Dear Thomas,

You have published several videos on Youtube specifically dedicated to labelling me publicly as an infiltrator and an insidious saboteur, namely:

(1) https://www.youtube.com/watch?v=jhuWp_ct7iQ

(2) <https://www.youtube.com/watch?v=kfgL-nfGAvA>

You have also made several statements below the videos as well as on Twitter that constitute character defamation, libel and slander, against me. These were for example:

1. "However, by the Summer of 2018, it became clear that she intended to steer the movement off a cliff, by attempting to incite targeted-individuals to violence, and frame the movement as violent..."
2. "Dr. Horton is a damn good actor"
3. "Dr. Horton is a highly skilled infiltrator and agent provocateur."
4. "she is an impostor and an infiltrator."
5. "Dr Horton is a very very VERY good actor"
6. "Dr. Horton is an outright impostor and infiltrator."
7. "Dr. Horton was deliberately acting out--subtly so it wasn't so obvious to those without sharp observation skills--to incite TIs to violence and create fraudulent evidence, that illicit power-holders could use to frame the peaceful targeted-individual movement as violent."
8. "the "Dr Katherine" that we liked turned out to not even really exist, as by all indications she is an impostor and a highly-skilled social-movement infiltrator."
9. "Dr Horton is a very very VERY good actor--more subtle than subtle multiple layers deep."
10. "evidence that absolutely documents the reality that she is an impostor and infiltrator, who must be working for the very people our movement is fighting, to ultimately steer our movement off a cliff."
11. ""Dr Horton"--I put her name in quotes because who knows what her real name is"
12. ""Dr Horton" is an act not a person"
13. "Ramola and a number of other TI have reported they have been stalked by her very subtly with mimic-stalking techniques... I'm not sure how much more evidence anyone needs to know that the sad reality is Dr Katherine is an impostor and an infiltrator... Please inform yourself with the evidence and watch the Popular Resistance class on how fascist infiltrators operate in social movement organizations here: <https://popularresistance.org/prs-course-1-class-7/>"

You made these libellous statements without evidence. Furthermore, your claims are publicly known to be false as I have litigated against the very institutions that you are accusing me to be working for.

Due to the lack of evidence for your claims, due to evidence to the contrary in the public domain including evidence of the attacks on me and the published transcripts of my court hearings, and due to the timing of your character defamation against me, I consider your actions to be malicious. As a result they will be the subject of upcoming court litigation.

Herewith, I notify you of my intent to litigate your character defamation against me, ask you to publicly retract your libellous and slanderous statements, take the 2 videos offline that claim that I am an infiltrator, and make a public apology about the distress that you have caused me with your claims that are false and for which you lack evidence.

My request to take down your videos is not least because in the first video you have used 16:18min of my video that is not under Creative Commons. You have copied it in full and pasted a libellous statements that the video where I speak about my mutilation and suffering constitutes a "Fall from Grace" and are "Insidious Attempts at Sabotage".

Furthermore, as you have provided comments to the affidavit template that I have developed for which I have mention you by name in the acknowledgements, I ask you if you still want to be mentioned by name in my document, or if you want me to take your name out, given that you believe me to be a malicious infiltrator. If I leave your name in, I shall also state that you have launched a malicious campaign of character defamation against me without evidence.

Regards,

Katherine Horton
