Mr. Lebel

Madame Catherine Horton maybe coming soon to testify in the Court case regarding the intentional harm to the Natives. As you know, the Natives were the first ones used for non-consensual experiments.

Mr. Lebel

Please, I have a special request:

Is it possible to help Doctor Horton while she is in Canada by getting a Doctor to remove the implants that are used to remotely torture her?

Perhaps we could also offer Doctor Horton legal stay in Canada for as long as she wants. I know no one else more qualified than Doctor Horton to educate in terms of modern phenomena.

Dr. Catherine Horton could be of great advantage to Canada.

After all,

Canada suppose to be among the best countries in the world in terms of humanity

Let's prove it by supporting Doctor Horton. Please, see attached her contact information if you agreed in doing our part.

Like always your support is priceless and there are not words to thank you for lessening Mr. Lebel

Hello Mr, Kevin Annett

My Name is Maria Leon, I am 54 years old I am in Gatineau Quebec and I am a targeted individual.

I was born in the Dominican Republic, I am a Canadian Citizen. I came to Canada in late 80s

In 2015 I found out I am Native descendant.

Things are pretty bad.

Not sure for how much longer I will be alive, out prison or out Hospital. Maybe even Homeless soon, as you know is one of their strategies.

Anyways, I have contact with a great MP from Quebec who receive information from me about what is happening and he brings the information out in the open so the gang understand I am not alone. He is great. He efficiently stop the energy weapons attacks about 2 to 3 months ago. Last energy weapon attack nearly disabled me for almost 10 days. It surely dried at least 40% of the water out my body. It was probably mean for me to land in the Hospital so they can ship me. But, I already new to stay away from Hospitals.

Anyways Sir,

The reason I am contacting you is because I collected a great amount of evidences I need to share for safe keeping. I have no family that will take this seriously and if I disappear, get kill or seriously harm again by the gang I need this information to not get lost. The MP helping me has a copy but he is only one person, Also, I am sure this information can help others and maybe with your Support we can use that evidences to stop them from harming others.

Attached is a prove of \$5,000 I paid to Revenue Quebec over a year ago which they never send confirmation that they received. Revenue Quebec been adding interest charges to that money. Only after the MP got involved Revenue Quebec confessed by phone to received it last month. But, still Revenue Quebec insist for me to pay the interest and has not send me concrete prove that they received it.

I heard the gang is using targets money to pay the attackers and to get the target kill. The gang

already tried to kidnap me, institutionalize me in a mental institution, in prison me and make me homeless. None of those strategies worked so far. Now they are not letting me renew the plates on my cars.

Anyways, my support is helping the best he can but he is only one person.

I heard about Doctor Horton and I am trying to find time to look into the documents and instructions she released to create a court case.

Please, please get back to me

Link to documents with evidences below

Thank you kindly

Maria Leon
