "to bad, we're at war" "get a shrink" "you changed, i can't take to you anymore"  
and worse, from long term 'family' and 'friends'

NOW i have to hang around TOTAL strangers, keep my mouth zipped [forever?] and FIND A WAY OUT OF THE  
SHELERS. I do not want to end up on a street corner filthy and dying as my daughter suggested. [laughing, I WAS  
KIND TO HER WHILST RAISING HER!!!!---poop on mommy!]

Hello

My Name Is Lucivaldo Pedro Filipe Francisco, I Have Been Living A Very Normal Clean Life. Not Ever Criminal Or Abusive. I Don't Know How This Started, But I Have Been Noticing Strange Personnel On The Streets Constantly Staring At Me, Soon After I Started Conducting Public Conversations About Blatant World Humane Affairs. Then I Started Running A Blog By The Name Of [www.crobsforliberty.blogspot.ca](http://www.crobsforliberty.blogspot.ca). And So Since, It's As If I Have Been Under Watch For What I Say, And What Topics I Speak Of On The Blog. But Regardless Of It All This Is When I Started To Notice Blatant Far Away Whispers Of A Man And Now Woman Saying "YOU WILL NEVER RESOLVE, YOU NEVER HATE US, TEIA, YOU WILL NEVER EXPOSE CONFIDENTIAL INFORMATION, CONFIDENTIAL INFORMATION IS SERIOUS." (ALL IN PORTUGUESE, AND SOMETIMES IN ENGLISH) Along With Continuous Dictation Of My Own thoughts Before Murmuring Any Words Whatsoever, Continuous Tingles, Explosions, Simulated Dreams, Electrical Pulls And Shocks Against The Body, And The Cranium. This Is The Worse Kind Of Feeling And Disturbance Of Imposed Dictating Voices And Noises I Have Ever Experienced. And Along With This, Blatant Personnel In Expensive Black Vehicles Stare At Me With Smirks Whispering, Continuous Presence Of These Strange Personnel Staring And Never Saying Anything. I Started To Notice This Ever Since....

For The Last Three Months, After A Friend By The Name Of Roger Dos Santos Falsely Accused Me Of Doing A Crime I Have Never Committed A Crime Of Rape. I Have Become Stared At By The Community And Falsely Misjudged Of Rape. After The Accusation, I Have Faced The Family Of The Person Roger Dos Santos Falsely Accused Me Of Raping And Have Proved That No Rape Or Such Was Done. After His Conspicuous Accusation, I Have Been Experiencing Continuous Nods, And Stares From Community As If I Was Being Accused Of Such Act In Such Conspicuous Manner. Ever Since, I Have Become Targeted For Personal Surveillance And Continuous Harassment From Very Strange Personnel On The Streets, And Have Been Experiencing Continuous Neurophone Harassment, Remote Neural Monitoring Inside My House, On The Streets. And I Have Been Targeted For "Personal Human Research" Intended To Look Into The False Accusation Secretly Without My Consent. It Is Not A Matter Of Seeing A Doctor, The Organizations That Run This Type Of Practices, Attacks, Harassments Are

Raytheon, General Dynamics, Systems and Electronics Inc., Technology Patents LLC, Dome and Magalin Inc and MRU (Mankind Research United), Military Agencies And Agents With Access. With Clean Criminal History, And Without Any Done Crimes, I Would Like Full Investigation Into These Illegal Electronic Breachings, Harassments, Without Consent Being Done Against Me.

I NEED HELP TO PROPERLY ANALYZE AND GET RID OF, AND STOP THESE ATTACKS, FOR ALONG WITH THE BIOELECTRICITY, OR ELF, EMF, RADIATION, It Causes Tumor, Hemorrhage, And Cancer, And Seemingly Schizophrenia Without Reason, Without Diagnoses, And So On According To All Medical Examinations I Have Done And Redone. Please Help. I Can Be Contacted At [\(647\) 343-0600](tel:6473430600) And Reside In 2214 Keele Street Toronto, Ontario M6M 5G6.

Sincerely Yours,

I Have become victimized by remote neural monitoring and microwave rays exposure in secret by canadian personnel. I am suffering day and night for the past 5 months with continuous microwave ray effects of complete disruption. After Examination and no diagnosis, doctors still don't know which pills can help and do not know why i am being prosecuted in such manner or experiencing symptoms of microwave radiation. Please help me find out the people doing this to me, because many top officials i have contacted have stated they are not aware or involved in the attack i am facing, and that it may be someone in the system doing it thru personal means. I am a humanitarian voice for equality where there is not clarity or equality thru online forums, blogging, and word of mouth. But i am being framed and have become victimized by continuous microwave radiation that is constantly disrupting my body. Ever since it started i have even put my head in front of the microwave oven to crosscheck the symptoms i am experiencing, and i felt continuout pins and needles, tingling sensation like worms in the cranium or continuous motion of radiation. The samething has been happening for the past 5 months along with a far way whisper in portuguese. I am being victimized by someone in the law enforcement agency which has access to this kind of technology please help me! The microwave radiation causes symptoms of continuous 24/7 disruption of pins and needles all over the body, repetetively every second for the past 5 months, continuously. These microwave radiation causes cancer,tumor amongst other diseases and sicknesses. This is terrorism i am facing in canada as a innocent person.

i suffer from long hours of bloosm and i'm using my youth on a jerk,i got hired for a job ,and mind control transfer it to some one who faurt sneaze,and feel like having sex on the seat,while my computer and phone are blocked,and hearing too. and this is even whitout a job .is my real life.

so please if you got succeed in court wise or got any help let me know becuase this jerk ,is way sick and extreame abuser

well since i was a child now I'm 40,sound funny to you ,but mind control send me ,how i was when i was a child imagine people ,remind me with stories and discussion around age 10 and 6 ,but mum got funny accidents 1970's for example electrical weapons and bad dreams made her put cover on,so her personality changed from short dresses to religious outfits.

other i remember funny incidents like i was in 4 forth grade exam slept while i was completely awake doing the exam.

other in 7 grade i stood in the class and did funny act and dance for no reason in middle of the class.

in high school its like first week i have no idea to physics,chemistry,biology its like i didn't get the material,and end up the only one who got highest grade in physics,andits like the guy send the way to answer it to my brain,same happen at college felt a sleep,even the instructor told me that i can go home in the middle of exam,while at that moment,the mind control guy send me an answer for the most difficult question,which i was the only one who solve it.

other in high school funny incidents,other than mum used to say when i was a child her hands gets itchy when ever some one gets to visit her,her dreams were kind of funny,other than when i was a child i remember a man who gets angry take off his pants ,so all people gets to see his pot,and then immediately cool down and put back on his pants and laugh,and people around him said he gets moody then go back quiet.

and now i put all the hours to read but mind control admit he is blocking me not to understand the material its like i read but i can't tell whether i passed all the story pages or not,even the name of the characters i don't get the story ,or what the story is about.

mind control is playing me way sick ,its like i get torture all day long ,mostly when ever i'm alone,but also when i'm with people.this monster is working on my kids too.

its like hisbranks very low life style ,with no common sense.

so did you know how to block our brain from him ,the blossom is very strong and long hours head bands doesn't work.

its like wild dog on our bodies and his ass is using the convencing logic on evrybody to eat our brain and kids,and sick enough to keep talk rights rights

My Mind Control Tortures, my testimony...

Date: Mon, 18 June 2012

My name is Tamara Dawn Franz I have been a Mind Control victim for over 17 years. Here are some of my worst tortures...

I started hearing Science Voices on the evening of 3-2-1995. And i have been experimented on something fierce with Voices, Visions, Smells, Touch, etc...

My throat was electronically cut from ear to ear one night, no blood or scar was left. I have been stabbed in the Vagina and Eyes with what felt like needles! I was almost pushed out of my chair once at Disneyland. There was no point of impact, it was as if my ass was sitting on a conveyor belt that someone turned on just as quick as they turned it off, i almost fell out of my seat! I saw a Red and Blue Laser Beam come from the ceiling and strike me in the side while i was laying in bed on my side one night, IT PARALYZED ME! I could NOT move!!! I just stayed calm and closed my eyes and went to sleep and woke up the next morning feeling fine. I was dipped with STRONG chemicals in the shower over and over, not just in my shower, but at my friends houses too, must have been projected through the air because this occurred while i would drive my truck down the road also! I have had and still am having Programmed Dreams, i have had these for many many years.

They have plucked at my asshole, pulled at my veins in my arms, licked my face, slapped at my ass, sexually stimulated me, to almost have an orgasm within only a few seconds. Put nasty tastes in my mouth! Put a HUGE fluid filled Virus / Sore on the right back side wall of my mouth. They acted out a scence (through voices in the brain) as if they had to track down a doctor to have it popped!!! Within a short amount of time the HUGE fluid filled sore exploded inside my mouth, as if it was a water balloon on a table and someone slammed a book on it and popped it! The sore exploded all over the inside of my mouth, there was NO taste, i walked really fast to the bathroom while i was at Disneyland and looked into the mirror and there was a HUGE White Scab about approximately 1/2" long (vertical) on the back right side of my mouth!!! This is SICK SCIENCE! Illegal Inhumane Criminal Activity! They figured the more sick shit they did to me the more they would be in the clear to get away with what they were doing because nobody would believe!!! I understand why people call the programmers Psychopaths! That is a no brainer!!! Everytime i would drive my truck to drop off paperwork to the F.B.I in L.A. California they would put a virus or some kind of small fluid filled clear sore on my tongue! I didn't stop going, i took the sick torture! The F.B.I. in Riverside California and Washington D.C. also have copies of my reports on Mind Control and the Hate Crimes against me. I dated and timed most of my sick tortures. It was approximately 100 pages submitted in a Manilla Envelope. I still have an original report that is sealed, that was sent back to me from San Francisco F.B.I. claiming it was the wrong address...

The corner of the mattress came off the metal frame of a bed approximately 1 foot in height that i was laying on and it shook fiercely and very very rapidly, it was so fast and hard, it was phenomenal! And there was no one there, i was wide awake when it happened! I was pinned down back in the mid 1980's with my eyes closed, while wide awake and i could hear everything around me but i couldn't get up or move, i was paralyzed, this happened many times. It was the beginning of many experiments in the mid 1980's. The experiments started before i started hearing the Projected Voices to the Brain. They use to cut off my breathing too. I did NOT have sleep Apnea then either nor do i now. I also had experiments done with my throat, as if i had an object in my throat moving around, very uncomfortable feeling! All of this insane sick shit was done electronically through this sick mind control program. I would see visions with my eyes open and closed, this still happens.

I know what they can do with this equipment and it's being used to torture people, I have been turned on with their voices since 3-2-1995 as stated earlier. The longer i am on (hearing voices) the more knowledgeable i have become. I work for a living and always have. I have struggled for years doing it but i will NOT lay down and get Labeled Mentally Ill for exploiting the truth. I work for Fort Thunder Harley Davidson in Moore Oklahoma, and i'm a rider myself. I have been at my job for 7 years May of 2012. I am the top Sales Represenative in my Department and have been for years. Unfortunately, the program and their Mind Control Voices are doing this to my Co-workers and the turn around in the Harley Dealership is unbelievable. I just want this Mind Control Program to END!

In Southern California i had a nurse come at me with a needle in her hand at UCLA Harbor General Hospital in Torrance California and look me straight in the eye with a needle and say, "TAKE YOUR DEATH" right before she shot a needle into my arm! That Psych Nurse was hoping i was going to flip out but i kept my cool and took the uncalled for shot. I hate the fact that the Medical Field plays along with this type of Criminal Activity and would be so unprofessional to even think, much less say something so HORRIFIC to a patient wanting help! WHAT HAS THIS WORLD COME TO??? Please help me with anything you can, please! Please! Help me!!! I just want Justice and to be given back my "Peace of Mind"

For those of you who haven't heard the tremendous news, late last week I finally received an OFFICIAL admission that the US Secret Service has been conducting research with DEWs & DETs for protective-mission purposes and that it has records of the research!!! I've attached a copy of the document proving it. Look at the top of page 2.

Keep in mind that the USSS has consistently, at every opportunity, denied that it had or used ANY directed energy devices. Even going so far as to commit perjury in 2003. The truth is finally getting out!!!

[www.freedomfchs.com/govmotionsummaryjdgmnt.pdf](http://www.freedomfchs.com/govmotionsummaryjdgmnt.pdf)

I've already been in touch with the reporter, David Hambling, and he has stated that he is going to write a story about it. The inline attachment that follows is a record of some additional information and confirmation.

Sometimes hard work DOES pay off!!!

Dear All:

I have an interim update on my FOIA lawsuit.

I am pleased to announce that after over 2 months, I still have not received a decision from the federal court in my FOIA case. What this means is that the court is very carefully considering my arguments and is likely struggling with how it can word its upcoming order/decision in order to get the proper result of the disclosure of the records while not damaging the agency's ability to provide protective services to those statutorily required to be protected.

This is good news for the victims. It means that the court is taking my arguments very seriously. I have never heard of any court taking this long to make a decision in an FOIA case. FOIA cases are supposed to be the simplest of all cases for the courts. There are no trials, and they are simply compliance assurers, where the court decides whether or not the agency has adequately complied with the FOIA statute. Everyone keep your fingers crossed, but I really expect a favorable decision from the court!!!

In addition, lately the feds communicating at me have been talking about almost nothing except what kind of plea bargain they are going to try to get, and when they are going to seek such a deal. The feds torturing me are going to start trying to make a plea deal for a reduced sentence as soon as the court in my FOIA lawsuit makes a ruling which decides the agency is guilty of perjury and/or bad faith misconduct, according to the agents communicating at me.

They know if any of the other agents get to the US Attorney to make a deal before they do the federal courts will execute them. They know, according to what they have been saying (almost continuously for over a month), that they must be the first agents to get to the US Attorney's Office to turn state's witness or they will be unable to make any sort of substantive deal which will save their lives.

They have repeatedly stated that they are going to testify against their fellow agents (for their illegal activities), as well as Bush, Cheney, Rumsfeld, Rove, and all of the other criminals part of the Bush-hijacked govt. (as well as many others) in order to get a reduced sentence. They are going to rat everyone out to save their own skins. It's all they have been talking about for weeks, and they are obviously serious about it.

I hope this information helps all of the other victims to see that there is likely help on the way very soon. Happy Thanksgiving, and I hope all of you are well.

Regards, Don

DEAR SIR/MADAM

i am requesting a case summary petition and would like to contact Derick as well,they are many other issues concerning medical treatment i have been recieving. I have some injuries due to this mindcontrol mental weaponry and some doctors refused to treat my arm,which i believe was radiated by this technology.lotts of details aswell.

**I would like to draw your attention to some extreme and horrendous criminality being conducted with the involvement of United States Government-related Agencies and the complicity, if not participation, of many other governments, security agencies and/or shadowy organisations - involving the use of DIRECTED ENERGY AND NEUROLOGICAL WEAPONS on defenceless people.**

I can confirm that the technical abilities and powers to:-

1. place a human subject under continuous surveillance, no matter where he/she is, from remote locations.
2. continuously monitor a human brain from remote locations, including thought, reaction, motor command, auditory event and visual image reading
3. continuously input directly into a human brain from remote locations, including the ability to override, control and alter consciousness, and to introduce voices, noises, other disturbances, images and "dreams" into the brain
4. directly interfere with, abuse, torture and hit bodies - including performing advanced medical procedures - and objects - from remote locations
5. directly interfere with, alter, insert etc. data, files, communications and legal evidence from remote locations - even during transmission
6. make live TV, and other screens and monitors, two-way – for surveillance, invasion of privacy etc..due to brain entrainment in my case others can view what my eyes see and even hear and feel things in and through my body,also transmitt this all through t.V. and sattielitte,radio...ect.... also i endured electromagnetic frey effects so strong.....cuses cell degeneration to my body,excruishiateing pain to my spine and skeletal frame,pieircing pain,numbness and vibrations with strong charges that hurt. furthermore all these other symptoms aswell: includeing bad health from withing my body,stomach intestines/microwaves deep frying me inside and out,cell and tissue degeneration.

- \* Microwave hearing,hypersonic sound,electric auditory effects,illegal human experimentation,also physco surgy(crystal implant in my left leg).
- \* Transmission of specific commands into the subconscious
- \* Visual disturbances, visual hallucinations
- \* Inject words, numbers into brain via electromagnetic radiation waves(hate crimes,to hate gay and lesbians,hate God and family unit to murdering them !)
- \* Manipulation of emotions
- \* Reading thoughts remotely
- \* Causing pain to any nerve of the body.
- \* Remote manipulation of human behavior from space
- \* playing messages in the air with hypersonic sound(blasphemeing Gods name)they did this in corpus christi Texas .I was there right before the toys for tots campiagn BIKE ride took place off ocean drive.

- \*\* also trying to get me demonically possessed
- \* Seeing, as in a camera, through your eyes, i.e. to see what you see exactly
- \* Control of sleep patterns.
- \* Computer-brain interface, control and communication
- \* Complex control of the brain such as retrieving memories, implanting personalities

\* making my leg muscles combulsive so bad it tore my knee apart 2 times, i blacked out due to pain, and another time while i was in the mri machine.

Also electrocuted my brain in an mri due to this technology. Now possible brain damage,

\*improper medical care

\*CAUSING BURNING TO MY LEG BONES with this technology may cause leukemia.

\*Falsifying medical records of all kinds.

\*mis diagnosis (if they have to make it look like a mistake.)

\*altered voting process.

\* they have been doing this to me and is happening to me.

\*also law enforcement agencies using these devices on me as well, here in Texas and prior in Evanston, and even certain private citizens, especially in Wyoming where in 1999 mind control for me began i was experiencing at the early stages of all this and i will be happy to share more in details at the appropriate time for all of this.

Furthermore having been committed to a mental institution to keep me silent for my entire life, now am hurt and suffering injuries, also attempted murder due to this technology.

furthermore not sure but seems like my family is afraid or just been brainwashed.

my mind is strong and i will continue to fight for my sanity and stand up for my rights.(it has been very hard on us all) Everyone.

ALL THE PEOPLE IN MY HOMETOWN OF KINGSVILLE TEXAS 78363

CAN VERIFY ALL THIS AND MORE AND A LOT MORE IN DIFFERENT CITIES ALL OVER AMERICA.

7. control the flow of information and orchestrate the media – worldwide.

ARE ALREADY IN EXISTENCE AND ARE ALREADY BEING ABUSED!

There is massive ignorance and secrecy regarding this, and victims such as I are being subjected to uncontrolled and unacknowledged torture and mental and physical destruction. This has remained completely unreported and undiscussed publicly. There are many others, all over the world, who are being subjected to similar torture and abuse – some of us are being subjected to the most extreme and totalitarian violations of human rights in human history

As well as being inhumane and criminal the crimes being committed against us are contrary to the Principles and Values of all the major religions and ethical systems - and yet our appeals for justice, protection, assistance and/or publicity to Government Representatives, Government Officials, Government Agencies, International Organisations, Human Rights Organisations, Universities, Scientific and other Institutions, and the International Media have been almost completely ignored and/or suppressed.

For anyone at all concerned about human rights, liberty, democracy, privacy, the rule of law and ALL aspects and degrees of human freedom, individuality and mental and physical integrity and health this uncontrolled and unacknowledged technology and torture and abuse is intolerable!

Your attention and assistance is urgently needed to halt these atrocities, control and regulate the use of these technologies, and to bring these extremist elements to justice.

**a few details from the summer of 1999-200? in case dey kill me, HA! all accurate there is more. i`ll keep it all truthful.**

summer of 1999 frit-o-lay corp in kansas, NOTES

whilst was working there,for certain reasons i was resigning from them,i had a full time job probationary period was hired full time in 30 days.

now due to jealousy and some peeps lying over my straight work week was offered to me.verbal threats of harm done to me and other tricks of people got out of hand,all the while i basicly ignored it and did my job(there are a few more details) none the less comments from certain area managers got me concerned(rrst 3rd shift and 1st shift pc aka iron butt) certain comments were made about meand them trying to get me fired due to many people lying and just gossip.Iron butt ,told 3rd shift area rrst manager to leave me alone and peeps all on 1 shift didn`t like others messing with me. ect.....(i know all the details)

2. Whilst all dis stuff wuz happining Pastor dennis shyler warned me once whilst outside in da parking lottb he let me know dat Satan was trying to tuck me away in the corner of the plant and shut me up(satan shutting up anyone in Gods kingdom means kill ya off).

many peeps lied to Pastor shyler and i seen and heard a few of the liars. mind games of hate and jealousy of 3rd shift....

needless to say i knew why that corporation was loseing so many wonderful good workers,physcological harrassment as they did me,but mine had the evil boss behind it fueling their fire(sparkler,runns out...lol)

3. i resigned peacefully and later found out dat 2 certain indivuals lied about me and my resegnation and stated to a reputable individual(union steward)

dat i threatened to blow up dee plant.....ect.....i know the details.

4. so one backbitter can cuase a thousand people to fall and one thousand per person,why it went nation wide so quick.

now every time i tried addressing it to stop it,was told your imagineing it,it`s not happening,i traveled from kansas to wyoming and back 2 times cuase resigned my 15.00 an hour job plus time and a half before my shift and after and on saturday whole shift,plus double time on sunday,it worked for me still went to church.....(more details).

5.back to being in worland..... all my family der played me for the not happening gimmick includeing my wife.

666. whilst ah der still they played subliminal messageing prior to hypnotiseing me and drugging me numerous tymes.

dat dreadful night after the hospital incedent and prior events with Sam trying to keep my family der in wyoming..

being drugged and hypnotised /mindcontrol

many events and statements not true. i warned Sam torrez the next morning and told him God was angry at him and why. ect.... more details

777. I talked with God so we left in 1999-begingning of dec 1999,we moved to kingsville texas 78363.

hear is where my egypt is as previously told to pastor Sanchez,by me,like moses in a way but with a diffent story,i was baptised into others labors who had the longsuffering

and patience testimony also even so Satan showed me his unholy arsonel and got so badd,so i was going to question my wife at dee alter like was gonna in worland wit pastor sanchez. well she left me,all da while i was noticeing alot of mumbo jumbo going on and God grought loottss of stuff to my attention. ect... details(tons more)

so to save peoples lyin in worland,her family and some towm folks.....ect.... she called her dad and left me wit da kids,her brother is a moron in my eyes(wouldnt let me talk on the phone wit her on theer way to wyoming,his cell phone. he was a main moron in the mindcontrol aka lying with her family...ect.....(more details)

8. Now in this numerical code,pirate well me wife did commit adultry and was why they promoted crap moreso on top of saying lies about peeps in kansas,i never said nuting wrong.

sams freind" fill alctraz" was funny story guy and an eye googler at my wife bending over changeing micheals pampee.pissing me he did in more than one way...ect...more details.

9. so yeah i went bak to dee family or warland and fought for my family like christ sayz to be and dey gave me da shaft with no shift,da skunks.

basicly she committed adultry and also her family lied about everything due to lies and slander and all united against our marriage and many lies were spoken,i knew the truth and is why they tried playing me crazy....Alda and her mom thought i was asleep and i was spying on them/easdropping and they didnt know until after they yelled at eachother very pissed and yap the vapors were there,very emotional,i heard every word per batum...broke my heart and yes they had minipulated the crapp and messed wit my mind with technology. So for the RECORD....

11.any way got arrested at ranchito and stayed in jail cuase old sam called dee law and they arrested me for their lying,also a whole bag of cell phones was in dee car and dee officer der asked alda if the bag was hers and dee officer gave her da bag???hmmmm set up. cover up.lil sam said a few dumb things to levi french.so was set up and blamed for all der hell. wow.

MY SON WAS CRYING IN THE BACK SEAT OF THE CAR. i cant forget.

12. from knowing the truth from kansas to wyoming,still i listened to the Lord and kept my peace and he gave me strength all the while...from kansas lyins to worland---

my wife cheated on me,her family all lied and they wanted control and to cover up mindcontrol they did to me was a bit much.still while they arrested me on old man sam`s lies

many more details.....ect...

13. the jail seen.....county inmates...honestly they treated better than than the whole town did concerning all this.

also seen jose in der for mip and found out more of what i already knew....he lied to dee inmates and confessed to a jailer der(dee one who accidebtly got elbowed)

so dey knew wat dee hellish things dey all did. sam even came to dee jail(no rouster list) and he spoke...da RATT! he offered me \$50.dollars and a tankful of gas to leave my family forever not even to write to them,so know wat

dee bible says bout not takeing a bribe.....What a bribe my net worth of my family was only worth a tank of gas and \$50 dollars. he failed at satans handy work,i knew he was to fargone when he said,"You know I love you" on dee phone in jail den he hung up! and talks wit dee jailer and dee jailer promised to ruff me up whilst was der to keep me der az dey plotted for our children,all dis was part of their plott.

get rid of me and cover all their hell and blame me,just like fritolay incident.....Hmmm,Satan u suk. more details...ect i know everything.

well after 2.5 months in jail was tired and wanted to move foward...lotts of things going on,so i wrote a letter to hurry up the proceess to be mentally evaulutede

15. now in other transport vehicle...they drove so fast,they broke the speed limit laws was doing 90 miles an hour,dey called it makeing good time.?

16. now in evanston mental facilities,whilt der many verbal and phscological mind games even with mindcontrol hypno tactics whilst awake and asleep,

i never told DR.Nash the truth cuase what my wife and everyone didi prior,the same crapp,electronic mindcontrol and tried to set triggers off(i figured it out along the way.had secret resource.(Jehova). any ways was being triggerred and targeted the whole time from kansas. so now am in jail still and bad messages being played...ect...more details.

So Dr nash asked do you hear voices,what do u think i did..... ha ha. sukers. he was tring to ruin the sanity test i took.hmmm? Dr nash/DR.rick peterson,they connected alwright. can get the paperwork and have already. one of many messages played on me was an officer of the law raped your wife,an officer of the law slept with your wife,officer trey weatherford slept with your wife,also other occurances happened physically there and painful. ect.....more details.

17. long story short. was going to court and dopped at the time,my lawyer barryman told me to say a lie and say i yelled at her.I asked why?all i was told do u like being in jail

i said no.say ur guilty and u will be on a buss by this afternoon at 3 oclock to texas...so couldnt think striaght so i was sick anyway...was dopped so said guilty at the judge.

was police escorted to da bus dis time and was remebering the set up,had to be silent cuase everyone was lying to me alot...they thought biig spiritual man/highpreist/blessings of god for dummies,while sam lied to the church and let them believe what they did was gospel...ect.... so to texas.....

18. What in the heck do you think happened here?Same old crapp,no-one listened to the little i shared,cuase last time was here trey weatherford stated to a floor manager where i worked at prior at calling sololutions...we cant do anything to him unless he has explosives on him. now they mentioned my name and my name is georgegagner.

ect.....

19. now when all this crapp/mindcontrol was going on and imagery,man my brain felt like was going to explode,needless to say got committed by my mother,she had no idea of what was going on for a long time.. mhm stepped in,nice bastrds.now rio-grande state center in harlengen,i protested peacefully and there the also protested waited 2 weeks and suffered all the pain through all dis. they by the courts made me take dope. sorry snakes and rotten lying bastards...why so angry.one time

someone accidently unplugged the device and i decharged instanly(2000) i felt clear minded totaly and was silenty thanking God was praying for this to stopp.i was in the lobby area with the tv off. now there for a minute was off and i heard the peeps at the desk being yelled at from down the halllway by another individual...plugg it back in,you pulled the wrong plugg,then i felt it. A charge all over the floor in the whole room and then slowly charged up my body and set my brain off in pain all over again...you cant even imagine how i felt. needless to say i overheard there converstaion,such as they were wondering if they ever turned it off would his mind charge back up and go back to this way and luaghingly..... they commneted now we now and good thing too,we could have gotten in trouble for unplugging it.ect... more details and they are credible people there even

clients there who know this. the other side of the compound was silent too,they called and talked on the phone asking what happened.

20.So they all shared a good lugh at my life,so how could i open up and say to anyone the truth?? everyone was lying from the little to the most and others got the shaft and believed a liar and everyone was on a salem witchhunt.

21.....ect.....Sash many other things there like brains in sleep sate in front of me going off and there privacy violated,also counselours there violateing others mental cognitive thought process while others talked with them and they used this stuff to question them from behind them as they were talking to [others.it](#) pissed me off!

honest people there were being violated this way and they were there for help,not to be violated. none the less after i was dopped again and this tyme thouruoghly,awful things were done to me,like when they registered me in,that day, a burnette she was a doctor i thought,gave me a physical and asked me to cuagh,she sqqezzed alwright then the perv stroked my nutts to see is she could arouse me,from back to front after it was over,alll she did was sigh. now the two pervs other orderlies one on my right and the other on my left were just laughing cuase she gratified herself and they thought was funny.i am still married and this is how they treat ya,even doped i knew she did something wrong. later on they called it group

whilst there she led group as we watched a movie slide for comprehension skills,i thought the other counsellour left her alone was weird,then i was on peak,high time and was dopped,she aske on a few occassions for me to sit next to her.well she put her hand under the table and grqbbd my hand caressing it??? i was thinking she is weird,might be scared,i didnt like it,it felt dirty. the next day i tried avoiding her and then,she gave me a mean look(dat ment in there you gonna get mistreated somehow).i was in the pill house(el cazador) anyway i sat next to her again wondering is she really scared to be left alone with everyone in group with the lights diimed watchin tv and eating snacks??

i refused to put my hand down as she was tsapping for me to do so,i refused and didnt wanna.she then caressed my leg up to you know wheere all the way to create an arousal i had to stop her so put my hand down and she was all happy and smileing,kinda sick huh? her face was all glowing like a silly lil scool girl. uncanny. so laters groups ,i kept burniin off and got lost alot on the grounds. wasnt funn. ect..... i reported this to an mmhr counsellour here years later as my mind slowly comes back to me.

my memory came back and was Justice department nightmare so now even moreso am out of the nutt house and here after 10-11 years of peoples crapp,only my exwife and her family along with pastors sanchez(he is in brighton colorodo) and joel he is a (pastor in topeka kansas) they knew i am a youth minister to become a full time pastor.

So after all this my home town really screwed up.no-one listened. then the crazy brain games even more so....I was hit with every thing the had and hard. ect...

**this is a brief summary of my life for the past 7-9 years from 2007 back to i believe to 1999.**

So I'll start from end to beginning persay,today is may 4th, yesterday I called and spoke with the counselor at MMHR here in kingsville,I already signed a form to request all documentation from all the three facilities where there have my records.MMHR,Rio-grande state center and of course SASH in San Antonio,this is where some of the violations occurred,also here in my hometown of Kingsville is when the illegal human experimentation was started on me,now prior to this there was more harm done to me.For now when I was detained I was not a threat to myself or others.furthermore in rio-grande I went to court again,there the siede with the Quack(physciatrist).Then made it legal for them to administer anti-phycotics to me.Anti-phycotics alter your thought pattern,I was spacey for alot of these years and I understand it was to keep me from contacting you sooner to stand up for my constitutional rights.So you know they took away my right to bear arms and even purchase a fire arm,(for hunting).Now prior to this also in Wyoming I was detained for something I did not commit also was metaly phycologically evaluated in Evanston Wyoming

To see if I was mentally competent to stand trial in court.Not guilty,No contest,guilty, Tempory isanity,woopie.So while i was examined here in this facility there were subliminal messages being played on me with horrible messages to boot,seems to me they were trying to activate some triggers (hypnotic stuff).The reason why took place prior to this back in my and my wifes apartment in worland wyoming,Subliminal messages were played on me there as well,my inlaws told there niece,her name is Mona,Ralph and Beverly's duaghter.Mona is my ex-wifes cousin.She was told that they plyed to messages on me and one of then was that she(mona)Liked anal sex,they told her they wanted to see how I responded and she was somewhat outraged to this and exclaimed to them,I do not,no wonder he was ignoring me,George has always been hospitable.My wife invited her parents and her cousin to comeover and visit,some visit the truth came out on them yuk!Are you with me so far,i was married to Alda at the time.So probaly thinking can't get any worse than this,well here is the humdinger,Prior to our apartment we stayed temporarily with my inlaws Sam and Bea Torrez,Things were getting bad there.Thats when i felt alot of stress and didn't know why?They played alot of mind games with me there and minipulated me horribly,So wondering as to how this was a civil rights violation to,This is where Sam Torrez and with his family being in on it yes,includeing my wife at the time,had me hypnotized and it happened more than once.It all has been an invasion of my privacy and violation of my rights as an american citizen.I never willingly participated in any hypnosis or human experimentation with telepathy aswell.My rights have been violated.In wyoming,trying to make me think to hate God ,Hate my wife,Hate my children then to hate God,kill my wife,and to kill my children,also in the Evanston Facility,An officer of the law raped my wife,an officer of the law slept with my wife and then Officer Trey weatherford slept with my wife,HMMMMM?While in Evanston the Jailers were sayin out loud It says in the bible a man will spare not if he wife was wronged.(hint).Well it was no hidden secret that I was coming back to Kingsville TX,Where geuss what,Officer TREy weatherford was an outstanding officer,i knew him prior as a rookie when he worked for wal-mart back in the early 90's.

This is horrible i know and to further put an officer in harms way is an outrage .There has to be something done about this.I have recieved much abuse in many ways and forms,They are many more details with all this,My name is George Gagner,I am an american citizen and I hope you will help me and to seek retrubution for the crimes committed against me.There is more so if you will please contact me,I would deeply appreciated greatly.I am not paranoid /Schitzophrenic.My mind cleared up after not takeing the anti-phycotics they were giving me,they did this with the hopes of me being high and spacey and not able to comprehend to seek proper help,yes they have given me SSI and would be happy if I would just shut up and never work and eventually die quietly.While on these mind altering druggs,

My health has gone bad and it has been a fight to keep my sanity and do what I have to to keep up my health.I'm tired of the mind Games and lies.So for more details please contact me,The MMHR administartor wants to meet with me to see if I still want to refuse services.I am unemployed in the process of all this and i am coherent fully now.I asked for all my records from MMHR,Rio-grande State center in harlingen and from SASH in San Antonio.I signed a form so the counselor at MMHR will get them and then send it to me,I have a copy of the document and it seems like it was misdated for the records and the times of which I desired to obtain,I did speak with the counselor yesterday and she told me it was filled properly,i have reason not to trust these people,I donot live in an imaginary world.So I'm in need of your help. thankyou for your support.

24/3/10

still alive,i am pissed off! i can relate to the torture jon is going through.they freyed my spine and i forget to write

daily all what goes on.like my mind being altered not to do certain things. also their screwing up my relationships. when ever you want more info..i still can remember.just need to verbalise it.takes a long time to write it all down.the effects done to me are strong. my hands are depleting slowly.,have numerous injuries due to it. Doctors still remain weird. George.

**15/3/14**

i am remembering things from my early teens  
v2k at my sisters home when i was younger  
relationship problems with her and her husband  
bad brain v2k messages being done to me there at her home .  
wave sensations when i still was a teen in Grand island Newyork,at my dads home.  
sleep deprivation relationship issues aswell. and when i returned back to texas  
stress and tons of sleep deprivation,was scared so never told no -one really the details,i got laughed at one time  
when i tried telling some one in the religious field,made fun of me like was a dungeons and dragons game,so i  
never talked about it,i had serious issues with the v2k and sleep deprivation.now years later hearing v2k how my  
dad in newyork was burning up and now died in a synical way.and all this stuff,started a long time ago when i  
stumbled upon a song by metallica as a teen here in kingsville texas at my sisiters home and then again at my step  
dads home for years..(wyoming) i never had issues until my resignation in topeka at fritolay comapany...was bad  
rumors then it got worse.....then my story that i submitted to you actualy part of my real life testimony and  
true story,they have done more to me than i have submitted to you here and even in lefora.

To Whom It May Concern:

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is William Joseph (Bill) Gallagher and I am currently residing in Hachita New Mexico. I am a long term human test subject of the government which has taken over the United States of America. I have been harassed, surveilled, implanted, poisoned, mobbed, stalked, personally attacked, and subjected to biotechnology, as well as many different forms of directed energy weaponry, the latter two technologies (Biotech/Directed energy weaponry) now being used in conjunction with one another.

For your information, most of the world is now being conditioned to respond to directed energy weaponry as a form of passive invisible coercion, or as invisible extermination weaponry. I have the proof/logs of all this mass conditioning as well.

Mail tampering, phone tapping, in-house and exterior surreptitious camera surveillance and listening devices, plus concerted financial deprivation and identity theft are some other forms of personal harassment I have experienced, and logged with officials as well as in my personal accountings. Some of this behaviour has been orchestrated over great lengths of time through fundamental churches, a conspiracy to overthrow America and institute royalty (Lords and Kings) once again.

There are also foreign law enforcement acting in secret and in concert with all this, such as the Luftwaffe at Holloman AFB NM, ostensibly here for training, but it is perceived they are much more involved in US affairs than just that. A lot of this going on here is just echo of the nazi experimentations during WW2.

I believe this town in NM is an enclave of intelligence activity and human experimentation, so that this group (paid by government almost to a one) acts against the target individual, and this particular place is reserved for certain witness protection programs, and/or government experimentations. The proximity of Playas New Mexico, a major department of homeland security training center, speaks loudly of certain things, as does the closeness of the international border at Mexico and/or the crime lords of Juarez Mexico, who hold inordinate sway over the politics of Texas, New Mexico, and Arizona via drug moneys. This is nothing so much as a good place for people to disappear. Whether they want to or not.

I have also made extensive logs concerning other of these incidents over the last 8 years. The logs are both written, and photographic. I have logged around 40,000 pictures of various operations having to do with active auroral technologies (Time Domain Corporation), aerosol druggings, stalking, mobbing by law enforcement and normal citizens (DHS operatives in the employ of the police state), and much more.

I am writing for help in getting this case exposed. I have contacted the ACLU in New Mexico, Philadelphia, and Atlanta. I am a member of over 260 targeted individuals worldwide who have made extensive records and are seeking respite from this ghoulish coercion and medical experimentation. Please see attached file of the top 100 cases, of which I am number twelve.

Also please view the attached picture (prior to fourth surgery which was, like the previous three, unsuccessful--after which I cured myself with a drug not available through establishment Doctors), then read the most recent appeal by me, to the so-called department of homeland security here in Lordsburg, NM. I have received no replies and only further biotech poisonings, and directed energy exposures for my trouble. The government of New Mexico is complicit to the highest degree in this human experimentation and attempted murder of citizens who will not capitulate to their whims and desires. Economic coercion is just one way these people operate, then they phone tap and put as much surveillance around a subject as possible, to deprive of any and all privacy. I believe this is a human experimentation site dealing with government Mind Control experiments.

Your attention in this matter is greatly appreciated. Please pass this information on to all concerned parties.

i have been kept relatively cashless since 2000, i am lucky to eat at all. i am some sort of mormon torture victim, stuck here in a bus in the desert sw, a human sacrifice gone bad, now these animals out here have total surveillance on me, and restrict my income by corrupting my commerce, and they do that to a lot of people which is why the traitor made all that legal, he was just protecting his own

these animals test various weapons and surveillance schemes on me daily, been going on four years now, even longer

i may escape someday, we'll see

this article was written to legitimize some of the experimentation being done on us now: all of this is being perfected and most is already being used wirelessly, and the chemtrails are just the visible aspect....this is being tested on all of us now, and has been going on elsewhere since before gulf war one...implants are a big part of the targeting process...the two gulf wars were the real testing grounds...once this technology of control was perfected there, wireless/pharmaceutical/implants, then it was brought home to be used on Americans who have been made stupid by their televisions and the lord....in fact, the churches were the major mind control attack on us, with all this wireless electricity and directed energy weaponry being just the mop up....b

My letter to Grant county sheriff, New Mexico, early December 2009.

no answers from anyone here yet, law enforcement harassment alongwith dhs teamwork are reaching new levels though, as the richardson scandal grows daily...

b

Concerning my letter below: I just finished another good book concerning the jfk assassination, and the fabrication of multiple identities are a big part of the cia/fbi/nsa dirty trix departments as revealed during the investigation of all that; when jfk was ambushed, there were no less than THREE Lee Harvey Oswalds known around Dallas and the book depository (jack ruby helped with that, albeit unwittingly) , two were false, one of those was the actual main shooter (William Seymour, DISC, Operation40 w/felix rodriguez, barry seal, frank sturgis, etal). Thats why the real Oswald had to be taken out, nothing jived, he was just a holding action and distraction...a patsy, red herring, a dupe....I am trying hard not to become one of those for this fascist bunch of pigs here in the land of the lord.

So far no answer from any of the mafiaso which is law enforcement here in the land of entrapment, although harassment by those same l.e. types has escalated greatly. Vehicle got hit with bad dew yesterday, burnt out some electronics, fyi. Jeff Cullum of T or C has been around doing more dirty work (ID obscuration of me) for his mormon/Hispanic drug lord masters.

This is some sort of unofficial harassment ordered by Richardson because I will not have anything to do with that crook...I made it to Tucson this year, they hated that...Will be leaving here around may to head back east ...b

Dear Sir:

I am writing to you to make formal complaint concerning a situation in Hachita NM ofwhich I am a victim, and which I deem to be life threatening. This situation has caused me great strife and suffering over the last 6 + years. To summarize it, I am being victimized by a group of people involved in intentional identity obscuration of me, said obscuration resulting from what appears to be well organized teamwork on the part of some law enforcement (DHS), some religious/fraternity type people, and some who are just interested in self gain. Some of these perpetrators are all of the above. There is plenty of malice in it too, I assure you. Theft and physical harm are just two results I have endured, and the situation is worsening. The surveillance includes but is not limited to on-site, postal, and telephone wiretapping. There are no valid legal reasons for these predations, other than the malign.

My main website is [www.luxefaire.com](http://www.luxefaire.com), as advertised on the leather card I gave you during your visit to Hachita a couple of months ago. At that site are details about me, a myspace.com link (Lots of pictures of me and identifying marks) and two books of great importance in this matter:

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**21/3/09**

I am a mind control torture victim. There are many weapons being used against me implanted in my brain and body. I am being Trafficked as an artist, a writer, a robot, a thought mill as well as tortured in the most heinous fashion known to man and marketed bio-chemically and organically. I am still trying to organize my case. Would it be alright if I send you accounts that I have written already. I found out about some of these weapons in August 2008. For many years I believed it was supernatural powers that I had being used against me and taken advantage of; transference, telepathy, mind over matter, time travel via the mind through premonitions and memories. I just want people to be aware of the situation because I do not know what will happen to me and my life is being threatened. I have medical records, sinus scans, MRI scans, EEGs, EKG's, X-rays, Cat scans, Sonograms, Mammograms, Labs and Blood tests, clothing, sheets, samples of substances on my person and on my personal belongings, objects I have found in my food, and photos. Thank you for your time.

**January 2009 - To The High Commissioner of Human Rights, Geneva**

**011-41-22-917-9008**

Dear Sir or Madam;

I have been a subject of unremitting torture, illegal experimentation, and mind control torture. This is extremely difficult for me. It is hard to organize the information and history. There isn't a minute that goes by when I am not being sacrificed and tortured. My memory and cognition is destroyed. I am in a state of shock and denial and am being completely controlled and tortured. They have sacrificed every part of my body. There is medical implants, equipment, and nano-technology all over my body. I am asking for immediate assistance. I need to be removed from the country. I have attached images from my brain scan. Below is a brief explanation of the history of torture and a list of assaults, symptoms, and sacrificial rituals that I am experiencing. I have attempted to get assistance from FBI, CIA, Police, District Attorney's, Doctors, and lawyers. I need to be removed from the country immediately. They are threatening my life and threatening to institutionalize me and remove more of my brain to put more implants in so that I can not argue with them ruling. It is many different groups of people that have tortured me. KKK, Department of Education, Medical, Psychology, Psychiatry, Italian Mafia, Latin mafia, Entertainment Industry, the Zen Mountain Monastery, and John J. Gallagher (who traveled around the world selling me) have sacrificed me. Some of them want me removed because it is Human Sacrifice and the worst case of torture some people ever heard of.

People are telling me right now that they have destroyed my brain because I don't consent to feeling sympathy for people who need to victimize me, and offering my life and children's lives to them instead of fighting their thought and intrusions. They are making me appreciate and understand human sacrifice, torture, and slavery. That is torture. My entire life has been destroyed and tortured. I need help immediately. I am being told that every organization that I ask for help from consents to Human Sacrifice and takes money from these satanists. I would have given the money. It should be mine to give.

Mind Control began when I was a child. I have been a victim of domestic violence, domestic terrorism, and involuntary servitude. My mind was being repressed and used by people in my community and schoolmates. When there was violence in my home or when I remembered violence and trauma I was abused by the community and suppressed. In 1994 I attempted to commit suicide after being brutally beaten and injured. I took pills from the medicine cabinet, threw up and went to St. Luke's Hospital in Newburgh. I lost almost a week of time. Then I was taken to Stony Lodge Hospital extremely weak. I was taken to St. Luke's Cornwall Hospital by the police after a fight with my mother, Gail St. Armour, in 1995. In 1998 I was severely tortured. People began to sexually, physically, emotionally and Psychologically torture me. I am being sold as a human experiment, a slave, second skin, and a human sacrifice. I spoke out to my family and was abused by them. I was implanted and sacrificed at Mercy College or at Gail St. Armour's home. When I was at college, in the dorms, I started to black out and lose time. Alicia Zillotti and Brett Basalio abused me and had access to my body. I was tortured by them for many many years around the clock. They taught everyone around me how to torture me. Lauren Gallagher began studying psychology and asking me vague questions about being a subject of psychological experimentation. She wanted to check in on me and make sure my mind was doing what she thought it should. I thought she was on drugs and insane and I refused. Lauren was my older sister. I'm not sure how we are related. She violently

attacked me and tortured me everyday of my life. I was tortured by them for many, many years around the clock. I have no memory of surgery. I have no memory of surgery aside from one in my ear canal when I was six. I am told that I never had surgery.

Shawangunk Valley Police got involved. I woke up at Phelps Manner hospital covered in wounds and was admitted to a psych ward involuntarily in 1999. In 2001, from May until September I was kept involuntarily at Benedictine Hospital. The Kingston NY court forced me to take psychotropic tranquilizers beyond my consent. The entire Shawangunk Valley Police department was at my house the day I was taken by ambulance to Benedictine Hospital. They said that somebody called and said I was acting weird. Unremitting physical, sexual, emotional, and psychological torture, mind control torture, started when I was twenty and has never stopped. In March 2005 I woke in Westchester Medical Center being told that I was in a car accident and was unconscious for a while three weeks. I suffered from a traumatic brain injury and lost the use of the right side of my body. I recovered.

Some of my children have been murdered in my womb. My eggs and seeds have been sold without my consent. People communicate in images, thought, and words that they have made robotic sex toys, organ donors, and human experiments out of my children. There has not been a moment when I have had peace at all. They assault me, my person, my body, and my mind around the clock. There is a brain radio transmitter, electric sensors, micro electronic speakers and microphones, cochlear implants, and other devices in my brain and body. My brain, heart, lungs, reproductive system, and central nervous system is damaged. My genitalia has been mutilated. I have no income, I live in isolation, am being severely tortured, and am forced to draw and write for other parties. They just take it from my mind and then attack me. Please provide intervention, investigation, and repair.

I am a subject of the Wallkill Central School District, The Dia Art Foundation, Department of Education, Mental Health and Psychology practitioners and Shawangunk Valley Police. My family, enemies, and the people from my home town consistently torture me stalk me and corrupt everyone around me. Crimes are being covered up. It never ends. I am very afraid. The evidence is all over my body and brain. In the past people have not taken the value of my life seriously enough to stop this from happening. It has been difficult to get the appropriate health care. No person is ever held responsible for their crimes against me. It is very clear to me and has always been. I sincerely hope that you will help me take back my life. I feel as if I am being offered as a human sacrifice. I was an extremely intelligent and beautiful young woman. I was an artist and a writer with plenty of inspiration for my own experiences, pain and suffering. I need intervention, de-brainwashing, and repair. They are literally murdering me slowly everyday. Please help me. If my experiences, thoughts, writing and artwork have been used for profit I would forfeit the entire profit to the organization that ended this torture and completed the investigation. My brain is being destroyed. The organizations that got involved are extremely powerful; Film, Media, Music; Fine Arts, Intelligence Work, Acting, and Literature.

This began when I was a child. I think it picked up when I was in puberty. When I went away to college I became very aware of intrusive thoughts, voices and behaviors that were beyond my scope of imagination and out of control. I began blacking out. I believed it was telepathy, mind over matter, transference and other supernatural powers that I was being dreadfully attacked with. I believed that they were my own supernatural powers. My family shut down the idea that I was being abused every time and labeled me insane. I never consented or believed that. My family was extremely violent and dysfunctional. My rights were taken away by police, doctors, and courts. The people whom were assaulting me with weapons that I did not understand continued to assault me 24 hours a day 7 days a week, without an end while I was being treated and abused by authority. The people in power began to assault me as well. There is a lot of blackmail and bribery involved. I lived in and was kept in delusions of phenomena and personal responsibility for most of my life. I have been unable to get any assistance at all. I beg you. Please help me.

I need someone trusted in my apartment right now. I'm being raped. I need to be removed from the country. NYS. and protected.

3/29/09 SOS I am being raped and prostituted in my apartment and implanted, assaulted every night. I wake up with wounds, being psychologically and physically tortured with mind control technology. I have no security. I can not stop them. I need help immediately. I live in an area that has organized crime all over the place. My landlord own a lot of property in Brooklyn and is part of a 5 family organization. He has my keys. My family traffics and tortures me. All of my relationships have been destroyed. Clay Health Center, employees and members on 14th street NY, NY implanted, raped and tortured me. They have my keys. I locked them in my locker at the gym with a number code. I pay my rent, bills, and gym membership with money that I get from my mother and father. They have always been employees of NYS Department of Education in a KKK district. It has

been most of my life. I was a child victim. They want to destroy me financially, socially, and physically so they can institutionalize me and get away with torturing me and trafficking me. Please Help Me. I was prostituted and raped last night. I woke being incestuously molested with the neurological weapons and implants in my reproductive system and mouth and screamed at through my own body. I had severely low mental activity and head pain. Then I was wheeled out of my apartment. They tell me that they can work my body with robotics while I am out cold. The police, FBI, has not helped me. The DA Victim Action Center legal assistance, David Casona, is coming on to me. I am a NYS sexual and intelligence slave.

It is extremely difficult for me to organize this. I am asking for protection, to be removed from the country, legal assistance, medical assistance and removal of my children and my niece to be placed in safe custody with me. Thank you.

Other peoples words and statements could mean many different things  
The conception that everyone around me is under control and in danger because of the will to control my life  
Crowd control and terrorism control in my own apartment; I feel like I'm on opium, I act and behave like a hard totalitarian and then laugh with joy at the good nature of all of my thoughts  
winking without due cause  
My lips and mouth move and twitch. It seems like low class mannerisms.  
physical sensation of hands on my breast and body, object and penises penetrating my mouth and vagina  
Strange Smells of bodily secretions

There is a mountain of evidence. It isn't being explained or alleviated at all by doctors, lawyers, social workers, FBI, local or state police. I do not know if they are afraid, involved, bribed or just don't care. I can offer my phone records as evidence.

I am giving you what I am capable of providing at this point. I need assistance to organize this and get to the bottom of it all. I have been buried in delusion, being tortured for most of my life. Thank you kindly.

**23/3/09**

I have attached a document with a picture of a satanic woman that sacrificed me when I was in College. 1998. I began to have severe problems with her torturing my mind around the clock. I no longer could sleep or eat or think clearly. I knew it was her and I was unable to get any support. She tried to bully my family, the Newburgh NY courts and my friends. She pressed false charges on me in Pleasantville, NY. I have never felt a real connection or a moments peace since she sacrificed me. Alicia Zillotti was extremely racist, satanic, and she claimed Italian mafia connections. She wanted to be a police officer. Now she works as a counselor for Search for Change Inc. God Help Me. I have never been more sure in my life.

**27/3/09 -**

The letter was faxed to the High Commissioner of Human Rights in the beginning of January. It was generally just what I could put together to explain the torture. I don't even know if they got it. I am sending you things that you can include. I don't believe the UN is torturing me. I do believe that I have been proclaimed as a Human Sacrifice because the crime was too sick to expose. No one is able to see the pain and suffering that on some level

they do understand then consent to destroying (brain and body) and continuing as if it is common and legitimate, corrupting as many people as they can. These people do not relent for a second. They use my hands and my mind ( their weapons that are implanted) to molest me thousands of times a day. Every time I move, they do something to make me move, or they move me. They have to STOP and somebody needs to make them feel my pain, this pain. People can not go on thinking that this is just crime. Our nation, our children, our society needs to understand the nature of what is happening. In pure form. They have to know what will happen to them when they commit this heinous torture. They think that here is nothing that can be done to them that is any where near as sick as them for one hour in my mind let alone 12 years. Even the death penalty would not be adequate justice. They throw that in my face. My own family says that they took my life at birth and will bury me. Even if I charge them with torture there is nothing I can do to pay them back. They spent 30 years torturing me after living their own lives well.

Would somebody assist me legally to get out of contract with Clay Health Spa, 14th St, NY, NY. They tortured me there and stalked and tortured me in my home. They have my apartment keys. I need assistance immediately.

Thank you.

Lynn

I attached some images from my MRI in the forwarded email.

### **26/3/09 - account of torture, request for intervention**

To whom it may concern;

I am being tortured and enslaved. Below is an account of this morning alone. I speak of weapons and technology that is implanted in my body and also that I am surrounded with. I live alone in my apartment.. I do not accept any intrusions in my apartment nor do I have a sound memory of them. I am not insane nor criminal. Most of the people torturing me and surrounding me I have never met. Some are using a computer to communicate with myself and the people in my mind. I have also attached images of my brain scan. I am asking to be removed from the country, that an investigation take place, and to be provided with medical removal of their weapons from my body and medical repair.

3/26 I woke at 6:45. Jill and Regena Fitzpatrick were harassing me. I barricaded my door last night the dead bolt was unlocked. When I went outside there was an Trans National ambulance trying to get in. A male and a female both African decent. They had a bed and a box of tools. Maybell Martinez started screaming through my body about how they destroy me. They explained torturing me with electric shock when I was 12 after my mother and sister snipped my clitoris at home violently. My father and mother have been cornering me into her domain. I have never met the woman. Nor will I ever consent. They make me think I'm in home care and they destroyed my brain so that they could do their work. They argue, scream and verbally abuse me in my own body through my throat. They molest me and rape me while destroying my brain and they call it therapy. They don't sound, behave or act like me. They molest me, make me think they are being good to me and then scream when I don't feel that way. They don't give me a moment to speak or think. This morning they examined my clitoris and made me think that it was untouched, then laughed and described how and when it was destroyed. I felt pricks and needles in my right buttocks and left hand on the vein. People destroyed my thought and damaged my brain with they impression that I would go crawling to them and they could have a field day with the power over me, molest and abuse me in person with other people acceptance because they already destroyed and discredited me. They told me that they took my breast meat out because female pride was popping around during electric shock torture. Then they told me that they would reward me with them back when I began to work to make money for them.. They sell me and sell my thought. Dr. Lawrence Kelmenson described how to make it work out. Yesterday I woke up in excruciating pain, my vagina, intestines, and reproductive system. I could barely move. I had a huge ball on my throat. The day before I had a large infected lump in my ear canal. I used to try to recover at Clay Gym on 14th St. in Manhattan. They silence my thought and them force the thought that they are doing therapy and good work beyond my consent because they are so superior and great and righteous. I can not even get a thought or word in edge wise in my own body. I am alone in my apartment. They force me to do grotesque things and scream in grotesque ways. They described destroying my adrenaline so that I have no defense against them. This severe abuse on a mind that they have destroyed in order to abuse me and my body severely. They are instating that I have no right to have children. They are

also saying that I have no right not to consent, or as a human being. They are torturing me, threatening my life and threatening to destroy my brain more. They state threat they can not stop doing this to me because of the suffering it caused when they began. They also scream that there was a reason that they did this when I was a child and then force me to realize that they did it because they could while showing me images of my childhood and the ways I was abused to confuse me, then tell me that they were abusing the body. They instate on my silenced, damaged brain that I am a barbie doll for women to do with what they like and that everyone agrees. They don't want me saying torture over being raped and violently assaulted while being psychologically tortured for months because I am not a human being I am a human video game a barbie doll. Human Sacrifice is not a big deal, I have no human value they do. The Zen Mountain Monastery backs this thought, states that there should be no more argument in the body, that it doesn't matter if I am alive or dead tortured or free. They write about my thought recordings and statements. Maybell Martinez abuses me with my own hands grabs and rips at my breasts and genitalia and disgustingly screams. They say I can't argue with the thought they force on my mind. They say if it is in my head it is mine. I stated that because people (Dia Art Foundation) were plagiarizing my writing and my integral thought. They began destroying my mind in June to say that I do not own everything in my head and prove it. I did not accept their thought in my mind. It just diminished everything I was trying to do before and while I was doing it. They assaulted my head violently as I was trying to write and create after I had mapped out and thought about what I was doing. I do not consent to their intrusion and violation to begin with. They try to say that they are doing this to me so that they can have my life experiences to create with. Most people that intrude and torture me take a lot more than that. They use my creative ideas, problem solving and artistic training as well. A woman is saying through my throat and body to me that my art work is not mine. They have it and I can not claim it. Everything Melissa Toth writes and creates is plagiarized from me. She has been stalking and torturing me for five years. She has a gang of people working with her. They say everyone gets something. My life is threatened when I think that they have no right to be any where near my mind. It is not just her. Gallery Attendants at Dia Beacon want a piece of the action. This is how they plan to be recognized. Famous, renowned artist, writers, and directors use my mind. It is Human Sacrifice and crucifying for entertainment industry and intellectual theft. They sell me as a video game called rape abuse destroy to the public and to the insane and disabled. I am tortured around the clock sexually, physically, emotionally, and psychologically and then they destroy my mind to diminish the torture and make it a faint memory. There in Human life has no value. Torture means nothing on a mind that they will then destroy. A body, not a human. Every time I open my mouth they insert imagery and physical sensations of penises in my mouth. I am being forced to think right now that they come into my apartment in the middle of the night, knock me out, and do things to incriminate me. I am also told that nobody cares because the crime was that sick, there in they consent to human sacrifice for entertainment, involved illegal experimentation and will destroy my entire life and prove that there was a reason that I deserved to be tortured this way. They will exhibit my work in exact form and I won't be able to say a thing. They changed my identity and discredited me, then silenced my mind and took complete control of me. They molest me everytime my body moves. They jump in and take over every thought and movement in my body. I am pressing charges of eleven years of sexual, physical, emotional, and psychological torture. Intellectual theft and plundering, Rape, Sexual Assault, Human Trafficking, Holding Captive, Holding Hostage, Assaults with intent to kill, Assaults with weapons of Mass Destruction.

I have a feeling they are minimizing the affects of torture and the evidence of it. Then maybe we will be free.

**6/8/09**

At 4:10 am I was woken by magnetic restraints on both sides of my head my head. I felt Directed Energy Weapons through my skull and face. I realized my brain was being cut and I got up. The neuro cognitive controllers started trying to work this out in my mind as something I deserved. John J. Gallagher thought it was a blessing to destroy my brain, silence me, and make me understand their right to have enslaved and tortured me as they kill me. They sold my intelligence work, my organs, and my fetuses and eggs. For the past year I have been being brainwashed into seeing the terrorist that tortured me in light, as superior. With my whole body they are changing my ideas about and responses to crimes committed, torture and damages to my body. They are making me seem as if I appreciate sensations of molestation and rape, carving of my brain, the unremitting attention, and ownership, superiority over my rights, mind, and life. I am not allowed to think for myself, remember my life, make decisions about my life, or try to get help legally.

I am being murdered. I was unremittingly tortured for ten years. They cut my brain, harvested some of my organs, and shot my with electric, radiation, chemical and plasma weapons while psychologically torturing me. Now they have complete control of my mind, my deep thought, my conscious thought, my body, and my voice.

They ritualistically torture and destroy. Then they cover the crime by controlling my whole body, erasing my past, brainwashing me, not allowing me to fight it legally, corrupting the public, police, lawyers, and doctors. I was just got up out and brutally beat in the face and genitalia with my own hands. Their motive is to bury their crimes within my body and mind and continue enslaving me or murder me. Please Investigate. Their contractors are Brooklyn Downstate Hospital and friends of theirs in the military.

I have not been well. At 3:30 I get acoustics and put into a trance. Then they start assaulting me with phantom touch and saying that they are molesting me. Then at 6:30 someone takes over my body and begins to scream, persecute and brutally beat me with my own hands and body while wheeling me around staring me into mirrors and screaming at me. I at times can protect myself from some of the microwave and acoustic weapons but other weapons I have no protection from. The torture is around the clock. I have been managing it during the day. It is because I am not doing what is necessary for the criminals and terrorist to get away with torture and slavery. My brain scan showed cuts, lesions, and hyper intense signals. It has caused me brain damage and central nervous system damage. My brain matter is softening. I fear that I am dying and not being told. Would you advice me about what I can do to insure that my case gets heard in full even upon my death. I have obvious stalking problems, there is a few large white vans that circles my block all of the time. There are also cars that stop on my street and then pull off. It seems to happen at specific times, regularly. I do not feel that I can call the police over suspicious activity. Where can I safely send my torture and abuse affidavit? Where will my file be in good hands.

I am trying to relocate. I want to propose a plan to create a safe house on a piece of property. Thank you.

**16/12/09**

The more of my brain was removed. They implanted prothetic implants for my lobes that torture my mind and

body with complete control over my brain and body. They are brutally beating me with my arms and hands, sexually assaulting me, disfiguring my legs and spine, persecuting me unrelentingly, destroying my soul and spirit, making me behave like a sick, demented human being in defiance of everything I am, not allowing me to feel like a human being or act as if I am myself. Lynn Marie Gallagher. I do not consent. Please send immediate help. This is an emergency. They are still contaminating my food and drink, mutilating my brain stem, body, and bone, milling children to eat, and steering me around like an animal. I need immediate assistance.

**4/8/11**

I wrote this email to the OHCHR. I have been roboticized. I am not sure if I'm saying something wrong or am not a concern. Will they remove and recover people who have been mutilated and mechanized? It would be extremely important for the states and the terrorists to discredit me. Maybe their statements aren't looked into or investigated. The longer I stay in the states without protection the more of myself I will lose. They collapse areas of my brain and apply artificial intelligence and robotic control. It specifically acts in hatred against the woman I was when I was myself. They will make me a computerized robotic surrogate mother and a inner city spy. They are taking and farming my children. In the 90's I vowed to two men that lived in Newburgh NY. I love them to date. It is an extreme hate crime. I was spirited and intelligence yet poor and humble growing up.

My last boyfriend Daniel Javier Ortiz literally resembled me in my youth. I believe I was with child when I arrived in San Antonio. I thought that I miscarried due to trauma. Daniel resembled me and my good friend Gregory Santiago. He was extremely abusive. I stayed with a woman that said she was a target and an experiment named Elizabeth Esmarelda Navarro. She is elderly. I went in the best of intentions. She violently assaulted me with weapons and had her family contract me. My head is too small and mis-shaped now. She became healthier and more energetic. Her feature became defined. I prematurely aged severely. The flesh on my face is mutated and covered in artificial skin and tech. My lips were removed and synthetics were applied. My entire mouth is electronic and controlled including my jaw. They conduct a search all day and all night for something in my mind. They want utter obedience. If there is a thought against them I get violently brutalized, the police electroshock torture me and wheel me into NIX specialty Health Center. There I am punished heinously. The staff has put me in restraints, beat me, denied my rights to call for help, mutilated my brain and body, forced miscarriages, overdrugged me, injected me with drugs, and forced me to consent to their way through torture. I was never voluntarily there. They destroy my consciousness and force me to do things. I was told that they raped me there. This is a constant threat. I do not have Free Thought.

I need assistance. I am not considered human. They force me to do whatever they want. If I do not comply they torture my brain. I think I carelessly spoke of genocide in 2008; or public concentration experimentations. I was teaching special ed.

## **REGARDING MY TORTURE AND ABUSE:**

**July 19, 2011**

Dear Sir or Madam;

I fear for my life. I need assistance fleeing America urgently. I am hated in this country. I have very little money or resources. Protection is necessary for me to survive. Could you send someone to get me in United States safely or provide a grant and a destination that would be just? I can work outside their control. I am 33 years old, I have brown hair and hazel eyes, and am 5'8" tall. My phone lines, mail, and emails have been cut off before and others have impersonated me. I am a practicing Christian and Human Rights Defender. I am a whistleblower. Any action I take and thought I have is violently acted against. The motive is to bury the terrorism I experienced in my youth and witnessed; to cover-up heinous crimes; to stop me from speaking out about torture and human rights; and to profit from me. They humiliate and degrade me with control of my body. The objective is to advocate white supremacy, anti-Christ, and Science and to use my body, force me to give up, and let them kill me. Their objective is to kill me and get something from me. Money, Power, and Profit play a large hand.

I have resided in San Antonio TX for 17 months, since I fled New York for my life. My sutures were cut open; they removed my brain implants, and shredded my brain tissue. The woman was married to a man associated with a hate group and a devil worshipping cult. They fixed a cast on my skull and face then replaced my flesh and covered it with bio chips, DNA chips, and artificial skin. Robotics were implanted in my throat, brain, and body. People began to terrorize me, prostitute me, beat me, electro-shock torture me, detain me in hospital, mutilate my brain, drug me, and control the robotics and mechanics on my body violently. I am threatened by police and doctors. It is clear that my rights are denied entirely. I cannot press charges, get a lawyer, call the police, or receive medical relief. I was forbidden from going to the FBI. My phone calls are rerouted and cut off. Radio Active explosive go off around me. My friends and family have refused to assist me. Most persons take money, join the cult, or get tortured.

I am being forced into sexual actions and trained sexually. It is DNA programming. They force any request upon

my body and soul from the public. If I do not consent they will remove my brain or get rid of my body. I am not considered human. I am. I was mutilated and put under mechanical control. It was an extremist Hate Crime. Government accepted money for this. My children are being stolen or destroyed. I cannot process or remember my experiences.

As a child I was tortured by a devil worshipping cult and forsaken by my family. They used cattle farming equipment to torture and enslave me. I have lost many children and been disfigured tremendously. I repressed the memories and torture and then kept going. No charges or convictions were made. The community made me extremely unsacred. They broke every relationship I had, battered me, and stole my children. Everything that I felt or had a stance on was acted against. They forced me to do the thing that was disgusting in my eye. They stole all the work that I did, and made artificial intelligence out of my consciousness. I was imprisoned and persecuted religiously, politically, and sexually. They allowed me no belongings in my own name although I earned, and put my work in their names. Military began using the technologies they had been using to torture me.

I am threatened with the collapse of my brain stem, removal of body parts and extremities, turning me into my enemy with these technologies and prosecuting me for their crimes against me. There is constant control over my mind and body that I fight everyday. The weapons are Radio Frequency Weapons, Electromagnetic Weapons, Robotics and Applied Mechanics, Radio-Active Dispersion Devices, Computer Brain Interface, Mutilations, Mutations, Disfigurements, Synthetic Biology, Bio Chips, DNA Chips, Brain Implants, Permanent Digital Contact Lenses, Psychological Control, Physiological Control, Pistols, and Knives.

Please come to my aid and take me to refuge. I suffer severely continuously. The government keeps illegally detaining me, mutilating me, and drugging me. They will kill me when they have a chance to. Thank you sincerely.

la cual apunte para tomar el atrevimiento de contar mi caso:

Creo que todo empezó para el 2003 cuando estaba cursando mi cuarto año en ingeniería en sistema, allí empezó todo: escuchaba voces y me hacían parecer que todo el mundo hablaba en mi contra, cosa que creí, pensé de momento que todas las televisora, emisoras de radio y la gente en general hablaba en mi contra eso duro quizás unos meses y lo cual al contarle a mi familia optaron por llevarme a un psiquiatra me realizaron exámenes y obviamente no encontraron nada , hasta el momento que todas las voces desaparecieron como por arte de magia un buen día, pero aproximadamente 3 años después retornaron ya yo con conocimiento de que no se trataba de ninguna patología me entere de que se trataba de control mental dirigido. Con el transcurrir del tiempo, y después de todo y todo lo dañino que me hicieron se dividieron en dos grupos los que querían convencer al otro grupo para que no se me hiciera daño y los que me hacían daño. Me ocasionaban ir a dormir cuando no deseaba, sed intensa, calor más de lo debido, depresión profunda en el corazón, presión en la cabeza- aveces en el cuerpo- como si me atravesarán un palo por el cráneo, o lo llenaban como con cemento al tal punto que me es muy molesto y no me podía concentrar en nada, me ponían nervioso y me modificaban la voz a la vez que me la ponían entrecortadas. Actualmente mi familia piensa que tengo algún tipo de esquizofrenia y me están medicando, aunque le insisto en que no estoy enfermo pero no lo puedo hacer con mucho éxito porque me ponen la voz como si tuviera enfermo, ahora que tengo su experiencia espero la próxima cita de la psiquiatra llevarle documentación.

This is Herbert Gartner from [mcforums@yahoogroups.com](mailto:mcforums@yahoogroups.com).

Please send me the email list for the ET, UFO, PARANORMAL EXPERIENCES COMMUNITY.

I HAVE ET, UFO EXPERIENCES EVERY DAY.

THE MINDCONTROL ON ME IS HALF ET, UFO BASE - ETs put IMPLANTS on me.

The source of the MINDCONTROL DEVICE on me is on the UFOS that follow me everywhere, and also I have Planar Implants all through my body that are impossible to detect unless the ETS want u to detect them, and must of been put on my during my abductions from ETS.

The RETICULEN TYPE ETS harass me terribly. I might be forced to be one of them one day.

I see globular, transparent UFOS floating through my room at the end of every day, and that is when the harassment is at its worst.

I've had all kinds of experiences with ETS, UFOS, & SHADE DEMONS.

I THINK HALF OR SO OF PPLS MINDCONTROL HARASSMENT EXPERIENCES IS ET/UFOBASE.

I'll write more later. Hopefully I won't get abused/targeted for talking about my experiences here. The baddies are all over [mcforums@yahoogroups.com](mailto:mcforums@yahoogroups.com). So I don't write much to keep my pain down.

American whistleblowers are being tortured. The video evidence can be accessed on you tube Monarch Case. The United States is torturing children of whistleblowers. State sponsored torture can also be accessed on you tube DIA Topoff. Notice the victims 'hand signals'. This is of great importance. Many victims have attempted to pursue justice in the United States by going to Congress, law enforcement, and the media. These officials are on the same weapon without their knowledge. The United States is using these weapons in three basic ways:

1. Sadistic torture. Terrorising the victim and the victims children. V2K, laser and microwave burns, communications, augmented cognition.
2. Subliminal messaging and brain stimuli only. Denial, obstruction of justice, and manipulation for the victims family, law enforcement, the judicial system, and Congress.
3. Violence and Fires. Subliminal messaging and brain stimuli for patsies, people going postal, accidents, terrorism, and acts of violence. The companies, intelligence agencies, and military's that use these weapons fight when they use these weapons against each other. They light the fires in the USA like gangs do drive by shootings. The same weapons they are using to burn the victims light the fires. Hand signals. Does your nose or face itch? Are your actions benefiting the Bush Administration?

please add my name to the list, Edgar Gillham. I live in northern California and have been a TI since 1986.

**Summary of harassment.**

Harassment began in 1986, I lost my job and career as an Electronics Engineering team leader in advanced development. I was blacklisted for refusing to falsify electronic countermeasure environmental tests. These devices protect USA aircraft from hostile missiles, failure of this device could cost the lives of the flight crew as well as the aircraft. I tried to save lives and it cost me my career and reputation. Many years later I learned that Blacklisting was accomplished by falsely accusing me of being a homosexual, thereby preventing me from obtaining the necessary secret security clearance required for this position. Many had tried before but none had succeeded in developing an ALQ-131 ECM device. My supervisor took extraordinary measures to prevent me from going to Litton Industries to head a similar program there, I had already had an interview with Litton Industries in San Carlos, California, and he was desperate to prevent my enabling them to compete with Varian and Teledyne with this product. I had previously developed the program for both Varian and Teledyne Microwave Engineering Company. The Pentagon encourages multiple sources for such essential equipment.

The first harassment was covert and consisted of unexplained unemployment and sleep deprivation, I was not allowed to dream, and sleep was in short interrupted sessions. I lost my job on May 1, 1986 and my first dream was exactly 5 years later, May 1, 1991. I have applied for over 2000 jobs without a single response. Potential Employers didn't even send me a "no thanks" letter, just ignored me as if I didn't exist.

For the last 12 years harassment has been covert and overt. It has consisted of continual sleep deprivation, chemical attacks, being shot at, being dragged into the legal system by false accusations, having my reputation defamed, being "punished" for attempting to get legal help and advice, having my telephone tapped and connection broken during important conversations, stalked both domestically and internationally, being forced to relocate to new homes 5 times by neighborhood hostility and drive by attacks, having my computer hacked and disabled many many times. Throughout all this we are continually subjected to a high pitched ultra sound that rattles painfully inside the head and has just about made me deaf. My hearing is down to about 20% and disappearing fast.

My wife and I are 73 years old, I'll be 74 in November of 2008. I have been a witness for the Congress of the state of California and played a major role in eradicating a huge drug manufacturing operation in Mendocino county. We are supposed to be under protection for these unpaid contributions to the well being of our State. Our age is supposed to provide protection under well defined Elder Abuse laws, none of these are happening. We are continually assaulted and denied social interaction and legal protections. We are also denied any kind of employment. We are not even allowed to participate in volunteer activities. Essentially it seems very much like we are under "house arrest" without any kind of charges ever being filed against us.

Chemical attacks have produced numerous illnesses and have been documented by examinations, exploratory surgery, and statements from my Doctor, Dr. Paul Farley of Lakeport California.

hi all. As a TI for 23 years I'd like to suggest we do not diminish our membership and effectiveness by in fighting. With this many people there are bound to be differences of opinion but let's discuss them and try to find common ground. We now lack the numbers to mount an effective protest because we have narrowed our platform down to space age weaponry. I'd suggest a broader platform, one that would be of interest to a larger group of disenfranchised Americans. For this reason I have been playing down microwave intrusion and discussing mostly those forms of harassment the General Public can understand and believe. The goal is the same but this gives a

larger pool of potential members (read power and effectiveness). There are many Americans that would join a protest march for other forms of human rights violations. Once the broad point has come into general acceptance we would then move to narrow our direction. Choose the most advantageous time and place to do battle, that's a winning strategy. Political suicide achieves nothing.

Retired Electronic Engineer, Team Leader in advanced development

Enclosed is a brief note on the subject of extreme human rights violations by the Government in conjunction with Corporate Entities for the joint purposes of punishment for conscientious objections as well as unauthorized "human lab rat" experiments under long established criteria of The Tuskegee experiments, the Guatemala STD experiments, MK ULTRA, and Cointelpro. Even though ruled unconstitutional and immoral these highly illegal activities continue unabated with covert approval and funding by the Congress of these United 'States. I should add that neither I nor any other targeted persons I know have any police record and have a long history of being hard working, taxpaying, and law abiding model citizens. Even so most of us have been falsely labeled as undesirable, even sex offenders, by the Justice department as a means of separating us from community protections.

This enclosed disk will not self start but needs to be imported into an audio spectral program like audacity for viewing, this is a spectacular audio record of the torture session in real time, a must view. It will take some time, 3 hours long, recorded DURING the entire duration of the torture. I would suggest having it reviewed by an Aid with sufficient time to do an evaluation and to prepare a detailed report. This is a rampant and world wide violation of our most basic human rights, the numbers are staggering.

Respectfully  
Edgar Gillham

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

My name is Tracy James Givens. I am a victim of Gang Stalking and Electronic Harassment living in the Dallas /

Fort Worth, Texas area. This type of harassment is being enacted upon me as revenge due to a divorce back in 1992 and has been on going since 1993 to this point which is June of 2012, where it still continues to escalate.

My ex-wife and her parents wanted to destroy my life and that of my then 18-year old girlfriend at any and all cost. After many attempts to cause us problems they enlisted the help of their family members and close family friends which worked within the law enforcement fields to achieve this goal. Why my own family joined in is a mystery, but the dislike of my now ex-girlfriend and money seems to be their motive.

Money they thought would be coming to me from my late fathers estate. Money they would have been in charge of if I had gone insane or committed suicide.

I would like for it to be known that my ex-wife and her family really have no clue as to what has transpired over the years and are in no way to be blamed for this, they simply asked their family member and personal friend working within the law enforcement field if they could find dirt on me. Over the years they have been lied to many times about what is really going on, much like the rest of the world.

It has progressed over the years from just stalking me and invading my privacy, to attacking my person with different forms of electronics such as microwave and frequency weapons or devices, which has left obvious damage to my body.

The first electronic attack to my body was in Jan. 2003 after I witnessed them working on a 8ft satellite dish in the backyard located at 3725 Arnold Drive in Fort Worth, Texas 76140 which is directly behind our residence. The home was owned by the Galloway family at the time and now owned by the Avelar family

These attacks have left a radiation burn on my neck and testicles and forced me to have surgery in 2007 to repair damage to my eyes. Other possible damage from these attacks include kidney, liver, heart, bowels, nerves system.

I use the word possible here as more medical evidence is needed to rule out other causes for health issues I am experience in these areas such as hemorrhaging, rapid heart rate, sleepless-ness, problems urinating and more, which unlike the above mentioned has been documented already.

They have enacted a massive character attack against me in hopes of causing some form of break down or worse, suicide. They have filmed me in compromising positions, or having sex with out my knowledge or consent, and not only shown this around the city but have also put the pornographic martial on-line.

These families combined run their own revenge service here in the Dallas / Fort Worth, Texas area and in other cities across the nation and in South America and have been doing so for over 40 years. Their claim is "we've done this to over 1000 people".

Their family ties with law enforcement allow them access to files and documents that should other wise be private which is then used for set ups and to avoid prosecution for the many crimes they commit while doing this.

They use a wide range of electronics to try and drive their advisory insane or to the point they commit suicide or some form of violent act so they will be arrested.

They are also allowed access to electronic surveillance equipment, some of which produces the effect know as [microwave hearing](#), [synthetic telepathy](#) or [voice symphysis](#), which simple put is the ability to put sound or voice inside their victims head with out others around them hearing it.

In short, make their victim believe they are hearing voices or going insane. A victim of this might for example hear phones ringing, birds chirping when none are near, conversations that sound like they are coming from the next room when the room is empty and so on. Much of this is used to cause paranoia within their victim and conflicts with family, friends or loved ones.

An example of this would be to use voice clips overheard from a friend or loved one and create a audio clip that when played back through the electronics sounds like they are directly involved. Their goal at this point is to isolate their victim from people that care about them or could help, which makes it easier for the harassment to continue and escalate.

They might also make it appear that someone is in your home or out side your window when in fact there is no one there, hence causing paranoia and stress in their victim. Other times they use this for amusement by making different sounds which their victims will waste time looking for the source.

Other effects of their electronics are that it **basically turns their victim into a walking, talking bug** allowing them to hear conversation their victim is engaged in or near enough to hear. This is very dangerous since it makes the victim look like an informant when in fact, **this group are the informants and the ones giving information to law enforcement.**

Another effect of their electronics is being able to "see" what their victim is looking at. Now while I do not have much information presently to share about this phenomena it appears they can "see" and can do so in real time as they constantly make comments as to what I am looking at. If you know more about this effect please share as I am still seeking reliable information on this subject

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I am a Targeted Individual (TI) and victim of Directed energy electronic harassment neurological/ mind assault technologies.

I am from – Kingston, Jamaica.... Became aware of being attacked -.Spring of 1989 then living in Bay Shore LI NY.

**CASE SUMMARY AND SYMPTOMS:-**

The full range of such symptoms; Vivid intruding dreams. Often awaken with splitting, strange headaches and elevated blood pressure. I am sure my brain is swarming with free-radicals after all that unnatural mental activities with which my brain chemistry is unable to cope and which affects my immune system. Torture dreams that involve mind-bending experiences some requiring extraordinary efforts to will myself out of sleep. I never awaken feeling rested so I have symptoms of sleep deprivation torture. And often if I do try to get a cat-nap, they are right there. It never ends.

Voice-to-skull (V2K); Usually insulting and aggressive, not my normal social environment.

Other somatic symptoms; chest palpation, burning sensations, a feeling of being under an intense radiation field, Induced stomach cramps and even gas.

I am a BAF TI ( Bonding Activity Focus- the people are suppose to bond with the perpetrators and their group) so others in my social environment are "in" on this but never admit to it. ( They cannot but give themselves away in small subtle and sometimes intentional ways.) Then the attempted assault on my self-esteem and self-dignity that comes from this and the social behaviour of others as they also try the same type assaults.

It affects my social life, my professional life and opportunities, my economic life - it just totally degrades my entire quality of life. This from someone who, prior to which, had a pleasant civilized quality of life, and a world of opportunities and achievements no further than my own effort and abilities, all other things being equal.

A heightened awareness of my environment is required to avoid staged/set-up scenarios; Activities with strong

religious overtones in violation of Convention on Civil and Political Rights - All the above is directly outlawed under the International Convention on Civil and Political Rights. Oh how wise were its authors

**8/12/08**

And remember, the Vatican is on (another) World Domination quest (have they ever really stopped, I have now come to understand).

See my post MC Activism 22551-5 for the documentation.

Their angle now is to play leader and then to generate "follow-the-leader" and have as many as possible come to de-facto accept their "leadership". Local participating branches will stoop to do anything.

WE and especially "key" TIs will be part of that strategy in their eyes.. They will start sadistic assaults and get the population, and especially other denomination to join in. They will harass even who are even marginally friendly towards us. An another angle to hype, and to thus exert their intrusion into other people's life. I make posts at other sites, and many do not address my arguments directly. I can only imagine what may be happening beyond the screen.

And do not forget for 1 minute, that all of this is ILLEGAL, IMMORAL AND DIABOLIC. And above all remember: It was with full honour, Truth, Justice and Integrity that Jesus walked the face of the Earth with. A priority, so high so self-evident, He just assumed that all would understand about this. He did not feel the need to go out of His way to even repeatedly preach on this. Is any of this things that would follow in Jesus' footsteps? You decide. Many are. Apparently a whole set of generation are learning and witnessing for themselves.

Authentic Christians would not be enabling, manipulating, and outright battling for the opposition, known by so many labels, as set-up in prophecies; (and doing so using "classified means") or fabricating false opposition or attempting to manipulate others, including innocent people, into becoming that opposition. And in so doing, they, such followers, become indistinguishable from the "prophesied opposition."

So when you write the Vatican, or any such other places, please point these things out to them, so that they can get on the right side of this issue, where they are suppose to be. And do it fast. Bush was beholden politically to the Fundamentalist/Born Again Right, until those practicing authentic Christianity abandoned him. Obama has these other people in his camp. They call for disasters (theirs) as one of the keys to their rise in power. This just fosters sadism and is so diabolic. Jesus set no such example of creating self-serving disasters when it was obviously in His capacity to do so.

So many must get back to the correct side of Jesus' example and do so properly. Not by engaging in dis-honorable, un-Truthful diabolic activities so contrary to the spirit and intent of Jesus.

**19/4/09**

I have been under organized electronic attack since 2003. There is a constant high pitch noise in my apartment and I DO NOT HAVE TINNITUS. The neighbors who live above me have a tag team of 10 to 12 couples rotating in and out of that apartment at all hours e.g. 2 am, 4 am, 6 am 10 am 2 pm 4pm 7 pm etc.... I have been barraged

with some kind of equipment that feels like it is vibrating my entire apartment -- I think it is sound waves -- because when I run my fans close to my being I do not feel the sound waves or the hot pricks that emanate and feel like burns but there is nothing. This goes on every night and is a method to keep me from sleeping and/or to make me look mentally ill. There are also blasts of air at 1 second intervals that I caught on my digital camera -- the rhythm is visual and obvious. I never hear nor do I hear voices -- in fact when I'm visiting my family on the east coast my world is quite peaceful. But here in my apartment I'm constantly bombarded with bounding on the floors like a base drum at all hours of the day and night. There is someone who is constantly using the F word -- moreover who ever it is spying on me because they talk about my body, with and without clothes, my financial life, all of my habits and even my conversations and the trash I throw out. I started shredding just about everything and the trash commentary was abated. There is even a young child who bounces off the walls and jumps off the furniture for three or four hours at a time. Lastly, during my last year of law school and while I was studying for the Calif Bar in 2008 I was baraged with heavy cigarette smoke that left me with an ongoing severe bout of sinusitis. The smoke was not coming from outside my apartment because if I open the windows or went outside there was no cigarette smoke. The management told me they had no recourse against whoever it was that was smoking BUT worse they looked me straight in the eye and told me there was NO WAY cigarette smoke could be entering my apartment -- which is total BS because everyone knows smoke finds the smallest airway and cracks to penetrate through.

I've been taking digital videos and pictures of the nefarious individuals coming out of the upstairs apartment(s) -- I'm starting to recognize faces and body types and automobiles. In all three cases management has turned a blind eye. I believe they may actually be involved because I recently read about "Private Militia Eviction Companies" for hire by large commercial management companies such as the one managing the apartment complex I currently live in - e.g. Harborview-Bayridge Apartments in San Pedro, CA which is managed by a national company called Equity Residential out of Illinois. Management even told me only 1 person with a baby was leasing the apartment above me which is absolutely BS.

I've moved twice at \$6K per move just to have the same harassment and intimidation return. This time I am studying for the July '09 Calif Bar and I refuse to move no matter what. Someone wants me out of Los Angeles and California altogether. Since I'm Jewish they may be anti-Semites. The "couples" going in & out and hanging around the apartment are Aruban and Italian. In addition to the high pitch noise -- when they start up their equipment it makes a whirring sound like a large air conditioning or airplane motor. While living at the first two apartments I would call the Police -- but the harassers immediately stopped before the Police arrived and I would look like a mental case when describing the activity. I actually went to a top neural psychiatrist here in L.A. who told me I did not have any mental disorders other than anxiety from who ever is stalking, harassing and intimidating my life.

if you have any suggestions or can tell me where to seek help or even a support group I would appreciate your input.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 2004.

The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I have meticulously documented each occurrence of these assaults. To hear my story would be terrifying and bewildering to an audience unaware of the specifics of these crimes so I will reserve it until I can clearly, coherently, and efficiently speak about them.

Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of "criminal punishment" for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed. This is indeed, cruel and unusual punishment.

I am also being denied my Constitutional right to pursue happiness. This torture (from a remote, undetectable source) is constant 24 hours a day, including while asleep—thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that arise from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as a political prisoner or worse, as a common lab rat, not even human. And that this is happening on American soil, to innocent American civilians—some victims former members of the military—is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

My name is Rafael Gonzalez. I live in the Los Angeles County of the United States and my nationality is American.

I have been a victim of "electronic harassment", and "organised stalking" for 4 years that I'm sure of and perhaps many ,many more.

"Electronic harassment " and "organised stalking" are undoubtedly very serious crimes with potentially very damaging results.

There is a long list of symptoms that T.I.'S (Targeted Individuals) experience that affect both physical and mental states. ( Personally I have experienced v2k , which means "voice to skull" for the past 4 years nonstop 24 hours a day, 365 days a year).

Many T.I.'S lives , including myself, have been shattered and going through this have labelled as mentally ill, or have become outcasts with nothing wrong with them other than these horrible unexplainable crimes that have been committed against them.

I hope that these crimes will be investigated and the criminals will receive penalty to the extent of the law.

Dear Congressman Conyers,

It's very difficult for me to explain exactly when this experiment actually started even after five years of intense research. I believe that I was picked to participate in 1969 after I had been arrested for possession of marijuana in New York. The reason I have this belief is that I have been reminded of my past with some kind of covert sound technology. The only way I could be reminded of any events in my past is that I have been under surveillance since I was a child. Imagine how unnerving it would be to hear about events that nobody knows about, unless they were present at the time of the incident or event. Hearing the exact details with intricate graphic descriptions of places I have been and the people I have lived with. It would seem that my life was under a microscope and all the information was recorded on a computer only to be played back to gain some kind of control over me. I know that the technology uses radio signals for information transfer and this information is sent directly to my audio cortex

bypassing my ears. If my theories are correct I would be the perfect spy and could receive instructions without the need for external radio equipment. Because nobody else can hear what I'm hearing I would appear to be schizophrenic when I try to explain what is happening. One of the most common symptoms of schizophrenia is hearing voices that no one else can hear. I have 25 pages of U.S. Patents that show how a person can hear radio signals at various frequencies that bypass the ears and change human consciousness and behaviour. Most have been developed to help with common medical problems such as deafness and blindness. A classic example of information that nobody knows is that in the 60's I was tested to determine my intelligence level compared to my peer group. I tested in the 89th percentile of intelligence for people in my age group and was reminded of this fact in 1999 using the radio signal technology. I was also reminded of my father's military service record, what theatre of war he was in and his rank in the Army-Air Force. Also during this time period I was deprived of sleep with a noise campaign using the radio signal technology. This noise consisted of high frequency ringing and low frequency pulsing plus three audio tracks, one repeating a short message over and over again. The second was interfering with ambient noises in my environment by amplifying low frequency noises that normally wouldn't be bothersome. The third was a real-time explanation of the other two audio tracks. The scripting seems to come from turning electric motors and any objects that move through the air. Flowing water also makes unusual sounds and sometimes has audio attached in spoken English words. At first all of the noises were very interesting and provided a challenge, but as the sound harassment continued and pain was added for control it became torture. I was tortured until I changed my behaviour and this bad behaviour consisted of using street drugs, I stopped using in 2000 but the torture continued until July 2000 when I contacted the Salinas Police about the drug trafficking and prostitution problem at the truck stops. Then I was given instructions via radio signal technology and these instructions helped me learn investigative techniques that I would have never known unless I had been schooled. I was instructed to remember names, places and things and I heard this message over and over again in my head. The true meaning was physical descriptions of people, physical descriptions of vehicles, their license plates and exact locations where the drug crimes were committed. I was instructed to keep a notebook and to make tape recordings of confessions covertly by placing a small microphone in the air conditioner vent in my motor home and wiring this microphone to a tape recorder in the glove compartment. What was very strange was that whenever I looked at a license plate it was read to me and the same thing happened whenever I read any text in a newspaper or book and this phenomenon still occurs. It's like someone can see through my eyes and hear what I hear, I have been turned into a cyborg. With the help of this technology I gathered information that would have lead to the arrest and conviction of 14 drug dealers and two meth labs in 4 months, plus a family of criminals that physically and verbally tortured several people including myself in the Salinas area. To my knowledge none of the information I gave to the Salinas Police, Monterey County Sheriffs Department or the California Highway Patrol was ever used. This information consisted of tape recordings, photographs and written reports about drug crimes that were committed in and around the truck stops in Salinas. I also gathered some important information about a homicide and gave this information to Sergeant Detective Stan Cooper at the Salinas Police department. While working with the Monterey County Sheriffs as a confidential informant, I tried to change my wrongful conviction by applying for sentence modification. Three days before I was to appear in court I was hit with some kind of directed energy weapon and this caused me to go to the hospital because I couldn't walk or urinate. The emergency room doctor gave me a spinal MRI to see what the problem was and the test transcript shows that I have congenital disk disease, but that's not what the doctor told me at the time. He said that I had a cracked vertebra and that it was causing the lower body pain and my inability to urinate, he had no explanation for the high frequency ringing in my ears. On September 26, 2000 I appeared in court, I explained to Judge Maldonado that the pictures that the Sheriffs took of my injuries I received from a beating with a shovel were never used as evidence for my defence. Judge Maldonado told me if I mentioned these pictures again during this hearing I would be in contempt of court because I took a plea bargain and I would be challenging his authority.

I continued to work with the Sheriffs Department as a confidential informant brokering Pseudo ephedrine and at the same time was harassed by the family of criminals that manufactured and sold meth in the Salinas area. I reported every incident to the Salinas Police department and the Monterey County Sheriffs department and the California Highway Patrol, but none of these agencies did anything about stopping the stalking and death threats. In November of 2000 I found out from a well connected friend that this family had paid some Mexican gang members to kill me and I reported this information to the Sheriffs and the Salinas police. Sheriffs' deputy Jim Hallack advised me to leave the area, so in December I went to San Jose to visit a friend. My sister had sent me a check for \$500.00 and I had to return to Salinas to pick it up, I was scared out of my wits to go back there because I didn't want to get killed. I stayed just long enough to cash the check and get some gas then I headed for Stockton California. Because this family had the description of my motor home I changed the color and the license plates and never stayed in any city for very long. Every place I went whenever I ran across drug information I gave it to the local authorities and in Bakersfield I found a large meth lab using the investigative techniques I had learned in Salinas. All of the information is written in my notebook and this notebook is in the hands of the California

Highway Patrol. I sent it to the Threat Assessment Unit addressed to Investigator Jim Teel. This investigator also has information about the sound technology and its effects on my body, including medical tests I have had.

Unfortunately the agency responsible is unwilling to give up their surveillance and I remain a victim of a crime I didn't commit. I am still being tortured and the effects of the radio signal technology are listed below. Since July of 2001 I have been constantly deprived of sleep and hit with high frequency sound that caused my immune system to fail. I reported this torture to the Santa Barbara County Sheriffs Department and the Santa Maria Police Department but received no help. By 2003 I was hospitalized with acute anemia and diagnosed with Non Hodgkin's lymphoma. Using binary beat technology I have changed my slow brain waves back to normal but the torture continues and when the sound is turned up the symptoms are marked by one red asterisk below. I still hear the audio and it's just the same as it was before I worked with the law enforcement agencies. I have sent formal requests to all the law enforcement agencies I have contacted to stop the experiments but nothing changes.

### Symptoms of Radio Wave Sickness

1. Neurological: \*\*headaches and \*intense inner ear pain \*dizziness, \*nausea, \*difficulty concentrating, memory loss, \*irritability, \*depression, \*anxiety, \*insomnia, \*weakness, tremors, \*muscle spasms, \*numbness, \*tingling, \*altered reflexes, muscle and joint pain, leg/foot pain, \*"Flu-like" symptoms and fatigue, fever. \*Peripheral Neuropathy

More severe reactions can include seizures, paralysis and stroke.

2. Cardiac: palpitations, arrhythmias, \*pain or pressure in the chest, low or high blood pressure, slow or fast heart rate, shortness of breath.

3. Respiratory: \*sinusitis, \*bronchitis, pneumonia, asthma.

4. Dermatological: \*skin rash, \*itching, burning, facial flushing, \*dry flaky skin on the face

5. Ophthalmologic: pain or burning in the eyes, \*pressure in/behind the eyes, \*deteriorating vision, floaters, \*\*cataracts. \*Blurry vision

6. Others: \*digestive problems; \*abdominal pain; enlarged thyroid, \*testicular/ovarian pain; dryness of lips, tongue, mouth, eyes; \*great thirst,\* dehydration; \*nosebleeds; internal bleeding; altered sugar metabolism; \*immune abnormalities; redistribution of metals within the body; hair loss; \*pain in the teeth; deteriorating fillings; impaired sense of smell; \*\*ringing in the ears ( Silent Sound Subliminals tm technology operates at 14.5 KHz) \*swelling of the lymph nodes in the groin

\* Symptoms eliminated with nutritional supplements and binary beat sound therapy

\* Occasional symptoms that becomes worse when the high frequency sound increases

\*\* Symptoms that don't go away

Some of these symptoms are consistent with exposure to radiation similar to the side effects of chemo-therapy.

I think its enough to be experimented on by government sponsored corporations involved in psychological manipulation and I really don't want to give them any more power by labeling me as a targeted individual. I consider myself an MKULTRA survivor since the original experiments started during the MKULTRA era, during these experiments the agencies, universities, and private institutions committed criminal acts and were never punished for their atrocities. I am more than happy to support the group but I want you to remove my name from the list.

Now for the good part, I understand the biochemistry that this technology causes and this information I'm about to give you will help all the victims of psychological manipulation and directed energy weapons testing. It doesn't stop the V2K but it does stop the nerve damage, so the symptoms of depression, bipolar disorder, parkinson's, Alzheimer's, epilepsy and most other nerve damage caused by the various technologies. All of the electromagnetic based technologies activate the glutamate and NMDA receptors in the brain, liver, kidneys, bowel, bone marrow, skin, lungs, spleen and spine. All medicinal drugs only make the symptoms worse and that's because they all make us toxic eventually. The glutamate and NMDA receptors most effected are in the extracellular fluid (lymph) , the

technologies cause these receptors to fire continuously until they die and that's because the experimenters never turn off the sound or electric shocks only the level is raised or lowered. The biochemical reaction is very simple when the receptors start firing calcium and sodium enters the cells and potassium and magnesium is pushed out into the extracellular fluid. This reaction is normal in the body if it only happens for milliseconds but the technology causes it to happen for hours or days. This creates a toxic condition in the extracellular fluid and an acidic PH that reduces oxygen in the body (hypoxia). Cellular membranes disintegrate because the electrical volt potential of the membrane is changed to positive instead of constantly changing from positive to negative so different mineral ions and proteins can enter and leave the cells. In so many words we get sick, now for the best part. It's very easy to change this reaction and stop the constant firing of these receptors. It's taken me years to find the answer, first uncontrollable inescapable sound and electric shocks cause depletion of gamma aminobutyric acid (GABA), Norepinephrine and epinephrine (adrenaline) the last two from stress. GABA inhibits glutamate and aspartic acid reactions which react to uncontrollable sound and electric shocks from microwaves and directed energies. So by taking 500 mg to 750 mg of GABA three times per day the reaction is inhibited. Taurine works with GABA and helps detox the heart tissue, it's safe to take up to 6 grams of Taurine per day. Magnesium helps also to stop the reaction by blocking the calcium from entering the cell and magnesium calms the brain. The dose is anywhere from 500 mg to 2 grams per day depending on how it affects you, if your stool becomes too loose reduce the dose. Ginkgo biloba is the most powerful glutamate and aspartic acid inhibitor take between 60 mg and 200mg per day in small doses. Niacin helps reduce the adrenaline that oxidizes during the stress reaction 100 mg to 500 mg three times per day. (the only kind that works is B3 nicotinic acid that causes a flush) because it dilates the capillaries and increases the oxygen to extremities. Vitamin C is the best antioxidant 5000 mg to 15000 mg per day (ascorbic acid only) Also a stress B-complex vitamin helps repair the nervous system and lastly Omega 3, 6 and 9 fatty acids everyday. There are many other nutrients one can add but the ones above WILL stop most of the symptoms caused by the technologies and there are no side effects. Expect to have more energy, concentration, focus and memory and best of all Peace. Note: drink plenty of water

**June 6th 2003**

My disabled son and I have been punished, harassed, tortured, violated, threatened and assaulted on an ongoing basis for three years. Our tormenters have put us on twenty-four hour a day surveillance. They follow us everywhere we go and torture us by every means imaginable seven days a week 365 days a year with multiple incidences occurring every half hour. They continually sabotage every area of our lives. Our property has been continually vandalized, our private lives are manipulated, business affairs sabotaged and they make me lose jobs. They ran us out of Bridgeton, NJ and continue running us from town to town.

I was told by a policeman who is now the acting Chief of Police that they are discrediting me and I am not supposed to know. He said you know you're not crazy. He told me that it was not them. I hired a paralegal investigator to find out why they had pursued me to another town. He told me that he went and talked to the Chief. He told me that the Chief told him that these people are racists. One day I was shopping in town and I was being followed, mocked and taunted. I went into the State Police Barracks and told a trooper what was happening to me. He told me they were militia. I was shopping in Millville, NJ one day and had to run into the police station for the same kinds of things and the policeman that I talked to went into the back room, checked with someone and came out and told me that he could not help me because it was an on going investigation.

The state police in the town that I live in now have told me that they cannot arrest these people because they can do the same things behind bars. Another state policeman told me that it doesn't matter where I move to this harassment will have to follow me.

Our stalkers recruit others to recruit others to torture us. They seem to be everywhere we go. They recruit people on our jobs, immediate neighbors are coerced into participating and people in neighboring towns.

They are presently using a noise campaign to torture and torment us. This group has organized hundreds and hundreds of vehicles to pass by our house gunning their engines. These vehicles are equipped with amplified sounds. They sound like airplanes, they make tug boat sound, buzzes, horns, etc. All day long and all night long tractor trailers come by making crashing sounds by downshifting. It sounds like a war zone.

The noise is so bad we cannot concentrate or talk on the phone. My son has autism and does not like noise. The sadistic perverts know this. They also have rigged contraptions underneath my house so that when certain vehicles go by it makes a knocking noise under the house where he sleeps. This keeps him awake at night. He works during the day and is always sleepy because he can't get a real nights rest.

Bottles filled with urine are tossed into my yard, garbage is put into my mailbox and in on the porch, screwdriver marks are put in the front and back door, dead animals are put in front of my house, chemicals are put into my son's lunch, making him throw up violently and loose control of his bowels. Someone is doing something to make me lay in a lather of sweat all night long. This is much too much sweat to be hot flashes.

I have called the police everyday for three years. I have written to the Attorney Generals office, phoned the prosecutors office many times, went to the surrounding newspapers. I was cleaning house for the assemblyman in my area and they made me lose that job.

I sign complaints against people but am not allowed to talk when I get into court. If anyone has any suggestions that might help us, please feel free to hall me as we do not have enough money to hire investigators. They police have not helped us and I don't think they want to.

I am in Port Norris, NJ. It is near Vineland NJ. I cannot find a lawyer in southern New Jersey that will take a case against the police in my area. I am all the way in the bottom of New Jersey, as far as you can go south. Can you recommend a lawyer that is sensitive involving stalking, torture and mind control. I wrote you my account today and am in desperate need of some direction and help. A state trooper in Port Norris, NJ named Sergeant Garcia told me that if I keep calling the police that they are going to come into my home and take me out to a hospital to have me mentally evaluated. They said this would take me away from my handicapped son for a few days. I don't have anyone else to take care of him if they take me.

Police chief Gregory Everingham told me that they are trying to discredit me. They ran me out of Bridgeton, NJ and have pursued me to Port Norris, NJ and are still harassing me viciously every day. The police are violating my civil rights because they have forbid me to call them anymore. They are probably the ones that are helping to run this noise campaign on me and my disabled son.

Thank you for any help that you can give me. We are in despirate need of help. Any kind of help will be greatly appreciated. As I write this letter they are torturing me. It goes on 24/7 and it never ever lets up. The people calling the moves are cruel and sadistic.

Aaron Goodwin has been a target of electronic weapons torture and covert harassment groups for the entire eight years that I have been a target. I am his mother Mary Goodwin.

He has been punished, harassed, tortured, violated, threatened and assaulted on an ongoing basis continuously throughout this period of time and it continues to this day.

Everywhere we go Aaron has been tortured us by every means imaginable seven days a week 365 days a year with multiple incidences occurring every half hour. They continually sabotage every area of his life. Our property has been continually vandalized, our private lives are manipulated, business affairs sabotaged and they make me lose jobs. #### **update 6-6-2003**

My son Aaron and I have been run from one apartment to the other and from town to town over a period of more than three years right up to the present time and it continues. Multiple stalkers have commandeered our neighbors and others, coerced, lied to and intimidated them into following, punishing, harassing, torturing and violating us for more than three years. This was for the purpose of discrediting me and making my friends, family, neighbors, police and others think that I am a paranoid schizophrenic. They also did this to make it appear as though at every location I have lived at during the past few years, my neighbors did not want me to live near them because they felt they could not trust me. So they conspired to run me away by harassing and torturing Aaron and me.

To my knowledge this harassment started when I lived in Florence Park Apartments #71 in Vineland, NJ 08360. From there they chased me to apartment #78 Florence Park Apartments. From there they chased me to 173 W. Lincoln Street in Bridgeton, NJ 08302. From there they chased me to 1511 North Avenue, Port Norris, NJ 08349.

At this time I am getting ready to move again. Today's date is June 6, 2003.

These stalkers have had us under continuous surveillance during this period of time. They have manipulated and sabotaged every area of our lives including our family relationships, our personal friendships, our finances, health and healthcare, and our personal and business affairs.

The stalkers have manipulated situations and people that I have come in contact with and have lived around, through covert sabotage, harassment and torture. They attempted to make it seem as though my neighbors and everyone that I come in contact with were harassing and running me from places that I have lived at. The manipulated neighbors and situations to cause me to become suspicious and wary of my neighbors and others, thereby causing me to accuse and alienate myself from them.

Some of these people were not aware that they were being manipulated into doing things that were designed to cause me anguish and discredit me by making me appear paranoid and crazy.

Other: Almost all of the things listed on this website that the perpetrators do to people have been done to us. The site is <http://www.stopcovertwar.com>

You are not alone in this situation, I too have been subjected to this torture for the last three years. I have trained myself to send back any and all of these tortures by a simple bible saying ( RETURN TO SENDER IN JESUS CHRIST'S NAME ) and keep repeating this over and over until it stops. They do get it back, 10 to 100 times greater than it is given.

for it is also written that what ever you do or say will be returned to you by these numbers if you ask for this to happen. I say return to sender in Jesus Christ's name x 100 and they soon

stop sending what ever they are doing because it hurts them more. Yes I silently scream in agony but I do not give in to these sadistic bastards, I keep sending and sending until they stop and by then you will know they are suffering more than you.

I am very interested in seeing your photos re: "I have a number of photos of signals in action and have an x-ray which shows in my left ear canal a small device some 3mm by 1mm which seems to have a switch contact and two triangular piezo vanes." that I found in the mind control forum site. I am also a person affected by the satellite system that is trying to control our brains. I have always thought that the theory you have described in your report on the site is the best explanation there can be. I am not one to speculate and am seeking factual information for my research on this subject. At your convenience, please email me a copy of the pictures you have described above. Feel free to contact me for other information as well.

My name is Margaret. I have been hit with this weapon for going on 12 years that I know of.

I can remember that I first heard the sounds in the form of my name back in 97. Only my name though. I began hearing the sounds and language in my home in 2003. Initially, I was only hearing them in the TV and radio. They also seemed to 'bounce' around the objects surrounding my partner at the time. I began to fear for my life when I was tortured into thinking that there was a bunch of people out to get me. I went into the hospital with depression in 2005 and left town for 8 months. When I returned I had to start over and fight off the 'voices' that disappeared while I was out of town. I was uncertain why I would not hear them while out of town. I know now that they are capable of following me long distances. I was recovering and on the medications they fooled me into taking because I was tricked into thinking I was ill. I know from overhearing that it takes more effort but they have followed me around every where I have been for a long time so I imagine they have some kind of a tracking device on me.

I believe it has all to do with a satellite system and GPS. I also think that I am being affected by an invisible neurological sound or magnetic wave that is able to affect me biologically with the use of a computer hooked up to a conjunction of different weapons. Electromagnetic ULF (possible ELF as well - Neurobiological computer weapons tapped into by the 'bottom feeders' that I keep reading about on the internet.

I wonder if there isn't a larger system that has been hacked into and if the govt. knows about it or if they would care at all if their system was breached. If the all around agenda was the essentially the same why would they want to stop them. I wonder about the possibility of the HARPP system being "vamped" by gang - like stalkers that have somehow learned how to hack the system. I don't really understand why I was targeted but I know they are trying to kill me. I have learned to cope over the years but I have been inundated by the weapon for 4 years straight now 24 - 7 and it can be trying for me.

My hits are:

Use of thought waves from the operatives to twist my thoughts into believing things are happening when they are not. I have several past injuries that they have recorded with a weapon that has recorded the pain and neurological effects of it so that they can wake me up, distract and torture me with it. They are able to interrupt my naturally occurring visualizations in my mind with vile, perverted and disgusting imagery. So many more. It has been a war I intend on winning and I have won many of the battles.

I have read a few of your letters and would like to discuss this further with you.

I am a victim of political persecution, state terrorism, bio-chemical assault, and electromagnetic mental torture who has sought political asylum three times in Europe, only to be thrice subjected to the crime of refoulement. "Hard Realities" presents an account of my European ordeal.

No, I haven't followed up my UN complaints lately or filed any new ones. A web page that describes my previous efforts is posted at <http://www.angelfire.com/nj/jhgraf/unsumm.html>.

The UN is corrupt. My complaints are stonewalled, not only because of the issue of EM mental torture, but also because they challenge the "safe country of origin" refugee policies of West European nations. As long as Carmen Rueda is still involved in the UN Human Rights Secretariat, this will continue. Congressman (now Senator) Menendez, a friend of my family and a very significant figure in American politics, is apparently part of the coverup.

I don't discourage others from filing complaints, since most of them are unburdened by the whistleblower's baggage that my circumstance entails. It's important to adopt a conservative approach, however. Even those UN officials who are sincere are generally pompous. A "1503 communication" should be as unsensational and understated as possible, lest the Secretariat flush it immediately down the

"manifestly unfounded" toilet. Even my own "1503" communication from 1997 is probably too emotional.

Cheryl Welsh has enjoyed some success in dealing with UN authorities, partly because she claims not to be a victim. Maintaining a very objective stance, stating the issues succinctly and without unnecessary adjectives or emotional content, is the way to get at least a modicum of attention from this far-from-perfect international organization.

Hello,

I wish to be included on your list of victims of surveillance crimes. I was stalked and mobbed continually in Jacksonville, Fl. My friend is a witness and can be contacted.

My next door neighbors were using DEWS on me and my house. Neighbors behind me and in the next subdivision. I had a glass bowl chipped in my house as my friend and I saw a flash of light coming from the subdivision behind us and a bowl was chipped from this flash. We were continually mobbed and threatened everywhere we went and saw the stalkers returning vehicles on Phillips Hwy, Jacksonville, Fl 32257 to the dealerships as we were returning home from the beach or other various places.

We continually saw drones over my house at night followed by gaseous clouds or mists in my yard the next day. I have a picture of an article of mail I had left on my doorstep with black, brown and reddish circular burns on it after we saw drones and gaseous mists in the yard, also the leaves having round holes and burn marks. We would see lights from all sides on my house coming from different homes all the way around. They would be directly on me or my friend as we talked or stood outside at night. One coming from a friend of mine who was renting a house on her property. Jeniffer Saunders on Hood Rd, Jacksonville, Fl. 32257. This would be whoever rented the house between the months of March and April of 2014. My Neighbor at the time who has moved since that time, Tom Edgar, Hood Rd, Jacksonville, Fl. 32257 was seen by my friend Daniel Matzke holding a box type instrument and pointing it at my property. We could hear cricket type sound coming from that direction and Tom Edgar was dressed in black. When we asked what he was doing or if he was pointing a weapon he slowly backed into an outside closet where we could no longer see him. There were a lot of neighbors in the surrounding subdivisions we would see at all times when we shopped or anywhere we went anytime of the day or night the same ones. They would all dress in the same color clothing and follow us isle by isle until we left. A lot of the vehicles had "neighborhood watch" decals and "citizens patrol" decals. The same neighbors would follow me to a park I frequented (Losco Regional Park). All dressed in the same colors and follow me and do hand signals to each other. The subdivisions surrounding this park on Hood Rd were also strange. The subdivisions around my house (Natures Walk and Blackwood Forest). Most of the neighbors would come out of their houses when I walked my dog all dressed in the same colors and follow me or stare at me the whole time. They all seemed to have the same color vehicles. Red, Blue or yellow. They would repeat things I had said on the phone or on in my house. These are the same ones who I would see anywhere I went even if it was 20 miles away. I would see flashes of lights coming from passing vehicles at least 50 times in an evening. My next door neighbors, Janet and Joseph Meyer and their

daughter Julie, always had people at their house constantly at all times of day or night. They would threaten my friend Daniel every time he came out of the house. They would tell he needed to get out or else. Daniel was a guest from the West Coast and had no idea how they knew his name or what they wanted from him. They would laugh and repeat things he did and said on the internet and tell him they knew what he said or posted the day before. If I left to walk my dog one of them would get their dog immediately and start to follow me, most of the time it was Julie's boyfriend or friend. Many times when any member of this family left at night they would honk their horn. After they were gone all the lights or flashes of lights from the houses around me would come on, aim at my house. One time we saw a flash of light from Natures Walk flash into my yard. It was so bright it lit the whole yard as if it were daytime but it was at night. If they were coming home they would honk the horn and the lights all over the surrounding houses where we would see the strange aiming of light or flashes would go off as soon as they entered their property and honked. Joseph Meyer would come out of his house and leave exactly as I left everyday. Same exact time. Daniel Matzke said that Joseph was at the store sitting in the parking lot everytime he walked to the store or left my house. He would sit and watch him until he was finished shopping and as soon as he left Joseph Meyer would leave. When Daniel and I would go to the beach or other places he would sometimes feel a prick on his skin. We would see someone with some sort of hand device aiming at Daniel. One time it was a Jacksonville Electric Authority person in his vehicle coming out of the facility on Burnett Park Rd, 32257. Another time it was a teen girl in an SUV with an adult woman. Also when we went to St. Augustine, FL in the tourist area where all the shops were we were followed by the same people getting in and out of cars and aiming something at Daniel where he would wince like something had pricked his skin. He would have red marks and blood drops on his back afterward. We saw a lot of these vehicles coming out of the police dept in the area near the historical sights. We also say police vehicles follow us in the St. Augustine, FL. area.

When I would go to Losco Regional Park, there was an Hispanic man in his 50s that would follow me all around this area on foot. Same exact time no matter day or night he would be there on foot. Sometimes cross in front of me and laugh and follow me into the park. I had seen him on many occasions being stopped by someone in a vehicle, talk to him and sometimes get in car or continue to walk.

He seemed to know someone that frequented Losco Regional Park on a regular basis. This man was about 60, short with a limp and had a black lab named "Baby". I would see this man anytime I went to Walmart on San Jose Blvd, 32257. He would always be dressed the same as the stalkers or neighbors were dressing that day. He would follow me around the park and do hand signals to the Hispanic man and a woman that drove a Silver Hyundai, tag IAL 785 FL tag. She was about 45, short grey hair. I had seen her on several occasions when I would go shopping or on my way to work no matter what part of town. Sometimes she would be turning in my direction and seemed to laugh as she passed me on the road. My friend Daniel Matzke can be a witness to this as she was always at the supermarket when we were. Most of the events with the DEWS would be at the time of March through May of 2014 but could have been longer since Daniel was going outside a lot during this time and visiting me, but come to think of it my brother and I had seen these flashes of light coming from Blackwood Forest subdivision, 32257 for longer. approx 3 years. I had been stalked and continually harassed even before this. I had seen firetrucks and EMT vehicles going into the Natures Walk subdivision, 32257 around every 3 days. I had been followed by many of them including police on a regular basis, sometimes them flashing the lights and running sirens. This could be every day for 2 weeks no matter where I went. Most of time it was to work. One time an EMT was flashing lights and following behind me. I wanted to know why this was always happening and where they were going. I saw him go into the Natures Walk subdivision and down a road called Hawks Hollow. I saw him and a fireman who was already there in a firetruck exchanging bags at a vacant house that was always vacant and had the house numbers facing the opposite direction and not visible from the road. Later that morning Janet Meyer my next door neighbor on Hood Rd, went to the end of her driveway, honked her horn and proceeded to the subdivision. Later I saw her vehicle at the church on Burnett Park Road and parked there all day. On the way to Burnett Park I had seen her in a vehicle with a group of women. I talked to some of the people who went to that Church and said they knew her but did not understand why she was parking her car there every Sunday and getting into someone else's vehicle and leaving. There was a time when I was walking my dog she looked at me and spit on the ground. She was another one who seemed to always be where I was. It could be when I was walking my dog she would be staring at me from the Dollar General Parking Lot 2 hours before they opened. Just standing there and watching me. All I ever did was walk my dog or go about my normal everyday activities and I would see these people anywhere I went. I would say the strangest events have been for the years of 2012-2014. The worst with the lights and flashes in the neighborhood was between the months on March through May from Natures Walk, Blackwood Forest and surrounding neighbors. The main harassment was at 10140 Hood Rd, Jacksonville, FL 32257

I have listed the date that my torture/abuse began as 2009 because I was electronically harassed and on some level gang stalked but did not know it at the time. Looking back I may have been "watched on a much smaller level since before September 11, 2001 (I remember driving with my brother-in-law on that day to a job, and all of the cars we passed had their head lights on). Other events stand out but I will focus on what is clearest, because what I am experiencing now is on a much more intense level.

I have been electronically harassed on an everyday basis mostly at my home since October 2010. In May 2013 this progressed to full-on gangstalking with my place of work being the main focus. I worked, or used to work at one of the large corporate home improvement stores. I believe there had been a small group of people at my work "watching" me for some months, perhaps even a few years. At the time I had no idea. In May 2013 people at my work started acting differently. For the record I believe I got along well with the people at my work. Any way as this progressed more and more people at my work place were informed and brought into my stalking. Many of them I could tell when it happened because there was a change in attitude. A few appeared in shock. I know they are all basically good people who have been misled by liars who could beat the devil at his own game. I would say within a week most of the employees at my work place were brought in to this. Next this followed suite with the customers coming in to shop. Some came in specifically to say their "lines" to me while others would just wear certain colors and patterns and shop about their business (yes I know all people wear clothes with colors or patterns but if you looked close at the overall picture you would see a pattern emerge). In August I was forced to quit because they were trying to use sensory induced hypnosis to "derail" me. I would say that by that time there was no one that I encountered in the store who was not involved on some level. While this was happening at my work I had a 40 min. drive to and from work. At the end most all of the cars in my area and that encountered were involved in this. They used all of the colors of cars but favored white and red mostly. Now when I drive around a majority of cars I encounter have their headlights on in the middle of the day. I can't go any where in public without being stalked. My family and friends have all been talked to (I believe the story told to my family and friends is slightly different from other people for the simple fact that they know me better and care about me). I am electronically harassed 24/7. I need to find a way to deal with the entrainment and find a means to support myself.

**Petition date starting in Ottawa and Toronto from Aug. 25, 2009**

Dear Member of the Canadian Government:

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller'(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government “doing nothing” in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

“Doctors Mengele”, who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

EXCERPT FROM REPRESENTATIVE JIM GUEST'S LETTER:-

"October 10, 2007

Dear Member of the Legislature and Friends:

This letter is to ask for your help for the many constituents in our country who are being affected unjustly by electronic weapons torture and covert harassment groups. Serious privacy rights violations and physical injuries have been caused by the activities of these groups and their use of so-called non-lethal weapons on men, women, and even children.

I am asking you to play a role in helping these victims and also stopping the massive movement in the use of Verichip and RFID technologies in tracking Americans. . . . .

Sincerely,

Representative Jim Guest

I have been a target of this torture for a year, but others have been targeted much longer, some as long as forty years. These covert operations are essentially a continuation of FBI and CIA-run classified programs such as COINTELPRO and MKULTRA. We believe that we are part of the thousands of Americans that have fallen victim to the warrantless surveillance of the NSA. We know that these current government-sanctioned operations discredit the targeted individual and torments the individuals life, sometimes even to the point of death. Some victims are stalked wherever they go. They are subjected to noise campaigns, insults, taunts and threats. Others are violated with these electronic weapons that induced excruciating pains, tingling sensations, ringing in the ears, electrical shocks, and various elements of synthetic telepathy.

Freedom From Covert Harassment and Surveillance is one of the few organizations that work tirelessly to offer help and support to victims this abuse. There are nearly five hundred members whose lives have been devastated by this abuse. Networking with sister organizations lead us to believe that these attacks are being carried out against thousands of innocent US citizens. Most of these citizens are vulnerable and easy targets (i.e. single women, elderly and children). According to Representative Jim Guest's information, 68 percent of the victims are women. Others

are government and corporate whistle blowers or victims targeted by hate groups and other extremists. These are law-abiding citizens, not criminals, terrorists, or people who are threats to U.S. security. It would be an atrocity to the US and our standard of democracy and freedom to allow this "silent Holocaust" to continue.

With the United States as a leader of democracy, this type of torture cannot continue nor should it continue to be covered up. This is scandalous to our motto and we need Congress to set things right. We are asking Congress to hold hearings and give us as victims a voice. We need Congress to let us know that the United States truly "hold these truths to be self evident, that all men are created equal and they are endowed by their Creator with certain inalienable rights." We need Congress to restore law and justice back to our country. I am asking you as my Representative to petition other members of Congress on my behalf to hold hearings on these cases. I will be happy to provide you with any official documentation that I have in my possession concerning my case. I am requesting a written response to my request. I look forward to hearing from you very soon.

**18/9/08**

we victims ask that you do not let a fellow marine murdered by voice to skull direct energy weapon be left behind since we know the marines never leave a man behind. i will keep this very simple arrest the suspect who are using this weapon on Mr Griffin/freedom.f.c.h.s.

and you have brought justice to the marines who has been murder by these weapons and you will also be bringing the war criminals who is covering up there deaths and the use of these weapons to stand trial for killing our solder and citizen by these convert weapons.

senator leahy and others will be holding hearings on this matter and will be ready to prosecute these suspect for treason as well as united nations violation and a title 18 section 241 violation. these suspect are holding citizen hostage with these weapons and due to the information and the fact these weapons can cause there victims death. if suspect do not surrender in 24 hr the united state marines has the power use deadly force on suspect using these weapon do to the fact suspect has already made up there minds by there action that there not going to let victims live our stop torturing/holding victims hostage and you can also tell by there action these suspect has shown by there action they do not want to be apart of our society were theirs law and rules for everyone and that no one is above the law in the usa.

you will see from witnesses and our groups exports how this will lead to the capture of the marines who has been murder by these weapons and deaths made to look like they killed themselves. due not let your marine death be for nothing. the USA stand for freedom and equality for all man kind not the rich our powerful only but for all my kind and i we the real people of the USA will stand by you even more for not letting these crooks get away with killing our solders with these weapons and covering up.

so will you leave your solder behind are will you fight for the truth and bring their perps to court? and i have a few senator as well as human right groups and few other solders,doctors and lawyers who will testify to this matter right now in front of congress. and as you can see the doj is to corrupt to even dare to bring these crooks due to the fact its a lot of them involved in the cover up of this matter.

which is why they refuse to summons up a investigating grand jury our arrest anyone using these weapons our traders our enmeny combaten to trail due to the fact of them being so corrupt know demand them to summons up a investigating grand jury and you will see that will deny you.

also just think while your out there fighting for freedom for there using these weapons on our kids men and women and solders as well now tell the doj to charge me for slander which its not but i will promise you they will not because they dont want my export to show the jury how there kids our being afected by these weapons and there crimes there committing.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Yeah, I'm not on your list as a victim in the Americas, and I don't know how to send in my CASE SUMMARY and this has me very angry.

This really pisses me off, because **I spend less and less time on the computer when I am being hit so hard, and nearly every day I am dealing with head pain, you people are as bad as the government if you don't think I'm a target and need help!**

I just sent Derrick (FFCHS) \$50, money that I want to go to the lawyer, and yet, you people don't even have me listed as a target!! I'm very rarely, if ever, on the mc forums because its a worthless and inaccurate assessment of T.I.'s and the conditions that we face.

Why am I on a mailing list and receiving your emails if I'm not listed as a TARGET?

**5/5/08**

I contacted GreenPeace when I was being tortured heavily. I am being attacked now, though I don't contact anyone. Thanks for your efforts.

**8/7/08**

Hey, well, last night was bad, I was at the end of my rope with this head pain and energy. With shielding, the problem is, who can lie around in a cage, or take it with them. I have two kids, I'm in school, I work, the attacks go everywhere. I am so sick of it. This year, all year I've been attacked.

**28/9/08**

I didn't get through half of this to see that this email is not factual. I really don't believe that anyone has a hand in floods and earthquakes, you have been reading too many sites that flood your mind with bullshit. The world is not this controlled, you must start believing in the good of humanity. This is the only key to our survival. They do not have this much power over us, its all a facade. Stop readin the websites and go out and volunteer, do good works, marry, have children, plan for a great future. Yes, I am a target, and I get hit most days with the energy that puts a crimp in my style, pain, and throbbing tailbone, but you know what, I believe in America, I love my country and I won't accept anything as fact that comes from mass hysteria.

Sheri

**27/11/08**

What is actually quite amazing about my situation is the fact that after 14 years of targeting and extreme abuse, I actually still write things and say things about all of these people helping us, like the reporters, the DJ's, NBC, its amazing, I actually still believe in humanity. Its fading every day though, every day some new reporter or someone writes an article about all of us being crazy and telling all of america not to believe us, they are the happiest people on earth and just think, gee, that's too bad about that woman we're watching and hearing her thoughts and watching

her dreams, oh well, on with today's news...happy as ever, they are owned by the mob, yes, the Associated Press actually means, associated with the mob, they are bought and sold and their jobs means nothing, and still, and still, they will not give it up to help us. I'm ready to kill someone. I want it to be Sarah Kershaw. Actually, I want her to be tortured, I want her to be in so much fear that her whole body shakes, and I also want her to beg for help, beg, plead, and have me and all of us say, Gee, nothing I can do, sorry. And then we walk away.

I guess I'm the only one who reads these news articles and gets angry-

This has nothing to do with us. I hate people misleading me into thinking that the U.N. cares about targeting and torture of people like us. They don't. I wish people would stop associating us with the Gitmo inmates.

All of the media are idiots. They play the game, they laugh and conjoin together and are part of our destruction. Why do you quote the news? Why do you believe these people have our best interests in mind? They don't. If they did, I wouldn't be a target now for 15 years. If one of them cared about me, he would come here and help me, or help me behind the scenes to get this crime investigated. They don't because they have to play the game, and the game isn't kiss and tell. Their jobs are over. They don't matter anymore. Totally independent news matters, news from the people and by the people, real news that isn't from an association.

**6/12/09**

I'm being hit hard now, and have typically been hit every day in December and terribly over the holidays, with waves of direct energy and pain that starts as if someone has hit me over the head with a blunt object, that sensation, and sometimes I see spots, then more intense terrible pain to the top of my head that I can't get any relief from and blankets of direct energy over me, shocks on everything I touch. I'm very worried for my well-being this month especially, so please pray for me.

Subject: Symptoms

I'm getting heavy radiation sickness which includes something like restless leg syndrome from head to toe causing vertigo and illness-like a depressed state of my physical body, fatigue and hard to swallow. I'm also still getting electronic torture to the middle center of the head, very hard to live through. Things seem to be getting gradually worse. I used to be a runner, and now I'm out of sorts totally. I'm trying home remedies to extract toxins out of the body. Any other suggestions or helpful advice would be appreciated, also your prayers would be thoughtful. -Sheri

**17/7/12**

**Update on me**

Besides my activism on my blog and sending out letters and emails to Democrats in my state, and human rights agencies, I'm giving readings and spreading the word about targeting with my book. I'm also going to be sending it out free to 3 people each month in hopes they will start a discussion, pass it on, become aware of what we face as citizens. My pain levels have been high once again, deep, top center of the head, it also a lot of times feels like death has come into my body, terrible radiation feelings. Thanks for being my friend.

**2/8/12**

My teeth are rotting out at the gum line from the metallic taste in my mouth. I get coiling and bubbling through my thighs and lower back when in the car, and vibrating tailbone when sleeping at night. The radiation is killing my heart, it races and pulsates and tightens up. I bathe in direct energy electromagnetics through the computer, to the point that it causes pain and I have to be away from it. I get restless leg syndrome through my entire body at night

in bed, the worst through my chest. They do sexual arousal then electronic torture. My pain levels come on as if someone has just hit me over the head, a dazed feeling with direct energy, then deep terrible pain to the top center of head. Please make notes of these findings.

I just sent an email to the executive director of the ACLU telling this person that in 2004 when I was being electronically tortured to near death I called the ACLU and they told me that they don't handle satellite issues. I asked them today if that policy has changed, and how essential it is for them to help us. I will let you know if I hear anything back from them. Also, I wanted to tell you about gearing up for International Human Rights Day, it would be nice to send letters, but also email agencies on that day about our issue. I'm unsure if there will be live protests that day or not, but I'm planning many things, without anybody's help in my life. If you have some suggestions or comments, please email me back. Thanks. **LETTER TO INTERNATIONAL CRIMINAL COURT**

Greetings. I would like to back up and reinforce the letters sent to you by John Finch, a targeted individual who has suffered so long and lost so much to the experimentation done by our governments. I too am in the experiment and have known about the surveillance for almost 20 years now. Here are some of the things I experience: electronic torture to the head to include direct energy gas with terrible pain, coiling and bubbling of lower back while driving in the car, vibrating tailbone when sleeping at night, sexual arousal at any time, radiation poisoning to include heart problems, nausea, fatigue, dizziness and brain in a fog. I am under 24 satellite surveillance which is viewed by media, radio, some corporations, government entities and universities. My children have been raised through this, and may be targets as well. We ask for an immediate investigation of our claims, relief, knowledge, and full vindication to our family, friends, doctors, neighbors and co-workers. Please assist in these matters as soon as possible. Thank you for your time.

**LETTER TO THE RED CROSS**

Dear friends:

I've lived under satellite surveillance for up to 20 years now, the worst being the last 8 years in which they have been electronically torturing me. Many times I am at my job, doing something else, trying to live my life, and the burning to the top center of the head starts with terrible, crippling pain that feels as if death has come inside and found a place to make me suffer at length, found a person on which it can sink its deadly teeth into and feed off of the vulnerability of my human form. Many times it is accompanied by direct energy over my head and through my senses. I address you today because I still can, they have not killed me yet, I have not gotten cancer yet, and I have hopes of getting out of this treatment. I am writing to you today in coordination with John Finch, someone who has equally faced hardship and burdens of human experimentation, mind control to include thoughts being heard, sight being watched, dreams being intercepted, data surveillance and telephone surveillance, nearly every aspect of one's life is taken. We need help from you in the form of addressing our presidents, our congressmen, our agencies to open up an investigation into our claims. Thank you for reading this email. May God's grace help us through this.

I have received the security video evidence from Pratt & Whitney (UTC PW) 1992 Airshow where the torture weapon explicitly jammed hundreds of visitors unconscious or blinded with neurophysical overload (which knocked me unconscious and threw me off the viewing platform with seizures and injury) when approaching the F-117A trainer which was in the main display hanger at the summer airshow at P&W Hartford, CT, USA. Similar events happened at many other locations and times, 1993 and 1994 PWA, the 1984 World's Fair at New Orleans upon looking at the ceramic leading edge of the wing of the space shuttle Endeavour, AND UPON ANY VIEW, EVEN AT A AIR HISTORY MUSEUM OR CAP DISPLAY, OF EITHER THE STANDARD GREEN TEST PILOT SEAT OR ANY NUMBER OF AIRCRAFT THAT USE THEM. Another very evident location is the numerous NDRF reserve ghost fleets at sanfran northbay, jamestown/eustis, etc where visibility of the entire fleet of giant ships is blacked out and attacked by the torture weapons and the effects are well known and widespread in the local populations. Go to Concord NWS or Benicia off the 680 bridge northbay, or to the southwestern most trail of the Jamestown, VA park area on the river, and let everyone know the effects. Gissling.

PWA F-117 security video will be posted as soon as we get approval from anyone in view each incident. Especially myself.

I'm a resident of Lauderhill, Florida, USA. I've been experiencing these attacks since September, 2011. Please count me in to sign any petition that could help the victims of these vicious attacks find some kind of relief.

**20/2/14**

I saw almost all links you sent me in your e-mails, and I found some fascinating the way they describe everything that comes your way with this type of harassment. With what I couldn't agree in its totality, maybe because I'm naive, was that government agencies were involved in this. Weird things started happening to me in early 1993, after I started dating an individual who did not identify himself truthfully, and I slowly had to figure out by our conversations, that he was mafia man. So I blame this incredible assortment of harassment I've been subjected to, to the mob, to which he's one of the top brass. Thank you for allowing me to vent out. I wish you the very best, especially overcoming these disgraceful incidents, so you keep being an activist for what it's turning to be a very difficult cause to solve. More power to you

**3/8/16**

Dear Gentlemen:

Thank you so much for your efforts to stop this incredible travesty that goes on in our world, which is so devastating to so many of us. As I explained to Mr. Finch in a prior e-mail, Mr. Baird, my experience tells me that this militia people, for which I blame the mob, has acquired and perfected the "invisibility technology". I lived in Florida, USA, more than half of my life; to be exact, 44 years, and it's impossible to live there and not to run into people who have embraced mafia culture. In my modest opinion, and as a Humanitarian myself, I have to say I've never met such mentally ugly individuals, regardless of gender. Needless to say I wasn't very happy (to say the least) living among them, but I could keep my manners towards them. They could not do the same. I can say that after 4 different addresses in Broward County, Florida, I decided to move away, only to find the same harassment

in my country of origin, in a city because of its geographical position, it's nicknamed "The End of The World". How sad it's that. This experience made me realize it's an international state of affairs. The mob's treating female like cattle, if they don't comply with their expectations. This branch of the mob deals with prostitution; I wouldn't be surprise if they also dealt with human trafficking, and ultimately, with the enslaving of people. I'm with a bunch of them at home, at all times; very hard to get any rest at night, when they don't stop forwarding what it feels like electric projectiles to my body. They seem to make intentional noise to raise your stress level. It sounds like scratching of the walls. One very unfortunate acquaintance in South Florida, sent me in an awful nightmare. I'm a senior woman; never thought I'd spent the last years of my life in this manner. If you google "Invisible Technology", you'll find out it's not science fiction anymore. Of course, that doesn't answer all questions I have, but then they wouldn't share with Google all the advancements they've achieved.

Thank you for taking the time to read my letter.

Cordially,  
Marta Guiloff

Dear Friends I desperately need support. I am positive I've been chipped or something inside that is picking up and creating most of symptoms of electronic abuse. And stalking and ongoing surveillance and more. I ask you all write or call. I am alone and this has been since June in a very clear way that I didn't realize at first and was so weakened I couldn't even check email or my messages.

Please please help me. I am receiving almost every kind of torture ongoingly and its been 14 months notable with gang stalking this Fall controlling my body movements and rape and breaking and remote tampering of whole electric system and sleep deprivation while taking Meds. Body jerking things moved stolen like statements computer tampering (deleting fotos and email) pretending to court me/ said they were an old neighbor I found out a few months later they weren't.

I am terrified and they are writing in my notes App that they are the FBI and CIA and I am only in last few days finding information on this. And my life is in danger. They Manipulate the computers anzd my body now it is severely. Please please help

They triggered my alarm 3 times and the police came and I cannot trust them as they did not even take a report of the remote uses and on site uses of methods

Almost all methods listed were and are being used.

I am alone and terrified

I will explain more. Please call

**12/4/13**

I am wondering if I can talk to you.

I definitely am a targeted Individual With most of the symptoms and events that go on with Psychotronic torture And what leads up to it

I've joined a couple groups  
After nearly a year of Incredible debilitating pain.  
I was not a whistleblower  
And I am experiencing such loud V2K  
Plus had gang stalking  
And house robbed  
Of contacts/ statements  
And I am unable to sleep.  
They write they are the FBI and CIA  
But I don't know why they'd admit that if they really were.  
I am struggling to get by  
I have a few people who believe me  
But I am 99% sure I am implanted with at least one chip as I am made to stop ability to walk in an instant  
And have pain and insomnia etc  
And I am in dire need of help

I see they can be on the computer with me Changing things  
Including remotely my house lights and tv and everything as its all electric  
And I am suffering in a house type arrest as I'm so exhausted to do anything

They are asking for money and I wonder if that is common and if giving the money actually stops it.  
There are many many details including seeing people ESP one.

Am a single woman 50 yrs old who lives alone whose dog is not getting sleep now either

I was so debilitated by them  
And they blocked my ability to use the Internet  
That I was not even aware of what was happening at first as someone pretended to 'court'  
Me saying they were an lms neighbor of mine

Would I be able to speak with you by phone?  
I will call you  
I am needing protection...

Sincerely

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**19/5/16**

Desc:i have electronically assaulted for nearly 5 years ranging in intensity from mild emf to brutally physically and psychologically debilitating.

5/5/16

July 12, 2015 Sunday,

Intense Gang Stalking and Electronic Torture in the City of San Jose.

I was subjected to intense gang stalking activities throughout the day while bicycling around the city of San Jose, Sunday July 12, 2015 and electronically harassed while sleeping in bunk # 13 at The City Team Shelter off Old Bayshore Road both Saturday and Sunday nights on July 11 & July 12, 2015.

The logical direction from which the electronic signals and harassment originated from is above me. Hence my best guess is the gang stalkers and electronic torture villains were positioned on the roof.

The nonverbal interactions and facial expressions and body language I am seeing from other guests and residents leads me to believe that my bunk and stay here was prepped before my arrival. For example, I am in bunk #13, almost directly below the bright green exit light which the gang stalkers could take advantage of to ensure that night time surveillance of me has excellent lighting giving them excellent video surveillance. The lighting allows any and every movement and action I make to be seen perfectly similar to daytime visibility conditions. They can see when I masturbate, am using drugs or am trying to hide my actions from them. Given the reach and resources these people have I am sure they are spying on me using millimeter wave length through the wall vision technology.

Regarding the electronic harassment, assault, and torture,

I can feel the wall vibrating when I press my head against the wall.

This probably means that this attack is being carried out from the wall opposite the wall bunk #13 is next to. I also felt extremely flushed, hot, accelerated heart beat, tingling in shoulders, fluttery, quivering stomach, slight nausea, weakness in both shoulders, nauseous and sick feeling in my stomach, very hot body temperature (my skin felt very warm and looked reddish in the mirror, similar to sunburned skin and sensation. I also experienced cramps in my torso, calf's, thighs, neck and back. I feel the energy from the weapon in my body as heat, pain, and discomfort. It just feels very uncomfortable, the sensation I'm experiencing, I also feel my bowels make noise and feel pressure from internal gas.

Looking back at the final months while working for R & M Transport, I became aware that it seemed and felt like the truck I drove had been configured so that it would be easy for the gang stalkers to break and enter into the cab, to inject noxious and poisonous substances into the cab while I slept, to alter the physical environment, temperature, humidity, draftiness at will and to control failure of components on demand, to cause mishaps spills and accidents more easily.

For example, someone attached a sharp metal object to a bracket located below the driver's seat. During the first several months driving for RM while entering or leaving the drivers seat, I regularly scraped my thigh against that fixture causing my thigh to bleed and become tender and sensitive and become painful in that location. Finally, I wrapped tape around the sharp edges and that "problem" disappeared. Yet several months later the exact same problem occurred in the same exact location. It was obvious that someone intentionally configured that object to cause repeated minor scraping which eventually progressed into a problem much worse.

Saturday night and certainly Sunday night (7/11 & 7/12/2015) at least one gang stalker directly employed by the organization behind the intensive surveillance and electronic torture I am attacked and tortured with were also spending the night as an overnight guest like myself.

I have identified at least three gang stalkers sleeping here tonight. I have photographed them for future reference and for potential criminal and civil legal action in the future.

This person or persons spending the night would make strange noises, groans, grunts and make comments using an aggressive tone of voice. From my bunk the aggressive statements were spoken in manner that it could be perceived that the words spoken were being directed at another person rather than me. Albeit, the aggressive statements demanded that someone stop doing something. I was documenting and writing this journal entry using my phone. That is why I believe the aggressive statements were intentionally directed at me. What you are reading is the activity that I was doing. So I am fairly certain the statements were intended as a threat and admonishment for me.

Experienced intense gang stalking, smirks, distressed, disapproving, disgusted, and various other facial expressions and body language from large numbers of people on the streets. I don't know any of these people but the expressions I perceive are a) these strangers know something about my personal life which is embarrassing for me and b) that the private information they know about me is that I'm a cross dresser and that I like kinky sex. I get the

sense that the private information these strangers know about me is suppose to be make me feel embarrassed and ashamed.

Accompanying the stares and facial expressions, grins and odd looks is laughing, laughter and unusual or rude behavior.

Throughout the day I am also subjected to deliberate and constant noises from several sources.

Cars breaking traction, screeching, motorcycles accelerating rapidly, people yelling when they are near me, talking excessively loud, people acting out strange skits, purposely arguing when I am near or loud enough so that I hear the fighting or arguing, strangers crossing directly into my path as I cross the street, cars blaring music loudly, groups of strangers laughing excessively when I am near.

A typical gang stalking activity when I'm alone and have no witnesses is to drive past me very slowly. This occurs numerous times throughout the day and night.

Another tactic used by gang stalkers against me is to have a car drive a short distance in front of me then make a u turn and drive past me. Often the perp displays a sinister, thuggish aggressive and intimidating facial expression. Those techniques occur regularly and frequently when I am being stalked in public.

Siren noises blare continuously throughout the day when I am being stalked and harassed intensively. Most times paramedic and ambulance vehicles are the source of the sirens.

During periods of heavy

Noise campaigns are a significant component of the gang stalking protocol, harassment and psychological conditioning and torture.

While bicycling to the Martin Luther King Library in downtown San Jose, approximately 6 San Jose City fire station vehicles were parked directly in front of the library. Fire trucks and fire station vehicles have been a consistent presence to the gang stalking and harassment I've experienced since the very beginning of my stalking and harassment.

Newark Mall Around April May 2016

Continued heavy gang stalking at the mall and electronic torture especially microwaving of my feet causing blisters over the entirety of the bottom of my feet.

Last weekend my heroin was stolen and now I know whoever is behind the constant, incessant stalking, psychological intimidation and the electronic assaults will try and compromise any and every aspect of my life.

Slowly during the past 3 years and especially since living at the Freedom house in Aptos where I was spied on through the ceiling I know that they are far more capable and invasive and aware of my every action than I once thought.

When I slept next to the Fremont Bart station a few days ago there were numerous helicopter and planes flying directly overhead, some even hovering directly above me.

I realized over the weekend they have the power to facilitate job loss, poverty and physical impairment. For example over the weekend I was woken up then electronically tortured by heating my eyes, causing blisters on my feet and heating my entire body.

Once they can impair you physically or emotionally they can ensure you cannot stay employed or get employed.

It's scary. This is no twisted puppy love hate relationship these people's goal is complete destruction of my life.

This has been happening to me since Dec 2010.

The life that I have been forced into and the life I currently have which is to be psychologically intimidated, to

have all my privacy taken to not ever be allowed a silent alone moment with my self and my body will eventually kill me prematurely.

This is not about using illegal drugs. My dealer says none of this happens to him.

It feels like both a government watch program, harassment program and testing program. From my experiences and what I have learned from others is I believe it is some sort of weapons testing program Military or medical. The protocols, harassment techniques, electronic torture and other techniques used to daily hourly destroy my life haven't changed since this first began on Dec 10, 2010

It's been hell.

It operates many levels. For example I believe the true reason I am targeted is for medical or military weapons testing. The reason many people participate in the stalking and psych intimidation campaign is they are told it's because I use drugs. Meth

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

YOUR HOLINESSES, EXCELLENCIES AND SIR/MADAM,

When I was a young boy visiting The United Nations in New York I believed that all the people in the world cared about each other and all languages and all cultures were beautiful.

I live in fear daily. I am under "Unwarranted Surveillance and Electronic Harassment" as spoken against by Representatives Jim Guest of Louisiana, Jim Webb of Virginia and Jerrold Nadler of Manhattan and the Washington DC judiciary. I live in New York, USA.

This all began with a death threat to my mother by a certain co-worker who cursed at me in German and flailed knives at me. The police did not help yet only harm my life. In my home I am harmed by continuous noises up against my home in concert with electronic weapons of some sort which bother my muscles and nerves. There is much more to this constant threat to my well being. Some neighbors live in fear and go along because they must. I have lived in my home my whole life, I am 53 years old. I have never done any criminal activities and treat others as I would want to be treated.

The mistrust within the neighborhood is thick in the air. The new neighbors, some, are part of this obviously and have intimidated the others who keep their heads down and hardly say hello. At night homes get very dark and blinds are shut. Noises abound and no one complains. Kids in the park after dark making a lot of noise and taunting me as I go to my car to get something and no one speaks up against this...as signals of car horns or lights or whistles have someone seemingly turning off the electronic harassment devices for I sometimes see a power surge when this happens. I am also bothered at my job. I can not speak about this for fear of reprisal. This is all harassment of a covert nature.

There is a case in the Supreme Court by a couple on Long Island NY...these people are being harmed by heavy electronics daily. Why is this not in the local news? The woman in the case was in a corporation that made these 'weapons' and she has knowledge of the protocol used against the American public...she now lives it! As do I!

It is not easy to balance going to work, sleeping well (or trying to), with my hopes of remaining healthy...while I try to live a peaceful and happy existence...often shattered by the abuse. Some days I go to work on 3 hours sleep and have to try to make it up after work.

Please speak loudly about this. Please do what you can to save our societies from this terrible threat. I read on the internet that this is all over the world. I have spoken to targeted people from many states in America, from Canada and Germany.

Please do reply.

**6/5/08**

I believe that what we need is exposure so that this all becomes household language. MeccaLamb has been thrown out of the Supreme Court...this case had solid background.

I believe that the UN and many others in government are part of this whether they know and just go along for the money or they are perpetrators.

An interesting idea :- teevee news journalists questioned on video as to the aversion of truth that is presented to most of the people...this could really open peoples eyes.

Have you gotten any responses that seem positive and helpful?

I recently heard of an underground group called Militia One---antiNWO-gangstalking-etc., This was begun by Carlos Santana and Eric Clapton in the late 80s.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I just cried and cried, and i just want to share my MISERY. i am sobbing as i type this. i can't help it.

I loved her soo much and i watched her change. over the years i have reviewed the facts and can only conclude that it was some sort of mind kontrol or human-robotic programming. she TOTALLY changed, just became a different person, cold and rigid, impossible to talk to. I KNOW Mr. Cheney and Mr. Rumsfeld are proud of how strong their technological advances make them. As a peace loving person I am left with practically nothing to do. This is what Americans are supposed to be PROUD of? They are...evil as hell. I HATE the Government for what they do to people. It's completely not about freedom or fairness, and they lie continually to maintain the deception.

Such basic human sadness CAUSED by technologies and agendas of the "new world order" MUST be addressed by conscious human beings, as to deceive and dominate and rule is their goal. I loved her SOO much, and i just turned around and she had been transformed into a TOTALLY different person. And I have seen this happen to several people that i love dearly. I can only assume that there is an invisible technological agent responsible...and I have spent enough time doing research. I am sure that there are many others who intuit the same bad deal, who are basically paralyzed by fear, unable to speak out.

The American government conducts an alleged 'war on terror' while USING devices and technologies that CAUSE

and INSPIRE terror to control people at home. Somehow, it must end.

**11/10/08**

to whom: i looked over the document. i have seen MANY like it before.

my question is simple: what do you expect to accomplish with this letter to the U. N.?

Is it going along with other letters that are like it? Are there official trials about this subject?

and finally, are you connected with the American National Economic Security And Restoration Act (NESARA)?

I am committed to the cause of ending behavior modification via hidden psychotronics: i simply seek to see which are the most focused efforts with the best chances of achieving visibility and being successful...you probably know about mindjustice.org and the Mind Control Research Forum...

write back when you can.

I'm sure that denial and coverup is inevitable for a while on the part of those who determine to use these technologies for control -- they want control, not to let go.

all the same raising awareness of the reality of the problem -- and raising public awareness of the FACT that the United States Gov't often lies about what it is doing, and has done in the past, and why -- is crucially important -- it means the difference between people thinking that they have lost their minds and behaving in like fashion -- and people realising that they have been attacked for purposes of undermining individual will and brain function.

obviously, those who use such technology do NOT agree that people's individual wills and brain functions should be sacred, inviolate.

But going before the United Nations -- especially if the action is documented -- is more useful than assuming that there is nothing that can be done.

Such defeatist attitudes, in fact, to me express signs that the technology and agenda are performing as advertised... i understand the logical point of your statement.

i also understand that your suicide attempt was one of the hoped for outcomes that the psychological scientists who developed MKULTRA and Operation Monarch, among other programmes, hoped for - a suicidal futility that would reduce resistance to nil.

however...ultimate control of the mind is what is INTENDED by the "true perpetrators" -- so that of course they can keep power that they may not deserve. the combination of basic guilt-inspired loyalty combined with hypnotic chants like the pledge of allegiance after a while blur the effect that any control from the mind comes from anywhere but the state. so it ends up SEEMING like mind control: weapons and technologies like HAARP and MKULTRA however are indeed torturous.

**A New Breed - Satellite Terrorism**

“Dr. Hall has treated numerous patients who have complained about voices in their heads, eventually being driven to a form of serious psychosis. In his book, he describes his relationship with his significant other, Mallory, a young, attractive woman with a bright future. Upon beginning a new profession, Mallory was suddenly struck down by unexplainable happenings: mind control, surveillance, stalking, and rape. Hall and others sacrificed themselves and their careers to bring her nightmare to an end.

What happened to Mallory and what is happening to countless others? Hall's supposition is that we are faced with a type of terrorism that is unseen but just as deadly. Our government satellite surveillance systems are a new way for criminals to gain possession not only of our financial lives, but our most precious resource: Our minds. What can we do and who are these individuals who are trying to control the way the think, feel, act and what we do?

Dr. John Hall has published numerous articles in professional journals and currently works as a medical doctor practicing anesthesia and pain management. Dr. Hall is currently working on a second book detailing what safeguards one can take against satellite surveillance. He lives near San Antonio, Texas.”

**Dear Member of the Canadian Government:**

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter

consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government "doing nothing" in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

"Doctors Mengele", who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Hello, My given name (adopted) is James Emmet Haller.

I was born June 5th, 1966, though my Birth Certificate (Orange, New Jersey USA) says September 1966. I am adopted through Catholic Charities. All my life I have been told both by the Catholic Church and numerous Adoption Lawyers that it will practically be "impossible" to open my Sealed Records (actual birthplace, Parents, etc.) That remains sealed to this day. Birthplace is declared to be Saint Mary's Hospital, Orange New Jersey USA although this building and hospital have long closed.

I was placed in a German-Irish family with strong military ties. Sexual, physical and cruel mental abuses took place my entire span of growing up. Names of Perpetrators there are numerous within extended family but father is

William Joseph Haller, mother Miriam Violet Haller (single name of Monaghan) one totally corrupt lawyer in Monaghan family Robert Monaghan (deceased) Aviation Law (read Terrorism),

At 23 my "father" tells me on a birthday night that I and my adopted sister, Kathryn Haller (now Kathryn Foresta husband Michael Foresta recently deceased) have a sister from an early marriage and she is in the DIA (Defense Intelligence Agency, USA Army) Name Robin Rutherford. Realize I am 23 and only now hearing this. My adopted sister was 19 at the time. Adopted sister Kathryn had seen photos left around the house and had prefigured that this was the case that there was a former family on the "father's" side.

I stayed on with this family until my late thirties, gathering evidence. I paid for it: July 19 1993 in a condominium home the "family" installs, in a home, a motion detector security inhouse device that seals all "windows and doors" and has to be turned off before one can wander the house at night say to go to the bathroom. Prisonlike. This device is turned on at July 20 midnight. Immediately I have symptoms of heart attack, no one else does. Cannot sleep at all for days. Beg them to turn off device it is doing something to me. They fight it, saying it cannot do anything. Later my research tells me slight microwave bombardment from this device probably would not cause such bodily deterioration. This stood as a clever cover for first time enactment of DEW (Directed Energy Weapons) able to be focused remotely through the satellite system, etc. I am then 27 years old.

After moving on my own many years I am finally to go back (why?) one more time. 2001 on around Valentine's Day begin hearing voices as if the neighbors upstairs are talking really loud. Apparent it becomes to me eventually this is V2S or Voice to Skull technology being implemented on me to drive me crazy. This happens 6 months after 911 and I am hearing driving voices saying things like "This is the law of Terrorism" "That's right" for hours on end. To this day I have V2S harassment, social stalking which will take up a book length (that includes subversion of reputation at work, etc, Perpetrators getting close to me and then wrongdoing, acting crazy sometimes, etc) all can be duly documented. Often there is pain inflicted by this Electronic Prison system being built by extremists, a fifth column if you will, who have deeply infiltrated the Patriotic circles of Armed Forces, Intelligence Agencies, Churches and Social Structures et al..

There are many around the world now, finally sending our Case Summaries with the mind to halt this genocidal extremist movement. Already as we speak Congress is opening an investigation.

I stand with the thousands upon thousands of innocent victims called Targeted Individuals (TI's) who send their painful tortuous histories together to you now...

I just want to say , I personally know this kind of torture exists, but I have yet to prove it, so I am giving up the fight, because it worsens, as it goes. If government is responsible, they get so many organizations to join in, so it is impossible to find them guilty, of course we know they are responsible, because it is allowed. I feel ;your plight and wish you all the best, I am on certain petitions, and I have stood up for your fight in the past, but the more I fight the more they do, and I love my children to much, to give them any more credibility, and exuses for the torture. I am sure some day they will pay for the torture they have put my children through, in order to make me look like an imcompetent, mother worker etc. but until that day comes, I have to sit back and take it, because I am tired of being viewed as the bad one. They make sure they win, and have not contientous, when it comes to hurting people, psychologically, or under cover physically, as in the electronic torture. It is so painful to watch my

children, under this mental torture, and I can take it no more. You just would have to be a victim to know the pain it causes, and I cannot win this fight. Good luck to you, and all the victims, may the lord help and guide you.

DEAR SIR/MADAM

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I would like to draw you attention to some unconscionable non-consensual experimentation on humans by the US government using all manner of cutting-edge, high technologies. The most heinous of these involves the use of very small robotic devices (e.g. nanotechnology) and engineered biologics, essentially bioterrorism devices that are being developed by the US government (see below).

I have been under surveillance using all manner of high-technology devices, including through-wall radar, Unmanned Airborne Vehicles (UAVs), Micro Airborne Vehicles (MAVs), bionic birds, and all manner of miniature robotic devices. The UAVs come in many forms, some like model helicopters, others lighter-than air, disguised as giant floating heads or floating tree branches. The robotic devices in my house also come in various disguises, such as spiders, walking spider webs, or faeces. Many of these self-destruct or disassemble when discovered. On one occasion a UAV landed on my roof and I saw two of these miniature robots adorned with LEDS crawling into my house.

People have broken into my house repeatedly, once while I was inside. They have placed various substances in my coffee and soft drinks, and performed all manner of hoaxes and tricks, especially holographic image projections in an attempt to freak me out and have me make outlandish reports to the police, and have me diagnosed as mentally ill.

I have experienced various types of “gang stalking” where the perpetrators, organized with cell phones, are always in visual contact with me at all times of the day and night. This is done conspicuously when I am alone, and subtly when others are with me, thus making it appear to them as if I am imagining it. Another persistent technique they have used is to cough, spit, or bring their hand to their face in my presence, in an effort to sensitize me to these behaviours and have me diagnosed as mentally ill. Stating to a mental health worker that people you don’t know are making gestures to you is a diagnostic criterion for paranoid schizophrenia.

My first-class mail has disappeared on multiple occasions from the US Post Office, including my tax forms and a request for an administrative hearing.

I have been targeted with directed electromagnetic energy on at least two occasions when it could be definitively identified. Once in front of Ralphs grocery store, and once in my driveway where I measured the power at over 100% of the FCC allowed limit for RF exposure on a Narda 8718 radiation hazard meter.

I have on multiple occasions been targeted with low frequency, less than 10 Hertz, subsonic sound, which causes a feeling of illness and nausea. This is another of many non-lethal weapons that have been developed and are being used surreptitiously and illegally on unknowing targets by the US government.

I have experienced all manner of malicious mischief and sabotage. Much of this has been done using very small robotic devices - perhaps not nanobots, let’s say microbots or millibots. Highly-integrated electronic equipment is particularly susceptible to sabotage by these devices. My security video recorder has been disabled on multiple occasions by these devices. Being so small, they can enter practically any location, and can also be used to alter electrical signals instead of just disabling devices.

Their size also effectively prevents their being located as they can hide in the smallest nook or cranny. Thus, they are also perfect for virtually undetectable surveillance. It's amazing what can be done with microscopic robots.

The worst assaults have been using robots to deliver very bioterrorism devices into my body. Like bacteria and viruses, these are small enough to go in right through the skin;

I believe these are primarily if not exclusively biologically based. In non-consensual experiments, they have caused many types of apparent diseases; but the most appalling are the so called "mind-control" devices placed into my body. When activated, they cause the sensation of electric shocks, muscle contractions, visual and auditory hallucinations, and anxiety attacks with an increase in heart rate, among other effects. These are used in an attempt to control my behavior by shocking me, much like one would attempt to force a mouse through a maze by delivering electric shocks.

On many occasions, they perpetrators have shocked me for no apparent reason, evidently just to show who is boss and that they can get away with it.

I hypothesize that many victims' experiences with what they consider to be directed energy weapons may in fact be a result of the use of these biological implants. The range of specific effects reported by targeted individuals would be difficult to explain using generic irradiation with electromagnetic energy. On the other hand, by placing devices inside the victims body that connect to various nerves or other tissues and that can be activated by much lower intensity electromagnetic signals, one could effect all manner of specific phantom sensations, hallucinations, or muscle contractions, depending on the particular nerves that the activated device was connected to. It is clear that these technologies are under intense investigation because of their potential beneficial medical applications. However, before the technology has been developed to the point of beneficial applications, it will be possible to use it to simply go in and cause damage to various tissues; essentially biologically-based torture devices in the body that can be remotely controlled.

As these sensations and effects cannot be directly observed by others, it is a perfect method for attempting to frame someone as mentally ill and have them diagnosed as such. Once such a diagnosis has been made, any claims of intentional maliciousness or assault are easily dismissed as confabulations or hallucinations, and no further investigation or thought is given them. In fact, just making such claims is enough to cause most people to jump to the conclusion that one is not playing with a full deck, so to speak, and stop listening.

I believe these technologies have been developed in secret by the military, and are being used on unwitting subjects without their consent. Although the perpetrators use the American flag as a symbol, this is entirely a propaganda technique, as these activities are the antithesis of what the country and constitution stand for. This is simply a continuation of a long history of non-consensual experimentation on citizens by various government agencies, such as project MKULTRA, and just one of a large number of secret projects being performed by the military. They are clearly in violation of US implied consent laws, to say nothing of the international Nuremberg Code.

I have written many letters to many authorities and received absolutely no response. This is probably because many mentally ill people make very similar claims; the perpetrators know this and exploit it to avoid investigation. Also, I think it is difficult for most people to believe that the US government would so blatantly violate people's civil rights, even though there is a long history of doing so. It is also clear on the basis of their participation in "gang-stalking" activities, that some law-enforcement people and neighbors are cooperating if not overtly colluding in these perpetrations, making it impossible to enlist their assistance. The perpetrators are experts in manipulating people's beliefs and vilifying individuals. And in light of the Milgram experiments, it is not difficult to believe that they can convince most people to assist in these heinous endeavors, regardless of the implications for the human and civil rights of not only the targets but of their own families.

I am certain that an investigation into these matters would reveal startling results, as they have consistently in the past (e.g. project MKULTRA, COINTELPRO, etc).

Thanks for your time and attention.

What I don't understand, is how my name and my mothers name got removed from "The Americas" list of victims. Which link is it to that specific petition of names of targeted individuals? Somehow my mother's and my name is no longer listed. I would like to re add us to the list.

**25/10/08**

With the information that I have discovered so far, like finding others like me, along with all the emerging Quantum sciences I have been researching along with their all encompassing biotechnologies of cybernetic's, I eventually came to a conclusion of the possibility of how long we have been targets. by some of the ways my brain was recognizing patterns emerging around us as well as throughout my life, and with extra help from the gang stalkers to push me into the word of conspiracys of outside the box theories to consider and take into account.

Well, with all that I know now, and what my family experienced of health discomforts, sensory pathways dysfunctions, including my own over my childhood and adult yrs, I would have to say my family has been targeted my entire life. I would have to say I have been a guinea pig my whole entire life. From what I know of my mothers growing up in Chicago, I would have to say that her Jewish neighborhood was being targeted way back when she was in her late teens.

My body started to experience some differences, pretty much very quickly, basically back in 2001, when I moved back into my childhood home, so I could keep my mother out of a nursing home. Many of them I had experienced on and off throughout my childhood and adult hood, but were increasing in the early 90's and from 2001 they started piling one on top of other.

Once I found others, I started trying to put the pieces of the jig saw puzzle together. I believe I have been a target my whole life, but the targeting became more specific starting in the early 90's for my father, my mother, my sister and well as me. My father passed 10 yrs ago, my sister passed 3 1/2 yrs ago.  
Thank you for the link.

**1/11/08**

But I sent my summary to John back in 2007. Like I said I was on his list, then I was not anymore. I wonder what happened? Again, thanks.

Please do not let others deter you from this investigation. My government has been allowed for far too long to get away with breaking the law. It is time they were held accountable.

I am so sorry for your loss. Please do not be intimidated by fear of their covert harassment tactics upon you or your family.

Until you have walked a mile in my shoes, only then could you understand the enormous significant violations that are being done on citizens that have absolutely nothing to do with terrorism. My family, along with thousands of other citizens are forced to endure their satellite domestic surveillance 24/7. My family was born in the United States. We are legal citizens. My mother was born and raised in Chicago, and since 2001 we have had to endure this ongoing endless abuse here in California.

If it is determined by this investigation that the Vice President of the United States ordered Congress not to be told there is reason to believe that is a significant violation of the National Security Act, we'll follow that thread where it takes us and determine if there's reason to refer to the issue to the Justice Department or clarify the laws regarding notification".

I am a software developer of 31 years. I have been stalked, electro-shocked, and micro-waved on a 24/7 basis for the last year. I fled my town of birth after renting a room from a (I am hands down positive at this point) serial killer who requested that I send three photographs of myself in prior to even being considered to come to a "Soiree" to meet my "house mates" for consideration to rent a room.

The details of my last year are so incredibly disgusting, and unbelievable that I have started writing a "fiction of fact" autobiography entitled: "Calling all Hero's -- Delusion or not?"-- The autobiography of an almost murder victim.

I sent the attached file to Seattle Vice upon arriving in Phoenix Arizona where I fled (and was followed) .The details therein are valid. What should be of alarm is that this happened and is happening. Technology that was released 30 some years ago and used by Vietnam soldiers -- many of whom lost their minds at war leaves one questioning. How many sexual predators have this information? How many Jane Doe's weren't Jane Doe's? The government is responsible for that which has been dealt to it's people by it's own hand. To call a rape victim paranoid and delusional should require deeper investigation.

Any scientists who are for good causes, please contact me. As a technologist and scientist by binary human right to survive, I believe I have invaluable information. Too much to detail in email w/ out knowing who I am talking to. My experience has been truly unique - in that I am alive and should not be. Have drawn many scientific

conclusions which have helped me to survive. I believe this information to be invaluable in the right hands.

Attached is the file I sent to Seattle Vice and the FBI after fleeing Seattle. Contains a very small amount of information as to harassment that was taking place. Attempts on my life were not made until I moved to Arizona. I am writing a "Fictional" novel as -- my story to be told under a different context would leave others questioning my sanity - and that which cannot be proved beyond a reasonable doubt must be labeled as such ;) Book entitled: "Calling all Hero's - Delusion or Not?" -- the autobiography of an almost murder victim - That which we do-not understand, we should not prescribe. Hello Honorable Public Officials,

I first wanted to say thank you for allowing me the opportunity to email and communicate with all of you, that means a lot to me. You may know from the information I have given, as well as countless victims testimonies about the horrendous crimes against humanity in our city, state, country, and world wide globe.

It saddens me deeply to see these kinds of hate crimes become an epidemic for the criminals, and yet they keep committing their crimes because of lack of "evidence", and therefore they get to continue their acts of covert murder of the spirit, soul, and body, without ever being investigated or prosecuted.. How much evidence do we need in order to investigate and prosecute covert murders?

Here are a few, to say the least, of Yahoo groups that support our claims and testimonies. As I hope these crimes will first stop, be investigated, and have the criminals be accountable for their crimes against humanity.

[mcvictimseu@yahoogroups.com](mailto:mcvictimseu@yahoogroups.com)    [mcactivism@yahoogroups.com](mailto:mcactivism@yahoogroups.com)

[multistalk@yahoogroups.com](mailto:multistalk@yahoogroups.com)    [targeted\\_individuals@yahoogroups.com](mailto:targeted_individuals@yahoogroups.com)

There are countless websites, blogs, groups, testimonies.

**What will it take to be heard and to have accountability?**

**I have met many TI's in the bay area alone. I believe each and every one of them, their stories, and the crimes against them. I know it to be true, as it has happened to me, but most importantly, I listen to them, hear them, and they are speaking the truth.**

As mentioned before, part of this is an "experiment without consent", [www.angelfire.com/or/mctrl/akewi.html](http://www.angelfire.com/or/mctrl/akewi.html), or in my case, the president of my last home owner associations' revenge, over a piece of paper, that all she had to do was fill out, but lost her mind over it, and just took revenge to an entirely different level, than I have ever seen, due to her connections. I understand we, the victims are put on some kind of hate list, that stops us from having the ordinary things that any citizen of the US, and world should have, which is their civil liberties, free speech, and human rights.

We need proof of the radiation, we need help with this, and we need safe houses until this stops, please. I do not

intend on dying by satellite directed energy weapons that are used in space, which makes these war crimes, we are not in war, so to speak, but our own private unseen war.

I want our public officials to take a stand against these crimes, please. I want our public officials to get our names off of this "list".

I want the systematic stalking to cease and desist, the directed energy weapons to stop immediately, and all criminals to be held accountable for their crimes. We want protection from the criminals. Please, we plead for your assistance into these matters.

There are too many of us for this to not be taken seriously.

I have been a victim of these crimes for a year, and it is outlandish behavior. I know a person (s) who have been experiencing these crimes for 22 years, another for 9 years. What has happened to the greatness of our "civilized nation"?

My real name is Christine Lynn Harris, and my targeting started with the president of my home owner association and the property manager.

Please put my name on this list, or how can I put my real name on this list. I was afraid at first, but now I want it out in the open.

**Thank you~**

**With Gratitude, Kindness, Honor, Respect,**

**Self paid college graduate University of Oregon, Real Estate Agent, Notary, Nordstrom's Sales, worked since I was 14 years old, honorable, ethical, extraordinary human being, and I will not let or allow these crimes to keep happening to me or anyone else without first pouring my heart and soul into assisting those in need.**

**31/5/09**

THE 2-WAY STALINIST/ORWELLIAN MEDIA - has been happening to me since August 7, 2008, with a president of a home owner association, whose husband works for a very large international law firm, Jones Day Law, with connections, and the property manager whose husband is a Sergeant Police officer in San Francisco. I had no idea any of this existed, all of this revenge and torture for a piece of paper, where I had the right to information. I have also found out a friend of 15 years is experiencing this as well. Her boss's wife does not like her, and the wife's connections are with MIT. I can hardly believe this is happening. I just want to know what all of these monsters get out of this cruelty to another human being.

**1/6/09**

My friend of 15 years, wants to ignore all of this. She says she will be in judgement, being a yogi, but I have tried, to lead her to talk, and tell her story, and join our groups, but she refuses. I respect her choice, but what she fails to realize is that this is not going to stop by being quiet, it is going to stop by being vocal, and telling our stories.

I lived in a condo with a home owner association, 720 York Street #111, San Francisco, CA, 94110. I wanted the president's contact information, she did not comply. Simple request, with simple answer. I sent in for a Notice of Complaint to the CA Attorney General, which we both received the request copy on August 5, 2008. August 7, 2008, two men, which I did research, gang stalked me in my own building and were given access, I have details of this story, and my husband saw them driving around in the morning on his way to work in an undercover cop car. I realized the property manager's husband who is a Sergeant Police, they were both in on it. Filed a police report, that is a long story, and got it with the Board of Supervisors, then in November a man shinned a red light at me, and I felt this strange energy come over me, and then I got really sick, I researched and realized a directed energy weapon was used on me.

My car has been illegally towed in revenge for getting a copy of a police report. The second time they tried to tow my car, I ran out of my house to get them on video, and I did, and they tow man lied on the video. In February, I was at home, and was getting ready to make coffee, and all of a sudden a bolt of lightening hit my body, at this time I had found [www.freedomfchs.com](http://www.freedomfchs.com) (in fact, I had been researching everything that was happening to me, but this came as a surprise), and I had started to email all my friends, to tell them I love them, as I knew I was going to die. This surge hit all my organs, my lungs and every organ. The pain and burning lasted well over two months. It was unreal, and I thought what is happening to me. I lost part of my hearing, high pitched sounds, and loss of hearing

in my right ear, I have medical documents, test, that I sent to Tim White, and my vision is blurred, the lens of my eyes damaged, and the whites of my eyes are yellow, with scar tissue damage, a vision test has also been recorded and documented, and sent to Tim White. I just had another hearing test since January and there is more loss. I have two witnesses to my experience after I was hit that day, as I went to go see them in fear, and support, and my friend gave me contact with a reporter, of which I told part of my story, [www.poormagazine.org](http://www.poormagazine.org) reporter, Marlon Crump, article called Electronic Harassment. When I was in the emergency room, at this time, I knew what happened, sort of, but could not express to the doctor, so in reading Eleanor's emails, I just told him the symptoms, burning, on fire organs, welts on my feet, tingling, and oh my God, I could not believe this happened to me. When this happened, I looked out my front window, and saw the president of the home owner association, and I looked out my window, opened my window, and asked her if she was Debra Davids, and she looked at me like she did not know who I was, she knew who I was, but I had never met her. She looked directly at me and said "I am not doing anything to you Christine", while the surge of directed energy almost killed me. This is all insane to me, as I could NEVER do anything to anyone to harm. After this, I started to notice, and I believe that I was targeted before with light waves, but this made me realize it more, waves of DEW, lightly on me all the time, constant.

I started to join the Yahoo groups, and read, more, so when the projected images, two that I had, were satanic, I knew about this so I knew what to expect. I know my own dreams, and I knew this was not mine. It happened as I just went to sleep. I have also had V2k, two times. Once on a plane from San Francisco, to Boston, and the perp was in seat 7C, and I have the ticket as well. This happened while I was watching a movie, and because I knew about it, I knew what to expect, so I just concentrated on the movie, and meditated, and told myself I was the greatest as they tried their trick with their technology. On May 15, Friday, at about 10:00 A.M. I was hit very hard again with DEW, in the heart directly at the heart, where it felt like my heart was going to come out of my body. I went to the emergency room, and this time, I told the young ER doctor the symptoms, but he gave me no IV, No pain medication, and no oxygen. Both times of going to the emergency room, I have had a very hard time breathing as well. This time, I gave the Jim Guest Letter, and he looked at me like I was crazy. He asked me if this was in the news, and I told him, not yet, but it will be. I put my clothes on and left. Every day, I am hit with DEW, light waves, sometimes, more than others to where I am not able to get out of bed. My lungs feel like burning metal, it is the most awful thing in the world. John, there are days, when I wished I would just go to sleep forever, and stop the torture. There are days, when I am hopeful, and I pray that someone will stop these crimes. There are days when I hope I am here to see the justice, and the exposure.

I was kicked off several Yahoo Groups, and that makes me very sad, as I need all of you. I have been working so hard for me, and everyone, ask Derrick. I met with a reporter from a great newspaper last week, I have exposed these crimes to city officials, and to Cindy Sheehan, and took her to lunch. I am meeting with a friend, who I have know for 20 years, and he knows me well, my ethics, and knows I am a straight shooter, and I speak the truth, he is an attorney, and he knows A LOT of people. I email Oprah, Ellen, Dr. Phil, and anyone I can to open their eyes. Sometimes I feel in despair, but I do my best. I have spent \$3,000 of my own money, of which I am not wealthy, but I know the public needs to know. When I met with the reporter, who I know through a friend who has known me for 15 years, said she is not surprised, but needs to help us expose these crimes, and said my story is so out there, that I should write a book. If you need to know more, I am willing to share, help, support in anyway possible.

I will forward your name onto another TI, who has been experiencing this for over 20 years, out of a person who took revenge and well connected. There seems to be a consistent theme, the people who have connections do not abide by the law, and can take revenge in ways that seem too unreal to digest. When traveling to Boston, I left my cell phone off for privacy, and when I turned it on while at a cafe, it hit me so hard, with radiation, that my hands tremored. Scary to know that cells phones are used as weapons. I complained to Sprint a few times, and I went to pay my bill last month, and noticed they had credited the entire bill, which I thought was really odd.

I have medical reports of eye exam, hearing exam, both to Tim White, two times at the emergency room, and several doctors visits to see if I could find any radiation or damage, but nothing shows up so far. At least I have the eye and ear, both are test and documented. I used three emails to communicate:

At first, I was so afraid when on the Yahoo Groups, Julianne kept saying there were perps, so I did not want exposure to my identity, now, I want full exposure of who I am since I fear for my life. They are also targeting one of my cats, and I have video footage of her reactions for evidence. She hardly comes upstairs anymore, and she always looks at the ceiling for the next time she gets hit. These people are evil, and need to be prosecuted. I will have no mercy, when it comes to that day, as I want mine perps to go to jail, forever

As I am emailing, I am getting doses of radiation, and I feel sick to my stomach. Please tell me this is going to stop, soon. I do not look at the ceiling of my home the same way, and I do not look at the sky the same way. I fear for my life every day. I live in fear, even though I try not to. Yes, I am in distress about all of this, although I remain calm most of the time, but inside I am very upset, and sad. The president of the home owner association husband works for Jones Day law firm. I know they put me on this program. I met a friend at Peet's coffee in Burlingame one day during lunch, and before she showed up a heavy set white male was sitting down, and I sat next to him, he pulled out a lap top with a screensaver of two people and the man on the screen saver has a t-shirt with George W. Bush Jr. on it, with a skull and cross bones, and we had a conversation. I had read about street theater, so I knew what it was before it happened. He started to tell me the tale about the screen saver, and then started to use the word LOVE all the time, a word I use in my emails and my text messages, so I started to know what this was about. He then stated he went to the same school as I did, which was interesting, because I never told him what university I had gone to. I actually had 20 booklets of Eleanor's Organized Stalking, and I handed him one. He then looked at me and started to talk about class action lawsuits, and I knew for sure he had known about me because they took information off of my computer, he looked at me and said "but I can get really angry", and he did, it was so weird, but I looked at him and said "your anger is just your fear". He said he was going to leave, and told me that I gave him more information that I realized. Really, what kind of game are these people playing? If they think it is funny, it is not. I realized a couple of weeks later, that I should check out Jones Day law firm's website to see if I could see his face, and he did not realize he gave me more than I could know, he gave me his real name, "Rob", and so I looked at their website, and found his real name and face, and he is a partner in the firm. How can people behave this way, when they are successful. Why would they jeopardize their name, for such actions? They think they can get away with it.

My health effects have been horrendous, hands tremor, nerve damage, eye damage to the lens of my eyes, scar tissue on my eyes, loss of vision on my eyes, hearing loss, high pitch hearing loss, hearing loss in right ear.**

Hello Honorable Beings,

There has been the strangest series of unfortunate events in my life. This is all with a home owner association at 720 York Street, San Francisco, CA 94110. All of these events were really for a piece of paper, that Debra Davids had to fill out, but instead she lied to the Attorney General, and then takes revenges, covertly, so only I can see, but at times, I have witnesses to the crimes against me. I tell my story because I nearly died because of the technology used against me, and at this point, she already destroyed my body, and who knows what else she, and they, will do, but at least my story, or at least parts of it will be told. Hopefully, they will be held accountable for nearly killing me, and taking my life and privacy away from me. I do not believe in revenge, war, or retaliation, but I do believe in justice.

The people who have committed these crimes against me are as follows:

Debra Davids, president of home owner association [pddavids@sbcglobal.net](mailto:pddavids@sbcglobal.net) , 720 York Street #226, San Francisco, CA 94110

Peter Davids, her husband who works for Jones Day Law firm (this is where the key connections are I believe with this technology and crimes) 415-875-5813 [pdavids@jonesday.com](mailto:pdavids@jonesday.com) Michelle Beazley, property manager Golden Gate Property Management 1675 Garnet Lane Concord, CA 94519 [michiebe@aol.com](mailto:michiebe@aol.com), husband Sergeant Raymond Beazley, works for the Mission Street police station in San Francisco.

I told them the gang stalking incident, and that I knew Sergeant Raymond Beazley was involved in conspiring with his wife and Debra Davids to send stalker to me. The officers called in another Sergeant, and they threatened me, and said they would sue me for slander. I told them I was going to see an inspector at 850 Bryant

Police Report #081180497

February 13, 2009

Peet's coffee, Burlingame, (this is where I met my friend). I sit next to a large man, trench coat, and he pulls out his computer, with a photo of Bush with cross bones, and proceeds to talk with me, and says the word LOVE all the time, a word that I use, which I thought was interesting, then he tells me he went to the same university as me, which is strange, I have never met this guy, and I never told him where I went to school. He looks at me to tell me how angered he is about class action lawsuits, which is strange, then I give him the Organized Stalking booklet, and he leaves. I look on Jones Day Law firm to see his face, and I do, Robert Marshall, partner,rgmarshall@jonesday.com, 415-875-5720, in San Francisco office. He works with Peter Davids, the president of my home owner association's husband. This confirms for me, that they are in on this organized crime, and are harming me.

February 15, 2009

I sent a note to Kevin Ward, board member, telling him that there is a person in the building who is stalking me.

February 18, 2009

I believe this was the day, I was hit very hard with directed energy weapons, and I nearly died, all of my organs burned, and my eyes blurred, and hearing loss. I did not realize where this was coming from, but I was with a group called www.freedomfchs.com, and started being on Yahoo groups for support. I emailed all my friends to tell them I love them because I thought for sure, I was going to die. The day that this happened, I went to the front window at 720 York Street, #111 San Francisco, CA 94110, and noticed Debra Davids, was at my window, while the directed energy hit my entire body. I opened the window, and said that we could get along, and live in the same building. I looked directly at her, and she said to me "I am not doing anything wrong to you Christine", which I thought was a strange statement.

February 19, 2009

I went to visit Misha, who deals with police brutality, and she noticed I was not well. She put me in touch with a reporter Marlon Crump, who supported me through this ordeal.

February 23, 2009

March 26, 2009

Meeting with Phil Bryan, VP of HOA. This day, I have harassing phone calls from people who pretend to be with AT & T, and a stalker who claimed to be with AT & T, who left a note on my door. AT & T, are always professional with real legal notes, not scratch paper.

April 2009

Somewhere around here, two tow trucks were going to tow my car again for revenge for getting a police report, I have the tow truck on video questioning him. I stopped them from towing my car.

April 15, 2009

I talk with the groups psychologist Cyndie in PA, as she deals with trauma patients, and victims of organized stalking, directed energy weapons, and psychotronic weapons.

April 24, 2009

Wrote city attorney to get refund back on tow. City attorney gives refund.

May 15, 2009

10:00 A.M. in the morning, I was with very hard in the heart with directed energy weapons again, almost died. Went to the ER, this time, no IV, no pain medication, no oxygen.

During these months, I have also experienced what is called psychotronic weapons as well.

I have strong reason to believe my phone conversations are no longer private.

I have strong reason to believe the day my car was towed they GPS and bugged my car.

June 16, 2009, Today, I was in China town with a friend, and when I went to get into my car a DVD was by my door, that said the word "Murder" on it, not sure if this was directed at me, but it was strange.

All these strange things started to happen to me, I started to research in the internet to realize I was not lone, and it seems like many cases, it is out of revenge. I found [www.freedomfchs.com](http://www.freedomfchs.com), a group of people, like me, who were put on this list, a list that involves gang stalking, organized stalking, directed energy weapons, phone taps, GPS on cars, with this strange group of organized covert criminals who thrive on destroying someone's life. There are stories of people who have been put on this list after a divorce, a break up with a girlfriend, one woman, Judy Thacker, has been going through this for 22 years after a woman was held accountable for stealing from her, put in jail for a brief period of time, and then Judy started to realize her life has forever changed. I hear that we are hardly allowed to fly, as we are also put on a security list at the airport. I find it interesting that these criminals take revenge to make it look like we are the criminals, when in fact, it is the opposite. I also know "we" are on what is called the Main Core List, which allows us to be harassed by these stalkers and criminals **Perpetrators**

Husband who conspired to send stalkers is Sergeant Raymond Beazley, [michiebe@aol.com](mailto:michiebe@aol.com)

This person may be involved, he has connected with our groups, but I am not sure about this person, and I can tell you why in person. I have reason to believe he is involved with the technology in some Level. Tim Anderson (claims as his name)

925-330-9185 He created [terror\\_stalking@yahoo.com](mailto:terror_stalking@yahoo.com), added all of our names. A friend of mine researched this man, and it appears he used to work for the Navy and MIT. I have a very strange email from him that I will send to you as well.

8/8/09

My friend Misha researched these men, and she found that they are possibly with law enforcement in some way. When she was researching again, and found they are connected, her computer crashed.

All of a sudden these three men, are trying to get close and connect, sort of, with our groups. Misha and I have strong reason to believe they are perpetrators of these crimes. Frank Conti lives in the Southern California area, and we have reason to believe based on research, that he is into cell research.

There are more email addresses that I have sent on this Tim. Worked for the Navy and MIT.

My friend Misha, has reason to believe based on her research that Tim W. Anderson belongs to a Masonic Lodge in Walnut Creek. I have an email from him that seems as if he is projecting his self into the words, and at the end says something very strange. I will try to find it and send it to you. I have sent this to Dr. John Hall, as well as the lawyer for Freedom From Covert Harassment.

Thanks,

Thank you for your work. There are two things I wanted to share with you. Kevin Bond, who lives in Palm Springs, CA, is a victim of these crimes, as you, and I are, along with thousands if not millions. The Frey Family, who lives in Palm Springs, their father, "The Frey Effect" man, created this technology. They have many, many victims in Palm Springs.

I have copied Kevin Bond on this email, as he may be able to share information with you, to pass along to help everyone. The Frey Family may have sold their technology, and may this list, will help us with our cases, and help send these monsters to prison.

Also, I have heard that Robert Gunn Phd, in Ann Arbor, Michigan, who worked for the NSA helped create these technologies as well.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

NAOMI HARRIS: I have fled my home in Buffalo, New York, due to four death plots against me, Electronic Harassment and Causation of Severe Illness, and Police Complicity and Illegal Inaction and Cover-up. All my homeowner rights are forfeit. I do not know if I can ever return home to live or even to re-gain my many treasured possessions. If not – then I will lose EVERYTHING – including the beautiful garden I have invested much money and 5 years of work in. (I can provide many names, addresses, and dates from journal.)

I am living in the hope that both legal and financial resources can be generated - before it is too late - to save me and to prevent me from losing everything.

The crimes against me in the City of Buffalo, New York include:

several years (since 2002) of constant illegal surveillance of myself and my home, 4 years of noise harassment by certain individuals, frequent trespassing by several individuals, frequent vandalism, and frequent petty theft. Interference with all of my human relationships and potential meeting of new relationships. Interference in all my dealings with handymen and painters to try to prevent the improvement and general maintenance of my property at 170 Potomac. At least 3 attempted or successful Home Invasions (doors found unlocked but nothing noticeable taken... for information gathering or surveillance equipment installation purposes?) and one Felony Burglary: mail theft (2 letters from the Welfare Dept asking for crucial documentation), pet theft (breeding-stock birds for sale to pet shops), computer and scanner theft (being set up to do eBay sales) therefore: Income-Lynching producing TOTAL LOSS OF INCOME for 2 months, Identity Theft. Stalking in many of its forms, years of Noise Harassment, incidents of screaming suddenly and loudly behind or next to me to startle me in public. Electronic Harassment - causing pain and physical illness: Fibromyalgia, kidney disease and pains, tinnitus, prickles to fronts of my arms, high and very high blood pressure, stress, fear for my life, health, safety and property. Verbal abuse, verbal threats, years of public character defamation and total lies told to other neighbors about me, false police reports, false mental health diagnosis as "delusional" and "psychotic", connected to unlawful (against Mental Health law 9.5) forced incarceration of me in a mental ward of a major hospital TWO times, violation of my basic civil rights, both inside, outside, and on the way to the hospital in the ambulance. Damaging information as to how to victimize me in this way came from the female 911 operator and female supervisor of 911 on duty on August 26th, 2007, during which day I witnessed and clearly heard FOUR DEATH PLOTS by my gang-neighbors against me. Gang activity in my neighborhood includes 3 recent murders in 2007 and at least one arson... somehow "unsolved" by police. The same police that DENY any crime has been committed against me.

This gang activity expanded to include stalking of myself 3 times in the main downtown branch of the Buffalo

Public Library, by a stranger – a pedophile reported by "a few" other women, as viewing kiddie porn on the internet on library computers. He got into a confrontation with the Computer Desk clerk young lady. Followed by a police cover-up of this incident, as was also the situation in an earlier stalking case of mine against (of the neighbor gang) thrown out of court due to "improper police paperwork" (by the court intake clerk – a POLICE employee), which was then changed on record as to cause of throw-out of legal case. Cover-up includes District Attorney's Office and Chief Special Investigator. I live in the fear that - If I return home - I will be framed for a crime the gang has committed and be jailed in a corrupt legal system. There are many cases of this already in the Buffalo area. They already have my DNA, due to time I spent in the (mental) hospital.

I also seek investigation and justice for the sudden and "mysterious" death of my friend, Paul Kempf, Sr., on March 13th, 2005, which is totally consistent with murder via electronically induced stroke or heart attack (concurrent with causation of horrific pain to one's nervous system), at the same time period gang member neighbors had a supposed "grievance" against me. The body was quickly cremated. Mr. Kempf was a kind, decent, helpful person, and a decorated War Hero, with no other enemies.

Previously, in 1998 (In Portland, Oregon) gang stalking crimes against me (from a different gang) were: False arrest, police brutality (putting handcuffs on extra-tight on bones of wrists), jailing me over weekend with no hearing. Restraining order put on me while incarcerated, due to lies told to judge. Attempt by same individual (ex-live-in-boyfriend, by then believed by me to be a pedophile, as well as a schizophrenic) to sell all my possessions to an estate dealer. Second arrest over weekend with no hearing, due to "violation of restraining order" when I went home to get some clothes and to protect my belongings (knowing that he would not be there). Theft of 30% of my belongings by same individual. Gave away 2 cars I owned to "car thieves". (Police department believed to be involved in "chop-shop" business). Two court cases ensued, causing me financial and emotional losses and stress. Electronic harassment of myself: sleep deprivation and severe leg pains, fibromyalgia, headaches, tinnitus, high blood pressure. Blacklisting resulting in inability to find a job. Income loss. Loss of all friendship of the neighbors around my home due to lies told about me.

I am also a TI. I have been looking for a way to shield from this high technology that injects liquid crystal into your body. I am also looking for ways to detox from this. I hope you know what I am talking about. I am having a hard time even finding a TI that is going through the same situation as myself. I would think there should be some way to jam this technology. If you have any information it would be greatly appreciated.

**6/3/13**

I have been heavily attacked for about 4 years now. I have been implanted with microchips, I have been hit with directed energy weapons, the technology of v2k has also been used on me. The most severe of these tortures is being remotely injected with liquid crystal. There is some sort of electromagnetic force field that can inject you with this poison. The symptoms will look like edema, cellulitis and no one will believe you if you tell them what is going on. This is probably killing an unknown amount of people. If anyone knows how to detox from liquid crystal or shield from this remote technology it would greatly be appreciated.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

To Whom It May Concern: Date: August 10, 2007

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 1991. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide; physical and emotional manipulation; and devastation of financial and social resources.

My story is not yet in sufficient state to be published, but I do participate as an activist against these crimes, I do have relevant testimony to specific instances of harassment, and I have meticulously documented each occurrence of these assaults. To hear my story would be terrifying and bewildering to an audience unaware of the specifics of these crimes so I will reserve it until I can clearly, coherently, and efficiently speak about them.

Nobody is above the law, yet some group or agency out there believes them to be. This is not right!

My Constitutional rights have been trodden upon: my 4th Amendment right has been abused, my 5th Amendment rights disregarded; and if this terrorism is meant to be some sort of "criminal punishment" for perceived wrongdoings, then my 6th and 7th Amendment rights have been completely eradicated. And due to the constant suffering under this campaign which includes hundreds, perhaps thousands of victims nationwide, our 8th Amendment right has been outright dismissed.

This is indeed, cruel and unusual punishment.

I am also being denied my Constitutional right to pursue happiness. This torture (from a remote, undetectable source) is constant 24 hours a day, including while asleep—thus preventing me from finding emotional and psychological equilibrium, which takes its toll on my health, well-being and ability to be a productive member of society. Medical, psychiatric, or social services are generally unhelpful or serve to alleviate only a few of the many symptoms that arise from these assaults; remember, the attacks are ongoing.

The use of directed energy weapons, remote harassment, and organized stalking are quite plainly unlawful, criminal acts. I am treated as a political prisoner or worse, as a common lab rat, not even human. And that this is happening on American soil, to innocent American civilians—some victims former members of the military—is unconscionable. Legislation must be enacted to increase awareness of this hidden menace and to outlaw use of these weapons. Only through making the use of these weapons illegal will we be on our first step to alleviating this highly organized form of domestic terrorism.

I refuse to surrender my freedom and I demand justice!

**I DEMAND AN INTERNATIONAL INVESTIGATION INTO THESE CRIMES AND HUGE VIOLATIONS OF HUMAN RIGHTS!**

**For listening to my story and for your support and help in legislation and enforcement, I greatly thank you.

### **CRIMES AGAINST HUMANITY**

**27/11/08**

The crimes against humanity committed against me have been to numerous to count.

### **MY STATEMENT TO THE COURT**

It is criminally inhumane to able to torture, abuse, cage, deprive, and commit any imaginable felony against a vulnerable, innocent human being who has committed no wrong. It is criminal and corrupt that the government has not ensured that meaningful restitution and/or compensation be provided to the human beings whose rights have been violated.

I have not had my day in court to ask for punishment for the criminal behavior and economic theft of the United States government and scientific community towards both myself and countless others like myself. For the last 42 years, the exceptionally self serving and abusive United States government, military, and scientific community has committed countless felonies against me, so many I lost count. Some of the crimes, misdemeanors, and felonies, committed against me include, but are not limited to the following:

(I have been)

Subjected to lethal carcinogenic radiation and subsequent destruction of my neural cranial tissue)  
Subjected to invasion and deprivation of privacy in the most absolute of terms by the government v2k technologies  
Caged with an electronic fence in mind which restricts and retards my thoughts and the mobility of limbs,--and  
subject to forced speech and motor movement  
Disfigured on numerous places on my face and body  
Deprived of reproductive rights to have children and a family  
Held hostage in involuntary lifelong detainment  
Sexually assaulted,  
Forced to sacrifice my body, mind, and time in bogus educational programs  
Forced to live and work in toxic environments,  
Subjected to extreme isolation and deprivations,  
Subjected to economic control,  
Scorned, Shunned, Humiliated, Ridiculed, and Isolated by members of the community because of my right less state

In short, this unearned institutional legitimization of scientific entitlement for the sake of idle curiosity toward utilization of the nonconsensual, non-financially compensated volunteer has insured that for the last 42 years of life, my consciousness awareness of life has been made knowable primary through pain, suffering, and abuse, and will continue to be so because my privacy will continue to be invaded by your agency unless I am released as the law would require after an investigation of such an egregious and outrageous and criminal assault and abuse of power and authority by this administration. .

To redress this inhumane criminal assault and exploitation, I demand my day in court so the criminal contempt and depravity toward human life may be exposed to the public it pretends to serve.

### **Lawsuits And Crimes Against Humanity**

I am new to the forum. I have been having a difficult time finding a lawyer to represent me.

The McActivism group uses Jon Wilson in Colorado, but he does not answer my email.

Does anyone know a pro bono or contingency lawfirm which specializes in gross government misconduct and crimes against humanity?

If so, please inform.

Although I have tried to keep my privacy for several years, the government refuses to allow me privacy and violates and uses any pretext to harass and disadvantage me.

The sad reality of my life is that my life has been nothing other than a legalized criminal assault. I will reveal my silent Holocaust to all so that the truth may be made known. Society and our government must be made accountable to all of us victims who for years they criminally assaulted without remorse or contrition.

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Please READ THIS:

I have been sending a letter out since 1994 regarding secret technology that has been used on me since that time. I believe it might be the technology that Mr. Russell Tice testified in the February 14, 2006 Subcommittee on National Security, Emerging Threats & International Relations hearing being referred to as 'special access' operations of the NSA (I also believe that this technology is being used in other departments of government). It is thought reading technology.

Consider the following

From: [http://www.house.gov/judiciary\\_democrats/nsabriefing/bamfordstmt12006.pdf](http://www.house.gov/judiciary_democrats/nsabriefing/bamfordstmt12006.pdf):

STATEMENT OF JMS. BAMFORD BEFORE THE DEMOCRATIC MEMBERSHIP, HOUSE JUDICIARY COMMITTEE (January 20, 2006)

"Today the NSA is the largest intelligence agency on earth...It has the ability to virtually get into someone's mind. It can read a person's most private thoughts..." (Though Bamford goes on to qualify his remark) and

I am an American Citizen who has been subjected to criminal abuse at the hands of the F.B.I. since 1994. Their crimes include thought reading, physical torture, verbal abuse broadcast at me and a take-over of my dreams at my expense. Because I became aware of my abuse by their verbal broadcasting of my thoughts to me, their scripted taped responses, the comments of the Agents on shift in response to my thoughts -- or to augment their abuse, and dream manipulations, I have followed their agenda pretty much since it's conception. Mostly through T.V. and a little through newspapers. Until recently, information on the method of their verbal broadcasting (which can be heard by the victim, but not by others in the same vicinity) has been kept secret. The August 5<sup>th</sup>, 2002 edition of Newsweek has an article "Hearing is Believing" (written by Jamie Reno and N'gai Croal) that explains the manipulation of sound waves to isolate a target to hear what others around them cannot. Please note that this technology was developed over a decade ago at MIT. The system that the government is using to broadcast at me is definitely not limited to a 100 yard broadcast field. In a like manner, the outrageousness of claiming that thought reading technology exists and is in use currently by the government will be exposed in the future. Time Magazine reported in it's October 12, 2002 article by Jeffrey Kluger "There are experimental -- and controversial -- sensors that analyze a suspect's brain waves and determine what he knows and what he doesn't." Further in the article under the paragraph heading "Tapping into a Suspects Brain Waves: Can your brain waves reveal whether you're telling the truth? ... Developed by Larry Farwell, 53, a Ph.D. in biological psychology, brain fingerprinting ... looks for electrical responses, common to all of us, that the brain emits when we see a familiar image."

These two technologies are currently introduced are weaker versions of the technologies that allow the broadcasting virtually word for word of my thoughts to me that the government has and is using. My guess is that the government is introducing these technologies in court cases so that legal precedents can be established to be used to support the introduction of thought reading in criminal investigations and trials. The technologies are probably not exactly like the powerful ones used on me, so that even if these current ventures into the legal system fail, the government can ignore the courts and try a different approach to the problems of legalizing thought reading. As it is, they are ignoring the *Kyllo* ruling in Oregon, when the judge ruled that new, even yet undisclosed more invasive technologies must at least be treated by the strict guidelines placed on less invasive technologies in regards to warrants, and the like. (This ruling was restrictive to the use of thermal imaging randomly of people's homes.)

The government has taken advantage of the fact that this technology is not known to the public or the press, so people like me claiming to be victims have been considered lunatics by those we contact for press coverage, legal help or law enforcement against this crime. If you take the time to read the Newsweek article I mentioned above and to follow the case being prepared to submit to the Iowa Supreme Court on brave wave reading, you will see that the political manipulations I describe below and my targeting by the F.B.I. is believable based on the current administration's now announced interest in these technologies.

I have written letters about this crime since 1995 on a consistent basis. I self imposed a moratorium on my letters when George W. Bush was elected, a year and a half ago. The only time since then that I have written was July 26, 2001; when Bush made a big show of having Attorney General John Ashcroft take charge of the private investigation into the actions of the F.B.I. This was in response to our Senate making mumblings about investigating the F.B.I. themselves. The reason that the government gave was because of the attack on American on Sept. 11th. The real reason is that this secret thought reading technology is known by many members of the government has been for years. The F.B.I., under the Clinton Administration, used 'domestic' terrorism as a reason of excuse for their abuse of power. The reason some people like me were chosen to be pure victims, unused in any crime prosecution, was in case the thought reading technology's use by the F.B.I. or Justice Department was exposed. They didn't want to bring into contention any convictions that were won by Feds during its use. They wanted a fail safe, "Yes, we committed an unreasonable crime" defence to hold off any great review of Federal Court Cases (a political sacrificial lamb).

President Clinton and Attorney General Janet Reno wanted this secret technology (thought reading) to be made acceptable legally in the United States, but knew that they first had to set up a propaganda machine to try to override the expected negative reaction from the public. Because they ultimately wanted to use it in law enforcement, they gave this technology for use in the United States to the F.B.I. Because they expected a backlash from the citizens, they kept this technology mostly secret. They started to manipulate the public about certain groups within the United States so that they could control the public in the future. Clinton courted Black Americans. This was because Black Americans are already a solidified group who have a legitimate voice in America. Any dissent from them could be major trouble for the Federal Government because they are already organized through their civil rights pursuits. Clinton and his regime wanted to make sure that the Blacks trusted Clinton as one of the only American Presidents who has taken the time to recognize Blacks and their spokespeople. They would be easier to control.

The Clinton Administration and Reno also wanted to neutralize any small group that could attract a bigger middle class following if the middle class decided to organize against the use of thought reading technology by law enforcement in America. That is when militia groups and splinter religious cults were satanized. Ruby Ridge and the Branch Davidians were deliberately targeted by the Justice Department and their downfall was deliberately made into a media event, rather than by handling the situation in any less dramatic way. The government wanted Mom and Pop middle class to see the destruction wrought by fighting authority. Plus, they added to the repulsiveness or picked the Branch Davidians to highlight admits allegations of child sexual abuse. Something that was sure to turn off the American public, and accentuate that anyone that goes against the status quo will die a violent death and is associated with predatorial sexual perversion. The movie "Terms of Engagement" suggests that verbal broadcasting of an abusive nature was used by the government during its siege of the compound. This is similar to the verbal abuse that I have endured since 1994 (previous to the Branch Davidians confrontation). Keep in mind that there was active thought reading being done by at least the same organization (F.B.I.) that controlled the raid. Couldn't thought read technology have informed the Federal Agents involved of where the children were, when it might be the best time to attack without threatening the lives of the young? Or even, what negotiation technique might have kept the violence from happening? But at that time, Janet Reno wanted a showcase. Not only the media and civilian propaganda of what happens to individuals who would join any organized group against the

government, but also of the complete power and control of the F.B.I. And that, no matter how broadcast the event was, people were puppets who would not speak up.

Plus, Oklahoma Federal Building bombing: there was a fairly large spread rumor via the Internet, that Timothy McVeigh stated that he had had a chip implanted so that the government could know what he was up to. Was anyone speaking out about being thought read to be put under the suspicion of being possibly violent? It could have been used after the fact as a dividing factor. Plus, the Oklahoma Federal Building was bombed long after I became victimized by thought reading ability. It was on 60 minutes that a woman informant told F.B.I. officers prior to the event that something big was happening at the extremist group that Timothy McVeigh was visiting. And nothing was done. While repeatedly going before the Senate to justify their non-disclosure of their technology and their use of it based on their testified knowledge of threats to America by domestic terrorists, the F.B.I. was furthering proof of these threats by politicizing their investigations to encourage the appearance that domestic terrorism was a real threat. Even to the point that a brother agency, Alcohol, Tobacco and Firearms issued a daring public statement that the F.B.I. deliberately delayed the findings from the in flight explosion of a TWA jetliner on the East Coast to advance the belief that domestic terrorism was a real threat; even though the F.B.I. had themselves concluded that the accident was caused by a gas explosion in the cargo bay.

At the same time, Janet Reno and the Clinton Administration had spread to privileged circles that this technology existed and was in use. Though the general American population still isn't aware of this technology, some in powerful positions who were in the know were disagreeing with the secret use of this technology, it's unconstitutionality, and the fear of personal reprisal politically if the secret use of this technology was exposed. Plus, there was a gut fear reaction to the extreme measures that Clinton and Reno were purposing be used to force Americans to live with their thoughts being read. Just as splinter groups (such as militias) where expected to get more members, there was expected to be a movement toward the underground for some Americans who wished to protest. A gray area, where last names where not known in order to protect third party information from being privy to the listening ears of the government. Janet Reno went on national television to propose DNA sampling at the time of arrest. This was to be stored in a huge, national DNA databank so that any individual that the government wanted to know the identify of could be ascertained upon detention. Most adults realize that it is not difficult to be charged with a minor offence, one that is customarily dismissed before trial. It is hardly ever challenged when the DA drops charges due to lack of evidence. But, if DNA samples where taken and stored upon search (i.e. arrest, regardless of innocence), they could be matched up anytime in the future to identify anyone the government had become interested in via thought reading and wanted to identify.

At the same time, it was being proposed by Reno and the Justice Department that professional military troops be used to guard our borders. Senator John McCain took the time and trouble to officially respond in writing to Ms. Reno to state his opposition to her proposal. It was posted on his official web site. He stated a fear of the confusion in roles is the military was used to target civilians. Reno was proposing this military law action as a dry run to show that, if necessary, martial law was workable against the American civilian population in order to force U.S. citizens to accept her radical proposal that thought reading was constitutional. When the Generals comprising the Joint Chiefs of Staff of our armed forces addressed the Senate (I saw it on C-Span) and pointedly stated that they could not win a war on two fronts they were not talking about the U.S. fighting two different countries, but fighting any other foreign entity and fighting the governments proposed civil war against it's population. It was an extraordinarily public gesture by men more accustomed to remaining distant from the politics of the day, but necessary to these elder warriors when faced with the private agenda of the last administration.

Opposition was growing and a lot of the communication done by Janet Reno was done publicly, via T.V. and written statements. Obviously, the number of people who knew about this technology had grown and the opposing sides were not in private communication with each other. The Clinton Administration and Attorney General Janet Reno thought that the best way to ensure that their plan would work was to make the technology so commonly in use that it would be impossible to point a finger at a select group of law enforcement for using thought reading technology. When the F.B.I. had supplied personal files on leading Republican Senators to the Clinton White House, it was telling opposing politicians, hey, not only are legally obtained intelligence information on you available to your political enemies, but imagine how damning having every deed you've ever committed that only you know about, made public. With thought reading technology, and the techniques that have been practiced on me, of leading a person to personal recollections of their past, it is impossible to keep anything private from the listeners. (Unless it is something that you've forgotten yourself).

Reno wanted to make this technology familiar to local and State police. In the name of helping with federal investigations into State Hate Crime prosecutions, Reno told the State Attorney Generals that at their request, F.B.I.

investigators were available to help with these crimes. Many agreed and felt flattered that an elite group of agents from the F.B.I. would assist them. In this way, the number of individuals who knew about thought reading technology grew.

President George W Bush continued the illegal, secret use of this technology. The general population still doesn't know how close we are to a government coup by our own law enforcement. There is a great threat imposed by these individuals who can intimidate the normal entities that safeguard our constitution by checks and balances in power between the Courts, the legislature and the executive branch of the government by secret information they can gather on individuals in these agencies.

Bush's first tactic was to stall. He delayed the announcement of his Attorney General for months, and longer for the Director of the F.B.I. (Mueller). While Congress was insisting on Committee hearings regarding the F.B.I., John Ashcroft assured the Senate that the Justice Department would handle its own review. Ashcroft named six entities that would conduct this review. The only outside of the Justice Department entity named was the firm of Author Anderson, since infamously associated with the Enron scandal. Remember the delay in Timothy McVeigh's execution (one of the first acts by Ashcroft in office)? The painstaking report gathering of thousands of government files on McVeigh was to guarantee that even if thought reading technology during the McVeigh crime and trial became public, there would not be much room for questioning that any information was gathered and used to help convict McVeigh that was not disclosed during his trial to his attorney. Thought reading technology, as used to date, is an illegal and unwarrantable search that could overturn a conviction.

After the September 11 attacks, the huge internal controversy between President Bush and Colin Powell regarding the status of the detained Al-Queda members at our base in Cuba regarded whether these individuals would be treated as Prisoners of War. The Geneva Convention inherently outlaws thought reading technology. If these people were given Prisoner of War status they could not be legally thought read for information because of international treaties. Hence, they are not given Prisoner of War status.

At home, after the attacks on the World Trade Towers on September 11, 2001, no one would justify the use of illegal secret technology to protect Americans from terrorist attack. It had happened anyway.

Despite all of Bush's speeches after the Sept. 11th attacks and his stating that the Iraq war is based on bringing freedom and democracy to Iraq, I have continued to be thought read, dream manipulated, tortured and verbally abused by F.B.I. agents who have basically done the same thing to me for almost a decade. They have spent more man-years on my abuse than they stated that they spent on the Oklahoma Federal Building bombing. I have been under thought read surveillance 7 days a week for over eight and one half years.

The American people have to know on what issues they should hold their elected representatives accountable. With secret thought reading technology, we are vulnerable to any whim of our current or future leadership. The people we entrust with power appear to be basically holding themselves hostage in a stand off. The F.B.I. agents are relying on pointing a finger at their leadership, who can point a finger at the Executive Branch, if prosecuted for their continuing crimes. Any order to these agents to stop their crimes holds with it an acknowledgement that crimes were taking place. Any elected or hired federal officer or politician is impeachable if they do not disclose illegal activity, especially activities paid for under their command. But those that know and who would make this public are afraid of being punished by secrecy laws.

Just as the equipment used to broadcast to me has become available to the public (Newsweek, Aug. 5th, 2002 "Hearing is Believing"), I think that the government wants to introduce thought reading technology and propose to use thought reading technology in what they will describe as a limitable, specific, warrantable search tool, probably starting with looking for child molesters, a hideous class they hope to use to sell the American people on allowing them to use Thought Reading Technology. Slowly, they will expand the necessary evil crimes and terrorist activities that should warrant thought reading tech. use and the circumventing of our civil liberties. Seven years ago they practiced a technique on me where they had people who looked like people I knew placed near me, or had people say things by me that triggered memories of my past. They will propose that under such directed stimuli, it can be reasonably assumed that the search of a person's thoughts at that time will yield specific information and is warrantable. Miranda rights are required because the Supreme Court reasoned that during arrest, the display of authority by police versus the vulnerability of the suspect creates an environment likely to compel a suspect to violate their own civil rights prior to counsel.

To create a state of mind in a person during an investigation is a display of force unjustified under the presumption

of innocence that involuntarily compels subservience to law enforcement authority without reasonable cause or due process. And thoughts, unlike hard evidence discovered in a normal search, are incapable of being scrutinized past their event, for example by defence counsel, judge or jury. Paths of thought reflect inscrutable subconscious stimuli and thoughts are not the same as intent or action. They are an involuntary reflex which we have no control over, unlike our actions.

"The sanctity of the privacy of one's own thoughts to use as counsel to oneself" - that's my saying. Or to quote a Supreme Court Justice "The right to be left alone".

**Re: Obama = Clinton's & Bush's Third Term of Hiding Thought Reading Technology and its abuse from the American people.**

Why does the President want to continue to hide illegal Thought Reading activities by the government under the ruse of 'State Secrets'? Why did Obama hire so many Clinton employees in his White House, including Eric Holder who was in the Clinton Admin in when I was first abused by this technology? Why is Obama's Admin so against holding government personnel responsible for crimes that they commit in office? Doesn't a man who ran for President partly on the recommendation of his resume as a Constitutional Scholar KNOW that Thought Reading technology is anti-Constitutional against unlawful search and seizures?

They have, and use on Americans, thought reading technology.

This is the 'operational capacity' of the CIA that is secret to Americans as reported in the NY Times 5/17/07 Editorial "Mr. Gonzales's Incredible Adventure" (special emphasis on bold sections below):

"it so alarmed Mr. Comey and F.B.I. Director Robert Mueller that they sped to the hospital, roused the barely conscious Mr. Ashcroft and got him ready to fend off the White House chief of staff, Andrew Card, and Mr. Bush's counsel, Alberto Gonzales. There are clues in Mr. Comey's testimony and in earlier testimony by Mr. Gonzales, Mr. Ashcroft's successor, that suggest that Mr. Bush initially ordered broader surveillance than he and his aides have acknowledged.

Mr. Comey said his staff had reviewed the program as it was then being run and believed it was illegal.

July 8th, 2009 news was released that CIA's Panetta said he had "recently" testified that "top CIA officials have concealed significant actions from all members of Congress" and "misled members" from 2001 until this week.

And it's been revealed by Homeland Security that 'Domestic Terrorism' is elevated as a high 'threat' to the U.S. That's another Clinton era ruse that was proposed by the then F.B.I. director Louis Freeh.

I write as a U.S. citizen who has been subjected to thought reading technology & other tortures since 1994. This technology I believe is on the brink of being exposed due to whistle blowers Atty. Mann (Newsweek 12/22/08) and Russell Tice (Countdown with Keith Olbermann 1/21/09) with reference to surveillance by NSA. I have been a victim for fifteen years. I have been remotely broadcast to, thought read, sleep deprived, had my heart palpitated and other techniques that I have heard fell under non-lethal microwave weapons programs. I believe that this technology supplies the intelligence that Attorney Mann reported to Michael Isikoff as being supplied to the D.O.J. under Attorney General-only approval and being back-doored through warrantless wiretaps; what Atty. Mann says some members of the D.O.J. have said is illegal.

I believe that this is the technology that Russell Tice referred to as the 'avenue' that was keeping some un-terrorist Americans under surveillance 24/7 (he mentioned one group: journalists). Both men are under threat of prosecution for revealing some facets of NSA's activities, and both are under State secrecy laws. I am not.

Can you imagine the time from when one is 37 to the time when one is 52 as one of having no privacy, of physical and verbal abuse and other threats? All that I have lost?

Eventually, like any other victim, I want to see my tormentors brought to trial. Please give this information to fellow Senators and President Obama; anyone you want to is fine with me. Feel free to contact me at any time.

Until recently, information on the method of their 'remote' verbal broadcasting (which can be heard by the victim,

but not by others in the same vicinity) has been kept secret.

The August 5th edition of Newsweek has an article "Hearing is Believing" (written by Jamie Reno and N'gai Croal) that explains the manipulation of sound waves to isolate a target to hear what others around them cannot. Please note that this technology was developed over a decade ago at MIT. The system that the government is using to broadcast at me is definitely not limited to a 100 yard broadcast field. In a like manner, the outrageousness of claiming that thought reading technology exists and is in use currently by the government will be exposed in the future. Time Magazine reported in it's October 12, 2002 article by Jeffrey Kluger "There are experimental -- and controversial -- sensors that analyze a suspect's brain waves and determine what he knows and what he doesn't."

These two technologies. Thought reading and remote broadcasting as currently introduced are weaker versions of the technologies that allow the broadcasting virtually word for word of my thoughts to me that the government has and is using. My guess is that the government is introducing these technologies in court cases so that legal precedents can be established to be used to support the introduction of thought reading in criminal investigations and trials. The technologies are probably not exactly like the powerful ones used on me, so that even if these current ventures into the legal system fail, the government can ignore the courts and try a different approach to the problems of legalizing thought reading. As it is, they are ignoring the *Kyllo* ruling in Oregon, when the judge ruled that new, even yet undisclosed more invasive technologies must at least be treated by the strict guidelines placed on less invasive technologies in regards to warrants, and the like.

George W. Bush made a big show of having Attorney General John Ashcroft take charge of the private investigation into the actions of the F.B.I. This was in response to our Senate making mumblings about investigating the F.B.I. themselves. The reason that the government gave was because of the attack on American on Sept. 11th. The real reason is that this secret thought reading technology is known by many members of the government has been for years. The F.B.I., under the Clinton Administration, used 'domestic' terrorism as a reason of excuse for their abuse of power. The reason some people like me were chosen to be pure victims, unused in any crime prosecution, was in case the thought reading technology's use by the F.B.I. or Justice Department was exposed. They didn't want to bring into contention any convictions that were won by Feds during it's use. They wanted a fail safe, "Yes, we committed an unreasonable crime" defense to hold off any great review of Federal Court Cases (a political sacrificial lamb).

President Clinton and Attorney General Janet Reno wanted this secret technology (thought reading) to be made acceptable legally in the United States, but knew that they first had to set up a propaganda machine to try to override the expected negative reaction from the public. Because they ultimately wanted to use it in law enforcement, they gave this technology for use in the United States to the F.B.I. Because they expected a backlash from the citizens, they kept this technology mostly secret.

The Clinton Administration and Reno also wanted to neutralize any small group that could attract a bigger middle class following if the middle class decided to organize against the use of thought reading technology by law enforcement in America. That is when militia groups and splinter religious cults were satanized. Ruby Ridge and the Branch Davidians were deliberately targeted by the Justice Department and their downfall was deliberately made into a media event, rather than by handling the situation in any less dramatic way. The government wanted Mom and Pop middle class to see the destruction wrought by fighting authority. Plus, they added to the repulsiveness or picked the Branch Davidians to highlight admits allegations of child sexual abuse. Something that was sure to turn off the American public, and accentuate that anyone that goes against the status quo will die a violent death and is associated with predatorial sexual perversion. The movie "Terms of Engagement" suggests that verbal broadcasting of an abusive nature was used by the government during it's siege of the compound. This is similar to the verbal abuse that I have endured since 1994 (previous to the Branch Davidians confrontation). Keep in mind that there was active thought reading being done by at least the same organization (F.B.I.) that controlled the raid. Couldn't thought read technology have informed the Federal Agents involved of where the children were, when it might be the best time to attack without threatening the lives of the young? Or even, what negotiation technique might have kept the violence from happening? But at that time, Janet Reno wanted a showcase. Not only the media and civilian propaganda of what happens to individuals who would join any organized group against the government, but also of the complete power and control of the F.B.I. And that, no matter how broadcast the event was, people were puppets who would not speak up.

Plus, Oklahoma Federal Building bombing: there was a fairly large spread rumor via the Internet that Timothy McVeigh stated that he had had a chip implanted so that the government could know what he was up to. Was anyone speaking out about being thought read to be put under the suspicion of being possibly violent? It could have

been used after the fact as a dividing factor. Plus, the Oklahoma Federal Building was bombed long after I became victimized by thought reading ability. It was on 60 minutes that a woman informant told F.B.I. officers prior to the event that something big was happening at the extremist group that Timothy McVeigh was visiting. And nothing was done. While repeatedly going before the Senate to justify their non-disclosure of their technology and their use of it based on their testified knowledge of threats to America by domestic terrorists, the F.B.I. was furthering proof of these threats by politicizing their investigations to encourage the appearance that domestic terrorism was a real threat. Even to the point that a brother agency, Alcohol, Tobacco and Firearms issued a daring public statement that the F.B.I. deliberately delayed the findings from the in flight explosion of a TWA jetliner on the East Coast to advance the belief that domestic terrorism was a real threat; even though the F.B.I. had themselves concluded that the accident was caused by a gas explosion in the cargo bay.

At the same time, Janet Reno and the Clinton Administration had spread to privileged circles that this technology existed and was in use. Though the general American population still isn't aware of this technology, some in powerful positions who were in the know were disagreeing with the secret use of this technology, it's unconstitutionality, and the fear of personal reprisal politically if the secret use of this technology was exposed. Plus, there was a gut fear reaction to the extreme measures that Clinton and Reno were purposing be used to force Americans to live with their thoughts being read. Just as splinter groups (such as militias) where expected to get more members, there was expected to be a movement toward the underground for some Americans who wished to protest. A gray area, where last names where not known in order to protect third party information from being privy to the listening ears of the government. Janet Reno went on national television to propose DNA sampling at the time of arrest. This was to be stored in a huge, national DNA databank so that any individual that the government wanted to know the identify of could be ascertained upon detention. Most adults realize that it is not difficult to be charged with a minor offense, one that is customarily dismissed before trial. It is hardly ever challenged when the DA drops charges due to lack of evidence. But, if DNA samples where taken and stored upon search (i.e. arrest, regardless of innocence), they could be matched up anytime in the future to identify anyone the government had become interested in via thought reading and wanted to identify.

At the same time, it was being proposed by Reno and the Justice Department that professional military troops be used to guard our borders. Senator John McCain took the time and trouble to officially respond in writing to Ms. Reno to state his opposition to her proposal. It was posted on his official web site. He stated a fear of the confusion in roles is the military was used to target civilians. Reno was proposing this military law action as a dry run to show that, if necessary, martial law was workable against the American civilian population in order to force U.S. citizens to accept her radical proposal that thought reading was constitutional. When the Generals comprising the Joint Chiefs of Staff of our armed forces addressed the Senate (I saw it on C-Span) and pointedly stated that they could not win a war on two fronts they were not talking about the U.S. fighting two different countries, but fighting any other foreign entity and fighting the governments proposed civil war against it's population. It was an extraordinarily public gesture by men more accustomed to remaining distant from the politics of the day, but necessary to these elder warriors when faced with the private agenda of the last administration.

Opposition was growing and a lot of the communication done by Janet Reno was done publicly, via T.V. and written statements. Obviously, the number of people who knew about this technology had grown and the opposing sides were not in private communication with each other. The Clinton Administration and Attorney General Janet Reno thought that the best way to ensure that their plan would work was to make the technology so commonly in use that it would be impossible to point a finger at a select group of law enforcement for using thought reading technology. When the F.B.I. had supplied personal files on leading Republican Senators to the Clinton White House, it was telling opposing politicians, hey, not only are legally obtained intelligence information on you available to your political enemies, but imagine how damning having every deed you've ever committed that only you know about, made public. With thought reading technology, and the techniques that have been practiced on me, of leading a person to personal recollections of their past, it is impossible to keep anything private from the listeners. (Unless it is something that you've forgotten yourself).

Reno wanted to make this technology familiar to local and State police. In the name of helping with federal investigations into State Hate Crime prosecutions, Reno told the State Attorney Generals that at their request, F.B.I. investigators were available to help with these crimes. Many agreed and felt flattered that an elite group of agents from the F.B.I. would assist them. In this way, the number of individuals who knew about thought reading technology grew.

After the failure of Clinton to win re-election, the job fell to President George W. Bush, who has continued the use of these technologies on American citizens like myself. One questions why torture was required to interrogate

suspected terrorists when the government has had thought reading for the decade prior. There is a great threat imposed by these individuals who intimidate the normal entities that safeguard our constitution by checks and balances in power between the Courts, the legislature and the executive branch of the government.

Bush's first tactic was to stall. He delayed the announcement of his Attorney General for months, and longer for the Director of the F.B.I. (Mueller). While Congress was insisting on Committee hearings regarding the F.B.I., John Ashcroft assured the Senate that the Justice Department would handle its own review. Ashcroft named six entities that would conduct this review. The only outside of the Justice Department entity named was the firm of Author Anderson, since infamously associated with the Enron scandal. Remember the delay in Timothy McVeigh's execution (one of the first acts by Ashcroft in office)? The painstaking report gathering of thousands of government files on McVeigh was to guarantee that even if thought reading technology during the McVeigh crime and trial became public, there would not be much room for questioning that any information was gathered and used to help convict McVeigh that was not disclosed during his trial to his attorney. Thought reading technology, as used to date, is an illegal and unwarrantable search that could overturn a conviction.

After the September 11 attacks, the huge internal controversy between President Bush and Colin Powell regarding the status of the detained Al-Queda members at our base in Cuba regarded whether these individuals would be treated as Prisoners of War. The Geneva Convention inherently outlaws thought reading technology. If these people were given Prisoner of War status that could not be thought read for information. Powell wanted to be able to assure the international community at some future date, that thought reading technology was not used. He wants to guarantee that it won't be used against American soldiers in future conflicts. Hence, though not given Prisoner of War status, it was decided and announced that they would be treated equal to the privileges of the Geneva Convention.

At home, after the attacks on the World Trade Towers on September 11, 2001, no one would justify the use of illegal secret technology to protect Americans from terrorist attack. It had happened anyway. The Senate was chafing at the bit to again open an investigation concerning the F.B.I. Bush held a top secret meeting with the Senate. It was so secure, that Senators could not remove paperwork or notes from the meeting. The next day, Bush announced the plan to fund and man the Homeland Security Task Force. The administration feels that when it is exposed that the F.B.I. has used this technology, and in the criminal way that they have used it, our foreign enemies will see any serious investigation into the F.B.I. as an opportunity to attack because to them we will appear weaker.

Despite all of Bush's speeches after the Sept. 11th attacks, evoking the American spirit and our commitment to freedom, I have continued to be thought read, dream manipulated, tortured and verbally abused by F.B.I. agents who have basically done the same thing to me for almost a decade. They have spent more man-years on my abuse than they stated that they spent on the Oklahoma Federal Building bombing. I have been under thought read surveillance 7 days a week for over eight and one half years.

The American people have to know on what issues they should hold their elected representatives accountable. With secret thought reading technology, we are vulnerable to any whim of our current or future leadership. The people we entrust with power appear to be basically holding themselves hostage in a stand off. The F.B.I. agents are relying on pointing a finger at their leadership, who can point a finger at the Executive Branch, if prosecuted for their continuing crimes. Any order to these agents to stop their crimes holds with it an acknowledgement that crimes were taking place. Any elected or hired federal officer or politician, including the President, is impeachable if they do not disclose illegal activity, especially activities paid for under their command.

Just as the equipment used to broadcast to me has become available to the public (Newsweek, Aug. 5th, 2002 "Hearing is Believing"), the government will soon introduce thought reading technology and propose that using thought reading technology is a limitable, specific, warrantable search tool. Seven years ago they practiced a technique on me where they had people who looked like people I knew placed near me, or had people say things by me that triggered memories of my past. They will propose that under such directed stimuli, it can be reasonably assumed that the search of a person's thoughts at that time will yield specific information and is warrantable. Miranda rights are required because the Supreme Court reasoned that during arrest, the display of authority by police versus the vulnerability of the suspect creates an environment likely to compel a suspect to violate their own civil rights prior to counsel.

To create a state of mind in a person during an investigation is a display of force unjustified under the presumption of innocence that involuntarily compels subservience to law enforcement authority without reasonable cause or due process. And thoughts, unlike hard evidence discovered in a normal search, are incapable of being scrutinized

past their event, for example by defense counsel, judge or jury. Paths of thought reflect inscrutable subconscious stimuli and thoughts are not the same as intent or action. They are an involuntary reflex which we have no control over, unlike our actions.

"The sanctity of the privacy of one's own thoughts to use as counsel to oneself" - that's my saying. Or to quote a Supreme Court Justice "The right to be left alone".

Sincerely,  
Kathleen T. Heckman

Re: Obama = Clinton 's Third Term of Hiding Thought Reading Technology and its abuse from the American people.

Why does the President want to continue to hide illegal Thought Reading activities by the government under the ruse of 'State Secrets? Why did Obama hire so many Clinton employees in his White House, including Eric Holder who was in the Clinton Admin in when I was first abused by this technology? Why is Obama's Admin so against holding government personnel responsible for crimes that they commit in office? Doesn't a man who ran for President partly on the recommendation of his resume as a Constitutional Scholar KNOW that Thought Reading technology is anti-Constitutional against unlawful search and seizures?

And just now it's been revealed by Homeland Security that 'Domestic Terrorism' is elevated as a high 'threat' to the U.S. That's another Clinton era ruse that was proposed by the then F.B.I. director Louis Freeh.

I write as a U.S. citizen who has been subjected to thought reading technology & other tortures since 1994. This technology I believe is on the brink of being exposed due to whistle blowers Atty. Mann (Newsweek 12/22/08) and Russell Tice (Countdown with Keith Olbermann 1/21/09) with reference to surveillance by NSA. I have been a victim for fifteen years. I have been remotely broadcast to, thought read, sleep deprived, had my heart palpitated and other techniques that I have heard fell under non-lethal microwave weapons programs. I believe that this technology supplies the intelligence that Attorney Mann reported to Michael Isikoff as being supplied to the D.O.J. under Attorney General-only approval and being back-doored through warrantless wiretaps; what Atty. Mann says some members of the D.O.J. have said is illegal.

I believe that this is the technology that Russell Tice referred to as the 'avenue' that was keeping some un-terrorist Americans under surveillance 24/7 (he mentioned one group: journalists). Both men are under threat of prosecution for revealing some facets of NSA's activities, and both are under State secrecy laws. I am not.

Can you imagine the time from when one is 37 to the time when one is 52 as one of having no privacy, of physical

and verbal abuse and other threats? All that I have lost?

Eventually, like any other victim, I want to see my tormentors brought to trail. Please give this information to fellow Senators and President Obama; anyone you want to is fine with me. Feel free to contact me at any time.

To create a state of mind in a person during an investigation is a display of force unjustified under the presumption of innocence that involuntarily compels subservience to law enforcement authority without reasonable cause or due process. And thoughts, unlike hard evidence discovered in a normal search, are incapable of being scrutinized past their event, for example by defense counsel, judge or jury. Paths of thought reflect inscrutable subconscious stimuli and thoughts are not the same as intent or action. They are an involuntary reflex which we have no control over, unlike our actions.

"The sanctity of the privacy of one's own thoughts to use as counsel to oneself" - that's my saying. Or to quote a Supreme Court Justice "The right to be left alone".

Dear group, I have just been discharged from the hospital and was very close to cardiac arrest. I am a self titled

expert on these weapons and have testified to a human rights group in Washington DC with releasable information. Some information I have I can only share one to one with a group leader to help them in the endeavor to progress the group in knowledgeable info found if a few years and plenty of SIGINT and clandestine help was offered. I can say I feel I may not have a long lifespan. The many years of targeting my lungs with frequency scalar micro-wave sized and sub matter Q (quantum quasified) weapons has destroyed my lungs. My disease does not even register on minimal medical equipment offered to me by government services. My disease classifies as rare case of emphysema with no known genetic predisposition. I have done the research and know the fact is the weapons cause disease by impulsed targeting of all factors of biology and nuclear medicine (the brain).

It took the stochastic research and the use of CIA quantitative and qualitative reasoning analysis to understand the entire project and reach conclusions. The organization that cannot be called to order in this counterintelligence warfare BLACK OPS assignment is Global World Security a space and aeronautics agency with ECHELON as the base and all branches of the military under them. It is fact every country has tunnels of massive equipment within and all the networks reach ground, sea, space, and our air spaces which include your brain and my brain and any radio Q transmission all of which are controlled through SIGINT. It is very dangerous to push that envelope, but the past years has seen a vast release of INFO I have had for quite a few years pre your contact.

I beg you to approach this a desire to halt the constant attacks on whomever you see is fit to receive relief and see if this will work with intelligence (INT) networks who are tracking al of us and myself as I write. They have helped some and those who stand to stop the security effort are dead not too soon afterwards. Some are in a 'zone' where they rant and meet a soon demise. I have been spared. There is a way, please never give up. If you desire to call me I can only be found on a cell phone at [954-790-3104](tel:954-790-3104). I can give you vast quantities of verifiable information that crosses a broad spectrum of military and private history. This includes the governments who all are asked to deny the ACTIVE DENIAL OPS of the world's military leaders with Q spectrum dangerous weapons and programs of mind control of all sizes in both mentioned categories. Q clearances and the UMBRA GAMMA projects of Space Defense are involved and is part of reason for project. The other part is human beings primal 'ORIGINS' history. Please do not push NFO on these military restricted projects, a weapon will answer you in very short order. I am not telling you, I am merely advising you correctly with due fear. I have written the vast departments of Navy and Defense and The Pentagon USA. The answer was accompanied with a weapon stream that lasted over 5 years. Surgery, and all the mentioned hits from your e-mail arrived on my body leaving only destroyed metabolic and biological functions that are translated code of medicine. It is also a fact the destruction was mental and I complained to the Weustoff Hospital near cape Canaveral Florida and the facts are on paper. It is fact more TI are allowed to tell who is targeting them.

I wrote an unpublished book which was allowed through clandestine forces to arrive in DC detailing some of the weapons capacities. All of this NFO is now public. I held it for their desired released and do have more. I risk my life and your project to release obvious NFO. Names of the organized are all known. All are SIGINTLY controlled. One day the 'collections' of brain neural signals answers our present and well known human exponentially arriving extinction. The agencies have more adaptable created 'BIOGEN'. This is the extreme of the information and all of this whether in writing, thought, or research arrives to you with military induced metempsychosis metaphysical quantum miasma metempsychosis stating you are insane for cognitive arrival of sourced intelligence.

I explained how to slow thought to correct your wavelength targeting during this thought so you can proceed to the next step.

While I am still alive I hope to help you control some of the 'SLOW KILL' by thought telekinesis to INT networks interfaces of quantum petaflops or above since my know of these interfaces is old and the progression of Gauss energy plasmanonics, plasma extrastellar space physics is likely to have exceeded the powers of a few years back. As I have stated I am a very quiet individual with information that is very complicated to most, but not usually to targeted human rights agencies with right knowledge.

I have done very little public speaking and death is the punishment for the high crime of 'spilling' covert information. My information was given to me and the game is to give it to see what the individual does with it, it is a deadly no win game of intelligence counter OPS off these agencies who run security. The volatile nature of humans allowed centuries of weapons development to teach the capacity of security through invisible secure channels.

I wish to remain alive some, am 50 years old around the near end of allowed lifespan for most of us in the USA, Greece is allotted a longer lifespan. this is a mere jot of releasable NFO I have researched and analyzed. I did not take the word of SIGINT V2K, or voice to skull/ voice of GOD weapons. Contact me if I can be helped, or perhaps the agency desire me to be of use. I will know.

City: Cleveland, State: Ohio, Age:24, Sex: Male, Occupation: None

Years targeted: 3

Reason: I was trying to join the Freemasons and do what secret societies call the "journey of Self-mastery". I went to a local psychic mediums shop and they totally set me up. The leader or Pastor was a Psychic medium who carried out techings of astrology, psychic abilities and perhaps a syncretism of masonic teachings.

Well I learned that the Freemasons is not a boy-scout club like it seems on the surface. There are dangerous people in it also.

The pastor name was Pastor Phillip Jones Sr. a Prince Hall Mason then a 32nd degree Mason and his accomplice Luis who were both Scottish Rite masons and they were telling me that there is no such thing as the new world order conspiracy.

But the Pastor Phillip Jones Sr. told me that they use to kill people for divulging the secrets of Masonry but I thought i had nothing to worry about because I learned most of the teachings from their own books.

Anyways the Pastor insisted that I was a victim of occult ritual abuse and told me that what psychotronic weapons were not the symptoms of mental illness but instead were the symptoms of being targeted with Neurological weapons and Human Computer Interfacing technology.

Luis told me a piece of the script that masons later began using in their tortures to program me to be an Anti-Christian assassination model with ASSASSINATION personalities.

Case in point I was kicked out the shop and the relationship with that Mason ( Pastor Phillip Jones Sr.) was sabotaged by perps remotely I have learned that any psychic in the United States can solve this case for any victim because the programmers/perps actually psychic abilities in my harassment case.

Im not here to convince anyone of the paranormal but I do know that these entities can examine a persons past without their freewill.

I am a victim of the old Voice to Skull terminology, Microwave attacks to skull and brain, Directed Energy Weapons are used to intimidate me and coerce me into long-term disability.

They have sabotaged my past, my education and also have let me to believe that they are responsible for my Mother passing away of Cancer.

They have made me suffer from Multiple Personality Disorder and have ruined my ability to defend myself against the involuntary commitment that is legal here in the State of Ohio.

I can kind of prove Pastor Phillip Jones Sr. is part of the cat and mouse game that is being played.

Feb. 10, 2014

Letter to John Finch and The McMailteam documenting my V2K experiences.

Dear John,

I have been a Targeted Individual since 2005. My family and I started having valuable items missing from our homes and places of business, in Holbrook, AZ. In each case, I was always accused and then proven innocent as being a victim, as well. At first, their voices were whispers and faint noises, leading me to believe the sounds were coming through the ventilation systems, windows, or somewhere outside. It was always obvious that they wanted me to be stressed, paranoid and appear delusional, so I kept it to myself. I started taking pictures and videos with night vision to try to locate the source. This made them aggressive about their personal involvement and began the process of stalking and harassment. They became very confident and reckless, in fact. I was successful in my attempts to photograph them a few times, but the images were distant and not clear enough to recognize any of them at the time, actually occupying the rented house next door! It is important to note that all of this photographic evidence was later stolen by them, after I moved to Casa Grande, AZ. I also know they occupied a house close to my parents in Mesa, AZ.

It was obvious to me by this time that they were stealing everything from us that would allow me to continue my efforts in developing the family assets into something more valuable and profitable. They wanted us broke! This is how I determined their motives and started investigating them. At this point they started filing false claims to local police departments, getting the courts to file protective orders and threatening my family overtly, in order to try to make me leave them alone. Every court document, every police report and every appearance included false testimony and perjuries. They even made many threatening phone call to me, which I let go to voice mail. These messages were later erased, by them, before a court hearing! I have them all recorded.

These are all federal felonies and I have them documented! In other words, they have known that I know for many years now, yet continue to operate, with continued noise in my ears! All part of their efforts to cover it all up!

*I do, on the other hand, have several photographs of some of the items that were stolen from us, visual evidence of thievery and breaking and entering.*

This evidence, by itself, is too old to prosecute with. This is when they started practicing extortion with my elderly parents and family members!

This is also when I began to focus on the methodology being used on me. There are several ways to summarize this. The perps refer to it as "IN YOUR FACE". They actually believe this is an effective argument, designed to make me aggressive. Most cops would say "it sounds like the accuser is the perpetrator", a common method used by criminals to direct suspicion away from themselves. I have also documented every act they committed using the advance information they have to pinpoint the coincidences that are otherwise impossible to explain.

Eventually, I learned to read right through the empty threats I was hearing and developed the attitude of revealing to them that I can indeed see their weak motives and intent of each word used. I began to refer to them as my

“bugs” because, not unlike a cockroach, they live in fear of the truth from me and they operate under cover of darkness. As evil and cowardly as any people can get! Why would I fear that? It reminds me of “Tales from the dark side”. I scoff at them and they react accordingly! Very Freudian, with respect to guilt, in fact. These perps even refer to their act as “Masterpiece Theatre”. How funny...but is fraud really funny? Set up, then cover up, over and over again. By design! Ironic, that they now fear me. Let this sink in and defeat your own fear!

As to the rest of methodology they have used on me: They rely on my ability to find cracks in our own justice system that they then use against me. Covert attempts to discredit me. Having mutual friends lie about situations in order to try to get me to accuse the perps of illegal acts that are not true. Using extortion to get my family members to unknowingly trap me into admitting I am hearing voices and other attacks. All in an attempt to make me appear to be insane! I was even accused of stalking them!

After an effort to try to find a frequency to tune in to, I found a faint signal that was picking up a broadcast from the lower range of the AM radio in my vehicle. The closer I came to a cell tower in an otherwise isolated area, the more clear the signal became. So I recorded it and took to a professional sound studio to have the voices isolated. I then purchased a software program from Sony called Acid Music Studio which gave me the ability to record, analyze and create a closed loop recording that I could examine. Not long after this, I started hearing their laughable voice recording they thought would train me subliminally. The process they actually think makes me a toy human in “Pavlov’s Dog” training. Imagine, if you will, a gang with several computers, playing noises and different recorded voices at the same time, which are being manipulated by people on a network, each person wearing a headset to add more rhetoric in real time. Add to this other software available to download including voice-changing software like Audio4fun to duplicate the voices of people I recognize, saying things to hurt, insult, intimidate, anger and motivate me to accuse my own family of being involved in the harassment. This is also an attempt to alienate me and isolate me. I saw through this as soon as I determined who it was doing this, yet they continue to attempt this ploy. It is obvious now this is being used on other TI’s around the world.

I am now convinced that many TI’s have allowed their perps to convince them of things that sound very real, but are contrived as part of the plan.

I also believe that this is demonstrated by the many similar stories being posted on various websites, which merely add to the confusion surrounding the use of implants. If we focus on our attempts on finding the chipsets themselves, we will have that as ultimate proof! We all need to calm down and focus on the simple things that can be proven. The hyperbole is important to the success of these groups of evil people. I will take only one criminal prosecution to establish the profile to locate other similar gangs. I will undergo surgery soon, myself. The Doctor’s think they are tumors. They are not! Two MRI’s taken two years apart, reveal they are there, they have not turned cancerous, have not grown or changed in shape. This is unheard of! Now that you know I have the proof of mine, do you have MRI proof of yours? This is the evidence we all need to bring this to a logical conclusion...the hangman’s noose at the World Court!

However, the recent revelations concerning the NSA Prism metadata collection system has now revealed to the world that there is at least 10 years of phone, cell phone, internet and other satellite traffic that is in the permanent NSA database.

The Patriot Act gives local, county, state, federal and military law enforcement, not only the power, but a mandate to investigate and prosecute anyone and everyone involved in terrorist related activities, “without warrant”.

Besides wanting to be “on the record”, I also want to share my plan with you. I am now representing myself as a “friend and confidant of several victims” representing them simply because they trust me to do so, which is true. Now, I am free to contact and discuss this atrocity with any and all of them...without being subjected to questions regarding my own sanity. As a third party, I am duty bound to report the criminals and still protect the identity of the victims. “These poor victims lives are in danger...WHAT WOULD YOU DO?” “WHAT IF IT WAS YOUR FAMILY?”

Everywhere we look at this subject the one underlying fact is...

“THESE ARE CRIMES AGAINST HUMANITY”

So, I simply ask all governments, The President, The U.S. Congress, The NSA, The FBI, NCIS, DHS, The CIA,

The Pentagon, etc., all state and local police departments and ALL COURTS: WHAT MORE WARRANT DO YOU NEED?

This is a short version of my personal story, but this is exactly what I have already started to do and will continue "Endeavor to Persevere" Keep it simple.

My three children and I have been stalked, harassed, and repeatedly criminally victimized by both members of the small German immigrant community where we live and a hired professional stalking gang out of San Antonio for twelve years now, with no end in sight. Our stalking began when my husband suddenly left in June of 1999. My now ex-husband, a physician, and his father and brother, both attorneys, are also wealthy and powerful bankers and real estate developers with very high-level political connections; the LBJ ranch, Bush Museum of the Pacific War, and home of Karl Rove are all nearby.

We have documentation showing we are being targeted as part of a "Trammel" conspiracy to obtain our house and land (the main assets I received in my divorce) for a planned expansion of the local hospital that includes a lucrative outpatient surgery center. By comparing notes with Dr. John Hall, a well-known victim of the same professional gang targeting us, we've learned this gang is often hired by a group of powerful local doctors, all of whom are known associates of my ex-husband. The head of the stalking gang is a licensed private investigator who claims to be a former FBI agent and has close ties to the San Antonio FBI office. He has had numerous serious criminal complaints filed against him but has never been prosecuted or even disciplined. Because my ex-husband was born and raised here in this extremely clannish community where everyone is interrelated, in our case, the expensive professional stalking gang is being used only for specific tasks. The majority of our stalking, victimization, and harassment is being done by local residents, many of whom we once considered friends. Often we are stalked by two or even three generations of people, proving that young children are being recruited and

taught to stalk and harass by their elders. Our stalking and victimization is being done by, among others, physicians, public officials, law enforcement officers, members of the local press, city and county employees, employees of all the major mail and delivery services, local contractors and repairpersons, and more. I have received emailed death threats, threats of illegal invasions of our home, and copies of my private faxes to an attorney from law enforcement officers. My name was forged on a fraudulent trust document involving my property that was filed without being notarized and local officials have repeatedly refused to do anything about this.

I have been filing criminal and civil rights violations complaints with local, state, and federal law enforcement for years and have also repeatedly begged state and federal law enforcement for help and protection to no avail. I've asked thousands of attorneys and organizations for help unsuccessfully over the years. In desperation, I began blogging about our situation and posting documentation of what was done to us online. This attracted attention overseas, and with international help, we've been able to start locating some of the large amounts of illegal surveillance equipment being used to facilitate the stalking. We've discovered that this equipment is sealed inside our walls, cabinets, porches, and in other places where removing it would cause great damage to our house, so we are currently looking for a construction crew and a documentary film crew to help us remove it properly. (The stalkers are preventing me from working or moving, so I can't afford to hire these; my financial situation is dire.) This means my children and I are **still** being recorded around the clock, and these recordings are somehow being broadcast publicly, probably over the Internet. We are also believed to be victims of "Ethernet over main power supply", which I'm told is probably illegally installed on our city electric pole. We recently found out our email is being hacked and intercepted at the server, a serious federal offense.

This area has a long history of problems with millions of dollars worth of missing and misused equipment bought with federal Homeland Security grants, much of which is sophisticated federal surveillance equipment. Some of this is manufactured locally by companies that also make medical equipment. We have not been able to get any information from the U.S. Government as to whether any of this equipment might be installed in our house or vehicles or on our property.

There have been a number of highly suspicious local deaths of people owning property close to mine over the years. Now I'm being told that a high-profile homicide in the U.K. may also be related to the Trammel conspiracy through an odd series of events. This victim was stalked before being killed. (Experts say stalking is in fact unrequited murder.) I've also been told that a local city councilman who has stalked and harassed us is an international fugitive from justice because of his former position as an executive with Union Carbide, in connection with the Bhopal disaster.

Please add me to your list of Targeted Individuals. For over ten years I have been the victim of constant voice to skull communication. They are trying to make my thoughts as negative as possible. Also I am constantly gangstalked wherever I go. They follow me everywhere and practically everyone close to me participates or doesn't acknowledge what is going on. I began to realize what was happening to me in 1998 and soon after the "voices" started making my life a living hell. Looking back I can see I have been gangstalked for several decades. I am 38 now. I live in Ontario Canada. Please add me to the list,

Hi John, Great email with a great list of the crimes committed. I already knew most of what has been happening, I've been doing some of my own research. Please add me to your list of Targeted Individuals. I live in Ontario, Canada. For over ten years I have been subject to voice to skull communication. The perps have been messing with my thoughts, making them as negative as possible. That combined with gangstalking wherever I go, reinforcing the negative programming. Including family, neighbours, people in the community and I'm followed wherever I go. I tried leaving Ontario, but the voices and gangstalking got so bad I had to return. So please add me to your list of targeted individuals.

Thank you,

**18/9/09**

Almost everything that you have described as happening to you has happened to me, including using the catch word "Japanese". They try to make me racist against Japanese people. They must have a problem themselves with Asian people. The torture has been mostly confined to gangstalking, mind control with voices and heating of my head area. I have experienced no electrical genital torture, or anything like that. I also seem to affect the live people on the TV screen or radio, or even with photographs. I also seem to affect people with my thoughts with taped TV shows and movies, etc... Like they have the power to time travel my thoughts back to when they taped the segments or took the photographs. Very strange indeed. Consequently, I have become a hermit, not wanting to insult people with my thoughts, as they have been made to be extremely negative. A kind of uncontrolled tourettes syndrome. That is what they want of course, to use me for hatred and consequently make more people hate me. I think what pop culture has been turned into is a template for all the gaslightees like you and me to buy into. So we think that certain songs, comments in movies, news, etc... is about us specifically. Maybe some of them are. Almost every major cultural figure is involved. If they don't play along they don't get anywhere with their careers or they become targets themselves.

I have not been as vocal as you with emails to people in power, as I knew from the beginning that they were complicit and I wouldn't get anywhere. I just thought it was a waste of time. I did however protest by graffitiing the Canadian Charter of Rights all around the Parliament buildings in Ottawa and the Ontario legislature. For some reason, they let me do it and I didn't get arrested for that at that time. Later I spraypainted hundreds of red hearts across downtown Toronto to protest. They arrested me for that, but later dropped the charges. I haven't protested much since, as I have been merely trying to survive. I actually worked for 6-1/2 years full time through all this torture after the protests. Now I'm on a disability. I was being mobbed at work and one day just couldn't take it anymore and walked out. Lucky I had good benefits. And at least the psychiatrists signed off on the forms for my disability. Of course that played into their hands, as they were more able to discredit me as "crazy" by running me through the mental health system. I have been hospitalized numerous times for attempted suicide, and erratic behaviour since the voices started in 1999.

It's been over 10 years now I've been going through this. I don't have a criminal record but the voices constantly

accuse me of horrible crimes i didnt and would never commit. Looking back, before I realized what was going on, I think I've been gangstalked for decades. When I woke up to what was going on, then the voices started and overwhelmed me so I wouldnt fight back. There is much more to this story, but I dont have the strength to go into every detail now. But at least you and I now know were not alone.

Hopefully there will be a coming collapse of the economic system and the powers of the World will not be able to afford their wars anymore and their mass torture will collapse too. Maybe you and I should negotiate a time when we both watch a TV show at the same time and try to communicate with the people on air and see what happens.

We could compare notes.

Good luck and hold on,

Mark Holden

**5/9/09**

**Petition date starting in Ottawa and Toronto from Aug. 25, 2009**

**Dear Member of the Canadian Government:**

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller'(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government “doing nothing” in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

“Doctors Mengele”, who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

TO WHOM IT MAY CONCERN

I am part of a group of 1000 other Americans who have filed case CR 70 07 in international court. This court case deals with crimes committed by the special interest group, the Illuminati, against majority minority populations of human guinea pigs. In my case, the Illuminati seeks to deny their human guinea pigs populations equal protection of the law as respect to workplace, and other basic rights. The special interest groups also seek to deny equal political, economic, voting, and civil rights equality to the populations they have victimized. The group is supported by lawyer, John Wilson's, of the Wilson Law firm. In addition, other groups such as Fedame {Federal Organized against Mind Control and Electronic Surveillance}, the FFHS [Freedom from Electronic Surveillance and Harassment], and Mind Justice also support for victims.

The abuse of both myself and other victims in the groups my groups if very similar. Many of us identified similar experiences when completing surveys sponsored by FEDAME. These experiences include yet are not limited to sharing disfiguring marks on our faces and bodies, , similar experiences and time frames [90s] of electronic sexual harassment, similar workplace harassment experiences of sophisticated cointelpro and Illumatti harassment, and experiences of remote imaging technology in our brains and bodies. There also chips implanted in our skin which

allow full body and mind torture, and as well as other means of sophisticated torture.

These past several years, I have been a victim of several evils. These include a federal government cover up and FBI cointelpro related harassment through the mental health system. In addition, there has been harassment from groups who seek to silence progressive human rights liberals who demand government and special interest accountability to the public. >>

## Chronology of Harassment

1965- Present

Birth to High School Graduation

>>Since 1965, my year of birth, I have been a victim of gang stalking and predatory medical research exploitation, intimidation, and testing. As child, I was kept isolated and told I was different by my Illuminati caregivers because I was an identical twin and somehow disadvantaged. In 1974, my Illuminati caregivers branded me and left an ugly mark of my face which legend reveals to as the mark of the beast. I continued one as best as I could throughout high school and I was a very good student and a Christian yet mistreated because I had more of a conscience than those around me. I did attend a Catholic school the first six years and was more moral and more adamant about a peaceful, non violent world than those around me.

College {Extreme candidate experience}

I was allowed to finish high school 1984 and finished with high marks. However, at college 84-90, Williams College, Williamstown, MA, I felt as though I was being pushed through brainwash and my mind was being edited. In addition, my heart raced and my body felt as though it were going through some intensive breakdown. I think that after age 18 the perpetrators of this crime consider college optional and want to cause severe breakdown in the very strong young subjects. {I think this was because of workplace related harassment reasons and not really necessary or fair yet designed to make us uncompetitive to them} In college, much of the time, I felt as though my head and body were being affected by remote imaging to distract me and other means to disarm my body and make me stop trying or my goals. I also felt watched and felt some hostility by others who disapproved of my Christian goals and middle class ambitions. .

## COINTELPRO POLICE COVER UP WHEN VICTIM TIRED TO FILE COMPLAINT

>>After college, I tried to tell the police about remote stalking and remote imaging that I had experienced at college. . My complaint was minimized by high level University of MN and later Indiana University medical doctors who declared me bipolar in 89 and 91. I was in Mpls, MN from 89 -91. In retrospect, the doctors In Mpls, I believe knew that the assault on me was real yet they were working with the Illumatti mob and they decided to lie to save themselves from offering the victims, the human guinea pigs, and the political, legal, and economic equality they deserved. As well, I believe the doctors were involved in memory editing techniques and took me to the hospital to edit my memory and still are to prevent justice for my group. I believe, at this time, I may have filed a complaint about the University of MN on hotline. During this time, I suffered from feeling watched by the establishment always ready to Baker Act me and control me for suggesting that a special interest group was being unfair to me. Again, they doctors also prevented a police investigation which could have detected the remote stalking and imaging group and other doings of the Illuminati and other secret groups. In addition, the FBI was involved with enabling this cointelpro harassment. I do think the FBI reasoned that since this was a minority population that their rights did not count and that equal protection under the law did not mater. Many of the victims on the forums also report this type of police cover up and Illuminati enablement.

Marion, Indianapolis, IN [91-97]

In both Mpls, [89-91] and later at the VA base in Marion {91-96} I was severely tortured and harassed. , At the VA base in Muncie there was brainwashing and continual messages sent to my brain and nervous system. I was naive again tried to tell the police and was subjected to an experience similar One Flew Over the Cuckoo's nest with ECT ordered 3 times [once in Mpls and twice in IN].Again the Illuminati doctors decided to not play fair. My complaint was minimized by high level University of Indiana medical doctor, Nuremberg, who abused the mental health system by committing me and abusing me for complaints about our the Illuminati's behavior I am concerned that in this hospital my memory was edited. At some time, I believe I filed a complaint against Nuremberg and his hospital group, but my memory has been edited. At this time, I also suffer greatly from fear of being watched by the perpetrators and felt constant pressure on my head. The Illuminati doctors prevented a police investigation and so did the police {cointelpro harassment} which could have offered justice. Since 89, justice has been obstructed

and I have suffered greatly. Many victims on the forums also report this type of medical cover up and police cover up and even suppression of memories.

Florida [Orlando, Ft Myers, and Ft Lauderdale} [97-2001}

>> After 97, despite high potential and ability and much sacrifice for several years, I was denied a legal career because I filed a criminal complaint in 89 and 91. I was severely harassed into joining two legal programs and not allowed to do my best in either program. There was also OBSCENE SEXUAL BATTERY: In Orlando I was sexually battered with me harassment and some sort of mind control for over one year. Many in the FEDAME, FFHS, and other groups related to my cause also report this electronic violation in their surveys. In 2000, after I wrote a criminal complaint and drove to the Miami ACLU I was forced to move to Ft Myers and there I was harassed by federal workers at times with an implanted with a microchip which allows full body and mind control to break down the mind. Many who are victims also experience this sort of forced relocation, intimidation and muffling of their human rights claims by special interest. Later, when I worked as a social worker from 2001-2005, I was severely harassed with gang stalking and lack of promotions by other special interest workers since I was had filed a complaint with the ACLU and in 89.

### CONTINUED HARASSMENT

In addition, since I started writing notes to document the life of a torture victim in 2009, someone has broken my teeth, disfigured my face, and continues to remotely torture me with full body and full mind control via remote chip technologies.

>>

>> I would like for the torture to stop and to live as a human being should live.>>

Friends:

I was told and am being told by v2k that brain destruction experiments are primary reason for my continued captivity. that is, the primary sadist in my life in the Brain Research Agency.

I have been told that I live in a center and that you are a Catholic, Jews, and Christians on staff who are working on a human rights project.

If you really are a sincere human rights workers, how can you allow this prolonged criminal exploitation of a worker to go on.

I have been informed what I thought was brain wash and trained deterioration was actually me after brain destruction sadism to me. It is so frightening I am afraid. I am also losing the ability to speak. This is pathologically evil and absurd to damage and destroy a person as such. I am alone in the world, the nigger, and I want the world to know I have inalienable rights. This special interest group needs to be financially, legally, and morally accountable for the years of torture and abuse and the gross mistreatment of human beings. It is arrogant and abusive to commit treason against the Constitution and make a grown woman an imbecile.

If you are a human rights advocate, please file an injunction and sue the agency for this exploitation of me.

**19/5/09**

I was told by a doctor, alleged human rights advocates, and many staffers that I do not count as a woman or a human being. I was also told that I have no rights. The alleged human rights advocates psychologically abused me and called themselves child advocates. I screamed for them to stop several times, but they would not. I am a grown woman and my mind, emotions, heart, and body are violated and disfigured by the use of that term. It strips me of all power. You know, after I wrote several letters to the ACLU-- I a woman who was living in her own apartment and attending law school was dragged home to Ft. Myers and treated with excessive hostility including being to live with my family and being subjected to medical treatment, over medication, and physical disfigurement to humiliate me for being assertive and make me feel shame because I am a Christian. There was and there continues to be rigid economic control, theft of assets, and more. I have less in my IRA than they make in a month. It is

abusive. Bill, it is a nightmare. Also the perps keep me from finding fair compensation so I live in poverty.

I was even sexually molested last night by a perp who is alleged giving the research nigger tennis lessons. (That's me). (I was lonely and I wanted to talk to someone--I really wanted a friend and was worried I was too cold and I was a little intoxicated so I went along. Was I sexually molested or just under a hypnotic spell. I want men to respect me, but they don't and have not in the past so I am not encouraged to demand better; otherwise, I live lonely and am remotely abused in solitary confinement. The same goes for work. At work, which is not work but a science experiment I am subjected to outrageous abuse. I want to work and get a little out of it so I pretend it is work. They are never fair to me. They pay me pennies and they do not train to promote me. They are not fair. I left my last job because I was being beaten to death from afar. That was with the state. It is not fair they are allowed to go on with their lives and I am not. I am forced to live in poverty and never given a chance. I was just the exploited nigger. Bill--I have words to tell your lawyer about what they said to me. Dirty words they told to me. Several times and continued abuse. Bill, I want a life. However, Bill the abuse has to stop.

Bill, it is horrible I have been abused every which imaginable and more. Abuses has included but is not limited to psychological abuse, physical abuse (including brain damage), social abuse, sexual and racial harassment, social hostility.

On mother's day, I was told that I did not count by a "family" member, a doctor on staff. I was and continue to be harassed because I am not married and do not have children. You know, I am Joey and Jillian's mother. (They are very expensive Ragamuffin pedigree cats.) They are the independent fully grown yet still childlike children in my life. It is not fair that I am discriminated against in work, school, and society and not made whole financially because of their outrageous social hostility and desire to socially posture as genetically superior. Professional degrees, expensive homes, schools, and social clubs. Their in group subtly creates codes and means in which to posture as superior to the research niggers to posture for history. They never mention all the intentional harm they inflict on me and all the ways they have and continue to limit and train me for the purposes of their posturing and clever victim smearing.

Please consider these issues when filing court cases.

Thank you, Lynn Holm

## **A LETTER I SENT TO THE WORLD COURT**

Thank you for your support and courage. I also sent a letter to the world court for our group of plaintiffs. I am ashamed I have not done more for the group, yet I face the threat and reality of medical commitment if I speak out too much. I wonder since our cases are so similar if you are also kept in a blacksite in the West Indies as me. Have you v2k said anything about that to you.

## **WORLD COURT/ CRIMINAL Reference: OTP-CR-70/07/BLACKSITE TORTURE AND MORE/EVIDENCE INCLUDED**

FOR MORE INFORMATION, PLEASE CONTACT BILL BUCHOLZ OF PENNSYLVANIA, PETER HEMMINGWAY OF M15, AND THE SECRET UNDERGROUND GOVERNMENT OF THE STATES, BRITAIN, AND THE WEST INDIES. I AM A VICTIM OF PROLONGED TORTURE IN A REMOTE BLACKSITE.

DEAR WORLD COURT INVESTIGATOR AND PROSECUTOR:

Please demand access to the court system for victims such as myself who are not on the traditional continent yet are kept in blacksites and denied legal access to the court system. Any competent clerk at the court can learn of the details of my case as he so inquires. I live in virtual Florida (YET HAVE BEEN TOLD THAT I LIVE IN A BLACKSITE IN the West Indies). I am exploited by brain research and other science groups in that like to study away from America soil and free from America and international law. I am also the victim of genocide, torture, being a subhumanized individual used in research and the victim of many criminal assaults to grow power and equality to keep the "niggers" as I am called down and less competitive. Please take my cry for justice seriously

and help me gain legal access to the court system. What happened to me should happen to no one. I fear if action and justice is denied in the future yet more lynnies will be tortured by evil men and women who desire to unjustly enrich themselves.

DEAR SIR OR MADAME:TO THE WORLD COURT:

I am writing to alert you a matter that involves government scrutiny. Let it be known that a science research agency in Florida (West Indies) in conjunction with other offices across the world is conducting unethical science research in the United States of America and Europe. I was a victim of both the States and Europe's interest.

My case includes prolonged use as a research subject and longitudinal torture. (See letter) There has been an electromagnetic device, electromagnetic harassment, utilization in brain destruction experiments, electromagnetic technological implants, and psychological torture for the past 43 years. Complete information is available from Jon Wilson and the American government. I have demanded a full release of information through the FOI. They criminally deviant group is also using the FCC system to harass me. I have been told I live in a virtual reality world (Florida) and am actually kept in a blacksite in the West Indies where extreme brain research including amputation, and other types of human butchery is allowed protections from prosecution free from American and world legal system. Please demand access to the court system for victims such as myself who are not on the traditional continent. Any informed criminal clerk of the court can verify my story and learn of the crime occurring in this part of the world.

My victimization includes being included in government exploitation. I as many other victims have been subjected to technologies which include yet are not limited to technologies which exploit the army brain interface technology; there are v2k chips, and other technological implants. There are and is the testing of radiation levels of directed energy weapons, investigation into protocols of organ harvesting, satellite monitoring, Cointelpro harassment, social bullying, and other inhumane harassments and experiments. Many victims have experienced similar abuses at similar times in their lives, i.e. (several women and men of similar profile to me also experienced incidents such as me during roughly the same time frames/ sexual battery in 1990's, v2k in 2003 after moving near army bases, and army brain interface and Directed Energy Weapons in late 2000's.) There is a list of both American and world torture cases at the following website which can be downloaded <http://www.freedrive.com/folder/177784>. Please realize many of these victims can not fully communicate their victimization nor I. Yet we do know that you are aware this exploitation of citizens is common practice by less ethical branches of government. Please speak out for the victims of such prolonged and unnecessary torture and harassment.

## **TORTURE**

I am also the victim of prolonged and sophisticated torture because the "niggers" as we are called, human beings subhumanized and made unequal, and used as human cows for slaughter in a human butchery blacksite and kept down and from being competitive because of the racism and criminal desire to keep a human being in bondage. I live unprotected and with total domination of my mind, body, and social world. The responsible group lacks a conscience and has for my entire life used me a torture toy and exploitable object. They told me through v2k that they would kill me once they were finished exploiting, amputating, and torturing me. This is true. Please record and document this crime against humanity and this crime against a research human. (No woman should be the victim of a torturer and evil researchers. The group's moral conscience knows no shame and continues to butcher live.) Also the scientific paradigm knows no conscience and must be forced to demand alternative protocols. One would have to be naive to believe there were not alternative ways to study which are just as good and probably superior because they reduce human error and better control variables.

As it stands, I and most victims have similar stories of similar harassments at similar times; yet most need assistance from the government and legal system, in fully proving their cases and obtaining the freedom and rights they deserve which have been usurped by these powerful scientific interests and corrupt government authorities. Many victims do not know the names of their abusers, but do know countless years of exploitation, torture, and sadism, and years of intimidation because many demanded their legal and financial rights and accountability and transparency from government. Most have similar stories of similar abuses which existed at certain times. A few victims have proof of electromagnetic frequencies and implants. As is, the current social and medical system intimidates many doctors from coming forward. Many victims find that the once willing medical professionals who detect strange occurrences on X-rays and charts; mysteriously revise their opinion after a week or more. Typically a high power has influenced them. In addition, many experts testify that many of the implants are almost undetectable because of a priori plans for evading detection with these high level technologies. Moreover, victims who complain enough to attract government attention and medical scrutiny, often have their implants removed through routine medical visits, and every few years, as new technologies are studied, old implants are removed or deactivated.

I wish the World Court would intervene and assist me with the collection of evidence, demands for information, and of course, world justice for so many victims of prolonged and sophisticated torture, deprivation, and just plain human evil and criminal intention to keep the nigger impoverished, degraded, disabled, and powerless.

We are conscientious citizens as we are speaking out for human rights. In addition, Bill Bucholz, an army special forces agent, is also assisting and informing the group. Also our group affiliated is the nonprofit, Mind Justice. There are also many other groups affiliated with and created for victims of non consensual research. Also we are affiliated with as well is FEDAME. The European Federation of Mind Control Victims. Another of our ardent advocate is John Finch. He has asked me to send my story today. <http://www.freedrive.com/folder/177784>\* OR

Also affiliated is Bob Levin, a writer and FBI WHISTLEBLOWER IN THE UNITED STATES.

I am a victim of prolonged science experimentation and obstruction of justice for human research subjects. Over the past 20 years, I have been trying to file complaints and demand accountability for human guinea pigs. Since 1984, I have been trying to file a complaint. Since then I have been silenced, intimidated, and harassed. I have had four teeth broken, three scars inflicted on my face, my career ruined, two of my unborn children killed, my body disfigured, and my income stolen because I tried to report the criminal negligence of both unethical government scientific research interests and criminally negligent review boards. I tried to file report the crime in 1989, 1992, 1994, and 1998 and now. In 1998, after 9 years of fear of intimidation and harassment, I summoned up the courage to try to file yet another official complaint with the alum and other interested parties. As a result, I was tortured by a science research agency in Ft. Myers. Instead of being billed as a human rights hero; I was billed and am still billed as a terrorist to their unethical and criminal science projects.

I have been harassed for the last 40 years. My case history is available with Jon Wilson of the Wilson Institute. Suffice to say, I am a victim of prolonged and sophisticated torture and more.

Thank you,

Sarah Verb (Christian name Lynn Holm --please do not reveal --I face retaliation because I speak out for human rights and the Nuremberg Code) LYNN MARIE HOLM, M.A.)

**23/10/09**

#### **FACTS AND STORY WITH PROOF /ADD TO CR70-07**

Lynn Holm's adult life has been greatly affected by the em and other types of harassment and research.

Her first major harassment incident occurred during her senior year at Williams College in Williamstown, MA when she started to speak out against gang stalking and corrupt government. For this whistleblowing, she was admitted to the University of Minnesota Hospital where she was medically abused and given electroconvulsive (ECT) treatment and retained for a full month. After ECT her memory failed and she could not remember much of anything. A few years later attended the University of West Virginia and receiving medication, she completed the additional academic credit requirements the last semester at University of West Virginia, Morgantown, for which she was awarded the BA degree from Williams College.

She then resumed college at Ball State University in Muncie, Indiana, obtaining a Master's degree in Education with appropriate medication. During the first few years at Ball State, she was medically abused again and received ECT at the University Hospital in Indianapolis, IN. because she was a whistleblower. Also during her practice teaching in Marion, Indiana, she again broke down from the stress failing to finish practice teaching.

In 1997, she later attended Nova Law School and broke down against and withdrew from school during her first

year. She was upset, could not sleep, and was in a state both severe physical and emotional distress. During this time she felt as though electric shock were aimed at the lower part of her body. It may also be plausible that Ms. Holm was not sick and as a letter from Dr. Peter Moscow proves that the probable reason is that she was a victim of electromagnetic technology. There are others from Florida who as part of the citizen group feel they were also victims of electromagnetic technology. There is much documentation (Bob Levin formerly FBI) proving there is electromagnetic harassment and technological testing throughout the country. Ms. Levin is a former FBI agent and is beginning to investigate possible misconduct by the government. Mr. Levin is working for a citizen and human rights group and he contacted Ms. Holm to ask her some questions. During the time frame from 1997-1998 Ms. Holm suffered greatly and was unable and helpless to stop the suffering for 1 year. She was unable to tell the medical establishment because of insensitivity of the medical system who would not and still do not let her fully explain. When she tried to explain they cut her off or tried and also did not care sufficiently to listen. A letter from Dr. Peter Moscow and an investigation by (Bob Levin, former FBI) is also a possible reason for the sudden debilitating illness. Dr. Moscow has concluded the abuse has been sustained since 18 months.

Several years later when entering St Thomas law schools in Miami Lakes 2005, FL she failed at the end of the year because of bad grades. She could not study although she tried. Her mind hurt and she could not think. In addition, her body felt electrocuted and her mind felt dizzy frequently. She also frequently experienced headaches. She also began hearing the verichip technology (hearing echos radio broadcasts and phone transmissions around approximately 2004 while in Ft. Myers, FL, yet the voices followed her to St. Thomas. It is documented by Ron Angel of Ft. Myers that six million began hearing radio broadcast on the day after moving near military sites and science centers such as Ft. Myers military base (see Ron Angel). In addition, there are others in Ft. Myers who are also victims. It is believed that the government and military base is developing and testing new technologies such as the army brain military interface, the verichip and voice to skull technology. As a relevant fact is that the voices have identified themselves as military agents, CIA agents, NSA agents, M15 agents, and they informed her she is being used in government research and that they will deny it because the research is classified. They told her they have the money, power, and influence to deny her case, obstruct justice, and not allow her to reveal victimization without excessive harassment and abuse. They also told her they will not allow her to succeed because of necessity of keeping the victims powerless and rightless for research exploration. They also informed her that when she gets too old they will kill her. They told her there is nothing she can do and that she should be polite and suffer in silence. In addition, a former boyfriend, Peter Hemingway from the M15 and Greenbrier also admitted he knew of her use in research. He said he as well will deny that she used in research as well because of political influence from the English government. The reason she has a letter from Dr. Moscow is that he is from European intelligence as part of a humanitarian effort. Dr. Moscow is a philosopher from Trinity College posturing as doctor is part of a humanitarian team from the British and American government's allowing the victim's to reveal their truths in some slightly more fair way.

The reason Dr. Moscow admits that he did not identify and confirm there is a chip and only confirmed a prolonged pattern of electromagnetic weapons harassment and an electromagnetic technology device instead of an implant is because this is classified information and can not be publically admitted by both American and British governments. Ms. Holm faces radiation exposure because of the implant. In addition, because of the experimentation she is physically, mentally, and emotionally unable to work. She is denied a means of proving this through corruption in the medical system. One of her lungs scans showed severe damage yet on a second reading the problem was solved. In addition, she has trouble breathing, thinking, reading, and writing. It is now difficult for her to function. She functions with great effort and difficulty.

Ms. Holm was once a bright National Merit Letter of Commendation, Honors Student, who once received the most money given out to a graduating senior in 1984. Her adult life however despite ect and other treatments she has been limited because of the abuses, tortured, and exploitation of the research community. They do will not allow her to work, become a lawyer, or more because of their need for convenient and powerless research subjects. Time after time she has been denied promotion, social stability, and more because of her "illness" or victimization by the powers that be. Please help this handicapped woman.

Thank you,>>Lynn Holm

attachment previous attachment seen before documenting electromagnetic evidence since 18 months of age

Also as we speak Ms. Holm is facially disfigured because she spoke out for the Constitution, human rights, and Christian values (her smile is disfigured and the right side is disfigured) She has been subtly disfigured and tortured most of her life with physical disfigurement and a few extra and always reminded of annoying pounds

Please help save the world for basic human values in research and testing and for fairness toward research subjects  
God asks that you do the right thing for this woman and other human beings  
God help us all, if you fail to respond with human decency and belief in America and humanitarian values

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**28/11/11**

I am a mind control victim. I believe it started when I was 18 but picked up pace into gangstalking three years ago, then into sleep deprivation, brainwashing, and out-right torture 6 months. My "assailants" are actually able to speak to me in my mind and even control my body in the form of tightening muscles, increasing fatigue, causing sleep deprivation...et cetera.

I read on a site that your collecting names and stories of this for the UN. Is that correct? I am in Buffalo NY USA.

**12/12/11**

I am a TI and have been under assault for at least 3 to 4 years and probably longer. Seven months ago they began a severe torture regiment which includes directed energy weapons, induced sickness, sleep deprivations for months, mind control and et cetera.

I am interested in what the safe houses may be about?

If you could add me to the list of victims for later posterity? Justin Holmik from Buffalo, N.Y.

Hope this thing comes to light and ends soon.

**19/1/16**

Since I finally felt well again with energy for the first time in a very long time I finally was able to complete that summary of my torture for you. I attached it to this email. Unfortunately I had to cover almost 22 years of various kinds of torture and it went for six and a half pages. Feel free to try and truncate it, but I don't see how.

I am a targeted individual and have been attacked since 1994. It began with the sensation that I had parasites crawling on my scalp and burrowing into my flesh. It also began with severe and intense chest pains. I have never had a real heart attack but I assume that the chest pains I felt must be much like a heart attack. The pain would always be present when I woke up, would last several hours. The pain would go away for several hours and then begin again for at least 4 hours. The sensation. That parasites were crawling on me and the chest pains lasted for ten years. During this time and till the present day I often will experience hand and leg tremors. The tremors always come at the most inopportune times such as during job interviews or if I am pulled over by police for whatever reason. I also felt little happiness or feeling of joy or contentment which one can describe as chronic depression this also still happens till this very day. They block, via mind control, most of my emotions, certainly any good emotions and I mostly feel depressed all the time.

I seen many doctors regarding the tremors, chest pains and the false belief that I had some kind of hybrid immune parasite (some kind of lice or crab). Regarding the chest pains I went through many tests such as stress echo tests, bone fractures and upper and lower GI, et cetera. The three doctors I consulted with regarding the chest pains all could find nothing wrong with me and all gave up on me. I felt the pain and it was intense which baffled me

because the doctors could find nothing. Three doctors, including one dermatologist said they could find no evidence of parasites but they did prescribe topical medication which did nothing to alleviate the sensation of parasites. The dermatologist actually wrote me a letter suggesting that I seek psychiatric consultation since she believed that the parasite thing was a mental issue. I scoffed at the suggestion that it was all in my head but it turns out it was part of mind control torture. I also seen a doctor regarding the tremors I was and still do experience. They prescribed many medications all of which had no effect at all. At the time I just thought the medications had no efficacy but I would find out many years later that via mind control they are able to block the effects of all chemicals.

When I was 28 the parasite sensation and chest pains seized. I was introduced to hard drugs at this time through a woman I was dating. When I took opiates and ecstasy for the first time I felt relief and joy for the first time in a decade so as one can imagine I was hooked. I didn't realize it when it was happening but at first they allowed the drugs to do exactly as what they were meant to do and in appropriate duration. This was the hook with the worm. Gradually but surely the amount that of euphoria and the duration of the experience became smaller and shorter as time went on. This was a trap: because of this I began taking more and spending more on it. One could argue that it was natural and part of tolerance but I am not talking about many years I am talking about months. I would have to take 10 ecstasy pills just to get off for eight hours only after 3 months. This is not natural at all. Ecstasy has a half life of twelve hours. At this time I only took a few opiates, usually 2 to 4 5mg or 7.5mg hydrocodone pills. Since I was 17 I began to have issues falling asleep and staying asleep. I would often wake up once every hour two for a few minutes and it would usually take 45 minutes to fall asleep. Once I started taking ecstasy the sleep issues became chronic. I thought at the time the drugs were keeping me up all night which of course is logical. Looking back though I would be up for entire week without a single minute sleep. This caused great pain. I was a financial database programmer for a large local energy corporation. I would never use drugs while at work at this time but because of the sleep issues I quickly was unable to function at work.

After I was terminated I went to detox and drug rehabilitation and I lead a sober life for three years. During this time I completed my associates degree for Computer Information Systems and I completed a certification as a Network Engineer. I took ecstasy only three times after the three year sober time and on all three occasions the drug had zero effect. I thought at the time a bought bunk but I now know they blocked the effects of the drug. I was diagnosed schizo-effective at this time and was accepted for social security disability. Even though I was receiving disability I was anxious to return to work. So I did. I went to work as a network technician at a large local corporation. After about four months of working I began to take hydrocodone pills again. And again the euphoria and emotional gain I experienced from the drug would only last for an hour right off the bat even after being sober after three years. Naturally this made me take more and more of the pills and after a very short while, six months, I was taking fifteen to twenty 10mg hydrocodone pills. After six months the of being employed I received my social security disability retro check which was \$45,000 dollars. I of course began purchasing large quantities of opiates. Eventually I was consuming one 100mcg phentanyle patch along with thirty 10mg hydrocodone pills each and every day. They blocked the effects of the opiates completely at this point which is why I was taking so much. I thought at the time, incorrectly, that I was taking so much I wasn't feeling it. One night, for the first time, I used a needle; I scraped the jell out of a 100mcg phentanyle patch and injected it. That injection should of killed me via overdose. Their ability to block chemicals completely would cause me great distress in the future when I tried to commit suicide on many occasions.

It was at this point, in 2008, when the gang stalking began. It was a gradual progression. While I was in my apartment, which was in a mansion which contained eight apartments. The apartment above me was empty but I would hear loud foot steps from the empty apartment above me following me around the house. I would go to the kitchen and foot steps would follow me, I would go I to my bedroom and the foot steps would follow me and I would go to the bathroom and the foot steps would follow me. When I reported the phenomenon to my landlord he assured me that the apartment above me was empty and secure. I began to smell something was wrong. During this time I would hear my next door neighbors outside my door talking about what I was doing in my apartment and when I opened the door to catch them no one was there. During this time I was also enduring complete sleep deprivation a few nights every month. People at work would say things about me, specifically about my drug problems, behind my back loud enough so I can hear them. Because of my drug problem and because of this harassment at home and at work i decided to quit my job and move to a rooming house.

While I was living at the rooming house the gang stalking increased significantly. I would hear the person in the apartment above me providing commentary on what I was doing. They also started banging on the walls at all hours. One neighbor actually forced himself into my room and physically attacked me. I would try to trick them by going to sleep early and waking up early at like 3am in the morning. As soon as I woke up the harassment

began. I couldn't understand why or how someone would devote their entire night and day to harassing me. The neighbor next to me would also bang on the walls, usually at midnight or 2am when I was sleeping. When I tried to record the banging on the walls and vocal commentary on what I was doing using my ipod I was unable to record anything even though I could clearly hear the sounds. It was during this time that strange people would follow me around the city. I would see the same people at so many different locations that it was most definitely harassment. People, complete strangers would say things about me as I passed by them saying something like "drug addict." A couple of strangers spit on me. During one time I was down town and about fifteen people were around me. I scratched my nose and all fifteen people at the same time scratched their noses and all looked at me simultaneously. I was in awe and shock at this event.

My grandfather died and at the same time my poor grandmother whom I love very much broke her poor leg (my grandmother is the only person who sticks by me and provides help after all these years, even my mother has basically disowned me or I should say our relationship ship is estranged) anyway I moved to my grandmothers house to help her for about six months, moving out of the rooming house. I thought it would be the end of the harassment. The harassment followed me to my grandmother's house. I would see the same vehicle either parked outside or driving by. The vehicles did not belong to the neighbors. When they drove by, when I just happened to be looking out the window, they would often be speaking on a walkie talky. I also heard two men, unknown to me, again, providing negative commentary on what I was doing in the house. I couldn't understand this because it was a single house many feet away from the only neighbors house. I went up in the addict and on to the roof to see if people were up there and found no one. At this time I began to question my sanity. I couldn't understand how I could be gang stalked and insane at the same time.

After living at my grandmother's I moved into another rooming house. The first night I was there the voices of my neighbors (whom that day I had met and could distinguish their voices) began the commentary on what I was doing and it was accompanied with the sound of loud clock. Even though the gang stalking continued in a limited capacity the next six months were some of the better months in my adult life. The opiate pills were working again in a limited capacity and I would feel the effects of it for about two hours and was taking about 15 10mg pills a day. I gained a good friend and I started dating women again. After six months of relative stability I decided to go back to work for a very large cable company as a technical support representative strictly for clients whom were companies. Day three of working I had a date with a new girl that night and went home to sleep anticipating a good day at work the next day. I was deprived of sleep that night. I was taking only methadone at this time trying to quite the habit without going to a hospital. So nothing heavy which would keep me up all night. The next day I felt like death, the sleep deprivation effected much more deeply than should have been natural and again I took the methadone and it didn't work. I came to work five minutes late, everyone looked at me when I entered ( I was in training and the class size was about twenty five people) I sat down and tried to login into the computer but my hands were shaking so bad that I simply could not type. I asked to speak to the instructor and I told him I wasn't feeling well and that I needed to take the day off. The instructor insisted we speak with HR which we did and I gained permission to take the day off. I went home and strait to bed. This was my first experience of being really and blatantly tortured. As soon as I got in bed the chest pains began again, I was experiencing tremors all over the place, a headache began, and I heard the voices of two men and an ex-girlfriend. They were making fun of me: that they were responsible for the sleep deprivation and that my ex-girlfriend, as she said through the walls, was now sleeping with my friends and they also made fun of my penis size and many, many other items. This lasted for about ten hours. I decided that I couldn't take it any more and went to purchase hydrocodone pills. When I got back and after taking the pills the pain, tremors and voices were gone. Around 10pm I fell asleep.

When I returned to work the next day the whole classroom was gang harassing me. They called me the peanut gallery. Allot of them would say "can I take a nap now." Telling the instructor that I needed to sleep because I wasn't feeling well is one of things I said to him. They also said things like "I need to take pills now" and one day when I got paid "he just received his ticket to Charlie Wonka's chocolate factory". The sleep thing turned into a weapon for everyone to harass me with. At this time I also heard the company manager and the rooming house manager talking through a wall, yet again, about me. They went through my entire history including things that I did when I was a child such as shoplifting. One of the items of harassment was my drug habit and to my great surprise, for the first time of many to come, was accused of being a pedophile.

After two weeks of working at the new company and enduring endless harassment from real people strait to my face, not from voices behind walls. I took a week off to get sober. I obtained a letter from my doctor stating that I had to take week off for "medical issues." I got sober. Because the house manager was involved in talking to the company manager my entire sordid history and accusing me of being a pedophile which was obviously untrue I had confronted him. We had a big argument and he of coarse denied everything (in retrospect, knowing that I am

enduring mind control torture I know now that conversation never happened.) Because of the accusations and argument I was kicked out of the rooming house. I moved in with a good life long friend. He, as with most people up till this very day began to have serious issues with me. They tweak people's minds around me so they attack me over trivial, petty or untrue issues which is what happened with my good friend. I had to move out only four months after moving in. I moved in with my brother who just recently was terminated from his job and divorced from his wife after eighteen years.

Shortly after moving in with my brother I decided to take off from work again. To go into a drug rehab because I couldn't keep clean from the opiates. After I detoxed from the drugs and was admitted to the rehab I went through four days sleep deprivation. The doctors prescribed Ambien, which is a strong sleep controlled substance and it had no effect on me. Because of the sleep deprivation and the inability for the doctors to help me I left the program early. After I got out of the rehab, and even though it was illegal for them to do so I was terminated from my place of employment. Because I had returned to work for over twelve months I lost my disability benefits I had to go on unemployment and received only \$250 a week. Not. Enough to survive and support a drug habit. This is when the very serious torture began.

About two weeks after being terminated I purchased some amphetamines along with some opiates. That night I didn't sleep at all which was surprising because I took only one 20mg amphetamine. The voices from two men I didn't know coming from downstairs became very aggressive. They began accusing me a being a pedophile that night. They were joined by a female whom I was told was the district attorney. I was told that I was a pedophile and that I downloaded child pornography and then subsequently deleted the evidence. Even so, the so called district attorney said that I would confess to the crime and then through a plea agreement be sentenced to one year imprisonment. I never downloaded child pornography and I am most certainly not a pedophile. When I asked "who are you guys?" they responded: "the United States Government, yeah baby!" During that night I also began to hear my two young neighbors who were a couple (a young female and young male.) They began chanting for hours "Justin is a pedophile" over and over again. During this time my heart began palpitating extremely, I began feeling a migraine, the tremors began again, my eyes, while shut moved back and forth in my head against my will and a strange vibration, with precision began to attack specific areas of my body including my genitalia and anus. This vibration is what I came to find out is a directed energy weapon. This torture lasted for three nights and four days. After the second day I was out of drugs and had no money to buy more so to make matters worse I began to experience withdrawal symptoms. On the fourth day, in the morning which I remember very distinctly because it was sunny, raining and very orange, they said "Justin, you are ready to confess to your crimes. You need to go to the window and repeat what I say." I thought about it, thoughts flooded my head such as I couldn't win and that there was only one conclusion to this scenario and it ended in me doing exactly what they said and going to prison for something I am not and for something I never did (this what complete thought manipulation). It was at this time I looked up at the wall and at a painting I own of Vercingetorix surrendering to mighty Julius Caesar and I thought to myself "what would Caesar do in this event. The conclusion was that he wouldn't surrender and he would keep fighting. I did the only thing that a person could do after four days of being tortured: I went to the hospital. At the hospital I explained exactly what I was going through. They put me into the psych evaluation department. It was like a jail. Had only a small waiting room with rubber furniture and two very small rooms with a table and two chairs only in each. There was twenty people there. After that day of continued harassment from the staff, patients, and voices through the walls I finally fell asleep and the pain, heart issue, migraine and vibrations subsided. I was there for three days. I slept on and off on the floor. The doctor finally evaluated me and discharged me without being committed to the psych ward. At this point I did some research on the Internet and began to realize that I was experiencing mind control and attacks from directed energy weapons to my complete shock and awe.

After being discharged from the hospital for the first time this schedule of torture continued. It would last for four days and I would sleep for about five hours and the torture began again in the aforementioned capacity for a year and a half. I was vomited to the psych ward of three different hospitals a total of seven times during the year and a half. Eventually the induced excruciating migraine lasted six months ths along with all the other tortures. During this time the only thing they stopped was the vibrating dire Ted energy weapon. The pain and suffering I endured during this year and a half torture program cannot be expressed in words. One would have to experience it to understand the shear pain and suffering I went through.

I believe what ended it the first faze of the mind control torture program is that I was forced to say out loud, a script they provided verbally in my head (at this point the voices were internal and external) that "I am a pedophile and that I downloaded and masturbated to child pornography". After I falsely confessed they attacked me very intensely for two days after which I committed myself to a psych ward (I went to the psych wards because they

would often let me sleep, ease up on the pain and it would be quite in my head.) This time I slept for only one hour for four days, then two hours each night for four days and then three hours for four days...I would get an additional hour each four days. The migraine slowly turned into a headache. The doctors provided Tremidol for the head pain which had no effect. After about three and a half weeks I was discharged and I was sleeping about seven hours each night and the head pain was limited.

After I was discharged from the hospital and for the next year the torture was limited to complete sensory deprivation. I could not and still cannot use my imagination (I cannot picture images in my head,) I cannot smell anything (this also limits the taste of food,) and of course all chemical stimulants or drugs of any kind have no effect on me: even coffee and cigarettes have no effect on me. Anti-psychotics, anti-depressants, anti-anxiety and illicit drugs do not work on me. Alcohol does not work. This deprivation has been going on for four years now and continues till this very day. During this year the headaches were intermittent and very limited. During this year, minus one night I slept very well, for about twelve hours every night. After this year my brother sold his house and I had to move again. I moved into a room in a house.

While I was renting a room at this house the sleep deprivation began again. I would get about four to five hours every night. I would endure full sleep deprivation one day a week on Monday night like clockwork every week. My landlord went nuts on me: he would leave letters taped to my door saying "I'm sick of you, pack your bags and get out." This landlord issue didn't make sense because he was elderly and disabled and often required my help to get things done. Besides those moments of interaction we barely saw each other or spoke to each other and there was no reason for him to be "sick of me." Usually the day after he left a note kicking me out he would say he was sorry and that I could stay. It was during this year of living at this house I tried to commit suicide twice. Once I took eighty aspirin which should have destroyed my kidneys and liver which it did not. Besides vomiting there were no effects. The second time I tried the BBQ method which I basically lit charcoal in a grill in the confines of my room which should have killed me via carbon monoxide. Carbon monoxide has a half life of one hour. The day after the attempt I committed myself to the hospital once again and I still had a high carbon monoxide count and was fed oxygen. After I tried to commit suicide for the second time using the BBQ method my landlord finally had a real reason to kick me out which he did. He insisted that I pay him extra money for lighting charcoal in the room because he would have to fumigate it. At this point I was back on social security disability and I was left with not enough money to get another room or apartment so I was homeless and had to stay in a homeless shelter.

I was in the homeless shelter for three months. During this time I was prescribed among many things, benzodiazepines, and every time I took them I blacked out and the mind control operators took full control of me and did many strange things that I would never do such as strangle a senior citizen. When I became aware after a week of being controlled and blacked out I would vaguely remember certain details such as being almost arrested for trespassing and many other limited things. Because I was doing strange things and once I attacked someone at the homeless shelter they kicked me out every time. Three times I took the benzodiazepines while homeless and while at the shelter. Every time I did them I blacked out, was kicked out of the shelter and became aware a week later finding that I was committed to the psych ward. This was very, very scary. Imagine waking up, missing a week of your time and being told by other people what you did. During one of these blackouts I swallowed all at once 90mg of benzodiazepines and thirty 10mg Ambien pills in I guess yet another attempt to kill myself. What I cannot believe is that after doing so I walked into the hospital coherently and told the staff and doctors what I had done. What is so unbelievable is that the doctors didn't question how I was I still was alive. It doesn't take much research to come to the conclusion that not only should I have been dead but at the very least in a coma, why the doctors didn't seriously question how I was walking and talking is beyond me. They knew I took all those drugs because they did a test after I told them what I did which confirmed the drugs and quantities that I had taken of those two potent narcotics. If you ask me this is proof of mind control.

After three months of being homeless. I moved into another rooming house and live there till this present day as I write this document. The date is January 19<sup>th</sup> 2016. After I moved into the new rooming house I wrote a 200 page book of my experiences which I do plan on publishing eventually. After I wrote the book the torture became serious and intense again I believe as punishment. Sleep deprivation for three nights and then five hours sleep for one night, migraines, and severe illness which just completely debilitated me. They even intensified the attacks on Christmas eve and Christmas day right in front, and while I was with my family. Tax payers money and resources going to good use. These attacks went on for three and a half months and is only now easing up only a little bit each week or so. I no longer take any drugs since I only have bad effects from them and as mentioned my senses are totally deprived.

One would logically assume that what the government is doing to me is experimental in nature and that they are

developing weapons. If one thinks about it though experimentation does not make sense because what they have done to me has been done hundreds of times over and over again. They know what they are doing and the effects of it. Take the sleep deprivation for example: they sleep deprived me at least around a thousand times probably and they know what their doing and the long term effects of it. Also take the sensory and chemical deprivation, they know what their doing and the long term effects of it, they have been doing it to me for four years now. They are not experimenting nor developing weapons. They couldn't use biological weapons on our enemies anyhow because it's against international law. I speculate that, from what I ascertained through research this mind control program started in 1980, a few years after MKULTRA was shut down. There is no doubt in my mind that back then it did start as experimentation and weapon development but I now believe that it has become a bloated useless black operations government program and that the directed energy weapons and mind control has been perfected and to justify its existence and hence the jobs, the infrastructure, technology, control of people and most importantly the black over bloated budget they justify it by torturing innocent civilians in the name of experimentation to the powers that be, the President of the United States of America. It's filthy and disgusting.

I did not have the space to cover the full depth and detail of what has happened to me in this small summary. If you are interested, I plan on eventually publishing my book regarding my experiences. The book's title is "The Game of Minds", so if you're interested watch out for it in the next year. It will probably only be published electronically. If you are interested feel free to contact me via my contact info.

DEAR SIR/MADAM

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**NSA/CIA severe radiation crimes on myself and my son while using John who was in Navy Intelligence, Area 51, Vietnam, and worked with KGB gangsters in black ops, claimed each day of his 'men in black bully ability' and how his name is all over the CIA books, while NSA/CIA increase torture on myself and my son, under surveillance how great he is, while they have the state keep committing crimes destroying our lives and then John keeps going in split personalities which the KGB programmed him in.**

John is KGB programmed in split personalities, one for work, and ten for home, robbing anyone of trust, lying, only showing unconcern, despondency, to control, lying, and then claiming he doesn't remember anything, while committing crimes along with the NSA/CIA while they increase radiation and will not stop torturing.

By 2006, my son loses interest in any outside sports, because NSA/CIA has committed daily radiation crimes, he crying each day that his dad shows no emotions, will not do anything but then take him to barn sales. The Bush administration will not stop radiating me in the groin, up the legs, trying to keep terrorizing and committing crimes in any way to cause hysteria, as they have increased radiation to power-jet level from 2000 to present, when again, they fabricated lies downtown and still have my spouse torturing us. Because they have so many people involved in Bush cover ups of crime, only to fire them and arrest them later, they keep blocking any rights, including threats to blow me up and daily threats from 2000 to present. Like under Stalin and Yeltsin, and right now, they have blacklisted millions of Jewish people, not to mention anyone else. They intend to keep blacklisting me, including by blocking phone lines, through manipulating our move through torture, moving us to where my spouse begged would be temporary because of the circles they had him arguing in during home buying, and taking those homes I was interested in through cyber warfare? and making sure we did not see them, including canceling homes we had contracts on by intercepting and re-buying the property. This manipulation is going on nationwide as millions are losing their homes. As soon as we moved, NSA/CIA continued torturing my son and I where there are no kids to play with him. My spouse goes each week, from 'Just sell it then?' to 'You're not selling it?' to 'I'll leave?' and

keeps going in the other argumentative circles and crimes each week, while NSA picked up radiation crimes on us.

The NSA/CIA by severe terrorizing and harassing my son and I get my son crying, yelling, while his dad, still tells him "I don't care" regardless of what he is approached with. John continues lying, going in circles. The NSA fabricates and FBI phone call to have John fired. John discusses it. He then goes on to keep lying and committing trust issues with our son, causing him to cry each day. He never shows any real interest in what John does but mopes around outside, and each weekend after ignoring us and the plans we discussed, takes John to a sale. At each moment, NSA/CIA is radiating me on the highest possible radiation until they fabricate the lies down town. They then keep using radiation and neural monitoring, sending signals to increase the signals of feelings and anger on myself and my son from Johns abuse.

John was in Area 51 programming. The highest KGB/CIA programming. He has split personalities created by NSA/CIA to keep terrorizing myself and my son with radiation. He only discusses this in 2007, when NSA/CIA has terrorized my son and I increasingly with extreme weapons since his birth, and with the most outward terrorizing with agents, trauma, radiation weapons from 2000 to present. John goes in circles and torturous behavior, along with throwing up blood, dizzy spells which goes along with the radiation. They began using doctors of death in the U.S. and Israel at this time (1989). With each discussion, John agrees to what is right, but then goes on to torture. And with each lie, each torture, robbing us of trust, causing such lies that each day we're swamped with his lies and financial crimes, and every other crime of taking out loans, taking over payments, claiming he made them, claiming he did other things he did not do. Each time John commits a crime, he discusses it, while NSA/CIA surveils to commit more crimes on myself and my son to increase the torture we receive. Each time my husband does something I asked him not to do, CIA/NSA (like when they used Dee Arpino) fabricate the lies on myself. They are trying to have my son terrorized into violence having my husband torture him each day, lying, making sure we never go on any trips, while NSA/CIA harassed my son in public. John never takes his son anywhere. After they illegally reported me to the state for telling of the crimes again, they have Ms. Meyers ask, "Well, what do you do?" Knowing very well of NSA/CIA crimes because I just got done telling her. I asked him not to watch violent shows in 2000, and NSA/CIA set Dee Arpino up to fabricate lies on myself and to set up 'mental' lies as they did to those around us after terrorizing them to isolate myself and our son here. With each discussion with John, NSA/CIA terrorized me and my son in public, and increased radiation crimes daily and are still doing it. I asked him to stop taking out loans day in and day out for 17 years. I would not be putting up with this if it were not for severe radiation crimes by NSA/CIA. Before there crimes on me in Dover by the state, John stated, "They just want to hire you, they're not harassing for any other reason". 'ignore them' while he commits crimes on us and lies for so long, I have over 16 years of financial planning not accounted for as it would be by myself, destroyed my career by the CIA/NSA and Johns lies each week, trying to attend school one day and having to run out for a job each time he goes months taking out loans as he just did again. This is a crime. These are severe crimes. I have already made complaints to many people and before the state retaliated with Johns doctor in Dover, again. John tells his son each day, "I don't care." He piddles around, then goes back to his other personalities, from despondency, to then controlling, lying when we don't know he's lying (he went to see someone in 2003 about lying) again, the CIA/NSA intercepting, increasing radiation on myself and my son, and John states, "The guy told me you'd make a great spy?"

Not one day in 17 years, has John every shown anything but disconcert, despondency, to anger, and mocking, lying, each day committing crimes, while the NSA/CIA increase crimes on myself and then my son.

Each month, while I had no bills or debts, NSA/CIA seeks to torture with increasing radiation crimes on myself and increase Johns programmed torture of denying life and living. Each month as I plan to pay off his debts, John takes out loans increasingly, through mind controls by NSA/CIA up to finally NSA/CIA committing all out war on us with highest radiation ever, and costing us over \$95,000 (in just 4 years spent on nothing but radiation crimes on us) having John help destroy our equity in the home. John has no idea why he does these things. Each week from 1989 to present, John says, "I don't know why I'm doing these things." The reason why is in the very set up by Dee Arpino and RICO crimes under Bush in 2000 on, not John, but myself to fabricate the 'opposite' each day of what I am. And whatever John does they continue fabricating those lies on myself and increase radiation to power jet performance, shock to the brain with signals, trauma, electromagnetic injury (as my friend Ruth also came down with by 1999), and increase different types of weapons from 'testing' labs, and then hook me up to satellite through daily lies based on Johns torture. Each time John is confronted about his crimes, they increase lies and torture, harassment on myself and my son in public places from 2000 to present to try to isolate.

In 2001, they continued knocking me out into unconscious states, while John goes in circles, still not being cooperative when I wouldn't be with him if it were not for CIA/NSA torture. Before the Dee Arpino, Bob Lilley,

Terry Newman, Katz, Biden, Bush crimes with NSA, they watch each day as John argues in circles; one day agreeing to something, and only finding out later he has done other things.

Sue takes John every place from the day he is born. NSA/CIA increase radiation daily and send people out to every public place. They will not stop sending signals weapons to the groin and increase radiation and then pulse weapons by the time we get to Dover.

They begin radiating on our son in the morning, and never stop committing crimes on us. When, I, like other victims, get emotional, they send three times the amount in signals from those emotions from their torture so that they can increase the torture from daily lies from John, back and forth on my son and I each week, saying one thing and then saying the next, taking out loans for 17 years and lying about it, while NSA increases crimes on us.

NSA's goals were to destroy us financially, but after they set up more torture on me, because they decide that I am an ?intellectual? and anything else to keep committing crimes, that they are going to keep increasing crimes on myself and my son while having John increase crimes on us.

John, just recently discussed his crimes again, claiming he would speak to someone about how h just lied to us again, for months taking out 'drawn' loans, while they committed crimes on me down town for reporting the crimes of the Bush administration and NSA/CIA radiation increasing on us. He then said he set up a meeting with a governor and would get help for himself and us. He then turns around, after forcing me into not knowing that he lies about paying bills for 6 months and did not, forcing me into having to sign a refinance loan (now over 95,000 NSA/CIA and John has cost us). But, then turns around and says, "There's not a damn thing you're going to do about it."

## ENERGY AND NEUROLOGICAL WEAPONS

7/7/13

The degree of my torture has been almost equivalent to that of John Finch's.

My body has been mutilated for what reason I have no idea.

-I am being consistently poked in the head by some type of probe and needles.

-They play in my head as if it is a ball of putty. I can literally feel my head moving around. They captured me in my own home with this technique whereas they made it hard for me to even go to the grocery store.

-The so called NSA kept me in bed so much and under repair that it was difficult for me to even spend time with my own children.

-I have been shocked by their weapons on a daily basis. Especially when I try to go to sleep at night. It has gotten to the point where I can actually taste something similar to battery acid in my mouth. The vomiting of bile is quite frequent.

-They use a compression technique which feels something like someone squeezing my head even when I am driving. It is a tightening feeling.

-I have felt them in my body tearing it apart. They have removed my heart and whatever other organs.

-They have lasered my head while I was driving to the point that I cried and screamed for help but of course, it was late at night and no one else was around. What they have repaired my head with is beyond me but it gives them the ability to poke, probe, and swim around at their content.

-I have underwent the implants whereas any and everyone knows what I am thinking at all times. My lips do not have to move. Perfect strangers respond to what I am saying as if I were talking to them directly.

-I have been mobbed from one job to the next

-They set up a fake custody hearing that took my children away by sole custody to their father whose record and criminalism is beyond anything that I have done in my life.

-I have been degraded and defamed beyond any reasoning. Mostly lies to influence others.

-I am surrounded by an entire city of gangstalkers who will not leave me or my head alone.

-They also included me beside names such as Tyler Perry, Angelina Jolie (she killed herself over him, by the way), Dalai Lama, Angela Bassett, Floetry, and a number of other artists and actors in their street theater. Every woman in the city was supposedly fighting over his ring that miraculously, I had as the trillion dollar baby. The most bogus bull that I have ever seen in my life and these women have never left me alone. I am living in a town full of schizos.

-And yes, the dreadlocked families are abundant here too. It seems they are the major aggressors.

And it goes on and on and on...

One email would not do it justice.

## LETTER TO THE INTERNATIONAL COMMITTEE OF THE RED CROSS - ICRC

Monday, September 02, 2013

To Whom This May Concern,

I am also a target for those that use remote locations to torture and deceive citizens all over the world. I have been aggressively abused physically, mentally and socially by our government's ,seeming, war on terror that, in opinion, is a complete mockery to any and everything that the United States Constitution ever stood for. The torture to my person began last year but my stalking has lasted for at least five or more, Order in this madness will not exist unless we can obtain authoritative permissions for all tortures and degradation of 'ALL VICTIMS' to come to an end.

As to my personal experience with said tortures, I am a victim of the following:

1. Psychotronic/Electromagnetic weapons
2. Nanotechnology
3. Degradation in every aspect of my life including abuse of my character
4. My home government conspired to make me crazy and commit murder of my person by means of suicide using

- mob-type networks and 'street theater' for reasons that I can assume are inclusive of personal vendetta
5. Electrical shocking of my body within my personal and family residences where the perpetrators have created a hostage- like environment
  6. Gang-stalking/Work-mobbing/Stalking from State-to-State/Continuous Surveillance
  7. A mock-custody trial whereas my children were similarly kidnapped by my ex-husband who was using their mobbing network
  8. Virtual surgeries to my body
  9. Lasers to my head which is now consistently 'toyed with' on a daily basis
  10. Consistent hacking of my computer and thievery of personal items including finances
  11. Hologram touching to my body
  12. Falsification of charges in regards to my mental health
  12. ...And many other vile and inhumane acts of terror

This type of sociopathic behavior should not be acceptable within 'ANY' nation.

There are thousands of electronic torture, abuse, and experimentation victims in our world today, as you know, who are completely innocent and whom never deserved these type s of treatments. We are not terrorists or spies but real people who have and have had real families that are being completely destroyed. Please assist us in stopping the madness that has now plagued our world.

Sincerely,

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

**24/4/12**

My name is Mary Hoover and I live in Airdrie, Alberta.

It started in summer of 2005, in Washington state, when I was forcibly implanted. Before I was implanted, our house, phones and vehicles were bugged and they put cameras in the house. I was also stalked a year prior to that. The perps are a co-worker of my husband, and his wife, who told me when I first met her she just found out she had a brother who worked for the CIA. I believe the implants are in both ears, in the ear canals, under the skin next to the eardrums. I believe I was targeted because I witnessed a theft.

Their "friends/family" moved into my neighborhood and involved the people across the street, the people behind us, and I believe several other neighbors. The have battered and harassed and tortured me with V2K, mind control, dream control, thought injection/synthetic telepathy, involuntary movement/manipulation, physiological control, voice/speech impersonation, physical pain, threats, accusations, interrogations, slander, defamation of character, smear campaigns, sleep deprivation, mental images, non-stop verbal abuse, itching, noises and screaming (example: leaf blowers and/or what they call "splicers" and "repeaters"), so loud that they made my ears bleed (twice). They also malign my child, and say things like "Happy Mother's Day!" This is just one example of the vicious barrage of hate directed at me 24-7.

They murdered my 12 year old son, Jacob, on April 25, 2008, and turned my husband against me. We divorced a year later and I moved to Canada (I have dual citizenship). My family lives here and I thought if I moved things would improve but they got worse instead.

They (they perps) stole a key to my car when I lived in Washington, and shortly after I moved here I forgot(?) my purse in my car, and so they got into my car and took my keys and had copies made. They have infiltrated my apt.

and put cameras in here and probably microphones too. They have also vandalized my things: My TV, VCR, DVD player, my monitor, my sonicare, my car. They put a virus in my computer and hacked into one of my acct.'s and bought things with a fake credit card in my name. They also broke/tampered with evidence I had against them -my cell phone (pictures).

They are always threatening to blind me, paralyze me, turn me into a vegetable, and have me forcibly committed. I could go on and on, but you asked that I keep it short, so I'll close for now.

One more thing: I would like to network with as many TI's as possible. Anyone who wants to get in touch with me is welcome to do so.

Thank you

## **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I would like to draw your attention to some extreme and horrendous criminality being conducted with the involvement of United States Government-related Agencies and the complicity, if not participation, of many other governments and security agencies.

I am a victim of torture and abuse using DIRECTED ENERGY and NEUROLOGICAL WEAPONS technology.

Symptoms:

- \* Transmission of specific commands into the subconscious
- \* Visual disturbances
- \* Inject words, numbers into brain via electromagnetic radiation waves
- \* Manipulation of emotions
- \* Reading thoughts remotely
- \* Causing pain to any nerve of the body.
- \* Remote manipulation of human behavior from space
- \* Seeing, as in a camera, through your eyes, i.e. to see what you see exactly
- \* Control of sleep patterns.
- \* Computer-brain interface, control and communication
- \* Complex control of the brain such as retrieving memories, implanting personalities

There is massive ignorance and secrecy regarding this, and victims such as I are being subjected to uncontrolled and unacknowledged torture and mental and physical destruction. This has remained completely unreported and undiscussed publicly. There are many others, all over the world, who are being subjected to similar torture and abuse.

Your attention is urgently needed to halt these atrocities, protect me, and bring these extremist elements to justice.

Dear Friends,

I just returned from a 2 day visit to Ottawa where I visited 3 foreign embassies, with the purpose of defending the Canadian people, and promote the Rule of Law.

**25/5/08 (sent to various AUTHORITIES & ICEMS)**

I Am Appealing To You From Ankara To Investigate.

I fled Electromagnetic Torture in Canada on May 14 2008.

Can You Imagine A Canadian Citizen Fleeing His Country Because of Torture?

Please check out my web site - [www.hosnyinfo.com](http://www.hosnyinfo.com)

From Cairo, I am appealing to Prime Minister Stephen Harper to investigate, with UN help, the use of Electromagnetic weapons in Canada as I was forced to leave Canada for that reason.

I am flying to Amman on Sep 7th to possibly accept an Assistant Professor of Accounting position at a Jordanian University.

**I stress I was not attacked with those weapons in Turkey**, but am currently under attack in Cairo. I informed the Canadian embassy in Cairo about this issue, and am leaving Egypt on the 7th.

My cell number in Cairo until the 7th is (2018) 3818 818

**21/10/08**

Three Points I want to suggest:

1- 99.99 % of Law Enforcement are NOT involved.

2- They are the ones who can help us!

3- 99.99% of Politicians are not involved

The situation is very serious, and because the technology is of military nature, there is not much the FBI or RCMP can do in North America to defend us.

We will try to do our best to help Law Enforcement raise the issue to the Top Leadership

**20/8/09**

**Petition date starting in Ottawa and Toronto from Aug. 25, 2009**

Dear Member of the Canadian Government:

CC:

To Whom It May Concern:

This letter is to ask for your help for the many constituents in Canada who are being affected unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons.

We are writing you on behalf of Canadian Organization of Victims of Psychotronic (Mind Control) Weapon. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of Psychotronic Weapon detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidences of psychological torture, mental and physical mutilations. Criminals place human subject under continuous surveillance, no matter where he/she is; they monitor human brain, including thoughts, reactions, motor commands, auditory events and visual images; they continuously alter consciousness, introduce voices, noises, other disturbances, commands, images and "dreams" into the brain; they directly abuse, torture and hit bodies - including performing advanced medical procedures - from remote locations. The technology they are using is so advanced that it allows the controller(s) to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense loud electronic sounding noise
- 2). Visual disturbances, visual hallucinations
- 3). Manipulation of will, emotions, feelings, perceptions
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands
- 5). Reading thoughts remotely, retrieving memories, implanting personalities
- 6). Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independently
- 7). Loss of memory and knowledge
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on)
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep

- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating artificial pain in any part of the body, for example, heart attacks and other symptoms

We have contacted police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. Government “doing nothing” in this situation is a form of sanctioning these horrendous fascist experiments with psyche on innocent and defenseless people, that is why Canadian Government is responsible for these crimes. Government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws, instead we see the huge disconnect between its professed Principles and Values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

“Doctors Mengele”, who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experimenting with unwilling victims, we are the latest victims. THIS MUST STOP, and the responsible people exposed and brought to justice for these unspeakable crimes against humanity. We demand only that human rights are respected, and the Canadian Government appoints a Committee to get to the bottom of this most serious matter based upon the evidence piled up, which was collected, intercepted and captured by the victims years after years.

This gross violation of human rights must be investigated immediately.

Dear Victims,

I am under severe attacks in Latvia (sleep deprivation) and am appealing to you to support my complaint at the United Nations.

The Americans have given the technology to the sick Egyptians, who are abusing it against me.

I am appealing to European Governments to understand it is against their interests NOT to challenge the criminals in Egypt. Those criminals are responsible for the spread of Terrorism by their dumb, immoral and stupid policies.

Please write to: TB-petitions@ohchr.org

**21/10/09**

Dear Victims:

Our efforts must intensify within the law.

I am in touch with the lawyer in Riga to register very soon RULE OF LAW DEFENDERS INTERNATIONAL.

I am under severe SLEEP DEPRIVATION by the military NAZIS.

The United States is either using, or allowing Canadians and Egyptians, to use this technology.

I call on the EU to stop the NAZIS on European territory.

I call again on the EU to stop the Egyptian Nazis (similar to Romanians who helped Hitler) , working for a buck for the CIA or Pentagon, in torture in Europe.

If Burkina Faso pays the Egyptians more, they will switch to Burkina Faso. It is all about money. I know their "morals".

PLEASE do not allow Canada to torture on European territory, I know the cowardly sick character of speaking nicely at the UN and secretly authorizing torture, I know this sick Canadian character.

Canadians told me about the outstanding hypocrisy in Ottawa and the military. Canadian Leadership and military officers are excellent in hiding their HATE.

Do not allow the US Nazis to ruin European values.

Their bad history in blood and violence all over the world has ruined their rational thinking.

The American Nazis are weak in their country.

This should give strength to Europeans in saying NO to the military Nazis in the US.

The US MILITARY AND INTELLIGENCE Nazis do not have YET a strong base at home.

B. Regards, Moe Hosny

**25/10/09**

Dear Victims,

In the situation we are facing, it is important to consider that the US military and industrial complex is unable to divulge its weapons capabilities because of the ideological situation in the US, Canada and Europe.

**TO MAKE IT CLEAR: WILL THE WESTERN ELITE ACCEPT THE NAZI DIRECTION OF THE US MILITARY?**

I mean the wider elite ( owners of medium and small businesses, intellectuals, professors etc). That is families making around 120k a year.

The answer is: No.

They will not accept it.

So the weapons cannot probably be used for eliminating other nations, and reducing the world population.

Other nations knowing that mass destruction weapons cannot be used against them because of domestic public opinion, will not succumb to US pressure.

The dangers are that other states are feeling so threatened that they are spending more on weapons.

Some of those states are not ruled by laws.

So the US has the weapons but cannot use them to promote "US interests" because the basis for the policy is immoral and unacceptable to Western people.

The economic situation in the US and Canada is deteriorating because of heavy spending on weapons that are unlikely to be used.

The rule of law is under attack by immoral testing on citizens for no benefit.

What a mess if you leave a country's fate to military and intelligence officers!

**2/11/09**

Dear Victims,

On Oct 29, Hillary Clinton said something to the effect:

**It is hard to believe that no one in Pakistan knows where Alkaeda and Taliban leadership is.**

Lets analyze what this means.

It means she thinks there are **Intelligence and Military Units** out of control (not under the Government) in Pakistan!

Well, I say to the good lady Mrs Clinton:

My dear: the Masters, Professors and Scholars of establishing units **out of control** ( a second government) are your good brothers in the Pentagon and the CIA. They probably taught their Pakistani buddies some knowledge about these matters.

I was attacked with Electromagnetic weapons and deprived of sleep by **units out of control in Canada.**

Do Canadian diplomats who speak about human rights at the UN know about it?

No

So let me use Mrs Clinton's expression:

**It is hard to believe that no one in the United States and Canada knows about Electronic torture and Gang stalking!**

**Dear Mr. President:**

Let me start by expressing my gratitude for your heroic stance and that of the Brazilian people, in supporting the Rule of Law in Honduras.

I am a Canadian citizen originally from Egypt, and know quite well the calamities that happen when military and intelligence officers take power in a country. Therefore, your sincere efforts to support the people of Honduras are

well received and appreciated by peace-loving forces around the world and those believing firmly in the Rule of Law.

I am attaching a booklet about human rights violations I was subjected to, for no reason other than abuse of power by Egyptian and Canadian intelligence and military officers. It is very likely that Illegal government structures in the United States are involved (Oliver North types of structures), since Canada and Egypt do not possess this technology. Egyptians pride themselves in taking torture assignments from Canada and the US, particularly if payments for services are involved.

I am attaching as well my letter to the Organization for Security and Cooperation in Europe.

I am requesting your excellency to consider my request for political asylum.

Yours Truly,

Dear Victims,

Rule of Law Defenders International expresses support for the independent Italian Judges who sentenced CIA officials to prison for violating the Rule of Law.

Perhaps if things are done the civilized way in accordance with international law, more terrorists will be caught.

The man in question was tortured in Egypt and then set free, meaning he was innocent.

But to engage in kidnappings and sending people to Egypt (a country with a notorious human rights record) is simply criminal behaviour.

Mr. Panetta: Please send the Americans to Italy to face prison or it will be very hard to speak about the Rule of Law.

Mr. Gates: Tear down the HAARP terror and put American Generals responsible for CRIMES in Jail!

WITHOUT PREJUDICE BEGGARS BELIEF BEGGARS FOR YOUR LIFE BEGGARS FOR JUSTICE

So when the government don't like free speech they believe it's as simple as shutting you up.

All well and good when you are talking about a website like [www.dwpccorruption.co.uk](http://www.dwpccorruption.co.uk) which has been shut down on no fewer than four occasions. But it is a different matter when you are talking about a human life or a member of the public.

Our thoughts are with Maurice Kirk who is completely sane and as become subject to being locked away in a mental institute in Wales with is case pending for the courts to make a decision as to tranquilise this guy and fill him full of s\*\*t to basically shut him up as he, like many of us, continue to campaign to have his case eared in proper format in a proper court and not the kangaroo courts that are being used in circumstances of corrupt judiciary punishing people and stealing from the public in this country .

This is a recognised fact and it is being protected by MPs, judges, psychiatrists and people who are in that circle of Common Purpose graduates who collude with each other and protect corrupt fellow acquaintances who have conflicts of interest.

This labour government have big fear of this fact and fear of the brave people who they see as a threat this obviously the likes of Maurice Kirk.

Let's continue this exposure of truth crawl right up Gordon Brown's yellow vertebrae the corruption is such now people from all walks of life are coming forward and giving facts of malfeasance in government highlighting corruption deception fraud and every criminal offence across the board. People are talking of Masonic individuals involved in paedophilia in freemason lodges and cults that are associated with Common Purpose – yes that's right that secret charity that uses its secrecy excuse through the Chatham House rules.

We must be aware of the uproar this exposure will create and how we must expect the government to act against us as individuals.

I have had my house broken into and information stolen; my locks picked; I am regularly followed by government officials; I have had people sitting outside my house.

Also my children are followed to school and lots more of this is to be expected as part of government harassment to stop free speech and new websites opening up like our site [www.dwpccorruption.co.uk](http://www.dwpccorruption.co.uk) dealing with political corruption.

Also, Dead Beat Dads, [www.tpuc.org](http://www.tpuc.org) and freedom rebels who are doing some great work on stopping Council Tax

being paid as it is unlawful more on this topic at [www.tpuc.org](http://www.tpuc.org)

The motto for today and every day is:  
Don't give the government what they cannot take.  
Enough is enough and you like us have two choices:  
Fight back and expose the scum; or

Take it lying down.

Gordon Brown and Tony Blair fear for their futures as the Masonic pressure greatens its strength and presses these pair of wasters to squeeze more money out of government departments using that old black magic called Common Purpose and its graduates in each government department to provide cash for the Freemasons kitty of what Brown and Blair support along side the Fabian Society.

Maurice Kirk (completely sane) has just rung me from a Stalinist 'Mental Hospital' in South Wales. He is to be in Cardiff Crown Court at 10 a.m. tomorrow (Thursday 1<sup>st</sup> October) & believes they are intending to get permission to start forcible injections to turn him into a zombie.

He hopes as many people as possible will attend.

Do so if you possibly can!

SPREAD THE WORD!

I was not intending to go, but will be doing now.

We must stop this diabolical practice!

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Dear Sir/Madam:

I have been a victim of directed energy weapons, remote harassment, and organized stalking since 1988. I was targeted by a nurse in Los Angeles California. I'm originally from Peru (South-America)

Living in USA since 1985, I became an American. Started with the stalking of this Sociopath, and scale it to Organized stalking, to Direct energy weapons, to remote harassment, to 24/7 monitoring even in my sleep. The phenomenon is real. It includes psychological harassment to induce psychosis, isolation, depression, and suicide;

physical and emotional manipulation; and devastation of financial and social resources. My family is been targeted too, the attacks are ongoing.

The massive ignorance and secrecy is overwhelming, it seems like people enjoy themselves doing these acts of coward ness, the psychological warfare manipulating the masses to participate in this “lynching” is done with the deception that a “batch” of an “authority figure” giving the wrong message to the unaware average citizen, the Program of torture and perversion is very easy accepted by the bystander from the streets, become an instant “slave”, which is already explain in the websites (already in the hundreds,,) that victims are publishing in Internet.

Below is a list of symptoms since my harassment started:

Microwave hearing

Transmission of specific commands into the subconscious

Visual disturbances, visual hallucinations

Inject words, numbers into brain via electromagnetic radiation waves

Manipulation of emotions

Reading thoughts remotely

Causing pain to any nerve of the body.

Remote manipulation of human behaviour from space

Harassment, stress symptoms such as helicopters, airplanes(military airplanes) flying overhead

Seeing, as in a camera, through your eyes, i.e. to see what you see exactly

Control of sleep patterns. Suddenly awaken, and kept awake in a hypnosis state.

Computer-brain interface, control and communication

Complex control of the brain such as retrieving memories, implanting personalities

My body is “charged” in a way that I could hurt somebody by just “touching them”, delivering a “wave” of pain.

Manipulation of electronic devices (television, DVD, microwaves etc)

Manipulation of “decease” symptoms like false heart attacks, stroke, bladder infection.

Once I experienced the sensation of been kick in the face, while walking, because I expressed in a demeanour way about one of their ‘slaves’ rats.

Why the Government of USA is failing to protect us?? The only answer I could find is that they are 100% involved into these atrocities.

Constitutional Rights... I wander what, that mean?

These atrocities have to stop, if a peaceful protest against these abuses are not listen.... Then a violent revolution is inevitable.

Open an investigation about this abuses, interview victims, listen what they have to say, what better prove than that, not just to show evidence (which majority of victims cannot provide about the “invisible weapons) but the overwhelming amount of people that are experiencing this same exact symptoms.

One way to bring this abuses that United State Government is sponsoring, would be through the International Community.

Please put an end to these atrocities that are committed on a daily basis to thousands of Americans and already worldwide.

**ELECTRONIC STALKING**

I have reason to believe that this may be going on in my community in Louisville, KY and could possibly involve law enforcement and local government. Can you please contact me with info on what can be done about this. I am strongly suspecting that this is what is going on- and I have collected evidence for over 10 years. This is something very hard to prove and its unfortunate because it makes it very easy to label someone as paranoid or schizophrenic.

**19/12/12**

I am a Targeted Individual also on the target list, and have tried to contact Atty Boeher's office, they have informed me that they are not officially handling the case and have handed it over to someone else and will send most of the filings back to the senders "return to sender".

I am acutally interested in filing individually because of extensive damages to my business and personal relationships as a result of this unprovoked and "uncalled for" attack on my human rights as a law abiding citizen.

These harassment issues that these cowards are perpetrating have affected my family, my personal relationships and my work. I am also concerned that my stepfather, a vietnam veteran, could also be targeted. He has been suffering from trauma and seeing a counselor for various ptsd issues.

I would like to have a copy of my file, and will request them from the FBI and CIA myself prior to consulting with an attorney but in addition to the investigation of what has been done over the years I would also need an explanation as to why this victimization is allowed in the hands of these weasels with idle time on their hands to justify a budget and keep a sick attachment to law abiding citizens as they are being allowed- all at the expense of the lives of others.

If you have more information in the meantime on an attorney that you know that is now handling this type of thing, please feel free to contact me directly. I am in the process of seeking compensation for my damages which I feel are at least \$45 million for the impact it has had on my life, my fiance's life, and my friends, family & business relationships.

Gangstalking + Remote Torture + Psychic Driving Can = "Multiple Murder Crime!"

Americans are being remotely tortured and murdered with highly sophisticated "Directed Energy" weaponry mounted on military satellites, vehicles (VMADS) along with short range proprietary portable gear. VMADS is an acronym for Vehicle Mounted Active Denial Systems. These Non-Lethal weapons can kill you in a microsecond. Victims/Targets seeking help in ERs worldwide are routinely dismissed and labeled as being psychotic, schizophrenic, paranoid etc. These preconceived uninformed or deliberate misdiagnosis render the medical professional a willing or unwilling enabler. This is the dark side of the behavioral and neural sciences. Unauthorized implants are not uncommon. I imagine there divulgence would come as a slap in the face regarding their oath and integrity.

Thank You  
Stefan Keith Howard  
**Vomitt.com**

Having been ostracized, dismissed, misdiagnosed, 302ed and shunned, by ER personnel at all major hospitals in Phila, I request a referral to a medical professional who will **ACKNOWLEDGE** that Remote Torture, Gangstalking and Unauthorized Implants are a reality to hundreds of thousands of Americans. (Millions Worldwide) The following is a quoted diagnosis from Vincent Callanan, an ENT doctor practicing in the Philadelphia area. Mr. Howard has; "three-millimeter linear bilateral excoriations between the root of the helix and tragus". He also said, "I GATHER Abington hospitals' MRI produced no radio opaque objects at said location." He also suggested I might have monomania. The relentless covert remote torturous stimuli render the target physically and psychologically bankrupt. Most patients are unaware that when a second opinion is given, data and patient history is considered. I sought an A B comparison, not an A + B opinion. If the first diagnosis is skewed or incorrect it can domino and the resulting second opinion data can be faulty also. I truly believe the Abington MRI was compromised or misread. Certain pertinent medical files were missing. The sensation of remote torture resembles a white-hot ice pick touching this area. A sub dermal implant is suspected. Victims of remote torture are routinely misdiagnosed and dismiss in ERs nationwide. Please help.

**The following text is an excerpt copied from a knowledgeable person online.**

**Nanotech implants in peoples' brains could trigger the release of any desired brain chemical to keep a civilian population docile and compliant. Nanotech devices could be implanted in the skin of individuals to trigger the pain receptors on command. Horrible excruciating pain could be switched on or off like a light**

and leave no physical damage of any kind. There could even be a lethal poison implant. Any of these implants could be remotely triggered for a specific individual. Each citizen could be implanted with unremovable and easily readable identification nanodevices that could be powered from bioelectricity. These implants could continuously broadcast the location of that individual. Pain or death could be triggered automatically if an individual left an allowed area or entered a forbidden zone.

Organized Vigilante Stalking; My personal Testimony - Bridget S. Howe, October 2008

I had worked for the Knox County Board of MRDD for 16 years and had been living in Columbus OH for the past 11 years when in a time a deep discouragement, with some "encouragement" from my boss, determined to move back to Mt. Vernon to be closer to my job. I had attended two churches in the Columbus Area, both of which had left me feeling deeply disappointed. However, I did not realize until later that most likely stalkers had been infiltrating my churches deliberately disrupting relationships there. I did not learn this until I began to study Organized Vigilante Stalking, and I recognized some of their subliminal attacks. Just before I moved from my Townhouse on Red Robin Road I began to notice things which confused me. For example I came home one day after being gone all day at work and noticed that my bathroom smelled like someone had just taken a shower. I live alone, so there was no reason for my shower to smell that way. I also found a stray phone cord plugged into the basement phone socket which led me to believe someone had tried to hook up to the internet at my house while I was gone. One day I came home from work in time to see a man of average height and thick black hair dash down my stairs and out my front door. I checked my house and nothing was missing. The man was also dressed in a clean casual corduroy jacket, like he was a businessman, not like a thief. I did not call the police. I was not disturbed that much by the incident. There had been no signs of forced entry into my home either.....

I did not know that this was another typical tactic in Organized Vigilante Stalking. I know now. I did not know about DEWs that project sound into your head that no one else can hear.<sup>18</sup> I also did not know that stalkers have they victims under 24 hour surveillance.<sup>19</sup> I know now.

Later my mother also told me that she had gotten a phone call while I was at work and the person pretended to know me. Said he was a salesman. When my mother told him I was not home, he proceeded to tell her that she had better leave the house because the "powers that be" had decided that it would not be good for her to stay there with me. So Marti gave my mother a ride to the airport and my mother left without telling me she was leaving. That is also a part of the game. It was designed to induce shock.

That same day the not so private conference was held and I was placed on administrative leave. I was told to keep my cell phone but I had to give up my laptop. I was ordered to take a psychological evaluation and I had to have it with the doctor that Marti chose. I could not choose one myself. I did not know then that psychologists and psychiatrist also play a part in OVS.<sup>20</sup> I did not know that doctors, psychologists and psychiatrists have all become complicit with the game. I know now. I was diagnosed bipolar and declared unfit for duty. I was ordered

to use all my vacation time and leave time so that I could stay home and “recuperate”. I had the company cell phone and I was supposed to keep close tabs with the county board. I did not know that this frequently happens to victims of OVS but not so that they can “get well”. It is a typical tactic to induce isolation so that the team of stalkers actually have their victims in a “cage” where they can play all their games and tricks and deliberately attempt to drive the person crazy and ultimately to suicide. I read another incident where this tactic was also used on postal employee who never had a chance to recuperate from her “illness” because she was being driven crazy. She committed suicide.<sup>21</sup> Marti also announced to me at that not so private meeting that she had given my mother a ride to the airport that my mother would not be there when I went home. That meeting was specifically designed to induce shock and a sense of powerless and hopelessness. I did not know that was also a gang stalking tactic.

I realized that day that Marti Estep was no friend of mine. I also decided that I did not want to stay alone in my house so I went to stay with long time friends of mine. I looked at that cell phone that the county board told me to keep and decided that it was likely a tactic they were using to keep track of my whereabouts using the GPS. So I turned it off. It turned itself back on. I turned it off again. The second time it stayed off. I also recognized that the county board was using some heavy handed manipulation of which I wanted no part. I knew I was not out of my mind. I had spent 18 years working for the county board and I also knew what bipolar looked like and I was not. I made a decision to resign my job. Of course I did not know that this is typically what stalkers want a targeted person to do. They want the target to resign. It saves the people who hired them from paying unemployment and other compensation for firing someone. It is also helpful if they really can’t find a good reason to fire someone. Of course Marti called my mother who called me and told me that I should not resign my job they really wanted me there. Of course, I did not know but I know now that typically the goal of the stalker is to make it look like the target does not want to work and they freely choose to stop working.<sup>22</sup>

I talked to the OEA attorney who advised me that there was not much I could do to appeal what the county board was doing and later she wanted to know if I wanted to apply for disability since I had been declared unfit for duty. I flatly refused.

It was then that I began my research and learned that what had happened to me is happening to 1 in 100 Americans. I also learned that 1 in 24 Americans are persuaded to participate in stalking innocent Americans because they have been told lies about the targeted person, because they have been bribed, intimidated or outright blackmailed into participating.<sup>23</sup> I also found out that once a person leaves the job, which is their primary objective to start, the stalking continues because they want the person to die. They prefer that the person commit suicide but over time the use of CIA developed chemicals and radiation from directed energy weapons may also kill them.<sup>24</sup> Either way, there is no evidence that what has actually happened is that the person has been murdered. What gang stalkers are doing is forcing the victim into isolation, joblessness and ultimately suicide. The goal of the gang stalker is to drive the person to commit acts of violence against themselves, such as suicide and/or against others. “... the objective ... is to separate a person from friends/family, keep them unemployed, induce homelessness, & reduce the quality of life so much that they suffer a nervous breakdown, cause them to commit suicide, or end up medicated, incarcerated/institutionalized. A major effort will be spent to separate a person from their friends and families. Attempts will be made to destroy all areas of a person’s life with the intent to drive them to suicide.”<sup>25</sup> This is done in such a way as that those who engaged the stalkers and identified the victim are protected from being exposed. The actions of stalkers are covert and they have at their disposal the entire arsenal used by the CIA and US Intelligence community because it is government sponsored.<sup>26</sup> Their tactics includes those which are a combination of those used by the KKK and those used by the FBI in COINTELPRO combined with the use of chemical agents and directed energy weapons.<sup>27</sup>

When I finally decided to resign my job because I would not tolerate such heavy handed manipulation by the county board administration, I also began started to do research. It was then that I learned what I did not know. I learned that people who are targeted by gang stalkers are typically labeled mentally ill to discredit them so no one will listen to what they are saying.<sup>28</sup> I also learned that those in our government who support this kind of terror have worked with the writers of the DSM to ensure that complaints made by targeted victims are listed under the symptoms of paranoid schizophrenia.<sup>29</sup>

I learned that law enforcement is no help at all and they can actually be part of the problem and may also be supporting this state sponsored terror. One day when I was explaining to Detective Breniman of the Knox co. Sheriff’s Department what was going on in my house and insisting that he do his job, he looked at me and said, “Now if you try to tell me that someone has put out a contract on your life, I’m going to have a real problem with that.” I had never said any such thing. Nothing of that nature had even occurred to me at that point. After I began my research, I learned that typically law enforcement does not investigate in cases involving gang stalking, either

because they are part of the problem or because they are told they cannot help from someone higher up in the chain.<sup>30</sup>

I learned that targets once they have become isolated from family and friends or anyone who might help heaving assault with microwave weapons begins.<sup>31</sup> I am currently under daily microwave assault. I learned that targets homes are repeatedly invaded and generally stalkers are thieves, but they never take anything that one could actually report to the police.<sup>32</sup> So I didn't bother to report to the police that my stalkers were stealing rolls of toilet paper, my contacts, a lid from my brand new pan set that my mother got me for Christmas, one place from my new set of plates, bananas and snacks from my refrigerator.

I learned that stalkers are expert computer hackers and that they can pick any lock. <sup>33</sup> One day while I was working on my lap top, sitting on my couch, not on the internet, not even hooked up to anything and not using a wireless connection either, I went to shut my computer down and the start button turned from its normal blue color to red and the little note on my screen said, "Someone else is logged in on your computer. If you shut down, they will not be able to continue working. Do you still want to shut down?" I absolutely smashed that little red button! By that time, I knew I was dealing with a stalker.

I also learned from my research that most targeted individuals are either unemployed or underemployed because they have been illegally blacklisted and are being deliberately pushed out of the workforce.<sup>34</sup> I also learned that single women are typical targets but anyone considered "marginal" by the established elite may become a target. Corporate whistleblowers are typical targets, as well as homosexuals, the elderly, handicapped children and or family members of targeted persons. Pro-life persons or anyone who just "upset someone" can become a target.<sup>35</sup>

I learned that the Patriot act made it legal for someone to invade your home, pilfer your mail, monitor your email and phone conversations, and demand to see your medical records without a warrant. In fact there does not have to be any proof of any kind that you have actually done anything wrong.<sup>36</sup> Someone just has to say that they suspect you of something, and presto your name is on a list of "threats to national security" even if you have done nothing wrong. Gang stalking is a covert action against innocent Americans who have little or no recourse to stop the abuse because there is usually little or no proof and when there is evidence it is generally ignored. The Sheriff just chose to ignore the multiple pictures of footprints that I had taken. That is also typical.

I have been reading and researching now for almost two years, and what I have learned would scare most Americans to death. I am absolutely sure that we were never taught in school that the funding for Hitler's Eugenics Research was from wealthy American businessmen like John D. Rockefeller, and that the inspiration from Mein Kampf came from an American Supreme Court Justice, Sir Oswald Chambers. I am sure that no one told us that Standard Oil, a Rockefeller business provided the fuel for the German Luftwaffe in World War II. I am also sure that no one told us that the Rockefeller's and his associates in Washington were controlling our "democratic" government from behind the scenes and I am absolutely sure that no one ever told us that he Rockefeller backed CIA sheltered those Nazi scientists after the war and put them to work developing the Directed Energy Weapons that the US government is now using against its own citizens. I am positive that no one told us that our government which forbids us to discriminate against anyone because of gender, nationality or religious affiliation has been behind forced sterilization of people they consider unfit and have been responsible for sterilizing men and women from third world nations around us in an effort to control our "overpopulation" problem.<sup>37</sup>

I am absolutely sure that there is a good reason that our government never told us that the established elite in Washington DC is attempting to create a Master Race and that they plan on eliminating people that they consider to be "useless eaters" and that Organized Vigilante Stalking is just another one of their programs for doing just that. Because if Americans really understood what they were up to, they would get good and mad and probably pull all their money and their investments out of Chase Bank, Huntington, and National City. They would sell all their assets with JP Morgan, and they would be real careful where they purchased their gas. They would stop letting Washington dictate who we vote for, because there has not been president in office for more than 50 or even 60 years that has not been the puppet of the established elite associates of the Rockefeller clan. They would demand that the Federal Reserve Board be abolished because it is stealing money from Americans to support socialist causes around the world. They would demand that the Trilateral Commission be disbanded as well as the Council of Foreign Relations. They would demand that the National Security Act be abolished because our Intelligence Community, the CIA, FBI, NSA and local Law enforcement are hiding their criminal activity behind this piece of legislation. They would also demand to repeal the edict by President Bush that protected US Intelligence personnel from be prosecuted for war crimes, and they would demand that we stop torturing innocent civilians, writers and those who exercise their civil liberties who have been made prisoners of war.<sup>38</sup> They would rout out all the Neo-

Nazi's in our government who are deliberately attempting to dismantle the Constitution. And they would make those who have committed crimes against American citizens actually face charges and deal with the consequences of their actions.

So therefore, the government has gone to great pains to cover it all up. And I am committed to making as many American's as I can aware of what they have been hiding. We have called ourselves the friend of Israel. Why is that? The Elite Establishment in Washington helped the Nazi's who murdered six million Jews escape the consequences of their actions and gave them political asylum in our country. Then we gave them jobs and allowed them to go on influencing government policy. They developed the mind control technology that the government is now using against US citizens.<sup>39</sup> They have literally turned this nation into another Nazi Germany. We cannot call ourselves "friend of Israel" and allow this to go on. They will destroy us, and they are doing a wonderful job of destroying this country.

In the meantime I am working on a research project, a book and a testimony and all the while I am being bathed in radiant electromagnetic energy, especially at night. I am under 24 hour surveillance and I know they are watching because if I happen to get a migraine headache they like to turn the microwave up especially high. They seem to want to make that headache last a long time. They would really like to scare the hell out of me if they could. They have tried all kinds of tricks, but since I did my homework I am well aware of their antics. I am still a Christian, a child of God, and I know my destiny which is something no white supremacist, no Neo-Nazi, no Satanic stalker will ever be able to take from me. I know how to identify and fight off suicidal thoughts or any thought that remotely suggests to me that I am being electronically influenced. In fact, most days I am overwhelmed with God's peace and his precious joy. I fear only one thing that my country and the church in America will not wake up to the danger until it is too late. Americans feel entirely too safe and secure in this country. If they knew what I and countless thousands of gang stalking victims know now, they just might be jolted out of their reserve enough to push back the bullies that are destroying this country and are trying to rule the world from American soil.<sup>40</sup>

**2/3/10**

I am 1 in 100 americans being stalked by gangstalking american terrorists and hammered by directed energy weapons. I was set up by the knox Co. Board of MRDD Superintendent who befriended me because she was setting me up. She eventually forced me to have psychiatric evaluation whereby i was declared "unfit for duty". I was ordered to stay home for three months during which time the stalkers were trying to drive me out of my mind. Becuase I know myself better than that and becuause I figured out that something was very wrong, I started doing research and learned about gangstalkers, who hires them and what they do to their victims. I also learned about directed energy weapons. I resigned my job before I realized what was actually happening to me. But I was able to find another job. I have been working for three years. But some of the things these stalkers have done is monumentally monstrous.

I went to get a perscription refilled at the pharmacy. I had been taking two medications for migriane headaches. One of them was a blood pressure pill. My doctor prescribed two tiny 10 miligram pills and I had been taking that medication for more than a year. When i went to pick up my perscription the pharmacist gave me a perscription with two 100 mg pills. That is he jumpted my perscription from 20mg of a blood pressure med to 200mg. I explained that this was not correct. He then tried to tell me that my perscription did not come in 10 mg tablets so he thought my doctor must have meant to write 100 instead of 10. HELLO! If he was confused about what my doctor prescribed he is supposed to call my doctor, not make a wild guess. Then he said he called mydoctor and gave me 25mg tablets instead when he told my doctor that my perscription which I had been taling for more than a year did not come in 10mg tablets. The pharmacists hands were trembling the whole time I was talking to him, so I supposed that the stalker had threatened him with blackmail or something. I just took one pill instead of two after than. Then I stopped taking perscriptions all together.

Of course all my family and associates were told that I was having emotional problems. My coworkers who cooperated probably didn't know what they were doing. But the County Board of MRDD where I worked was starting to have money problmes and I was probably their least favorite employee becuase they were always asking me to do something that I could not in good conscience do. Then they started making it hard for me to do my job and i was getting frustrated with them. They wanted me to pad my billing and I wouldn't do that either. There were all kinds of things going on there because of changes in the Federal Government that affected the couty board they were loosing a lot of revenue. I was third in line in seniority so they wer paying me a hefty check.

They would continually get into my house and break things. Once i woke up in the middle of the night and heard

voices outside my house. I got up very quietly and walked to my basement door so I could hear what was going on and sure enough I hear two male voices standing outside my sliding glass doors having a conversation. I called the police who came rolling into my driveway with their lights flashing and of course the stalkers ran. I heard one of them jump off my balcony and hit the ground as soon as the sheriff pulled in. The sheriff was not nice to me at all. I could not understand why they were so rude to me. Later after I had called them about six times and of course they never found anything, I shot pictures of footprints in my carpet that were obviously not mine. Then when they did not do anything I went to the Sheriff and spoke with Detective Breneman who told me that they had talked to all my neighbors who said they hadn't hear anything unusual at my house. However, I went around and spoke to my neighbors myself. None of them told me that they had seen anything unusual, but none of them told me that the Sheriff had been around to ask any questions either. The long and the short of it was that the sheriff did not investigate and was probably involved. That's Knox co. Ohio for you.

They have tampered with the breaks on my car several times. One time the mechanic at Executive Auto Services told me that my break lines had been cut. Another time the guy at MR. Tire had put my break pads on backwards which caused my breaks to squeak terribly. When I took it back to have it fixed they did not fix it. I did not know that they had put the break pads on wrong until I took it to Ghehanna Ohio EAS.

They have assaulted me with DEWs while I am sleeping at night and once while I was shopping they made me wear my pants right in the store. I have irritated bowel syndrome which is generally diet controlled. But my bowels and bladder have never ever let loose like they did when I was in that store.

They have stolen things out of my mail box, like my bills. I now have a PO box but they managed to keep my bills from being sent to me there also. I had to call everybody and give them my address because all of their computer systems had an old address in them like I never told them my new address. That was wrong because I did tell them my new address and I was getting my bills at the correct address.

My food has been poisoned and it has made me sick from time to time. I don't drink anything that has been left in my house while I am gone.

they continually hack my computer. I have been writing a book for three years and they have been controlling my mouse so it makes it harder for me to work.

They constantly are giving me foot cramps at night while I am sleeping via dew. Or they will make me get up and go to the bathroom every couple of hours.

I honestly pray for them every day. I don't think I can understand how some people can be so heartless and cruel. My research showed me that their consciences have been "reconditioned".

**2/4/10**

I became aware that I was a gangstalking victim in Feb or March of 2007. But I really believe it began in the late nineties while I was attending the Vineyard Christian Fellowship church. I had a terrible experience at that church. People were really nasty to me there and I was shocked by their behavior for obvious reasons. It wasn't until I began studying gangstalking that I began to pinpoint the signs that gangstalking was going on in that church. Specifically, I would notice people in leadership in that church just staring at me with terrible scowls on their faces. I was invited also to participate in a mission trip to Afghanistan and the leader took me off the team and was being very rude to me and I didn't understand why. I had an attack in which I "heard" God say to me that he would not forgive me and my heart was on fire for several weeks. I didn't understand any of this until I left that church and several years later began to research gang stalking and directed energy weapons. I also would come home to my apartment and find things out of place. Like my shower smelled like someone had just showered and I had been gone all day. I live by myself. There should have been no one else there to use the shower. I found an internet cord hooked to the wall in my basement in a phone jack that I was not using. I also came home one day and a man came dashing down my stairs being very careful to keep his back to me and he dashed out my front door. This was closer to 2005 or 2006. But when I left the Vineyard Christian Fellowship in Columbus and found another church, I began to experience the same kinds of "put downs" in that church and I finally left when I bought my house in 2006 and went back to Knox Co.

You should also know that I have a background in Military Intelligence. I left Ft. Meade MD. in 1988 and returned to Ohio. I worked for three years at the National Security Agency. When I got back to Ohio to my reserve unit I discovered my security clearance had been "lost." I am a Christian. When I worked at the National Security

Agnecey I used to go to a little prayer room, called a "meditation room" and pray there. I also took a lot of people to Church with me on Sunday. My last three years of research has indicated to me that the NSA has been involved in some shady New World Order stuff including Remote Viewing and spying on American Citizens. Christians are not their favorite people, especially not Christians who are very outspoken about their faith. I have never seen myself as a perfect shining example of Christianity. I have had my downfalls and shortcomings. But I have been pretty determined about not compromising my principles especially at work. That I think got me in trouble with Knox Co.

My name is Terri Howell. I currently reside in the Nashville, TN area. I am 51 years old and my abuse began at birth. Prior to my existence, my parents and their immediate and extended family endured horrific abuse.

There have been so many things done to me, I will probably forget to mention many, but here goes:

- Stomach pumped at 1 yr of age because my brother fed me an entire bottle of baby aspirin.
- My shoulder used to dislocate "all the time" and I would scream bloody murder because I was in excruciating pain, but I don't remember it.
- Extremely abusive parents (physical, emotional, verbal).
- Sudden, mysterious, SEVERE bouts of nausea during 4th grade classes.
- Raped when I was 12 yrs old by "boyfriend," then dumped for my brother's girlfriend.
- Cystic acne requiring University hospital treatment/research.
- Isolation from family and friends.

- Raped by, and used as a "Comfort woman" to approximately 20 men over the course 40yrs (used as a satellite controlled sex slave), which included multiple brain-body disconnect, abortion, ingestion of feces and multiple STDs.
- Forced to raise my daughter with no help.
- Daughter was raped when she was 12yrs old. when I was at work.
- Daughter anorexic and bulimic, and was a "cutter."
- Received \$535/month from my daughter's multi millionaire father for child support.
- Attempted to return to college 5 times and was always thwarted.
- House flooded with no logical explanation (requiring renovation).
- Water leaks (home) with no logical explanation.
- Bank account hacking x 3 banks.
- Lured and thrown into two mental facilities against my will. Forced to take medication.
- Gained 20lbs in two weeks with change in diet, exercise, or medication. By the end of the third week, I had gained 25lbs.
- Two automobiles caught fire while driving; one I was driving, the other, my daughter was driving.
- Voice to skull technology used.
- Gang stalking including home invasion, SEVERE harassment with false accusations at work, etc.

Let me know if you need anymore information.

"Gangstalking" is a "catchphrase" name describing what has become a part of traditional and new organized crime that is networking through the United States and some other countries. Organized crime groups and "criminal elements" from all walks of life use or hire for pay, criminal organized stalking crews to assault "targets" to cover up financial or other crimes. These criminals "contract" with the covert organized assault crews to silence any potential witness or "trouble maker", whether real or imagined, that could possibly effect their lives.

Crimes were committed against me, and now the people that committed those crimes have "contracted" this "assault squad" to discredit and silence me using their criminal "gas-lighting" methods. I told them before they started this that I had no intention of ever reporting these crimes or pressing any charges against anyone. I have repeated this each year since and am ignored. These "organized criminal crews" have been assaulting me, my family, friends, neighbors and many people in the community I live in for many years. I am not a criminal and have never harmed anyone.

There is always a reason someone is targeted and most will know why and who started it, but apparently some victims never know what happened to them, why it is happening or who "triggered" the overwhelming assault. This is probably because the "trigger event" was irrelevant and meant nothing to the victim, but was perceived as possibly damaging by the criminal(s) involved. The victim could have "upset" somebody and now that person simply wants revenge. I would see that as a waste of time, thought and money, but I guess some people could be "just that way". I've seen estimates of the number of victims of this type of crime, but nothing I consider credible. One victim is too many. I wouldn't even try to guess how many career criminals participate in this. It can't be many as compared to general populations..... These organized criminal groups have an appointed leader(s) that control(s) everything they do. They operate much like a computer bot-net receiving orders, tracking the target and dispatching a stream of perps. Take appropriate measures to protect yourself from their assaults and stay safe. Be aware of your surroundings and don't respond to "baiting" tactics.

What I've described is just part of what these criminals do, and if you are not a victim you are probably saying to yourself, "I just can't believe a large group of criminals are getting away with crimes like that". The reason they are getting away with it is because this large group of criminals literally "hijack" the community using the methods described above. It took stalking of well known celebrities and a death before anyone started taking effective action against stalking. Many people know this is very real and I know it is being investigated. There are many laws that can easily be applied to these crimes but no specific laws. A task force is usually appointed to tackle tough crimes, that may be what is needed to address this.

DEAR SIR/MADAM

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

This letter is in support of any initiative to investigate the alleged Nonconsensual Human Experimentation and Harassment (described below), which includes use of all Directed Energy Weapons, Energetic Manipulations and Behavioural Modification technologies by remote or local means applied to either individuals or groups of personnel. To date, no party has formally identified themselves as responsible, and much of the harassment is remotely applied, using action-at-distance methods. I am a Targeted Individual in the parlance of this impositional blight that afflicts me and is very similar to allegations of others who identify themselves in this way. This means that I am harassed in the form of :-

- gangstalking, both ambulatory and vehicular everywhere I go in public (arranged by colour of clothing or vehicle),
- noise campaigns, selectively applied and usually coincidental with my activities, or other noises,
- application of extra-gravitational energies to foil my movements, drop items on the floor, surreptitiously move objects (including my motor vehicle),
- remotely applied sabotage of electronic devices, both field strength meters and consumer electronics (e.g. CD players, headphones),
- a disproportionate number of itches and skin lesions that are uncharacteristically persistent,
- dynamic application of dithering my judgement, recall, planning, speech, syntax, motivation and coordination governing mental faculties on a pre-planned basis, (often coincident with noise events),
- selectively applied vision impairments, either persistent for durations or applied to specific events such as seeing someone for the first time in the day,
- constant invasion, monitoring and sabotage of my computer and online activities, including covert changes and deletions of computer files,
- rendered as incapable of having employment for no organic medical condition,
- containment in a densified electromagnetic field at all times, (>200 Gauss in 2002-12), and
- assault with single or stroboscopic flashes with plasma and maser beams/matrices wherever I temporarily locate myself, both privately and publically.

The goal of this harassment appears to be at least mind-control research, made apparent by selectively applied and progressively greater impairment of mental faculties since this overt harassment began 2002-04-15. The noise, colour coordinated vehicle gangstalking and energetic intrusions have been witnessed by other personnel. My psychiatrist concluded that I was “persecuted”.

Past harassment has also included the application of substantial head pains (avoidable by movement), disorienting lights and stroboscopic flashes, intense skin itchiness, theft of belongings (minor), laser and maser assaults to my eyes, selective vision impairment, apartment intrusions the day after the locks were changed, disruption of sleep and all regular diurnal activities.

For a current diary of harassment and related outcomes, see my blog at; [www.tiworld.blogspot.com](http://www.tiworld.blogspot.com). There has been absolutely no relationship to the attempted clinical remediation with the application of these intrusive phenomenon.

I am submitting this letter in support of others that describe like circumstances for investigation to identification and arraignment of the responsible criminal party that is applying this harassment and violating my, and others, civil

rights under Canadian and International conventions.

**29/10/08**

I have over the last year experienced harassment from the groups outlined in the mind control forums. I have had voices taunting, insulting and threatening me. At the early stages of this process I also had people following me with a view to intimidation. I understand although as far fetched as it may seem, my mind has been read also to prey on my insecurities and thoughts. I am 'wise' to this now but the threats and insults continue. I am convinced there is at least one implant in my head as I recently used strong magnets to try to locate these devices and encountered resistance around the cartilage within the ear and also the sinus area. I really want to take action but unfortunately have been marginalised being diagnosed having a psychotic episode after my initial reaction to this horrendous treatment.

I am determined to remove these implants and am considering ways in which to locate/disable these devices. Do you have any advice?

Yours sincerely, John Hughes.

I spent yesterday evening at a wedding rehearsal talking with a team of satellite financiers. They explained to me that satellites can cover every inch of our planet. I believe that I experienced this first hand during the summer of 2008 as I ventured into the most remote areas of US waterways -- I have been tracked and tortured for 15 years. If the perp's motivation includes tracking targets and learning more about remote tracking systems, I wonder how the cruel torture that accompanies this tracking can be justified.

I feel for elephants and tigers who are shot with tranquilizer guns and tagged -- I, too, have met this fate. However, as a human being, I have, also, consciously dealt with the inhuman abuses that accompany this abuse from the immoral trackers of human targets.

Harassment with Electronic Systems

I am sending you a brief history of my stalking and harassment experience.

I have been 'stalked and harassed' with what seems to be an 'electronically programmed system' very similar to what you and others have clearly described in detail on your website and others. I have experienced extreme distress and pain from what seems to be a 'form of tracking and harassment' for over 13 years. The overwhelming and devastating harassment began with a neighborhood dispute. During the time following the initiation of the harassment and stalking, my health and well being deteriorated considerably, due to electronic probes directed towards various parts of my body, including my heart and brain.

I have completed numerous examinations with medical professionals in my efforts to find a diagnoses and treatment plan. Seven years ago I was diagnosed with Post Traumatic Stress Disorder (PTSD), although the therapist who gave me this diagnosis did not attribute my disorder to electronic torture and did not believe that such a system

exists.

My doctors, friends, and family express disbelief in relation to the possibly that such a system could exist. This disbelief, by important people in my life, contributes to my sense of isolation and hopelessness and makes this description very difficult for me to submit (knowing that I will certainly be met with disbelief).

I sincerely hope that electronic tracking and harassment will be exposed and stopped.

Thank you for your efforts to expose a form of harassment that certainly threatens our national security.

The perps will always try to disinform so ignore any negative info or change of address.

If we could find an "Israel" like Cuba to offer us medical assistance and a safe haven it would be good. We are all experienced with perp action and if the Cuban government would pass a death penalty to convict the torturers then we could identify, apprehend, interrogate and execute the torturers as a lesson for the world to learn!!!

Expect the perps to persuade you not to consider this.

Please include my name :Mark Iannicelli.

I have often thought about us victims forming an organization and establishing our own "Israel" and sending out hit squads to kill these modern day nazis like Dr. Jose M.R. Delgado and son and grandson who immigrated here from Rhonda Spain.

My name is on mindcontrol forums.com

The energy weapon seems to be directed at my kidneys while the perps (F.B.I. , SECRET SERVICE u.s. Marshalls, A.T.F. , U.S. Dept of Commerce ,Science and Transportation, U.s Customs, Homeland Defense ,Dept. of Corrections ,Army, Navy, Air Force and Marines etc all get grants from the government of the U.S.A. to torture and murder us. Me, since December 1989.

My email will be disinformated by the perps but please tell me where I can get help.

My name is Edmund Igberaese, an 18-year -old TI of African descent living in Centennial, C.O.; and I write to inform you of my story, which is detailed in "MyStory.rtf." Further, yesterday, my torture heightened. I am shocked constantly while I am in the house, especially when I try to perform my favorite acts, such as reading and praying; my heart beats much faster than normal; I sometimes hear ringing in my ears; I constantly feel as if I am burning, regardless of the fact that I maintain a humid room; and I have no room shielding because my mother, who does not believe that organized stalking and remote electronic harassment exist, removed the aluminum foil covering my window . I fear for my life, and I do not know what will happen in the near future. Thus, I have decided to give you as much of my evidence as I possibly can so that somebody would know my story if anything were to happen to me. I hope that you would show the Netstat Logs to someone familiar with computers since these logs prove that I have been monitored online by virtually the same set of people since July 16, 2011, at the very least. I also have a journal that I have used to record everything that has happened to me since 2009; and I hope that this journal would eventually be shown to the relevant people. Further, I am very grateful for your support, and I hope that someday, somebody would be held accountable for our torture.

#### **My Story**

My story begins in Aurora, Colorado. It is May of 2009 , and I wear a robe befitting a recent high school graduate. I am a 16-year-old boy of African descent so blessed with gifts that I managed to finish high school as 5th in my graduating class of over 400 students. I feel ecstasy, standing here, on sun-beaten concrete and with fellow graduates. I begin to imagine a beautiful future at Dartmouth College, a prestigious school on the East Coast; and for a while, I believe that my life would be perfect henceforth. I am wrong for believing so, but I am callow so I am right. Now, the scene morphs into that of a boy alighting a big, green bus and stepping on the Dartmouth Green for the first time. Teeming with ambition and excitement, I am convinced that I will succeed in this place resplendent with powerful intellectuals and a long, rich history of excellence. I am wrong for this conviction, but I am callow so I am right. The terror begins soon after orientation. I feel as if my reality is not quite right. Fellow students who previously supported me mock and spitefully laugh at me. I walk to my place of student employment, and I am aware of a particular group of people following me and laughing at me from nooks. Sometimes, I hear laughter apparently from nowhere but always at particular places. I am harassed daily, especially while reading in Baker library and using library computers. Being of a solitary nature, I make few friends. Yet, somehow, it seems as if the entire school is acutely aware of my person. Sometimes, I imagine that I am punished for wearing certain clothing articles, such as the "non-hip-hop" ones. Yet, I would see a student with black skin and my type of clothing walking calmly in front of me and apparently not harking the loud guffaws of which I hear. I am confused and subtly enraged by this inequality; and I am even more confused because I think that I piecemeal venture into insanity since I hear sounds apparently from "nowhere." Moreover, I would see people performing incongruous acts: one minute, they are perfectly supportive and affable, and the next, they spitefully and spontaneously laugh and mock me. *What happens to me? Am I crazy?* Sometimes, I would almost collide into someone while walking, but there would be something peculiar about the near-collision: something orchestrated. At first, I dismissed these feelings, but the "near-collisions" became more frequent and often occurred at particular locations. *Am I crazy?* Then, groups of people began waiting for me and laughing at me upon my approach. Yet, there was something mysteriously systematic about their laughter: it appeared to be very well-timed. I would hear the loud guffaws, and when I would try to confirm them by looking at the group, its members would start speaking in hushed tones. I began to doubt that they laughed at me, regardless of the sometimes sorrowful countenances of passersby. I began to doubt myself.

It is midnight of March 30, 2010, and I lie on a bed in hospital attire. My heart beats fast and incessantly, and I panic at the slightest chuckle. I hear people walking towards my room and laughing, sometimes asking : "Is he in there?" Yet, I was apprised of the near-vacancy of the infirmary. Further, the sounds of approaching feet seem unnatural, somehow. The sounds seem mechanically repeated. I think: *I am crazy*.

I leave Dartmouth, and I swear never to return. It is May of 2010, and I begin to take classes at the Community College of Aurora. Yet, I continue to believe that my reality remains disturbed. I would sit in a class, and I would hear laughter from another room. Yet, it would seem as if the laughter were paired with my actions. I would raise my hand, and a familiar auscultation of loud guffaws would commence. I would walk past a certain room, and I would hear laughter, regardless of the ostensible absence of people. Again, I think: *I am crazy. But how is it that I feel- in spite of an apparent distortion of reality-sane? How is it that I continue to receive excellent grades in my classes? How is it that I continue to function well?*

It is the Summer of 2011, and I read an online article pertaining to gas-lighting and David Lawson's book Terrorist Stalking in America. I read about the plight of a Latino student in the University of Texas-Austin who was systematically mobbed, discredited, and gas-lighted. The student provides profuse details to which I can relate. The more that I read about organized stalking and gas-lighting, the clearer my reality becomes.

It is November of 2011, and I sit behind a Howard University computer reading about audio spotlight technology and subliminal acoustic manipulation of nervous systems. I recall that for a very long while-at least, since my arrival at Carver Hall in October-I have felt arcane "pin -pricks" and somatic vibrations coupled with my intellectual acts, be they turning a page of a book or lifting a dictionary. Then, I begin to research the more general topic of remote electronic harassment at this public computer as I have had to buy three eventually compromised computers in two years. I read of directed sound, and I recall the wild, inexplicable pounding that would follow me anywhere that I would venture at Carver Hall. This sound would become most acute when I would try to read. I recall this, and I begin to record the inexplicable oddities of my reality. Once, at the I-lab, I felt as if the girls sitting at adjacent computer terminals were privy to the words that I would type. I would hear chuckles and subtle guffaws when I would polish my diction or create citations. I recorded the paired laughter with my phone, and I recorded much, much more.

It is the evening of November 13, 2011, and I return to my room after showering. I enter, wear my clothes, and search for my phone in order to create another audio log. I locate the phone, hit the "record" button, and read the message: "Can't record without an S.D. card." I frantically search for this card, which contains over 100 items of evidence of organized stalking, and I cannot find it. While searching, I notice that the bottom of one of my briefs had been ripped. Nevertheless, I panic, having lost virtually all of my evidence. In despondency, fear, and overwhelming perplexity, I write this note:

11/13/2011

I feel as if my heart's screaming. I am tired. I am very tired. Somebody wants me to have a mental breakdown or to kill myself. Even as I write, I hear the pounding and other unlikely noises. I do not know how many people I can trust. Somebody entered my room today and took my phone's S.D. card. That card had pictures and videos that could prove malicious intent. And now, not only do I not have these, I cannot capture or record with my phone. It would appear that I have been beaten. And an average man might simply acquiesce. But I have begun to realize that I am not average. and with the strength of truth and spirituality to support me, I am very determined to find justice. *God, save me.*

Upon completion, I take the note to Brian Higgins for his signature. Unbeknownst to me, however, Higgins interprets this note as evidence of a suicide-in-the-making. The next day, I find myself participating in a psychiatric evaluation, diagnosed with a mental illness, and confined to a psychiatric ward. I am 18 years old.

It is November 21, 2011, and I hold in my hand a prescription of anti-psychotic medications appertaining to my "delusions" of organized stalking and remote electronic harassment. I call my mother, and she is worried. *What went wrong? The devil's after you.* I leave Howard for Thanksgiving and never return.

It is November 25, 2011, and my uncle, my brother, and myself are subjected to "brightening" (the systematic activation of vehicular high-beams in daylight) and directed sound for the preponderance of our journey from

Washington, D.C. to Centennial, C.O. I see anger and perplexity on the faces of my relatives, but I am forced by my oppression into silence. I am terrified, tortured, and massively uncertain. Thus, I pray, and I pray well. *God, please, save us.*

It is December 26, 2011, and I write this document with zest. I am not crazy, regardless of what the members of my family covertly think. I have kept a journal ever since 2010, and in this journal, I have sought to comprehend my beleaguered reality. I have also contacted fellow targeted individuals in the Denver area. I am now a victim of daily microwave assaults and gas-lighting, and sometimes, I would feel an engulfing heat apparently from "nowhere." Brightening occurs daily, and financial constraints are more prominent than ever. Still, I pray. I pray for my salvation, the salvation of all TIs, and the salvation of humanity in this new, state-sponsored terrorism encompassing all N.A.T.O. nations. In addition, I continue to record. *Somebody must know what happened to us. Somebody must know the truth.*

**13/7/13**

I attached an updated, unofficial affidavit/case summary, and I hope that you would include it in your files. I continue to support you in whatever way I can.

### Key Points

Junior-Senior Year, Gateway High School, Aurora, CO (Summer of 2008-Summer of 2009)

Sometimes in the Summer of 2008, when I would run early in the morning (between 5:00am and 7:00am) while practicing for Cross Country, I would experience guffaws apparently from a car driving on Mississippi Avenue and near the intersection of Buckley Avenue and Mississippi Avenue, Aurora, CO. These guffaws would always be experienced from the same car at the same area (near the intersection, with the car seemingly moving along my direction towards the intersection from Mississippi Avenue and Uravan Street, Aurora, CO). Further, the occupants of this car were almost always two younger, white males (apparently). It should be noted that I lived near the U.S. Buckley Air Force Base on Buckley Avenue and Alameda Drive, Aurora, CO, and this base is apparently a major satellite command center in the U.S; [06/10/2013 Update] not only that, but both the U.S. National Security Agency (N.S.A.) and the Central Intelligence Agency (C.I.A.) have since moved their domestic divisions to Aurora, CO (the N.S.A.'s domestic division moved to the Buckley Air Force Base's Aerospace Data Facility in 2006 and the C.I.A.'s domestic division moved to an underground location beneath the Denver International Airport in the Fall of 2011; mysteriously, I could not find on June 10, 2013, the original *Washington Post & Denver Post* news articles mentioning the N.S.A.'s move in 2006: <http://www.informationclearinghouse.info/article11733.htm>).

Sometime in the Summer of 2009, while walking across the street from Copper-Ridge Town Homes (my previous residence), I saw a relatively young (20s), white male in a car that appeared simple (a "rugged" picture), and he smiled a unique smile as he saw me: there was something terrifying about it. In summary, I sensed a peculiar form of danger, and I realize that this is one of the first occasions in which I did so.

[05/21/2013 Update:] Incident at Boston-Logan Airport on my way to Dartmouth College (09/2009)

I recall an incident at Boston-Logan Airport (vividly recalled in August 2012) in which two individuals, one an African-American male and the other a Caucasian male, walked past me while I awaited the "Dartmouth Shuttle" on my way to the College from Aurora, CO, and entered a nearby booth, only to begin laughing together apparently in a conversational manner. However, for some reason, I also recall that I was especially sensitive to their laughter, which appeared to me to be somewhat malicious in intent. This appearance was confusing given the fact that I did not know anyone in Massachusetts or New Hampshire, and it was even more confusing as I felt silently as though my entire environment was somehow hostile to me. As I recalled this in August 2012, I consider that there may have been more to the incident than I could grasp, given my ignorance of what is now popularly referred to as "gang-stalking" or "organized stalking."

**Dartmouth College** (09/2009-03/2010)

I began to notice harassment from the same group shortly after the first day of my Work-study position at a popular eatery in the college ("Home Plate") in the Fall of 2009. As I would walk towards the restaurant, I would often

observe the same group of young, white males at similar positions (often in shadowy locations that are barely visible in dim lighting at night) emit loud guffaws upon my approach as I would pass by, and later, a group of who appeared to be senior students, most of them male, would be seen in precise locations that would be part of my daily route (often in a certain corner of "The Green" on my way to the hall for Hinman boxes during the early morning in order to obtain food from a restaurant in that hall). As time progressed, guffaws paired with my approach in multiple locations in the school (often from the same group) increased in frequency, culminating in my decision, on the same day after my return for the Spring 2010 semester, to leave the school. It should be noted that, as evidence of bullying at this school, I spent the last night at Dartmouth College in a hospital ward. [05/21/2013 Update:] Moreover, it should also be noted that harassment may have begun even before my first day of work, but I cannot recall clearly details of such harassment (details may be in my journal entries, however, which began on October 12, 2009).

A specific time-day-when I felt a sudden "change" in the atmosphere of the school (covered in a journal entry either in 2009 or 2010) as this change appeared to be antagonistic towards me. [05/21/2013 Update:] According to my journal entries, this may be either 02/25/2010 or 02/26/2010, the latter being the more likely: "...I feel as if I have been ostracized from society...I feel as though the people who...supported me have turned spiteful..." (journal entries may be seen on [edmundjournal.blogspot.com](http://edmundjournal.blogspot.com) and storage containers for logs) [06/01/2013 Update] I have now learned that on February 25, 2010, students on campus were protesting against racial hatred in Greek Fraternity organizations (demonstrations that were reported in *The Dartmouth* newspaper/online student website against racism and sexism in these organizations were unknown to me as far as I can remember).

Sometime in the Winter of 2009-2010, I entered a café on the ground (basement) level of Baker library, Dartmouth College, and as I did so, a white male, apparently a student, passed by and stated in a manner evocative of slight sympathy and more general resolve: "the purge is coming." Although I did not think too much of it at the time, the words stuck in the back of my mind, and in late 2012, I begin to seriously consider F.B.I. whistle-blower Ted Gunderson's confession to [nowpublic.com](http://nowpublic.com) journalist Vic Livingston in 2009, which suggested that high-level officials of the U.S. Intelligence structure, along with prominent private contractors, such as Lockheed-Martin and Raytheon Corporation, have begun a "tax-payer funded, genocidal purge of American society." I may have been one of many victims of this purge, which may also involve covert ethnic cleansing from educational institutions and certain locations.

A mysterious night in my memory: Sometime during my stay at Dartmouth College, I found myself waking up to an unlocked door. This incident is notable as I often lock the door of my dormitory shortly before sleep. Moreover, I cannot recall-and could not recall then-what happened over the course of the night before.

A second mysterious night in my memory: Sometime in the Winter of 2009-2010, as I approached the basement entrance of Baker Library, Dartmouth College, from Russel-Sage Hall, I observed a young, white female and a young, white male, the latter's face being very obscure, leaning on a blue car and somehow evaluating me, as though I were expected. There was something on the young, white female's face that I find difficult to ignore: an expression suggestive of the phrase: "you don't know what you're in for."

Terror shortly before leaving: Sometime in 2010 (a journal entry in the morning exists for this day: [05/21/2013 Update:] this would be the 03/17/2013-Morning entry), after returning from running around "The Green" early in the morning, I returned to my dormitory on the second floor of Russel Sage, Dartmouth College; shortly after doing so, I experienced a conversation apparently from a group of young, white males on the ground level below (outside: near the back-entrance to Russel Sage Hall). I distinctively remember the terms, "...kill this nigger..." and "no...let's go back..." and I thought at the time, as evidenced in a journal entry, that I had a guardian angel watching over me. After "let's go back," I experienced the movement of feet from the group turning in the opposite direction (towards what appeared to be a fraternity dormitory opposite Russel Sage Hall). I should note here that I previously lived in Choates Hall before moving to Russel Sage Hall; and I left Choates out of a sudden, out-of-character disagreement with my room-mate, Jacob M., from Massachussetts. [05/21/2013 Update:] I should note that in January 2013, Choates Hall, Dartmouth College, gained publicity when a racial slur appeared on a public post board on Martin Luther King, Jr. Day (this day celebrates the famous mid-20th century civil rights activist that fought for racial equality).

Incident at Denver International Airport on my brief return to Dartmouth for the Spring 2010 term: After leaving my family at the ticket-area of the Airport and while on a downward escalator towards my terminal, I experienced especially loud, continuous guffaws apparently from a group of older white males as I moved towards the

restaurant in which they resided (an average age of 20-40). I realize, in November 2012, a possible importance of this incident: the U.S. Central Intelligence Agency, the premier intelligence agency in the nation, announced in 2009 its intent to move its official headquarters from Langley, Virginia, to an underground location in Denver International Airport, Denver, CO; the group of older white males may not have been innocently residing in that restaurant.

Final return from Dartmouth College on/around 03/30/2010: [From the 11/29/2012 Events Log:] "[9:34pm, RMYHP-kitchen section, Denver, CO:] "...[recollection] This morning, I recalled a memory from 2010 that may help in unraveling the true nature-source-of my victimization: in the Spring of 2010, when returning from Dartmouth College for Spring Break, I saw two people, a boy with dark hair and a girl with blonde hair, who I posited to be Dartmouth students (I believe that I had seen them on the Dartmouth Shuttle) returning along with me on the same flight to Colorado, and I last saw them at the airport, where they initiated guffaws upon my approach and while sitting down and writing in the airport. This memory may be the link between Dartmouth College and Colorado, and it may explain the presence of mysterious youth seen often in 2011 in a large, black car with tinted windows that would always come to the Smoky Hill & Picadilly Park-n-Ride approximately 5 minutes after I had arrived there in order to read (they would not do anything save look around, and I saw once a device in one of their hands: what appeared to be a computer)...."

[06/07/2013 Update] When initially writing this affidavit, I forgot to mention that I learned later in 2010, while reading some books from the website of the Central Intelligence Agency (C.I.A.: I was interested in the field of intelligence gathering), that Dartmouth College is a significant recruiting ground for the C.I.A.

### **Community College of Aurora (05/2010-05/2011)**

A series of significant incidents in 2010 and early 2011, often involving mysterious harassment while in class at the Community College of Aurora (guffaws apparently from nowhere paired with the raising of my hand in class), culminated in my realization, during the summer of 2011, that I was a victim of organized stalking.

[Workplace mobbing at the Financial Aid Office] While working at the financial aid office in the Community College of Aurora-Aurora, between September 2010 and December 2010, I experienced what appeared to be workplace mobbing, in the form of loud guffaws experienced often while indexing files in an office-type room and anytime that I would leave the office to speak with other staff. I believe that these sounds were not "in my head" as other staff members, especially a black female attendant, would often look at me with red, sorrowful eyes as I approach her, and Andrew Marah, my supervisor, displayed a gradual reserve (sometimes hostility) towards me as time progressed. Further, a recall one incident in particular that did not seem to be significant at the time but of which I have recently thought differently: As I walked towards Andrew Marah's office sometime in the morning, I saw a white male sitting on a chair in a separate office and looking up in a sort of evaluating manner as I approached. He struck me as someone who would not be too friendly, but what I most distinctively remember is a sense of danger as I passed him: the manner in which he evaluated me is not easy to forget. Regardless, A similar, less significant form of what appeared to be mobbing was experienced during my Work-study position at the Community College of Aurora-Lowry's Microbiology department between February 23, 2011, and May 06, 2011: here, I experienced guffaws apparently from older, white males and senior students while working with a laboratory coat who would seem to stand by the closed door and look through its window in a somewhat gaping manner.

[05/21/2013 Update:] As a side note, the Community College of Aurora-Centretech Campus, wherein my financial aid work-study position was located, rested in between both Lockheed-Martin and Raytheon headquarters in Aurora, CO, these being two defense contractors that, according to now targeted mainstream journalist Vic Livingston of [nowpublic.com/scrivener](http://nowpublic.com/scrivener) and [viclivingston.blogspot.com](http://viclivingston.blogspot.com), are influential in the development and use of the Radio Frequency Directed Energy (R.F.D.E.) system (involving mobile phone towers and base transceiver stations), which was alleged by now deceased F.B.I. whistle-blower Ted Gunderson to be the main weapon used in the targeting of innocent civilians by rogue government operatives for electronic harassment and torture. Further, I later learned (in 2012) that there exists a National Security Agency (N.S.A.: Gunderson mentioned collusion between rogue operatives of the F.B.I., N.S.A., and major defense contractors) base in Aurora, CO, and that the headquarters of the U.S. Central Intelligence Agency (C.I.A., notorious for non-consensual experimentation and mind-control research uncovered in the 1975 Senate Intelligence Committee hearings: "Year of Intelligence") moved from Langley, Virginia, to Denver, CO (apparently beneath the Denver International Airport: D.I.A.) in the Fall of 2011. Moreover, Lockheed-Martin, the aforementioned contractor, is also active in Littleton, CO, and the North American Aerospace Defense Command (N.O.R.A.D.) is also based in Colorado. Now, I do not mention of this in an attempt to claim that I am victimized by these entities: I merely do so in order to reveal a previously

unknown (by myself), strong military presence in Colorado. It may be that I had been targeted to some extent before arrival at Dartmouth College

### **Father's Funeral in Nigeria-Mysterious Incidents (December 2010)**

Other mysterious events that would often leave me confused, terrified, and largely uncertain. Some of these events occurred on a trip to Lagos International Airport, Nigeria, from Denver, Colorado, U.S.A, for my father's burial in late 2010. While at an airport in Atlanta and awaiting a connecting flight, I experienced guffaws apparently from a white male who struck me as being somehow familiar, although I could not recall the memory. This same white male and an apparent colleague appeared to follow me as I left the airport terminal in Lagos, Nigeria, and he seemed not older than 30 years of age. For some reason, it appears that I, in spite of the presence of my family, was the target of his psychological rage, but I could not understand this even though a mysterious familiarity was felt by my person. This series of events that occurred on my trip to the Lagos airport, along with others, stimulated a sense of awareness of some massive shadow hovering over my life.

### **Discovery of victimization, cyber-stalking, and mysterious youth (Summer of 2011)**

This discovery was greatly stimulated by the youtube.com accounts of a Latino student at the University of Texas-Austin, who commented on systematic gas-lighting and racially biased mobbing of certain minorities at UT-Austin. Then, I discovered the work of scientist Leuren Moret, who spoke of a similar but much larger situation at the University of California-Berkeley. I later discovered the plight of Damon Thompson, a black student from Belize who attended the University of California in 2009. In the Spring of that year, Thompson stabbed a white female student five times in a science laboratory and was imprisoned for doing so, and this incident was well documented in the mainstream press. What is left out of the documentation, however, is the fact that Thompson had filed several harassment claims against that female student and a group associated with her before the incident; moreover, Thompson reported to a teacher that he was being harassed while taking an exam and that he thought the teacher was harassing him somehow ("I thought I heard you say, Professor Frank..."; I considered that a similar incident with me at the Community College of Aurora-guffaws from nowhere paired with the raising of my hand-may have plagued Thompson; mercifully, I am now cognizant of directed sound, which apparently maintains five different types of induction mechanisms). Thompson's mental health was significantly questioned by the mainstream press, which popularized the comments of his professor and a "Threat Assessment Team" that concluded that Thompson was mentally ill. Claims of harassment from the same group, however, went unreported. I later discovered the case of Ronette Ricketts, a black English teacher in a New York high school who significantly damaged a fellow, white teacher with a hammer several times in front of students in what was reported to be a "psychotic break." In one of the "comments" of the news story covered in an online article, however, someone reported that Ricketts had been frequently harassed-bullied-by this same teacher on several occasions before the incident. Then, the case of Lashanda Armstrong, a black mother who suddenly drove herself and two of her kids into a river for no apparent reason, was again partially documented in the news. Shortly before the incident, Ms. Armstrong had reported that lights were turning off and on mysteriously in her home and that someone had torn pages from her diary. As I considered these cases, all of which involve formerly, relatively successful minorities found in devastating situations reported by the mainstream with a psychological bias against them, I began to consider that I am only one of many victims of a nation-wide scheme of ethnic cleansing conducted with apparently U.S. intelligence techniques and apparently made incredulous by the presence of a black president in office, one whose mother (Lily Ann Soetero) was a C.I.A. agent based in Indonesia and whose mentor in Law School retained C.I.A. Top-secret security clearance. I consider the statement of a U.S. political commentator whose name I cannot recall: the small secrets are those kept hidden; the larger ones are hidden by public incredulity.

Cyber-stalking: After performing further research on victimization, I found Private Investigator David Lawson's book, Terrorist Stalking in America. It deserves noting that upon finding that book online and while trying to purchase it, my Google Chrome web browser crashed suddenly, the first of a series of instances of cyber-harassment extensively detailed in netstat.exe logs that would follow me into 2012.

Mysterious youth: In early-mid 2011, I began to notice a strange, black car with tainted, darkened windows that would arrive at the Smoky Hill and Picadilly Park-n-ride in Centennial, CO, nearly always three-seven minutes after I arrived there while seeking a quiet place to read in a car; and on all occasions, at least one white male, not older than 25 and likely around my age at the time of 18, with a black hoodie would come out of the car to, apparently, scan the area, before returning (as though keeping track of something) into the car, encircling the area for a while, and leaving, never once using a bus or purchasing anything from a nearby supermarket. Further, I recall

that each time the male would come out of the car, he would have a device in his hand, and although I would like to state "computer," my memory fails me at the time of writing this. [07/09/2013 Update] I recently learned, while reading Gloria Naylor's 2005 book 1996 (p. 57 of the hardcover), of a possible connection between these mysterious youth and the U.S. National Security Agency (N.S.A.): "The Boys are young recruits who have graduated from the high school on the NSA campus. They have been groomed in undercover work, and are attending various colleges throughout the nation. They are used as informants in their schools now..." (Naylor is an African-American novelist whose relation of organized stalking and electronic terrorism could only be published as "fiction," in spite of its truth). Moreover, as I learned of college-aged N.S.A. informants, I recalled once reading of the ability of N.S.A. informants to harass and control the lives of innocent citizens in a summary of a 1999 lawsuit filed by N.S.A. whistle-blower John St. Clair Akwei (interestingly, Akwei's revelations of the deployment of classified weaponry on innocent civilians by some members of the agency strongly resonate with experiences in 2012 detailed later in this document); and I considered that the "mysterious youth" may have been more significant than I had previously thought.

#### **Howard University (08/13/2011-11/25/2011)**

October 2011 Phone Call in Washington, D.C.: I attended another university on the East Coast (Washington, D.C.) in the Fall of 2011. At first, I lived with a Washington, D.C., resident, Tricia Richardson, obtaining a reduced rent in exchange for help with childcare. It was during my residence in this lady's house that I received a phone call from a familiar, female voice who at first stated: "Hi, Eddy." I experienced snickering in the background, and other members of the apparent group of who appeared to be students began to speak. The voice was familiar because I recognized it as being that of a girl who had lived on the second floor of a residence hall in the first East Coast, elite school that I had attended in 2009. Further, I also recognized the voice of one of the males, but I could only associate the fairly blurry memory with evil. It should be noted here that this phone call was witnessed by one of the sons of the lady in Washington, D.C., and I even quietly asked him shortly before terminating the call to seek his toy recorder, which captures sound, in order to record the conversation.

"Pounding sounds apparently from a vacant unit unheard by others and wrongful hospitalization": Unfortunately, after one week in October 2011 of mysterious, especially reckless and unfortunate events, some of which I still cannot fathom, the D.C. resident, who told me that she thought that I retained a personal hatred for her, decided to terminate my stay, and on 10/24/2011, I sought a now available (unavailable during my late application in the Summer of 2011) room in C- Hall, H- University, Washington, D.C. Over the next month, between 10/24/2011 and 11/25/2011, I came to realize that organized stalking, which, as I discovered one day in a computer lab, is only the proverbial "tip of the iceberg" of my situation, would follow me to whatever state to which I venture. I found myself again confused and terrorized while online; moreover, I began to notice what appeared to be remotely delivered shocks and loud, offensive pounding sounds paired with intellectual acts, including the lifting of a dictionary or the turning of a page while reading. Mysteriously, these sounds appeared to be localized in my residence hall, and they would appear to follow me, with the same intensity, as I would move between levels of the residence hall. At night, I would find myself terrified of lying down because I would recall the sounds, and in leisure, I would go to a corner of the C- Hall basement, praying and finding that the loud, offensive sounds would return shortly after my visit to this area. It should be noted here that I began to record, while residing at H- University, as many instances of harassment as possible on a cell-phone's S.D. card, and by 11/13/2011, the day in which I could not find this card after returning to my dorm from showering, I had obtained over 100 items of evidence, including photos, videos, and license plate numbers of cars that would initiate uncomfortable acts, such as the blaring of loud horns, the repetitive, excessive (experienced virtually every day) flashing of high-beam headlights during daytime and without an emergency upon my approach, and others. On the same day, after noticing the disappearance of the S.D. card, I wrote a note that was wrongfully interpreted as a suicide letter by the Graduate Advisor of the Residence Hall, B- H- (curiously enough, the note ended with "I would survive...I believe in God...", terms that I find difficult to see as indicative of pre-meditated suicide); and the next day, 11/14/2011, I found myself ushered into a psychological ward and diagnosed with clinical depression after speaking of "directed sound" and the "Holosonics Audio Spotlight" system easily reviewed on holosonics.com during a meeting with a university psychologist. Over the course of the next week, 11/14/2011-11/21/2011, I was given medications that truly gave me mental illness, as I found myself zombie-like after the ingestion of "Haldol." It deserves noting that I later discovered, while in a homeless shelter in the year 2012, that the diagnosis was changed to schizophrenia; however, I should also note that that which likely prompted the diagnosis, the auscultation of "sounds unheard by others," was validated by multiple Olympus WS 600 recordings taken between September 2012 and November 2012 (loud pounding sounds apparently from a vacant unit, mysterious, high-pitched laughter apparently from this vacant unit above mine heard by my case manager, Stacy McDonald). Returning to chronology, on 11/21/2011, I

was discharged from the ward, accumulating a massive hospital bill that I, having not being awarded financial aid for the Fall of 2011 out of a series of mistakes and persistent forgetfulness on my part, found myself unable to pay. Regardless, on Thanksgiving day, 2011, I returned, with the help of my family, to Colorado, but echoes of the past, which were soon discovered to be real, returned.

November 2011 Phone Call in Washington, D.C.: On the morning of 11/14/2011, shortly before I spoke with a psychologist in the counseling office at Howard University and subsequently found myself committed to a psychiatric ward, I received a phone call from an unknown number, but I did not respond. This number called twice or thrice, the memory being blurry, and I thought at the time that it was from someone related to the source of my victimization, trying to prevent me from seeing a psychologist, telling the truth, and becoming validated. I consider now, after my experience at Howard University, that the call may have been an attempt, out of a highly unlikely "conscience," to warn me against telling the psychologist of victimization as somebody experienced in this field would know the most probable result: psychiatric commitment. However, as I find it very difficult to believe that whoever does this retains a conscience, I also consider that the call was part of a script used with the intent of inducing more uncertainty and stimulating regret after the fact (perhaps, I was influenced not to take the phone call simply for the regret, while in the hospital, of not doing so). The number, by the way, began with a "2" (this is what I can recall).

[05/21/2013 Update] I forgot to note as well that also sometime while residing in Carver Hall, Washington, D.C. (between 10/24/2011 and 11/25/2011: I had moved to the second room opposite the first [still on the second floor] assigned for reasons that, upon recollection, may have been more significant than I realized [I recall a heightened sense of anxiety prompted apparently by the appearance of an endlessly hostile environment, this being from individuals apparently crossing my door and initiating laughter as they did so; having discovered and recorded artificial, tape-like signatures of "Sound Type V-laughter," however, I consider that these, even possibly some of those at Dartmouth College, may neither have been normal sounds nor hallucinations [apparently directed sound]), I awoke again, as I once did at Dartmouth College, to a mysteriously unlocked door; this time, however, I faintly recalled a scene of myself opening my eyes while turning sometime during the night and seeing the figure of a tall male above me.

### **Transition to Homelessness (11/25/2011-02/23/2012)**

As I drafted my first blog post on 12/26/2011, I did not know that in a few months, I would find myself homeless in Winter, with nothing save a wrongly taken car and a few items to protect me from both nature's wrath and the depravity of a sociopath, evidenced by the increase in intensity of shocks to my thighs and other areas while trying to sleep in a frost-bitten car. Homelessness, which began in the early morning of February 23, 2012, was stimulated by a late February 2012 phone call from a "Jackie" to my mother's house, during which my mother was informed of my online testimony on [freedomfchs.com](http://freedomfchs.com). On the 21<sup>st</sup> of February, I found myself temporarily homeless upon my return to my mother's house from my uncle's house, as she fumed over my "crazy ways" and later stated (after my return from temporary homelessness at night stimulated by my uncle's intervention) that...

[A Mysterious Dream]...she had experienced a dream in which she saw these events unfold over the night of 02/20-21/2012.

Homeless in Winter: The relationship, however, already deteriorated by years of apathy and other troubles that apparently stemmed from my father's death, was not to be mended, and in the early morning of 02/23/2012, an enraged mother entered my room and evicted me from her house as she saw me praying with metallic items, which proved valuable in shielding from remotely delivered shocks (a metal-mesh cage, in particular, appeared to eliminate the experience of these shocks, and a copper-wire based grounding cord gave me the sense of control, delivered via the sensation of significant amounts of current entering the wire from my body). It deserves noting that my mother and I had often engaged, throughout 2010 and early 2011, in bouts of rage that, in hindsight, seem incomprehensible to me. On the 23 of February 2012, however, I at first stormed out of her house, only to return to beg her, kneeling and pleading that she consider the possibility that I had been telling the truth about organized stalking-even referencing the case of South African victim Pat Burhan and thousands of others. I begged, and she listened with a mind intent on one word: "crazy." I left her house with a car that was eventually vandalized on a later date in February while parked near a homeless shelter (no item was taken from the car) in the city of Denver, Colorado. At this point, it must be stated that before the entire ordeal with my mother in late February 2012 and my ensuing homelessness, I had previously intended, having maintained contact with multiple targets in the Denver-metro area, to attend a frequency scanning session initiated by activist Jesse Beltran on February 25, 2012, which

may have revealed unusual radiofrequency readings emanating from my body as has been reported by numerous targets and evidenced by discoveries of implants in more notable cases, such as those of Jesus Mendoza Maldonado, Bob Boyce, Colorado's Mark Storey, and James Walbert, to name a few. It should be noted with emphasis that homelessness primarily stemmed from my mother's disbelief of my claims of organized stalking and remote, electronic harassment, claims further supported over the course of 2012 as I began to better record incidents of harassment in journal entries, hardcopies of which would be apparently stolen on 01/03/2013 (an overnight digital voice recording for approximately 8 hours revealed notable movement of feet and other notable movements within the unit, culminating in what was experienced as a closed door, while I snored in the background), audio recordings and other supporting data for the occurrence of notable, mysterious incidents that would somehow not be supported by hallway cameras digital voice recordings with frequency analysis revealing the occurrence of encrypted audio and other types of apparently directed sound, as well as remotely delivered shocks and a unique type of sound characterized by fast, indiscernible streams of human chatter and its singular display only in periods of swiftly rustled mylar, netstat.exe logs revealing ongoing cyber-harassment, and photos of spoofed web-pages and other forms of computer network operations.

#### **Urban Peak Homeless Shelter, Denver, CO (02/24/2012-06/06/2012):**

I stayed in a homeless shelter for over 3 months beginning on February 24, 2012, during which time I would record instances of harassment from a group near the male dormitory's window at night when I would be the only one in the dormitory or elsewhere in which I would find myself alone. Mercifully, I was assigned an available unit in one of the shelter's transitional housing programs on June 06, 2012.

[mysterious dream or recollection] Sometime between March 01, 2012, and June 06, 2012, I awoke in the shelter with a scene embedded in my mind: that of myself apparently lying down in a seemingly senseless (zombie-like) manner and being injected with something by an older, white male stating: "almost done." I could not-and cannot in November 2012-recall my whereabouts or further details concerning the scene.

#### **Rocky Mountain Youth Housing Project, Denver, CO (06/06/2012-):**

[Incidents in June 2012] On one day in June 2012, while returning to the unit from Makola African Market on Clinton Street and Montview Boulevard, Aurora, CO, I experienced mysteriously familiar guffaws apparently from a white male in a car at the four-point intersection of Ogden Street, 18th Avenue, and Park Avenue West, Denver, CO. The guffaw, apparently from a white male between 20 and 40, reminded me of someone that I knew somehow, likely at Dartmouth College. Around the same time in June 2012, I believe that this male also entered the transitional housing complex as his voice-a guffaw-was heard by myself while in my unit (101) as two males (apparently middle-aged) entered the complex via the front door.

[Incidents in August 2012:] Sometime in mid-August 2012 (08/12-17/2012), I experienced an image while meditating of a white male's face that seemed to clarify everything: someone I knew but did not think of as harmful. This experience was noted in August 2012 card entries affixed to pages of my journal, and I should note that less than a minute after experiencing the image, I could not-and cannot in November 2012-recall details of his face; however, in November 2012, I saw someone entering a bus in which I sat on my way to work that appeared to bear a mysterious resemblance to this obscure image, and on the same day (only one in which I saw him) in November 2012, I saw him while returning to the unit from work. Further, on August 17, 2012, I experienced the sensation of being sprayed with something (wetness in an isolated area) in the back of my neck while trying to sleep around 5:25am.

Tones, background beeps, pounding sounds, mysterious laughter from a male, and others: A mysterious tone is often heard while in the unit: a July 11, 2012, recording of this tone was acknowledged by my case manager, who replied in response to hearing it that no one else in the complex had reported a similar tone. Further, this tone, which varies significantly in intensity as I move slightly in position while in the unit, has been paired with the onset of different acts, including reading, writing, and others; and on multiple occasions, while trying to record the occurrence of this tone in a "Recordings Guide," I would experience a much shorter version of this tone apparently in a taunting manner. Regarding background beeps, these are often experienced in recordings obtained by my computer's digital voice recorder, sometimes with varying intervals (four "beeps" in each set separated by a constant interval was captured in an August 07, 2012, recording, which was sent to activist Jesse Beltran of the ICAACT.org, from whom I have yet to receive a reply as of November 2012); further, I recently noticed, in a November 2012 Olympus WS 600 recording, that a longer interval of "beeps" that would only be heard in the

recording if sounds were amplified by 6 decibels by the free AVS Sound Editor. As for pounding sounds apparently from a unit above me, which are markedly similar to those experienced at Howard University that partially prompted hospitalization, these are often experienced in multiple areas of the unit often in association with my approach to a different area, without a preceding movement of feet heard above. Further, these pounding sounds apparently from unit 201 were experienced in October 2012, when no occupant officially resided in unit 201. Mercifully, I have recorded these pounding sounds, and these recordings have been acknowledged by strangers, whose statements I have also recorded and who hear these relatively significant pounding sounds in the same points in which I hear them in the recordings. Further, I have recently verified that these pounding sounds are isolated to specific sections of the unit: how, then, do I hear them as I move around the unit to different areas with no preceding movement of feet above to the area? Lastly, mysterious laughter apparently from a male (what I have termed, "Sound Type I"), which cannot be experienced by anyone else reviewing the recordings with or without headphones and which would only be experienced by myself in the same locations of recordings reviewed with headphones (nothing heard without headphones), is experienced most frequently while meditating in the unit, along with other, mysterious sounds that seem somehow faint or loud, "microphone-in-head-like" sounds of yells or laughter often associated with a "recession into the background," the latter also being experienced while trying to sleep.

Apparent Theft of Olympus WS 600 recorder on 10/26/2012: Between 3:30pm and 9:45pm on October 26, 2012, I discovered after work at Jersey Mike's, Aurora, CO, that the Olympus WS 600 recorder, kept in the back pocket of my red school-bag, could not be found; I later asked the manager, Mike, if he could review the security camera footage for the period, and he eventually replied that the bag was placed in an obscure location that was not well-covered by the security cameras. I then began to place my bag at a higher elevation in order to ensure that if a newly purchased recorder were taken, it would be recorded; and this act, along with my insistence that the Olympus recorder, which served both as a source of evidence and an "external hard-drive" for a severely weakened memory, was taken, may have socially isolated me at work (may have been seen as paranoia by co-workers who did not know the importance of the recorder).

Apparent Tampering with Logs: Between 11/07/2012 and 11/11/2012, some of my audio logs and a reserve computer for logs were apparently tampered with as I discovered on the 11th that the 10/05/2012 recording of mysteriously high-pitched, seemingly inhuman laughter experienced while meditating immediately after one of many sudden, mysterious gasps (as if suffocated) on my part could not be found. I also discovered that I could no longer use my reserve computer, whose Operating System was recently re-installed, in order to store logs as I would be instantly prompted with a "password incorrect" option immediately after restarting it and even before typing a password. Also, I discovered that I could no longer re-install the computer's OS as the "Repair Computer" option, which was previously available in the "F8" menu on start-up, was no longer present. It should be noted that 11/07/2012-11/10/2012 were days in which I found myself working mysteriously for 10+ hours (series of unforeseen events), and I often slept for less hours than I previously would (noted in the "Hours of Sleep" log for November 2012). Lastly, I could not find my recently purchased "PowerDVD" installation C.D., which would have enabled the use of voice transcription software (Dragon Voice Transcription) in order to transcribe meditative sessions and statements of thought in Olympus WS 600 recordings.

Mysterious re-discovery of Missing Wallet: On November 19, 2012, after receiving a Colorado-RTD lost-and-found letter from my mother on November 16, 2012, I visited the Colorado RTD Civic Center Station at 16th Street and Broadway Avenue, Denver, CO, between 1:00pm and 2:00pm in order to retrieve a previously lost (on 10/16/2012 [likely on the 15th, although the police report states "16th"]) wallet, and I discovered that the wallet's contents were intact, save for a missing former Dartmouth College Student ID card (ID# 31651Z).

Apparent deployment of supposedly "top-secret" U.S. Department of Defense Weaponry in 2012: from the "Opt-out Form from Nonconsensual Experimentation" sent to USHumanRight@gmail.com (victim and activist Letitia Peters) on 10/30/2012: "...I, at the age of 19 and with no history of dementia in my family, experience memory loss to the point where I am forced to state thoughts into an Olympus WS 600 recorder in order to maintain an "external hard-drive" in case my memory were to fail me completely; I am subjected nonconsensually to what I have come to describe as "psycho-correction," the intent apparently being to strip me of my intellectual faculties and reduce me to a Nazi's expectation of a "Negro" with thought punishment in the form of shocks, offensive sounds, sexual humiliation (being forced, by the onset of mysterious, rapid, and involuntary penile erections, to masturbate with the experience of apparently foreign thoughts, such as "I haven't come yet...don't stop...you like that?..."), entrainment (evidenced in Events Logs and other transcripts by the sudden onsets of gloom throughout the day that would be "removed" by a seemingly automatic response on my part: "them"), deprecatative insults and associated,

physical correlations (“you fucking nigger...you’re a freak...no one can survive this long...” paired with the experience of a low-level shock on a part of my body in order to apparently alert me of someone’s presence), information overload (initiated by “chatterbots,” such as the infamous Elisa pattern-prediction software and Joseph Weizenbaum’s ELIZA that has won the Loebner prize three times, that mimic brainwave patterns, guided by Artificial Neural Networks), thought sonarization (your thoughts being experienced-based on cognitive models-before you think them in order to induce the delusion that someone’s “giving you ideas”), apparent EEG Heterodyning (evidenced in Events Logs and other transcripts by zombie-like states in which I would find myself mysteriously tapping my fingers or scratching my privates with no desire to do so and apparently from a “background” perspective), and other symptoms, all without observable marks on the body (except bloody-red eyes captured in photos of my face after less than 5 hours of sleep) and subsequently without the classification of “torture,” as provided by the U.S. Military Commissions Act of 2006 (moved the U.S. definition of torture away from international standards and required a “near-death experience,” among others), in spite of an existing U.N. ban on all Electromagnetic Radiation weapons, which would include neuro-weapons (see Cheryl Walsh’s 2012 article in the Essex Review: “Cold War Nonconsensual Experimentation: The Threat of Neuroweapons and the Danger it will Happen Again”). [In addition, as of September 2012, symptoms of what appear to be mind-control, during which I would find myself stating damaging things suddenly in recordings without the intent to do so and initiating acts that damage credibility suddenly and without fore-thought, such as my forgetting to pick up dropped items, careless remarks, and others, increased in intensity and continue now, even when I have slept more often.] Even worse is my consideration that I am not the only one of my social status found victimized by this form of torture, as evidenced by the cases of Pat Burhan, a South African target who survived Apartheid and now resides in Portland, Oregon, whose reports of daily torture via nano-particle weaponry (with the gruesome scars and abrasions on her head, along with remotely induced suffocation, to prove it) should not be mocked by any human being, Jesus Mendoza Maldonado, a former lawyer tortured by satellite-based weaponry after exposing a law school scheme to defraud minorities of student loans, Idriss Stelley, a former young, black male honors student who was murdered in 2001 during a “psychiatric intervention” and whose mother, Mesha Monge Irizary, has since become an activist and target, and other, silent targets who may not-and may never-know that they have been betrayed by their state. I have a theory that I am not the only young, black male targeted for brutal, nonconsensual experimentation in the United States.

#### Stressor Points (06/06/2012-)

I should note here the existence of certain locations on my route to a popularly visited department (education and employment department) of the Urban Peak Homeless Assistance organization of which I am a part. I have, over time, been conditioned to be wary of these locations as I often experience what appear to be gas-lighting and harassment campaigns that would leave me with significant confusion for a while before recording, in statements of thought, my responses to these campaigns and eventually realizing their intent. These locations include an apartment building adjacent to the Rocky Mountain Youth Housing complex where I live on the block between Ogden street and 16th Avenue, Denver, CO, and Colfax avenue and Ogden Street, Denver, CO; a house near the intersection of Ogden Street and 16th Avenue, Denver, CO, and on the block between Ogden & 16th and Ogden & 17th (house is nearly opposite the church on Ogden and 16th avenue); a park near the intersection of Park Avenue West and 18th avenue, Denver, CO (opposite the nearby YMCA); and the location of the education & employment department itself (21st and Stout Street, Denver, CO). Further, when visiting the Blair Caldwell African American Research Library near 25th and Welton, Denver, CO, I would often experience what appears to be a harassment campaign near the front of the library. Another stressor point, which exists on my route from work on my way to the unit is the parking lot for the Blockbuster Video complex on Ogden Street and Colfax avenue, Denver, CO (cars loudly blaring their horns as I pass by or activating high-beam headlights at night as I pass at night).

[05/21/2013 Update:] Recordings: "Sound Type VI": see see "An Introduction to Records" in the "I's.PersonalDocuments" folder of storage containers, including flash drives, a hidden, encrypted file on my computer, and online storage containers [Windows Skydrive: username-edmundigb@live.com; Adrive.com [username edmundigb@yahoo.com]; and Adrive.com-II [username-edmundosreh@gmail.com], as well as on scribd.com/EdmundIgeraese; it should be noted that the publication date of "An Introduction to Records" may conflict with my testimony of a lost/stolen wallet to the Aurora Police Department in November 2012: the document was published the day before the loss

"...These sounds, often human in nature and somehow existing incomprehensibly in a constant "stream," seem to depend on more notable background sounds, especially that of rustling Mylar, to be heard by myself while reviewing the recording with headphones; unlike Sound Type I, these human sounds are not clear, and I can only

experience what appears to be incomprehensible, fast-played human chatter. Further, these sounds were first experienced in November 2012 recordings that I may not have saved and whose importance escaped me at the time; and upon reviewing a 12/06/2012 recording (Olympus WS603160) on 12/08/2012, which included the notable sounds of rustling Mylar without Sound Type VI, I now recognize the importance of Sound Type VI, and I intend to review earlier November 2012 recordings in order to mark the occurrence of Sound Type VI. In addition, on 12/12/2012, Olympus WS603898 captures the signatures of what was experienced in the recording as fast human chatter with no discernible meaning only heard during periods of rustling Mylar, especially between "02:32" and "02:40," along with a brief period at "03:15." Further, the signature at "03:15," as revealed via the AVS Audio Editor's frequency analysis tool, maintained a relatively long pattern of perturbations, significantly flat (horizontal line), between 0Hz and 23Hz, with a peak intensity of approximately 10 decibels in the significantly flat region between 0Hz and 11Hz. This signature, apparently prompted by the onset of rustling Mylar, whose common signature affects the majority of the sound spectrum during frequency analysis, is experienced in the recording by myself as a human's apparent wail. Further, all signatures of Sound Type VI in this recording are experienced by myself only when reviewing the recording with headphones (these signatures, even when amplified by 20 decibels, are not heard as human chatter when reviewing the recording without headphones); and the signatures are experienced predominantly through the recorder's right channel (this can be activated and deactivated during frequency analysis), suggesting that the mysterious signatures of Sound Type VI were somehow concentrated largely on the recorder's right side during the incident (the sound was barely noticeable when the recorder's right channel was deactivated during the AVS Audio Editor's frequency analysis, and was more noticeable-but still less pronounced than when both channels were activated-when the recorder's right channel was activated; overall, the sound apparently requires both channels to have maximum effect, suggesting that, to some extent, it is an especially low-frequency sound apparently of a human being speaking especially fast concentrated in one side of the recorder with similarities with normal, human sounds). Moreover, it deserves noting that these sounds of endless, fast human chatter that seemed to somehow "depend" on rustled Mylar during the recording were unheard by myself even while actually rustling Mylar during the incident between 6:22am and 6:26am. Also on 12/12/2012, Olympus WS603900 captured further signatures of Sound Type VI, in the form of seemingly constant, fast, human chatter with no discernible meaning, that seemed to somehow depend on, as I recently observed with all recordings of Sound Type VI, not only rustling Mylar but swiftly rustled Mylar, suggesting that Sound Type VI does not only depend on loud background sounds but on loud background sounds with a "fast pace," a characteristic apparently retained by Sound Type VI itself (I thought of the concept of resonance).

Here, it deserves noting that Will Filer, author of NSA Mind Control and Psyops (1999), which was first sent in a July 27, 1999 email from "Esur4@aol.com" and has since become popular, has offered a possible source of Sound Type VI:

The NSA combines hypnosis and thought labels to interrogate people without the subject being aware of it. "How can hypnosis be used?" you might ask. The subconscious mind operates at a speed of about 1200 to 1400 words per minute. This is many times faster than the conscious mind that operates at 250 to 450 WPM (words per minute). The posthypnotic script can be spoken at fast conversational speed approximately 250 WPM and a recorder or a computer speeds up the message up to approximately 1200 to 1400 WPM. Remember what happens when you play a 33 rpm record at 78 rpm? The resulting voice sound like the old American cartoon characters the Chipmunks. This is only slightly past doubling (2X) the delivery speed. At speeds as high as 1400 WPM, the voices would sound like a high pitched chattering whine...The subconscious mind can hear and discern the message even when there is background noise like waves, cars, planes, or even when someone else is speaking to you in normal conversation.

Your conscious mind won't hear anything unless it is very quiet in the house. If you are very attentive you may hear what sounds like a low-pitched tape on fast forward, and played at low volume. This is the sound of the NSA's high-speed audio subliminal message...This modification of the phonetic elements, played at low volume, combined with the environmental background noise makes it very difficult for a subject to record the NSA message. Even if the subject were to effectively record the message, it is very difficult to filter (separate) the NSA's message from background noise. Then, reconstructing the missing sine waves from the acoustic wave train and slowing the message down to discern the actual content of the "posthypnotic" script with the conscious mind would be nearly impossible for the average citizen. To briefly summarize, the subject would have no chance in analyzing a NSA message without the following items:

1. Professional state-of-the-art technology recording equipment.
2. Digital acoustic wave editing equipment.

3. Advanced engineering knowledge of acoustic wave science.
4. Phonetics and linguistics expertise.
5. Hypnosis theory and scripting.
6. Ideal environmental conditions for recording.
7. NSA ignorance of the subject's intent and ability to capture a message.

This technology is the perfect intelligence tool. It is nearly impossible to detect or measure, difficult to trace back to the NSA. The symptoms that the NSA can "program" or inflict into the subject can cause fear that they might be thought to be insane if they were to report the NSA activities. The subject does not know the source of the technology or the technology itself, the subject has no proof or evidence, only their perception, suffering, and isolation. Additionally, potential recourses that are available to the subject can be interrogated out and preventative actions taken by the NSA to further isolate or disable the subject..." (Filer, 1999, p. 3-4).

Filer's descriptions in this passage mirror

**279.** those of Sound Type VI just mentioned, which involves a "fast, indiscernible stream of human chatter" only heard amidst swiftly rustled Mylar; further, the signature of this Sound Type, as observed in one isolated instance, maintained a frequency around 10Hz (as Filer stated, this frequency lies beneath the range of human hearing: below 20Hz-20KHz). In addition, given the fact that Sound Type VI is usually not heard more recently when I intend to obtain a sample by rapidly moving Mylar (see Olympus WS606222, 6:31am, 05/16/2013), I begin to seriously consider the seemingly outrageous, official statements of F.B.I. whistle-blower Ted L. Gunderson on April 26, 2011, shortly before his death, which involve allegations of the existence of an "illegal, government, rogue criminal enterprise" composed of corrupt officials from the U.S. National Security Agency (N.S.A.) and the Federal Bureau of Investigation (F.B.I.) targeting innocent individuals and funded by wealthy, powerful figures. Moreover, now targeted mainstream journalist Vic Livingston of nowpublic.com/scrivener (he currently uses viclivingston.blogspot.com), who presented Gunderson's testimony to a wide audience in 2008 via his nowpublic.com website, warned as well of a "tax-payer funded, genocidal purge of American society" conducted by criminal entities in high-level areas of the U.S. Intelligence Community (I.C.); and Livingston is not the first or the most recent popular figure to warn of corruption among the highest levels of U.S. Intelligence: former N.S.A. employee and whistle-blower John St. Clair Akwei warned also in his 1999 lawsuit against the N.S.A. of such corruption and of the victimization of thousands of innocent individuals, and Tracy Nunez in her early 2013 Congressional testimony warned of her ex-partner (David Cerna)'s use of high-level members of the U.S. military with credentials similar to "N.S.A.-Los Zetas" and "F.B.I.-white supremacist" in the rape of herself and attempted prostitution of her daughter (these stories, which may appear unique but often prove common in darker circles, may be followed on two of my blogs: edmundosreh.blogspot.com [see the February 2013 archive for Tracy Nunez's testimony and December 2011-January 2012 archives for Akwei's lawsuit] and scribd.com/EdmundIgberaese). Now, I do not claim that I am victimized by rogue operatives of the N.S.A.: I merely reveal my records and striking similarities between these records and N.S.A. technology, as well as similarities between allegations against corrupt members of the N.S.A. and my testimony..." (from "An Introduction to Records," a summary of my records obtained since mid-late 2012)

[05/21/2013 Update:] Recordings: "EMI Spikes II-Shocks": see "An Introduction to Records" in the "I's.PersonalDocuments" folder of storage containers, including flash drives, a hidden, encrypted file on my computer, and online storage containers [Windows Skydrive: username-edmundigb@live.com; Adrive.com [username edmundigb@yahoo.com]; and Adrive.com-II [username-edmundosreh@gmail.com], as well as on scribd.com/EdmundIgberaese; it should be noted that the publication date of "An Introduction to Records" may conflict with my testimony of a lost/stolen wallet to the Aurora Police Department in November 2012: the document was published the day before the loss.

"...Signatures of what were experienced as significant shocks to my left shoulder, close to my neck (the recorder was placed on the affected area), were first noticed while reviewing Olympus WS605245, which originally recorded between 3:46pm and 4:02pm, 12/22/2012; further, the notable signatures of these shocks in WS605245 maintained the following characteristics, as revealed via the AVS Audio Editor's frequency analysis tool: a long pattern of perturbations most notable between 200Hz and 1.5KHz, with a peak around 1.1KHz of approximately 8 decibels. This apparent proof of remotely delivered shocks (as noted in the recording, I am stationary, and the recorder, placed at a stationary position on my neck, should not normally experience such perturbations if it does not move significantly: instead, it appears that the recorder is somehow "hit" with some invisible, fast, and small "object" that does not move it) would serve to validate all journal entries taken since 2011, in which I have mentioned the experience of significant shocks, which were most pronounced in intensity in early 2012 while

living with my mother. Also, as the signatures maintain a fairly long pattern of perturbations, are heard as "knocks" while reviewing the recording both with and without headphones, and the recorder remains stationary throughout the incident, the Olympus recorder apparently captures disturbances that are "too small" to move it but somehow interpreted by the recorder as notable. Moreover, I recall that other times earlier in 2012, especially during a November 2012 meditation session, I placed the Olympus WS600 recorder in a stationary position around the site of significant shocks, and I believe that signatures of these shocks were likely captured although I have not yet reviewed those recordings.

Finally, as these remotely delivered shocks are invisible, I have considered that they stem from maser-guided plasma, an invisible, relatively low-power variant of directed energy weaponry using Laser-Induced Plasma Channels (L.I.P.C.), whose mechanism is described in a now redacted 2004 University of Florida study titled, "Sensory Consequences of Electromagnetic Pulses Emitted by Laser-induced Plasma Channels." Further, it deserves noting that a major goal of researchers working under U.S. President Reagan's Strategic Defense Initiative (S.D.I. or "Star Wars") in the 1980s was the development of satellite-based "masers" (see Alex Constantine's 1995 book Psychic Dictatorship in the U.S.A., p. 43), and U.S. military scientist Russel Targ built a microwave plasma generator in the late 20<sup>th</sup> century (Constantine, 1995). Moreover, having learned from another alleged Colorado victim, S- Daniel, on March 16, 2013 that she does not experience such remotely delivered shocks (this is corroborated by some other victims affiliated with Derrick Robinson's Freedom From Covert Harassment and Surveillance [F.F.C.H.S.] organization) and having learned from popular activist Mark Rich of Maine, United States (author of Revolutionary Methods for Political Control [2010]) that he experiences these regularly, especially while beginning to write, I consider that remotely delivered shocks may be reserved for more influential victims; if true, this would suggest that I gradually gain popularity among victims, that I would be a more "sensitive" case, given my situation, or both..." Here's my story:

I am a fifty-four year old, Caucasian, female, former professional model, property manager and writer, born in Dallas, Texas and have been a victim of non-consensual research and experimentation for approximately 7 years.

I received my first induced "dream" (nightmare) in 2009. I first noticed being gang-stalked in 2011. Then in 2012 I began receiving Voice to Skull (V2K) communications; holographic images; and a host of other symptoms including: rapid heart beat; extreme heating of my head; vibration to my pelvic area; remote control of my urination; sleep deprivation; dizziness; remote control of my limbs (hands, feet & arms, including the use of my hands/arms to cause pain to my breasts, to choke me and to slap my face); remote control of my vocal cords and tongue; artificial heating of my entire body; numerous induced "dreams;" holographic images placed in my mind's eye with eyes closed or open (including an image of myself in a car crash placed before me while I was driving); the "Sleep Canon" which induces uncontrolled urge to sleep; plus an ongoing story told to me by the single, male's non-accented voice used in the V2K which conveyed a story purporting to explain why these assaults were being done to me.

### **I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

USA. Being harrassed now. Please follow instructions below. They really do work to stop. No other action legal or petition needed. Please pass them along to people who will try them.

I seem to be getting electronically tortured or harassed by electronic voices and cannot turn them off. I think an aluminum foil cone or paper cone on the right kind of metal might turn it off but none of the metal in my house works. Try making an aluminum foil cone and touch it to as many types of metal that you can find and put it five feet from your tv and leave your tv on The Weather Channel. Maybe it will come through to me. Try the same process with a paper cone and leave it next to the tv as well. A fish aquarium bubble bar made into a cone on the right kind of metal may work as well. Please stay with me until I get this turned off and write back if you tried the above and or direct me to any person who could help me turn this off.. Or give me any advice that you may have to turn this off.

None of the metal in my house works. That has happened to me in the past and I had to drive around to find metal. I don't have a car anymore.

**MAKING THE CONE:** Roll aluminum foil into a cone: Use pencil or something to poke the point to make it straight. Cut the bottom round with scissors. Do not bend the cone after making it; Make sure the top or point is straight and neat; Make it as neat as possible.

**16/7/08**

I once read an article in <http://www.raven1.net/> that an aluminum foil cone on the right kind of metal would turn this off; I turned this thing off with that device in high school a dozen times; It works everytime. I once woke up as a junior in high school being tortured - I rolled a small piece of aluminum foil into a cone and touched pieces of metal in my house; I touched spoons, forks, latters, pots, pan, etc.. Nothing worked and they used to work pretty good. I got in my car and rode around looking and I touched lamp posts, guard rails, etc., and eventually after a few weeks I found something that worked. That is happening to me now where nothing in my house works and I am stranded without a car. Another example: I once left a good working cone next the TV in an old store building away from my house with the TV turned on to The Weather Channel and turning on The Weather Channel at home turned this off.

**1/8/08**

Anyway, I need someone to help me turn it off and I am not sure of how to go about that but everyone I chat with seems to be cut off or in on it. Some of the websites I view seem to be cut off; I'm not sure of how to explain that but here is an example: I used to click emails when I was about 23 years old(40 years old now) and the email club sends about two emails a day that pay 1 cent per click and I click about 200 banners every day for points to exchange for showings of a banner I have from another website to show in hopes of getting referral signups; I get 1 showing for every website I view or 1 to 1; A few weeks later I logged in and the 2 emails pay less than 1 cent and the ratio Of the point clicks is reduced to 2 clicks to 1 click showing my banner; In other word someone cut down the ratio of '1view for 1add' to '2views to 1add'; I was getting ready to go to college back then and I forgot about the email thing back then but I looked up the email site a few years later and the rate per email and ratio for points was back the way it was initially and the rates were back the way they were in the first place. I woke up sitting in my house a few years ago and started clicking the same website for penny's and points to advertise for referrals for another website and a half year later the rate for pennies and points in both websites went down again and I don't know what to do - I think someone is cutting off my internet connection and and my penny/point clickers and playing them.

Back when I was 23 I got my aunt to drive me around and I touched a aluminum foil cone to every piece of metal I could get around and I kept it right on me(roll a piece of aluminum foil in to a cone and cut the bottom round with scissors).

If I walked to my aunts house about two weeks ago my aunt would not give me a ride again and none of the metal in my house seems to work anymore. An aluminum foil cone on the right kind of metal will turn off most radio signals and seems to clear up the internet. Example point: I have a lap back when I was 20 years of age and an old packard bell desktop in my Uncle Elmers trailer; the laptop is rigged to a server in another state free service with 1800 number; The desktop is hooked to a local ISP. If I logged the desktop to a website it seemed to be not all there or different and I just happened to notice the laptop a half hour later with the same website loaded in my browser and I noticed the website is as it should be and the way I think it should be - There is a little paper cone sitting on a piece of metal beside the laptop that I barely notice. I grabbed the cone a few days later without thinking about it and the screen on the laptop changed to resemble that on on the desktop (altered) if I sat the cone back on the piece of metal the laptop screen went back to the original screen. I did all of this without thinking; My Uncle Elmer died a very long time back in high school and my papa his brother used to let me use his trailer which is beside his house to surf on my computer. I once walked to his trailer a few months later and both computers where gone and there is nothing there. I never thought much about it but someone walked in and stold everything I have. I barely ever use the computer back then but now adays surfing the internet is all I do.

Here is what you need to do: Make an aluminum foil cone and a paper cone and touch them at seperate times to as many pieces of metal theat you can. Drive a distance and try the same thing. Turn your TV to "The Weather Channel" and put the cones near it; Keep an aluminum foil cone at least five feet from the TV and paper cones are safe right next to the TV.

Stick with me on the email or chat client. I don't know who else to ask I think the chat rooms we are in may be cut off as well. Please take me serious when I say that..

Hello,

I have been sending e-mails since 2004...nothing has happened differently except when I sent to X-president Carter and Senator Kennedy I felt that there was a bit of a difference.

I also sent to Pelosi and may be as I recall for some time I noticed a difference.

I am a victim since 1982 and still going on.

I have tried all international organizations like Amnesty or UN human rights or other presidents of the world...nothing is useful...unless people write at the same time to the same people...

I have also sent recently to yesterday or some 14 e-mails from the ones that you have provided and as you have mentioned with my name and full address as I was doing in all my e-mails for I have it written and ready to be send at any time. one of the e-mails that I sent to was the white house, and the inland security office... I have received an e-mail from the security office saying that they have changed their address and asking me to read a long writing provided with many e-mails to write to depending on the type of information that you have and none of them is concerned with our type of claims.

I suggest that we write separately at the same time let us say on 15Th of Nov. to the addresses that you have provided (thank you so much for that) especially to US congress, senate, and Newspapers (which I have tried two years ago)...

Well, guide me please, thank you very much for your help.

My targeting started in 2001 and continues today.

I am experiencing organized stalking, remote neurological attacks, V2k, synthetic telepathy or voices, mental manipulation, thought injections, dream manipulation, memory loss, fatigue, weakness of limbs, expanded diaphragm, disintegration of spinal discs, tightening of spinal cord, nerve damage, tooth pain, nerve damage, limb jerks, sexual stimulation, sleep deprivation, loss of cognitive abilities, I get zapped all the time to different parts of my body, they play pornography in my cerebral cortex 24/7 while torturing me. Vibrations through out my body. They are preventing my body and mind from expanding.

After the first year of torture I was programmed to kill my family and was forced to stab my father several times. I was set up and sent to jail and tortured there as well. When I got out they set me up again.

My name is not Jack (to be honest). I'm from the USA. I'm a former national security consultant and I formerly worked for the Department of Homeland Security. I wanted to say I admired your email. Hopefully, true progress will be made soon. The federal government of the US decided a couple of years ago - most likely more, but for a while it's tough to believe such things happen - to more or less brainwash me. A lot of my experiences match the TI groups so I feel somewhat of a kinship with you all. I haven't had too much in the way of directed energy assaults but the rest I can relate too. I can tell you from my experience that the government here is complicit as I first became aware of it while working for the government. My project (torture) is definitely classified - although I don't know how high. I have a list of former co-workers both in Washington DC and New York City who are complicit. I'm working on finding a lawyer in order to confront them properly. Although they did their best to remain plausibly deniable - so you know how it goes. If I'm unable to take care of the matter legally (and I survive long enough) then they're all about to have their names splattered all over the place. Unfortunately, it seems these types of tactics are all that the feds are interested in anyways...

If there is anything I can do to help on my end let me know.

I believe it started in 2003. Because of the intense itching, below my knee caps of both legs. The hard stuff started in early 2006. I'm unable to write right now, but I did want to answer

Your message is way too muddy! You site many things that I'm sure have the deepest of meaning to you. However, the average person has no clue what your talking about or how to go about helping you. You have to make your message clean and concise in just a few well thought out power message.

Every time you sight examples of Stalinist or Orwellian secrecy you come across as an extremist most people will view your message as some kind of political radical of some kind. They simply delete your message.

Even though most of or all of what you say is true! The average citizen will be over whelmed and simply view you as some kind of radical extremist.

**Start by explaining how Technology today has progressed to the point that now organizations whether it be organized crime or other dark factions that have "big money" can now cause great pain and suffering leading to death to any person they deem adversary. This torture can be done in your own home while the people behind this evil operate from great distances away. It truly is "the perfect crime" Private contractors can pay "big money" to have access to these military weapons after they have been placed in outer space by**

**our military. The contractors have access because they can perfect the weaponry that they sold to the military.**

There are hand held devices that can cause the same torturous death as these high tech satellites, the satellites are most dangerous because of there great distances and there ability to track a person any where on this planet. Most people aren't aware that these Satellites have been developed. There is no question these weapons were placed in these satellites to be used as a means to protect our country from terrorist groups. But most likely has fallen into the hands of "big money" organizations and perhaps corrupt factions of our own government.

We don't know for sure, we would like a complete investigation so this evil can be stopped. If you could only know how many people in this country are being tortured 7/24 in there own homes it would scare you to no end! (You should then insert some known prove that this kind of technology does exist at this time in your message) You could mention Jim Guess letter for he is painfully aware of this problem and is working hard to stop this evil. Then develop a strong message on just how important it is to get the public aware of this evil. Because most of the poor souls that have been selected for this torture (for unknown reasons) are rendered completely helpless because you can't see the special type of designer radio/microwave frequency that causes the kind of torture that is hard to describe. Most of the time the victims are viewed as having mental problems and find them selves in a psyche ward. So the torture goes on with out any care on the people who are using these evil weapons. If these people happen to have the Big money to give them access then they get to do anything they choose with out any care of getting caught.

**SO PLEASE HELP US BRING THIS EVIL OUT IN THE OPEN BY TELLING EVERYONE YOU KNOW AND BY CONTACTING YOUR REPRESENTATIVE, CONGRESSMAN. HOPEFULLY THIS EVIL WILL MAKE IT TO THE MAIN MEDIA!**

I believe if you take this kind of approach you will get some people to listen to your message. Right now you sound like some wacko extremist. And just so you know I'm a TI.

My name is Timothy Jackson I'm 33 years old and I live In Jacksonville FL I'm a target individual. 35 weeks ago I started to hear voices telling me that they were going to kill me and my whole family, they have advocated they overthrow of the U.S government. I have been implanted with some sort of RFID that can receive a z-phone cell call. I feel pain in my muscles, erections, voice to skull, synthetic telepathy, and pictures being flashed into my field of vision. The perpetrators told me that there was a bio-feedback application being used "quantum life". I have been diagnosed with paranoid schizophrenia with no prior symptoms. I have separated from my family and friends by this harassment. I need to know what I should do about the implants is there a way to find them and kill the signal.

### **Covert Interference Technology On Target Subjects**

(informational writing in the context of my own true experiences)

#### **Santa Fe, New Mexico**

**As an undeniable target of covert interference** I have over the years been able to put together pieces of what is going on ... even some of the ways and means. Over three years ago I began a series of several meetings with a woman (here in New Mexico) who is very knowledgeable in much of what is going on in the covert infrastructure ... A deeply spiritual and religious woman who has been to fringe-topic conferences around the world and someone who has testified in front of government investigative committees on the very unfortunate underground military-conducted traumas she was subjected to during an earlier period of her life. During one of our meetings she closed her eyes and intuitively discerned an outline of my body and then drew out what she saw ... which depicted a number of single implants placed in my knees, middle, and upper body, and head area. At the time I of course found this strangely curious and she offered that she felt that it was an **'implant system'** meant to keep me from being able to lower my brain-wave level to a sub-alpha state ... what people enter in hypnosis, for example, to access their unconscious mind. I did wonder about this, as I've had five hypnotherapists in my life who were quite certain that they could use *their* 'induction' method to accomplish this but could not. So what she layed out seemed a *possibility* to me. # In the last week I ran across a lengthy internet article entitled *Chemtrails, HAARP, and Mass Mind Control* in which I was capitivated to find a section on **'Body suit of implants (system)'** ... What this particular section as well as the entire article has to say about it I'll quickly lay out as follows along with some peripheral but pertinent information:

-- **Victims of tracking, mind control interference, and monitoring** are often given a 'body suit' of various implants throughout key anatomical sites. These implants over the body create the ability (to varying degrees depending upon the subject and situation) to trigger, influence, or alter specific moods, pain, and other desired results including lethargy toward doing something that they don't want the monitored person to do. Amazingly these implants are much smaller than a human hair in diameter and are injected and will actually make their home like a virus in the desired location (anatomical parts) of the body.

-- **Certain people are fitted with 'body suits'** so that if they do not comply to *'control impetuses'* the remote, technological controllers behind the scenes can work toward inducing 'dissociative' behaviors, states, and ways of living for the target victim. This can even work toward the target victim (an intelligent and ambitious person with no mental and no real physical problems) becoming homeless for example.

-- **A 'body suit' has a primary 'control implant'** (that for some reason the article calls a *'bio-medical telemetry'* implant) placed at the base of the skull which records body function and brain wave activity. This implant not only acts as the *central processing* unit for the entire (body suit) implant system but also receives information from an *external transmitting source*. A case in point for this, I believe, is what happened to me a year ago in Albuquerque (right after the below-described encounter with a 'mystery man') when I spotted the same person one night walking across a dimly-lit area at the same time that a sudden shrill, high-pitched tiny ring began emanating from from the back of my head at the base of my skull.

-- **From this 'body suit' system, it's said, the controllers are able to track the person, hear what they hear, know what they're saying,** and to some degree *see what they see*. I have experienced reasons to believe this is so.

-- **It's said also that even by the 1970s various intelligence agencies** were ready to experiment on human subjects with a new generation of technological implants ... and that eventually people in every state in the U.S. were selected as subjects. The selection of people, I'll add, may be due exclusively to experimentation while others (as myself I believe) are not only kept in the program for valuable data of how the covert program is doing, but because of what they don't want me to accomplish. Why they don't just snuff me out the old-fashioned way has, I believe, at least three possibilities: *Firstly I am only one of many possible subversives to be concerned about. And*

also since monitoring and interference are ran and automated by satellite and computer systems on a mass basis on who they consider subversive or potentially subversive (as hard as that is to believe) they (whoever 'they' are) do not ordinarily concern themselves with conducting assassinations. (One exception would be the late Senator Paul Wellstone). And so it stands to reason that they aren't going to go that route only for exceptional circumstances. Secondly is something some may consider too exotic that I personally don't as would many of the best physicists of our day ... and that is the reasoning that time is not as it seems to us and that time has everything to do with our living in a multiverse of parallel universes ... that our eternal 'now' is constantly being recreated and results in different timelines. It's said that the secret military fights over what alternative timeline(s) will come to be actualized. Thirdly, but not lastly, it's my belief that as what we are living is Earth School we do have 'divine protection' which comes into play if we're learned enough to be deserving of such intervention.

-- **Quite amazingly the article wrote that computers programmed with artificial intelligence handle most monitored targets.** So if the target person does something the controlling perpetrators don't want, or is getting help the perpetrators consider subversive to their ends, (something the computer can't handle on its own) *then* human handlers step into the act. I believe that this is *exactly* what I experienced in Albuquerque when my business consultant made a phone call to get my business project Ancient Grains Baking Company of Santa Fe 'one million dollars' ... and that enroute to the downtown Albuquerque Hyatt Regency to make the business meeting that next day for us to meet with this financier I (alone) was affronted by the above-mentioned *mystery* man I had never seen before who told me details of what was going on that seemed impossible for him to have known. Days later he made another unexpected affront and told me that "the people involved in my business project were going to be contacted about me, that my financing would fall through, and that I would then have a psychological breakdown." While I have no reason to believe anyone involved in my business project was 'contacted' I will say that everything he said did come to pass except the last statement. (And please know that I don't think they're after my recipes)

-- **The article furthered** (perhaps too bizarre to believe) that (NSA?, CIA?, DIA?) human personnel (possibly mind-controlled and monitored themselves) staff consoles equipped to CRAY computers where they monitor people with special attention. In this the information transfer is done via-satellite, large TV broadcasting antennas, and/or the country-wide GWEN tower network that many believe may be cranked up to nullify the masses in the possible advent of Martial Law (even General Tommy Franks as well as numerous conservative talk radio hosts have openly said that it may at some point be necessary to declare Martial Law) ... (this writing in continuation).

I'll add these two more notes for anyone who may be wondering:

-- **Yes, it is true that the NSA can remotely track people** if they know the specific EMF waves (evoked potentials from EEGs in the 30-50 Hz, 5 milliwatt range) of a person's bioelectric field. Each person's emissions are unique, just like their fingerprint, palm-print, and their voiceprint. This means that the NSA can remotely track anyone in public. Don't think they didn't know where Saddam Hussein was at that entire while? Or that they don't know where Osama bin Laden is? Perhaps we should think again.

-- **Yes, it is true that they have** voice prints of hundreds of thousands of Americans and can identify & track via their computers all electronic communications in this nation. Most phone calls go through about 30 computers before they reach their destination. The phone companies' computers, according to someone who worked for AT&T and witnessed it, record ALL phone calls using computers. However, to weed out the worthless from the worthwhile, the Illuminati's fronts use a list of key words, such as names or phrases called THE WATCH LIST which the computer uses to identify conversations worthwhile to listen to. *Time*, *Newsweek* and other media sources have validated and identified the codename as being ECHELON ... which simply amounts to being the NSA's secret national & global surveillance network.

In closing:

-- **On covert interference technology:** A graduate of Berkeley Law School Richard Glen Boire of the Center for Cognitive Liberty who has coined the term '*cognitive liberties*' says that "*Mind control is getting smarter by the minute*". (*And yes we are talking about remote viewing, tracking, monitoring, and remote neural influencing by psychic and technological means being done on targeted individuals and to those around and associated with them.*)

-- **For further information visit Mind Justice** at [www.mindjustice.org](http://www.mindjustice.org) ... 'A human rights group working for the rights and protection of mental integrity and freedom from new technologies and weapons which target the mind and nervous system.'

-- **This is analogous to the Catholic Church sex abuse scandals** and the debacle caused by the denial of health issues from tobacco industry officials ... **this will be the next big breaking news story of our day.**

-- **Need scientific validation of such covert technologies?** (Such as 'target tracking', 'technological thought reading capacity', and behavioural influencing technologies') Go to the web site of *Christians Against Mental Slavery* (an international evangelical group whose members want it to be regarded as a crime against humanity worldwide for anyone to monitor or influence human thought technologically without continuing, informed consent) ... <http://www.slavery.org.uk/science.htm>.

And a last word from one of our heavyweight military insiders:

-- **Col. John B. Alexander formerly of Los Alamos National Laboratories** has said that "Powerful elite insiders have long known how electromagnetic weapons can be effectively utilized to wage mind control against the population ... specifically targeting political dissidents and troublemakers." "Don't worry", Col. Alexander is quoted as saying, "everything is under control. You just don't know how much." That to me is a very revealing statement.

(Isn't curious by the way - even in light of stepped-up national security - that since 9-11, other than the anthrax in the mail, nothing else has happened?)

**Author's Note** 1/12/06: I, Richard Dean Jacob residing in Santa Fe, New Mexico, am willing to openly state my above experiences to anyone of what seems to me to be obvious examples of covert monitoring and interference in my life and affairs (professional and personal) that has come to be known in our mass media as '**domestic spying**' or '**domestic surveillance**'. I am willing to undergo any battery of psychological testing and evaluations including polygraph testing of all that I relate. Also let it be known that I am not seeking publicity nor will I turn down the opportunity to raise public awareness either. The negative interference I and others have experienced is usually subtle and hard to detect, and then there are times when it is not so subtle and is plainly evident. I have had my sent e-mails not received and my incoming ones delayed or not make it at all ... this is among the instances where one can only wonder. Many people everywhere would like to read this article - **Are E-mail and Phone Conversations Private?** - and can do so at <http://www.geocities.com/Athens/Atlantis/8820/email.html>. Also in all this I would be perfectly willing to lend my thinking as to why there would be interest in me and others like myself. I very much believe as do surely the vast majority of us that we have the right and need to know the *real* truth about 'domestic spying' and the unfathomable surveillance capabilities of our interior government upon it's citizenry. I will even state that I for one can live with some encroachment on my privacy and basic civil rights if it will ultimately protect me and the people of our country. But if this is actually evidence of what many intelligent and very credible conspiracy thinkers and authors say is the behind-the-scenes New or One World Order movement (who care nothing about our Constitutional rights and national sovereignty) who would disagree that we desperately need to know. Lastly I would like to say that I have told my private experiences to very few people for the obvious personal PR reasons. I am seeing now, though, with *domestic spying* being so prevalent in the news that some of the people I have told my experiences to are tending to take me more seriously with more credibility in their minds. I believe that now may be the time to begin getting this out in the open. Maybe the adage of 'safety in numbers' will apply to me in all this. Anyone wanting to contact me I suggest they do so by e-mail ([richarddeanjacob@yahoo.com](mailto:richarddeanjacob@yahoo.com)) as well as leaving a voice-mail message at 505 946-0199.

I'm wanting to throw this out to someone in-the-know .. I can tell I am a TI (targeted individual) .. I do my best to go on living life and trying to get ahead .. I had a strange email more than two years ago from someone making out like they were with the NSA in Pine Gap, Australia .. he said that I was tagged with the latest generation of a scalar implant .. whatever that means .. he ended his email with jajajajajaja .. laughing I guess ..

I have something going on in my right ear .. I hear it only at night when I retire and when I first wake up in the morning .. it is a low, subtle irregular rrrrr-ing noise accompanied with almost a buzzing .. more like a subtle

vibration that can ever-so-slightly be felt .. retiring night before last on a couch as this was going on I was surprised that when the refrigerator motor would kick on some 13 feet away the sound and the slight pressure and vibration in my ear instantly stops .. then when the refrigerator noise goes off, back on comes the thing going on in my ear that instant .. very strange .. late last night on the same couch I had the TV on .. but any sound coming from the TV has no effect on the ear noise .. what in the world is going on? .. an intuitive told me off-the-cuff that it was a tooth nerve .. I have my doubts ..

I have lots more going on but I'll save it unless asked .. but please what does the above sound like to you?

Richard Dean Jacob  
Santa Fe, New Mexico

p.s. And now today I found this bizzare (2009?) piece on the internet when running my name .. (it wasn't sent to me .. but in the past I use to get emails akin to this .. someone said these were mind control programming coding for me to read) .. what the hell is this below? .. why would anyone take the time to write it and to find a few pieces of my work and include it below? ..

p.p.s. Please know that I don't get all my emails .. re-try as needed please.

p.p.p.s. Below is a piece I wrote I want you to see (Covert Interference Technology On Target Subjects) ..

I was reading the article on educate-yourself.org regarding ESMC and wanted to ask you for help. I read the sections about Electronic Torture and Mind Control in America and wanted to know how you can go about getting help. I was looking for answers because I thought I would be the only one to understand this and I soon realized that I am not the only one. I retraced my life to where I think it all began and it started when I was working for this one Hospital in Media Pennsylvania. I realized that my boss there did not like me and lived a very quiet, dysfunctional social life according to others. She along with her friend I think did something to me to prevent me from succeeding by giving me mind problems and distracting me from my natural thoughts to stupid thoughts, they try causing me financial difficulty and not want to succeed. I know this to be true because I am very ambitious. I am well liked by everyone and she was forced by others to respect me more than she wanted and she often felt threatened by me and wanted others to think I was a bad person. I think she and her friend found a way to violate my life and cause serious harm to me. Luckily, I know that I am a mentally competent person and that this cannot be paranoid schizophrenia... How can someone spit in your eye and make you smell foul sounds in a paranoid sizo state. It's not possible. I know someone is following me around. I told my parents that I think someone can do something to me but I can't prove it and they believe me but still wanted me to go get help. My question to you is how I can get rid of someone following me. How do I go about finding out how they did it? Can they put something in the water, coffee, how is it done? What can I do to myself internally and outside to protect myself.

I find my eyes being protruded at time, I feel like they can see what I can see, It's always my right eye that I think they can do things from. What can I do to my eye to stop this? These all seem like strange questions when I hear myself typing. My hearing I hear Hugh high pitch noises at night that keep me awake all night forced to go to work the next day very tired. They force me to feel scared. I want to know if there was something I can do to prevent them from following me or talking to me. Why would someone waste so much of their time to harass someone like this? I wanted to join a network of other users that have this problem. Is there a link you can send me?

I don't know about the rest of you but I am sitting at my desk at work and am being harassed by these creeps who seem to think it is okay to sting me when I am thinking about something they disagree with. Who in the hell gave them the right to decide how or when we will think about something or what we will think about? Isn't it sad that the part of the body they seem so fascinated with is our genitals? The thought police need to be disbanded and I hope in the next year they are stung into oblivion.

We must be wary of those who promise us security and ask in return for our freedom. We must recognize that part

of the price for freedom may well be insecurity, but that the price for complete security is inhumanity. Martin Luther King

I am not OK. I am feeling very bad due to what they have done electronically and with the pills. Geodon and Risperdal.

I am a Cuban citizen with a greencard in US.

I 'physically' started to perceive psychotronic attacks in 2008 at San Francisco International Airport. A few days after through wall technology at the Claremont Hotel, Miami Beach and probably also hacking of my phone at the same place, plus death threats.

But everything could have started before, in 2000, when I was threatened while working in the corporate environment. After that Voice to Skull applied with different intensity and messages during the day. And later hypersonic attacks. Gangstalking with high-technology since 2008 perceived by me clearly but probably before because there were 'perceptions' in many places where I worked.

Please publish this in as many places as possible. They have ruined my life with those technologies.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

First I want to tell you two things that may help. I am not sure how things work but these two things worked

(temporarily). I am being attacked more than one way, however the direct attack on me personally is coming from an electrical pole across the street from my house.

It was not long after THEY started the harassment they killed five tall pine trees in my yard. I have about 16 pine trees lined up for privacy along the front of my house. The five trees that died face the large picture window of the house. This is the room where I spend all of my awake time. This electrical pole is also where my cable and computer network is connected. I started having cable problems. I would call the cable co and they would come out and "fix things". This was before I realized what was going on. The last problem I had with the cable co. was when my cable was "accidentally " disconnected for non-payment. I HAD paid my bill and when this was verified they sent someone to reconnect it. The man that showed up to reconnect my cable was dressed like he was going to a nice dinner at a very nice restaurant. I now know that he was not here to only reconnect my cable. I later learned that there was no reason for him to enter my house.

Now I will get to the reason for telling you all of the above. Every year at Christmas I put up a live tree. This tree is decorated with 6-7 hundred Christmas lights. About 150 Christmas balls. I put it up in front of my picture window. This interfered with their ability to attack me. It was wonderful to feel like myself again. "They" made several attempts the past two yrs to destroy my Christmas trees however they failed.(that's another story). Knowing that something CAN alter their attacks could be helpful. Do you think "they" have different harassments depending on the geography of the victim?

Maybe you can pass this on to someone who can use this information to help others..

Also, I am going to see if I can buy some radiation badges. Many yrs ago I worked for a dentist. We had to wear badges to see how much radiation we were getting from taking the dental x-rays. The badges are sent off and returned with results of any exposure. I hope I can purchase a few and see how much of my illness is caused from radiation. I will send one to you too. I am writing tomorrow about the idea that I have in revealing "these" people and educating others that do not have a clue.

**10/3/08**

I am overwhelmed with all of the information and work going out to the world. Living in the US I can only speak of what I think could make people aware of the horrible destruction of lives with the torture and mind control and invasion in our homes. First, as the election of a new president in the US is coming closer, it would be a GREAT TIME to expose these people to the best of our ability.

Ron Paul, who was once a candidate for the presidential office is AWARE of what the NWO is doing to us. Ron Paul is gathering people together to MARCH in Washington DC. This MARCH is being planned the same time of the Democratic/Republican Conventions. I am wondering if Mr. Paul would let us join him as we represent another aspect of the NWO. During a DEBATE on national television Mr. Paul tried to disclose information on Mind Control and was cut short by the person asking the debate questions. Because of Mr. Paul's notoriety this could be one great time to expose these evil people.

Taking our information directly to our governments may someday work in exposing these evil people. Of course we should never stop. However, getting information directly to the average person will make an impact that I hope would make a difference.

Of course I am speaking of US only. I am not aware of the governments in different countries.

Another way to bring this information to people is by writing a letter to different newspapers. Most newspapers have an opinion/viewpoint section. It is free and people send various articles expressing different opinions on different subjects. With thousands of newspapers in the US, if only half would print our story, it WOULD make an impact in our behalf. This two paragraph letter would have to be written in a way to capture the interests of the people reading it. It would also have to be written in a way without giving TOO much information. To tell what and how things REALLY ARE would be unbelievable and not taken seriously. The heading of the letter should be something to get a persons attention. With most people being health conscious that may be away to get their attention. There only needs to be one letter and sent to ALL newspapers. The letters should be sent all at the same time. Yes it would take time to do this. However if I could get others to help and work on one state at a time it is possible to do.

Once you have the body of the letter the work would be the email addresses typed to each newspaper. I think the timing of these letters is what should be considered. And as I already said I think they should be sent at the same

time so these newspapers would be bombarded at the same time. These are just a couple of ideas on spreading the word. All attention whether negative or positive is what we need.

I view the MCACTIVISM site frequently however refuse to respond because of the rudeness of two of the ti's that seem to know everything. Most experiences coming from targets are different however the torture is basically the same. Ok the reason I am sending this to you.

I work for a Radio Company. This company owns 24 stations in five states. Because advertising is money in radio. I also know that satellites can monitor what radio stations are being played in cars while traveling in the listening area. This information is sold to a business who want to know what station people listen to the most.

If they can do this why is it impossible for satellites to WHAT WE KNOW they are doing to us !

Just a little information that I know is true. I also have other "simple" things that can help ti's. I have found that sharing this on the mcactivism site is not tolerable because it is not SCIENTIFIC enough for mcactivism.

I want to complain desperately, and I totally appreciate all of your hard work. You are a smart person, and I respect what you are doing.

My problem is that every time I file a complaint, like you ask. A "perp" terrorist will attack and kill people. I can't even talk like a complaint without that happening.

I am a real target, the real deal here. I have been lampooned from the media between the lines since I know, at least 14...I cant go anywhere without being picked on, unless I am around long-term friends or family. You know the deal, but I am so far up the ladder of ti's, I am the main joke around the USA and the World. Therefore, I feel like I am doing something immoral by complaining. For example, I read a book about the "Acropolis" in Greece, and the next day heard on the news that security shut it down for "their" reasons. My life is totally like that every single day. That is treason with a capitol T, but seriously it is like that for me.

You know my email to Waxman generated the VA Tech shootings. I don't know what to do. It is connected. I connect to every damn event, because of those war pigs. I could make the argument that I live my life, and they attack to other events, because that is very true.

I appreciate your hard work, but I am torn here. Do you have any advice? Are you objective enough to feel like I might need to stay low-key, and you guys complain because of my status as a TI...? I don't know anymore...

Please stay well, consider this and email me back.

Given what mind control targets are subjected to, no one has the right to judge you or your experiences. So feel free to post without concern for being judged.

The EBE/UFO phenomenon is quite real, and may well be the reason why the situation on this planet has entered into a very steep downward spiral.

Mind control victims are suffering terribly each day of their lives, yet manage to soldier on hoping to see a positive outcome to their situations.

That is the indomitable human spirit which keeps us going.

I would like to discuss with you a grave concern I have for several situations I have run across in the last several years during my research on neurological weapons and mind control. I have been a victim of this technology from

severe enhanced interrogation mind control and propaganda for the last five years knowingly and would like to bring to your attention the vast public concern that this technology poses.

This technology has caused severe psychological and physical damage to many unwitting citizens.

With a background in anthropology, psychology and sociology I am sure that you understand the threat this type of severe mental anguish can have on the lives of those in our communities and families.

Please help myself and well as other sufferers of this severe mental and physical anguish seek reprieve by establishing a review board responsible for the dissemination of information as well as the establishment of a foundation that will provide for the proper care for those that suffer.

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

Thank you for the information. I have been a victim of both over the last few years. It got worse in the year 2004. I didn't have a clue about what was happening to me until I started searching key words on different things on the internet that finally lead me to the topics. By then, so much damage had already been done, but at least I found out what was happening to me. Maybe whoever is doing this to me could have also been doing this to my son. It is my connection to other people on the internet that has kept me going. I would like more information. I was not able to get my story out because on top of being targeted I have been totally devastated by my son's suicide. I have also been out of town due my husband's cancer treatments at Stanford Hospital in Palo Alto, California. Please let me know what I can try to do.

I do not write very well, but here is a copy of some of the things I have kept track of if you are interested. Thanks!

[December 4<sup>th</sup> 2004 -Even though this is not when it all began](#)

Going to the grocery store after dark –

As I had just made a turn on Railroad Ave., a car came up on my rear bumper so fast I thought it was going to hit me. I swerved off to the side of the road to let it pass.

As I was driving down Franklin Road, a car forced me over into the turn lane for oncoming traffic.

[December 14<sup>th</sup>](#)

Someone was fooling around making noises in the front and back yard during the night. (Sounds of someone jumping fence and someone scraping on cement) Did not sleep that night. (This had happened before where the girl from next door would come up onto our front porch and talk to our cat through the garage window. She and her friend would sit out in their car all night long, and honk the horn twice every time I went out in the front yard. She would also blast the car radio all night long. Power went out and someone was shining flashlights in the windows.

[Christmas Vacation – the vacation from hell](#)

Felt mentally abused by my spouse do to financial difficulties.

[Jan. 10<sup>th</sup> –](#)

My spouse and I went to Bill's place with my Dad and Step mom for my birthday dinner. My spouse made a remark to me that I better hope the neighbors don't think I am a peeping tom when I'm actually outside smoking

cigarettes because I don't smoke in the house. It upset me and I asked him why they would even think that.

During the month of January – still wasn't able to get caught up with the bills due to extras:

Dog	\$300.00
XMAS	\$400.00
Hedge Trimming	\$100.00
Cat (Target)	\$117.00

Spouse and I still not getting along.

#### February 2<sup>nd</sup>

Around 9:30 PM – I was lying on the floor watching the TV before drifting off to sleep when again, flashlights began shining in the windows. I got up to go look out front and saw a policeman walking up and down the sidewalk in front still shining the flashlight, so I flipped on the front yard light. The officer then knocked on the front door and told me that someone had reported seeing someone running into our back yard. He asked for permission to go back there and I said yes. He and some other officers went in back and searched the yard and trailer.

The same officer also had me open the garage door and get him a ladder to go over the fence for whoever they were looking for. I made my spouse get up to prove to him that this actually happened. All the policemen left about 1:00 am in the morning. I wasn't expecting this and I had gotten to where I was just ignoring all the strange things going on outside at night.

#### Week-end of February 4<sup>th</sup> – 6<sup>th</sup>

However, the week-end after this incident, noise outside at night was so bad that I didn't sleep for about 48 hours straight. This included the neighbors daughter (?) who sat out in her car every night for 2 weeks straight blasting the car radio and taking off in the car real fast going up and down the street every five minutes or so. My spouse does not deny this. However, he now denies that any one was fooling around at night, even though he led me to believe he had our yard man fix the fence where someone could have possibly been jumping over it. He had also pointed out where someone had been standing outside our window in the back yard watching or listening to our conversations.

Sunday of the same week-end, the road out front was solid bumper to bumper traffic. If I was outside, everyone in these cars would obviously stare at me as they passed by. I had not seen this much traffic on this road, and I haven't seen that much since that day. I made the remark to my spouse that the same cars were passing by over and over again. He said it was my imagination.

Sunday evening of the same weekend I left to pick up some groceries. I noticed a red and gray GMC pick up following me, so I pulled up to Warren's Market on Clark Ave. to make it appear like I was going into that store. The same pick-up pulled up and parked on the street by the first house by the store. I sat there, he sat there. I finally got out of my car to go into the store – so he proceeded to go in behind me. I turned back to my car to make it appear like I had forgotten something in it, so he turned around following me. (My nerves were already frayed because of all the strange things happening so I got back in my car and sat there.) The person that appeared to be following me went up to the house by where he had parked and stood there and started talking to whoever lived there. I sat in my car scared for a long time, then called my husband from my cell phone and told him my trip to the store wasn't going to be too quick as I broke down crying because I was scared.

I finally got the nerve to leave the spot where I was at, only to be followed by cars that would zip up fast on my bumper, then dart around me. I made it to Raley's grocery store very scared and shaken and got some groceries. When I came out to the parking lot to leave, my son Andrew was waiting for me. My spouse had called him to come check on me.

#### The week of February 7<sup>th</sup>

The same cars started following me everywhere I went (See pictures in book)

Every time I was alone in the house, someone would start banging on things outside (the dog would even bark at the noise. (By this time I was so tired from no sleep and scared that I had my son come and spend some nights with us during this week. I felt safe when he was there.)

My husband wanted to take me to the doctor to get some help – he wanted to know how many sick days I had so he could hospitalize me. I told him not that many, as I had used most of it do to his cancer, then got out of the house fast to go to work.

#### February 10<sup>th</sup>

At work, one of the people I work with brought me a camera to take pictures of some of the cars that were following me. (My boss had noticed a strange person in a truck waiting for me to leave work one evening) During lunch time, I took the camera with me and this is when I got the picture of the vehicles buzzing me in the parking lot at Raley's (Same cars had buzzed me at the Dancing Tomato Restraunt evening of Feb. 7<sup>th</sup>). I was so scared that I even had security walk me back out to my car. (Have picture of car blocking me.) I continued to get pictures of as many of the cars involved in this as I could, but by this time they knew I had a camera.

I was so scared and my husband wouldn't believe me, so I went and spent the night with my son.  
(Finally some sleep).

#### Feb. 12<sup>th</sup>

Same street theatre where ever I went, including a car forcing me into the oncoming lane on Franklin Road again.

That evening my family showed up to have me committed. The rest is history After more heavy street theatre on April 4<sup>th</sup> and 5<sup>th</sup> – I finally got committed.

#### May 16<sup>th</sup>

Spouse started in about money before work this am. Told him I couldn't talk about it right now – didn't want to go to work upset. He said I didn't want to work anymore period. I said that's not true, that my job was all I had.

#### May 16<sup>th</sup>

Spouse met with Charlie Bates (Waterfield Mortgage) and got all the financial information he needed on me. (Found out July 8<sup>th</sup> that spouse did not give them my correct social security number) He said that Charlie said I either gave money away, was on drugs or had a boyfriend. Going home from work on this day the street theatre started again and a repeat of the same type of harassment that happened in February began again. This stuff lasted all the way through Memorial Day week end.

Some heat source in the house was dehydrating me and blistering my lips. Co-Worker have me blistex – sister saw blistered lips.

In between this time, the plant from my Mom's funeral that has lived for 4 years died within 2 days. The microwave oven blow the power out when it wasn't even in use while we were sleeping- created a big flash around 5:00 am.

(We receive many hang up calls a day.)

Went to sister's one night during this time (then on to a motel) – Spouse had told my sister that I had been drinking for 3 days straight and that I should not even be driving out there. My sister witness that I had not drank a drop.

#### June 3<sup>rd</sup>

Came home from granddaughter's graduation and found flower pot that I have used as an ashtray forever melted to the ground. There had been no signs of anything smoldering in this Pot.

#### Between June 3<sup>rd</sup> and July 4<sup>th</sup>

Comment from spouse about a car checking him out on the way to the races in Antiock – he's going to find out if the tinted windows have any gang connection – wouldn't want to get shot with a sawed-off shot gun.

Spouse accused me of being on drugs.

#### 4<sup>th</sup> of July week-end

Spouse turned gas off in the trailer so butane leaked in from empty lines when I tried to turn the burners on. He said he shut it off because it was leaking.

POINTS:

Spouse was not supportive  
Spouse denies things he said to scare me further (like maybe it's the Mexican Mafia)  
Spouse very upset because of a couple of credit cards  
Spouse made life hell by the way he treated me, yet swears he loves me  
Spouse just doesn't care that I have lived over a year with nothing but bad things happening with  
no relief what so ever (His cancer, getting my car totaled on the way to work by a non-insured motorist, stress, all  
utilities getting shut off and sadness)  
Street light was burned out from the time this started and fixed around February 15<sup>th</sup>.  
Marysville Policeman Kevin Conde said there were no incidents reports filed for anything around our home during  
the week of Feb 1<sup>st</sup> – 4<sup>th</sup>.

Exact same episodes occur about every 3 to 4 months

Have pictures of the car mobbing in sequence in a photo album

DEAR SIR/MADAM

**I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS**

I am 47 and the healthy father of 13 year old twin boy's and I have been experiencing something very disturbing that I want to share with you.

You may or may not already be aware of this type of activity. I Believe that I am being harassed/ tortured/ radiated/ possibly slowly murdered by what I believe is ordered by a government agency (DOJ I am told) via directed electro magnetic radiation and radio frequency waves from satellites, helicopters, and cell towers.

For a reason I am unaware of, it has been suggested to me that I may be in a so called "Program". No, I am not on drugs, insane or mentally unstable. According to my research there are thousands of other people around the world that are experiencing the same types of abuses. It is inhumane and unacceptable and people should be made aware of this harmful, disturbing and disgusting activity so an end can be put to it. The web has an abundance of information on mind control and other high tech abuses imposed on law abiding citizens. \* Below is a partial list of some websites that support and parallel my experience.

Frequently, I get a burning sensation on my face. My neck & shoulders at a moments notice become extremely tight and stiff. Erratic heartbeat. Some of theses occasions I become nauseous and tired. This is also accompanied by a severe loss of concentration. This is happening to me at least 4 or 5 times a day since last September 06'. I have had non stop symptoms similar to Tinnitus in my left ear (which doctors have not been able to treat) that has developed since this period as well. I have recent photos of a circular burn on my left ear.

I have a hi quality audio recording of a low humming sound which was produced as a microphone was pointed at my head. I have video images of satellites that are brightly lit and appear in the same general locations every night. Oddly and ironically these satellites are occasionally lit with boldly active (red, white and blue lights) , which I have seen hovering in the sky around my homes in Los Angeles and in Washington state. I have numerous videos of helicopters repeatedly going directly over me at low altitude, sometimes doubling back over me. I have

witnesses to many of these events.

Has our government (corporations) become so corrupt and evil that they are using technology to torture those that don't fit in to their agenda? I am trying to figure out what needs to be done to stop this unacceptable and horrendous activity and at least expose the fact that this is happening. I certainly do not deserve this. Can you help me?

Another declaration I found on the web that I can relate to:

"MICROWAVE SATELLITE ASSAULTED I AM UNDER CONSTANT SATELLITE TARGETING. THEY ALTERNATE BETWEEN LASER SATELLITE ASSAULT, AND MICROWAVE ASSAULT. TODAY THEY HAVE MICROWAVED ME TO THE POINT OF EXHAUSTION. THIS IS NOT THE 1ST TIME, BUT I WANTED TO SEE IF OTHERS ON THIS BOARD HAVE EVER BEEN SATELLITE MICROWAVED ATTACKED, WITH THE SYMPTOM, BEING TOTAL 'GO TO BED' EXHAUSTION?"

I thank you for your time. Please contact me if you would like any more info in regards to my experience of which I am keeping a diary. If you have any suggestions or advice I would love to hear it.

I have been targetted since I was 2 years old. That is since 1967, right after I got an implant. Yes, an implant... I was awake for the procedure. The doctor drilled a hole in my head and inserted several wires "to talk to my brain" is what the doctor offered. It is a Delgado style stimociever. I may have gotten more since then. Now they just say they are "doing an experiment" on me. I will send more email lists as I create them.

Once again I would like to thank you for all the work you have been doing. It's a wonder we aren't further along with a case at the ICC.

I was forwarded your list of ti's and I was wondering if you could add my name to the list. I am a TI living in British Columbia Canada.

**3/10/09**

In 1998 my son Nick committed suicide. He was 20 years old. It felt like my heart had been ripped apart. It was a very dark time for me. However, I was determined to find the underlying reasons for this tragic event. I knew that there was some underlying force which had caused this to happen. What began as a search to understand what was behind my son's suicide, ended in a discovery of a plan to eliminate a large portion of the world's population. The last time I had seen my son alive he tried to tell me something; something which I knew had caused him to give up hope. It had to do with some type of technology. At that time I was unable to understand what he was trying to tell me. It took over ten years of searching to find out the truth.

What is being done to us by powerful individuals who call themselves "The Illuminati" reads like bad fiction. We are being used as guinea pigs to test various foods, medicines and powerful weapons. We are totally expendable, and have been labelled "Useless Eaters" by the Illuminati. Part of their plan, originally called "Global 2000" is to rid the world of the surplus of useless eaters, allowing only those whom they deem worthy or necessary to remain alive.

Those who abide by their rules will be allowed to live. Brainwashing techniques, mind control and modern technology are being used to create a New World Order.

I decided to write a book for anyone who might be suffering from being a targeted individual (TI) or know someone who is targeted. Those who have already discovered that they are targets are probably aware of most of the information. I hope to help those who are just becoming aware, to know they are not imagining it and that they are not alone.

If you wish to purchase the book, either in printed copy, on a CD or as an ebook, please go to the "Store" page.

Currently I live in Edmonton Alberta Canada, and this is the place I got victimized by this unbelievable evil since early 2004. I might have been targeted in US before then, but at least was not harassed in public places.

I only participated one petition in last May, and didn't actively to do anything after. Please send me a sample case summary. I do plan to send out my victimization case to several persons listed in your email.

I don't post in the forum very often, but I keep up with the postings almost everyday. I am a supporter of Derrick's legal class action.

Thank you for these updates-they are always very helpful. I, of course, am a victim of these crimes & have been now for nearly 6 years. Everyday, 24 hours a day, it never stops. I've done my research and I do know who did this to me. Problem can be how hard it is to prove these things. However, I do think these people are not that hard to pin-they are often sloppy. I don't have the money to go after them, but I'm hoping that at least letting people know who they are, someone will do something about it.

Here are links to them-they all have 'myspace' accounts, believe it or not. A bunch of rich brats from LA:

Thank you for your sending information and supporting for the covert torture victims. I also send my voice to Amnesty and UNO also.

The Radio frequency and Microwave target complaint the doctors or any other authority not considering the harmful target or it can happen in the residential place. Though the victims feel the impact of the attack they are unable to prove it in the absence visible signs or injury to their bodies. But the measurement of the exposure level and Calibration can be measure. But the devices and other information very hard to get because of some reasons. This type of information victims need to prove it that causes the biological effect or abnormal pain. As international Organization I trust you able to get regarding these issues. Also I would greatly appreciate that if you can refer some professional of Microwave or celebration experts to me. How we able to bring professionally the attack chart?

Specially monitoring the Radio frequency /EMF strength meter can able to measure the exposures of Radiation in mw/cm2 or mAmps or mille volts that information I am looking to monitor the target. This we need to get in North America or any where especially in Canada. I greatly appreciate to work on this and send some information.

Thanking your anticipation

I am a Targeted Individual and I have thanked my mother many times for raising me to be strong and to have faith in God. I am ok at this point, however I have been trying to raise 2 children with this going on and I see them as targets too. We are the kind of people I guess they don't like. I was a 4.0 student and my daughter academically lettered as a Freshman in High School last year. My son, B Honor Roll, has life threatening allergies and hearing problems. He is really getting harassed at school the past 2 yrs.

I noticed that I was being harassed in 1999 by a bunch of neighbors, had my life threatened and was promised harassment by 2 neighbor women. However, this is what is confusing about this is that in 1987 I had dated a guy for 2 months and when we broke up my stereo was stolen. He said he could get it back and knew where it was! His brother in law to be at the time had a job with our US Govt. in NY that was very secretive. I was missing things out of my home in 1987! I lived in another state then. I believe he is my original perpetrator. So I really think that I was targeted 20 yrs ago. I think the neighbors in '99 had moved into my neighborhood to target me. One of the women who threatened me said her uncle was at one time a spy with the Green Beret (which is a specialized division of our armed forces) and she asked me stupid questions. When the harassment hit, it involved all the things we talked about in our one conversation we ever had.

I am familiar with most of the web sites, but thanks for sending them anyway! Last year is when my eyes were opened to what is really going on. My phone wires outside were immediately pulled out of the wire box and it cost me \$80 to have it fixed. I am in contact with other ti's and my boy friend is one also. Since I contacted the state representatives the other day my perps are going ballistic on me!!

I have realize what I am up against. Will never understand the actual reason I was dragged into it and mostly fear for my children's future.

Rape In Palo Alto. The Saga of The Kats family. We need to talk to you. Please.

Thanks for your letter and information you provided with it.

While we read names of the victims in the USA for some reason we couldn't find our name - The Kats Family - that for the last 27 years being serving in one of disastrous medical program illegally runs by Stanford Sadist Doctors the consequences of which would spell Death Row.

At the moment I, Ed. Kats, had finished our documentary film "Guinea Pigs From Silicon Valley" dedicated to the victims of Nazi Regime in United States involving Sadistic Acts of Physical and Mental Torture, Rape, Discrimination, Dehumanization, Abuse of innocent children. We would like to send this documentary to you future to get some sort of assistance to distribute film around the world through the film festivals. The

entire documentary contains acts of physical torture executed by the US Intelligence by the use of remotely control brain implants.

My name Ed Kats.

My family and I are victims of the most disastrous medical experiment at the moment had been known among many that I could analyze base on information that being provided via Internet. the Kats family at the moment being on the Death Row and awaiting execution. Yes. We all, 4- four of us being rudely used as Test Subjects in Horrifying Medial Experiment since April 2, 1981. We do know that every one in the family will be put in the Cohen once an appropriate timing and coincidence of circumstances will allow to proceed with such an action.

Are we ever being in touch? I'm asking this question simply because we never get any respond on dozens of our letters.

At the moment I would gladly described the entire event of what had occurred to the Kats family but [www.torure11.8k.com](http://www.torure11.8k.com) it would take to much time to read it, once we decide to place written story with this email. Development of the case involving unconscious subjection members of the Kats family has got strength, Senator Barbara Boxer, requested Head Quarter FBI Washington DC - to provide the Senator with all possible information regarding unprecedented abuse, specifically - babies. Chairman Patrick J. Leahy

United States Senate, Committee on the Judiciary

224 Dirksen Senate Office Building, Washington, DC 20510

"When just one of us loses just one of our rights, then the freedoms of all of us are diminished."- FBI Director Robert S. Mueller.

Re: FBI oversight

Dear Chairman Leahy,

Despite FBI Director Mueller's assurances, there are no effective controls to prevent the inevitable abuses resulting from the recent changes to DOJ regulations that would allow state and local law enforcement agencies to collect intelligence on individuals and organizations even if the information is unrelated to any criminal activity. Federal, state, and local law enforcement agencies have an inherent conflict of interest in investigating themselves and each other. These changes are too open to deliberate misinterpretation and abuse by those with the will to do so. 28 C.F.R. Part 23 already provided all the direction necessary for law enforcement to do their job within the constraints of the U.S. Constitution and Bill of Rights while keeping all of us safe from the real terrorists and criminals.

My situation is a case in point and serves as a model as to what to expect from these new regulations. After exhausting all administrative remedies with the State of Florida to resolve my charges of illegal electronic surveillance and harassment against the Florida Department of Law Enforcement, Holmes County Sheriff's Department, and the West Florida Electric Co-Op, I filed a complaint with the FBI Jacksonville Field Office. When Jacksonville refused to reply to inquiries regarding the status of my complaint, I mailed a more detailed one, dated December 11, 2007, to FBI Director Mueller and included a copy of a VHS tape (enclosed). Electronic surveillance experts said that the audio phenomenon that I managed to record, such as the amplification and unnatural resonance of the dog's barking and sound of the aircraft, is indicative of electronic surveillance. Earlier three other electronic surveillance experts all verified illegally mounted electronic surveillance devices on the utility poles servicing the house and grounds, but refused to supply their reports. One expert even identified the manufacturer of the devices as Audio Intelligence Devices, a supplier to law enforcement and government agencies. When the FBI refused to reply to my complaints, I filed a number of FOIA/PA requests in order to get an acknowledgment of my charges by the FBI. However, the FBI denied having any records related to me or my charges, even though I mailed my complaints EXPRESS MAIL and FBI personnel signed for them. The Jacksonville Field Office even denied receiving my FOIA/PA Request.

I appealed the FBI's "no record" responses. Deputy Chief Work of the Administrative Appeals Staff dismissed my appeals as "moot" and closed my appeal files, because both FBI HQ and the Jacksonville Field Offices denied having any records. She even dismissed an appeal that I hadn't filed yet. Consequently, I filed two separate complaints, one under the Patriot Act, with the DOJ OIG charging FBI employees with misconduct. When the IG didn't acknowledge my complaints, I filed a FOIA/PA request with the DOJ OIG seeking records related to my filed charges against named FBI employees. I received a "no records" response to my FOIA. The IG denied receiving my complaints.

Around this time period, I called FBI HQ mailroom, which easily tracked my EXPRESS MAIL letter to FBI Director Mueller and the room/unit where it was eventually delivered. I suspect that my phone call to the FBI mailroom and/or two complaints filed with the DOJ OIG charging the FBI with lying to cover-up and abuse of the Patriot Act may have prompted Civil Rights CID Chief Peoples' reply. He returned my complaint and evidence addressed to FBI Dir. Mueller and wrote: "The allegations that you have brought to our attention do not warrant any action by the FBI."

My charges most certainly warrant the FBI's action as a form of check and balances and oversight to state and local law enforcement abuses, especially in light of these new regulations. I've enclosed a copy of my letter, dated December 11, 2007, and evidence, including a VHS videotape, to FBI Director Mueller. I am requesting that the Senate Judiciary Committee investigate my charges and that you or your staff present my complaint directly to FBI Director Mueller for his reply. I began this letter with the following quote from Director Mueller: "When just one of us loses just one of our rights, then the freedoms of all of us are diminished." I would like to know if he means what he said or are they just words.

I am a TI from New York State, now living in San Antonio tx, but soon returning to NY.

I am grateful to read the information that you have on the internet.

Over great distances, from Asia to the UK I have been subjected to neighbor harassment to cause sleep deprivation, and was assaulted with a full blown gang stalking operation while a student in China.

Here is a blog attesting to some of what I have experienced:

<http://arthurstreet11.wordpress.com/>

expanded version is here: <http://aspenbinghamton.wordpress.com/>

I am seriously assaulted with electromagnetic weapons, stalking, criminal interruptions to work, family life and more.

I seek to connect with other victims.

i wanted to know if you believe the Bible? these people work for the antichrist. we can slow them but not stop them, because they have a destiny to fulfil and a price to pay. their price is to fry screaming for eternity. also, when i have time i'll send you my summary. but my story is nearly identical to yours. I don't get much gang stalking since i started carrying my digital camera though LOL! but i get most of the typical tortures.

Thank you John for the swift reply & all the great links & information We had our first meeting about a month ago for the FFCHS here in L.A and I'm victim 137, our group leader came out from Ohio to try to get our own group going but things aren't going forward as many of the victims live far from each other! Many of us are just wishing for some kind of a miracle.

Thanks once again & if any good news comes up please keep me informed so I can pass it on

We protested at the college of UCLA in L.A Calif.

Yes I have been a Ti now for the 36 years, the stalking has slowed but the E.H & DEW, remote torture is worse

than ever, whats the best way 2 detect the neurophones & implants or kill the audio sound to the auditory cortex?  
Keep up the good work of getting the word out.

The harassment that I have received has come in many forms. I have experienced what causes the most skepticism among those we are contacting and that is the "Voice to skull" effects which include constant noise being projected into my ears without those around me also hearing what I hear. Some refer to it as "sonic sound" it is believed to be a modified older technology belonging in the Non-lethal weapons category. This means some form of manipulation of the electromagnetic spectrum. These signals also cause sleep deprivation, nausea, fatigue, brain neurotransmitter interferences among many other affects. These attacks take place 24 hours a day, 7 days a week and there is very little if anything that can be done to protect one self from the affects of this technology or find relief from those affects.

I have been targeted by this very devastating weapon(s) for an unknown reason. I was employed as a Medical Laboratory Technician in a prominent Hematology-Oncology Practice for many years prior to these attacks. Now I am unable to work and it is a daily struggle just to perform the daily tasks necessary for every human being.

I have sent out hundreds if not thousands of emails to those that may be in positions to assist me and those like me with our struggle to make this issue public knowledge without being labelled immediately as mentally ill, which is what happens to many targets when they approach officials and the like. Many of these targets are then forced into mental institutions or intense psychiatric therapy's, including medications that they do not need while being afraid to describe all of the symptoms they are experiencing for this very fear they are then NOT receiving care that they may need. An example would be Post Traumatic Stress Disorders which are handled much differently than the usual Delusional or Schizophrenic labels that are placed on these targets myself included.

I was in brief correspondence with one of the Senator's of my state's offices. This gentlemen took my complaint very light headedly and although this Senator was on the Senate Science and Technology Committee exclaimed that "there is nothing we can do to help you." That was very early on in my targeting and now I have realized and come to know many others just like me that "hear" the same noises in their heads. (word for word or very similar) and have gone through the other forms of harassment as I have that has now cumulated into what I refer to as torture.

**Kevin reports about his experiences of chemtrail spraying:-**

Kevin is traveling right across South America to inform people everywhere about the crimes committed with electronic weapons against innocent people. He can prove by SPECT images (a technology similar to x-ray) that the perpetrators of US intelligence services have implanted him with a multitude of microchips. Besides his courageous information campaign about the electronic and stalking harassment he is undeceiving people about chemtrail spraying. He writes:

"I agree with you that the Chem Trails can seem to be a deliberate provocation. I have seen them over every country I have entered. If I remember correctly they were being used over La Paz when I was there. Whereever I have gone they have followed. Moreso in Argentina and Brazil and Uruguay as I see them often and I also suffer severe headaches after they have sprayed....

I don't know the causes of the headaches. All I know is within one day after the spraying, I have headaches. It is actually more like 18 hours later. Also, in Nicaragua and Honduras, within the same amount of time, the children and the elderly died in larger than normal numbers. I showed the locals the chem trails and told them what they were. In Nicaragua I was given an audience with the press. Ramon Vallrreal Bello of the Prensa took my information but refused to report the story I told as he said his boss said it is too controversial. In Honduras they reported a strange virus had killed the victims."

**Subject: "Gang" or Organized Stalking**

From: Kevin, Date: Sun, October 15, 2006 9:29 am

To: Editor

Hi Ken,

I just read your online report on "gang" stalking. Pretty amazing stuff. Nearly all of the methods of stalking described and those discussed on Eleanor White's website mirror those that I've experienced over the past four years from San Francisco to the Middle East, to New York, and in Illinois. What is particular to my experience and may be for others is an occult (demonic or satanic) element (I call them, collectively, "the synagogue of satan") directed by a non-human entity I'd known for more than fifteen years before I realized that he was central to the negative influences I was experiencing with increasing intensity.

There's a demonic manifestation I've read about from several individuals online at sites like the ethericwarriors.com and astraldynamics.com forums who calls itself "St. Germaine" that John Gibson, my demonic or satanic lead stalker, bears many similarities with. A week or so ago, in a kind of half-sleep, in the middle of a lot of his nonsensical babbling, I asked him what he wanted and he replied, "You." My answer, as always, remains firmly, "No."

Do you recall two years ago when the comedian Dave Chappelle abruptly left his hugely successful television show and fled the United States? After reading something of his experiences it would appear that he was also a subject of organized stalking, although he probably doesn't yet realize it. What's interesting about my having been stalked by an organized group is the cable television show called "The Kevin Hill Show" that began airing at precisely the time when I was most confused by my attackers and my physical and mental defenses were at their lowest.

I'd been experiencing intense harassment for a little over a year in San Francisco before that show began airing at which point my stalkers, many of them I understand now to be non-humans, began to generate talk amongst themselves, but always within my hearing, that my immediate family had somehow sold the rights to personal diaries I've kept since early childhood without my knowledge or permission. A ridiculous idea, of course, but one of the key objectives of organized harassment is isolation of the target, and many of the people

I'd tried to describe the experiences of stalking and harassment to were planned participants in the activity who merely claimed not to understand what I was talking about, or suggested that I was somehow mentally unstable. Years later I understand this as both an attack from within and without the human body and mind, meant to break down all senses and defenses against satanic initiation and/or demonic possession. Organized stalking as a program would seem to take many years of observation of the intended subject, as well as careful planning, before a human target begins to notice that anything is amiss.

Robert Bruce has written an excellent book called "Practical Psychic Self-Defense" that I would recommend to anyone under psychic or spiritual assault. My name was used as the title of a show to create discord, and to generate what Mr. Bruce calls "core images" that can be triggered during rest or by "gang" harassment participants in public settings to cause stress, anxiety, and probably physical symptoms of illness related to energy body attachments. Some of the terminology used in the related link to Ms. White's website like "public theater" and the film "Gaslight" are terms that perpetrators used to describe to me, indirectly, what was happening.

Thank you very much for publishing your findings. Although it's unfortunate to read that a great many others the world over are experiencing this new social phenomena, it's a relief to learn that we're not alone.

Hello Ladies and Gentleman's

Look at the attachment to see what CIA doing to the people whom aren't aware of what is going on.

CIA also cleaning the information about some of the TARGETS that are disappearing, from the Internet and even using their email address to fool other targets. There was a lady in Canada who had a website called "[www.eharassment.ca](http://www.eharassment.ca)" in her name I think it was Ms. Parker, now you can't find any information about her in the Internet even her website is down.

Please take the time to read this information carefully. I understand what you are experiencing. This is a Satellite system that utilized a Nano-Technology Implant Referred to as Synthetic Telepathy. This technology was sold to the military as a new form of communication, it was sold to the NIH (National Institute of Health) as a Brain Scan Chip Implant. Whatever the excuse or reason given they are all false. This technology is a direct attack against all Humans on the Planet. Many people do not have the ability to detect the effects of the implant like you have. I am

on of the few that can. Also, during the past 15 years of contracts to the Government I became aware of the technology and how they implant it in our skull. It uses Nano-Tubes that have stabbed directly into our brains and this allows them to monitor/assault/project into our brains. This device is truly and actually a Programming device designed to program people's thoughts and feelings and in essence turn them into drones that only have thoughts that correspond to what the controllers want us to think or act or feel. You must understand that a majority of the individuals in control in our various governments have also been implanted and are being controlled. Others are aware of where the technology came from and are active participants and work with the Occultists that are using this technology.

Brief History Lesson, After WWII the US brought many of the scientists over that had been working for Hitler. Among one of those purposes was a desire to learn about the advanced technology that had been developed by Hitler's top scientists. The information they received was quite shocking. They discovered that Hitler had been working closely with an Occult Organization called the VRIL Society. They had made contact with a Lower Dimensional Life Form. Because of their sacrificial and antireational sexual ceremonies they were able to open these communications. They discovered that there are many interdimensional life forms in both the Lower and Higher Dimensions. The Lower Dimensions are based on Fear, Anger, Greed, Ego and Control and Darkness. The Higher Dimensions are based on Light, Love, Compassion, Generosity, Care.

It was soon discovered that our Government had already been infiltrated by a Lower Dimensional life form called the Draconian Reptilians. They practice an Empiric System of Control and believe in Sacrifice and Slavery. These Draconians along with the Scientists established levels of Secrecy within the various Governments giving themselves total control and oversight of secret operations and scientific development. These included Cloning and Implant Technology. They do not like the Human Race because we are Spiritual Beings that are based on Light and Love. The frequency/vibrations our spirits produce when we are happy or content is positive and this causes them great discomfort. So they have manipulated and controlled various parts of the Government to allow them the ability to begin implanting all Humans on the planet so that they can break down the Love Vibration we generate. Driving us into Fear of Loss for the most part and for those of us that they cannot control or program they attack us with various dream scenarios and direct assault through constant communication via the implants. This is all done to wear us down and either destroy us or demand our submission. I have been fighting this form of attack with a very focused Meditation Exercise. Please review the info below that I have been sending out to people on a steady basis to try and provide some relief to these attacks. So far I have not been able to break the implant technology but I have been successful in retaining my sanity through this attack process.

Per the plans in place at this time, 9-11 was planned from within the CIA as a way to declare war on the world. WWII has begun due to a false attack on the USA. They blamed Terrorists but in reality the true terrorists are within the CIA and NSA and other Secret Intelligence Agencies. They plan to attack Iran and force Russia and China to attack the US. This would result in a reduction of the population and would allow them to move forward with their plans to control the entire planet. This is a continuation of the plans set into motion by Hitler so long ago. They are using the USA as their new Base of operations for their New World Order and Control of the planet. I believe you are already aware of the techniques being used that mimic the NAZI and SS in America and all over the world. They are trying to create their Satanic Future on Earth. This is why the meditation exercise that I share is so important. It allows you to build strength both Mentally and Spiritually. This is not related to any religion as all religions have been manufactured to turn us into slaves as a control method.

Here is the Meditation Exercise along with some supportive info and a video that helps to outline the importance and power of Focused Meditation and Group Meditation.

Please share with others...

---

After working for the Government in various contracts I have discovered a secret that they are keeping from the world.

I found that scientific studies were done on the exercise that I offer below and that it was discovered that this exercise can actually make a difference in the world around us. I ask that you join me in sharing this information with the world. Also I have included a video link below that shows that the Institute of Heartmath has done work to prove that the following exercise has a tangible effect on the world around us when done with extreme focus. So I ask you to join me in using the following exercise to help to bring about change on our planet.

Here is the meditation exercise I put together from the Billy Meier meditation information.

Remember that you must use focus during this meditation or it is pointless.

I have learned that listening to the sound of running water in a creek is actually a healing sound also. I use this when I can.

Everyone should listen to this whole video below. Here is a video that discusses Heart Brain interaction and how the evidence about meditation being a powerful tool for Humans to use and how it can heal our bodies has been proven scientifically. They don't discuss Theta Waves in this video but there are two parts that talk about the heart and brain, must see the whole video:

[http://www.youtube.com/watch?v=r\\_YOG3jMlV4&feature=channel\\_video\\_title](http://www.youtube.com/watch?v=r_YOG3jMlV4&feature=channel_video_title)

What I have discovered and this scientific proof given shows that we are very powerful and that if more of us use the meditation exercise I provide below that we can have a physical effect on the world around us and the people around us.

Before I begin, I would like to share with you that experts in the field hooked their equipment up to a Yogi Master and during his meditation they discovered a 4th Brain Wave called the Theta Wave. They discovered that this 4th brain wave was directly responsible for his long life and excellent health without ever having seen a doctor or taken modern medicine.

I would like to share a meditation exercise I put together from the Billy Meier Meditation information.

I learned of Billy Meiers contacts while employed to various contracts to the Government. I learned that Secret Intelligence Agencies have worked hard to conceal this information from the world and that they have photo's that they stole from Billy Meier of his contacts. This prompted me to learn more about his contact notes. You can learn more by watching the videos on the bottom left side of my Youtube Channel ([www.youtube.com/sweet6b9](http://www.youtube.com/sweet6b9)) or by listening to the audio tapes provided at the following website: [http://www.archive.org/details/rock\\_mausoleum](http://www.archive.org/details/rock_mausoleum) Or by going to the following website: [www.futureofmankind.co.uk](http://www.futureofmankind.co.uk)

Here is the meditation exercise that I put together from the Billy Meier contact notes that I offer to anyone who wishes to live longer and healthier lives as explained in the Billy Meier contact notes.

It's a Beautiful Planet, Please help me save it and share this message..

First, I try to explain to people that Meditation is like Exercising. Some people exercise to stay healthy, others exercise to tone their muscles and some exercise to Body Build. This meditation exercise I give below is more of a Body Building Meditation exercise and requires concentration and focus.

I don't mean build a special room, or decorate Feng Shui..

I mean sit down in a comfortable position and stare at the tip of a candle flame for like 10 to 30 min each day. Keep the candle at arms distance on a table in front of you. Keep your mind clear and repeat the word Sun in your head over and over slowly. Do this until you develop tunnel vision but continue staring after tunnel vision sets in.

Then later, close your eyes and invision the candle flame just the way it was in reality with every detail that you picked up on while staring at it.(this takes focus) Hold this image in your mind while relaxing your body.. Don't let other thoughts come into your mind but keep repeating this word Sun or, "Saalome (means Peace in Wisdom)" , or chose some words like Love and Compassion, or Light and Love, while keeping the image of the candle flame in your mind, Try to bring the flame into focus like it is crystal clear and you can see the light coming from it as white and pure as sun light. Just hold that image of the flame burning and keep it in focus. This takes practice. Only try to see the flame as opposed to the whole candle.

If you lose focus and find yourself looking at the back of your eyelids you will notice something unusual after only 5 min of this focus, You will see a White light spinning slowly or it may look like a bubble exploding or imploding slowly. (you may see this while staring at the candle flame also) This is Real. This is tangible proof that your meditation is focused. When you calm down after seeing this, continue to focus on the flame in your mind and try to hold it longer. Also check to make sure your entire body is relaxed and that you're not tensing up during your focus; only use your mind to focus. You may notice your Nasal Passage opening up or that you suddenly take a deep breath through your Nose, this is also very real and a normal response as your brain needs extra oxygen in order to perform this task. You will feel tired or exhausted after this exercise as you are using a part of your brain that we typically don't use.

At this point you will probably have many questions.

1 What the heck is that white light?

2 Where is this leading?

3 How is this connected to Telepathy?

4 What will Telepathic Ability do for me?

5 Why does my brain feel like I'm running a marathon with it?

I will be happy to answer those questions, just be assured that if you focus hard enough and your entire body is relaxed enough, that you will have success.

To give you a bit more, think about Star Wars. A major part of the movie that is never emphasized very much is Meditation.

What does the Council do most of the time? Meditate.

What do Jedi Do when they are not defending? Meditate.

You have probably heard about Yogi Masters being able to levitate during meditation? What do they do every day? Meditate.

You have probably also heard that Yogi Masters and Buddhist Monks live to be over 100 years old, this is due to a 4th Brain Wave that is generated when in deep meditation, it is called the Theta Wave. It was detected by specialists that used specialized equipment that can detect Alpha, Beta and Delta Waves also. They discovered the healing qualities and effect of the Theta Waves and their direct connection to Sunlight or the result of staring at a candle flame for long periods of time while repeating the word Sun in your head over and over and pushing all other thoughts out of your mind.

What should all Humans do daily? Meditate.

That is one of the points to the message to Billy Meier's. That is what people must begin to understand, but first they must recognize that Billy Meier's visits were Real! That those Humans that visited him are very much like Jedi and we are a Planet full of possible Jedi who merely need to learn our potential. They teach Billy that through meditation they live longer and healthier lives and gain deeper understanding and Wisdom of the Force of Creation through the Spirit.

Feel free to ask questions and if you do what I suggest and have success, please consider listening to the Billy Meier links and you will hear information that you missed the first time. The truth is that I have had some success with this meditation and I keep it quiet as most people do not take the time to perform this simple experiment I have suggested to you.

If you see flashing white lights in your eyes when you try this exercise, it means you have an implant that is trying to break your concentration. And the most important question is why would they want to block your meditation exercise? Much less how did I get an implant and who put it there? Well I have those answers, the implant also has the ability to push thoughts into your mind to break your focus, or even make sounds.

Another simpler way to detect the implant is to look about 2 to 4 in. to the side of the sun. Keep your eyes trained there but pay attention to the sun out of your periferal vision. You will see a black dot form over the sun. Notice that the black dot wiggles around. this is not burn in, it is an artificial block being made by the Implant and it wiggles around because it is only a projection being pushed into your mind from the implant and doesn't actually cover the sun in your eyes. This is done to prevent us from having a clear image of the sun in our minds to use for the meditation exercise. I suggest looking at a reflection of the sun on any shiny object to focus on during the day for the meditation exercise.

Only you can verify what I have told you! It is a very personal Journey and one that I wish I could personally tell each and every one of us.

So I try.

Feel free to ask questions if you have any, I always enjoy hearing some success stories..

My name is Kimberli. I have been surviving the constant attacks for 7 years now. I am a natural healer and have been for many, many years. During all this, there have been times that I just wanted to hide, die, or do just about anything to make it stop. As a healer, there is advice I can share with everyone so you can help yourself. It may take several "articles" to say all I want to communicate, so please bear with me. My email address is [kimberlilmt@gmail.com](mailto:kimberlilmt@gmail.com). If I do not answer you in 12 hours or so, then, it was intercepted, please resend.

Know that your body is the battle ground. If you have ever read, Sun Tzu, The Art of War, you know the battle ground is very important, the one who controls it, usually wins the battle. You want to do everything in your power to make it as inhospitable as possible to attack. Keep yourself strong, and always remember that you must be pretty damn important for anyone to be bothering to spend so much time, effort, energy, and resources to make you believe otherwise.

I do not expect that all of these changes to your lifestyle can be made all at once. But, integrate them into your life at the pace you can handle. Everything I suggest is in line with a TI's budget in mind

**ELECTRONIC AND NEUROLOGICAL TORTURE CARRIED OUT ON HUMANS THROUGH “MICROCHIP” IMPLANTS OR OTHER DEVICES/SUBSTANCES:  
A SUMMARY OF A PERSONAL ACCOUNT**

Get ready. A new science is developing that victimizes countless individuals and promotes bigotry and inhumane practices on an inconceivable scale. That science involves the use of involuntarily implanted or injected microchips or some other such object or substance in humans that can be utilized to conduct electronic and neurological attacks on them. A new form of torture and mind control from traditional methods, this maleficent science is little understood and little accepted in the scientific community.

Microchips are tiny devices that are best known for their various functions concerning computers and other electronic equipment. By the late 1970's or early 1980's, scientists had developed microchips so small that they could be inserted into humans without their knowledge. Today's microchips are almost microscopic and represent state-of-the-art technology. Manufactured from silicone and perhaps other materials, they are virtually impossible to detect once they are implanted. Research shows that those almost microscopic chips can now be injected into the body in fluids and suspended between water molecules. The nano-chips then find their way into the bloodstream and become attached to colloidal metals in the body. Those microchips can be utilized to carry out electronic and mind control effects using especially designed computer software and other instruments that operate off the microchips' I.D. numbers.

In December of 2005, while living in Mexico, many bizarre and menacing events began occurring in my life, things that completely bewildered me. I knew well that I was not schizophrenic or paranoid. Although in my late sixties, I enjoyed exceptionally good mental and physical health. As those actions became increasingly threatening, I ever-so-gradually learned that I had become the victim of an involuntary “microchip” implant or some other object or substance in my body that is acted upon by electromagnetic waves.

Knowledge about my harassers and their modus operandi evolved slowly. Almost a year went by before I knew the

extent of their capabilities. Finally, however, I learned from experience that my harassers are able to perform the following actions: (1) Track my movements, on the road and even inside my house. (2) Hear and record my conversations along with those with whom I talked. (3) Tap my phones, hack my computer, and even view me through the PC monitor. (4) Cause involuntary erections whenever I see certain people on TV or think of certain friends and relatives. (5) Make me feel as if I wish to defecate. However, they have failed miserably in making me actually defecate. (6) See my body in 3-D. They can zoom in on any part of the body and see that part much like a cat scan views the body. (7) Apply a variety of torture techniques to my body, causing (a) pains and a sensation of pin pricks in my shoulders, face, elbows, and other areas, (b) electrical jolts, (c) tremors, (d) zapping on or in my brain, (e) severe cramps, (f) “restless” legs and numbness in my limbs from the base of the spinal column to my toes, (g) coughing and sneezing, (h) headaches and throbbing in the head, (i) gastric disturbances and stomach aches, (j) dizziness, (k) sensations of crawling insects on my body, and (l) constant ear ringing.

(8) Transmit their voices and those of others either into my brain or into my inner ear. (9) Show me pictures, or holographic images, of people, usually in lewd or suggestive positions and actions. They have even threatened to do harm to my family, showing a holographic photo of my son drowning. (10) Project voices and other sounds through objects near me, i.e., through the TV, a PC, and other electrical devices and even into the open air near me. In addition, their device can “hook” various locations in my house, especially chairs in which I sit and places in the kitchen where I often stand, and also areas of my body so that the perverts can return to those locations automatically with their instrument. (11) READ MY THOUGHTS. Yes, you read correctly. This by far represents the most reprehensible capability. My harassers’ first instrument could pick up only a few one- and two-syllable words. When they later upgraded the device in the fall of 2006, however, it made my thoughts audible, spoken in my own voice, and also caused them to appear on a computer monitor where they could be read in their entirety. More recent upgrades in their software or their device make it possible to hear/read my thoughts a few words before I actually develop those conscious thoughts. The improved programs actually allowed the users to see pictures of my thoughts! Moreover, the harassers could induce thoughts and dreams that probably would not have otherwise occurred. Besides violating my privacy of thought, the perverts have access to my computer names and passwords, email accounts, the names and addresses of my correspondents, my financial records and bank statements, IRS returns, etc.

I first realized the existence of that conspiracy and the effects of the electronic torture and mind control that accompanied it when I made a trip back to the States in December of 2005 to visit my son and his family. On that trip, my vehicle broke down on the Mexican interstate, and I had to spend three days in a nearby small town while it was being repaired. In that town I suffered all types of electronic attacks, which consisted mainly of electrical shocks and violent electrical-like tremors in my body while in or near my hotel room. When my vehicle was finally repaired and I crossed the border, I heard voices in the vehicle that at first seemed to come from the driver door panel. The radio was off. At first I thought that the vehicle had been bugged and that the voices had been somehow projected through the bugging device. I gradually discovered that instead the voices came from my brain, transmitted there through the “microchip” implants driven by the terrorists’ equipment.

From the outset of those strange effects, I began keeping a journal, which now totals over 500 typed, single-spaced pages. By analyzing those notes, listening for clues from the perverts’ talk over my “inner ear,” and conducting intensive research, I learned much about the people who were carrying out the electronic and mind control attacks. Many “microchip” victims believe that their handlers are the CIA, FBI, the U. S. Department of Defense or some other government unit. Although our government must accept some guilt in experimenting with humans, I do not believe that it normally engages in electronic and neurological attacks on its own citizens. Victims are intentionally misled by much online misinformation, probably by the same perverts who control the victims, into believing that our government is involved. In general, that is just not true. Nevertheless, our government lets out contracts to institutions, oftentimes universities and pharmaceutical firms, etc., to develop mind control and other weapons, and those scientists do look for victims on which to experiment. Foreign governments also often finance and actually participate in that harassment. In my case, Israel was almost certainly lurking behind the harassment activities. Here is what I found out about the depraved conspirators my case.

The conspiracy that manifested itself in Mexico in December, 2005, involved several factions: (1) Members of some type of yet unidentified radical U. S. organization that may be linked to pro-Israel groups or PACs. That well-heeled organization financed a conspirator, his wife, and two sons who occupied a house on the corner near mine in Mexico. When I later heard the smaller child’s shrill voice over my “inner ear,” I was able to identify that family as the sociopaths who used the electronic and mind control features of the “microchips” against me. (2) Those wackos found accomplices in a few dissident students at a private university where I taught. To keep order in my classroom, I sometimes expelled students for the day. Some of those students took affront and set out to get even

with me. They later collaborated with the Evangelicals in disseminating chain emails to other students in the thirty-two campuses of that university system and other friends. (3) Disgruntled townspeople, whose children I had driven away from in front of my house when they parked in cars across the street to taunt me, drink, and smoke marijuana, joined the conspiracy. I now know that many of those young harassers who parked in front of my house worked directly with the conspirators.

(4) Additional accomplices included people in the town government, especially the police, because of my views on illegal immigration. After living in Mexico for almost three years, I saw first hand the negative effects in Mexico itself of illegal immigration by Mexicans into the United States. I wrote a long letter to Congresspersons, government officials, and friends in the United States, pointing out those negative results of illegal immigration in both the United States and Mexico. In the letter, I painted a very unflattering description of the Mexican police and army. I later learned that a copy of the letter, purloined from my hacked computer, had found its way to those authorities.

Thus, a coalition, each element with its own grievance, supported the perverted family that lived on the adjacent corner from my house. That family headed and fueled the conspiracy. I later learned that only the family of stalkers that lived near me in Mexico and their close accomplices had access to the instruments that caused the electronic attacks and mind control efforts. The other factions knew nothing about the “microchips.” They simply rallied around the electronic stalkers to stalk and harass me, mainly verbally.

Israel and its pro-Israel PACs and other allies doubtlessly had a hand in promoting and financing the conspirators, as I have been an anti-Israel activist since the early 1970’s. In the late ‘70’s, a German Jewish dentist in a South American country implanted a listening device in a tooth on which he was supposedly performing a root canal. That incredibly tiny device, which resembled a small dark pin only less than ¼ of an inch long, was found two decades later by an American dentist. The foreign dentist who implanted the device also wanted to place a filling between my two front teeth, claiming that a cavity existed between those teeth. I refused. Thirty years later, those two teeth remain perfectly sound. He undoubtedly intended to implant an almost microscopic camera in that location.

Israel has reason to consider me an enemy. As a result of the 1973 Arab-Israeli War, I began studying the Middle East, and it became very clear to me that Israel, far from being the poor beleaguered nation that the media portrays, instead was the cause of all of the Middle Eastern problems. I have consistently opposed going to war with Iraq (both in 1991 as well as in 2002), Libya, and Iran, all implacable foes of Israel. In 1985, I joined the American Arab Anti-Discrimination Committee. In 1997, I wrote a letter to the editor of the local newspaper condemning Israel’s actions in the Middle East. I waste few opportunities to tell the world about Israeli atrocities and their nefarious schemes. Although I am not an important figure, Israel and its supporters have targeted me for many years. What better way to (1) experiment with and perfect its electronic torture and mind control instruments, (2) win and support friends among the pro-Israel Americans, and (3) eliminate perceived enemies by proxy than for Israel to finance the psychopathic actions of the electronic stalkers.

In the spring of 2006, after more than three years in Mexico, I moved back to the United States. The electronic effects and mind control efforts, however, followed me. I believe that there is a national operations center, which controls many sub-units located in most of the larger towns and cities in the United States. Based on material on “microships” that I found in various sources, I experimented with dozens of methods of nullifying the effects of the electronic torture and attempted mind control. Few of them proved beneficial. A growing market of targeted victims has given rise to unscrupulous businesses that sell bogus items that are supposed to neutralize the effects of the microchips. I finally quit looking for ways to disarm the device or devices, and, instead, began concentrating on looking for the perpetrators.

My research suggests that the current group of electronic stalkers consists of five or six hirelings who probably operate out of my hometown, where they launch their electronic and mind control attacks by remote. Although only a small group conducts the actual operations, a larger number of accomplices may be able to watch my activities and be “patched” by the operators to speak to me and hear me through the “inner ear.” They probably utilize radio waves or microwaves from nearby towers to direct their electronic effects. My research reveals that the group electronically targets several other victims. This group may be a part of a very wide network of similar stalking groups that operate in a loosely connected system throughout the entire United States.

The effects of the electronic torture and mind control methods have gradually increased in scope and intensity, indicating to me that the perverts follow a users manual provided by the makers of the device. The sophistication

level of their capabilities increases every few months. That clearly tells me that the stalkers pass the results of their actions and my reactions to some person or organization. Moreover, that organization must also provide advisors who train the handlers, probably on site, in the use of the upgraded equipment and programs.

As time went by and I learned more each day about the symptoms, I finally realized that I had first been victimized in the very early 1990's. The effects of the first "microchip(s)" in the 1990's were very subtle. However, comparisons of some of the unknown symptoms of the '90's with the known symptoms of today irrefutably show that the earlier symptoms were also the handiwork of handlers. Unaware of the "microchip" and unable to hear the whisperings of the perverted handlers through the inner ear, in 1999 I developed acute anxiety. As a result, I sought out a psychiatrist and went to two visits with that person. He prescribed Prozac for the anxiety problem. By the time I finished that first prescription, I had recovered to the point where I was able to live without any chemical help. Today, the only medicines I take are aspirins and an occasional Aleve. Now that I am perfectly aware of the presence of the "microchip," I can actually hear the whisperings of the handlers. I now easily shrug them off.

People who use electronic torture and mind control attacks on humans represent the essence of perversion. Only cruel, sick minds can contrive those actions and toy with the minds and bodies of victims as if they were playing a video game. The psychos rob their victims of a shred of privacy: They can see you at all times, day and night, hear your conversations, read your email correspondence (including your business account numbers and passwords), use voices through the "inner ear" to make ugly comments, and even monitor your thoughts. All of their actions are undertaken in utter secrecy, but I am confident that someday the growing misuse of microchips will eventually force governments, science, and industry to develop ways to locate the perpetrators. No punishment is too severe for those who employ electronic torture and mind control carried out through microchips.

The warped minds of the terrorists focus on all types of victims, regardless of race, gender, social and economic status, religion, or age. From my research, I learned that the perverts particularly like to target victims who live alone, as those targets have no witnesses to the effects of the torture. I suspect that in years to come we will discover that some mass murderers and parents who kill their children are victims of implanted "microchips." Two such murderers who heard "voices" have made news in the last few years: Andrea Yates drowned all five of her children, and Leanna Laney killed two of her young sons and left a third one incapacitated for life. Both women were believed to be good and devoted mothers. Both women heard inner voices commanding them to commit infanticide. One of the women said the voice was that of the devil; the other one, that it was the voice of God. I suggest that sick people using "microchip" implants may have supplied those voices.

What are the objectives of the perverted cowards who use microchips instead of facing their opponents? Each group of the demented attackers has its own agenda, but in general here is what they seek to do: (1) Make others think that you are losing or have lost your mind. They do this by projecting you with voices whose origins you do not know, hoping that you will lash out at them in public and react in other seemingly strange ways. They also feed you misinformation through your physic, causing you to believe things that are not true. You lose any semblance of credibility. To the public and the medical community, you are either schizophrenic or paranoid. (2) Isolate you from society. By spreading rumors, sending anonymous messages to people who know you, causing irritability in you that makes you querulous and unpleasant to others, people begin to avoid you. In addition, by introducing ideas into your physic, they cause you to become suspicious of people and thus avoid those people. In addition, psychiatrists and other doctors treating victims of microchip implants or injections normally misdiagnose victims' symptoms as Alzheimer's disease or dementia. Even writing about such a topic as microchips almost automatically labels one schizophrenic, paranoid, or, in the least, a crackpot.

(3) Cause you actually to lose your mind. By projecting the voices and other sounds, applying electronic torture, letting you know that they are watching you every second of the day and night, etc. they hope to drive you slowly into either thinking that you might be imagining those actions or actually drive you crazy out of frustration at being able to do nothing and failure to convince others of the existence of the microchip. (4) Reduce you to zombie status. By constantly hurling laser rays into your brain, destroying brain cells, they hope to turn you gradually into a mindless individual who from outward appearances suffers from Alzheimer's disease or dementia. If that does not work, the psychiatrist that you see will deaden your mind with anti-depressants. (5) Make life physically and mentally miserable for you. The electronic torture and mind control techniques cause you physical pain, mental anguish, and deprive you of sleep, rendering you ineffective in your work and daily life. (6) Often harassers seek to cause bodily harm and even death by causing vehicular and other accidents due to sleep deprivation. Through the use of the computer program that operates off the "microchip(s)," they can also cause heart attacks, tumors, gastric problems, and other ailments that might hospitalize or kill you.

Besides being sneaks and cowards, terrorists who carry out electronic torture and mind control using microchip implants are also sociopaths guilty of (1) stalking with malicious intent, (2) physical and psychological harassment, (3) coercion (in attempting to make the victim do things that he/she does not want to do with their mind control methods), (4) psychological and virtual rape, (5) breaking and entering (which they often do to intimidate the victims by unlocking locked doors, turning back clocks, moving items in rooms, hiding other items, etc.), (6) burglary and theft (which they commit when they enter a victim's home and take items to confuse and disorient the victim), (7) recording a victim's conversations without his/her consent, (8) peeping tom-ism (through their ability to view the victim), (9) assault and battery (by using electric shock, etc. against the victims), (10) slander (by circulating rumors and stories about their victims), (11) libel (when those rumors and stories are put into print in the form of emails, etc), (12) computer hacking and phone tapping, (13) first degree murder (when a victim suffers a fatal car crash because of sleep deprivation), and (14) attempted murder (when their plans do not succeed), and, of course, (15) torture and (16) terrorism.

The perverts do not intimidate me. I fight back. I intend to overcome and beat the perverts' attempts at electronic torture and mind control. My aims are simple and direct: (1) To continue to live a normal life. (2) To continue to inform the public about the possibility and danger of microchip implants in humans. (3) To learn increasingly more about microchip implants and their users. (4) To locate the perpetrators of the electronic torture and mind control and bring them to justice in my own manner.

To date, I have not found a way to neutralize the "microchips." Neither has anyone else. If the "microchips" do indeed float among water molecules in our bodies or enter the bloodstream, they will probably not be retractable. However, a substance may exist that when introduced into the body will counteract the effects of the "microchips" and possibly even eventually eliminate them. Microchip victims who know chemistry and chemists/chemical engineers who have an interest in "microchips" may want to explore that possibility. Regardless of the nomenclature and basis of the "device," many hundreds, and probably many thousands of people suffer from its effects.

In 2008, the general public is unaware of electronic and mind control attacks. However, as that form of assault increases, authorities will have to recognize its existence and deal with it. Thousands of "paranoid schizophrenics" will not suddenly develop the same symptoms. In coping with my attackers, I learned from internet research about hundreds of people whose situations were similar to mine. I made personal contact with dozens of those people. One of the victims not only had the microchips removed by surgery but also identified the name of the manufacturer. Several of my contacts probably did suffer some type of mental illness; nevertheless, by far most of the victims appeared very normal and sane individuals. Even paranoid schizophrenics, research has shown, may be included among the electronic and mind control attack victims for experimental purposes.

In conducting correspondence with victims, probably two or three of the writers intentionally sought to mislead me by talking about aliens, demons, and subliminal thought. I deduced that much erroneous internet material emanates from the very fiends who use the microchips. Other erroneous information comes from well meaning but uninformed individuals. One of the objectives of those who victimize people is to flood the internet with intentionally false and misleading information on microchips to keep researchers from learning the truth about "microchip" implants or injections. It becomes difficult for victims and others to distinguish the valid information on the internet from the lies and misinformation.

Research still has not concluded the method that sociopaths use to apply their electronic and neurological weaponry. However, whether that method be "microchips" inserted or injected into the body, heavy metals introduced in various manners into the body, or some other object or substance that somehow invades the body, there must be something inside victims that attracts or receives the electronic attacks and voices. Radio waves almost certainly play a role in the attacks.

Electronic and mind control attacks will not stop. On the contrary, they will proliferate. Thus, I wish to plant several ideas using this forum. A need urgently exists (1) To create an awareness among the American public that what I have described above is real and that it could happen to anyone. (2) To study "microchips" and other forms of electronic and mind control methods to learn more about how they are implanted (or injected) and manipulated. (3) Impose upon manufacturers of microchips the responsibility to control closely the sale and distribution of "microchips." (4) To start a repository of data on microchip implants and their use in electronic torture and mind control, including the personal experiences of victims and methods that might neutralize those devices. (5) To develop a support group for victims of microchip implants. (6) To establish a Think Tank, comprised of victims with backgrounds in the natural and other sciences capable of performing meaningful research and presenting it in

clear, logical prose. (6) To pass national legislation and make international laws governing the use of "microchip" implants or injections in humans and imposing heavy penalties, including capital punishment, for their misuse. (7) To persuade psychiatrists and other medical personnel to accept that at least some patients exhibiting symptoms of schizophrenia, paranoia, Alzheimer's, or dementia may instead be victims of involuntary microchip implants. And, very importantly, (8) To convince national and local law enforcement to seek training in dealing with electronic and neurological harassment, to take seriously victims' complaints, and to get actively involved in preventing electronic and mind control attacks and in bringing to justice the perverts who employ them.

**I hope that other victims of involuntary microchip implants will see this summary and will join the battle against the cowardly perverts who seek to ruin our lives. If in condensing my struggle against electronic torture and mind control I left out salient information, feel free to ask me to clarify points. I invite you to share with me your experiences and thoughts on the topic. Please write me at [mindovermonster@yahoo.com](mailto:mindovermonster@yahoo.com).**

Thank you so very much for all the work that you are doing. I noticed that on my case summary, the date that the torture began is stated 2005. Please change that to the early 1990's. My "discovery" of those effects began in 2005. We all appreciate you very much. Sincerely, Nick

Many people appreciate very much what you're doing. It's admirable that you are striving to discover a sure method for warding off the perverts' electronic and mind control effects. However, I would respectfully suggest that in addition to your quest for that defensive shield that you also concentrate on determining answers to the following questions: (1) What is the weaponry used by the perverts to cause the electronic and neurological effects? That may, of course, vary. (2) Does the equipment used by the perverted terrorists require an object or substance in the victim's body to be able to make contact with that body? That question begs to be definitively answered. Must the victim be implanted with the phantom "microchip," which always seems to escape detection, to be targeted? Or is there a natural metal or mineral in the body that acts as receivers/transmitters for the perverts' equipment? Or can the terrorists simply locate their victims by GPS and then train or focus their "waves" on the victims? Regardless of the means used to focus on the victims, what is the maximum range of the perverts' equipment? Once those questions are answered, victims are much more likely to be able to locate the perverts doing the torturing. Who wants to live his life in a protected enclosure? I prefer to suffer the electronic and neurological effects than to be incarcerated in a protected shell. I believe that victims should take a more offensive approach and throw their efforts and resources into answering the two questions given above. Only then can they hope to free themselves permanently from the evil forces that seek to control their lives. Very warmly, Nicholas

I am a victim who lives in the state of Louisiana, United States of America. Are there other electronic stalking and mind control (ESMC) victims who live in Louisiana? Here is why.

At last, by January, 2008, I had highly credible proof of electronic stalking, which consisted of panels of heavy aluminum foil that I had placed over my bedroom windows that had been literally riddled with hundreds of tiny holes. I presented a written complaint to the local sheriff's office on January 14. A few days later, an investigative officer came to my house and saw the massacred foil. He would never see me or agree to a meeting after that visit. Mysteriously, he was promoted from sergeant to lieutenant shortly after that short visit.

In February, I made still another written complaint to the sheriff's office, this time about harassers on four-wheelers who made passes by my house at one o'clock in the morning shouting. As a result of my making that complaint, the sheriff's office called my son (instead of calling me) and wanted me to undergo a psychiatric evaluation. When I visited the sheriff's office to discuss it, a different officer talked with me. I agreed to the exam, but only on my terms. On March 10, I had the psychiatric evaluation as well as a physical exam in a different city. Needless to say, I passed both roundly.

Not having received any cooperation from the sheriff's office, on June 10 I sent a registered letter to the attorney general's office asking that office to investigate my complaints. Likewise, I have not heard from that state office. The refusal of the sheriff's office and the attorney general's office to see me, let alone investigate my complaints, suggests a collusion between the stalkers and local and state law enforcement. At best, it smacks of smug indifference. Thus, I intend to ask the Federal Government to look into the state officials' unwillingness to investigate the violation of my human rights.

It would be helpful when I do that to team up with some other victim or victims from Louisiana. I fully understand the need for privacy of individuals. Nevertheless, if there are other victims in my state with whom you could put me in contact (or vice versa), I would appreciate it.

I am very grateful for what you are doing. Warmly, Nicholas

My purpose in making the suggestion was to set up a unified organization for TIs who suffer from electronic harassment and mind control that could speak with one powerful voice and also to develop a strategy for ending that evil. It is probably true that politicians are not involved (although they do indeed appear to be protected), but how do you know that the culprits are solely the military and how do you know that law enforcement is NOT a part of the cover-up (when there are so many signs to the contrary)? You are correct in suggesting that only intelligence and law enforcement have the means to stop electronic attacks and mind control. Yet, so far they have obviously done little or nothing to seek out and eliminate ESMC. Let's hope that they are NOT a part of the scheme and that we can eventually pressure them into action. Sincerely, Nick

Thanks for a clearer picture of what's happening to you. I experience much of the same. And, incidentally, my current effects also began in 2005 although I had been targeted years earlier. I am 99% certain that Israel, pro-Israel factions (both Jew and Gentile) lie behind my torture though they doubtlessly hire professionally-trained gutter trash to do the actual dirty work. It appears obvious to me that following WWII, Jews set out to control the world media. They have succeeded. As I point out to friends and family, "When did you ever see anything favorable about Arabs and Moslems in newspapers, magazines, and TV?" Through their media and mouth pieces in the U. S. Congress and other world governments, the Jews have also hushed any criticism of Israel. Any reference to Jews or Israel is today seen as "anti-Semitism." In the U. S., citizens from the cradle to the grave are bombarded by the media with Jewish-Israeli propaganda to engender support for their agendas and intimidate their opponents into silence. Even the Roman Catholic Church and, naturally, Protestant Fundamentalists, nowadays throw pro-Israel and "holocaust" dung to its congregations.

I wish there was some way I could help you. At least my thoughts go with you. Keep up the fight. Warmly, Nicholas

My name is Daniel. I am 29 and a citizen of the U. S. I began receiving what I call "psychic attacks" or symptoms of mind control about 2 years ago. I first started having unexplained severe mood swings (sometimes vilolent) and completely out of character. I recall laying in bed and hearing the sound of something moving inside my head/ ears. My normal inner dialog (my voice I heard in my head when I would think) started going in and out like a TV station. The sound I heard would also switch voices, often using voices of past and present associations to harass me (men and women's voices). Over the period of a couple days my own inner dialog (my voice) went away, as promised by the messages I was receiving. I also started receiving electric shocks in the bottom of my feet which was explained to me as a method of communicating (shock in left foot meant no... in right, yes). They wanted me to know they had full control of my body by controlling my heartbeat. If I did not close my eyes as I was told to my heart rate would continue to rise until the point that I thought I was about to die from a heart attack and eventually do as I was told. They also constantly threatened harm against my family. Often these messages I would receive would be through motorized electronics such as a fan or air conditioner but not limited to. What I would think I could actually hear outside of my body and felt absolutely no privacy. I was also convinced that everyone I came in contact with could hear what I was hearing thus everyone knowing what I was thinking. They new every memory I've ever had and would constantly take advantage of that by making my feal extremely self concious and uncomfortable. As you can imagine this created extreme anxiety. I have been dealing with generalized anxiety disorder for most of my adult life and was taking benzodiazapines which were not effective anymore. They convinced me that I would need to separate from my family if I did not want them to be harmed as I was. Over the next year I started using drugs to deal with pain and turmoil I was dealing with. I did have prior substance abuse issues but was sober for over 1 year when this began. I was always being directed by thoughts I knew were not my own... I couldn't always hear them but could feel them. My energy seemed to control all those I was around. At some point I realized that the color of my eyes which were always brown became green and upon closer inspection noticed that there was literally something living in my eyes which surrounded my pupils. I became aware that this foreign "thing" was living! Also, my pupils were square. "They" convinced me that these creatures were something very special and that certain people could view through my eyes and that I was to protect them as they were protecting me by "hypnotizing" people I was around and therefor able to get them to do what I want or turn away from looking at me. I could see the discomfort from anyone in my presence, family included. I was constantly being used and told that I was protected as I always felt unsafe. I took many pictures of my eyes which were extremely obvious. All that remains of them is 1 picture with them in my eyes which I did edit, I now realize why it was. I have many pictures that I took as a negative which always confirmed for me that I wasn't crazy. They told me that I would never be taken seriously if I was to open my mouth about what was going on. Communication was not only through my body but also through music. Not just the lyrics but words and sentences I could hear through instruments which would seem subliminal but to my hearing seemed as though it was obvious but would seem crazy for anyone to recognize or talk about. There were always 2 voices that constantly taunted me, trying to break me, and often lead me to react irrationally, which I now see as more than rational based on the circumstances. They would constantly comment on every action and every thought (often there were discussions about me as if I was not litening). Again, constant threats against my family. I might add that I was involved with law enforcement as I signed papers to be a C. I. to avoid charges... I never read what I signed or followed through. As for my eyes... I was told they were live and magnetic... they caused much discomfort and I tried constantly rubbing my eyes to get "them" out. After many days of trying to annoy them out I magnetized some metal object and in small circular motions finally drew them out. I left out that they were very light sensitive and u still to this day have strobing of light in darkly lit places. I now have weird bumps below my brow toward each side of my septum on both sides which served some purpose and am unsure if they still do. I was finally incarcerated as my family had me marchman acted and received a possession charge. Slowly, the voices started subsiding externally. But, what was left was a substance that constantly attaches itself to my body and is bearly visible to me. It moves so fast and uses all of the openings in my body as it's own personal playground, all of them! It surrounds my eyes, ears, head, legs, feet, mouth (inside and out), anus and urethra and causes constant discomfort. I am sober now 5 months. There is so much more... but that kind of gives a general idea if what I'm dealing with. I know I'm not crazy or

schizophrenic... and refuse to believe any psychological diagnosis based on this except for maybe PTSD at this point... The symptoms have been gradually increasing as if to purposely not draw too much attention. I've never expressed most of this for obvious reasons but know I need to do something. I am completely open to answer any other questions or explain things in more detail. Looking forward to your response. Thank you.

Please put me on your list of remote mind control victims.

Please see a little bit more about me at the bottom of this email. I have pasted text from a couple of my YahooGroups MCActivism postings.

Since the time of the included postings I have been through a lot. They have continued to attack me 24 hours a day.

From: <http://groups.yahoo.com/group/mcactivism/message/14915>

Introduction of myself:-

I would like to introduce myself to the group. I have been a mind control victim for more than 6 years now. I live in Los Alamos, New Mexico, and I used to work at the Los Alamos National Laboratory.

They started by giving me sensations that I interpreted as physical ailments, possibly due to degradation (aches and pains, etc.) Also, there was an occasional very strange "dream", which I now believe was a kind of takeover. Then after 2-3 years their presence became obvious when they stalked me with repeated strange sensations such as pulses in my head, sudden jolts feeling like momentary seizures, a feeling on my skin as if an electric field were sweeping across my skin causing the hairs to stand on end, momentary sharp pains (sometimes radiating), itches, a very strong heart pulse (often in my head or neck), etc. The strange dreams became more frequent.

After about a year of stalking behavior, a person started to talk to me in my mind. He pretty much took me over, by listening to my thoughts and commenting on them, and doing many other things to me.

He regularly reached into my mind without my being aware of it to extract memories and then comment on them. He has been regularly inflicting pain on me. I have a long list of sensations, effects and behaviors which I will post here. He has often taken over my mind, and he has often otherwise severely interfered with my ability to think. He has taken me over for many hours at a time, without my having any memory of it. I have learned things about what happened during some of those times through other people, who I haven't told about mind control. You people are the first I have talked to about it.

He has often spoken through me to other people when I intended to say something to them myself, but caused my momentary perceived intent to be an incorrect wording (and thus often incorrect or inadequately close meaning given the recipient and/or circumstance). Also, he has taken an intended utterance over in such a way that I never perceived it as my own, even when it was coming out of me (my body that is). He is extremely intelligent, as he has demonstrated to me in many ways that he is able to think through very convoluted logic and see things way before I am able to, although he has also messed directly with my mind during most, if not all of those times. As lower limit, I estimate, without proof, that his IQ is above 165, probably above 170.

It seems that he is capable of communicating with his own people, and otherwise functioning while he is 'connected' to a person because he has been talking to me and doing other things to me 24/7 for over three years. Obviously he must eat and communicate with his boss, and perhaps even with relatives who would otherwise wonder what happened to him. He appears to use mind control technology on himself to reduce or eliminate his need for sleep. He has, at times, used the same on me. He has been putting me out ('to sleep') when I go to bed. I know this, because for the last 2-3 years I haven't remembered the next day when it was that I actually went unconscious. I think he has been putting me under control of an automated sleep manager. When they have a person 'asleep' I think they probably can do more things without any distractions, except for the overhanging possibility that I might be awoken by some strong stimulus such as by a person at my abode (or by flames lapping on my skin). I actually have been awoken by a stimulus originating from my physical proximity, which I assume was a surprise to him, too, and he appeared to be there talking to me almost instantly, apparently trying to give me the impression that he was ALWAYS there. He has often directly induced strong impulse to do something, a very strong feeling of mental pain that an action must be fulfilled.

I don't consider this posting to be a finished product (even as just an introduction of myself), but he is impulsing me now to quit, and it is uncomfortable. It is an infringement of my First Amendment rights. (When I wrote that about the impulse he lessened the level and started interfering more with my ability to think.) He has said to me that I don't have First Amendment rights because according to their logic (non-disclosed interpretation of the law) they think they can do almost anything to some people. I say, "BS!"

He has tortured me, harassed me, stalked me, assaulted me, threatened people. He has infringed on many of my rights.

I will quit this posting for the moment, not because it is finished, but because he has been messing with me.

Let me add that I own the domain name [govmc.net](http://govmc.net), and I plan to publish remote mind control -related information on it.

My name is Linda Kmiotek. I am a divorced and single 45 year old woman. I work at the UW Madison, Wisconsin, U.S.A., at a Deli there where I serve sometimes thousands of patrons. I believe one of these patrons, a faculty/student and his sister, possibly involved with law enforcement, are my perpetrators using voice-to-skull technology. They may have received this technology, not knowing what it could do. They speak of a "Christian present" that the law enforcer-sister got and gave to her voyeur brother. I think I could recognize the man if he should appear again. I haven't seen him for years. One of the last times I saw him, he had a small speaker-like box. He was sweating so much I could smell him. Nervous sweat. I may have been stalked and spied on for more than 10 years, but it has been obvious within the last five years or so.

This technology enables them to see through my eyes, see my mind's eye and read my body functions. They have used my sexual responses in order to humiliate and play with me. They use behavioural techniques like pausing in order that my anxiety will provoke a sexual response. The more shame a person has the more useful this technology is.

I have since reached a more comfortable level because they have maximized their potential. It's because when you have anxiety, you reach a tolerance. It seems as though they have gotten as much out of me as possible and that it is merely cruel to keep going

on with it. Sometimes it is most annoying and I feel like an object. I'm so stressed and keyed up.

I wish to be included among others who are in favour of having an international investigation to these sorts of issues. Thank you.

I think I first went up on the surveillance grid when I dropped out from my brief induction into Freemasonry in 1993. I had also been taking Rosicrucian courses, and had queried them about where all the money was going. These groups make up the so-called illuminati as you know, and the Rosicrucians are basically a direct front for the Jesuits.

I suspect I was targeted in 1997 for kind of a bizarre sting set up... and then later a variety of nonsense was pulled on me. I received hangup phone calls at all hours and had some kind of clicking sounds in my head similar to a modem or electrical device.

I also experienced so-called street theater, and had voice to skull used on me a dozen or so times. I have not yet been severely tortured in the manner that some have reported.

Some what I went through was obviously designed to try and drive me crazy and/or get me back into the Masonic apparatus.

So far, knowledge is the best defense. The more I learn about these people, the more they leave me alone... and I am simply dedicated towards trying to do nonprofit ethics work anyway. I had originally incorporated "Honesty International", hoping to create something useful... in reality, I encountered far more surveillance than any actual interest in moral concepts. I guess, my attempts as small as it was became the "competition". The Jesuits have monitored my case as far as I know. Personally, I think that what they have done over the years is really quite bizarre... and some of it appears to have been far more elaborate than called for.

Ultimately, the "battleground" is one where the issues are moral issues. The traditional authorities have been using various methods that I considered to be quite devious to try and maintain control and order. We simply have to work towards doing better.

I've had sporadic contact with Eleanor White, and talked a lot a fellow named Rick Holland. He claimed to be getting tortured quite severely... I encouraged him to confront the church who might have been the root of his problem. Last I heard he might have become a Catholic. It was kind of a strange situation to say the least.

I have not had out of control problems lately, so I just try to keep up with research and web design skills. I don't network that closely with the anti-harassment community.
