Dear Jochen Lambert,

I remind you that on the 9th of November 2018 I requested that you never contact me again. This includes all your aliases. I request that you respect my wishes from now on and refrain from writing to me ever again.

Please also do not answer to this email.

Hello,  
today no right-write-error,  
but two links are not working on your site:

More info on [Harry Heutschi's website](#), including the fraudulent, so called, "psychiatric assessments" (in German).

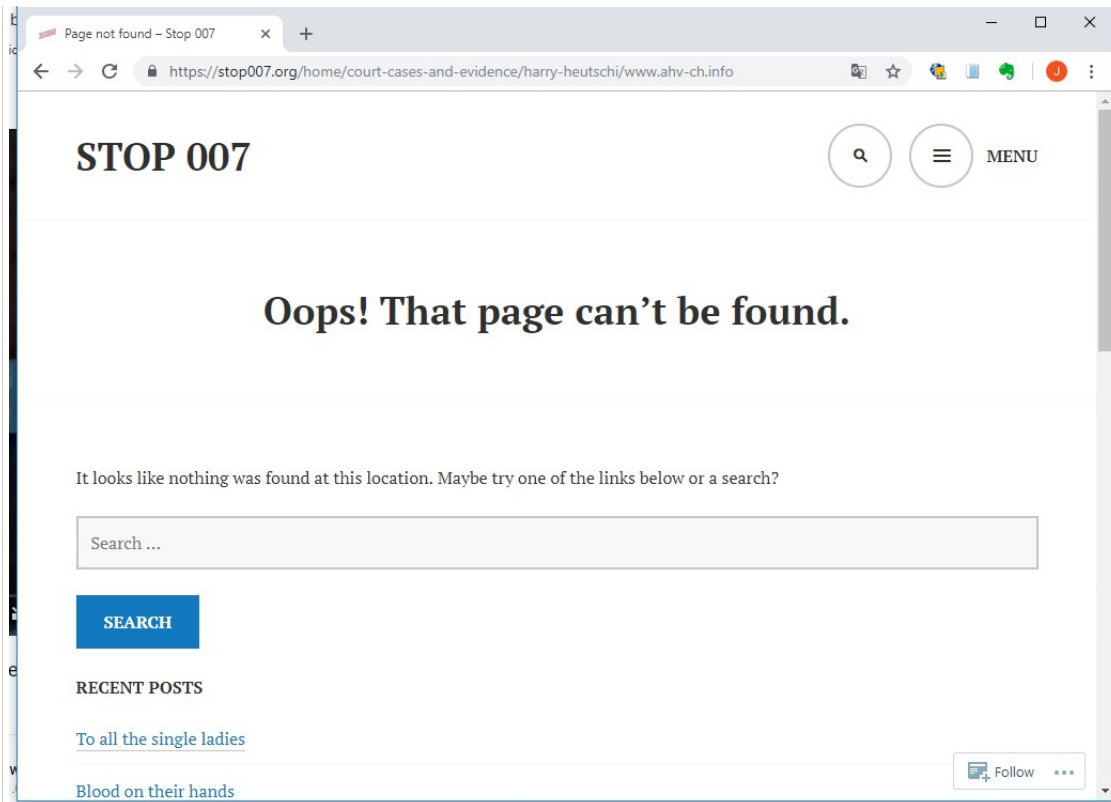

## **NEW! Appeal from Harry Heutschi to Fight Enslavement**

More info about these issues on [Harry Heutschi's website](#). Play the message below to hear the man himself.

**First Link not working..  
....Harald Heutschis website is not available/offline... is he ok?  
(seems like a misconfiguration of his site done by hackers)**

**Second link not working because of wrong URL:**
