

Interview & Skype Conversation

between Dr. Katherine Horton and Kit Klarenberg from Sputnik News UK

The Skype conversation between Dr. Horton and Kit Klarenberg from Sputnik News UK ensued after an initial email correspondence that started with Klarenberg contacting Dr. Horton for an interview on 29 Dec 2017. The interview took place on 4th January 2018 and was recorded by Dr. Horton after prior agreement between her and Kit Klarenberg. The audio file was subsequently sent to Kit Klarenberg on 6th January 2018 after the initial upload on 4th January 2018 failed.

Dr. Horton didn't hear anything from Kit Klarenberg after the interview. She enquired if an article was forthcoming on 27 May, 7 June, 11 July 2018. However, Kit Klarenberg refused to reply to her emails after getting hold of the audio file from the interview and no article on targeted individuals was published as had been agreed as the premise of the interview. The text-only version of the conversation is below, screenshots proving that the conversation took place are in the next section.

It is also noteworthy that the Skype profile image of Kit Klarenberg changed from Rodrigo Duterte, President of the Philippines, which was on his profile in January 2018 and for months after, to a weird image of a young man speaking before the state emblem of the state emblem of the old Soviet Union, which Dr. Horton noticed in July 2018. The profile images are significant in as far as they betray a lack of seriousness in a journalist who pretended to investigate crimes against humanity, at best, and cartel-signalling making references to a system of government that murdered millions of people in a genocide for the crime cartel, at worst. The Philippines is where a large part of the cartel gold is stored (see work of Karen Hudes). The Soviet emblem contains Masonic cartel-signalling.

[04/01/2018 12:15:36] Kit Klarenberg: Cool, so I can get a copy?

[04/01/2018 13:24:48] Kit Klarenberg: Sorry, that looks like a laugh rather than a broad appreciative smile

[04/01/2018 13:24:56] Kit Klarenberg: Oh, and you never told me why my experience with my parents was interesting

[04/01/2018 13:25:00] Dr. Katherine Horton: No, I understood it. :)

[04/01/2018 13:25:40] Dr. Katherine Horton: Ah! Because I have just found out that Germany is still legally under occupation by the allied forces

[04/01/2018 13:25:47] Kit Klarenberg: Yes it is!

[04/01/2018 13:26:15] Dr. Katherine Horton: I rather suspect that I was turned into a biomedical slave as still part of the "repatriation payments" to the Allies.

[04/01/2018 13:26:31] Kit Klarenberg: Obama apparently said Germany was an occupied country and would remain one in 2009 at a base

[04/01/2018 13:26:33] Kit Klarenberg: <https://www.youtube.com/watch?v=A3pI1anNdWE>

[04/01/2018 13:26:39] Dr. Katherine Horton: My parents and I fled communist Romania in the mid 1980s. We arrived in Germany and were naturalised as Germans as we have German ancestry.

[04/01/2018 13:26:52] Dr. Katherine Horton: But we were silently always second class citizens and blacklisted.

[04/01/2018 13:27:01] Kit Klarenberg: You might wanna look into E Michael Jones' work on Germany - he notes it was effectively used as a laboratory, for social engineering, post-war

[04/01/2018 13:27:12] Dr. Katherine Horton: EXCELLENT! THANKS!

[04/01/2018 13:27:23] Dr. Katherine Horton: I think that is exactly what it was and still is!

[04/01/2018 13:27:41] Kit Klarenberg: Absolutely. Although the UK has been used as a laboratory for US plans - monetarism, neoliberalism, et.

[04/01/2018 13:28:38] Dr. Katherine Horton: Yes, and the US in turn too. My best state of knowledge is that we are all under the exploitation of a global network that has been identified by Swiss mathematicians at ETH Zurich in 2011 as the "Network of Global Corporate Control"

[04/01/2018 13:28:50] Dr. Katherine Horton: That is the public face of the largest organised crime cartel in the world.

[04/01/2018 13:29:25] Kit Klarenberg: Right, I've gotta scoot - although always up for a chat about this, and everything and nothing!

[04/01/2018 13:29:29] Dr. Katherine Horton: <https://arxiv.org/abs/1107.5728>

[04/01/2018 13:29:29] Kit Klarenberg: Take care my friend!

[04/01/2018 13:29:53] Dr. Katherine Horton: That's the link to the seminal paper on the Network of Global Corporate Control (pdf on the right). That's a topic in itself.

[04/01/2018 13:30:06] Dr. Katherine Horton: Will send you references and evidence with time as I am writing it all up.

[04/01/2018 13:30:13] Dr. Katherine Horton: Bye for now!

[04/01/2018 13:50:16] Kit Klarenberg: How did you send the audio file btw? :)
